GENERAL HUNTING AND FISHING REQUIREMENTS/RESTRICTIONS

Criminal Penalties and Civil Value Recovery

If you violate fish and wildlife laws, in addition to civil restitution you may:

- be fined (Class C – \$25–\$500; Class B – \$200–\$2,000; Class A – \$500–\$4,000; State Jail Felony, \$1,500–\$10,000);
- be jailed (Class B and higher offenses);
- face automatic suspension or revocation of licenses for up to five years;
- forfeit hunting gear, including firearms, used to commit a violation.

CIVIL RESTITUTION: In addition to the **criminal** penalty for hunting and fishing violations, the department will seek the **civil recovery value** for the loss or damage to wildlife resources. The civil restitution cost is payable to Texas Parks and Wildlife Department and is in addition to the fine assessed by the court. Failure to pay the civil recovery value will result in the department's refusal to issue a license, tag, or permit. An individual who hunts or fishes after the refusal commits a Class A misdemeanor which is punishable by a fine not less than \$500 or more than \$4,000; punishment in jail not to exceed one year; or both fine and confinement. **NEW LAW: A person who seeks reinstatement of license privileges following license revocation or denial must apply for license privilege reinstatement and pay a \$100 application fee. For questions concerning civil restitution call (512) 389-4630.**

General Law

The following information addresses some of the more commonly asked questions about hunting and fishing requirements and restrictions. For additional information not included in this guide, contact your local game warden or phone the Texas Parks and Wildlife Department (TPWD) toll free at (800) 792-1112.

- **INSPECTION AUTHORITY:** A game warden who observes a person engaged in an activity governed by the Texas Parks and Wildlife Code or reasonably believes that a person is or has been engaged in such an activity may inspect:
 - (1) any license, permit, tag, or other document issued by the department and required by the Texas Parks and Wildlife Code of a person hunting or catching wildlife resources;
 - (2) any device that may be used to hunt or catch a wildlife resource;
 - (3) any wildlife resource in the person's possession; and
 - (4) the contents of any container or receptacle that is commonly used to store or conceal a wildlife resource.

The full text of this law may be found in the Texas Parks and Wildlife Code, §12.102. See Texas Parks and Wildlife Codes at <http://tlo2.tlc.state.tx.us/statutes/pw.toc.htm> or call TPWD at (800) 792-1112 (press 9, then 4381).
- **Personal Identification:** While hunting, fishing or trapping, persons 17 years of age or older must carry on their person a driver's license or personal identification certificate issued by the Texas Department of Public Safety. Non-residents must carry similar documents issued by the agency in their state or country of residence that is authorized to issue driver's licenses or personal identification certificates.
- **Possession Limit:** For all wildlife resources taken for personal consumption and for which there is a possession limit, the possession limit shall not apply after the wildlife resource has reached the possessor's permanent residence and is finally processed.
- Special regulations and documents are required for the transfer and importation of wildlife resources (see Transfer of Wildlife Resources, pg. 27).
- **Waste of Game:** It is an offense (Class C misdemeanor) if a person while hunting kills or wounds a game bird or game animal and intentionally or knowingly fails to make a reasonable effort to retrieve the animal or bird and include it in the person's daily or seasonal bag limit. It is an offense if a person intentionally takes or possesses a game bird, game animal, or a fish and intentionally, knowingly, or recklessly, or with criminal negligence, fails to keep the edible portions of the bird, animal, or fish in an edible condition. It is a Class A misdemeanor to fail to retrieve or to keep in an edible condition a whitetail or mule deer, pronghorn antelope, or desert bighorn sheep hunted without landowner consent; from a vehicle, boat, or aircraft; on a public road; at night; or with the aid of a light.
- **Retrieval of Game:** No person may pursue a wounded wildlife resource across a property line without the consent of landowner of the property where the wildlife resource has fled. Under the trespass provisions of the Penal Code, a person on a property without the permission of the landowner is subject to arrest.

- **Harassment of Hunters, Trappers, or Anglers** (Sportsmen's Rights Act) is punishable by a fine of \$200 to \$2,000 and/or 180 days in jail.
- **It is unlawful to:**
 - take, attempt to take, or possess wildlife resources within a protected length limit, in greater numbers, by other means, or at any time or place, other than as indicated within this guide.
 - store, transport, or abandon an unsecured loaded firearm in a place where children can obtain unsupervised access to the firearm. A person under age 17 who has lawful access to a firearm may hunt with the firearm if the youth has successfully completed the hunter education course, or is accompanied by a licensed hunter age 17 or older who has complied with the hunter education requirement, if applicable.
 - drive a motor vehicle in the bed of a navigable freshwater stream, unless approved by a local river access plan established by a city, county, or river authority. This law does not apply to the Canadian River and Prairie Dog Town Fork of the Red River. There are other exemptions as well. The full text of this law may be found in Texas Parks and Wildlife Code, Chapter 90 at: <http://tlo2.tlc.state.tx.us/statutes/pw.toc.htm>
 - fish on privately owned waters, fish in public water from private land, or hunt on privately owned lands without the permission of the owner or the owner's agent. Under the Texas Penal Code (§30.05) it is an offense for any person to enter property that is **fenced, posted with a sign(s), or marked (purple paint)** without the **express permission** of the owner. Posts or trees bearing **purple paint** marking of not less than eight inches in length and not less than one inch in width at not less than three or more than five feet from the ground constitute notice that the property is **posted**. A person who hunts without landowner consent and kills a desert bighorn sheep, pronghorn antelope, white-tailed deer, or mule deer commits an offense that is a Parks and Wildlife Code state jail felony. Upon conviction, your hunting and fishing license is automatically revoked. You are not required to have a fishing license to fish in private waters in Texas; but, if you are on private property while fishing in public water, a fishing license is required.
 - discharge a firearm on or across a public road.

General Information About Licenses, Stamp Endorsements and Tags

See sections on **Fishing** (pg. 22) and **Hunting** (pg. 25) for specific licensing information.

License fees are not refundable.

All of the licenses, license packages, stamp endorsements, and tags listed in this guide, unless otherwise noted, may be purchased at approximately 1,700 locations statewide where licenses are sold.

Many licenses may be purchased by phone or through the Internet with approved Visa, Discover, or MasterCard. Call (800) TX LIC 4 U (1-800-895-4248) between 8 a.m. – 5 p.m. Monday through Friday (closed Saturday, Sunday and most holidays), or log on to: http://www.tpwd.state.tx.us/licenses/online_sales

Generally, fishing and hunting licenses and stamp endorsements are valid from the date of sale through Aug. 31, 2010. Temporary hunting and fishing licenses and packages, Year-from-Purchase fishing licenses and Lake Texoma fishing licenses have different expiration dates.

A number of "endorsements," sometimes called "stamps" are available for purchase with fishing packages (pg. 22) and hunting licenses (pg. 25) at the time a license is purchased. All fishing and all combination packages include one or more stamp endorsements. Additional stamp endorsements are available for purchase anytime during the effective date of the license/package. Actual stamps with pictures on them are no longer issued with the hunting and fishing licenses; however, a book of commemorative stamps (item Type 555), which are not valid for hunting or fishing use, is available for purchase for \$21.65. The book, which contains all six Texas picture stamps (three hunting, two fishing, one non-game), may be purchased anywhere hunting and fishing licenses are sold, by phone (1-800-895-4248; \$5 fee charged for all phone sales), at any TPWD Law Enforcement office, or Austin headquarters. Commemorative stamps purchased anywhere hunting and fishing licenses are sold, by phone or at a Law Enforcement office will be mailed. Individual stamps are not sold by TPWD.

Lost/Destroyed License, Package or Stamp Endorsement: Any type of license or stamp endorsement that has been lost or destroyed may be replaced at any license sales location by signing an Application for Replacement License affidavit. Fees vary from \$3–\$10 for replacement of recreational licenses or stamp endorsements.

