Administrator's Statement

9/5/2014 1:50:40PM

84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

802 Parks and Wildlife Department

On behalf of the Texas Parks and Wildlife Department (TPWD), I am pleased to present the agency's Legislative Appropriations Request (LAR) for the 2016-17 biennium. TPWD believes this request will advance our mission "to manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing and outdoor recreation opportunities for the use and enjoyment of present and future generations." This mission is essential to the quality of life, heritage, health, and economic well being of all Texans. We take great pride in serving the state in this capacity.

OPPORTUNITIES AND CHALLENGES:

At the close of the last legislative session, TPWD was pleased to receive funding for a number of critical needs. The 83rd Legislature appropriated monies to better fund state park operations, as well as much needed repairs and restoration at Bastrop State Park following the catastrophic fire of 2011; secure transportation, equipment and information technology resources to operate safely and more efficiently; sustain important fish and wildlife programs; partially reinstate funding for local and community park grants; and address the escalated costs associated with data center consolidation.

Recovery and restoration work at Bastrop State Park is well underway, and the park was reopened to visitors within months of the fire event. Work to rebuild critical infrastructure damaged from the fire such as roads, trails, and bridges is largely completed, as is the removal of hazardous dead, standing trees. While short-term post-fire soil stabilization work has largely been completed, management of invasive plant species and competition from wide scale oak regeneration will present an ongoing challenge to restoring the historic loblolly pine forest. Monitoring of endangered Houston Toad populations and accompanying efforts to increase the species continue, but success will be largely dependent on rainfall and other natural factors. Although the desired recovery of the Lost Pines forest will take decades or more to realize, we are proud that the park is open to the public and presents an opportunity to observe the forest evolve and change over time.

TPWD has also made strides in transformation activities related to the data consolidation effort. TPWD was one of the initial 27 agencies required to participate in the Department of Information Resources consolidation initiative, mandated by House Bill 1516 of the 79th Legislature. Since that time, TPWD has continued the process of transformation, which involves the physical relocation of IT assets including various servers and applications, to the data centers in Austin and San Angelo. This effort is scheduled for completion during FY 2015, which will allow the agency to redirect IT staff time to other important agency wide needs.

Over the last biennium, TPWD successfully launched two new systems for the sale of hunting and fishing licenses and public hunt drawings. In March 2012, Gordon-Darby was selected from a field of seven contractors to develop, deploy and operate a new license system. The new License Sales System – Texas License Connection – was successfully launched in October 2014. The system is used to issue over 2.5 million hunting and fishing licenses per year generating over \$90 million in revenue. The new online only Public Hunt Drawing System began accepting electronic applications in July for 2014-15 drawn hunts. The new system includes several improvements, such as allowing for payment and purchase of permits online, the ability to apply multiple times in the same category, and additional time to apply.

Despite these improvements, TPWD continues to face substantive challenges. Severe drought conditions persist in large sections of the state, and the state climatologist has predicted that more frequent and persistent droughts may occur in the future. Heightened population pressures and increased competition for scarce water resources may affect future recreational access, fish and wildlife populations, park operations and earned revenue potential in the coming years.

The spread of aquatic invasive species continues to be a significant concern. These species often grow rapidly and displace more beneficial native species, and can ultimately limit recreational access, restrict water flow rates in canals and rivers, interfere with industrial water uses, harm fish and wildlife, and negatively impact economic growth and development. For example, the rapid spread of giant salvinia (*Salvinia molesta*) in Caddo Lake and Toledo Bend Reservoir represents a significant threat to the future of these lakes and the economies, recreational opportunities, and water supplies of surrounding communities.

Administrator's Statement

9/5/2014 1:50:40PM

84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

802 Parks and Wildlife Department

Another invasive species, zebra mussels (*Dreissena polymorpha*), has spread since 2009 from Lake Texoma into multiple north Texas lakes, as well as Lake Belton in central Texas. TPWD, along with river authorities and other water managers remain increasingly concerned that these harmful mussels could eventually spread throughout the Red River, Brazos, Trinity River, and other watersheds. Such an infestation would result in major economic harm to the state. To help address that concern, the Department launched a statewide educational campaign to encourage boaters to “Clean, Drain, and Dry” their boats after removal from any water body. In addition, the Commission passed a statewide rule that requires boaters to drain all water from any boat taken out of a water body where zebra mussels are present.

The Department must also contend with seriously aging, deteriorating, and antiquated infrastructure in its state parks. The majority of these facilities were constructed in two eras- the 1930’s and 1940’s by the men of the Civilian Conservation Corps and then in the 1970’s and early 1980’s. Limited funding for repair, maintenance, and restoration has resulted in hundreds of millions of dollars of capital needs across the system that must be addressed to preserve these critically important natural, cultural, and economic assets for the people of Texas.

The rise in border security concerns has created a demand for increased TPWD game warden presence and involvement along the Texas-Mexico border. Due to federal and state restrictions on use of hunting and fishing license proceeds, general revenue or other sources need to be used to fund TPWD participation in these initiatives. During the 2014-2015 biennium, one source of funding for these activities, the Operator and Chauffeur’s Account, apparently had insufficient cash to support appropriations to the various agencies involved in border initiatives. For TPWD, the total shortfall was \$1.65 million. In the short term TPWD was able to cover costs by reallocating operational funding and shifting funding away from other program areas, however, this cannot be sustained long-term. Moreover, TPWD is an integral part of the ongoing state directed Operation Strong Safety, which has placed substantial financial demands on the agency. Additional funding is needed to maintain game warden participation in border security activities and to respond to other future emergency situations, as well as customary statewide responsibilities.

To better assess agency information technology security, the Department of Information Resources (DIR) commissioned Gartner Incorporated to establish a comprehensive roadmap of best security practices. The plan provided to the agency called for measures to address gaps in TPWD’s current security program. In order to reach acceptable state goals and desired levels, TPWD will require additional investments in staff, software, and services. Additionally, TPWD will need funding to address legacy infrastructure and systems.

Demographic changes throughout the state are creating new opportunities for TPWD to engage with Texans that have historically been underrepresented in its customer base. Communications efforts, outreach, and programs will need to be made more culturally relevant and strategically targeted and inclusive of Texans from all backgrounds. Internally, TPWD acknowledges that its workforce does not entirely reflect the population and communities that the agency serves. In response, the agency has launched a number of outreach and program efforts aimed at reaching more diverse populations. Moreover, TPWD has created a new Office of Diversity and Inclusion and has hired a new Chief Diversity Officer to assist with these important efforts.

STRATEGIC PRIORITIES AND FUNDING REQUESTS:

The Land and Water Resources Conservation and Recreation Plan (Land and Water Plan) guides the department’s operational activities and efforts to conserve natural resources and provide outdoor recreational opportunities. The plan is regularly updated to ensure the Department is focused on its highest priority goals and objectives. The plan also includes specific measurable actions that are reported to the TPW Commission to monitor agency progress towards the attainment of conservation and recreation priorities.

Administrator's Statement

9/5/2014 1:50:40PM

84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

802 Parks and Wildlife Department

The plan consists of four main goals: 1) Practice, encourage, and enable science-based stewardship of natural and cultural resources; 2) Increase access to and participation in the outdoors; 3) Educate, inform, and engage Texas citizens in support of conservation and recreation; 4) Employ efficient, sustainable, and sound business practices.

TPWD's exceptional items aim to secure additional funding to better address the goals above, as follows:

STATE PARK OPERATIONS AND DEVELOPMENT

This exceptional item would provide a total of \$25.3 million/ 39 FTEs for state parks operational needs and development, as follows:

- State Park Staffing and Operations: A total of \$8.3 million/12 FTEs for important staff resources to service new and existing facilities, manage and keep-up sites and provide for essential operating and cyclical maintenance costs.
- State Parks Law Enforcement Restructuring: A total of \$5.3 million to help address critical restructuring needs for statewide park police operations and personnel. Funds will be used to pay for 27 additional state parks law enforcement personnel and associated operations costs, capital equipment, IT and transportation needs.
- State Parks Law Enforcement Compensation Equity: A total of \$3.1 million for a compensation package for state park law enforcement to address longstanding equity, recruitment, and retention challenges in this statewide force.
- Minor Repairs: A total of \$2.5 million for pre-emptive repairs and maintenance to state parks.
- State Park Vehicle Replacement: \$2.0 million for replacement of aging state park vehicles. Sixty (60%) of the current State Park fleet is eligible for replacement by State standards.
- State Park Business System: A total of \$1.5 million to address funding needs associated with the park reservation, visitation and revenue system. The current contract expires December 31, 2016. Funding is needed to address functional enhancements, anticipated increases in the monthly/annual costs of a new contract, statewide training on the new system, and hardware replacement.
- Development of Palo Pinto Mountains State Park: A total of \$2.7 million in remaining proceeds from the sale of the Eagle Mountain Lake property, to initiate the design and engineering phase for development of the new park site.

LAW ENFORCEMENT

Services provided by TPWD game wardens benefit all citizens of the state. Demands for game warden services, time, involvement, and expertise continue to grow with the state's expanding population, law enforcement, and emergency response needs. As TPWD becomes increasingly involved, additional funding sources will be needed.

This exceptional item would provide a total of \$17.4 million in General Revenue over the biennium for Law Enforcement priorities as follows:

- Homeland Security & Border Initiatives: A total of \$3.7 million is requested to fund border security obligations and emergency response during emergency situations, such as hurricanes, tornadoes, or other catastrophic events. This request will fund overtime & operational costs, maintenance and repairs to equipment during deployment, and address radio communication interoperability for increased patrol and investigative capacity along the border.
- Operator and Chauffeur's Account Shortfall: A total of \$1.7 million is requested to address the cash shortfall in this fund and provide funding for the 15 game wardens dedicated to serve along the border historically funded from this source.
- Game Warden Operations & Equipment: A total of \$12.0 million to support game warden operations (\$8.6 m) and to maintain a replacement schedule for equipment and unsafe vehicles and boats used for law enforcement patrol, search and rescue efforts, and emergency response. (\$3.4 m).

Administrator's Statement

9/5/2014 1:50:40PM

84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

802 Parks and Wildlife Department

Under federal requirements, use of hunting and fishing revenues deposited to the Game, Fish and Water Safety Account (009) is restricted to the management of fish and wildlife resources of the state. Other uses of hunter and angler fees are considered to be a diversion of license fees and would jeopardize the state's annual federal apportionments of Sportfish Restoration and Wildlife Restoration funds used to support department programs and activities. For these reasons, General Revenue is the requested source of funding for the items included in this exceptional request.

FISH AND WILDLIFE INITIATIVES

This exceptional item, totaling \$18.9 million and 9 FTEs over the biennium, includes funding and FTEs necessary to maintain and enhance core fish and wildlife efforts and expand key initiatives as follows:

- Aquatic Invasive Species: \$18 million/5 FTEs to address fresh & saltwater aquatic invasive species, which have generated mounting threats to Texas waters and regional economies in recent years. Funding would provide the Department resources to focus on control and management of invasive species through use of management & control options; to provide education/ outreach activities to the public; and to fund associated capital transportation needs.
- Coast-wide Habitat Monitoring Program: \$598,848/4 FTEs to initiate a routine coast-wide habitat monitoring program as a component of the existing fisheries dependent/independent long-term monitoring program. This will provide the agency with resources to monitor key habitats, flora and fauna, water quality & water quantity parameters; and to record and assess natural and man-made changes and long-term impacts on natural resources
- Oyster Shell Recovery and Replacement Program: \$325,305 for oyster reef enhancement. These funds will expand on-going habitat restoration /enhancement efforts.

AGENCY MODERNIZATION

To ensure continued effectiveness in achieving TPWD's core goals/ mission, public safety at TPWD sites, and adequate care of state assets, this exceptional item would provide \$82.4 million and 18 FTE's over the biennium for TPWD to modernize key aspects of TPWD operations and capital assets, including:

- Information Technology Infrastructure: A total of \$3.3 million/6 FTEs for security and technical staff and associated equipment, and upgrades to legacy communication systems and equipment.
- IT Business Initiatives: A total of \$2.0 million/4 FTEs for updates and additional functionality for various agency applications and to fund increases in data center services costs (DCS) for new and upgraded initiatives. A total of \$490k is requested to address unique application development for several business initiatives. The DCS request of \$1.5 million provides funds for disaster recovery to ensure continuity of critical business systems; keeping agency software licenses up-to-date, and for mitigating the risk of outages for online services used by customers.
- Capital Construction Projects and Modernization: This would include \$76.6 million for:
 - o Capital Construction Projects: \$75.0 million to address critical statewide capital construction and repair needs to address severely deteriorated water and wastewater systems, restrooms, public buildings, and other facilities.
 - o Planning & Design Staff: \$820k/5 FTEs to provide for much needed Planning and Design Architects & Engineers, as well as accompanying operating costs.
 - o Construction Management System: \$750k for a comprehensive Capital Construction Management System to integrate construction related business processes, monitor and track project progression and project deliverables.
- Communications: \$520k/3 FTEs for web and mobile application development. This business request would provide staffing to address contemporary customer demands and expectations in terms of web-enabled services for mobile devices, thus modernizing product and service delivery methods. Funding for mobile application development would support the purchase of an IT contracted product/service to allow TPWD to reach out more efficiently and effectively to a customer base that seeks

802 Parks and Wildlife Department

information in digital, mobile forms.

LOCAL PARKS GRANT FUNDING

Local parks provide invaluable outdoor recreational and educational opportunities for communities around the state and help contribute to the physical, social, and mental well-being of its residents. They also offer positive and demonstrable economic impacts to communities.

This exceptional item requests \$14.1 million in Sporting Goods Sales Tax (SGST) to support the outdoor/indoor recreational needs of local governments. In combination with amounts already in the base, this would provide SGST funding at historic funding levels (\$31 million over the biennium) for local parks grants in the 2016-2017 biennium.

BATTLESHIP TEXAS

The 80th Legislature authorized \$25 million from General Obligation bonds and \$4 million in Appropriated Receipts for the repair of the Battleship TEXAS, contingent upon the completion of an initial naval engineering assessment of the ship. A structural assessment undertaken by TPWD in 2011 revealed that the Battleship TEXAS was in much worse structural condition than previously suspected and that it would cost more than anticipated to execute the most critical repairs to the ship. Those repairs were deemed critical to the ship's survival regardless of whether the ship was ever placed into a permanent dry berth. In 2012, the LBB authorized TPWD to utilize the remaining bond proceeds from the dry berth project to make those "critical repairs that would best preserve the life of the ship," and TPWD prepared a bid package to include those repairs.

TPWD has expended or encumbered \$25 million in construction contracts towards those critical structural repairs, but because of the larger than anticipated scope, only a portion of the repairs have been completed. This item requests \$25 million to complete the balance of the known critical repair items originally issued for bid in 2012 necessary to preserve this state historic treasure

OUTDOOR/NATURE TOURISM AND RECREATION

This exceptional item would provide \$18.5 million for two improvement projects benefiting outdoor/nature tourism and recreation at locations across the state, as listed below:

- Visitor's Center at Franklin Mountains State Park: A total of \$3.5 million to develop and construct a Visitor's Center at Franklin Mountains State Park, the country's largest urban state park. The proposed 7,770 square foot center would include a viewing gallery, interpretive exhibit area, restrooms, gift shop, classroom, storage and space for TPWD administrative offices.
- Texas State Aquarium at Corpus Christi: A total of \$15 million of funding for the Texas State Aquarium for capital improvement projects.

RIDERS:

Many riders added over the last few sessions, such as those allowing carry forward of unexpended balance authority within the biennium and allowing the agency to

Administrator's Statement

9/5/2014 1:50:40PM

84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

802 Parks and Wildlife Department

average FTEs over the biennium, have provided important flexibility to TPWD in managing budget and staffing. TPWD will seek continuation of these riders in the 2016-17 biennium.

We will also seek modification to several existing riders. For example, we are requesting revisions to Rider 27, Appropriation of Receipts Out of the General Revenue-Dedicated Accounts to clarify that increases in appropriation authority in any given fiscal year will be based on actual revenues earned over the biennial revenue estimate in the prior fiscal year. Other key rider modifications include expansion of Rider 12, Payments to License Agents and Tax Assessor Collector's to include additional funds and estimated payments to the license system vendor; Rider 13, Capital Budget Expenditures from Federal and Other Funding Sources, to include damage and mitigation funds as an allowable source to increase capital budget authority; and Rider 37, Appropriation of Oyster Shell Recovery Receipts, to allow access to the balances that have accumulated in the Oyster Shell Recovery and Replacement Account.

Finally, we are requesting addition of a new rider to address changes in the State Parks Business System (formerly TxParks) that are anticipated to occur over the 2016-2017 biennium. The current TxParks system contract will expire December 2016. The department expects that costs for a new system will be based on a per-transaction or percent of revenue model, the current industry standard, rather than the current flat fee structure. The requested rider would provide estimated authority to accommodate fluctuations in costs associated with increases/decreases in park revenues.

10% BIENNIAL BASE REDUCTION OPTIONS SCHEDULE:

TPWD's calculated amount for its 10% biennial base reduction for the FY 2016-2017 biennium is \$45,201,103. The impact of such a reduction would be anticipated as follows:

TPWD would be compelled to substantially reduce pass-through grant funding derived from the Sporting Goods Sales Tax to the General Land Office (GLO). Such a reduction would adversely impact the GLO's ability to invest in beach nourishment and other coastal erosion mitigation projects. Such an alternative, while unfortunate, is preferable to further adverse impacts to core programmatic services of the agency, its partners and the resulting negative economic impacts to local and rural communities, including decreased recreational opportunities for a growing population that has relatively little access to private land.

The state's ability to adequately enforce existing fish, game, and water/boater safety laws would be compromised if the Department were compelled to not fill open game warden vacancies and skip or delay an academy class. Such reductions would also impact the Department's ability to fulfill its public safety mission and its critical role as first responders during natural disasters and as a force multiplier for border security operations.

Suspension of fish production operations at Inland and Coastal hatcheries, reduction of public hunting lands, and the elimination of research initiatives would impact the state's stewardship of natural resources and the quality of its \$16 billion outdoor tourism economy. Reductions of this magnitude may discourage Texas hunters and anglers who pay their license and stamp fees from future participation in these activities because of the reduction in services and the breach of a compact to pay these fees in exchange for the state's commitment to conserve, enhance and protect these resources.

