INSTRUCTIONS TO BIDDERS

1. BIDS: Bids must be received in the Infrastructure Division of the Texas Parks and Wildlife Department (TPWD) Austin, Texas NO LATER THAN the date and time specified in the Notice to Bidders. Bids received after this time will not be considered and will be returned unreviewed. Bidders are advised that TPWD’s Headquarters Complex does not open until 8:00 A.M. Bidders should plan their delivery method accordingly. Each bid shall be submitted on the Contractor's Bid form provided.

FAXED AND/OR EMAILED BIDS WILL NOT BE ACCEPTED. BIDS MUST BE ENCLOSED IN A SEALED ENVELOPE, BOX, OR CONTAINER CLEARLY MARKED ON THE OUTSIDE AS AN “OFFICIAL BID” AND SHALL INCLUDE THE FOLLOWING INFORMATION: PROJECT NUMBER, PROJECT DESCRIPTION, PROJECT LOCATION, BID OPENING DATE AND TIME.

Bids shall have all blanks fully and legibly completed including a price for all alternates and/or unit costs when listed under the base bids on which a bid is submitted. Failure to do so shall result in rejection of the bid. Corrections in the bidder's bid shall be legible and initialed. The bid form shall show no alterations or qualifications of any kind. Bids must be signed by an individual who has the authority to legally bind the firm. TPWD reserves the right to require a bidder to furnish documentary evidence of Bidder’s signature authority.

Corrections, deletions, or additions to bids may be made by email, provided such email is received in correct and comprehensive form prior to the opening time of bids and an original reflecting said corrections, deletion, or additions must be submitted to TPWD within two (2) business days of submitted email. No telephonic instructions will be accepted. Email corrections, deletions or additions to bids shall be sent to contracting@tpwd.texas.gov, attention: Mindi Johnson, Contract Manager. This is the only number that will be used for receipt of corrections, deletions, or additions. TPWD shall NOT be responsible for failure of electronic equipment or operator error.

TPWD reserves the right to reject any or all bids and to waive any or all informalities in connection therewith. TPWD does not bind itself to accept the lowest bid or any part thereof, and reserves the right to ask for new bids for the whole or parts. The mere opening and reading aloud of a bid shall not constitute TPWD’s acceptance of the suitability of a bidder or a bid. The competency and responsibility of the bidders will be considered in making an award. TPWD reserves the right to award, partially award, or not award a contract if no responses are deemed acceptable; and may re-solicit as determined necessary and in the best of the State of Texas.

2. BASIS OF AWARD: Determination of the low bidder will be based on the lowest responsible base bid and/or a combination of the base bid and alternate bids. Alternates accepted will be considered in determining the low bidder, but TPWD does not obligate itself to accept an alternate or to accept alternates in any order listed unless otherwise stipulated elsewhere in the Invitation for Bids and Contract Documents.

3. UNIT PRICE/ESTIMATED QUANTITY BIDS: If the Bid furnished with this project requires a bid on a unit price/estimated quantity basis, the Bidder shall enter a unit price in the space provided therefor and a total item price based upon the estimated quantities shown on the bid form. Unit prices entered shall be the full price to TPWD including materials, labor, services, taxes, bonds, rentals, overhead, profit, etc., for the work described. Quantities shown reflect measurements taken from the Drawings and are assumed correct for bidding purposes. Final contract price will be based on actual quantities of work installed as determined by TPWD and Contractor upon completion of the work.
Award of contract shall be based upon the summation of the various unit price bids, but in case of error the unit prices shall govern and computations will be checked for accuracy before award is made.

Prices will also be reviewed for balance prior to award, and obvious imbalance in favor of work scheduled for early completion or subject to significant expansion after award may be grounds for rejection of the bid.

4. **BID SECURITY:** Unless otherwise stipulated in the Invitation for Bids and Contract Documents, only projects in which the total contract price exceeds $25,000.00, will require bid security. **Bids exceeding $25,000.00 must be accompanied by a bid bond, certified check or cashier's check drawn to the order of the Texas Parks and Wildlife Department for not less than five percent (5%) of the total amount of the bid (including total of all separate bids for one or more projects bid and multiple base bids and/or alternate bids and/or optional bids and/or allowances).** Therefore, to ensure adequate bid security, bidders should calculate bid security based on the highest possible monetary award. Certified checks and cashier checks must be originals. No other forms of bid security or checks will be accepted. **Bid will be rejected if the appropriate security is not furnished in the form specified above and by the time set for the bid opening.**

Bid security for the three (3) lowest bidders may be retained by TPWD until the successful bidder executes the contract, and if required, furnishes bonds and certificates of insurance. All other bid security will be returned as soon as practical after bid opening.

Bid security for the successful bidder will be returned following execution of the contract and submission of satisfactory bonds and insurance. If the successful bidder fails to return the signed contract (and bonds and certificate of insurance when required) within the time specified, the bid security may be forfeited not as a penalty but as liquidated damages.

5. **INSURANCE REQUIREMENTS:** The successful Contractor must certify the minimum insurance coverages as set forth by the contract, specifically, the Terms and Conditions, paragraph 12. The required insurance information shall be submitted within ten (10) calendar days from receipt of Notice of Selection. Failure to timely meet this requirement may result in disqualification of the bid and forfeiture of the bid security, if any. In such circumstances, TPWD shall be authorized to proceed with award to the next highest ranking, responsive and responsible bidder.

6. **BONDING REQUIREMENTS:** If the total contract price exceeds $25,000.00, a Payment Bond must be furnished by the successful Contractor. If the total contract price exceeds $100,000.00 a Payment Bond and a Performance Bond must be furnished by the successful Contractor. All bonds submitted shall be the original form bearing original signatures and seal. (See also Terms and Conditions)

7. **DISCREPANCIES:** Should any Bidder find discrepancies between Invitation for Bids and Contract Documents, or should Bidder be in doubt as to their exact meaning, Bidder should notify the Owner at once. The Owner may then, at its option, issue addenda clarifying same. The Owner will not be responsible for oral instructions or for misinterpretation of Invitation for Bids and Contract Documents.