A **RESIDENT** is a person who has lived continuously in Texas for more than six months immediately before applying for a license. Members of the U.S. Armed Forces (and their dependents) on active duty anywhere are entitled to purchase a resident license. The term "active duty" means full-time duty in active military service, including the National Guard and Reserves of the United States. Such term includes full-time training duty and attendance while in the active military service at a school designated as a service school by law or by the Secretary of the military department concerned. Non-residents under 17 years of age are designated as residents for hunting license purposes (**not valid for Lifetime Licenses**).

Residency is proven by any three of the following (all documents must reflect the applicant's name and a physical address in Texas). Except for a valid driver's license or a state issued identification card, documentation is not required at time of purchases or while hunting or fishing:

- a current Texas homestead property tax statement
- the most recent six months of utility bills
- the most recent six months of paycheck receipts
- the person's most recent tax return from the Internal Revenue Service
- a statement from a parole board or probation officer stating that the person has continuously resided in Texas for the six months immediately preceding the application for a license or permit
- a valid Texas driver's license*
- a current Texas voter registration certificate*
- a current vehicle registration*

*must have been issued at least six months prior to license or permit application

A **NON-RESIDENT** is any person who does not meet the requirements listed for qualification as a Texas resident.

It is unlawful to:

- hunt or fish without a valid license, or a permit and stamp endorsement on your person and available for inspection by a game warden, unless exempt by age, program or a reciprocal agreement with another state.
- use another person's license or tag to hunt or fish.
- let someone else hunt or fish with your license or tags.

It is unlawful to purchase or obtain more than one of the following licenses:

- Resident Hunting
- Youth Hunting
- Senior Hunting
- Free Resident Disabled Veteran "Super Combo"
- Resident "Super Combo" Package
- Senior Resident "Super Combo" Package
- Texas Resident Active Duty Military "Super Combo" Package
- Resident Combination Hunting and Fishing Package
- Senior Resident Combination Hunting and Fishing Package
- General Non-Resident Hunting
- Non-Resident Spring Turkey Hunting

Social Security Numbers Required by Law: The collection of the Social Security Number is mandated by the Federal Government and is required regardless of age. TPWD has no option but to comply with Federal Law and collect the numbers from the purchasers of licenses. TPWD cannot force you to provide your social security number; however, under Federal Statute, we cannot sell you a license. Your social security number is required to be collected for the purpose of child support collection enforcement under Federal Statute 42 U.S.C.A. 666 and Texas Family Code, Section 231.302. If you are buying a license for another person, the law requires that the purchaser provide the social security number of the person who will be holding the license.

Fishing Licenses and Packages

A valid fishing license with a freshwater or saltwater stamp endorsement is required to take fish, mussels, clams, crayfish, or other aquatic life in the public waters of Texas. A hunting license is required to take turtles and frogs.

The first Saturday in June of each year is the annual Free Fishing Day and no person is required to have a fishing license or stamp endorsements while fishing on that day.

A fishing license and stamp endorsement are not required if fishing from the bank in a state park or in waters completely enclosed by a state park. All other fishing regulations, such as length and bag limits, remain in effect.

Recreational anglers must have a Texas fishing license and saltwater endorsement to bring any fish taken in federal waters ashore in Texas (see also Texas State Waters – Federal Water on pg. 44).

Resident Fishing Licenses:

Required of any resident (see RESIDENT pg. 20) who fishes in the **public waters** of Texas.

You do not need a license/package if you:

- are under 17 years of age.
- were born **BEFORE** Sept. 1, 1930.
- are a mentally disabled person who is engaging in recreational fishing as part of medically approved therapy, and who is fishing under the immediate supervision of personnel approved or employed by a hospital, residence, or school for mentally disabled persons. The mentally disabled person must carry an authorization identifying the entity supplying the service. This authorization may be in the form of an I.D. card that contains the name of the sponsoring entity.
- are a mentally retarded person and you are recreational fishing under the direct supervision of a licensed angler who is a family member or who is a licensed angler that has permission from the family to take the mentally retarded person fishing. While fishing, the mentally retarded person needs a note from a doctor stating the person has been diagnosed as mentally retarded.

A resident fishing license is included in all Super Combination and Combination packages (including Texas Resident Active Duty Military), the Lifetime Resident Combination and Lifetime Resident Fishing licenses, and the various resident fishing packages offered by the department (see Resident Fishing Packages in 2009–2010 Fishing Licenses and Fees, pg. 23). A resident who holds one of these licenses/packages is not required to purchase a separate resident fishing license.

Non-Resident Fishing Licenses:

Required of all non-residents who fish in the **public waters** of Texas. Licenses/Packages **are not** required if you are a:

- non-resident under 17 years of age;
- Louisiana resident 65 years of age or older who possesses a valid Louisiana Recreational Fishing License (includes Senior Fish/Hunt License); or
- Oklahoma resident 64 years of age or older.

A variety of **fishing packages** are offered from which the public may select based on the type of fishing (freshwater, saltwater, or both) and duration of license desired.

Freshwater Fishing Harvest Regulations

- Statewide regulations apply for all public fresh waters **except** for those locations noted in the Exceptions to Statewide Freshwater Harvest Regulations on pgs. 37-40.
- A person taking or attempting to take game and nongame fish from freshwater for non-commercial purposes is required to have a valid fishing license and a freshwater fishing stamp endorsement.
- **Possession limit** is twice the statewide daily bag. The only exception to the statewide possession limits in fresh water is for striped bass from Lake Texoma (see pg. 39). Please note that on Lake Livingston and Toledo Bend Reservoir where some daily bag limits are larger than the statewide daily bag, the possession limits remain twice the statewide daily bag limits listed on pg. 37. Fish stored by a person at their permanent residence (see pg. 32) do not apply to their possession limit.
- For **saltwater finfish species** caught in the public fresh waters of this state, statewide bag, possession, and length limits as listed on pgs. 44-45 apply.
- Some reservoirs have special regulations for **red drum**. See Exceptions to Statewide Freshwater Harvest Regulations.

For fishes not listed above, there are **NO** statewide bag or length limits. There are special requirements associated with the harvest of harmful or potentially harmful exotic fishes (tilapia, grass carp); see pg. 28.

Exceptions to Statewide Freshwater Harvest Regulations

Bait Fish Exceptions

In Brewster, Crane, Crockett, Culberson, Ector, El Paso, Jeff Davis, Hudspeth, Kinney, Loving, Pecos, Presidio, Reeves, Terrell, Upton, Val Verde, Ward, and Winkler counties, the only fishes that may be used or possessed for bait while fishing are common carp, fathead minnows, gizzard and threadfin shad, golden shiners, goldfish, Mexican tetra, Rio Grande cichlid, silversides (Atherinidae family) and sunfish (*Lepomis*).

How to use the table (pgs. 38–40): First, look for your location of interest (lake or river) under **Location**. The locations are listed in alphabetical order. If you find the location you are looking for, first check the counties listed to the right of the locations to make sure you have the correct location. If those match, continue reading to the right and note the codes for regulation exceptions. Exception codes are listed starting on pg. 40.

For instance, Lake Braunig is located in Bexar County. The codes for regulations that are exceptions to statewide regulations are **Bass7** and **RDrm1**. Locate these codes listed on pg. 40. Then read the description for each regulation exception. Please note MLL = Minimum Length Limit.

If you do not find the location you are looking for, that means **statewide regulations apply**. Please see above for Statewide Bag and Length Limits. If the lake is less than 75 acres and within a public park, it is most likely a **Community Fishing Lake**. See the Community Fishing Lakes listing for regulation exceptions and also see the definition on pg. 32.

