Subject: SMRF comments on Task Force report, sent 11/21/16

Thank you for allowing the discussions of the problems on the San Marcos River near the tubing areas between San Marcos and Martindale in your Task Force meetings this summer. We appreciate your efforts, and have no additions to make to your report. We will be supporting a Water Oriented Recreation District bill in the legislative session in 2017.

Dianne Wassenich, Program Manager
