Infrastructure HUB Subcontracting Opportunities

Date of HUB List: 01/28/21  Project/Contract Number: 1110061R

Description: Dundee Fish Hatchery Water Reuse - Effluent Pump Back

In accordance with Texas Administrative Code, Title 34, Part 1, Chapter 20, Subchapter D, Division 1, state agencies shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for Construction, Services (including Professional and Consulting Services), and Commodity procurements. The State of Texas Policy is to contract directly with HUBs or indirectly through subcontracting opportunities. Each Contractor/Vendor shall also make a good faith effort to utilize HUBs in subcontracting opportunities.

TPWD estimates the value of this contract to be $1,780,000 - 2,175,000 and further sets the HUB subcontracting goal at 11.2% of the contract’s value.

(Subcontractor - A person who contracts with a vendor to work, to supply commodities, or contribute toward completing work for a governmental entity as defined in Texas Government Code 2251.001.)

NOTE: The following list identifies potential subcontracting opportunities. You may have other opportunities or may self-perform some opportunities. You are not required to subcontract every potential subcontracting opportunity.