In summary, these reductions would adversely impact the state's quality of life, outdoor tourism, rural economic vitality, public safety, public lands, waters and facilities, and its stewardship of its vibrant and valuable natural resources.

CRIMINAL HISTORY BACKGROUND CHECKS:

Administrator's Statement

9/5/2014 1:50:40PM

84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

802 Parks and Wildlife Department

In accordance with Texas Government Code, Section 411.135 the department conducts criminal history checks on all new employees, volunteers, and contractors. Specifically, criminal background checks are conducted on all individuals applying for law enforcement positions according to the Occupations Code, Section 1701.303. Criminal background checks are also conducted on current information technology employees and contractors who have access to information technology resources according to Texas Government Code, Section 411.1405.

PLANS TO TRANSITION TO STATEWIDE CAPPS SYSTEM:

TPWD is in the initial phases of gathering information regarding the Centralized Accounting and Payroll/Personnel System (CAPPS). Over the coming year and the next biennium, we will continue to explore options for upgrading our internal financial system/interfaces to the new statewide system and/or transitioning to the new system.

We do not anticipate any changes to exempt positions in the upcoming biennium.

Thank you for the opportunity to present TPWD's FY 2016-17 biennial budget request for your consideration. We have appreciated past assistance from state leadership in addressing the many natural resources and recreational challenges facing Texas and trust that support for the agency will continue in the future.

COMMISSION MEMBERS

EXECUTIVE OFFICE

Functional Responsibilities

- Executive Director: Serves as the agency's chief executive officer and is accountable to the TPW Commission for the overall operations of the department. Coordinates the development of agency strategy and policy, supervises senior agency management, makes major budgetary allocation decisions, serves as the senior decision authority, and acts as the chief spokesman for the agency. Responsible for management and oversight of 11 divisions with a wide variety of programs, facilities and services.
- Deputy Executive Director, Policy and Administration: Provides management and oversight for a wide variety of programs, facilities and services. Assists the Executive Director and executive management team in determining strategic direction, financial planning, administration initiatives and functions of the assigned divisions and program areas. Helps plans and direct legislative initiatives and statutory matters related to assigned divisions and program areas.
- Deputy Executive Director, Natural Resources: Provides management and oversight for a wide variety of fish, wildlife, and conservation programs, facilities and services. Assists the Executive Director and executive management team in determining strategic direction, financial planning, conservation initiatives and functions of the assigned divisions and program areas. Helps plans and direct legislative initiatives and statutory matters related to assigned divisions and program areas.
- Land Conservation: Provides land transaction and land conservation services, including land acquisition and disposition, leasing, negotiation of third-party surface use agreements, and real estate administration. Maintains current and historic land records, tracks federal interests in TPWD lands, monitors revenue generation from easements and surface use agreements, resolves boundary conflicts, works with partners such as foundations and non-governmental organizations to achieve priority land conservation goals.
- Internal Audit: Reviews and evaluates TPWD's management controls and governance processes for all department operations, performs assurance and management advisory services and facilitates business risk assessments. Serves as the external audit liaison for all audits of TPWD by external audit entities, and for statewide and federal audits. Assists management in coordinating management responses for all external audits.
- Internal Affairs: Responsible for internal employee investigations, threat assessments and criminal investigations; coordinates with other law enforcement jurisdictions and provides emergency response services.
- Intergovernmental Affairs: Coordinates all activities related to the Legislature, and assists with engagement and interaction with other public officials at the local, state and federal levels.
- Office of Diversity and Inclusion: Oversees the Department's diversity and inclusion efforts; works with executive management to set strategic direction for internal and external engagement.
- Records Management: Provides records management and retention services for all department records, preservation and protection of records, maintains and certifies the Department's Record Retention Schedule with the Texas State Library and Archives Commission.
- Executive staff coordinates all activities related to the Commission, legislature, agency-wide budget and the Parks and Wildlife Foundation.

Texas Parks and Wildlife Department Organization Chart

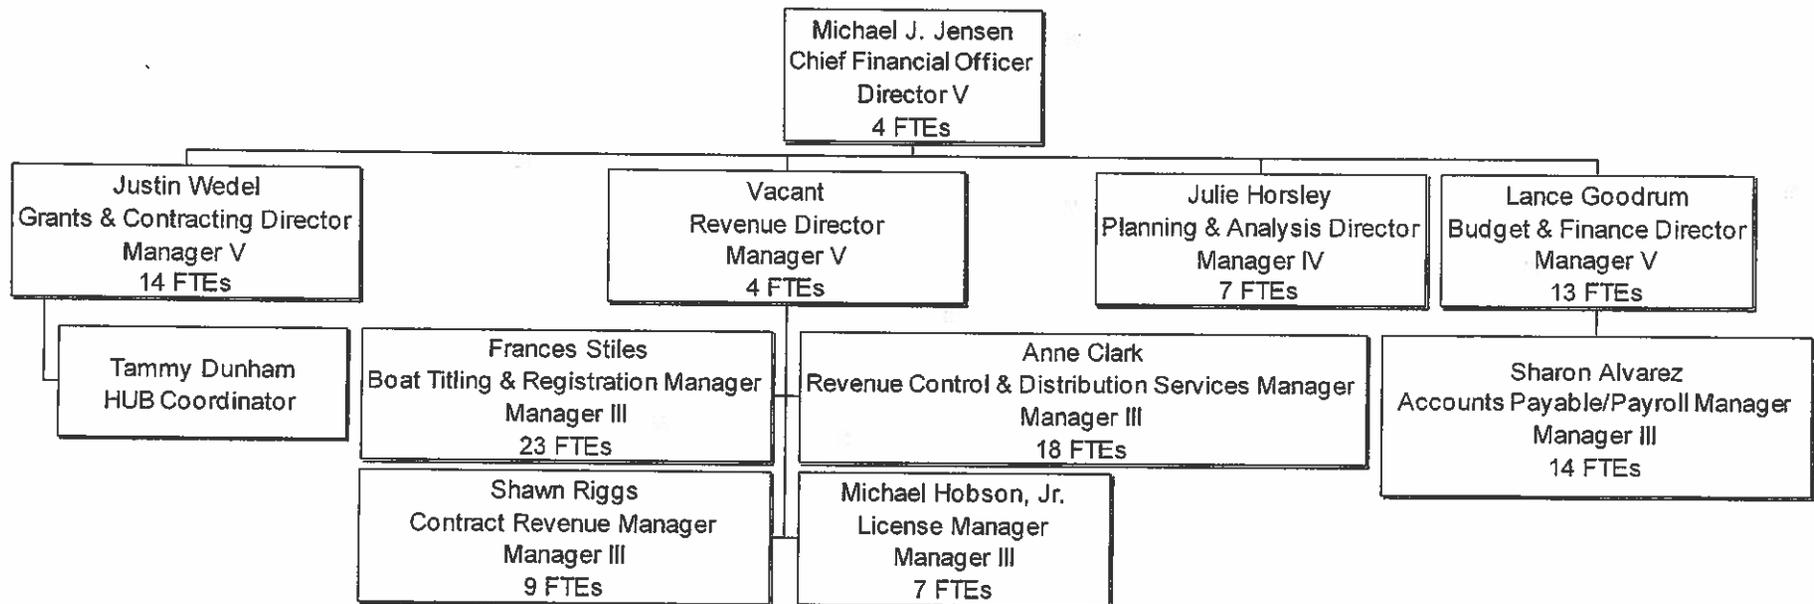

ADMINISTRATIVE RESOURCES DIVISION

Functional Responsibilities

- **Budget:** Provide budget preparation and analysis to oversight agencies and TPWD executive management; and to provide budget maintenance, support, and research to stakeholders both internal and external. Responsible for developing and managing the LAR, Annual Operating and Capital Budget, Rider reporting, and assistance with fiscal note analysis.
- **Planning, Analysis and Reporting:** Provide support, research, analysis and information to help TPWD executive management, staff, legislative and other oversight offices make informed decisions regarding TPWD programs, fund balances, revenues and other areas. Responsible for the legislative strategic plan (Natural Agenda), business plan analysis, revenue estimating, fund balance analysis, financial report development/design and financial systems maintenance, financial data warehouse architecture, reconciliation services, performance measure system, oversight agency reporting (including LAR), special projects and on-going TPWD analytic training.
- **Grants Administration:** Oversee the fiscal elements of all grants awarded to TPWD. Working in collaboration across divisions, prepare, review and/or approve each stage of grants from application submittal through the final closeout. Responsible for tracking, monitoring, reporting, and seeking reimbursement for a wide variety of federal grants; annually negotiating a federal indirect rate with Department of Interior; coordinating external audit reviews and related corrective action; overseeing compliance with federal license diversion restrictions; and completing the annual SEFA for the AFR.
- **Accounting:** To accurately, efficiently, and in compliance with GAAP, GASB, State and Federal statutes, rules and regulations manage the following: (a) The processing of, accounting for, and tax notices related to expenditure transactions; (b) accounting and monitoring of the capitalized and controlled assets of the agency; (c) accounting and collection of revenue transactions; (d) general ledger accounting and reporting for the agency and the agency's petty cash accounts and donation reporting and tax notices. Responsible for AP, payroll, property accounting; revenue control, revenue contract accounting, and state park revenue accounting; GL accounting; and preparation and submission of the AFR.
- **Revenue:** Ensure implementation of statutory provisions related to the issuance of hunting and fishing licenses, endorsements and permits and to vessel and outboard motor registration and titling; manage all sales channels, agents, and systems; properly account for all such sales and revenue; and, provide outstanding internal and external customer service for all license and boat registration and titling transactions. Responsible for hunting and fishing license issuance and for boat registration and titling issuance.
- **Purchasing and Contracting:** To provide for fair and open competition for procurements using public funds, to standardize procedures agency-wide for efficient, cost-effective procurement and to enforce State of Texas purchasing statutes and ethical requirements for purchasing contracts and contract management and for the agency's credit card program. Responsible for centralized purchasing and contracting and for administration and promotion of TPWD HUB program.
- **Distribution Services:** To provide outstanding internal and external customer service for three (3) integral services to TPWD operations: shipping/receiving supply service center, outgoing mail services, and the disposition of agency surplus property. Responsible for fulfillment of hunting and fishing licenses, fulfillment of boat registration and titling, and incoming/outgoing mail; and for the reporting, tracking, and disposition of agency surplus property.

ADMINISTRATIVE RESOURCES DIVISION

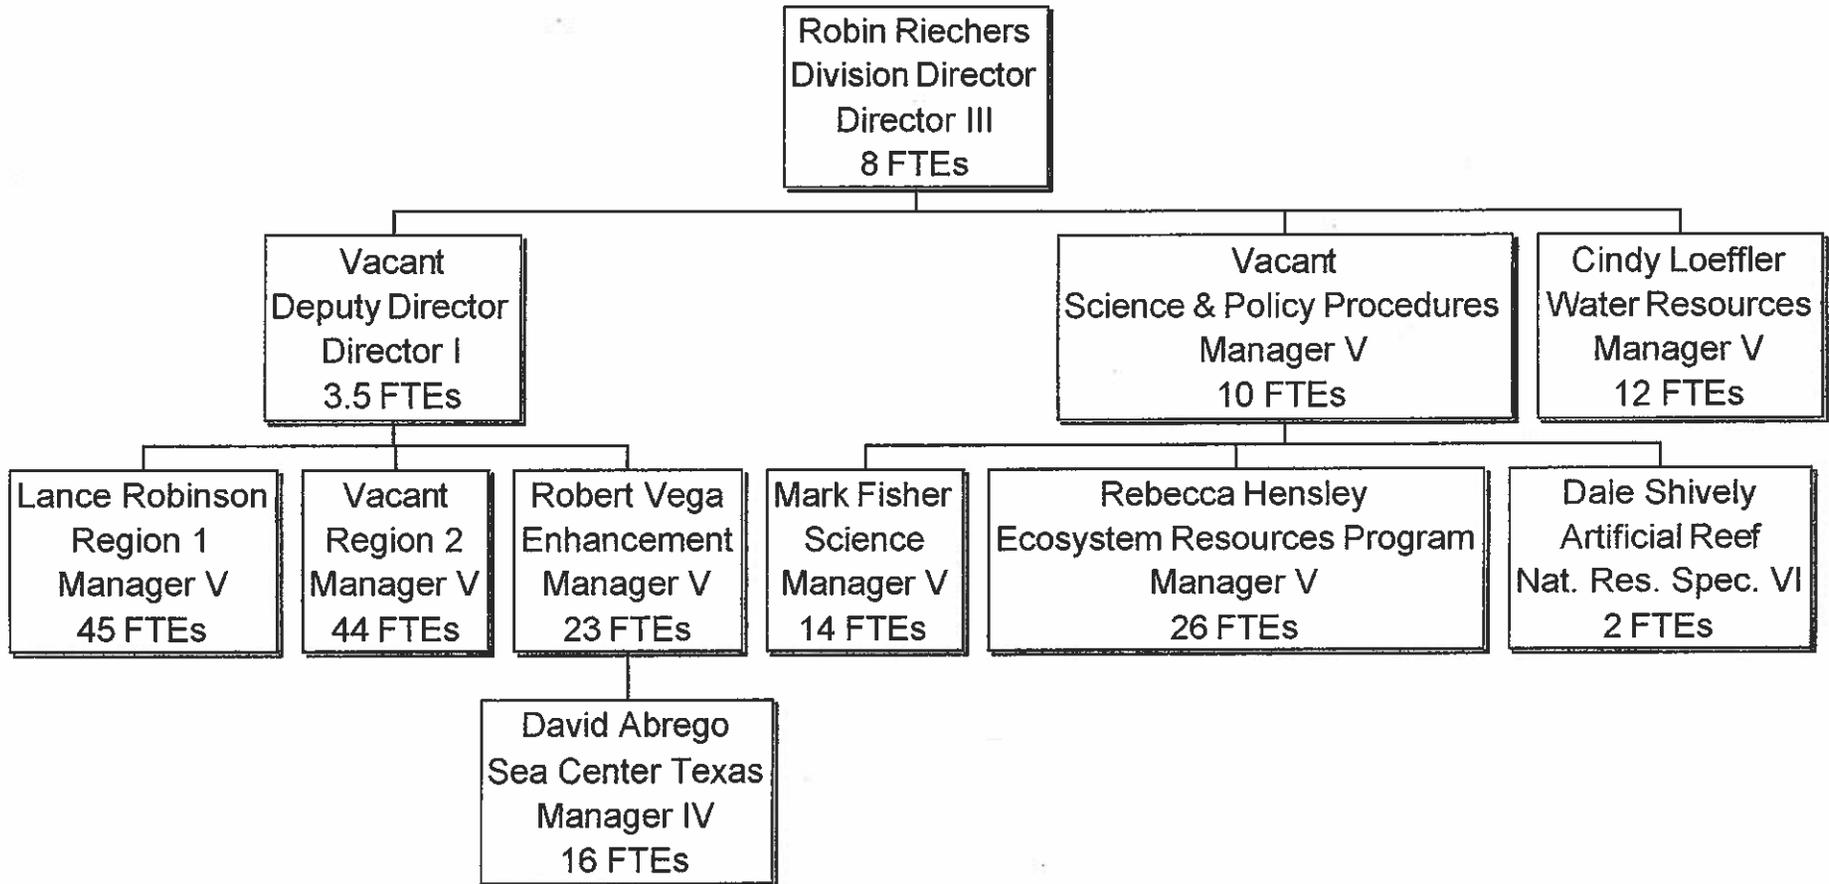

COASTAL FISHERIES DIVISION

Functional Responsibilities

- The Coastal Fisheries Division manages the marine fishery resources of Texas' four million acres of saltwater, including the bays and estuaries and out to nine nautical miles in the Gulf of Mexico. Coastal Fisheries management strategies are directed toward optimizing long-term utilization and sustaining fisheries populations at levels that are necessary to ensure replenishable stocks of commercially and recreationally important species.
- The Management Resources Branch monitors and manages marine natural resources for optimal benefit for the State of Texas.
- The Enhancement Hatchery Program produces and stocks marine species in coastal estuaries of the State to enhance economically important recreational fisheries.
- The Science and Policy team is responsible for analyzing and preparing data and information for the division's policies and programs. This team is responsible for geo-spatial modeling and analysis, social and economic analysis, and outreach to fisheries stakeholders. Lastly, this team conducts project management planning and implementation for division programs including the limited entry programs, buyback programs and management of grant processes for the division.
- The Ecosystem Resources Program (ERP) performs investigations, assessments and provides technical guidance/recommendations for avoidance and minimization of coastal impacts. ERP staff interacts with agencies and other stakeholders to provide review and comment on Section 10/404 permit applications, NEPA documents and other environmental documents. ERP staff also conducts data collection and analysis to better understand and quantify ecosystem functions, including freshwater inflows, water quality, and habitat needs. To increase public awareness of Texas coastal ecosystems, outreach activities (e.g., Coastal Expos) are conducted that target participation of urban youth and minorities.
- The Water Resources Branch represents the Department in water planning and permitting matters statewide to ensure sufficient water quality and quantity to support the needs of fish, wildlife and recreation.