Regulation Exception Codes and Descriptions:**Bass (largemouth, smallmouth, spotted and Guadalupe bass):**

Bass1 – For largemouth bass, only bass 16 inches in length or less may be retained. Daily bag = 5 bass. Bass 24 inches or greater in length may be temporarily retained in a live well or other aerated holding device and immediately weighed using personal scales. Bass weighing 13 pounds or more may be donated to the ShareLunker Program; otherwise, the fish must be immediately released in Lake Nacogdoches. Anglers wishing to donate their bass must immediately cease fishing and contact TPWD at (903) 670-2230. Anglers may not remove the bass from the immediate vicinity of the reservoir unless instructed to do so by TPWD staff. Bass not accepted by TPWD must be immediately released.

Bass2 – Daily bag for all four species of bass = 8 bass in any combination. Possession limit = 10.

Bass3 – Catch and release only for largemouth, smallmouth, spotted, and Guadalupe bass.

Bass4 – Catch and release only for largemouth bass.

How to Attach Red Drum Tag

Immediately upon retaining a fish:

1. Remove tag from license and use entire tag.
2. Fill in ALL information spaces on front of tag.
3. Cut out day and month.
4. Attach tag with a string or wire to the narrowest part of the tail, just ahead of the tail fin (see diagram).

How to Measure Fish and Crabs

Use these guidelines to measure fish correctly:

1. Place the fish on its side with the jaw closed.
2. Squeeze the tail fin together or turn it in a way to obtain the maximum overall length.
3. Measure a straight line from the tip of the snout to the extreme tip of the tail fin.

Tips for Releasing Fish

You manage for the future when you follow these handy tips for releasing fish. **When practical:**

- Quickly play and release fish.
- Keep fish in water as much as possible.
- Remove hook with pliers or cut line.
- Gently place fish back into water.
- Revive fish by holding upright in water and moving back and forth, **gently** forcing water through gills.

For saltwater fishes only: The following procedures are **NOT** recommended for use with any freshwater fishes.

- When releasing fish that cannot right itself or is showing a distended air bladder:
 - Gently insert a thin point (knife blade, wire, or ice pick) through the side of the fish immediately behind the upper part of the pectoral fin base. This is usually directly below the fourth or fifth spine (see diagram right).
- Revive fish as described above.

Saltwater Fishing – General Information

- For freshwater finfish species caught in the public salt waters of this state, statewide bag, possession and length limits as listed on pgs. 37–40 apply.
- A person taking or attempting to take game and nongame fish from salt water for non-commercial purposes is required to have a valid fishing license and a saltwater fishing stamp endorsement.

Texas State Waters – Federal Waters

Texas recreational and commercial fishermen fishing more than nine (9) nautical miles off the coast of Texas are in federal waters and are subject to rules and regulations that may differ from those in state waters. An example would be the federal requirement to use non-stainless circle hooks when fishing for reef fish. Recreational anglers must have a Texas fishing license and saltwater endorsement to bring any fish taken in federal waters ashore in Texas. To ensure that you are in compliance with federal regulations, you should contact the Gulf of Mexico Fishery Management Council at (888) 833-1844 (toll free).

The limits and restrictions in this guide apply to aquatic life caught in the public waters of Texas out to nine (9) nautical miles in the Gulf of Mexico, and also apply to aquatic life caught between 9 and 200 nautical miles in the Exclusive Economic Zone (EEZ) and landed in this state. (Federal law also regulates species between 9 and 200 nautical miles managed under a Federal Fishery Management Plan.) See pg. 27 for Importation of Wildlife Resources.

Fish Consumption Bans and Advisories

Fish and shellfish can be a source of high quality protein in your diet. Fish and shellfish, however, can accumulate contaminants from the waters in which they live. The **Texas Department of State Health Services (TDSHS)** monitors fish in the state for the presence of environmental contaminants and alerts the public through bans (closures) and advisories when a threat to human health may occur from the consumption of contaminated fish.

Typically, fish and shellfish do not contain levels of contaminants high enough to cause an imminent threat to health even after a few meals. Health risks may increase for people who regularly consume larger fish and predatory fish from one area of contaminated water over a long period of time. To reduce health risks in areas of contamination, people should consume fish from a variety of water bodies and should generally eat smaller fish. Following TDSHS guidelines and recommendations will significantly decrease health risks and allow a maximum level of protection for persons consuming fish from areas of known contamination.

Consumption bans and advisories are updated by the TDSHS as needed. In waters with consumption bans (see below), possession and consumption of fish and/or shellfish is prohibited. Catch and release fishing from these areas is allowed. A consumption advisory is a recommendation to limit consumption to specified quantities, species, and sizes of fish. For additional information, a listing of all consumption advisories or a listing of areas tested where no bans or advisories were issued, call the **TDSHS at (800) 685-0361 (shellfish) or (512) 834-6757 (fish)** or visit: <http://www.dshs.state.tx.us/seafood>

Fish Consumption Bans

The possession of **all species** of fish and crabs is prohibited from the following areas. Catch and release of fish and crabs from these areas is lawful.

- Portions of upper **Lavaca Bay** in Calhoun County.
- The **Donna Irrigation System** in Hidalgo County.
- **Trinity River** from the 7th Street Bridge in Fort Worth, downstream to the Texas 34 Bridge in Kaufman and Ellis counties southeast of Dallas.
- **Mountain Creek Lake** in Dallas County.
- **Echo Lake** in Tarrant County.

Boating Regulations and Safe Boating Tips

NOTICE: The following laws and guidelines are designed to help keep your on-the-water experience safe and enjoyable.

If you use a boat:

- STATE LAW REQUIRES a wearable-type life jacket (Types I, II, or III) for each person on board. Life jackets must be U.S. Coast Guard approved.
- Children under 13 years of age must wear a life jacket on a Class A or Class I motorboat while underway. It is recommended that non-swimmers always wear a life jacket on the water. In addition, a Type IV throwable-type life jacket is required on boats 16 feet in length and longer.
- STATE LAW PROHIBITS intoxicated persons (.08% BAC) from operating a boat.
- CHECK THE WEATHER and give a "float plan" to a friend before departing.
- See the **Texas Water Safety Act Digest** available on the TPWD Web site for details on specific required and recommended safety equipment needed on various types of vessels.

Anglers:

- DISTRIBUTE and secure your gear properly, and avoid overloading your boat.
- USE CARE when moving; keep weight as low as possible and distributed evenly.
- REMAIN SEATED as much as possible to avoid capsizing and falls overboard.
- NEVER anchor from the stern of your boat.

Hunters:

- SECURE FIREARMS and ammo low in the boat to increase stability and to avoid falls.
- REMAIN SEATED, if possible, while shooting and retrieving migratory game birds.
- ASSIGN "SHOOTING ZONES" for each hunter to avoid shooting accidents.

Each year, over 90 percent of all sportsmen who die in the water were not wearing a life jacket. WEAR YOUR LIFE JACKET! The life you save may be your own.

STOP AQUATIC HITCHHIKERS!™

Prevent the transport of nuisance species.
Clean all recreational equipment.
www.ProtectYourWaters.net

When you leave a body of water:

- Remove any visible mud, plants, fish or animals before transporting equipment.
- Eliminate water from equipment before transporting.
- Clean and dry anything that comes into contact with water (boats, trailers, equipment, clothing, dogs, etc.).
- Never release plants, fish or animals into a body of water unless they came out of that body of water.

Tick-Borne Diseases in Texas

Each year, Texans contract tick-borne diseases such as Lyme Disease, Rocky Mountain Spotted Fever, Ehrlichiosis and Relapsing Fever. If detected early, these diseases can almost always be cured. For more information on tick-borne diseases in Texas, contact the Texas Department of State Health Services or visit <http://www.TickTexas.org>

SUMMARY OF 2009–2010 HUNTING REGULATIONS

Definitions

Annual Bag Limit for Alligator, Deer, Antelope, Turkey or Javelina: The maximum number of these species that may be lawfully taken by a hunter during a license year.

Antler Point: A projection that extends at least one inch from the edge of a main beam or another tine. The tip of a main beam is also a point (see illustrations, pg. 62).