8. **ADDENDA:** The Owner reserves the right to issue addenda at any time prior to the bid opening. (See also Terms and Conditions). All addenda shall be acknowledged as received on the Contractor’s Bid Form. **BIDDER'S FAILURE TO ACKNOWLEDGE RECEIPT OF ADDENDA MAY RESULT IN REJECTION OF BID.**
No oral explanation in regard to the meaning of the Bidding Documents will be made and no oral instructions will be given before the award of the contract. The Owner requests that all discrepancies, omissions or questions as to the meaning of Drawings and Specifications shall be communicated in writing to the Contract Manager for interpretation by 5:00PM May 9, 2019 to the attention of Contract Manager, Mindi Johnson, CTPM, CTCM at mindi.johnson@tpwd.texas.gov.

9. **PROHIBITED COMMUNICATIONS:** Upon issuance of this solicitation, TPWD, its representative(s), or partners will not answer questions or otherwise discuss the contents of this Solicitation with any potential Bidder or their representatives(s), except for the written inquiries described in the foregoing paragraph. Attempts to ask questions by phone or in person will not be allowed or recognized as valid.

**Failure to observe this restriction may disqualify Bidder.** Bidder shall rely only on written statements issued through or by TPWD’s contracting staff. This restriction does not preclude discussions between affected parties for the purposes of conducting business unrelated to this solicitation.

10. **LABOR LAWS:** Contractors must comply with all labor laws established by State and Federal statutes. (See also Terms and Conditions).

11. **STATE SALES TAX:** The Owner qualifies for exemption from State and Local Sales and Use Taxes pursuant to the provisions of the Texas Tax Code (Title 2, Chapter 151, Subsection 151.309).

The Contractor shall comply with applicable provisions of Chapter 34, Rules 3.291 and 3.357 of the Texas Administrative Code, or other procedures as may be prescribed by the State Comptroller of Public Accounts.

12. **CONTRACTOR QUALIFICATIONS:** A Contractor's Statement of Qualifications must be submitted with the bid. Failure to properly complete and provide a Contractor's Statement of Qualifications shall be cause for the Contractor's bid being rejected by the Owner. The Owner may make such investigations as necessary to determine the ability of the Contractor to perform the work, and reserves the right to reject any bid if the evidence submitted and/or obtained through investigation fails to satisfy the Owner that the Contractor is properly qualified to carry out the obligations of the Agreement.

13. **TEXAS IDENTIFICATION NUMBER:** Prior to any payment by Owner for the work or services required herein, the Contractor must be assigned a TEXAS IDENTIFICATION NUMBER (TIN) by the State Comptroller of Public Accounts. A space has been provided on the Contractor's Bid Form for provision of a TEXAS IDENTIFICATION NUMBER if available. If selected Contractor has not been assigned a TIN, the application form will be provided at Notice of Selection.

14. **SPECIAL REQUIREMENTS:** Bidders should refer to all of the Bidding and Contract Documents for special project requirements, if any, that may affect bidding.

15. **CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION:** Bidder certifies that the responding entity and its principals are eligible to participate in this transaction and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and the Bidder is in compliance with the State of Texas statutes and rules relating to procurement and that Bidder is not listed on the federal government's terrorism watch list as described in Executive Order 13224.

16. **PROTEST PROCEDURES:** Any Actual or prospective Respondent who is aggrieved in connection with this solicitation, evaluation, or award of any contract resulting from this solicitation may formally protest as provided in TPWD’s rules at TAC, Title 31, Part 2, Chapter 51, Subchapter L, Rule 51.350.

The undersigned further agrees that, if awarded the Contract, the work will be completed within one hundred twenty (120) calendar days commencing on the date specified in the Notice to Proceed.

The undersigned agrees that when written notice of bid acceptance is furnished by the Owner within sixty (60) calendar days after the bid opening date, the undersigned will, within the stipulated time, execute and deliver the contract and all required bonds, certificates of insurance, and PR-1 and PR-2 submittals to the Owner. CONDITIONS OF THE CONTRACT
1. **DEFINITIONS**: As used throughout this contract, the following terms have the meaning set forth below:

   (a) **Owner** - The Texas Parks and Wildlife Department (TPWD) acting on behalf of the State of Texas.

   (b) **Owner’s Designated Representative (ODR)** - the individual assigned by the Owner to act on its behalf and to undertake certain activities as specifically outlined in the Contract. The ODR is the only party authorized to direct changes to the scope, cost, or time of the contract. For the purposes of this contract, the ODR shall be Owner’s, Project Manager, Tony Bettis.

   (c) **Contractor** - The individual, corporation, limited liability company, partnership, firm, or other entity contracted to furnish the materials and to perform all Work under the contract with the Owner.

   (d) **Contract** - means the entire agreement between the Owner and the Contractor, including all of the Contract Documents.

   (e) **Contract Documents** - means those documents identified as a component of the agreement (contract) between the Owner and the Contractor. These may include, but are not limited to, Drawings, Specifications, Terms and Conditions, and all pre-bid and/or pre-proposal addenda.

2. **SITE**: The site of the Work is 789 Park Road 16, Tyler, Texas 75706 Smith County.

3. **DESCRIPTION OF WORK**: Furnish all labor, materials, tools, equipment and incidentals necessary for performance of all Work associated with Project Number MR10430 Replacement of Lift Station #2 at Tyler State Park as shown on the drawings and as specified in the Invitation for Bids and Contract Documents.

4. **PERFORMANCE TIME**: The Contractor shall complete all Work, including clean-up required by the contract within one hundred twenty (120) calendar days after the date specified in the Notice to Proceed.

5. **INQUIRIES**: All inquiries in regard to the Invitation for Bids and Contract Documents, to include any discrepancies thereto and administration of the contract, should be directed to Mindi Johnson, Contract Manager, 512-389-8282 or mindi.johnson@tpwd.texas.gov.

