

# Texas Amphibian Watch

## Private Lands Access Request Form

To be completed by the owner of any private tract of land where Texas Amphibian Watch data is collected.

\_\_\_\_\_ (volunteer name) is participating as a volunteer in Texas Amphibian Watch. Texas Amphibian Watch is a monitoring program that uses citizen volunteers to gather data about the status and health of frogs, toads, and salamanders in Texas. Although very few of these species are considered threatened or endangered, they can be valuable indicators of the health of our environment. Texas Parks and Wildlife Department is very pleased to have the assistance of concerned Texans in watching over the health of these native species.

Texas Parks and Wildlife Department will not accept data collected on private land without the written approval of the private landowner. Accordingly, we have prepared this form for your approval. The sections described below are the releases that we and our volunteers are required to obtain from you under Section 12.103 of the Texas Parks and Wildlife Code. If you approve, then please sign one or both sections.

### 1. Use of information

This documents my approval for TPWD volunteers and employees to use (such as in analyses) site specific information from the property I own or manage. This may include placing that information onto a topographic map and entering the information into a Department database. Thus, the information could be viewed by the public.