COASTAL FISHERIES DIVISION

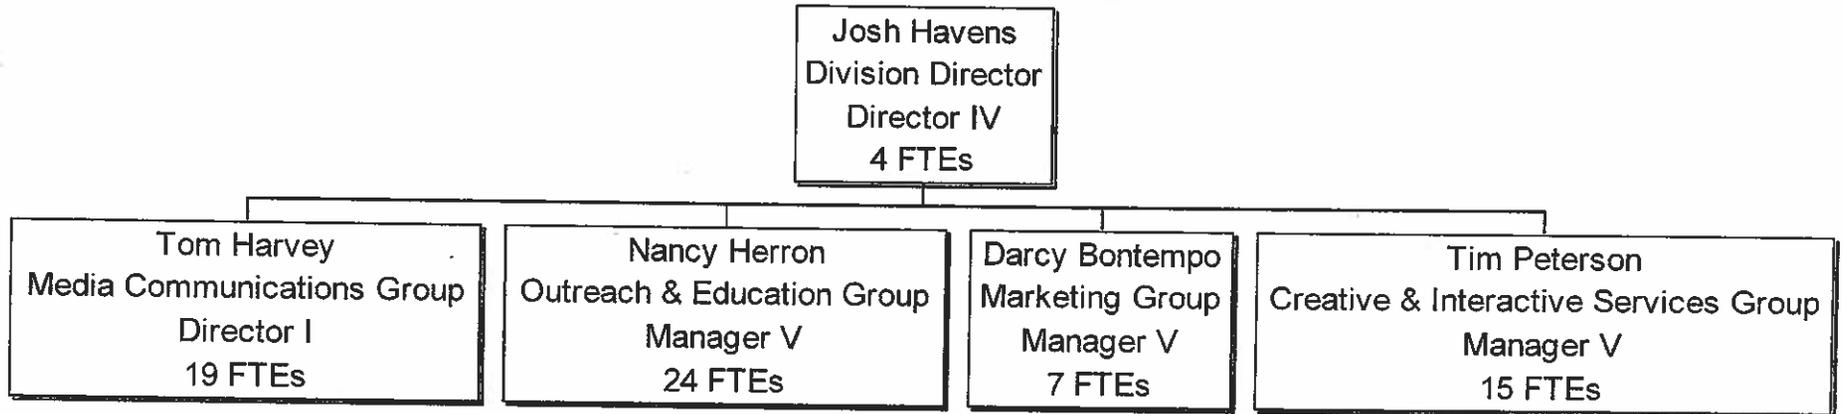

COMMUNICATIONS DIVISION

Primary focus is reaching and motivating Texans to responsibly enjoy the outdoors and support TPWD sites and programs.

Functional Responsibilities

- **Director's Office:** Provides strategic direction and counsel for division staff and TPWD leadership on communications-related issues. Staff is also responsible for the preparation and monitoring of the division's operating budget, reporting on performance measures and legislative activities.
- **Media Communications Group:** Produces a variety of public information products including the *Texas Parks and Wildlife Magazine*, a weekly PBS television series, a daily radio series, and a variety of other video products. This group also produces news releases, video news reports and serves as point of contact for state and national media. In addition, this group manages the Department's You Tube channel and its primary Facebook page as well as other social media tools.
- **Outreach and Education Group:** Provides statewide outdoor skills and conservation education train-the-trainer programs as well as management of thousands of volunteer instructors. Partnerships with key community groups help introduce new and underserved audiences to the outdoors and participation in TPWD's mission. Train-the-trainer workshops are the agency's primary tie with formal and informal educators. Provides mandatory hunter education, hunting accident reports, target range grants, and mandatory boater education and water safety education. These programs emphasize safe, knowledgeable and responsible participation and meet national standards for reciprocal certifications. Provides Fishing and Aquatic Education, Project WILD suite of educator workshops and, Archery in the Schools program. Provides outreach such as Life's Better Outside® Experience and other outreach events, the Becoming an Outdoors Woman outdoor skills workshops, mobile sporting clays, a Community Archery initiative and leadership in the state Children in Nature effort. Efforts focus on participation and wise use of fish and wildlife resources and state parks as a recreational and educational resource.
- **Marketing Group:** Develops and implements marketing efforts for Department sites, programs, products and initiatives to increase visitation to state parks and other sites, sell hunting and fishing licenses, promote sales of revenue-generating products and programs and increase public awareness of conservation issues such as invasive species. This group also manages nature tourism programs (including Texas Paddling Trails, The Great Texas Wildlife Trails and The Great Texas Birding Classic) and the agency's email marketing efforts. In addition the group provides expertise in sponsorships, consumer research, database analysis and Hispanic marketing.
- **Creative and Interactive Services Group:** Administers the Department's website, content management system (Plone) intranet site, other agency websites, social media and web-related policies. The group also manages the Department's publications policy, print design, print and copy services, and photography services.

COMMUNICATIONS DIVISION

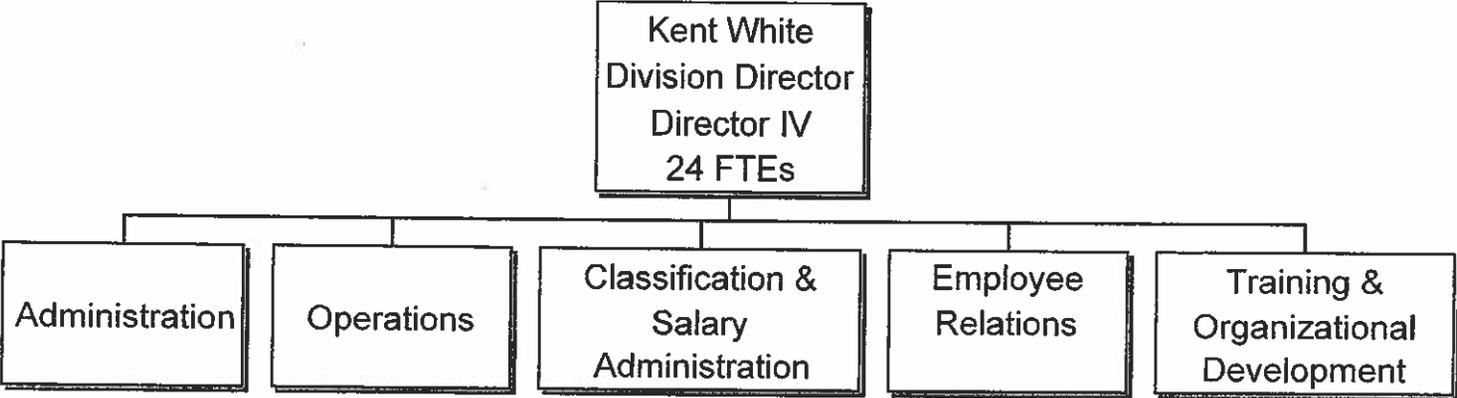

HUMAN RESOURCES DIVISION

Functional Responsibilities

- Personnel administration and reporting.
- Strategic workforce planning; HR policy development and implementation.
- Job analysis and salary administration; staff recruitment and hiring.
- Benefits and special leave administration.
- Employee relations; performance management.
- Training and organizational development; employee service awards and recognition programs; internship program.

HUMAN RESOURCES DIVISION

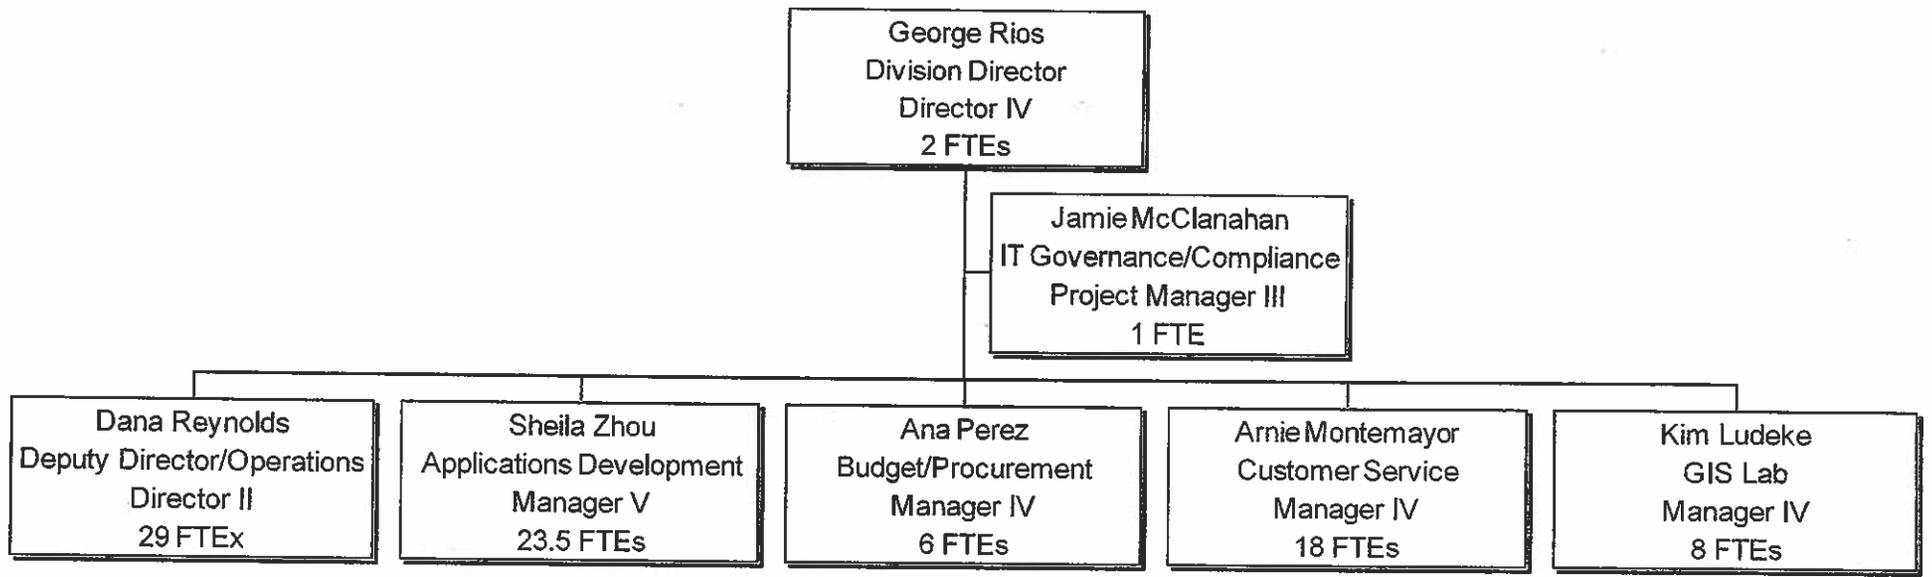

INFORMATION TECHNOLOGY DIVISION

Functional Responsibilities

- **Operations:** Maintains the agency data center operations and works with the contract vendor to ensure that legacy systems are identified and remediated. Ensures that staff has access to appropriate telecommunication services to meet agency customer demand. Provides cybersecurity solutions to protect agency data and to safeguard against disasters.
- **Applications Development:** Works with business partners to develop and publish custom applications to enhance access to agency information and services. Partners with divisions to incorporate existing systems with new applications to ensure a seamless transaction for our internal and external customers. Continues to improve and upgrade existing applications to meet agency initiatives moving forward. Works closely with operations to adhere to new security standards.
- **Budget and Procurement:** Manages the IT capital budget for the agency. Administers IT procurement for the agency and ensures compliance with state oversight entities. Works with stakeholders on legislative requests related to technology. Offers guidance and management on Software as a Service (SAAS) contracts to ensure those products are secure and meet all technology standards while meeting the customers' needs to enhance their service to our constituents.
- **Customer Service:** Provides staff technology assistance in support of agency initiatives. The Help Desk, Desktop Support and TxParks groups provide hands-on support for agency standard hardware and software products. Upgrades hardware and software and ensures infrastructure upgrades are in place supporting the effort to modernize the staff's equipment.
- **GIS:** Responsible for providing GIS support throughout the agency. Coordinates GIS effort with state oversight entities and is a key part any emergency response efforts.
- **IT Governance/Project Portfolio:** Works with executive management on project prioritization, strategic direction and compliance. Establishes the agency priority on business initiative requests to support modernization of legacy systems and oversees that systems developed, or brought in through procurement vendor partnerships, are upholding security standards, meeting intended goals, alleviating risks, meeting agency business initiatives and providing improved opportunities to reach or provide information to our constituents at a minimum.

INFORMATION TECHNOLOGY DIVISION

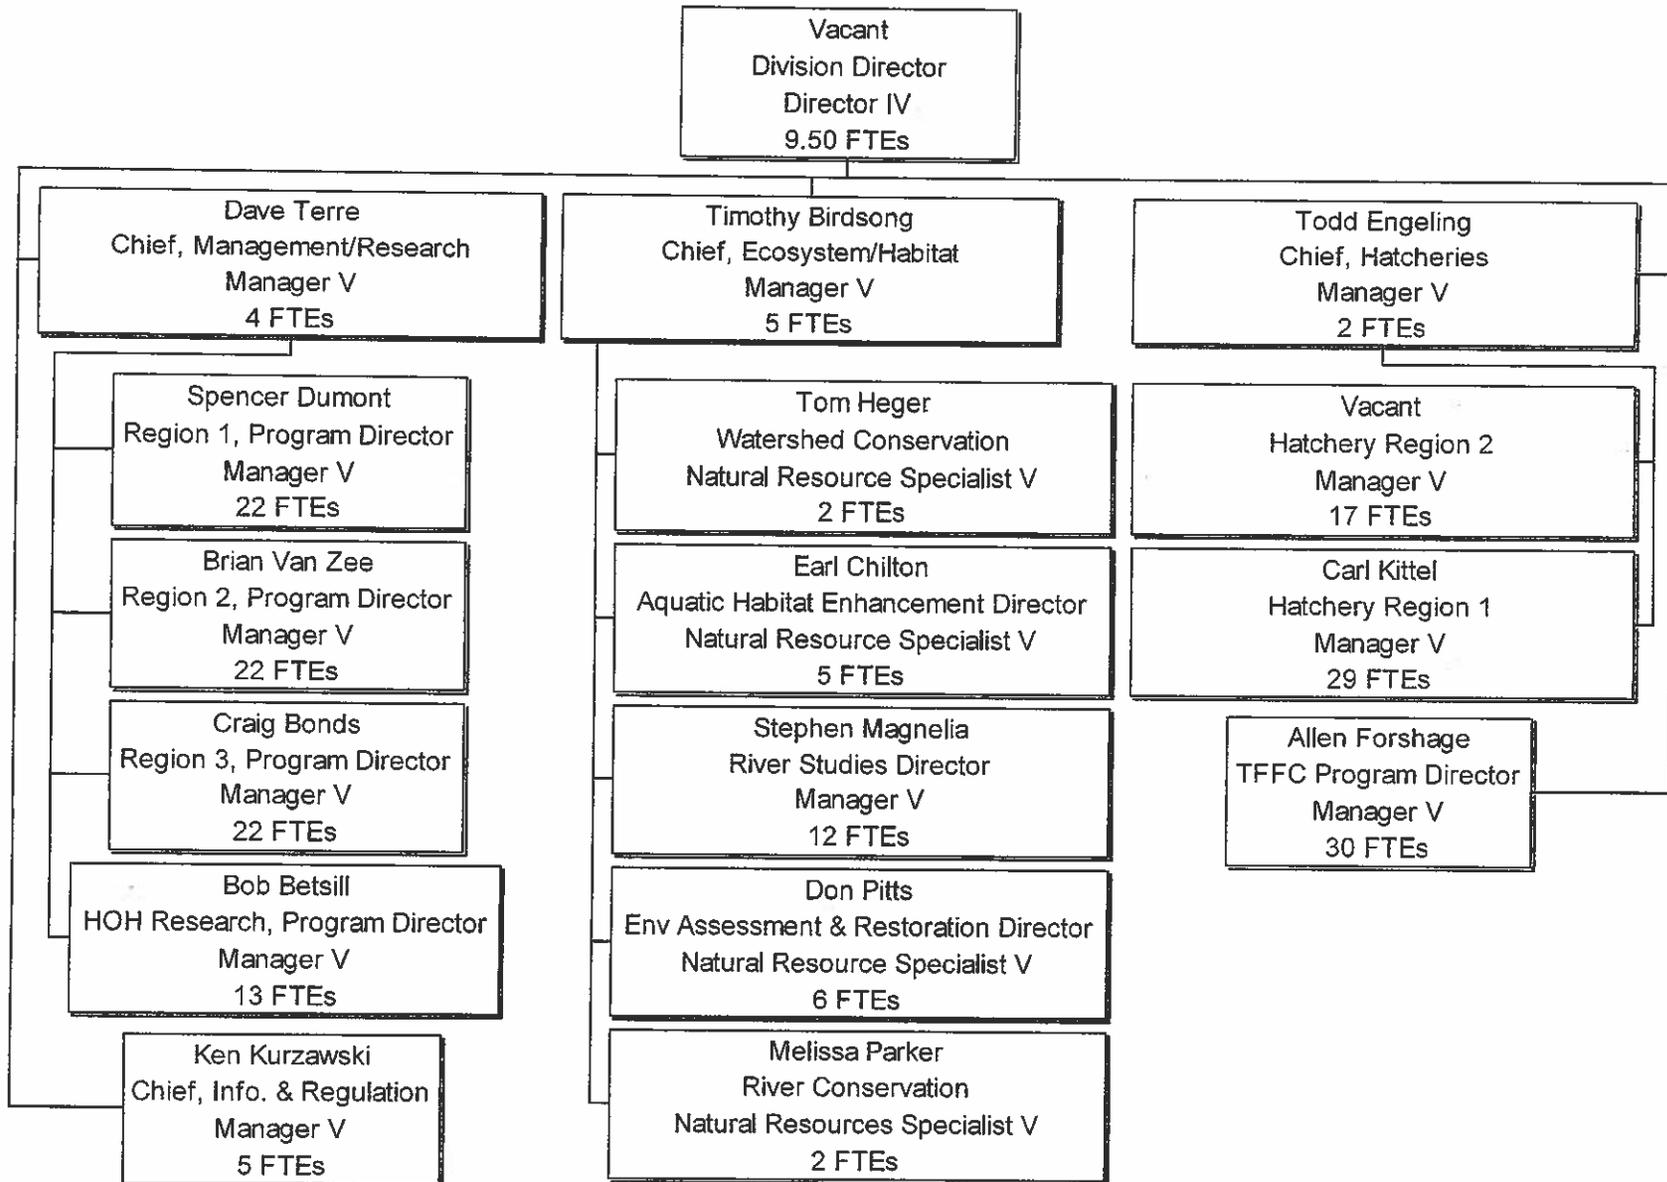

INLAND FISHERIES DIVISION

Functional Responsibilities

- The Inland Fisheries Division is responsible for managing and protecting the state's diverse freshwater fisheries resources. The goal of this management is to provide the best possible angling while protecting and enhancing freshwater aquatic resources.
- Resource Management and Research: Develop plans and conduct applied management activities for all freshwater impoundments, rivers, and streams and to provide scientifically sound information leading to the understanding and management of aquatic resources, their production, status and utilization.
- Habitat Conservation: Responsibilities include a broad range of natural resource issues: including watershed protection and restoration; instream flow science; native species conservation; management of aquatic invasive species; harmful algal blooms monitoring and research; environmental response, damage assessment, and restoration; and a variety of other topics affecting the health of Texas fisheries, their habitats, and other aquatic resources.
- Fish Hatcheries: Provides functional support for fisheries management and is a tool for creating, enhancing and maintaining fish populations in Texas public waters. Stocked fish are used to increase species diversity and angler opportunities, and restore fish populations that have been decimated or reduced due to natural or manmade influences.
- Texas Freshwater Fisheries Center: A multipurpose facility that provides educational experiences to the public while also producing millions of fish annually to meet the stocking needs of fisheries managers. Also serves as headquarters for the Toyota ShareLunker program.
- Analytical Services: Serves a unique function in support of divisional, interdivisional, and interagency programs by providing state-of-the-science analyses water quality, fish pathology, and genetics.
- Information and Regulations: Works to ensure the regulatory basis of proposed regulations, provide data analysis expertise for assessments of relevant data, provides general information to the public including fishing and river access information, and provides administrative support to the division.