6. **EXAMINATION OF SITE**: Bidders should visit the site and be thoroughly familiar with job conditions such as the location, accessibility, and general character of the site and/or building prior to submitting a bid. Visits shall be scheduled with Gary Holmes, Construction Manager, at 512-627-4296. Bidders are strongly encouraged to visit the site and be familiar with the site conditions. Failure to give proper consideration in the bid to site conditions will not constitute grounds for additional compensation.

7. **VENUE**: Venue is hereby fixed in Travis County, Texas.
8. **LABOR, MATERIALS, AND WORKMANSHIP:**

(a) Unless otherwise specified herein, the Contractor shall furnish and pay for all labor, materials, equipment, tools, construction equipment, and machinery, water, heat, utilities (unless otherwise specified in the Invitation for Bids and Contract Documents), transportation, and other facilities and services necessary for the proper execution and completion of this contract. All materials incorporated in the Work shall be new and of the quality specified, and all Work shall be performed in a skillful and workmanlike manner. Where manufacturer’s names are mentioned in these contract documents, it has been done in order to establish a standard of quality and construction, not to preclude the use of equal or superior materials or products of other manufacturers. However, substitutions must have Owner’s prior approval.

(b) Unless otherwise indicated in the Contract Documents, equipment and material shall be installed in accordance with recommendations of the manufacturer to include such tests as manufacturer recommends. Both materials and workmanship shall be subject to the inspection of the Owner or its representative, who will require the Contractor to correct defective workmanship or material without cost to the Owner.

9. **INTENT OF THE CONTRACT DOCUMENTS:**

(a) The intent of the Invitation for Bids and Contract Documents is to include all of the Work for the contract price and within the contract time. All Invitation for Bids and Contract Documents are to be considered as cooperative. All Work not specified and/or not shown on the drawings, but which is necessary for the completion and/or functioning and operation of the project, shall be understood and implied as part of the contract to be performed by the Contractor for the contract price. Such Work shall be executed by the Contractor in the same manner and with the same character of material as other portions of the contract without extra compensation.

(b) It is the intention of the Invitation for Bids and Contract Documents to call for finished Work, tested, and ready for operation. Any apparatus, material or Work described in the Invitation for Bids and Contract Documents and any incidental accessories necessary to make the Work complete in all respects and ready for operation (even though not particularly specified) shall be furnished, delivered, and installed by the Contractor without additional expense to the Owner. Minor details not usually shown or specified but necessary for proper installation and operation are included in the Work just as if therein specified or shown.

(c) The Drawings depict the location and quantity of elements of the Work. The specifications indicate quality. All documents are intended to be complementary to produce the Work. Requirements of the specifications not included in the drawings or schedules or shown on the drawings and/or schedules and not included in the specifications shall be of like effect as if shown or mentioned in both. Explanatory notes on the drawings shall take precedence over conflicting drawn-out indications. Figured dimensions on drawings shall take precedence over scale measurements. Where figures are lacking, scale measurements may be followed, but in all cases the measurements are to be checked from the Work in place and those measured dimensions taken at the site shall take precedence over scale dimensions in drawings.

(d) In the event of conflict between Drawings and Specifications, the Specifications shall prevail. In the event of conflict among provisions of Specifications, using the CSI format, what is called for in the division of the predominant discipline will govern inconsistent provisions found elsewhere.
(e) In the event of conflict among the drawings, the large-scale drawings prevail over the small-scale drawings. Figures given on drawings shall govern over scaled measurements from drawings.

(f) Prior to commencing the Work, in order to facilitate its responsibilities for completion of the Work in accordance with and as reasonably inferable from the Contract Documents, prior to pricing or commencing the Work, the Contractor shall examine and compare the Contract Documents, information furnished by the Owner, relevant field measurements made by the Contractor and any visible or reasonably anticipated conditions at the site affecting the Work. This duty extends throughout the construction phase prior to commencing each particular Work activity and/or system installation.

(g) The Owner does not warrant or make any representations as to the accuracy or completeness of the information furnished to the Contractor by the Owner. The Contractor shall promptly report in writing to the Owner the discovery of any apparent error, omission or inconsistency in the Contract Documents prior to execution of the Work. It is recognized, however, that the Contractor is not acting in the capacity of a licensed design professional, and that the Contractor's examination is to facilitate construction and does not create an affirmative responsibility to detect errors, omissions or inconsistencies or to ascertain compliance with applicable laws, building codes or regulations. If, however, the Contractor fails to perform the examination and reporting obligations of these provisions, the Contractor shall be responsible for any avoidable costs or direct damages.

(h) All Work shall be performed and furnished by the Contractor in accordance with accepted construction industry practices.

(i) A duplication of Work is not intended by the Contract Documents and any duplication shall not become a basis for extra cost to the Owner.

10. PERMITS AND LAWS: Contractor shall comply with all laws, ordinances, statutes, rules and regulations applicable to the project, including but not limited to those pertaining to the collection, transportation and disposal of trash and refuse and shall obtain such permits, licenses or other authorizations as may be required.

If applicable governmental laws, rules, regulations or ordinances conflict with the Contract Documents, then such laws, rules, regulations, or ordinances shall govern instead of the Contract Documents, except in such cases where the Contract Documents exceed them in quality of materials or labor, then the Contract Documents shall be followed.

11. LABOR, LAWS AND WAGES:

In the execution of this contract, the Contractor must comply with all applicable State and Federal laws, regulations and rules including but not limited to those concerned with labor, equal employment opportunity, safety and minimum wages. The Contractor shall obtain and pay for all permits required in connection with the execution of Contractor’s Work. The Owner shall be furnished with certified copies of these permits if the Owner so requests. If such laws, regulations or rules conflict with the Invitation for Bids and Contract Documents, then the laws, regulations or rules, shall govern instead of the Invitation for Bids and Contract Documents, except in such cases where the Invitation for Bids and Contract Documents exceed them in quality of materials or labor, then the Invitation for Bids and Contract Documents shall be followed.

