*for* **TEXAS**  
**LANDOWNERS**

## INTRODUCTION

Texas is a diverse state with a wealth of natural resources and a broad range of programs available to assist private landowners who are interested in conservation on their land. The purpose of this publication is to provide landowners with a resource that offers background information on these programs so that they may select those programs that best address their specific concerns. Landowners are encouraged to follow up with the appropriate agency after determining which programs might best suit their needs.

The programs are categorized according to their administration through state and federal agencies as well as private/alternative programs. Information provided includes the purpose of each program, eligibility, type of assistance (technical and/or financial), duration, cost-share amounts and contacts.

This resource list is a work in progress. Texas Parks and Wildlife Department will continue to add and revise information periodically. An electronic version of this publication is available on our Web site at **[www.tpwd.state.tx.us/landwater](http://www.tpwd.state.tx.us/landwater)**. Please check there for the most current updates. If you have any comments or questions, please contact TPWD at (800) 792-1112 or (512) 389-4800.