Bait: Minerals, vegetative material, or any other food substance placed to lure any wildlife resource.

Daily Bag Limit: The maximum number of a game species (quail, pheasant, squirrel, etc.) that may be lawfully taken by a hunter during the legal shooting hours in one day.

Day: A 24-hour period of time that begins at midnight and ends at midnight.

“Final Destination” for Pronghorn Antelope, Deer, and Turkey means: The permanent residence of the person who takes the antelope, deer, or turkey; the permanent residence of the person who receives the antelope, deer, or turkey or part of the antelope, deer, or turkey; or a cold storage/processing facility.

Hunt: To capture, trap, take, or kill, and includes any attempt to capture, trap, take, or kill.

Permanent Residence: One's principal or ordinary home or dwelling place. This does not include one's temporary abode or dwelling such as a hunting/fishing club, or any club house, cabin, tent, car, truck, or trailer house used as a hunting/fishing club, or any hotel, motel, or rooming house used during a hunting, fishing, pleasure, or business trip.

Possession Limit: The maximum number of a species that lawfully may be in one person's possession at any time after the first day of a hunting season, except for deer, antelope, and turkey. On the first day of any open season, the possession limit is the same as the daily bag limit. After the first day, the possession limit becomes twice the daily bag limit (except for quail and some migratory birds). For all wildlife resources taken for personal consumption and for which there is a possession limit, the possession limit shall not apply after the wildlife resource has reached the possessor's permanent residence and has been finally processed.

Quartered: A deer or antelope is quartered when the forequarters, hindquarters, and back straps have been completely severed from the carcass.

Wildlife Resources: Any wild animal, wild bird, and aquatic life.

Youth: For the purposes of participation in **Youth-Only** hunting seasons for deer, turkey, and squirrel, is any person 16 years of age or younger. For youth duck seasons, it is any person 15 years of age or younger (see the *Waterfowl Digest* for season dates).

Hunting General Information

- **Closed Season:** For any species, the period of time, if any, when hunting that species is not permitted.
- **Hunter Orange:** No hunter orange is required while hunting on private property, but it is recommended. Public hunting lands require 400 square inches of daylight florescent orange with 144 square inches appearing on both chest and back, and daylight florescent orange headwear must be worn (see *Public Hunting Lands* booklet).
- **Legal Shooting Hours for all Game Animals and Nonmigratory Game Birds:** from one-half hour before sunrise to one-half hour after sunset. For information on sunrise/sunset hours, please look at: <http://www.sunrisesunset.com/usa/Texas.asp>
- **Open Seasons:** Dates shown are opening and closing dates for the open season. The open season includes both dates and all days between. Unless otherwise specified, the open season is a “general” season and all legal

means, as specified in this guide, may be used in taking the species. Where the open season is designated as "archery," only legal archery equipment/crossbow as specified below may be used. Where the open season is designated as "muzzleloader only," only muzzleloaders as defined below may be used. When a season is designated as a "youth-only," special regulations apply (see pgs. 63–65). See definition of "youth" (pg. 55).

- No open season for any wild animal, wild bird, or exotic animal on public roads or the right-of-way of public roads.
- It is unlawful to possess a deer or any part of a deer that has been hit by a motor vehicle.

Archery and Crossbows (see **Artificial light in Restricted Methods** section)

- Only the archery and crossbow equipment prescribed in this section may be used for taking game animals or game birds. Archery and crossbow equipment may not be used to hunt deer during the Muzzleloader-Only Deer Season. It is unlawful to be in possession of a firearm while hunting with a broadhead HUNTING point during the Archery-Only season, except a person licensed to carry a concealed handgun in Texas may carry a concealed handgun. **NOTE**: A firearm may be possessed in camp, in a motor vehicle, or while hunting lawful game other than whitetail or mule deer and turkey (e.g., exotics, feral hogs, squirrels).

 - **IMPORTANT NOTICE**: Crossbows are lawful for any person during the **Archery-Only Open Season in all counties EXCEPT Grayson County**. In Grayson County, no person may use a crossbow to hunt deer during the Archery-Only Open Season (Oct. 3–Nov. 6) unless the person has an upper-limb disability and has in immediate possession a physician's statement that certifies the extent of the disability. An upper-limb disability is a permanent loss of the use of fingers, hand, or arm in a manner that renders the person incapable of using a longbow, compound bow, or recurved bow.
 - **Any person**, regardless of physical ability, may use a crossbow to hunt game animals or game birds in any county, including Grayson County, during a general open season or Eastern spring turkey season.
 - An archery stamp endorsement is required to hunt deer during the Archery-Only Open Season. An archery stamp endorsement is required to hunt deer at any time in Grayson County, including during the general open season (Nov. 7–Jan. 3).
 - A crossbow is lawful for game animals and game birds, provided:

 - When used to hunt turkey and all game animals other than squirrels, a projectile must be equipped with a broadhead hunting point that is at least 7/8-inch in width (upon impact) and has a minimum of

two cutting edges. A mechanical broadhead must begin to open upon impact and, when open, must be a minimum of 7/8-inch in width.

- An archer may have arrows/bolts with field, target, or judo points in the quiver with the broadhead hunting points.

Falconry

For information on permitting or hunting regulations for falconry, call (800) 792-1112 (menu 7) or (512) 389-4481.

Restricted Methods

- It is **unlawful** for any person, while hunting or engaging in recreational shooting, to knowingly discharge a firearm in such a fashion as to cause a projectile to cross a property line, unless the person owns the property on both sides of the property line or has obtained written permission from the owner of any land crossed by the projectile.
- **Remote-controlled Hunting:** A person may not engage in computer-assisted remote hunting of any animal or bird or provide or operate facilities for computer-assisted remote hunting if the animal or bird being hunted is located in Texas.
- **Artificial light** of any form that casts or reflects a beam of light onto or otherwise illuminates a game animal or bird may not be used as an aid to hunt, **except** battery-powered scoping devices that project a light or dot only inside the scope, pin sight lights on archery equipment, or laser sighting devices used by legally blind hunters, or hunters who have a documented permanent physical disability that prevents them from using traditional firearm sighting devices.
 - Legal blindness is: no more than 20/200 of visual acuity in the better eye with correcting lenses or visual acuity greater than 20/200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees. Blind hunters must be assisted by a licensed hunter at least 13 years of age who is not legally blind. Blind hunters must possess a physician's signed statement attesting to legal blindness.
 - A person who uses a laser sighting device because of a permanent physical disability that prevents them from using a traditional firearm sighting device must have in possession a signed statement from a physician or optometrist certifying that the person is incapable of using a traditional firearm sighting device and be accompanied by a person who is not physically disabled or legally blind, has a hunting license, and is at least 13 years of age.
- **Hunter education requirements apply to legally blind hunters, hunters with a documented permanent physical disability, and persons assisting blind or disabled hunters.**
- Non-protected nongame animals and fur-bearing animals may be hunted at night with the aid of an artificial light on private property. If hunting at night, please make a courtesy telephone call to your local game warden.
- **Traps** may not be used to hunt game birds or game animals.
- **Dogs** may not be used to hunt deer in this state.
 - A person is prohibited from using a dog to hunt or pursue deer in this state. A person who violates this law is subject to a fine of \$500-\$4,000 and/or a year in jail. Additionally, a person's hunting and fishing licenses may be revoked or suspended. In addition, no person may possess a shotgun and buckshot or slugs while in the field with dogs on another person's land during an open deer season in Angelina, Hardin, Harris, Harrison, Houston, Jasper, Jefferson, Liberty, Montgomery, Nacogdoches, Newton, Orange, Panola, Polk, Rusk, Sabine, San Augustine, San Jacinto, Shelby, Trinity, Tyler, and Walker counties.

 - Not more than two dogs may be used to trail a wounded deer in counties not listed above. A "**wounded deer**" is a deer leaving a blood trail.
- Pheasant may not be hunted by means of a cable, chain, or rope connected to or between a moving object or objects.
- **Aircraft** may not be used to hunt any animal or bird unless authorized by the department.
- See County Listings for additional regulations (pgs. 70–93).