(a) Duty to Pay Prevailing Wage Rates. The Contractor shall not pay less than the wage scale of the various classes of labor as shown on the prevailing wage schedule provided by Owner in the bid or proposal specifications. The specified wage rates are minimum rates only. Owner is not bound to pay any claims for additional compensation made by any
Contractor because the Contractor pays wages in excess of the applicable minimum rate contained in the Contract. The prevailing wage schedule is not a representation that qualified labor adequate to perform the Work is available locally at the prevailing wage rates.

(b) **Notification to Workers.** Contractor shall post the prevailing wage schedule in a place conspicuous to all workers on the Project Site. When requested by Owner, Contractor shall furnish evidence of compliance with the Texas Prevailing Wage Law and the addresses of all workers.

i. Pursuant to Tex. Gov’t Code § 2258.024, Contractor shall keep, on site, true and accurate records showing the name and occupation of each worker employed by the Contractor or subcontractors and the actual per diem wages paid to each worker. The record shall be open to inspection by the ODR and their agents at all reasonable hours for the duration of the contract.

ii. With each application for progress payment, Contractor shall make available upon request certified payroll records, including from subcontractors of any tier level, on Form WH-347 as promulgated by the U.S. Department of Labor, as may be revised from time to time and in unlocked and unprotected Excel format, along with copies of any and all Contract Documents between Contractor and any Subcontractors. Pursuant to Tex. Penal Code §§ 37.02 and 37.10, Employees of Contractor and subcontractors, including all tier levels, shall be subject to prosecution for submitting certified payroll records that contain materially false information.

iii. The prevailing wage schedule is determined by Owner in compliance with Tex. Gov’t Code, Ch. 2258. Should Contractor at any time become aware that a particular skill or trade not reflected on Owner’s prevailing wage schedule will be or is being employed in the Work, whether by Contractor or by Subcontractor, Contractor shall promptly inform ODR of the proposed wage to be paid for the skill along with a justification for same and ODR shall promptly concur with or reject the proposed wage and classification.

iv. Contractor is responsible for determining the most appropriate wage for a particular skill in relation to similar skills or trades identified on the prevailing wage schedule. In no case, shall any worker be paid less than the wage indicated for laborers.

v. Pursuant to Tex. Labor Code § 214.008, Misclassification of Workers; Penalty. The Owner requires Contractor and all subcontractors properly classify individuals as Employees or Independent Contractors.

(c) **Penalty for Violation.** Contractor, and any Subcontractor, will pay to the State a penalty of sixty dollars ($60) for each worker employed for each day, or portion thereof, that the worker is paid less than the wage rates stipulated in the prevailing wage schedule.

(d) **Complaints of Violations.**

i. **Owner’s Determination of Good Cause.** Upon receipt of information concerning a violation, Owner will conduct an investigation in accordance with Tex. Gov’t Code, Ch. 2258 and make an initial determination as to whether good cause exists that a violation occurred. Upon making a good cause finding, Owner will retain the full amounts claimed by the claimant or claimants as the difference between
wages paid and wages due under the prevailing wage schedule and any supplements thereto, together with the applicable penalties in accordance with Tex. Gov’t Code § 2258.023, such amounts being subtracted from successive progress payments pending a final decision on the violation.

ii. **No Extension of Time.** If Owner’s determination proves valid that good cause existed to believe a violation had occurred, Contractor is not entitled to an extension of time for any delay arising directly or indirectly from the arbitration procedures.

iii. **Cooperation with Owner’s Investigation.** Contractor shall cooperate with Owner during any investigations hereunder. Such cooperation shall include, but not necessarily be limited to, timely providing the information and/or documentation requested by Owner, which may include certified payroll records on Form WH-347 as promulgated by the U.S. Department of Labor, as may be revised from time to time and in unlocked and unprotected Excel format; and copies of any and all Contract Documents between Contractor and any Subcontractors.

iv. **Notification to Owner.** In the event Contractor or Subcontractor elect to appeal an initial determination made pursuant to Paragraph 2.2.3.1, the Contractor and/or Subcontractor, as applicable, shall deliver notice thereof to Owner.

12. **INSURANCE REQUIREMENTS:**

(a) Contractor shall carry insurance in the types and amounts indicated in this Article for the duration of the Contract. The insurance shall be evidenced by delivery to Owner of certificates of insurance executed by the insurer or its authorized agent stating coverages, limits, expiration dates and compliance with all applicable required provisions. Upon request, Owner, and/or its agents, shall be entitled to receive without expense, copies of the policies and all endorsements. Contractor shall update all expired policies prior to submission for monthly payment. Failure to update policies shall be reason for withholding of payment until renewal is provided to Owner.

(b) Contractor shall provide and maintain all insurance coverage with the minimum amounts described below until the end of the warranty period unless otherwise stated in these Terms and Conditions. Failure to maintain insurance coverage, as required, is grounds for suspension of Work for cause.

(c) Contractor shall deliver to Owner true and complete copies of certificates and corresponding policy endorsements prior to the issuance of any Notice to Proceed.

(d) Failure of Owner to demand such certificates or other evidence of Contractor's full compliance with these insurance requirements or failure of Owner to identify a deficiency in compliance from the evidence provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

(e) The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor’s liability under the indemnities granted to Owner in the Contract Documents.

(f) The insurance coverage and limits established herein shall not be interpreted as any representation or warranty that the insurance coverage and limits necessarily will be adequate to protect Contractor.
(g) Coverage shall be written on an occurrence basis by companies authorized and admitted to do business in the State of Texas and rated A or better by A.M. Best Company or similar rating company or otherwise acceptable to Owner.

