ADDENDUM

Addendum Number: 01 Dated: July 15, 2024
Solicitation Number: 802-24-51704
Solicitation Title: Ultraviolet Sterilizers for Sea Center Texas
Due Date/Deadline: July 24, 2024; 2:00PM CT
Purchaser: Patty Cardoza

PURPOSE OF ADDENDUM: CLARIFICATIONS

Except as provided herein, all terms and conditions of the document referenced herein, remain unchanged and in full force and effect. The following are official revisions, specifications and/ or clarifications to this solicitation. This Addendum shall be attached to and form a part of the referenced solicitation document and any resulting awarded contract, and must be considered in your response.

Questions and Answers

Question # 1: At the location is there a dock or forklift to unload the pallets for the items?

Answer: Yes, Sea Center Texas has a forklift on-site that can be used for unloading pallets.

Question # 2: I have a clarification request for the Sea Center UV Bid (802-24-5174), concerning section number 3 on pages 3 and 4. Do you by chance know the UV transmittance (UVT %) of the water that is going to be treated by these UV's or the type of system they are going through (recirculating, intake, etc.)? This is critical to know so we can achieve the dose rate required. If not know, we can use an assumption of 85% UVT for recirculating systems and 90% for intake.

Answer:

Answer: Sea Center will utilize the UV sterilizers on recirculating systems. Use the 85% UVT.
