Section D: How Did You Acquire this Vessel?

- Make one selection that best describes how the applicant acquired the vessel.

Section E: Select the Type of Transaction You are Requesting.

Select one of the transaction options listed:

- **Title and Registration** – Titling a vessel provides a Certificate of Title, which is the legal documentation of ownership. Registration of a vessel is required when you want to use this vessel on Texas public waters such as lakes, rivers, creeks or coastal waters. Sailboats less than 14 feet, canoes, kayaks, punts, rubber rafts and rowboats are not required to be registered when they are paddled, poled, oared or windblown. Registration provides a set of decals for display on the vessel and expires after two years. Once registered, you will receive a registration renewal notice prior to expiration. **If you are transferring ownership of a titled vessel, you must submit the original title along with this application (form PWD 143).**
Note: If a title correction is needed or if the applicant wishes to obtain extra Certificate of Number ID Card(s) for a vessel that has already been titled and registered in the applicant's name in the state of Texas, please use Vessel/Boat Records Maintenance (PWD 143M).
- **Title only** – Titling a vessel provides a Certificate of Title, which is the legal documentation of ownership. Selecting this option will not add or renew registration on a vessel. If the vessel has never been registered, no registration will be provided. If a vessel has been previously registered, the registration will remain in effect.
- **Registration for USCG Documented Vessel** – Effective 1/1/2004, vessels 115 feet or less in length that are documented with the United States Coast Guard are required to be registered if used on Texas public waters such as lakes, rivers, creeks or coastal waters. USCG documented commercial vessels engaged in coastal shipping (tugs, crew boats, pilot boats) are exempt from registration. Registration provides a set of decals for display on the vessel and expires after two years. Once registered, you will receive a registration renewal notice prior to expiration.
Note: The purchaser of a vessel that is 115 feet or less in length is required to pay tax (6.25%) to TPWD. If payment for tax has already been made, verification of payment must be provided at the time of registration. Boat sales tax has been a state law since 10/1/1991.
- **Pay Sales or Use Tax Only** – This applies when the vessel is exempt from titling and registration or you have a qualifying reason to pay tax only. A qualifying reason must be chosen from the list provided. The seller must fill in the date of sale and sales price under the Tax Affidavit Section N items 1-3 and sign Section O.

If the applicant is a business, or another entity other than an individual, list the citizenship status for the individual who is financially responsible for the business or entity.

- Provide the name, citizenship information, phone number, identification information [driver's license/state ID and date of birth for individuals, OR Employer Identification Number (EIN) for companies], email address, and mailing address for the co-owner(s) of the vessel. If there's more than one co-owner, attach an additional sheet listing the additional co-owner's information.
- **Rights of Survivorship** – Indicates that both the owner and the co-owner(s) agree that the ownership of the vessel is to be held jointly and in the event of the death of any party the ownership of the vessel will belong to the survivor(s). To make this selection, check the Rights of Survivorship box on the application and attach a completed Rights of Survivorship Ownership Agreement for a Boat and/or Outboard Motor (PWD 790).
NOTE: Identification information (ID number and Date of Birth, or EIN) is required by federal law. (Code of Federal Regulations, Title 33 Navigation & Navigable Waters, Part 174)