If the total contract price exceeds $100,000, the Contractor shall execute a Payment Bond and a Performance Bond to the Owner in the amount of the total contract price. The performance bond is payable to the State in the full amount of the Contract and is solely for the protection of the State and is conditioned on the faithful performance of the Work in accordance with the Contract Documents. The payment bond is payable to the State in the full amount of the Contract and is solely for the protection and use of payment bond beneficiaries who have a direct contractual relationship with the Contractor or a supplier of required materials or labor. Each bond shall be executed by a corporate surety or corporate sureties duly authorized to do business in the State of Texas and on forms provided by the Owner and approved by the Attorney General of Texas. Corporate sureties authorized to issue bonds shall be qualified and comply with relevant provisions of the Texas Insurance Code. The Contractor shall submit the executed performance and payment bonds to the Owner within the time stipulated within these documents. The process of requiring and accepting bonds and making claims there under shall be conducted in compliance with Chapter 2253, Texas Government Code. If for any reason a statutory payment or performance bond is not honored by the surety, the Contractor shall fully indemnify and hold the Owner harmless of and from any costs, losses, obligations or liabilities it incurs as a result. Owner shall furnish a copy of the payment bond and the related Contract to any qualified person seeking copies who complies with §2253.026, Texas Government Code. Claims on payment bonds must be sent directly to the Contractor and his surety in accordance with § 2253.041, Texas Government Code. All Payment Bond claimants are cautioned that no lien exists on the funds unpaid to the Contractor on such Contract, and that reliance on notices sent to the Owner may result in loss of their rights against the Contractor and/or his surety. The Owner is not responsible in any manner to a claimant for collection of unpaid bills and accepts no such responsibility because of any representation by any agent or employee. When the value of the Contract between the Owner and the Contractor is less than $25,000.00, claimants and their rights are governed by Texas Property Code, §§ 53.231 – 53.239. These provisions set out the requirements for filing a valid lien on funds unpaid to the Contractor as of the time of filing the claim, actions necessary to release the lien and satisfaction of such claims. If the Contractor fails to submit such bond within the time stipulated herein, Owner may disqualify the bid. In such circumstances, TPWD shall be authorized to proceed with award to the next lowest, responsive and responsible bidder.

Such addenda shall become a part of the contract and shall modify the Contract Documents accordingly. Oral changes in the Work made during the period of bidding will not be binding. (a) The Owner may, in writing, order changes in the Contract Documents within the general scope of the contract.

(b) The Contractor shall promptly notify the Owner in writing of subsurface or latent physical conditions differing materially from those indicated in this contract or unknown unusual physical conditions at the site, before proceeding further with the Work.

(c) If changes pursuant to this section increase or decrease the cost of, or time required for, performing the Work, then upon assertion of a claim in writing by the Contractor prior to the making of final payment under the contract, a written equitable adjustment by change order may be made. However, no adjustment shall be made unless the written notice required therein was given timely, or unless the Owner waives the requirement therefore. If the adjustment cannot be agreed upon, the dispute shall be decided pursuant to the paragraph entitled “Disputes”.

(d) It is recognized by the parties hereto and agreed by them that the Specifications and Drawings may not be complete or free from errors, omissions and imperfections or that they may require changes or additions in order for the Work to be completed to the satisfaction of Owner and that, accordingly, it is the express intention of the parties, notwithstanding any other provisions in this Contract, that any errors, omissions or imperfections in such Specifications and Drawings, or any changes in or additions to same or to the Work ordered by Owner and any resulting delays in the Work or increases in Contractor’s costs and expenses arising out of such errors, shall not constitute or give rise to any claim, demand or cause of action of any nature whatsoever in favor of Contractor, whether for breach of Contract, or otherwise; provided, however, that Owner shall be liable to Contractor for the sum stated to be due Contractor in any Change Order approved and signed by both parties, it being agreed hereby that such sum, together with any extension of time contained in said Change Order, shall constitute full compensation to Contractor for all costs, expenses and damages to Contractor, as permitted under Tex. Gov’t Code, Chapter 2260.

(e) Unit Prices: If unit prices are stated in the Contract Documents or subsequently agreed upon, and if the quantities originally contemplated are so changed in a Proposed Change Order that application of the agreed unit prices to the quantities of Work proposed will cause substantial inequity to Owner or Contractor, the applicable unit prices shall be equitably adjusted as agreed to by the parties and incorporated into a Change Order.

(f) Any unexpected circumstance which necessitates an immediate change in order to avoid a delay in progress of the Work may be expedited by verbal communication authorization between Contractor and Owner, with written confirmation following within twenty-four (24) hours. A limited scope not to exceed estimate of costs and time will be requested prior to authorizing Work to proceed. Should the estimate be impractical for any reason, ODR may authorize the use of detailed cost records of such Work to establish and confirm the actual costs and time for documentation in a formal change order.

(g) Pricing Change Order Work: The amounts that Contractor and/or its Subcontractor adds to a Change Order for profit and overhead will also be considered by Owner before approval is given. The amounts established hereinafter are the maximums that are acceptable to Owner.

i. For Work performed by its forces, Contractor will be allowed their actual costs for materials, the total amount of wages (including benefits) paid for labor, plus the total cost of State and Federal payroll taxes and of worker’s
compensation and comprehensive general liability insurance, plus additional bond and builders risk insurance cost if the change results in an increase in the premium paid by Contractor. To the total of the above costs, Contractor will be allowed to add a percentage as noted below to cover overhead and profit combined. Allowable percentages for overhead and profit on any specific change shall not exceed fifteen (15) percent for the first $10,000 of value for self-performed Work or portion thereof, ten (10) percent for the second $10,000 of value for self-performed Work or portion thereof and seven and a half (7.5) percent for any value of the self-performed Work that exceeds $20,000.

ii. For subcontracted Work each affected Subcontractor shall figure its costs, overhead and profit as described above for Contractor’s Work, all Subcontractor costs shall be combined, and to that total Subcontractor cost Contractor will be allowed to add a maximum mark-up of ten (10) percent for the first $10,000 of subcontracted Work value or portion thereof, seven and half (7.5) percent for the second $10,000 of subcontracted Work value or portion thereof, and five (5) percent for any value of the subcontracted Work exceeding $20,000.

iii. All proposed costs for change order Work must be supported by itemized accounting of material, equipment and associated itemized installation costs in sufficient detail, following the outline and organization of the established Schedule of Values, to permit analysis by A/E and ODR using current estimating guides and/or practices. Photocopies of Subcontractor and vendor proposals shall be furnished unless specifically waived by ODR. Contractor shall provide written response to a change request within twenty-one (21) days of receipt.

