ADDENDUM NO. ONE (01)

PROJECT NO. MR6939
NEW GATE SYSTEM AT PARK ENTRANCE
PEDERNALLES FALLS STATE PARK

NOTICE TO ALL BIDDERS:

This addendum shall be considered part of the Contract Documents and is issued to change, amplify, or delete from or otherwise explain the documents where provisions of this addendum differ from those of the original contract documents. This addendum shall have precedence over the original contract documents and shall govern.

Bidders are hereby notified that they shall incorporate this addendum in their bid, and it shall be construed that the Contractor's Bid shall reflect with full knowledge, all items, changes and modifications to the contract documents herein specified.

Bidders are advised to check for updates, addenda issuance, and bid opening date changes at the TPWD Infrastructure Division Website:

http://www.tpwd.state.tx.us/business/bidops/current_bid_opportunities/construction/

Item No. 1: Sheet E3.1, Change feeder wire size in load center MDP serving load center LA from 1 - 2" C w/3#6 + 1#6(G) EA to 1 - 2" C w/3#2 + 1#4(G) EA. The contractor shall provide circuit breakers in load center MDP and LA that are listed with a wire range that will accept the #2 AWG ungrounded conductors.

Item No. 2: Sheet E1.1, Add General Note # 27. General note 27 shall read, "Contractor shall provide and submit a traffic safety plan as indicated below for the owner to review. The traffic safety plan shall be submitted and reviewed prior to the contractor mobilizing onsite. The traffic safety plan shall be based on The State of Texas Roadway Industry Standards to keep the contractor and the public safety during all phases of construction. The traffic safety plan shall include but not limited to the listed items below:

- One-lane closure work activities on a two-way road with a safety traffic control plan.
- Typical roadway caution signage and supports.
- Arrow panel, reflectors warning lights and attenuators for night time safety traffic control.
- Safety Traffic Channelizing devices to divert traffic away from worker and hazards.
- A conventional road shoulder work safety plan.