Legal Methods

- Animals and game birds not classified as migratory may be hunted from a motor vehicle, powerboat, sailboat, or from any other floating device within the boundaries of private property or upon private water. Migratory game birds under certain circumstances may be hunted from a boat on public water. See the migratory game bird section for the exceptions (pg. 66, Lawful Hunting Means and Methods).
- **Calling devices** (including manual and mouth-operated), recordings, and electrically amplified calls may be used to hunt game animals and game birds, except electronic calls may not be used to hunt migratory game birds, unless allowed by special regulation.
- **Decoys** may be used to hunt game animals and game birds, except that no person may use live decoys when hunting migratory birds.
- **Baiting** for game animals, nongame animals, and game birds is lawful on private property, except for turkey in certain East Texas counties (see pg. 64) and migratory game birds statewide.
- **Trapping** may be used for nongame/exotic animals (e.g., feral hogs, rabbits, etc.) on private property.
- **Dogs** may be used to aid in the hunting of any game bird.

Restricted Areas in Counties

It is against the law to:

- discharge a firearm on or across a public road or hunt game animals, game birds, exotic animals or fur-bearing animals on public roads.
- hunt any wild animal or wild bird, including exotic animals, on foot or from a vehicle on any public road or road right-of-way, or a boat on public water, except that migratory waterfowl may be hunted from a boat or any floating craft (except a sinkbox) under certain conditions. (See Migratory Game Bird section, pgs. 65–68.)
- possess, shoot or hunt with a firearm, bow and arrow, or crossbow on all land area and water in the Aransas and Poesta rivers in **BEE** County; on all of the land area and public water in the state-owned riverbeds of **LA SALLE** or **MCMULLEN** counties; and on all of the land area and public water in the state-owned riverbeds of the Nueces, Frio and Atascosa rivers in **LIVE OAK** County; except for waterfowl hunting on any reservoir (existing or to be constructed) owned, operated, or maintained by a government entity.
- discharge a firearm or shoot an arrow in or on the bed or bank of a navigable stream in **DIMITT**, **EDWARDS**, **FRIO**, **KENEDY**, **LLANO**, **MAVERICK**, **REAL**, **UVALDE**, or **ZAVALA** counties, or discharge or shoot an arrow that could physically contact the bed or bank of a navigable stream in these counties. This law does not apply to shotguns loaded with shot, including buckshot. A shotgun slug is prohibited.
- hunt on water of Stillhouse Reservoir or land adjacent to the reservoir owned by the federal government in **BELL** County, except for game birds hunted with a shotgun. A hunter must be 600 feet from the nearest private property line.
- discharge any firearm or shoot any crossbow or bow and arrow on, along, or across the waters of Oyster Bayou in **CHAMBERS** County from State Hwy. 65 south to the mouth of Oyster Bayou in the East Bay.
- discharge a pistol or rifle in, on, along, or across: Lake Baird in **CALLAHAN** County; Lake Texarkana in **CASS** County; the water of the Trinity River, Wallisville Reservoir, and Lake Anahuac in **CHAMBERS** County; the water of the Trinity River or Wallisville Reservoir in **LIBERTY** County; Lake Lavon in **COLLIN** County; Caddo Lake in **HARRISON** and **MARION** counties; and Lakes Daingerfield and Texarkana in **MORRIS** County; except that a person may hunt migratory waterfowl on these waters with a shotgun during an open season.
- possess or shoot a rifle or pistol on or across the water of Murvaul Lake in **PANOLA** County.
- hunt wild animals or wild birds or target shoot on land in **HARRIS** County owned by another without having in immediate possession written consent of the landowner of that land. The written consent must contain the hunter's name, identify the land on which hunting or target shooting is permitted, be signed by the landowner or legal agent for the owner, and must show the address and phone number of the person signing consent. The owner or agent and any person hunting or target shooting with the owner or agent on public or private shooting ranges are exempt from this special regulation.
- use a boat or any other type of floating device to hunt or to access land to hunt any wild bird or wild animal on any portion of Big Sandy Creek in **WOOD** County that is east of FM Road 2869 and within 2.18 miles of FM Road 2869 or between FM Road 2869 and FM Road 49. The property must be posted to indicate that hunting is prohibited. (Class C Parks and Wildlife Code misdemeanor: \$25-\$500 fine only.)

After Killing a Deer

(Also applies to pronghorn, except for License Log)

- After a deer is killed and before the deer is field dressed or moved, the appropriate hunting license tag or permit (MLDP, LAMPS, etc.) must be immediately filled out and dates cut out (See Tagging Deer or Turkey, pg. 60).
- Additionally, if a hunting license tag is used, then the Hunting License Harvest Log must be legibly completed (see Hunting License Harvest Log for White-tailed Deer, pg. 61).
- A hunter may transport a deer to a final destination (see Definitions, pg. 55), provided the deer is tagged and proof of sex accompanies the deer (see Proof of Sex in box, pg. 59).
- A hunter may skin and quarter a deer (two forequarters, two hindquarters, and two backstraps) and possess for transport, provided the quartered deer is tagged and proof of sex accompanies the deer. (See Cold Storage or Processing Facility, pg. 59, for exceptions).
- A deer may not be processed any further than four quarters and two backstraps (example, steaks, hamburger, chili meat, etc.) until the deer reaches a final destination.

- The four quarters and two backstraps are the only parts of a deer required by law to be kept in edible condition. TPVD encourages all hunters to continue to keep other portions of the deer (trimmings from the neck and rib cage) in edible condition. Edible condition does not include any portion of a game animal, game bird, or fish that is: bruised by bullet, shot, or arrow, or otherwise destroyed as a result of harvest; decayed or rotting; or obviously infected or diseased.
- The tag must remain with the portion of a deer the hunter possesses. If any portion is transferred to another person before it reaches a final destination, then the transferred portion must be accompanied by a WRD (see Wildlife Resource Document – WRD, pg. 93).

Processing Carcass in Camp

You are allowed to prepare for immediate consumption and eat all or a part of a properly tagged wildlife resource while in camp; however, all tagging and proof of sex regulations apply to remaining parts.

Notice: It is **unlawful** to possess a deer or pronghorn antelope **with proof of sex removed** unless the deer or antelope is at a final destination and has been quartered. Proof of sex for deer is:

- the head (skinned or unskinned) of a buck deer with antlers attached;
- the head (skinned or unskinned) of an antlerless deer;
- the unskinned head of a pronghorn antelope; or
- a completed Managed Lands Deer Permit, Landowner Assisted Management Permit, Antlerless Mule Deer Permit, Special Wildlife Management Area or State Park Drawn Public Hunting Permit, or Antlerless and Spike-buck Control Permit.

It is **unlawful** to possess a pheasant or turkey (turkey taken in a county where the bag composition is restricted to gobblers and/or bearded hens or taken during any spring turkey season) **with proof of sex removed**. The following is considered proof of sex and must accompany the pheasant or turkey until it reaches its final destination and is finally processed:

- one leg, including the spur, attached to the pheasant carcass or the entire plumage attached to the pheasant carcass;
- Eastern gobblers, see Turkey Special Regulations pg. 64;
- for turkeys in counties where the bag composition is restricted to gobblers and/or bearded hens, a male turkey is required to have one leg, including the spur, attached to the bird; or the bird, accompanied by a patch of skin with breast feathers and beard attached. A female turkey taken during the fall season must be accompanied by a patch of skin with breast feathers and beard attached.

EXCEPTION: Instead of proof of sex, the hunter may obtain a **receipt from a taxidermist** or a **signed statement from the landowner** or the **landowner's agent** containing the following information:

- Name of person who killed the wildlife resource;
- Date the wildlife resource was killed; and
- One of the following, as applicable: whether the deer was antlered or antlerless; the sex of the antelope; the sex of the turkey and whether a beard was attached; or the sex of the pheasant.