20. DISPUTES:

(a) The dispute resolution process provided for in Tex. Gov’t Code, Chapter 2260, and the procedures provided in Title 31, Part 2, Chapter 51, Subchapter J of the Texas Administrative Code shall be used by the Owner and the Contractor to attempt to resolve any claim for breach of contract made by the Contractor, that is not resolved under procedures described throughout the Terms and Conditions of the Contract.

(b) Nothing herein shall hinder, prevent, or be construed as a waiver of Owner’s right to seek redress on any disputed matter in a court of competent jurisdiction.

(c) Nothing herein shall waive or be construed as a waiver of the State’s sovereign immunity.

21. PAYMENTS TO CONTRACTOR:

(a) If the contract time (or valid extension thereof) exceeds thirty (30) calendar days then upon presentation of a properly executed voucher, progress payments equal to 90% of the value of Work performed may be made monthly on estimates approved by the Owner. Such voucher shall be accompanied by Contractor’s Progress Payment Affidavit form furnished by Owner. Upon payment therefore, title to the property shall vest in the Owner. This provision shall not be construed as relieving the Contractor from sole responsibility for all material and Work upon which payments have been made or the restoration of any damaged Work, or as waiving the right of the Owner to require the fulfillment of all of the terms of the contract. Final payment will be made after all Work is completed and accepted.

(b) Final Payment constitutes a waiver of all claims by the Owner, relating to the condition of the Work except those arising from:
i. Faulty or defective Work appearing after Substantial Completion (latent defects); and/or

ii. Failure of the Work to comply with the requirements of the Contract Documents; and/or

iii. Terms of any warranties required by the Contract, or implied by law; and/or

iv. Claims arising from personal injury or property damage to third parties.

(c) The final payment shall not become due until the Contractor submits to the Owner the following:

i. A fully executed Contractor’s Final Payment Affidavit form furnished by Owner. Also, if required by Owner, the Contractor shall submit other data establishing payment or satisfaction of all such obligations, such as receipts, releases and waivers of claims arising out of the contract, to the extent and in such form as may be designated by the Owner. If any Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify it against any such claim;

ii. Two (2) sets of approved project submittals and all equipment and materials warranties/guarantees as provided by suppliers and/or manufacturers;

iii. One (1) set of “as-built” drawings and specifications showing all changes to the original construction documents. Drawings also shall show routing of underground outside utilities and conduits with actual dimensions from buildings or other known landmarks.

iv. If contract exceeds $25,000, Consent of Surety to Final Payment form provided by Owner.

(d) The Owner may reduce any Construction Voucher prior to payment to the extent necessary to protect the Owner from loss on account of actions of the Contractor, including, but not limited to:

i. Defective Work not remedied;

ii. Damage to Work of a separate contractor;

iii. Failure to maintain scheduled progress;

iv. Failure to comply with the requirements of Texas Government Code Chapter 2258 (Prevailing Wage Law); or

v. For Contracts with a value of less than $25,000 for which no payment bond is posted, receipt of written notice by the Owner of unpaid bills, filed in conformance with § 53.232, Texas Property Code. Any funds so withheld shall be released to the Contractor if he furnishes a bond or release of lien as provided in § 53.236, Texas Property Code;

vi. Failure to maintain a current record set of "As-Built" documents on site; and/or

vii. Failure to maintain or to allow Owner's inspection of payroll records.
(e) Submission of an Application for Final Payment by the Contractor constitutes a waiver of all claims and liens by the Contractor except those specifically identified in writing and submitted to the ODR prior to the application for Final Payment.

(f) Regardless of approval and issuance of Final Payment, the Contract is not deemed fully performed by the Contractor and closed out until the expiration of all warranty periods.

22. TERMINATION FOR DEFAULT:

(a) The Owner may, without prejudice to any right or remedy terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor, under the following circumstances:

   i. Persistent or repeated failure or refusal, except during complete or partial suspensions of Work authorized under the Contract Documents, to supply enough properly skilled workmen or proper materials;

   ii. Persistent disregard of laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, including Owner;

   iii. Persistent failure to prosecute the Work in accordance with the Contract Documents, and to insure its completion within the time, or any extension thereof, specified in this contract;

   iv. Failure to remedy defective Work condemned by the Owner;

   v. Failure to pay subcontractors, laborers, materialmen and suppliers pursuant to Texas Government Code Chapter 2251;

   vi. Persistent endangerment, by the Contractor or its Subcontractors or other vendors, of the safety of labor or of the Work itself;

   vii. Failure to maintain statutory bonds, if applicable and required herein, or failure to maintain insurance as required herein; or

   viii. Any other material breach of the Contract.

   ix. Contractor’s insolvency, bankruptcy, or demonstrated financial inability to perform the Work.

(b) The Owner reserves the right to terminate at any time for any of the above-listed reasons or causes. Owner’s failure to exercise the right to terminate in any instance or for any proper reason shall not be construed as waiver of the right to do so in any other instance or for any other proper reason.

(c) The Owner shall give the Contractor and its Surety (if applicable) fifteen (15) days’ prior written notice of its intent to terminate for any of the above reasons. If the Contractor or the Surety demonstrates, to the satisfaction of the Owner, that the condition or conditions upon which the notice of termination is based have been removed, corrected, or will not recur, then the Owner shall rescind the notice and the Contract shall continue unmodified, and the Contractor shall not be entitled an extension of time. Should the Contractor or the surety fail to so demonstrate within thirty days following receipt of such notice, or fail to satisfy the Owner that the condition or conditions upon which the notice of termination is based have been removed, corrected, or will not recur, the Owner may arrange for completion of the Work and deduct the cost thereof from the unpaid Contract sum remaining, including the cost of additional Architect/Engineer services made necessary by such default or neglect, in which event no further payment shall then be made to the Contractor, by the Owner until all costs of completing the Work shall have been paid. If the unpaid balance of the Contract Sum exceeds the costs of finishing the Work, including compensation for the Architect/Engineer's additional services made necessary thereby, such excess shall be paid to the Contractor. If such costs exceed the unpaid balance, the Contractor or his surety shall pay the difference to the Owner. This obligation for payment
shall survive the termination of the Contract. The Owner reserves the right, where the Contract is terminated for cause, to take assignment of any and all contracts between the Contractor and its Subcontractors, vendors and suppliers, and the ODR shall promptly notify the Contractor of the contracts the Owner elects to assume. Upon receipt of such notice, the Contractor shall promptly take all steps necessary to affect such assignment.