INLAND FISHERIES DIVISION

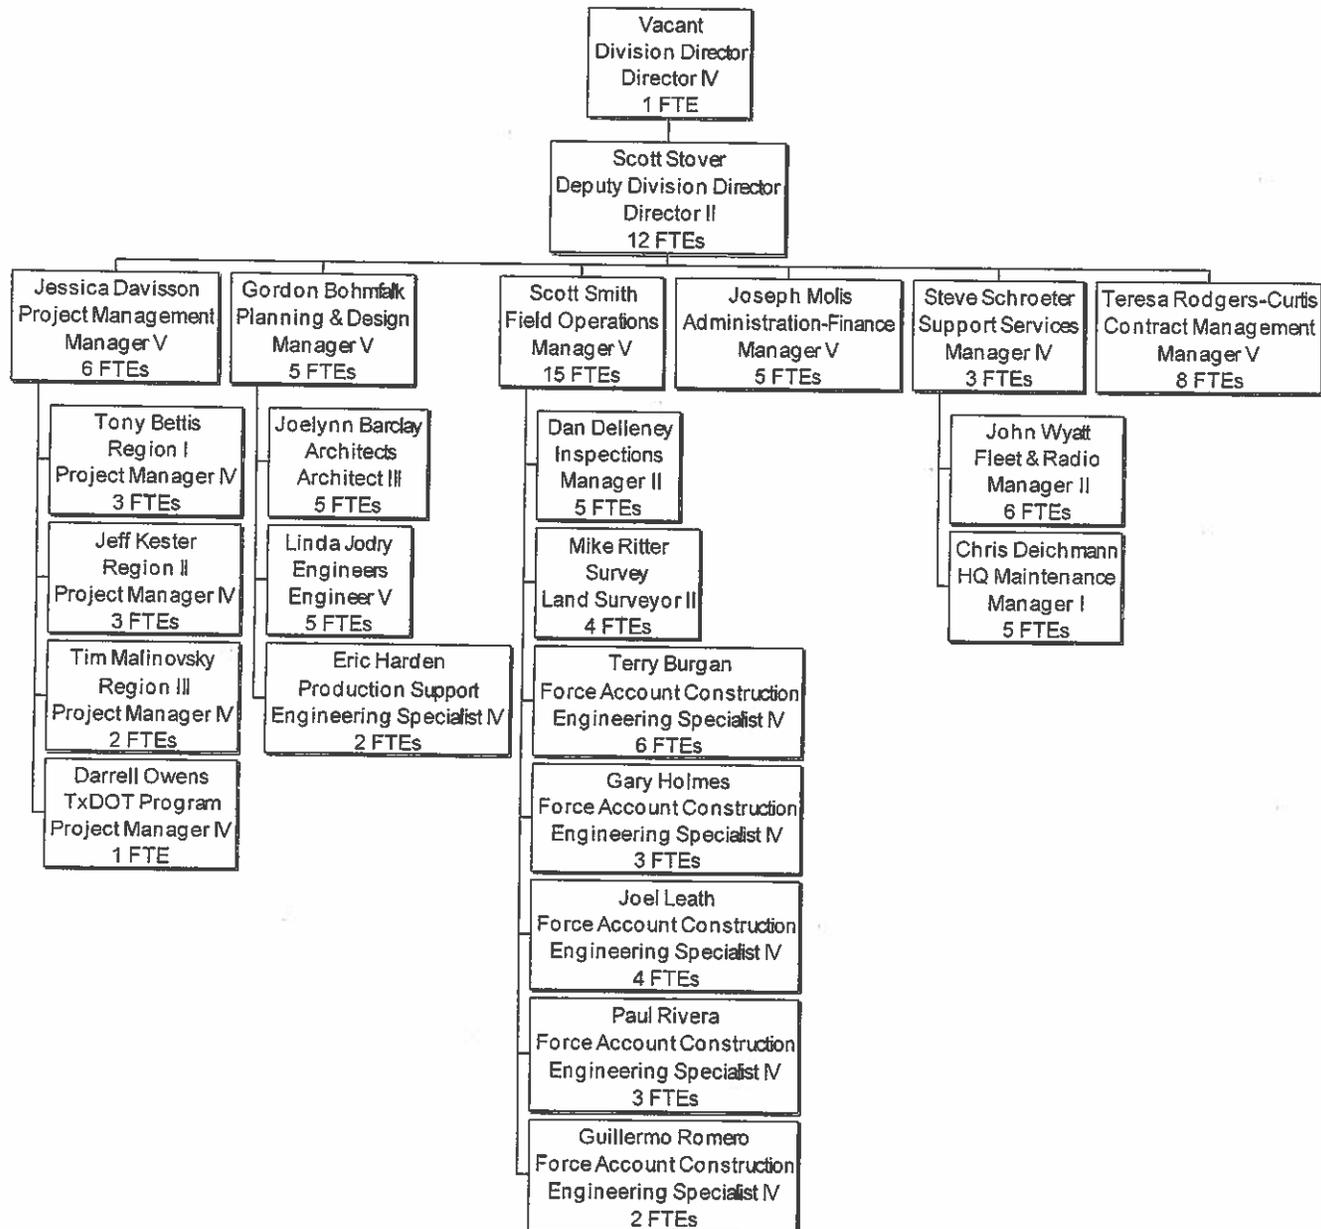

INFRASTRUCTURE DIVISION

Functional Responsibilities

- Manage the Department's capital construction program.
- Provide procurement and contract management for construction services contracts.
- Provide sound fiscal oversight necessary to manage the financial aspects of Department's capital construction program.
- Provide field-based construction related services to perform and oversee the Department's construction programs.
- Provide professional Architectural and Engineering services in support of the Department's funded facilities, operations and repair projects, including architectural, landscape architectural, civil engineering, structural engineering, mechanical engineering, electrical engineering, GIS-based site analysis, CADD drafting, and cost estimating.
- Provide secure and comprehensive records management of capital construction documentation.
- Manage the Department headquarters facility complex building, grounds, and infrastructure.
- Manage the Department fleet management program.
- Manage the Department radio management program.
- Manage the Department risk management programs.
- Provide professional design services to the Department for conserving natural resources, including sustainable buildings and sites through the Leadership in Energy and Environmental Design (LEED) and the Sustainable Sites Initiative.
- Provide energy management support for the Department.
- Provide the Department-wide capital construction project identification and ranking system.
- Provide professional master planning in order to support the mission of Department divisions by providing comprehensive analysis of proposed use and required infrastructure.
- Provide technical coordination with the Texas Commission on Environmental Quality (TCEQ) on behalf of the Department, and provide professional services and assistance to comply with TCEQ violations and compliance.
- Provide professional architectural, engineering, and support services in support of physical accessibility of Department public facilities.

INFRASTRUCTURE DIVISION

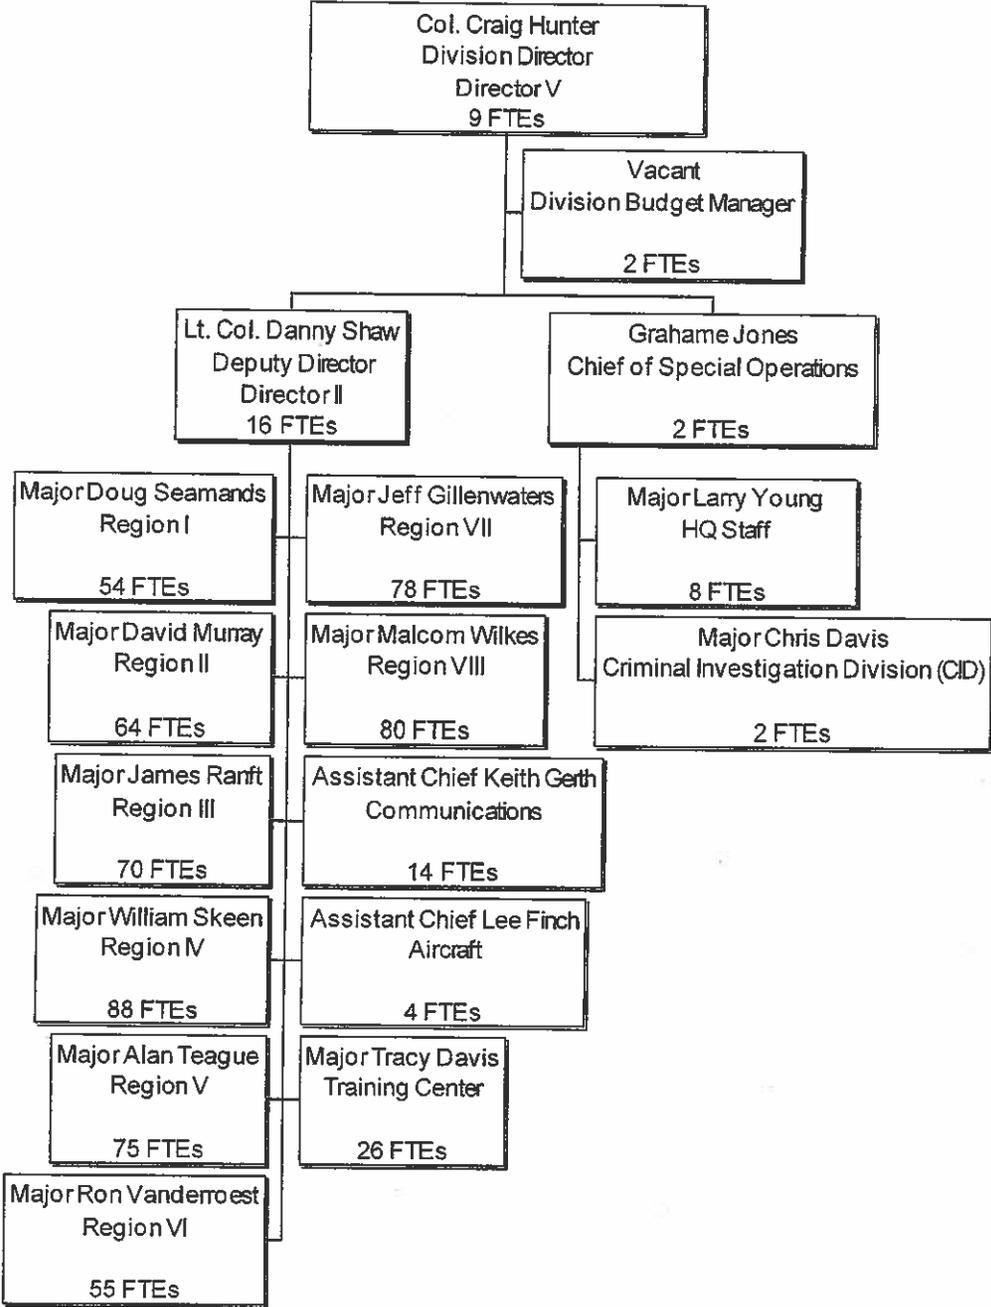

LAW ENFORCEMENT DIVISION

Functional Responsibilities

- Provides a comprehensive statewide law enforcement program to protect Texas' wildlife, other natural resources, and the environment.
- Provides for public safety on all public waters by ensuring compliance with applicable state laws and regulations.
- Texas Game Wardens are involved in missions regarding homeland/border security, emergency management, search and rescue along with response to natural and man-made disasters.
- Texas Game Wardens are responsible for enforcement of the Parks and Wildlife Code, all TPWD regulations, the Texas Penal Code and selected statutes and regulations applicable to clean air and water, hazardous materials and human health.
- The Special Operations Unit assists the Law Enforcement Division in accomplishing the Department's mission through the investigation and apprehension of those who violate the natural resource laws of this state, utilizing both overt and covert strategies.
- Specially trained Game Wardens provide law enforcement service through K-9 units, dive team, swift water rescue, tactical unit, search and rescue, forensic reconstruction.
- Educates the public about various laws and regulations.
- Prevents violations by conducting high visibility patrols, and apprehending and arresting violators.
- The 24-7 Operation Game Thief (wildlife, fishing and water safety crime stoppers) provides citizens with a toll-free number to report poaching and other violations.

LAW ENFORCEMENT DIVISION

LEGAL DIVISION

Functional Responsibilities

- The Legal Division provides legal advice and assistance to department staff and the Texas Parks and Wildlife Commission regarding matters within the department's authority, such as water quality, water rights, fish and wildlife law, criminal law, employment law, contract law, administrative law, and open government law. The Legal Division also represents the department in administrative legal proceedings and assists the Attorney General's office in litigation involving the department. In addition, Legal Division attorneys coordinate responses to requests for information under the Texas Public Information Act, review and draft agreements involving TPWD, and assist staff in other divisions and the Executive Office with rulemaking.