Cold Storage or Processing Facility

A cold storage or processing facility may be established anywhere, including on property where hunting is conducted. It must be a stationary facility designed and constructed for the purpose of processing and/or storing game animals and game birds. A person may place and maintain, or possess, in a cold storage or processing facility, lawfully killed game birds and game animals not in excess of the number permitted to be possessed by law, if:

- the owner, operator, or lessee of the cold storage or processing facility maintains the record book as required by law with the name of all persons placing game animals or game birds in storage, the number and species of all game animals and game birds in storage, and the date each game animal or game bird was placed in storage (information must be entered into the record book before game is placed in storage);
- tags or permits, when applicable, remain attached to birds until the birds are finally processed;
- tags or permits, when applicable, remain attached to deer and pronghorn antelope until the carcass is quartered; and
- If a portion of a carcass is delivered to a cold storage or processing facility, the portion of the carcass must be accompanied by a wildlife resource document unless the wildlife resource has already reached a final destination and has been quartered (see NOTE: SAVE YOUR TAG below).

NOTE: The Cold Storage or Processing Facility record book is not required for a private, noncommercial, family-owned cold storage or processing facilities unless the facility is located on a hunting lease (see Definitions, pg. 26) and is made available to persons other than the landowner, the landowner's **nonpaying** family members, or the landowner's **nonpaying** guests. If the facility is located on property leased for hunting and made available to paying customers, all game animals and game birds placed in the facility must be entered in the cold storage record book. The carcass of a deer or antelope that is properly tagged and placed in a private cold storage or processing facility is not required to be entered in a cold storage record book.

Game birds or game animals may be stored indefinitely, provided they are maintained in an edible condition. It is unlawful for a hunter or angler, the cold storage facility owner, operator, or lessee, or any other person to store or receive for storage wildlife resources in numbers greater than the legal posses-

sion limits or that were not lawfully taken. **Free Cold Storage Record Books are available at TPWD Law Enforcement offices.**

NOTE: SAVE YOUR TAG and/or PERMIT. After a wildlife resource reaches its final destination and is finally processed, tagging requirements cease. However, to prevent delay or problems (cold storage or processor refusing to accept meat, etc.) when taking portions of game (meat/head/hide) that you have processed at your home to a commercial processor or taxidermist, simply attach the appropriate hunting license tag and/or permit or a wildlife resource document to the portion of game.

Taxidermist

Hunters who give any part of a game animal or game bird to a taxidermist for mounting must attach a wildlife resource document (not the tag from the hunting license or permit) to the part. In return, for deer, pronghorn antelope, turkey and pheasant, the taxidermist must give the hunter a receipt as prescribed in "EXCEPTION" (see Processing Carcass in Camp, pg. 59). The **taxidermist "proof of sex" receipt** for the part must accompany the tagged carcass until it reaches its final destination and is finally processed. If the **taxidermist** places any game animal or game bird in cold storage, then the cold storage or processing facility record book is required by law. Without the appropriate record book and a wildlife resource document accompanying the game animal or game bird, a **taxidermist** may be exceeding the prescribed possession limits for game animals and game birds. Taxidermy information packets may be obtained by calling (800) 792-1112 (menu 0), ext. 4381 or (512) 389-4381.

A taxidermy who accepts a deer or turkey shall retain the wildlife resource document or tag accompanying each deer or turkey for a period of two years following the return of the resource to the owner or the sale of the deer or turkey mount to recover taxidermy cost.

Sale of Inedible Wildlife Parts

The following inedible wildlife parts may be purchased or sold provided the part was lawfully taken or possessed:

- Hair, hide, antlers, bones, horns, skull, hooves, or sinew from the following game animals: (mule deer, white-tailed deer, pronghorn antelope, desert bighorn sheep, gray or cat squirrels, fox squirrels or red squirrels, and collared peccary or javelina).
- Feathers from ducks, geese, and brant may be used, purchased, or sold for making fishing flies, pillows, mattresses, and similar commercial uses.
- Feathers from migratory birds may not be purchased or sold for hats or ornamental purposes nor may a person purchase or sell mounted migratory game bird specimens taken by hunting.
- Feathers, bones, or feet of game birds other than migratory game birds (turkey, grouse, pheasant, partridge, quail, and chachalaca).

Tagging Deer or Turkey

For additional information, see Deer, pg. 61; Turkey, pg. 64.

Filling Out the Tag for Attaching to Deer or Turkey

If required, the tag from the hunting license of the person who killed the deer or turkey must be correctly and legibly completed (including name of property and county) and must:

- be used on a specific type of deer or turkey (for example, buck tags must be used only on buck deer, antlerless tags on antlerless deer, etc.).
- have the month and date of kill **CUT OUT**.
- be attached immediately to the deer or turkey carcass until it reaches its **final destination** and is finally processed (see Definitions, pg. 55).

It is against the law to use:

- a tag taken from the license of another person or allow your tag to be used by another person.
- a tag more than one time (or on more than one deer or turkey).
- an incorrect tag on a deer or turkey (example: mule deer tag used on a white-tailed deer, etc.).

Where to Attach Tag to Deer or Turkey

The hunting license tag may be attached anywhere on a deer or turkey so that it is not damaged, defaced, or lost in transporting or handling. For deer, the appropriate tag or applicable permit must remain attached to the deer until the deer reaches its final destination and is quartered. If the animal is a deer and the head is severed from the carcass (body), then the appropriate tag or applicable permit must remain attached to the carcass. See proof of sex in the section Processing Carcass in Camp, pg. 59. If the head does not accompany the carcass, then the head must be accompanied by a Wildlife Resource Document (WRD). For turkey, the applicable tag must remain attached until the turkey reaches its final destination and is finally processed. See Transfer of Wildlife Resources, pg. 27.

TIP: Remember that if the head and the carcass are separated, the tag goes with the carcass and the head must be accompanied by a WRD.

Game Animals

White-tailed deer Mule deer	Desert bighorn sheep Pronghorn antelope	Gray or cat squirrel Red or fox squirrel	Collared peccary or javelina
--------------------------------	--	---	---------------------------------

PRONGHORN ANTELOPE (by permit only)

Antelope permits are issued only to the landowner or landowner's agent in selected areas of Trans-Pecos, Permian Basin, and Panhandle counties (see County Listings). The landowner-issued antelope permit must be properly and completely filled out and may be attached anywhere on the antelope. See processing and proof of sex, Processing Carcass in Camp, pg. 59.

DESERT BIGHORN SHEEP (Brewster, Culberson, Hudspeth, Jeff Davis and Presidio counties by permit only)

NOTE: As of Sept. 1, 2003, no person may possess a desert bighorn ram skull obtained on or after Sept. 1, 2003 unless it has either been marked with a department identification plug by a department employee or the person in possession of the skull also possesses proof that the skull was legally acquired in another state or country. Ram skulls found in the wild may be possessed, provided the person in possession did not cause or participate in the death of the ram, the landowner of the property where the skull was found signs an affidavit attesting to the date and place that the skull was found, and the skull is plugged by a **department employee within 48 hours of being found**. Individual horns, as well as skulls without horns may be possessed without any identification or documentation.

DEER (READ BELOW AND PGS. 61-63 VERY CAREFULLY)

- A "buck deer" is a deer with a **hardened antler protruding through the skin**. A "spike buck deer" is a **BUCK** with no antler having more than one point. **ALL OTHER DEER ARE ANTLERLESS DEER**. A spike buck must be tagged with a buck deer tag from the hunter's hunting license or applicable permit.

- Mule Deer** – The annual bag limit is two mule deer with no more than one being a buck (all seasons combined). See County Listings for antlerless permit requirements.

