

Chaparral Wildlife Management Area E-Post Card – Multi-Species Hunts

The Chaparral Wildlife Management Area (WMA) is located in La Salle and Dimmit counties, 8 miles west of Artesia Wells on FM 133 (exit #56 on IH35). The WMA is deer-proof fenced and includes 15,200 acres of South Texas native brush country, which is typified by dense brush thickets, mesquite, prickly pear and black-brush.