LEGAL DIVISION

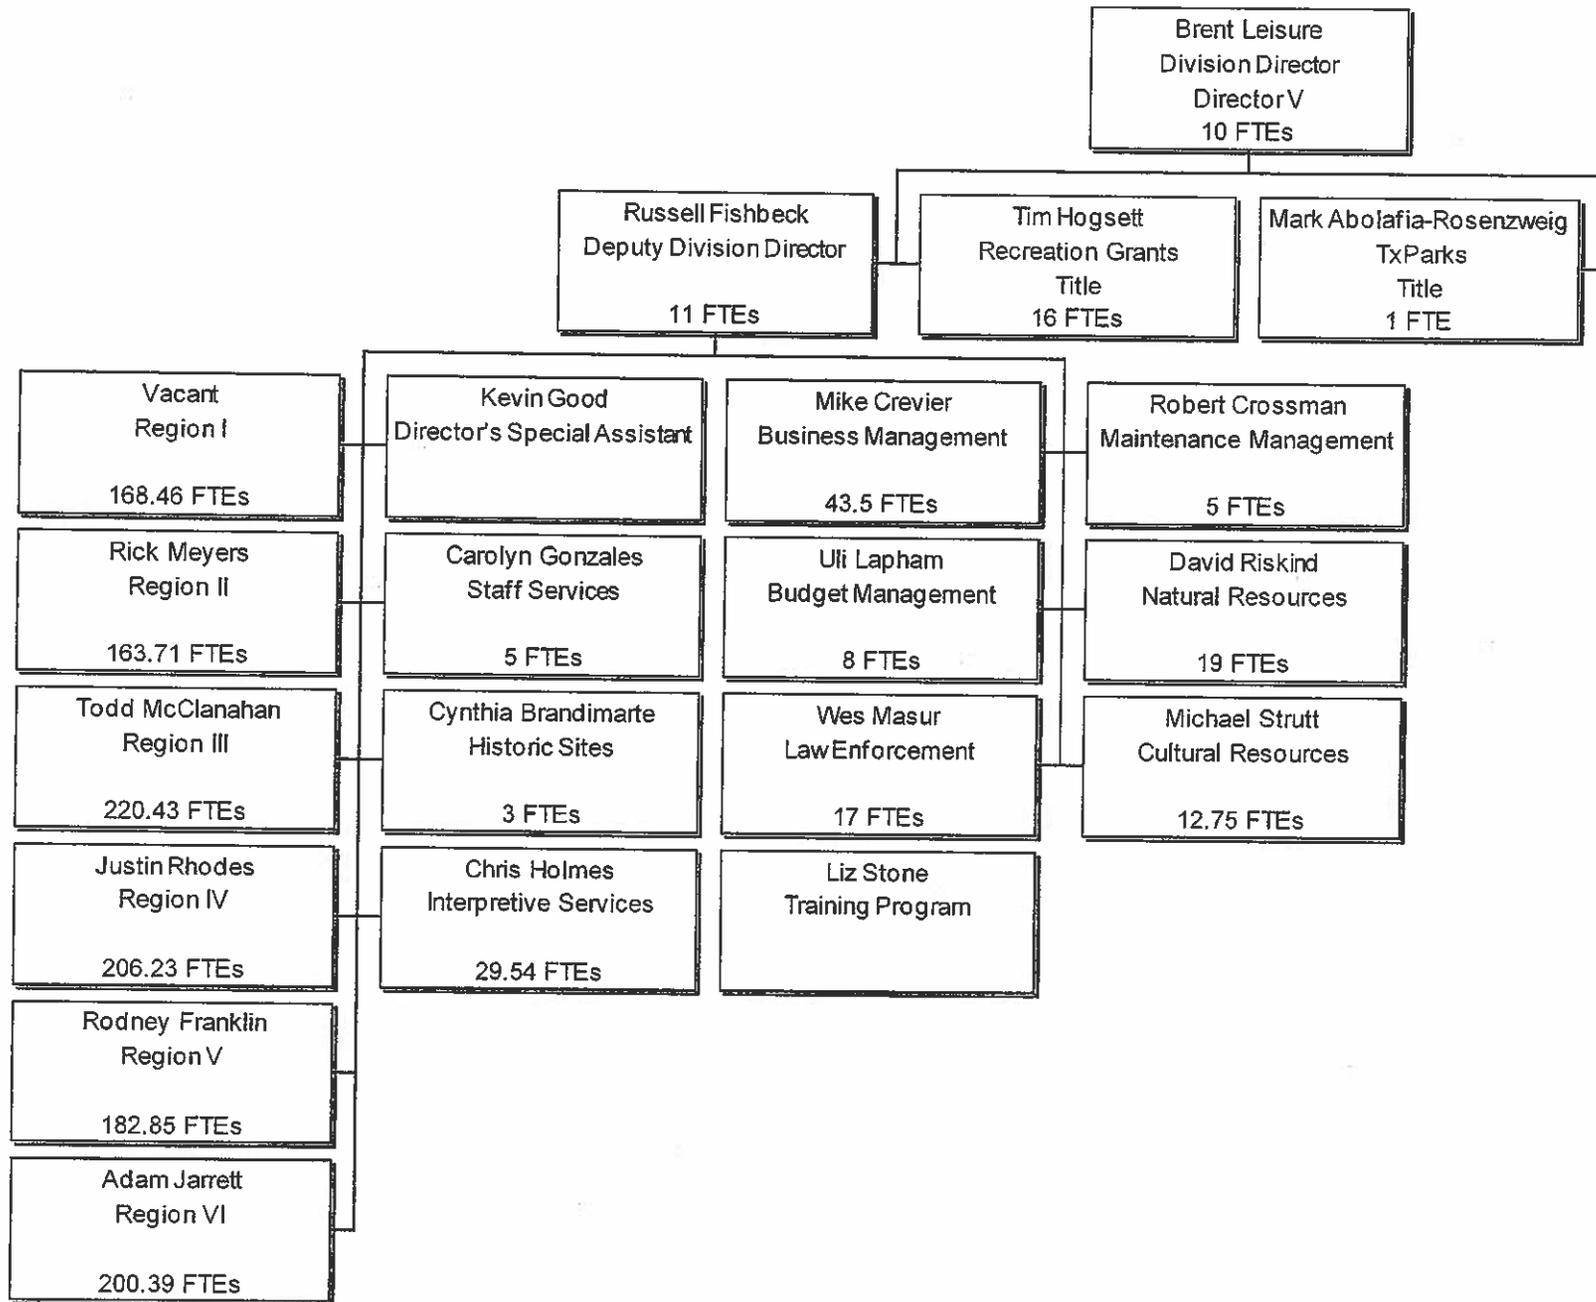

Ann Bright
Division Director
General Counsel IV
9 FTEs

STATE PARKS DIVISION

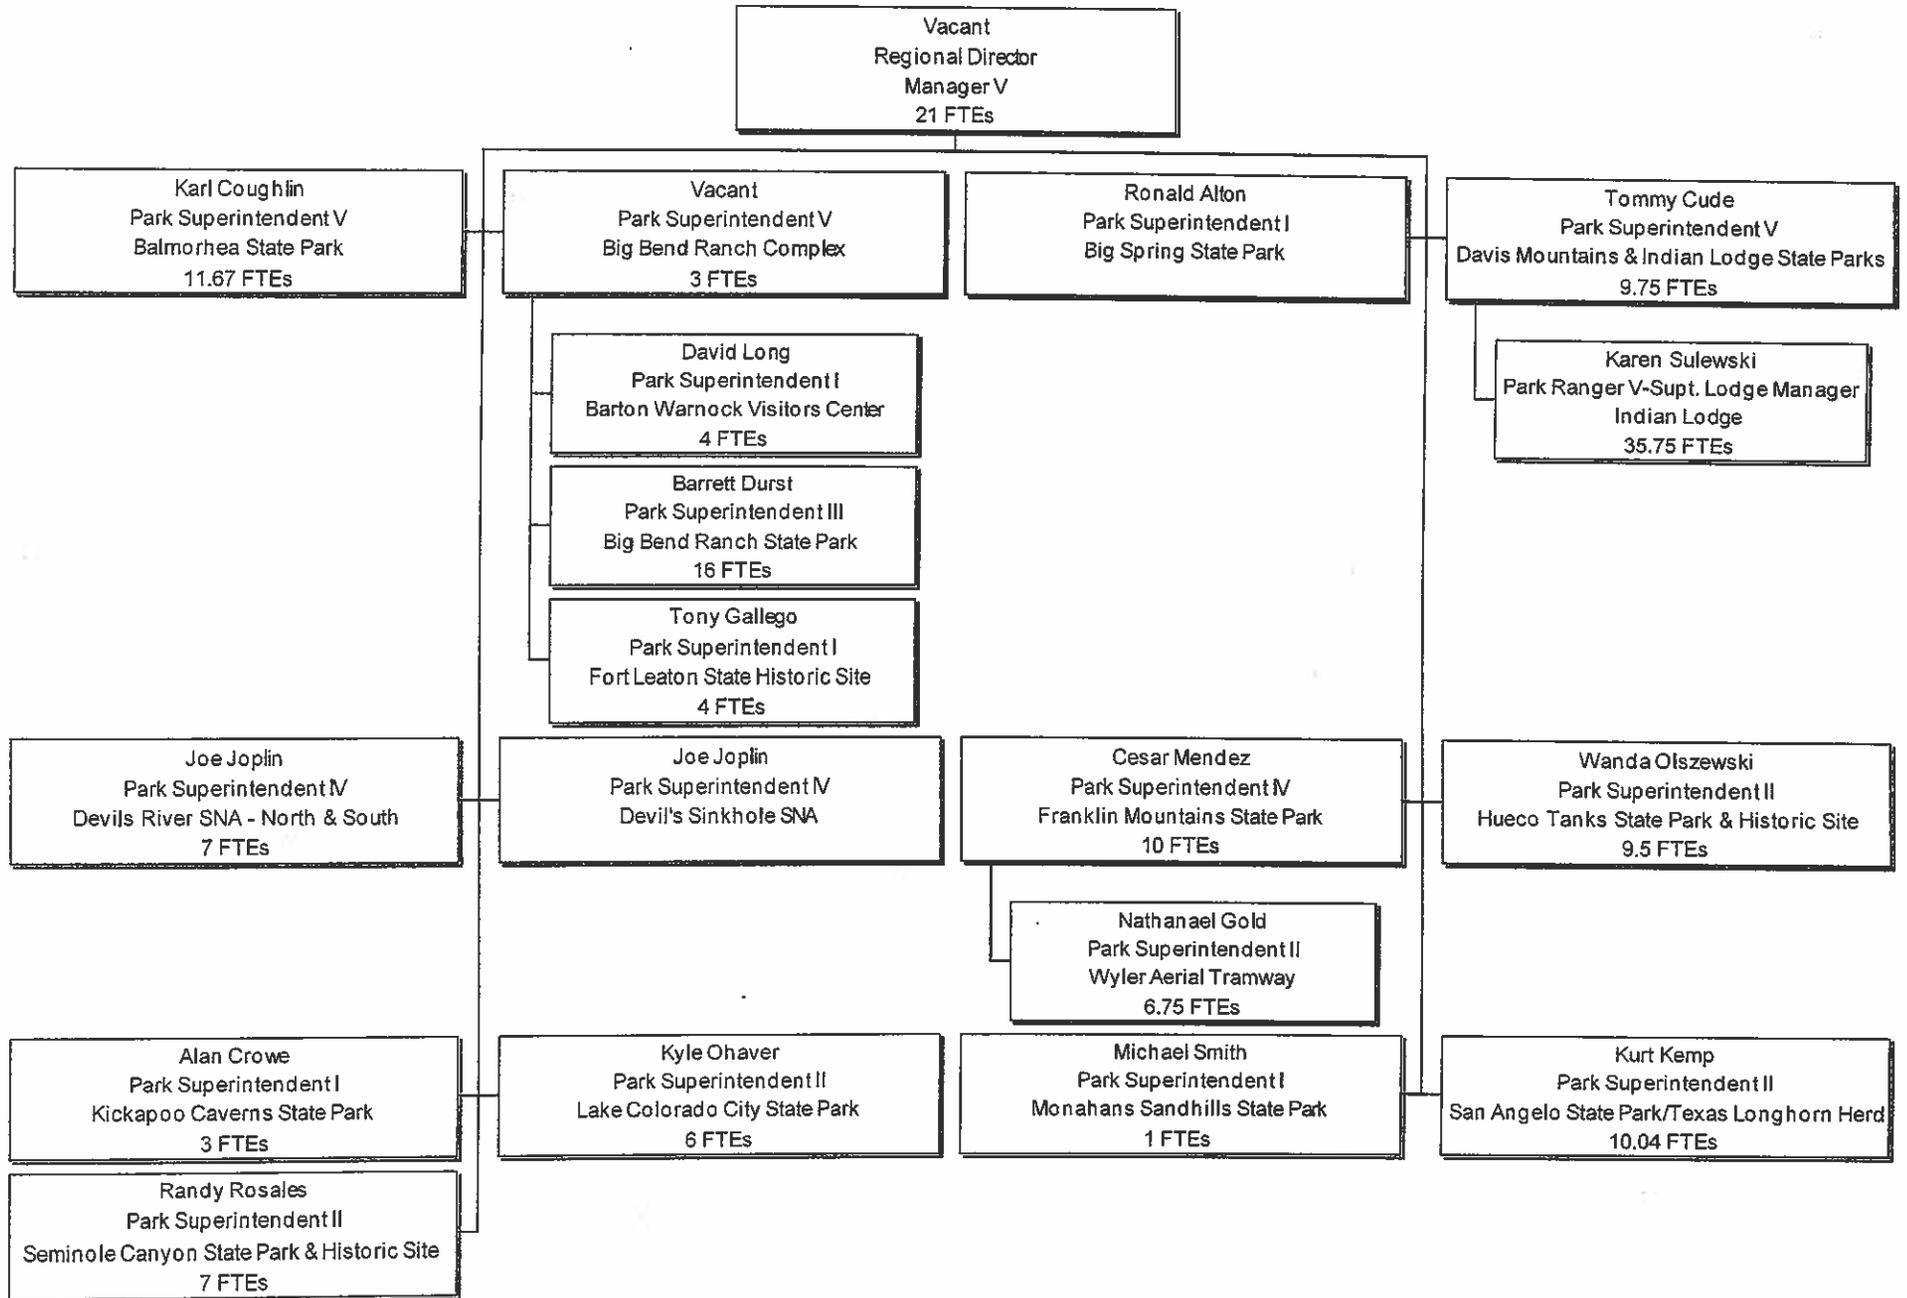

Functional Responsibilities

- **Staff Services & Administration:** Maintains a mission-focused, professional, diverse, and engaged workforce with positive and productive workplaces. Ensures utilization of best employment practices through policy administration, performance and conduct management, and training or resource material. Assists with legislative tracking and reporting, policy development and administration, Commission meeting coordination, and program services. Oversight of division internship and volunteer programs, recruiting and retention, classification and compensation plans, and park housing.
- **Training & Staff Development:** Oversight of State Parks' staff development and training initiatives. Serves as Division training coordinators and liaison for State Parks' staff for participation in TPWD and external training and development. Assessment, development, implementation and evaluation of State Parks' specific training programs.
- **Business Management & Development:** Administers business management and revenue development through revenue resource identification, oversight and compliance of park fees, staff retail and rental operations, hospitality management, customer services, group, special event and commercial partnership management and development and oversight of leased concession operations, park literature and promotions & park system passes. Oversees customer contact center, TPWD operator/information; State Park Information Technology automation oversight.
- **Budget, Procurement & Contracts:** Division budget, procurement & contracts management and oversight.
- **Natural Resources:** Oversight of State Parks Natural Resource operations. Provides guidance to parks for compliance with federal and state regulations in regards to natural resources protection & development; wildlife, natural resources management and stewardship, geospatial resources and park planning, wildland fire program, and lead on management for mitigation of third party impacts on state parkland.
- **Cultural Resources:** Oversight of parks and historic sites cultural resources. Provides guidance to parks and sites for compliance with federal and state antiquities and historic preservation laws; conducts archeological surveys, writes monitoring and management plans, curates artifacts and architectural samples.
- **Historic Sites & Structures:** Conducts historic inventories and assessments. Provides guidance to parks for compliance with federal and state regulation in regards to historic preservation.
- **Interpretive Services:** Oversight of parks interpretation/education programs, training and evaluation of approximately 80 field-based park interpreters. Responsible for parks educational literature (maps, field guides and brochures) web based media, exhibits, collections, wayside signs and interpretive master plans as well as statewide outdoor education and outreach programs (Texas Outdoor Family and Texas Buffalo Soldiers Program) which supports increased visitation to State Parks.
- **Law Enforcement:** Responsible for the overall safety, security and protection of State Parks, its visitors and resources. Provides oversight and training of approximately 185 State Park Police Officers and regional coordinators. Partners with other federal, state, and local law enforcement agencies.
- **Facilities Maintenance Management:** Oversight of minor repair, capital repairs, facilities & equipment tracking, TCEQ compliance; park safety oversight; information management system oversight.
- **Recreation Grants:** Administers grant assistance programs providing local governments and non-profit entities grants for acquisition and development of local parks, boat access and recreation trails (motorized and non-motorized) opportunities. Administers grants providing assistance to introduce underserved populations to outdoor experiences. Administers grants providing funds for land acquisition and development in Texas State Parks. The branch administers a total of 10 grant programs providing for these opportunities. Plans and develops recreation trails in Texas State Parks. Services include technical assistance, grants administration and financial management, compliance with state and federal laws and administrative requirements and post completion compliance oversight.

