STATE PARK AND HISTORIC SITE

Experience Texas history as it comes alive at Fort Richardson State Park and Historic Site, the remains of a federal fort established after the Civil War. Built in 1867, the occupying U.S. Army enforced federal reconstruction laws and provided protection for settlers from raiding Indians on the North Texas frontier. Today, two replica barracks and seven of the post's original structures, including an authentically restored military hospital, reveal the exciting stories of the soldiers who defended the region. Camping facilities, hiking trails, and a small fishing lake make this park a welcoming destination.

Camping: Limited use cabins, primitive sites and campsites with water and electricity.

Group Facilities: Group picnic pavilion, seats 100.

Historical Structures: Seven original and two replica military structures.

Interpretive Center: Exhibits about the history of the fort.

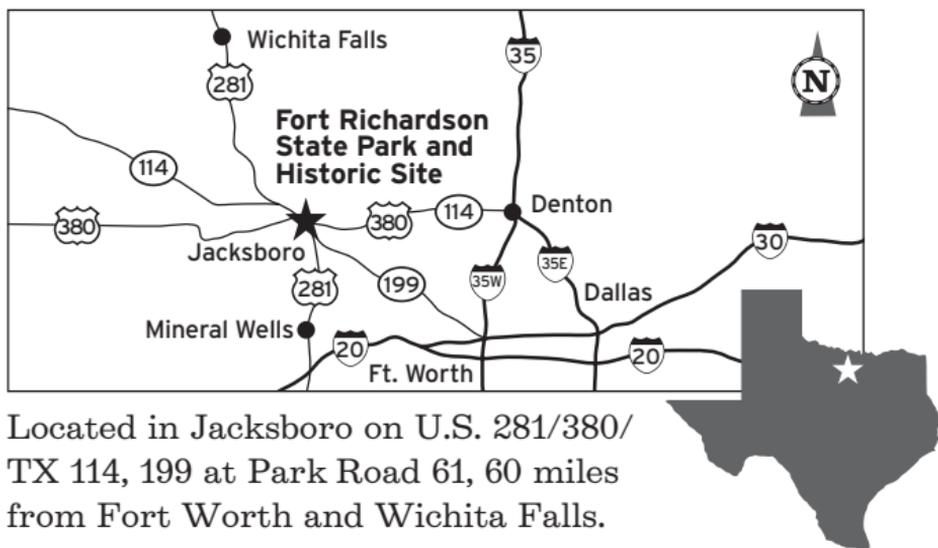

Picnicking: Picnic tables and grills.

Fishing: Former quarry holds black bass, sunfish and catfish. Rainbow trout stocked during winter.

Trails: 1.7-mile hiking trail, birding trail, two short nature trails; and 9.5-mile hike/bike/equestrian trail.
