

Log in a Tarpon Observation – Get a Free Tarpon Poster!

New for the 2010 tarpon season is an incentive program for those who log in new tarpon observations. As supplies last, a new artistic tarpon poster will be given out to all observers who enter new tarpon observation data. The 18''x 24'' frame quality poster was designed by the developers of the application in hopes to provide participants with a memento of their participation and encourage participation.

While supplies last, to get your free tarpon poster by logging in your tarpon observations or to simply learn more about tarpon and the Tarpon Observation Network, go to www.tpwd.state.tx.us/tarpon or email tarpon@tpwd.state.tx.us .
