TEXAS PARKS AND WILDLIFE DEPARTMENT
REGISTRATION OF USCG DOCUMENTED VESSELS

Description of Required Documents:

Vessel/Boat Application: Title & Registration, Registration for USCG, or Sales Tax Only (Form PWD 143) - is used to request a Texas title and/or registration for a vessel/boat or to pay sales tax only on vessels 65 feet and under. For vessels over 65 feet in length, sales data is required for data entry and is sent to the Comptroller of Public Accounts on a quarterly basis for follow-up billing of sales taxes owed, unless qualified for one of the listed exemptions to sales tax.

Vessel/Boat Records Maintenance (Form PWD 143M) - is used to renew TX vessel/boat registration; replace lost or destroyed registration decals or Certificate of Number ID Card; obtain additional ID cards; or make changes or corrections to your name, mailing address, vessel/boat description, or USCG information.

Renewal Request - includes the following options:

(1) Renew in person at a TPWD or participating County Tax Office with one of the following:

- Renewal Notice, or
- Written Request for Renewal. (Handwritten letters should include the TX number and/or hull identification/serial number, the owner's printed name, address (new and old if changing address), and signature), or
- Letter of Authorization (PWD 581), or
- For Owner on Record or Spouse * (with the same last name and address – government photo id is required) Printed Name & Signature on Transaction Receipt.

(2) Renew by mail - submit the fee (check or money order) and one of the following to: TPWD, 4200 Smith School Road, Austin, TX 78744.

- Renewal Notice, or
- Written Request for Renewal. (Handwritten letters should include the TX number and/or hull identification/serial number, the owner's printed name, address (new and old if changing address), and signature.)

* A spouse renewing registration with an address change must have either the green renewal notice (no signature needed), or a 143-M signed by the owner of record, or a signed Letter of Authorization (PWD 581) from the owner of record.

Letter of Authorization (Form PWD 581) - is used to designate another person to submit and pick up associated paperwork when the owner of record or applicant/purchaser cannot come in person. **This form is not a power of attorney and does not provide signature authority to the person bringing in the paperwork.** The PWD 581 must be accompanied by completed and signed applications required for the type of transaction being requested. The letter of authorization can be used as the application for registration renewal, decal and card replacements, however all other associated requests and applications must be signed by the owner of record.

In lieu of the form PWD 581, a handwritten letter from the owner of record or applicant/purchaser is acceptable. This letter must include a statement authorizing someone other than the owner of record or applicant/purchaser to conduct a specific registration and titling transaction for the owner of record or applicant/purchaser; the name of the person authorized to do business for the owner of record or applicant/purchaser; a description of the vessel and/or outboard motor (make, TX or serial number, and year built); and the signature of the owner of record or applicant/purchaser.

The spouse (with the same last name and address as the owner of record) may request replacement cards and decals and sign the 143-M without a letter of authorization; government photo id is required. A spouse requesting replacements with an address change must have either a 143-M signed by the owner of record, or a signed Letter of Authorization (PWD 581) from the owner of record.

Power of Attorney (Form PWD 1055)- is a legal document used to designate a representative (individual or company) to conduct business (sign) on behalf of another. Signatures must be notarized.

Description of Required Documents (Continued):

Bill of Sale or Invoice - is required for every transfer of ownership. Trailers are handled through your local County Tax office and the price of the trailer must be separated from the price of the boat and motor. One of the following is acceptable to meet the bill of sale or invoice requirement:

- (1) Form PWD 143/144 application - tax affidavit section on the application (sales price, date of sale, trade in information) must be completed and signed by the seller(s), OR
- (2) Back of TPWD (brown) title completed with sales information, the name of the purchaser(s) and signature of the owner(s) on record or their legal representative. (Older title formats are blue (boats) or green (motors) and do not have spaces for the bill of sale on the back.) OR
- (3) Handwritten Receipt or Sales Invoice - must contain date of sale, sales price (DO NOT include sales price of trailer), description of vessel and/or outboard motor (make, TX or serial number, and year built), purchaser's name(s), and seller's signature(s) (required by State tax law). If the bill of sale includes a reference to "other valuable consideration(s)" then for tax assessment purposes a written and signed explanation will be required from the seller(s) explaining the dollar value of "other valuable considerations".

Documentation to Link Previous Documented Owner to Applicant for the Bill of Sale - There are instances where the documented owner enlists the services of a dealer/broker to sell their documented vessel. In some instances, the Seller Signature on bill of sale is not the documented owner but a Dealer. Because the documentation does not show ownership progression by assignment, documentation should be provided to link the Dealer to the documented owner in order to ensure the appropriate person is signing the bill of sale. Acceptable documentation to show link may include original or photo copy of purchase agreement, PWD 143 from documented owner to dealer, or purchase invoice showing trade to dealer, etc.

Verification of Sales Tax Paid - One of the following is acceptable to show proof that sales or use tax was paid for the item in question.

