Data collection
Apr 25-28

Identifications
April 29-May 4

By the numbers:

- 2 counties
- 179 observations
- More than 126 species recorded
- 40 observers
- More than 60 identifiers
- 92% of observations were verifiable

Walker & Trinity County Highlights

Globally, 669 cities from 62 countries participated in the 2025 City Nature Challenge. Walker & Trinity Counties ranked **#530 for Observations**, **#530 for Species**, and **#406 for Observers**, globally, placing it in the top 70% of projects.

The City Nature Challenge is organized by the Natural History Museum of Los Angeles County and the California Academy of Sciences. More information at citynaturechallenge.org

Cumulative Impact

41% of the observations recorded during the City Nature Challenge in the project area were **Research Grade** - observations of wild organisms with photo or sound vouchers of a quality to merit a species-level identification by the majority of identifiers.

During the 4 days of the event, the project saw:

- 5 new species records in iNaturalist
- 0.5% increase in iNaturalist observations for the project counties
