

Fairfield Lake State Park

Background

Fairfield Lake State Park is located 90 miles south of Dallas off IH 45. Take Hwy. 84 exit at Fairfield east to FM 488 north to FM 2570 east to FM3285/Park Road 64. This 1460-acre preserve is located adjacent to 2400-acre Fairfield Lake, which is known for its excellent sport fishing as well as the abundant wildlife found in the park.

Freestone County is located in the heart of Texas' Post Oak Savannah belt. In addition to deer, a population of feral hogs frequents the park and may be taken during permitted hunts.

Objectives of the department are to restore and maintain healthy populations of native fauna and flora in natural habitats and to provide for compatible public use. Where game populations exceed carrying capacity of the habitat, the preferred method of reduction is public hunting. For more information call (903) 389-4514.

Hunting Information

Notice: All park rules and regulations must be adhered to unless superseded by hunting regulations.
