

## Water Spinach Daily Transport Log

For assistance completing this form, please call 512-389-4742 or email IFpermits@tpwd.texas.gov

**Note:** This log must be completed when transporting water spinach if the final destination or receiver of a box or boxes of water spinach is not known. A new transport log must be used each day. An entry needs to be made every time you receive or deliver a box or boxes of water spinach. A transport invoice must be prepared at the point of sale; one copy must be given to the customer and one copy kept by the permit holder. If water spinach is transferred to you from another permit holder without a transport invoice for a known receiver, they must provide a transport invoice transferring the water spinach to you and that invoice number should be noted in the log below along with their information. The transport log must be current and accurate at all times. Transport logs must be kept at the authorized facility for one year after each date of purchase or receipt.
