Appendix U

FORMS

Forms contained in this appendix include:

PWD 153-7100-10/03: Landowner Request for Technical Assistance. Landowners desiring technical assistance from Texas Parks and Wildlife Department should fill in this form and mail it to their local biologist.

PWD 885-W7000: 1-d-1 Open Space Agricultural Valuation Wildlife Management Plan. Landowners wishing to manage their property for wildlife as their agricultural practice must fill in and attach this form to their 1-d-1 Open Space Agricultural Valuation Application form that is available from the county Central Appraisal District. Do not return this form to Texas Parks and Wildlife Department.

PWD 885-W7000: 1-d-1 Open Space Agricultural Valuation Annual Reporting Form. This form is not automatically required. For counties requesting a landowner report on wildlife management activities, this form will be provided to the landowner by the Chief Appraiser. Do not return this form to Texas Parks and Wildlife Department.
1. I hereby request technical assistance of the Texas Parks and Wildlife Department, Wildlife Division field staff, in my efforts to enhance habitat and manage wildlife populations on lands under my control.

2. Permission is granted to the Texas Parks and Wildlife Department, Wildlife Division field staff, to enter upon these lands and conduct, at a mutually agreeable time, wildlife and habitat inventories which may include the use of ground vehicles, aircraft, or nighttime spotlight counts to gather data necessary for the development of management recommendations.

Section 12.0251 of the Parks and Wildlife Code provides that information collected in response to a landowner request for technical guidance on private land relating to the specific location, species identification or quantity of any animal or plant life is confidential and may not be disclosed. The Department may release game census, harvest, habitat or program information if the information is summarized in a manner that prevents the identification of an individual or specific parcel of land and the landowner.

3. I understand that recommendations will be provided to me in the form of oral and/or written guidelines, which are non-binding and voluntary on my part. By my signature, I certify that I am the owner of the below-described property or that I have been specifically authorized by the landowner to act as their agent in this matter.

Part IV. Management Plan Goals and Objectives

Describe the wildlife management **goals** (what you want the property to look like, or want to be able to do with it) and **objectives** (how you intend to achieve these goals) for this piece of property. You may use an additional page if needed. (Note: This space will expand as you type.)

Part V. Qualifying Wildlife Management Activities

Check the wildlife management practices to be implemented on the property during the coming year that will support and achieve your management goals. A minimum of three practices is required.

- Habitat control
- Erosion control
- Predator control
- Provide supplemental supplies of water
- Provide supplemental supplies of food
- Provide shelters
- Making census counts to determine population.

Part VI. White tail Deer and Mule Deer Population Management

Is hunting to be a part of this wildlife management plan? □ Yes □ No
If YES, type of hunting: □ Lease hunting □ Family/guests only □ Both
List deer harvest for past three seasons:

- Target Density for Pre-season Deer Population (fall density)
- Target Sex Ratio (does/buck):
- Target Production (fawns/does):
- Other (may be age, weight, antler measurements, browse conditions, etc.)

Deer Harvest Strategy (numbers, types of deer to be harvested to achieve goals):

Part VII. Wildlife Management Association Membership

Are you a member of a wildlife management association (co-op)? □ Yes □ No
Are you a member of a wildlife property association? □ Yes □ No
Name of wildlife property co-op/association, if YES is checked.
Part VIII. Wildlife Management Activities

Check the activities you intend to implement during the year to support each of the wildlife management activities listed in Part V.

### 1. HABITAT CONTROL

- **Grazing management.** Check grazing system being utilized.
  - 1 herd/3pasture
  - 1 herd/4 pasture
  - 1 herd/multiple pasture
  - High intensity/low frequency (HILF)
  - Short duration system
  - Other type of grazing system (describe)