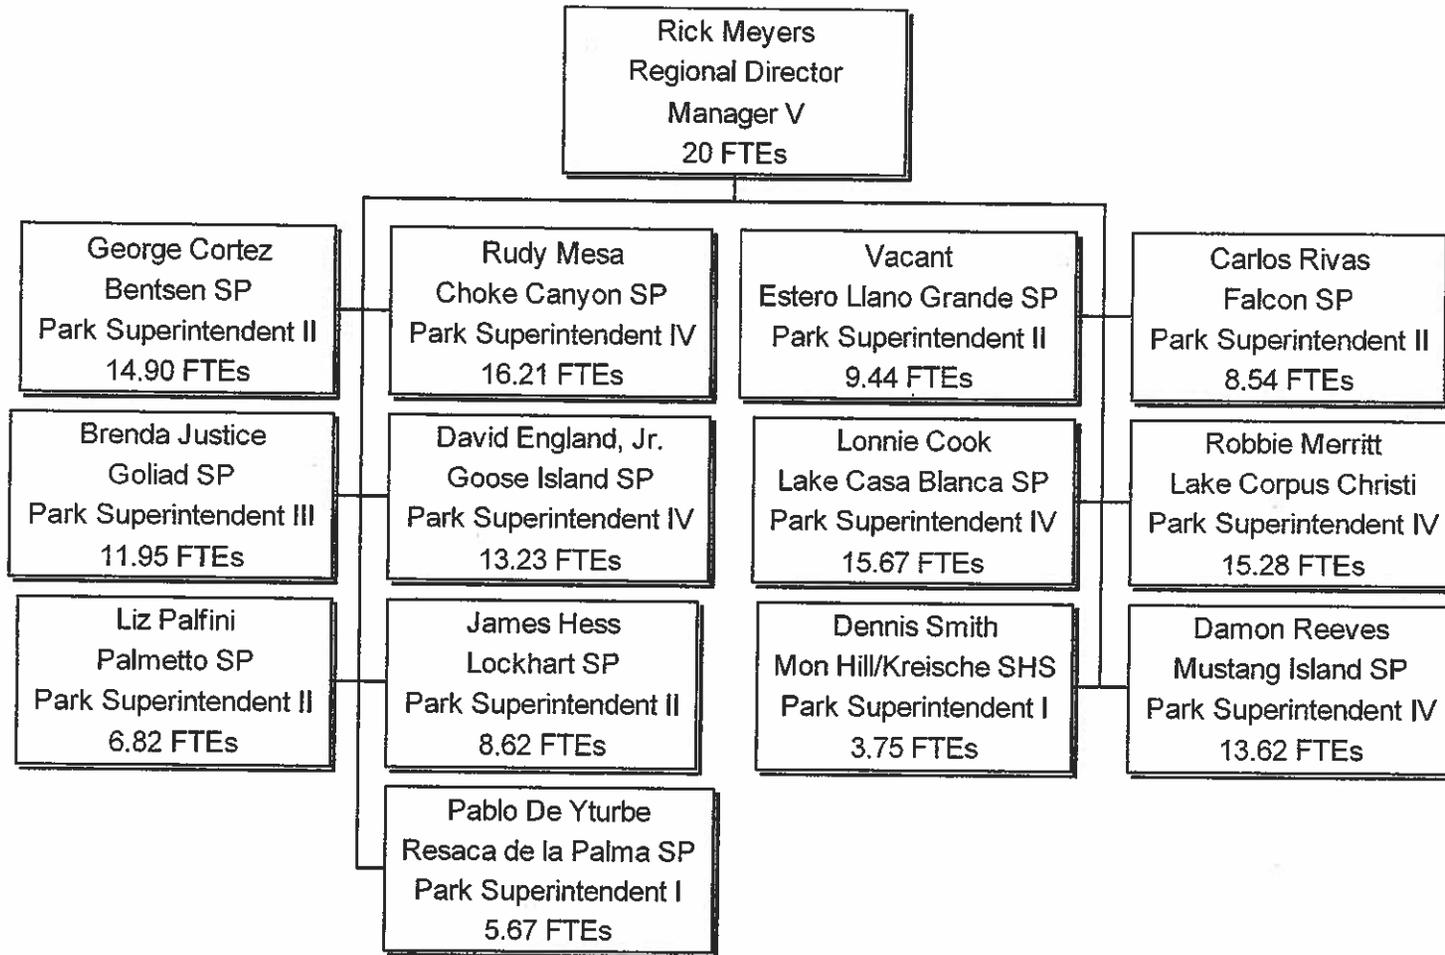

STATE PARKS DIVISION

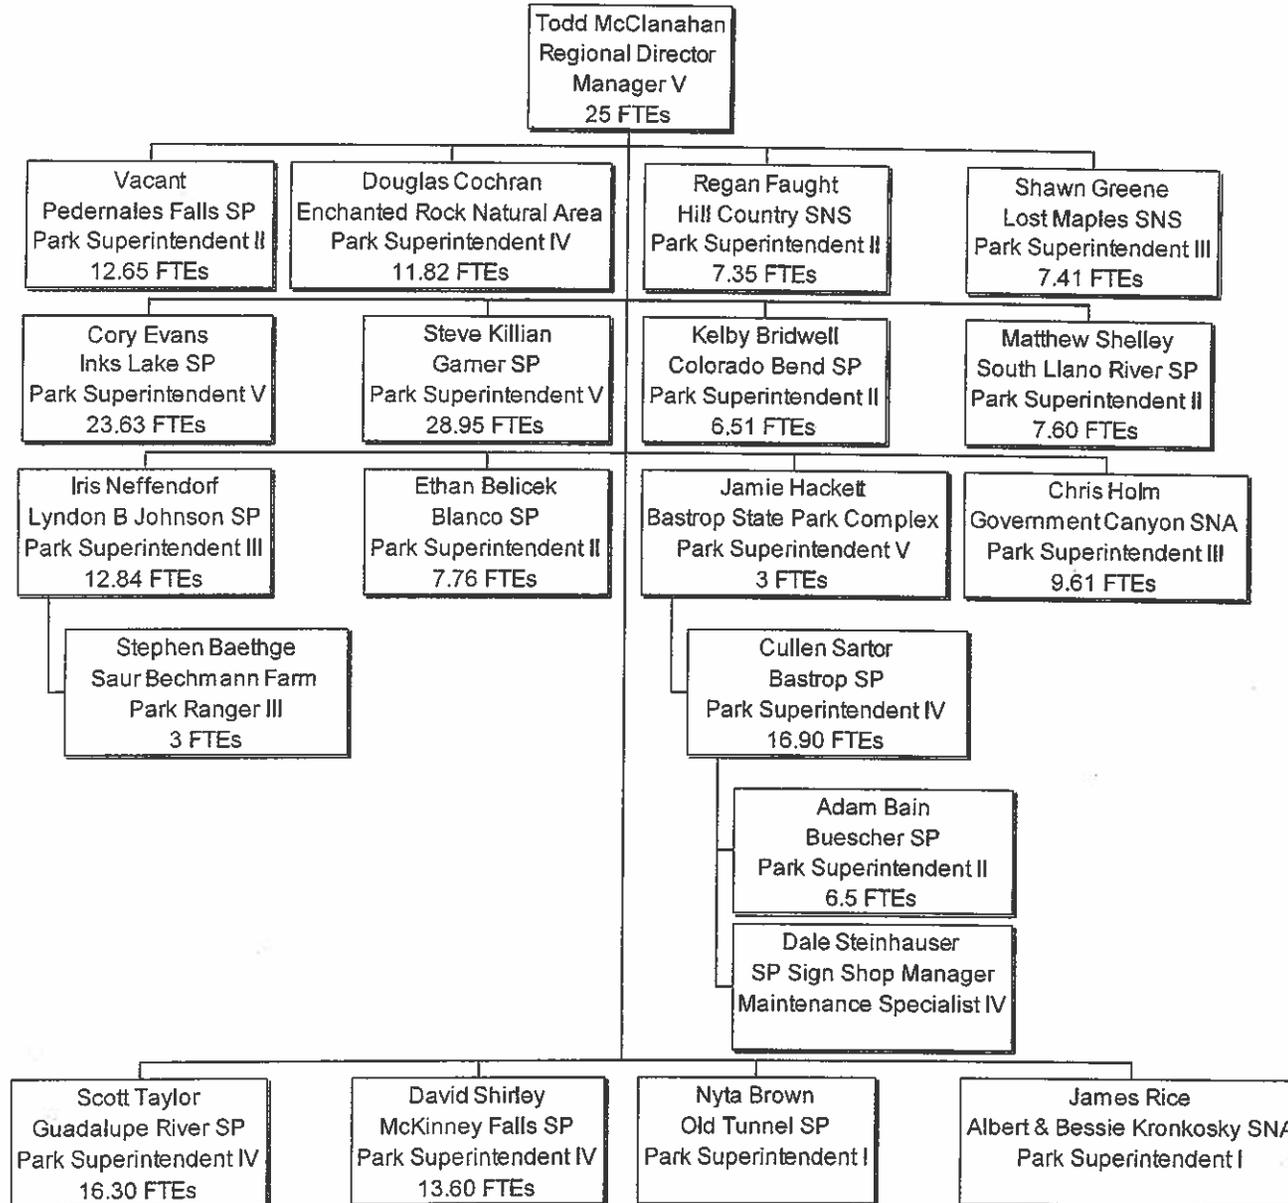

STATE PARKS DIVISION - REGION I

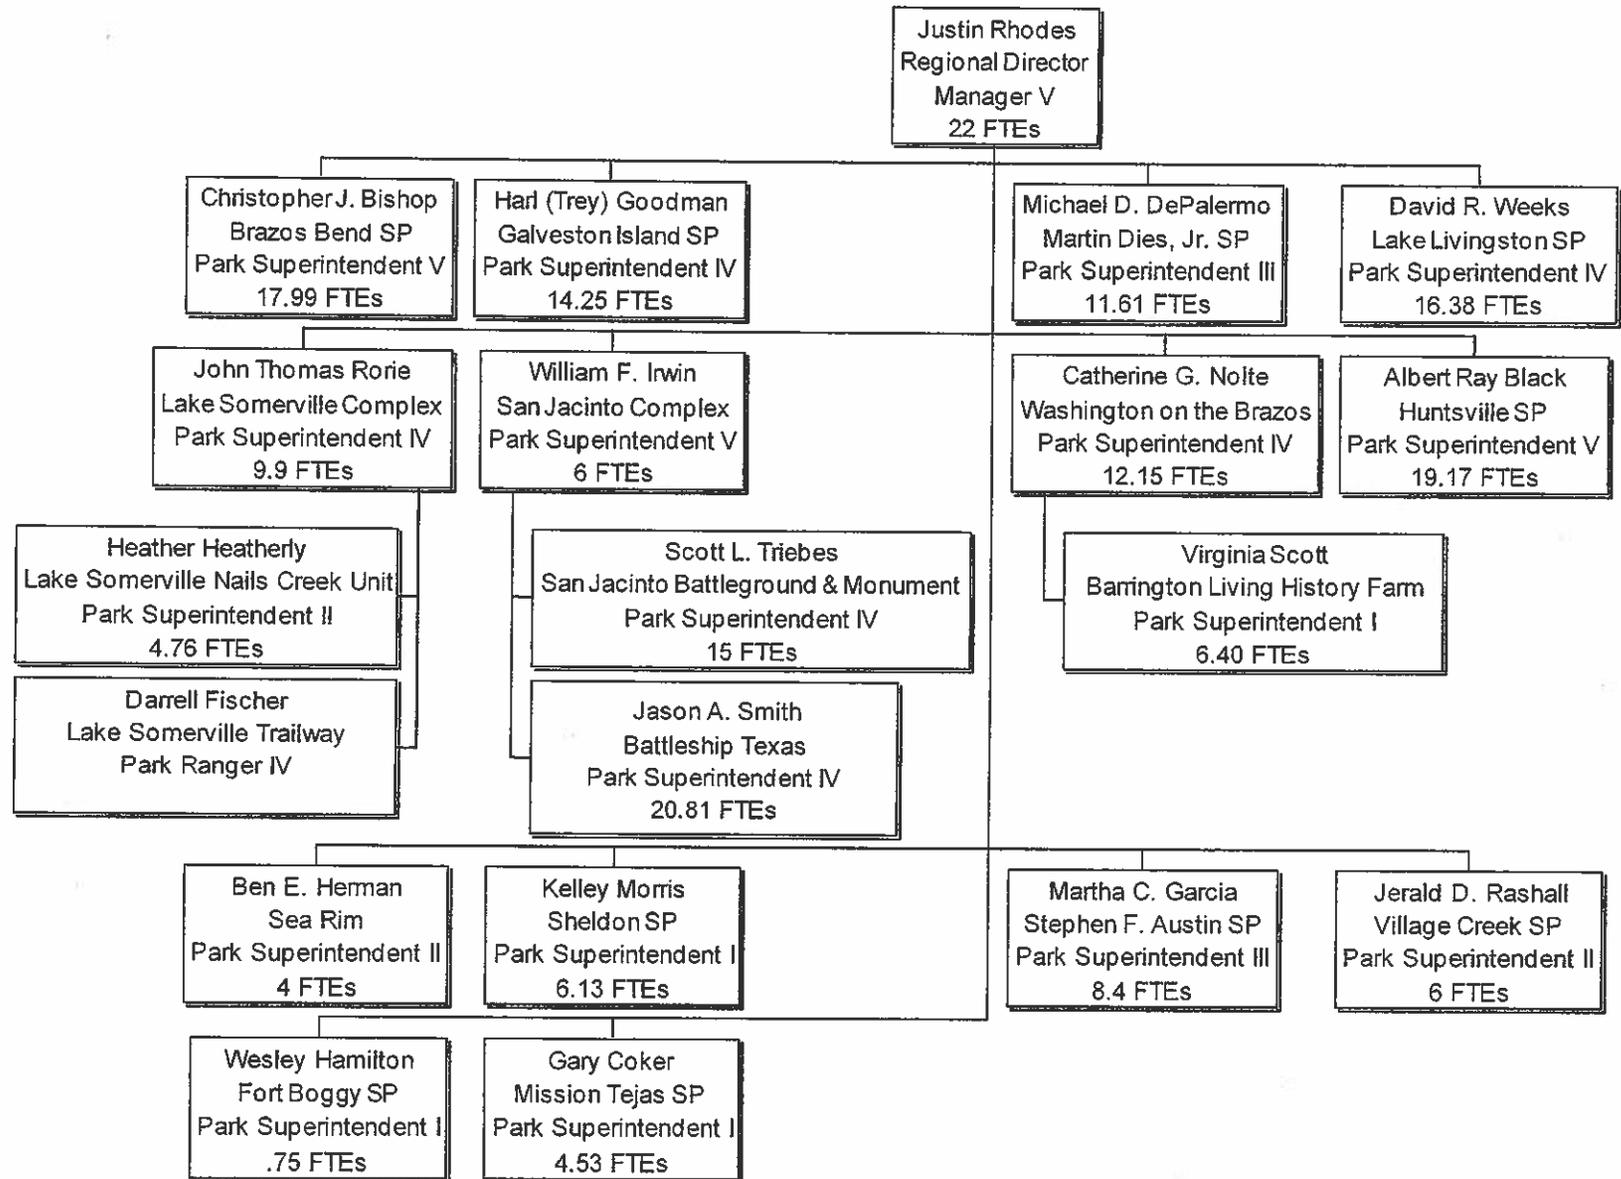

STATE PARKS DIVISION - REGION II

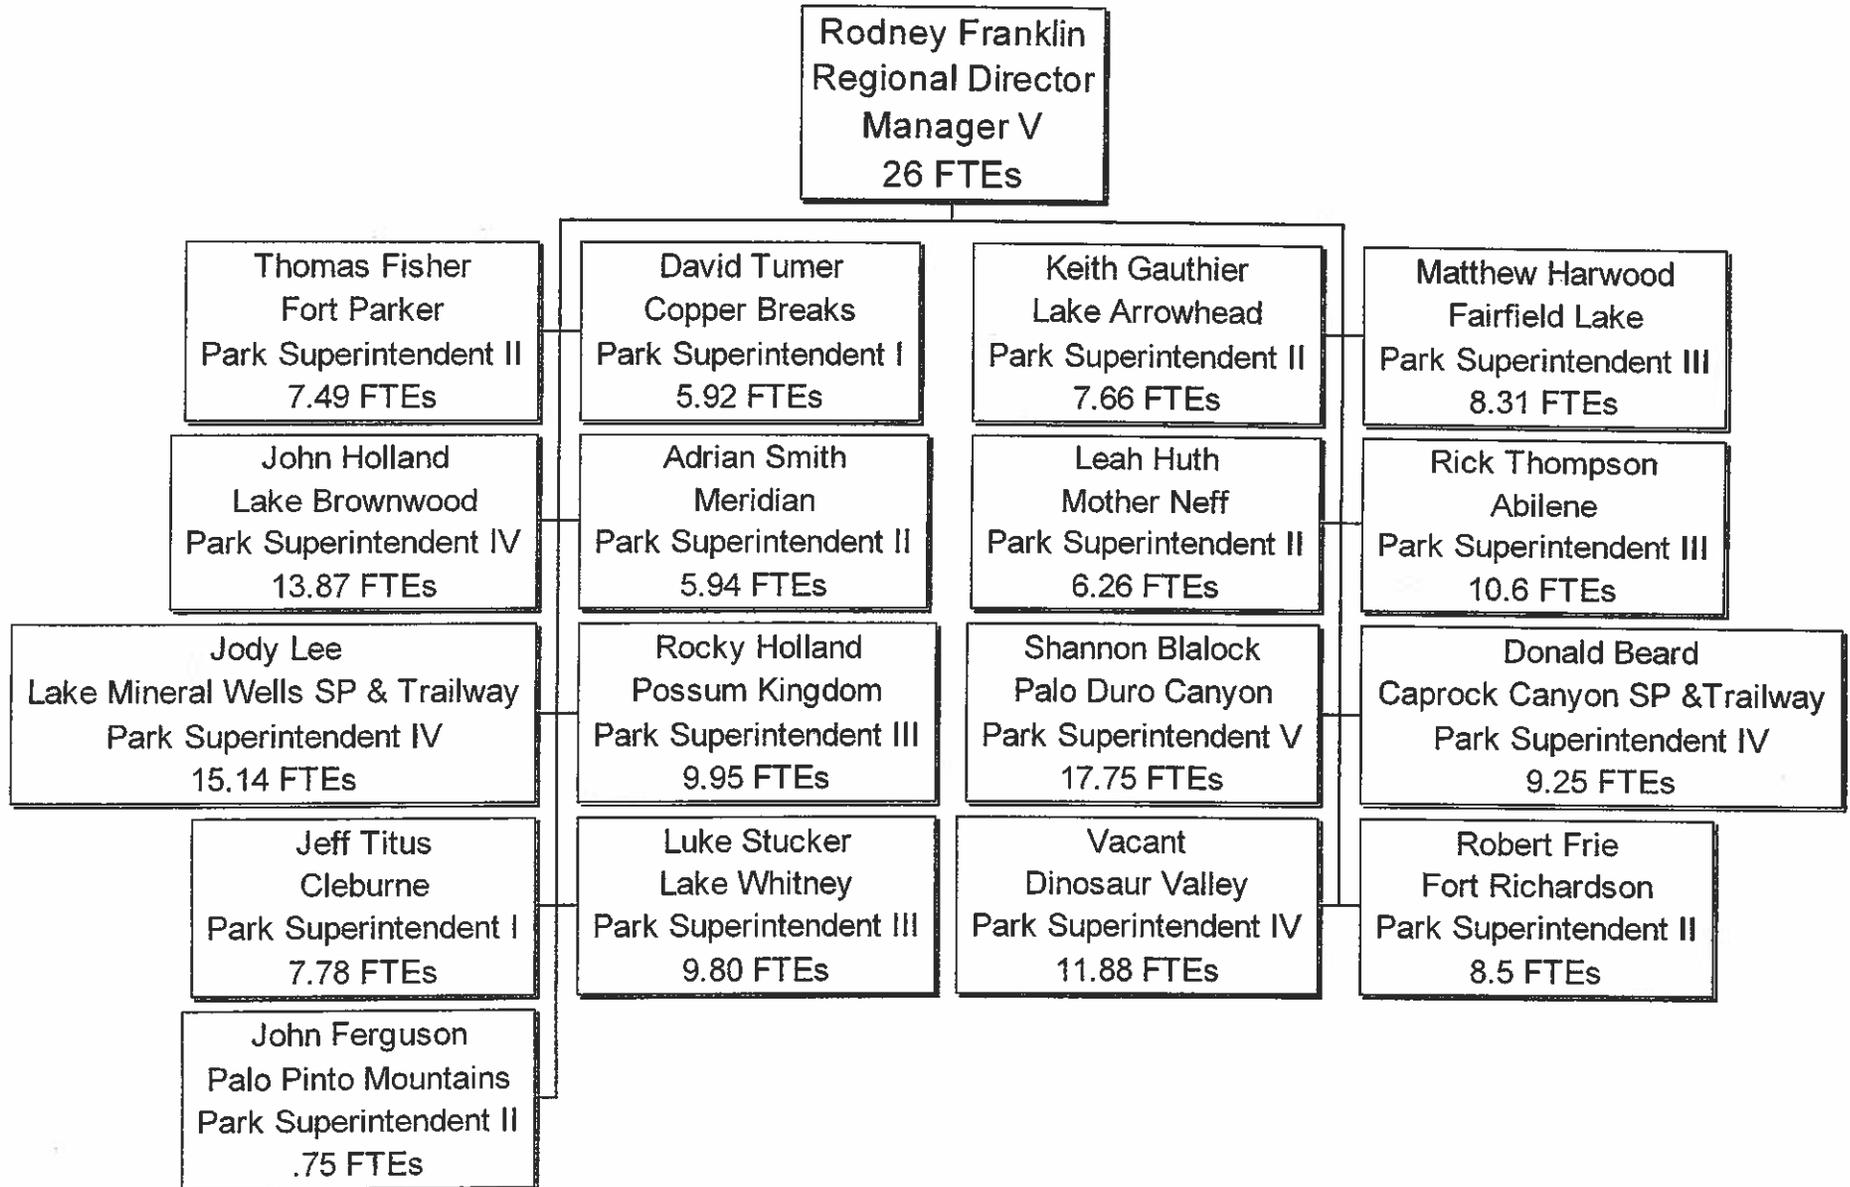

STATE PARKS DIVISION - REGION III

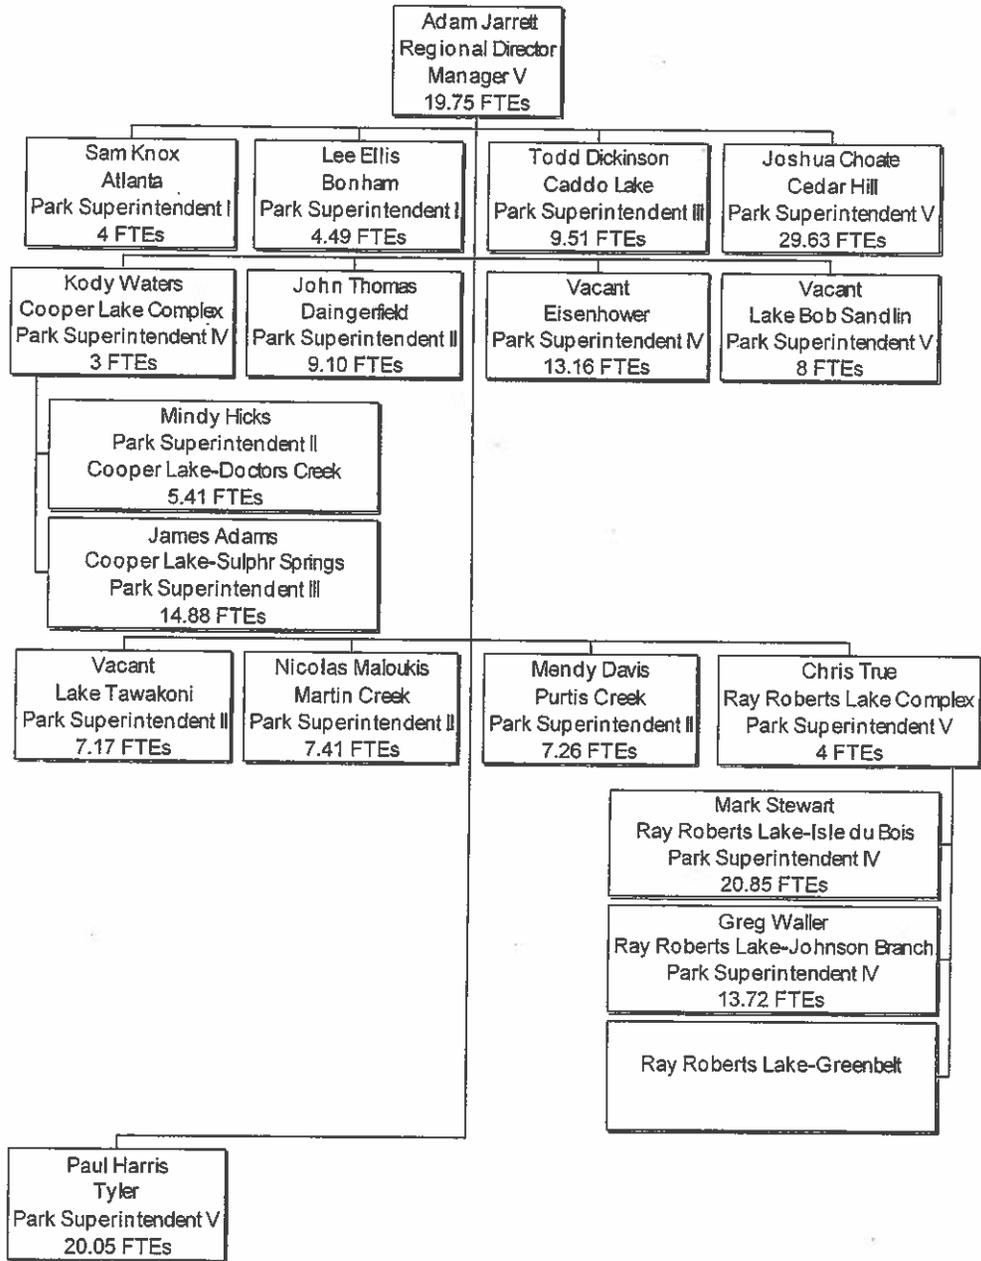

STATE PARKS DIVISION - REGION IV

STATE PARKS DIVISION - REGION V

STATE PARKS DIVISION - REGION VI

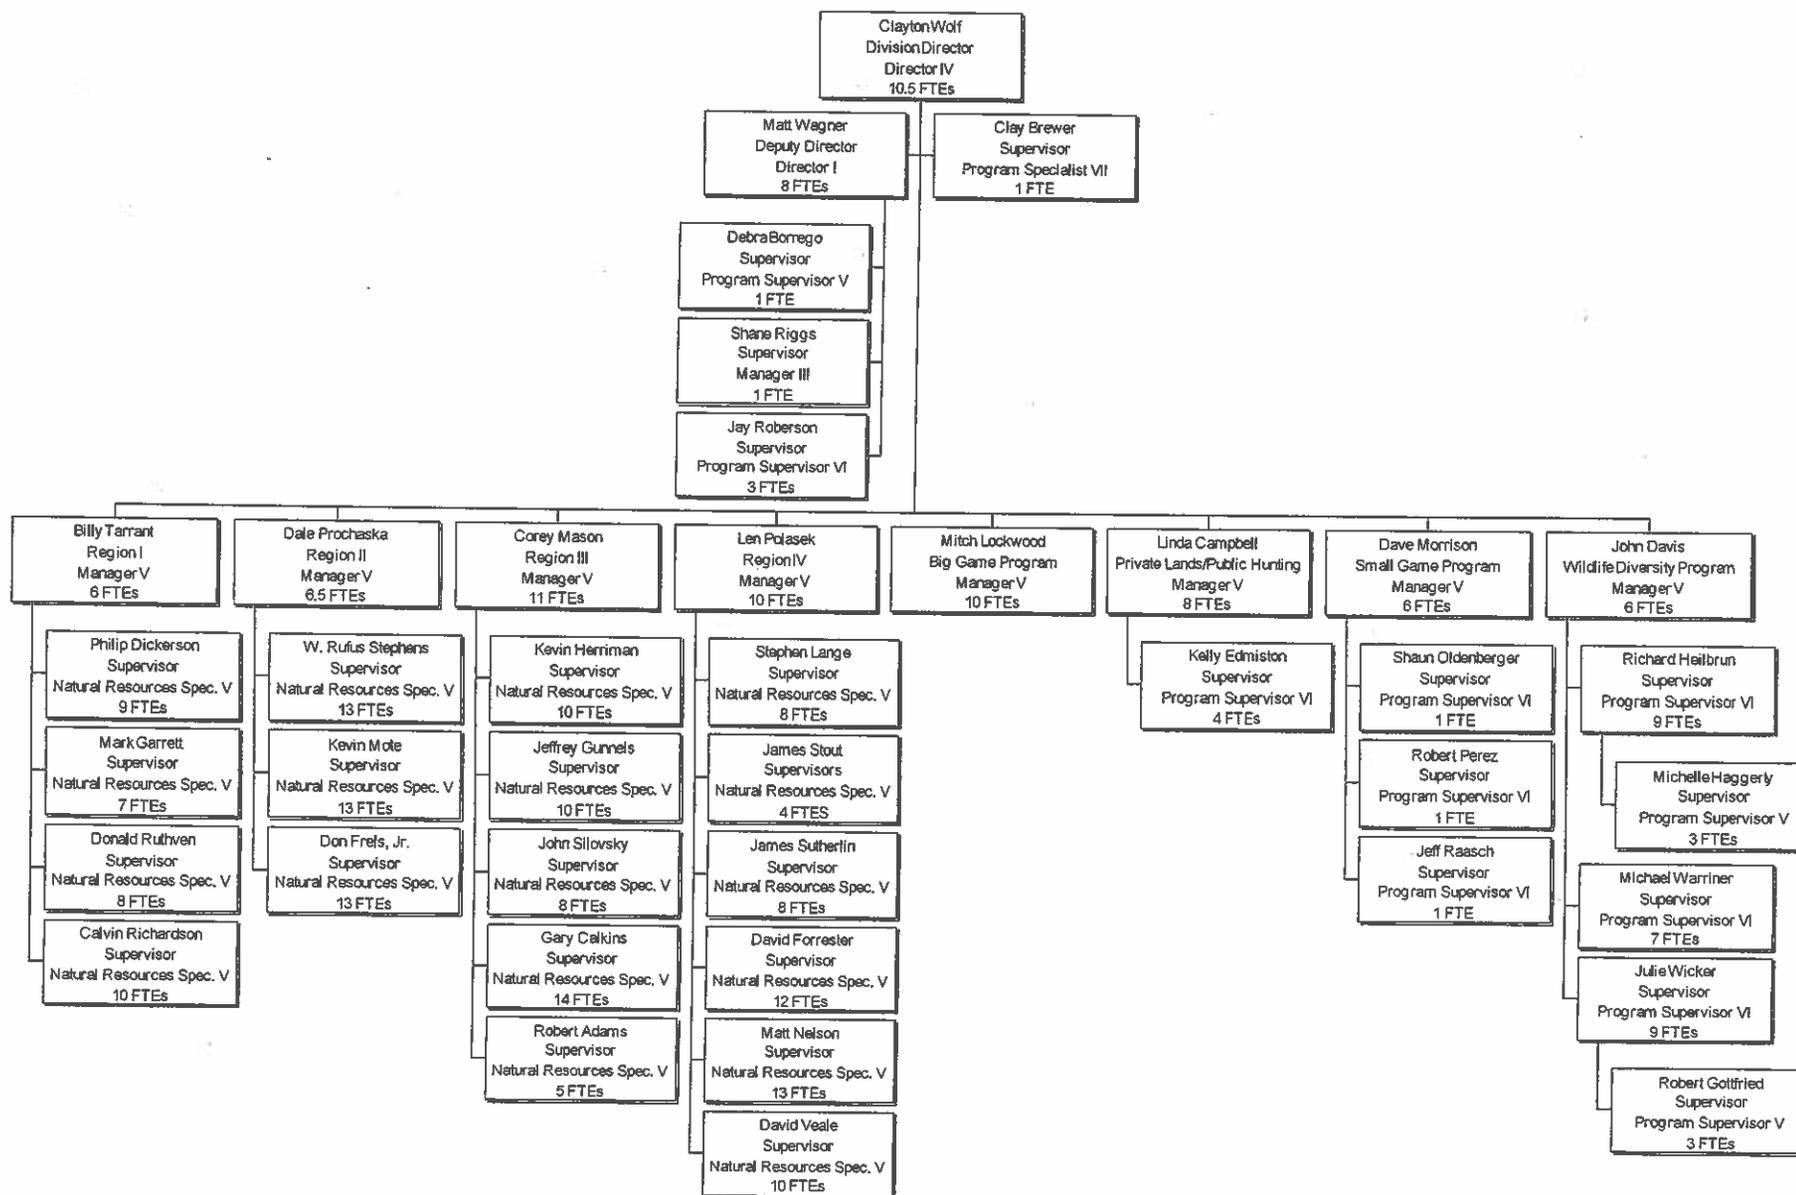

WILDLIFE DIVISION

Functional Responsibilities

- **Regional Programs:** The four regional divisions provide operational support to ensure the efficient working of Wildlife programs, such as technical assistance to landowners and the general public. The four regions also operate 47 Wildlife Management Areas encompassing over 714,000 acres of land. The Wildlife Division utilizes the Wildlife Management Areas for research on wildlife populations and habitat, conducting education on resource management, and to provide public hunting, hiking, and other recreational opportunities.
- **Big Game and Permitting:** The Big Game program coordinates surveys and research projects to understand the life history, habitat requirements, restoration, and management responsibilities for big game in Texas. The Permit program offers various permits affording landowners and managers more flexibility to meet their management needs.
- **Private Lands and Public Hunting:** The Private Lands program provides private landowners with assistance, financial support and recognition for conservation efforts through agency staff and federal or other outside resources. Federal Farm Bill coordination and administration of the Texas Landowner Incentive Program is a big part of the Private Lands program's efforts to assist landowners. The Public Hunting program supports and administers public hunting opportunities on TPWD-owned and leased private lands. The program also administers Big Time Texas Hunts, a revenue-generating program for the Division, and supports the partnership with Texas Wildlife Association for implementation of the Texas Youth Hunting Program.
- **Small Game:** The Small Game program has the responsibility for both resident and migratory game bird species as well as habitat conservation associated with unique Joint Ventures and Landscape Conservation Cooperatives within Texas and across the country. Migratory birds management requires coordination for population, harvest and habitat surveys as well as regulatory issues at the state, national and international level since these resources are shared between the United States, Canada, and Mexico. Monitoring and biological recommendations are developed using current research to establish habitat conservation objects and regulations that meet the needs of resident game birds in Texas.
- **Wildlife Diversity:** This program works to improve the conservation of nongame, rare, and urban wildlife in Texas, including conservation for threatened and endangered species. A large part of this program's conservation involves wildlife research. The Outreach program develops awareness of the conservation of Texas' wildlife resources through "citizen science" and "hands-on" activities. The Habitat Assessment program reviews proposed development projects that affect the state's wildlife resources and associated ecosystems and provides comments and recommendations to protect these resources.
- **Wildlife Deputy Director:** The Federal Aid Program, Wildlife Research Program, budget and financial reporting, purchasing, and division personnel records and coordination are under the Division Deputy Director. The Federal Aid Program administers and coordinates actions required to qualify department activities for federal grant reimbursement. The Wildlife Research Program coordinates review of research proposals, compiles survey data to identify wildlife population trends and hunting constituents' interests.

STRATEGY DESCRIPTION AND JUSTIFICATION:

TPWD is the state agency with primary responsibility for protecting and managing the state’s fish and wildlife resources. This strategy request includes funds needed to manage and conserve the state’s wildlife resources and habitats. Major programs funded through this strategy include the Big Game, Small Game, and Wildlife Diversity programs. These programs provide recommendations for the regulation and management of big game species (including white-tailed deer, mule deer, pronghorn, and desert bighorn sheep), small game species (including upland and migratory game birds) and non-game, endangered, threatened and rare species. Other activities conducted in support of wildlife conservation and management include management and operation of TPWD’s wildlife management areas, conducting population and harvest surveys, collaborating with universities to conduct wildlife research, issuing permits to take and hold captive wildlife, developing and managing wetlands and other habitats, and assessing the impact of development projects on wildlife and associated habitat. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, 12.013, Chapter 43, 44, 45, 49,61,62, 64, 65, 67, 68, 71, 81 and 83.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

802 Parks and Wildlife Department

GOAL:	1	Conserve Fish, Wildlife, and Natural Resources	Statewide Goal/Benchmark:	6	0
OBJECTIVE:	1	Conserve Wildlife and Ensure Quality Hunting	Service Categories:		
STRATEGY:	1	Wildlife Conservation, Habitat Management, and Research	Service:	37	Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