23. **TERMINATION FOR CONVENIENCE OF OWNER:** Prior to, or during the performance of the Work, the Owner reserves the right to terminate the Contract for unforeseen causes not limited to court orders, loss of funding, acts of the federal government to discontinue the Work, etc., that may occur and render the Owner’s continued performance of the Contract impossible or illegal. Upon such an occurrence, the following procedures will be adhered to:

(a) The Owner will immediately notify the Contractor in writing, specifying the reason for and the effective termination date of the Contract. Such notice shall also contain any instructions necessary for the protection, storage or decommissioning of incomplete Work or systems, and for safety;

(b) After receipt of the notice of termination, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due at that point in the contract and shall:

1. Stop all Work;
2. Place no further subcontracts or orders for materials or services;
3. Terminate all subcontracts for convenience;
4. Cancel all material and equipment orders as applicable;
5. Take action that is necessary to protect and preserve all property related to this Contract which is in the possession of the Contractor.

(c) Within 30 days of the notice of termination, the Contractor shall submit the final termination settlement proposal to the Owner based upon costs up to the date of termination, any provable loss (excluding anticipated profits and the cost for preparation of the final termination settlement proposal). If the Contractor fails to submit the proposal within the time allowed, the Owner may determine the amount due to the Contractor because of the termination and shall pay the determined amount to the Contractor.

(d) If the Contractor and the Owner fail to agree on the settlement amount, the matter will be handled as a dispute through administrative procedures as established in paragraph entitled “Disputes” of these Terms and Conditions (Construction).

24. **WARRANTY OF CONSTRUCTION:**

(a) Contractor warrants to the Owner that all Work shall be executed in accordance with the Contract Documents, complete in all parts and in accordance with approved practices and customs, and of the best finish and workmanship. Unless otherwise specified, all materials and equipment incorporated in the Work under the Contract shall be new. The Owner may, at its option, agree in writing to waive any failure of the Work to conform to the Contract Documents, and to accept a reduction in the Contract Price for the cost of repair or diminution in value of the Work by reason of such defect. Absent such a written agreement, however, the Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute and is not waived by any inspection or observation by the Owner, Architect/Engineer or others, by making any progress payment or final payment, except as provided in §19, by the use or occupancy of the Work or any portion thereof by the Owner, at any time, or by any repair or correction of such defect made by the Owner.
(b) Except as otherwise specified, the Contractor shall repair all defects in materials, equipment or workmanship appearing within one year from the date of Substantial Completion of the Work as a whole. Upon receipt of written notice from the Owner of the discovery of any defects, the Contractor shall promptly and at its own cost remedy the defects and replace any property damaged therefrom. In case of emergency where delay would cause serious risk of loss or damage to the Owner, or if the Contractor, after notice, fails to proceed promptly and remedy within fifteen (15) days or within another period of time which has been agreed to in writing, in compliance with the terms of the warranty and guarantee, the Owner may have the defects corrected and the Contractor and his surety shall be liable for all expenses incurred.

(c) Where a particular piece of equipment or component of the Work for which a separate warranty is required under the Contract Documents is placed in continuous service before Substantial Completion, the date of service commencement shall be certified by the Architect/Engineer and the Warranty Period for that equipment or component shall run from the date so certified. In addition to the Contractor's warranty and duty to repair, as set forth in herein, the Contractor expressly assumes all warranty obligations required under the Contract Documents for specific building components, systems and equipment. The Contractor may satisfy any such obligation by obtaining and assigning to the Owner a complying warranty from a manufacturer, supplier, or subcontractor. Where an assigned warranty is tendered and accepted by the Owner which does not fully comply with the requirements of the Contract Documents, the Contractor shall remain liable to the Owner on all elements of the required warranty that are not provided by the assigned warranty.

25. INDEMNIFICATION AND HOLD HARMLESS:

The indemnity provided for in this paragraph does not apply to any liability resulting from the negligence of the Owner, officers or employees, separate Contractors or assigned contractors, in instances where such negligence causes personal injury, death or property damage. IN THE EVENT CONTRACTOR AND OWNER ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY WILL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, WITHOUT WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE STATE UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

(a) The provisions of this Indemnification are solely for the benefit of the parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

(b) Promptly advise the Owner in writing of any claim or demand against the Owner or the Contractor known to the Contractor related to or arising out of the Contractor’s activities under this Contract.
26. **FORCE MAJEURE:**

The Owner may grant relief from performance of contract if the Contractor is prevented from performance by an act of war, order of legal authority, act of God, or other unavoidable cause not attributable to the fault or negligence of Contractor. The burden of proof for the need of such relief shall rest upon the Contractor. To obtain release based on force majeure, the Contractor shall file a written request with the Owner.

27. **DELAYS AND EXTENSION OF TIME:**

(a) The Contractor may be granted an extension of time because of changes ordered in the Work or because of unforeseeable delays not within the control of or arising from the fault of either the Contractor or Owner caused by the following:

ii. Physical damage to the Work caused by circumstances beyond the control of the Contractor;

iii. War, civil unrest or insurrection;

iv. Other unforeseeable causes beyond the control of either the Contractor or the Owner, including inclement weather, but not for delays that merely extend the duration of non-critical activities, or which consume only float without delaying the project completion date.

