ATTENTION LANDOWNERS

# Lease Your Land

## TO TEXAS PARKS AND WILDLIFE

Texas Parks and Wildlife Department is interested in leasing land for hunting dove, waterfowl, pheasant, quail, feral hog, squirrel and rabbits. The length of the lease and price per acre are negotiable.

Texas Parks and Wildlife can also pay you to provide a two-day public hunting opportunity for white-tailed deer, mule deer, pronghorn and exotics. We draw the hunters and you control how the hunt is run.

Offering public hunting on your land is a great way to achieve your management goals and to support the hunting heritage of Texas.

**For more information, contact the Public Hunting Program by calling (800) 792-1112, menu 5, selection 1 or (512) 389-4505, e-mailing us at hunt@tpwd.state.tx.us or contacting your local wildlife biologist.**