Population growth, changing land uses, increasing absentee ownership, continued break-up of private family lands and fragmentation of habitat are placing increased pressure on the state’s natural resources and diminish wildlife habitat and diversity. Rare and endangered species continue to be an important area of focus for the Texas Comptroller’s Office and the U.S. Fish and Wildlife Service, resulting in increased demand for information and conservation. Continued funding for wildlife conservation and management efforts is essential to maintain and improve wildlife populations and habitats in the face of these changes.

Funding in this strategy is derived largely from hunting license and stamp revenues deposited into the Game, Fish and Water Safety Account (009). Migratory and upland game bird stamp revenues are statutorily restricted for research, management, protection and other activities that address the needs of migratory and upland game birds in Texas. The major source of federal grants is provided by the Wildlife Restoration Act of 1937. In recent years, there has been an increase in these federal grants due to increased sales of firearms and ammunition at the national level. A state match is required for receipt of these and other federal funding sources, and federal statutes prohibit the diversion of state and federal wildlife funds for other uses.

STRATEGY DESCRIPTION AND JUSTIFICATION:

TPWD administers a number of programs that provide technical guidance, assistance, and information to private landowners and the public. In a state that is 95 percent privately owned or managed, these programs are vital in helping TPWD achieve its overall wildlife and habitat conservation goals, as they enlist the support of private landowners and inform/educate the public about wildlife and habitat conservation.

The Private Lands and Public Hunting program provides free technical assistance to private landowners and land managers interested in implementing voluntary conservation, enhancement or development of wildlife habitat, and improvement of population management practices through a written wildlife management plan. Currently, over 8,000 landowners on almost 30 million acres have been provided this service, which is about 18% of the entire land acreage in the state. Cost-share assistance is primarily based on federal funds, in cooperation with USDA Farm Bill programs and the Landowner Incentive Program. Other examples of activities within this strategy include staff support to landowner organizations such as wildlife management and prescribed burn associations and recognition for excellence in private land stewardship through the Lone Star Land Steward Awards program. This strategy is authorized under the Parks and Wildlife Code, including but not limited to § 11.0181, 12.025 and Chapter 81.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

The majority of Texas' natural and cultural resources are on private lands. TPWD's ability to manage and conserve wildlife and the habitats upon which they depend, and to provide outdoor recreational opportunities, is tied directly to the strength of partnerships with private landowners. As such, it is imperative that TPWD continue to work closely with private landowners to initiate programs and practices that reduce fragmentation, improve habitats, and manage a diversity of wildlife populations, including nongame and endangered species.

Funding in this strategy is derived primarily from the Wildlife Restoration federal aid program. State match is required for receipt of these and other federal funding sources, and federal statutes prohibit the diversion of state and federal wildlife funds for other uses.

STRATEGY DESCRIPTION AND JUSTIFICATION:

This strategy includes funding for TPWD programs aimed at enhancing public hunting and other wildlife related recreation opportunities. The Annual Public Hunting Permit provides walk-in hunting opportunities on TPWD owned and leased lands, including short-term leases for dove and other small game. The Public Hunt Drawing system, now accessible online, provides opportunities to apply for a variety of supervised, drawn hunts on state owned lands and leased private properties. Big Time Texas Hunt drawings provide the opportunity to participate in guided package hunts for quality native and non-native animals on TPWD lands and leased private properties. Department staff annually review hunting regulations and propose modifications to increase or enhance hunting opportunity within biological constraints. TPWD partners with a number of organizations to provide youth hunting opportunities and additional wildlife related recreational activities such as wildlife and paddling trails. Relevant statutory citations include Parks and Wildlife Code § 11.0181, 11.033, Chapter 61, 62, and 81.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

802 Parks and Wildlife Department

GOAL:	1	Conserve Fish, Wildlife, and Natural Resources	Statewide Goal/Benchmark:	6	0
OBJECTIVE:	1	Conserve Wildlife and Ensure Quality Hunting	Service Categories:		
STRATEGY:	3	Enhanced Hunting and Wildlife-related Recreational Opportunities	Service:	37	Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

Although the total number of hunters in Texas is relatively stable, as a group, hunters are becoming a smaller percent of the overall population. Factors contributing to the decline include sufficient access to affordable hunting areas, lack of recruitment from younger generations, competition with a multitude of other activities and a cultural shift from rural to urban constituencies. TPWD recognizes the need to introduce/recruit new hunters, including youth, women and minorities and has developed programs to address this important issue. If the number of hunters declines license dollars will decrease, making it difficult for the agency to fulfill its mission of wildlife conservation and management.