Except for deer killed by MLD permit, LAMPS permit, department special permit, U.S. Forest Service antlerless permit, or Big Time Texas Hunt, **all deer** must be tagged **IMMEDIATELY** upon kill (see Tagging Deer or Turkey, pg. 60), in a secure manner anywhere on the deer, with an appropriate license tag with the month and date **CUT OUT**.

Tagging Options: There are tag numbers printed on each tag.

IMPORTANT: TAGS #7, #8, and #9 ARE FOR WHITE-TAILED BUCK OR ANTLERLESS DEER. TAGS #5 and #6 ARE FOR WHITE-TAILED ANTLERLESS DEER ONLY. BUCKTAGS MAY BE USED IN ANY COUNTY; HOWEVER, LACK OF CAREFUL PLANNING WITH TAGS #7, #8, and #9 MAY REDUCE THE NUMBER OF WHITE-TAILED BUCK DEER YOU MAY LAWFULLY TAKE.

NOTICE: READ THE TAG USE DESCRIPTION ON YOUR LICENSE CAREFULLY BEFORE ATTACHING TO HARVESTED DEER.

Tag Number USE ON WHITE-TAILED DEER ONLY:

5	White-tailed Deer – Antlerless ONLY

- Immediately upon kill of a white-tailed deer the hunter must complete the log, in ink, on the back of the hunting license. Failure to complete the log as required may result in a fine not to exceed \$500 for each deer improperly logged. Asterisks indicate bucks of at least 13 inches.**

- Completion of the log is not required for mule deer, or for white-tailed deer or mule deer lawfully taken under a MLD permit, LAMPS permit, TPWD Special Drawn Public Hunt permit, U.S. Forest Service antlerless permit, or on a Big Time Texas Hunt.

Tag Number USE ON MULE DEER ONLY:

10	Mule Deer – Antlerless Only

- **WHITE-TAILED DEER HARVEST RESTRICTIONS** (as used in County Listings):
 - **MANAGED LANDS DEER (MLD) PERMITS:** Permits issued to landowners with a TPWD-approved Wildlife Management Plan. MLD permits allow hunters, at the discretion of the landowner or agent, to exceed the county bag limit and (in some cases) to hunt during an extended season. **All deer taken on a property for which MLD permits have been issued must be tagged with the appropriate type of MLD permit. NOTE: No license log entry or tag from a hunting license is required for deer killed under a MLD permit (see license log requirement, above).** For more information about Wildlife Management Plans, landowners should call TPWD at (512) 389-4505.
 - **LAMPS (Landowner Assisted Management Permit System):** LAMPS permits allow antlerless deer to be taken in counties where antlerless harvest is by permit only during the entire season or portion of a season. For more information, landowners should contact TPWD at (409) 489-0823 or visit http://www.tpwd.state.tx.us/business/permits/land/wildlife_management/lamps/. **All antlerless deer taken on a LAMPS property must be tagged with a LAMPS permit. This does not include antlerless deer taken during the Archery Only Season or Muzzleloader Only Season. NOTE: No hunting license log or hunting license tag is required for deer killed under a LAMPS permit.**
 - For information about antlerless deer permits on National Forest lands, please call the U.S. Forest Service in Lufkin at (936) 639-8501.
- **SPECIAL ANTLER RESTRICTIONS:**
 - In selected counties (see County Listings, pgs. 70–93) there are special regulations for buck deer. In these counties, the bag limit is **two legal bucks, but only ONE** may have an inside spread of 13 inches or greater. A **legal buck deer** is defined as having:
 - a hardened antler protruding through the skin **AND**;
 - at least one unbranched antler; **OR**
 - an inside spread measurement between main beams of 13 inches or greater.
 - To determine if a buck has an inside spread measurement of at least 13 inches, look at the distance from ear-tip to ear-tip on a buck with ears in the alert position (see illustration). The 13-inch or greater inside spread requirement does not apply to any buck that has an unbranched antler.
 - **Definition of a point:** A point is a projection that extends at least one inch from the edge of a main beam or another tine. The tip of the main beam is also a point.
 - Does not apply on Level 2 or 3 MLDP properties.

Legal Point

Not a Point

Ears in alert position are approximately 13 inches apart and may be used to judge the inside spread.

LEGAL at least one unbranched antler	LEGAL at least one unbranched antler	LEGAL inside spread of 13 inches or greater	ILLEGAL This buck meets none of the criteria

Migratory Game Birds (Early Season)

Nothing in this publication authorizes any person to violate federal laws governing migratory game birds.

A migratory game bird stamp is required to hunt any migratory game bird, including mourning doves.

A Federal Sandhill Crane Hunting Permit is required to hunt sandhill cranes.

Dove, Teal, Gallinule, Rail, Snipe, and Woodcock

NOTE: Duck, merganser, coot, sandhill crane, and goose hunting dates and bag limits have not been finalized as of this printing. A separate digest containing general waterfowl regulations will be available in October wherever licenses are sold.

Please Report Dove Bands

Please check doves you shoot for bands and report them. The bands are very small and easy to overlook. Previous studies indicated two-thirds of banded doves taken by hunters were never reported. High reporting rates maximize return on hunting license dollars spent for needed management information.

Please report bands to the toll-free telephone number (1-800-327-BAND [2263]) or on the Internet at: <http://www.reportband.gov>

HIP Requirement for Migratory Game Bird Hunters

No person shall hunt migratory game birds in this state unless that person is certified in the Harvest Information Program (HIP) in Texas. When you purchase a hunting license, indicate to the license clerk that you intend to hunt migratory game birds during the 2009–2010 season and need to be HIP certified by answering a few simple questions.

The letters “HIP” should appear on your license to indicate that you have been HIP certified.

DEFINITIONS

- **Aggregate Limit:** A daily bag or possession limit composed of more than one species.
- **Bait:** Salt, grain, or other feed, directly or indirectly placed, exposed, deposited, distributed, or scattered, that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.
- **Baited Area:** Any area on which bait has been placed, exposed, deposited, distributed, or scattered so as to serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for ten days following the complete removal of all bait.
- **Daily Bag Limit:** The maximum number of birds as specified for each species which may be taken during the legal shooting hours of any one day.
- **Legal Shotgun:** Shotguns not larger than 10 gauge, fired from the shoulder, and incapable of holding more than three shells (shotguns capable of holding more than three shells must be plugged with a one-piece filler which is incapable of removal without disassembling the gun, so the gun's total capacity does not exceed three shells).
- **Manipulation:** Alteration of natural vegetation or crops, including but not limited to mowing, shredding,

discing, rolling, chopping, trampling, flattening, burning, and herbicide treatments.

- **Migratory Game Birds:** Includes all wild species of ducks, geese, coot, rail, gallinules, snipe, woodcock, doves (mourning, white-winged, white-tipped or white-fronted) and sandhill cranes. Does not include exotic collared-dove.
- **Natural Vegetation:** Any non-agricultural, native, or naturalized plant species.
- **Normal Agricultural Planting, Harvesting, and Post-Harvest Manipulation:** A planting or harvesting undertaken for the purpose of producing and gathering a crop, or manipulation after such harvest and removal of a crop, that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.
- **Possession Limit:** The maximum number of migratory game birds that can be possessed at any time (two times the daily bag limit after the first day of the season). Sora and Virginia rails are an exception, see pg. 67.
- **Sinkbox:** A low floating device concealing a person below the surface of the water. **UNLAWFUL!**
- **Waterfowl:** Includes ducks, geese, mergansers, and coots.

GENERAL RULES

NOTE: Hunters are responsible for knowing whether an area is baited or not.