- (1) Receipt from Texas Parks & Wildlife Department
- (2) Receipt from Texas Comptroller of Public Accounts
- (3) Receipt from County Tax Assessor-Collectors Office
- (4) Receipt from another state's governmental agency
- (5) Printout of TPWD record (sales tax only or USCG inquiry)
- (6) Proof of tax paid to seller (Bill of Sale or Invoice)

Proof of New Resident Status - Any of the following may be considered as proof of new residency:

- (1) Out of state registration (in the applicant's name),
- (2) Receipt for payment of taxes paid outside of Texas (paid by the applicant),
- (3) Proof of residency outside of Texas (example: copy of out of state government issued ID, utility bill) and proof of purchase date (bill of sale).

Application for Initial USCG Documentation - Applicants with a new vessel that have applied but are waiting for current Documentation may submit a copy of the application for initial Certificate of Documentation (Department of Transportation U.S. Coast Guard form CG1258) in the applicant's name.

Current USCG Documentation

One of the following is acceptable to show proof of current Documentation:

- (1) copy of current Certificate of Documentation, OR
- (2) Vessel search printout from NOAA National Marine Fisheries Service (NOAA Fisheries Service) website. *

* To obtain a vessel search printout go to the NOAA Fisheries Service website at:

<http://www.st.nmfs.noaa.gov/st1/CoastGuard.html>. You can search by USCG Official Number or by Vessel Name. If the USCG Number or Vessel Name is not available you can search the USCG website at: <http://cgmix.uscg.mil/PSIX/PSIXSearch.aspx> to obtain the USCG Number and/or Vessel Name. The website will open at an information disclaimer page - select "PSIX Search". The PSIX Vessel Search page allows you to search by entering one or more search criteria. A list of all matches to the search criteria will be retrieved; click on "name" of vessel to view details. From the detail page, take the USCG VIN (Official 7 digit number) or Vessel Name and use that to search on the NOAA website: <http://www.st.nmfs.noaa.gov/st1/CoastGuard>. Print the owner/vessel information page obtained from the NOAA site to submit with the application.

Description of Required Documents (Continued):

Expired USCG Documentation AND Copy of Application for Current USCG Documentation - Applicants with a used or previously documented vessel with expired Documentation that have applied but are waiting for current Documentation may submit:

- (1) Copy of the expired USCG Documentation in the previous owner's name, AND
- (2) Copy of application for current Certificate of Documentation with the U.S. Coast Guard (Department of Transportation U.S. Coast Guard form CG-1258) in the applicant's name. *

* To obtain a vessel search printout go to the NOAA Fisheries Service website at:

<http://www.st.nmfs.noaa.gov/st1/CoastGuard.html>. You can search by USCG Official Number or by Vessel Name. If the USCG Number or Vessel Name is not available you can search the USCG website at: <http://cgmix.uscg.mil/PSIX/PSIXSearch.aspx> to obtain the USCG Number and/or Vessel Name. Print the owner/vessel information page obtained from the NOAA site to submit with the application.

Texas Vessel Title or Out of State Vessel Title - If a certificate of title issued by Texas or another state is available it should be surrendered.

Written Notification - If you want to change the address, phone number, or citizenship indicator of a TPWD vessel/boat record that is in your name, you may use form PWD 143M OR submit a written request including your boat TX Number and/or serial number, current mailing address, and signature. Mail the request to Texas Parks & Wildlife Department, 4200 Smith School Road, Austin, Texas, 78744.

Affidavit of Fact (Form PWD 314) or Documentation Supporting Error - is used to provide explanations of specific situations.

All affidavits must include: (1) the date of the statement, (2) the description of the vessel and/or outboard motor (make, TX or serial number, and year built), (3) details explaining your situation, (4) required signature.

The specific situations below require the following information:

* **No bill of sale or invoice available** - If a vessel was purchased more than four years ago and there is no bill of sale, invoice or similar document to show the purchase or first use date in Texas, then a statement from the applicant attesting to the date is required. The affidavit must be completed and signed by the purchaser. The Texas Parks & Wildlife Department or the county Tax Assessor-Collector may require additional documentation if there is reason to question the information provided. (The applicant can request a copy of the abstract of title, which provides some history of the boat, from the U.S. Coast Guard.)

***Owner Name/Vessel Description/USCG Information Correction/Change** - When the Registration for a USCG Documented Vessel contains an error on the owner name/vessel description/USCG information, an affidavit from the registered owner must be submitted specifying what information needs to be corrected and why.

An affidavit of fact for voluntary USCG vessel name, port, or USCG number changes/corrections may not be necessary if Vessel/Boat Application (PWD143M) supplies sufficient information.

Documentation Supporting Error - documentation provided by the customer which clearly shows the error in coordination with office research of past transactions (electronic scanned images) which show the error.

Registration Decals - You are required to surrender the existing registration decal unless it has been lost, destroyed, or has not yet been issued.

Statement That Decals are Lost/Destroyed/Not Yet Fulfilled (Issued) - If the decal is lost, destroyed, or has not yet been issued, the owner/TPWD processor must indicate so by selecting the applicable box on the form PWD 143M.

Legal Document(s) - includes, but is not limited to the following support documents:

- (1) divorce decree,
- (2) for a legal name change, - a copy of the court order,
- (3) for a name change due to marriage - a copy of the marriage certificate.