(b) Claims or extensions of time must be made in writing within thirty (30) calendar days after the onset of the event or circumstance giving rise to the delay, except in the case of inclement weather, claims for which shall be submitted in writing within 30 calendar days after cessation of the cause of the delay. All time extension claims shall be supported by sufficient written evidence to justify the claim. In the case of a continuing cause of delay, only one claim is necessary. Claims for extensions of time shall be stated in numbers of whole calendar days. In case of claims for extension of time because of inclement weather, such extension of time shall be granted only because such inclement weather prevented the execution of major or critical path items of Work.

28. **NO DAMAGES FOR DELAY:** THE CONTRACTOR HAS NO CLAIM FOR MONETARY DAMAGES FOR DELAY OR HINDRANCES TO THE WORK FROM ANY CAUSE, INCLUDING WITHOUT LIMITATION ANY ACT OR OMISSION OF THE OWNER.

29. **COMPLIANCE WITH LAWS AND SAFETY PRECAUTIONS AND PROGRAMS:**

30. **CONTRACT COMPLETION AND LIQUIDATED DAMAGES:**

(a) **Contract Period:** This contract must be completed within the specified number of days commencing on the date stated in the Notice to Proceed. Unless specifically stated as “working day”, the term “day” “or “calendar day” shall mean every day of the year. Contractor shall submit a schedule for normal working days.

(b) The Owner has determined that the completion of the Work in this contract is critical to the proper operation of the facility, and the Contractor's failure to complete the Work within such time will cause damage to the Owner. Since exact damages are difficult to determine or forecast, the sum of **$339.22** per calendar day is hereby established by the parties as a reasonable estimate of just compensation to the Owner for the failure of the Contractor to complete the Work by the time set forth in the contract or authorized extension thereto. Said sum will be deducted from the money due or to become due to the Contractor, not as a penalty, but as liquidated damages and added expense including administrative and inspection costs for each and every calendar day the Work or any portion thereof shall remain incomplete after the expiration of the time limit set in the contract or authorized extension.

(c) Charges for liquidated damages will begin accumulating on the first calendar day following the final contract completion date and continue until the date of final acceptance as established by the Owner. It is the responsibility of the Contractor to maintain convenient access and egress to facilities in a manner to be approved by the Owner. The Contractor shall also be responsible for public safety at the construction site. The Contractor shall be responsible for keeping these drawings and specifications current and neatly noting with colored pencil or ink the actual conditions of the Work and show and reference all changes made during construction. These drawings will be checked once each month by the Owner and partial payments will not be made to the Contractor until the Owner verifies that the records are being properly kept. Such inspections shall not constitute review or approval of the as-built documents for accuracy or completeness. These construction drawings shall be turned over to the Owner at the completion of the project. Final payment will not be made until these documents have been received and approved by the Owner.

43. CLEAN-UP: The Contractor shall remove all waste products, dust, dirt, debris, packaging, trash, fingerprints, grease containers, and other deleterious materials and marks from the site upon completion of the Work. 51. CIVIL RIGHTS: The Contractor agrees that no person shall, on the ground of race, color, religion, sex, national origin, age, disability, political affiliation, or religious belief, be excluded from the participation in, be denied the benefits of, be subjected to discrimination under, or be denied employment in the administration of, or in connection with, any program or activity funded in whole or in part with funds available under this Contract. 53. SEVERABILITY CLAUSE: If any provision of this Contract is construed to be illegal or invalid, such construction will not affect the legality or validity of any of its other provisions. The illegal or invalid provision will be deemed severable and stricken from the contract as if it had never been incorporated herein, but all other provisions will remain in full force and effect.

54. NO WAIVER: Nothing in this Contract shall be construed as a waiver of the state’s sovereign immunity. This Contract shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies or immunities available to the State of Texas. The failure to enforce or any delay in the enforcement of any privileges, rights, defenses, remedies or immunities available to the State of Texas under this Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies or immunities or be considered as a basis for estoppel. The Owner does not waive any privileges, rights, defenses or immunities available to the Owner by entering into this Contract or by its conduct prior to or subsequent to entering into this Contract.

55. DECEPTIVE TRADE PRACTICES; UNFAIR BUSINESS PRACTICES: Contractor represents and warrants that it has not been the subject of allegations of Deceptive Trade Practices violations under Tex. 59. PROPRIETARY OR CONFIDENTIAL INFORMATION; TEXAS PUBLIC INFORMATION ACT:

(a) Any proprietary, trade secret or otherwise confidential information Bidder includes in its Bid must be clearly labeled as proprietary or confidential information, and Bidder must identify the specific exception to disclosure in the Public Information Act (PIA). Merely making a blanket claim the entire Bid is protected from disclosure because it contains some proprietary information is not acceptable and shall make the entire Bid subject to release under the PIA. In order for the Owner to initial the process of seeking an Attorney General opinion on the release of proprietary or confidential information, the specific provisions of the Bid that are considered by the Bidder to be proprietary or confidential must be clearly labeled as described herein. If this certification is falsely made, the Contract may be immediately terminated, at the discretion of the state and at no fault to the state, with no prior notification. The Contractor shall also be responsible for the costs of any re-solicitation that the state must undertake to replace the terminated Contract.

Chapter 2258, Texas Government Code, Title 10 requires that state agencies, (including universities), cities, counties, independent school districts, and all other political subdivisions that engage in public works construction projects produce and include prevailing wage rate determinations in the project bidding and contract documents.

Chapter 2258 requires that the contractor who is awarded a contract by a public body and a contractor's subcontractor shall pay not less than the rates determined by such state agencies to workers employed for the execution of such work. Pursuant to Chapter 2258, Texas Parks and Wildlife has ascertained the following wages to be paid for the various classifications of workers, in the locality of this project. In determining these wages, TPWD has utilized the Prevailing Wage Rates as determined by the U.S. DOL in accordance with the Davis-Bacon Act.

See attached wage rate document.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of $10.60 for calendar year 2019 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least $10.60 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (I) (ii)).
determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classifications listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.