- **Baiting** (the following baiting rules have been established by the U.S. Fish and Wildlife Service):
 - A hunter **MAY** hunt any migratory game bird:
 - over standing crops, standing flooded crops, and flooded harvested crops
 - at any time over natural vegetation that has been manipulated
 - where seeds or grains have been scattered as a result of normal agricultural planting, harvesting, or post-harvest manipulation
 - over crops or natural vegetation where grain has been inadvertently scattered as a result of entering or leaving the field, placing decoys, or retrieving downed birds
 - using natural vegetation or crops to conceal a blind, provided that if crops are used, no grain or other feed is exposed, deposited, distributed, or scattered in the process
 - **except waterfowl and cranes** where grain or other feed has been distributed or scattered as the result of the manipulation of a crop or livestock feeding
 - A hunter **MAY NOT**:
 - hunt migratory birds with the aid of bait, or on or over any baited area
 - hunt over any baited area until 10 days after all baiting materials have been removed
 - hunt waterfowl or cranes over manipulated planted millet, unless the millet was planted more than one year prior to hunting
 - hunt waterfowl or cranes over crops that have been manipulated, unless the manipulation is a normal agricultural planting, harvesting, or post-harvest manipulation
- **Documentation:** All harvested migratory game birds not in the immediate possession of the person who killed them must be tagged with a wildlife resource document (see pg. 93) until the birds reach the possessor's personal residence and are finally processed. If a hunter's personal birds have been finally processed at a cold storage or processing facility and the hunter transports someone else's birds, then a WRD must accompany those birds until they reach the possessor's permanent residence.
- **Emergency Rule Changes:** These rules may be modified to make them consistent with federal regulations or to protect the wildlife resource through emergency action by the TPWD executive director.
- **Lawful Hunting Means and Methods:** Shotguns, archery equipment, falconry, dogs, artificial decoys, and manual or mouth-operated bird calls are lawful. Hunting is permitted in the open or from a blind or other type of concealment or from floating craft or boat provided that all motion resulting from sail or motor has ceased. Sails must be furled and motor turned off before shooting starts. A "sinkbox" is unlawful (see definition, above)
- **Nontoxic Shot:** While waterfowl hunting, only nontoxic shot approved by the director of the U.S. Fish and Wildlife Service may be possessed. Lead shot is unlawful!
- **Species Identification:** Except for migratory game birds processed at a cold storage or processing facility, or doves, one fully-feathered wing or the head must remain attached to migratory game birds while the birds are being transported between the place where taken and the permanent residence of the possessor. Note: Migratory game birds may be dressed for **immediate cooking** at a place other than a permanent residence (e.g., hunting camp). This does not include placing dressed birds in a cooler/refrigerator for later consumption while at a place other than a permanent residence. Hunters are encouraged to leave plumage on all doves other than mourning dove, white-winged dove, and white-tipped dove (e.g., exotic collared-dove) for species identification.
- **Transfer:** A person may not transfer or give migratory game birds to another person while in the field. After leaving the field, a person must have a wildlife resource document for any migratory game bird not in the immediate possession of the person who killed them (see Daily Bag and Possession). Migratory game birds may be shipped, provided a wildlife resource document accompanies the package. See above for more information on documentation. A sample wildlife resource document is on pg. 93.
- **Vehicles:** It is unlawful to hunt from or by means of motor-driven vehicles and land conveyances or aircraft of any kind, except paraplegics and single or double amputees of legs may hunt from stationary motor-driven vehicles or land conveyances. It is unlawful to use motor-driven land, water, or air conveyances or sailboats to concentrate, drive, rally, or stir up any migratory game bird.

- There is no open season for migratory game birds on public roads or the right-of-way of public roads.
- **Federal Regulations:** For more information on federal regulations, contact: U.S. Fish and Wildlife Service, P.O. Box 329, Albuquerque, NM 87103. Phone (505) 248-7889 or visit: <http://www.fws.gov/le/>

- **Daily Bag:** No person shall possess more than one daily bag limit of birds while in the field or while returning from the field to one's hunting camp, automobile, or temporary lodging facility (see Documentation, pg. 66). EXOTIC ANIMALS AND FOWL

Exotic animal refers to grass-eating or plant-eating, single-hoofed or cloven-hoofed mammals that are not indigenous or native to Texas and are known as ungulates, including animals from the deer and antelope families that landowners have introduced into this state. Includes, but is not limited to feral hog, Aoudad sheep, Axis deer, Elk, Sika deer, Fallow deer, Blackbuck antelope, Nilgai antelope, and Russian boar. **Exotic fowl** refers to any avian species that is not indigenous to this state, including ratites (emu, ostrich, rhea, cassowary, etc.).

There are no state bag or possession limits or closed seasons on exotic animals or fowl on private property. It is against the law to:

- Hunt an exotic without a valid hunting license.
- Hunt an exotic on a public road or right-of-way.
- Hunt an exotic without the landowner's permission.
- Possess an exotic or the carcass of an exotic without the owner's consent.

Penalty: A person who violates these laws commits an offense that is a Class A Parks and Wildlife Code misdemeanor (\$500-\$4,000 and/or up to one year in jail).

The Texas Animal Health Commission (TAHC) regulates the movement of feral swine for disease-control purposes. For more information please call TAHC at (800) 550-8242 or see www.tahc.state.tx.us

Beaver	Muskrat	Otter	Skunk

A department-issued CITES tag is required to be attached to all otters taken and possessed in this state.

- A landowner on their own land or their authorized agent is not required to have a trapper's or hunting license if these nuisance animals are taken while causing loss or damage to agricultural crops, livestock, poultry, or personal property. However, such animals or their pelts may not be possessed or sold.
- Fur-bearing animals may be hunted at night on private property with the aid of an artificial light.
- There is no bag or possession limit for fur-bearing animals.
- For more detailed information about seasons, legal means, and other rules for fur-bearing animals and their pelts, consult the Fur-bearing Animal Digest, available online, at TPWD Law Enforcement offices (see pg. 18), or by calling (800) 792-1112.

Arts and crafts may not include these protected species under any circumstances.

• **Unprotected Birds:**

- **Bats:** May not be hunted, killed, possessed, purchased or sold; however, bats may be moved, trapped, or killed if inside or on a building occupied by people. A person may transport a bat for the purpose of laboratory testing if there is a rabies concern.

BLACK BEARS and MOUNTAIN LIONS

Black bears are protected and cannot be hunted or killed. Mountain lions are not protected and can be harvested at any time. Please report black bear sightings or mortalities, and mountain lion sightings, harvests or mortalities to (512) 389-8047.

CONTROLLED EXOTIC SNAKES

It is **UNLAWFUL** (Class C misdemeanor) for any person, regardless of age, to possess certain non-indigenous snakes for commercial (Type 581) or recreational (Type 580) purposes if that person has not obtained a TPWD controlled exotic snake permit for that purpose. A controlled exotic snake is **any species of venomous snakes not indigenous to Texas**; African rock python (*Python sebae*); Asiatic rock python (*Python molurus*); green anaconda (*Eunectes murinus*); reticulated python (*Python reticulatus*); southern African python (*Python natalensis*), and includes **ANY** hybrid of these species. Permits may be purchased anywhere hunting and fishing licenses are sold. In addition, it is **UNLAWFUL** (Class A misdemeanor) to intentionally, knowingly, recklessly, or with criminal negligence release or allow the release from captivity of any of these snakes. Snakes possessed without the necessary permit may be seized, removed, and disposed of at the cost of the person possessing the snakes. Controlled exotic snakes are regulated under Parks and Wildlife Code, Chapter 43, Subchapter V, which may be enforced by any licensed Texas peace officer. For further information, call (800) 792-1112 (menu 7) or visit the TPWD Web site at http://www.tpwd.state.tx.us/faq/business/permits/nonindigenous_snakes/index.phtm

How to determine the sex of an alligator: This method is reliable for alligators over three feet. Locate the **cloacal opening**, which is on the bellysides of the alligator as noted in the drawing. This area is probed, males are verified if a penis is present, otherwise your report should note the harvest of a female. Your accurate documentation of measurements and other harvest data is essential for biological tracking. Do not assume that any alligator over eight feet is a male. This is not always the case.

The length of the alligator should be measured on the belly side. Measure down the center of the animal, from the tip of the top jaw to the tip of the tail.