Funding for this strategy is derived primarily from the sale of various hunting licenses and stamp fees deposited in the Game, Fish and Water Safety Account. To ensure that hunters remain supportive of TPWD programs and additional hunters are recruited, quality hunting opportunities must be affordable and readily accessible. Federal funds provided by the Federal Wildlife Restoration Act support most of the maintenance and operations of 47 wildlife management areas on over 700,000 acres, forming the core of the public hunting program. Again, state match is required for receipt of these funds and federal statutes prohibit diversion of hunting license fees for purposes other than administration of the state fish and wildlife agency.

STRATEGY DESCRIPTION AND JUSTIFICATION:

This strategy requests funds necessary to manage and conserve the state’s freshwater fisheries, their habitats, and other aquatic resources. Fisheries are managed by conducting surveys to accurately assess fish population dynamics and angling trends; proposing and applying regulations, habitat improvements, and fish stocking to maintain and enhance quality fish populations and angler satisfaction; providing outreach; and conducting research to ensure management practices are efficient, effective, and grounded in the best available science. Other aquatic resource conservation activities include technical support for watershed conservation initiatives; in-stream flow and water quality studies; habitat surveys and assessments; invasive species management; contaminant investigations; fish kill and pollution events assessments; ecological risk assessments for waste sites undergoing clean-up; permitting sand, shell, gravel, and marl removal projects in navigable streams; and assessing aquatic resource impacts of projects permitted under state and federal regulatory programs. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 11.082, 11.084, 12.001, 12.010, 12.015, 12.024, 12.301-12.303, Chapter 47, 61, 66 and 86, as well as the Water Code, Natural Resources Code and Texas Administrative Code.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

802 Parks and Wildlife Department

GOAL:	1	Conserve Fish, Wildlife, and Natural Resources	Statewide Goal/Benchmark:	6	0
OBJECTIVE:	2	Conserve Aquatic Ecosystems and Fisheries	Service Categories:		
STRATEGY:	1	Inland Fisheries Management, Habitat Conservation, and Research	Service:	37	Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

A large portion of funding for this strategy is derived from license/stamp proceeds deposited into the Game, Fish & Water Safety Account (009). To ensure this continues to be a stable source of funding, the department must provide quality fishing opportunities for the public. Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, also comprise a large portion of funding for this strategy. State match is required & federal statutes prohibit diversion of license fees for purposes other than administration of the state fish & wildlife agency. Recent declines in federal funding from this source have been a concern to TPWD.

Other factors impacting this strategy include weather conditions such as flooding & drought, and excessive blooms of golden algae, which are toxic to fish. Loss of fish habitat and angler access due to weather conditions (especially drought), changes in water control structures, inflow rerouting, water diversion, development, pollution & changes or disturbances to aquatic habitats also pose a significant challenge to conservation efforts.

Threats posed by exotic/nuisance aquatic species, such as giant salvinia, water hyacinth and zebra mussels, continue to be a concern as new cases & species have been confirmed in Texas waterways. These species, which often grow rapidly and can displace more beneficial native species, can limit recreational access, restrict flow rates, harm fish & wildlife and negatively impact economic growth/development. TPWD will need additional funding to better address these issues in the coming years.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

Inland hatchery operations provide fish for put-take as well as put-grow-take fisheries, supplement natural fish populations, and stock fish to ensure genetic health and trophy potential of some fish populations. The Inland Fisheries Division operates five freshwater fish hatcheries located in San Marcos (A.E. Wood FH), Jasper (John D. Parker East Texas State FH), Electra (Dundee FH), Graford (Possum Kingdom FH) and Athens (Texas Freshwater Fisheries Center). This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, and Chapter 81.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The department's freshwater fish hatcheries require periodic maintenance, renovation and upgrades to continue to operate efficiently and meet the needs of sportsmen. House Bill 1989, passed by the 78th Legislature, established a new freshwater fishing stamp and dedicated the receipts from the stamp to the repair, maintenance, renovation and replacement of freshwater fish hatcheries or the purchase of game fish for stocking in the public waters of the state.

Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, comprise a portion of funding for this strategy. State match is required for receipt of these funds, and federal statutes prohibit diversion of license fees for purposes other than administration of the state fish and wildlife agency. This strategy is also impacted by drought. Operations at the Dundee Fish Hatchery have been suspended since 2012 due to low water levels at Lake Kemp, which supplies water to the rearing ponds.

This strategy request includes funds necessary to implement coastal fisheries management and habitat conservation efforts aimed at maintaining, protecting, restoring and enhancing the state’s marine fisheries resources and aquatic ecosystems. The data collection programs and research activities that support management are designed to sustain harvest at levels that will ensure replenishable stocks of recreationally and commercially important species and provide for balanced food webs within the ecosystems. Activities and programs conducted to accomplish these management goals include annual status assessments of finfish, shrimp, crab and oyster populations and associated environmental conditions; stock identification and research activities; construction and designation of artificial reefs; and active participation in the Gulf of Mexico Fishery Management Council, the Gulf States Marine Fisheries Commission, and other multi-jurisdictional entities to help ensure a coordinated approach to protection of fisheries resources. This strategy also includes efforts related to the Water Quantity and Water Quality Programs, wetland protection and restoration, review and recommendations regarding wetland and navigable water permits and projects, and development of freshwater inflow recommendations for estuaries.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, 12.0011, 12.015, 12.024, Chapter 47, 61, 66, 76, 77, 78, 79, 83, and 91; and provisions of the Texas Water Code and Agriculture Code.

------	-------------	----------	----------	----------	---------	---------

A large portion of funding for this strategy is derived from license and stamp proceeds deposited into the Game, Fish and Water Safety Account (009). To ensure this continues to be a stable and reliable source of funding, the department must continue to provide quality fishing opportunities for the public. Saltwater stamp revenues are statutorily restricted for coastal fisheries enforcement and management activities. Additional authority from this and other dedicated sources will be needed to allow the department to maintain and/or enhance coastal fisheries programs and ensure that funds are being used for intended purposes and in accordance with expectations of fee-paying constituents. Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, also comprise a large portion of funding for this strategy. State match is required for receipt of these funds, and federal statutes prohibit diversion of license fees for purposes other than administration of the state fish and wildlife agency. Declines in federal funding from this source in recent years have been a concern to TPWD.

Other factors impacting this strategy include weather conditions such as flooding and drought, red tide and other noxious algal blooms. Loss of habitat due to water control structures, inflow rerouting, trawling, and development also pose a significant challenge to conservation efforts.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

Coastal hatchery operations stock fish in public waters for anglers’ recreational enjoyment and the fishing industry’s economic benefit. The hatcheries maintain and enhance existing fish stocks in selected marine habitats while continuously evaluating the impact of fish stocking on resident populations and fishing success. The Coastal Fisheries Division operates marine fish hatcheries in Corpus Christi (Marine Development Center), Lake Jackson (Sea Center Texas) and Palacios (Perry R. Bass Marine Fisheries Research Station). This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, and Chapter 81.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Factors impacting activities in this strategy include weather conditions such as freezes, floods and drought, red and brown tide events, and extended loss of power as a result of hurricane damage or other events, which affect water quality and in turn, fingerling production levels. In addition, ongoing maintenance and repairs are necessary to keep hatcheries operational. The timing and extent of maintenance and repair work can also impact fingerling production.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

This strategy request includes funding to operate and maintain state parks, historic sites and state natural areas, including protecting and informing visitors of the natural and cultural resources on state park properties and providing recreational opportunities for the general public now and in the future. Field and program staff implement State Park programs and projects; manage cultural and natural resources; provide interpretive programs, services and exhibits that tell the story and explain the significance of each site; provide voluntary compliance and enforcement actions to provide a safe, secure environment for visitors; and ensure the delivery of customer, business, and recreational program services.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, and Chapters 13, 21 and 22; as well as portions of the Tax Code related to disposition of sporting goods sales tax proceeds (§151.801).

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Extreme heat, drought, floods, storms, and funding available for maintenance affect TPWD’s ability to keep facilities safe and open to the public and impacts park visitation and the amount of revenue generated for deposit into State Parks Account 64.

Demographic changes also impact park operations. Rapid population growth and urbanization lead to increased demand for access to public lands, especially close to major population centers. Urbanization near existing parks increases pressure on wildlife habitat, introduces invasive and exotic species on park property, and raises the risk of property damage due to wildland fires.

TPWD anticipates changes to the TxParks contract over the 2016-17 biennium, which will result in cost increases to the agency and the need for exceptional item funding related to the new system.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The minor repair program enhances the State Parks Division’s ability to operate and maintain parks, historic sites, and state natural areas in an efficient manner, which contributes to increased revenue by ensuring that facilities are in clean and safe conditions for visitors. The nature of the program addresses smaller, immediate repairs that do not lend themselves to the funding levels and execution cycle of Major Projects. Minor Repair funding is crucial to keeping the park system functioning in an efficient manner, which reduces the likelihood of some catastrophic failures, and minimizes costly major repairs.

This strategy is authorized under provisions of the Parks and Wildlife Code including but not limited to Chapters 13 and 22.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

802 Parks and Wildlife Department

GOAL:	2	Access to State and Local Parks	Statewide Goal/Benchmark:	6	0
OBJECTIVE:	1	Ensure Sites Are Open and Safe	Service Categories:		
STRATEGY:	2	Parks Minor Repair Program	Service: 37	Income: A.2	Age: B.3

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

Sufficient, dependable funding for the repair and maintenance of park, historic and state natural area facilities and infrastructure is vital to the success of this strategy. A 2008 study mandated by Rider 31 of the 2008-09 General Appropriations Act, found a need to improve the condition of existing state park facilities and infrastructure, and recommended an annual reinvestment of 4 to 6% of the total value of state park assets into repair and replacement projects.

Emergency projects resulting from extreme acts of nature or other unplanned but necessary repairs can impact the availability of funding for scheduled maintenance and minor repairs. General weather conditions will also affect facility use and wear, with resulting fluctuations in revenue.

Complex contracting and purchasing rules, as well as other regulatory requirements, can cause administrative delays and can negatively impact program performance. Costs associated with compliance, both in terms of dollars and time divert resources from delivery to overhead expenses, resulting in less actual investment in repairs and maintenance.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

This strategy includes the State Parks Division’s management of the functions and programs that directly support park operations, including the directed oversight over natural and cultural resources management, historic sites management, interpretive planning and exhibit design management, park law enforcement management, customer contact management, budget and procurement, human resource management, field support training , volunteer recruitment, safety and FEMA coordination, and management of business activities. This strategy is authorized under provisions of the Parks and Wildlife Code, including §11.081 and Chapters 13 and 22.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Improvements to the division’s business information systems have allowed for greater data extraction capability. As a result, demand for information from within the agency and from external sources has increased. The volume of these requests is at times significant considering the limited human resources currently being funded for such activities.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

Local parks provide valuable outdoor recreational and educational opportunities for communities and are the “frontline” in a nationwide system of parks including state and national parks. This strategy reflects amounts requested for the Outdoor and Indoor Recreation Grants, Regional Park Grants, and Small Community Park Grants programs. These programs provide 50% matching grants to local governments and other entities to (1) acquire and develop parkland or renovate existing public recreation areas; (2) construct recreation centers and other facilities; (3) create large recreation areas, regional systems of parks, and conservations areas with trail linkages, and (4) develop or beautify parkland, respectively. This strategy is authorized by provisions of the Parks and Wildlife Code, including Chapter 24.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

As the population of the state grows, competition for grant funds is expected to increase as demand for local recreational opportunities also rise, particularly in rapidly developing communities without existing recreational resources. Current demand for grant assistance far exceeds the available funds and as a result, many worthy projects presented by local governments do not receive department assistance. A key priority for the agency is to secure addition SGST for local park grant funding during the upcoming biennium.

STRATEGY DESCRIPTION AND JUSTIFICATION:

This strategy request includes funding for Recreational Trails, Community Outdoor Outreach, Boating Access and other grants. Recreational Trails Grants provide 80% matching funds (maximum \$200,000) to build trails in local communities for hikers, cyclists, horseback riders, off-road motor vehicles, and nature enthusiasts. This program receives federal funding from the National Recreational Trail Fund.

The Community Outdoor Outreach Grant program provides grants to non-profit organizations and other groups to help introduce under-served populations to TPWD services, programs, and facilities.

Boating Access Grants provide funds for the purchase, construction and maintenance of boat ramps, access roads and related improvements. Program funds may also be used for capital improvements to existing state boat ramp sites. The program receives funding from the Federal Aid in Sport Fish Restoration Act and the Game, Fish and Water Safety Fund.

Grant activities in this strategy are authorized by provisions of the Parks and Wildlife Code, including Chapters 13, 24, 28 and §31.141.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The National Recreational Trails Fund (NRTF) is derived from a portion of the federal gasoline tax generated by gasoline purchases for motorized off-road vehicles. Administered by the Federal Highway Administration, the NRTF is distributed to states based on a formula that takes into account state population and sales of fuel for off-road recreational vehicles. State match is required for receipt of these federal funds.

The State Boat Ramp Program receives funding from the Federal Aid in Sport Fish Restoration Act and the Game, Fish and Water Safety Account. Fifteen percent of the state's annual apportionment from the Federal Aid in Sport Fish Restoration Act must be used to provide access for motor boating facilities. State match is required for receipt of these federal funds. In addition, diversion of fishing license fees for purposes other than administration of the state fish and wildlife agency is prohibited. Requests for boat ramp funding have increased due to population growth and increased demand for boating access facilities. As in the case of local park grants, numerous requests cannot be accommodated due to limited funds and staff.

Population growth and shifts in the ethnic demographics of the state have also resulted in increased demand for COOP grants.

------	-------------	----------	----------	----------	---------	---------

The department is charged with enforcement of game, fish and water safety laws throughout the state. To meet these charges, the Law Enforcement Division operates a comprehensive statewide program of public education, preventative patrols, and apprehension of violators. To prevent violations, the division proactively provides resource users information and educational programs regarding rules, regulations, seasons, and bag limits. Public safety objectives are pursued through aggressive education efforts and stringent enforcement of hunter/boater education requirements. Twenty-eight law enforcement offices statewide provide support to game wardens and services to the public through the sale of licenses, registration and titling of boats/motors, and dissemination of information. This strategy also includes major investigative initiatives related to wildlife, marine theft, covert, and environmental crimes. Finally, activities related to disaster response and Homeland Security are reflected in this strategy as well.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 11.019-11.0201, 12.101-12.119, Chapter 31, selected provisions of the Texas Penal Code, and Texas Code of Criminal Procedures, Article 2.12 (10).

------	-------------	----------	----------	----------	---------	---------

Functioning and state-of-the art equipment is vital to the success of TPWD enforcement efforts. A key priority for the department over the next few years is to ensure that game warden vehicles and equipment is up to date and meets law enforcement needs. Approval of funding for equipment and vehicles will put TPWD on par with the Department of Public Safety and city and county law enforcement entities throughout the state, and allow for improved officer safety and job efficiency.

Texas game wardens are often called upon to assist in disaster response, border operations and Homeland Security efforts. Because they have specialized equipment, training, and knowledge of our State’s waterways, they are called upon to assist in protecting dams, nuclear power facilities, and industrial chemical plants across the state. For the 2014-15 biennium, the Legislature appropriated \$825,000 per year plus associated benefit costs to TPWD from the Operator and Chauffeurs Account (Fund 0099) to enhance border security. However, the appropriation could not be funded due to insufficient cash in the account. TPWD is seeking general revenue to resolve the shortfall in the 2016-2017 biennium and to fund other border security and operational needs.

Federal funds comprise a portion of funding for this strategy. State match is required for receipt of these funds.

The Texas Game Warden Training Center provides mandated instruction to newly hired game warden cadets in preparation for the state peace officer licensing exam and trains cadets in the enforcement of rules, regulations and proclamations of the Parks and Wildlife Code. The Training Center also provides Texas Commission on Law Enforcement (TCOLE) mandated continuing education training for licensed peace officers and marine safety enforcement officer certification and training to outside law enforcement agencies. Other functions of the Texas Game Warden Training Center include hiring, promotions and recruitment for the Law Enforcement Division.

This strategy is authorized under Texas Parks and Wildlife Code §11.019-11.0201 and Chapter 31. Peace officer training and education is governed by TCOLE rules and the Occupations Code §1701.352.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

TPWD is mandated through authority of the state peace officer licensing commission, TCOLE, to provide training for newly hired cadets as well as existing officers in the field. Professional training, however, must be extended beyond minimum requirements to improve the knowledge base of our law enforcement officers.

A top priority for the training academy continues to be improved diversity in cadet applicant pools and ultimately, the workforce. Continued funding and support is necessary to ensure effective recruitment efforts.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Law Enforcement oversight, management and support includes overall management of the division, including regional operations, budget and administrative support, and development, coordination and implementation of policies, procedures and programs. Major oversight programs include Wildlife Enforcement, Fisheries Enforcement, and Marine Safety Enforcement.

Relevant statutory authority includes Parks and Wildlife Code §11.019-§11.0201, §12.101-12.119, §12.201-12.206, and Chapter 31; selected provisions of the Texas Penal Code; and the Texas Code of Criminal Procedure, Article 2.12 (10).

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Internal and external factors impacting this strategy include an increased demand for coordination with other agencies on Homeland Security, border operations and / or disaster relief activities and with other divisions/ field offices regarding statutory interpretation and enforcement policies, while maintaining oversight on normal operational activities.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The programs funded within this strategy are aimed at educating hunters, boaters and other water users to be safe, knowledgeable and responsible in pursuing hunting or water related activities, encouraging the conservation and enjoyment of the state’s natural and cultural resources, engaging youth, women, and minorities in natural resource outdoor recreation, and recruiting new outdoor users who fund the agency through purchases of licenses and sporting goods. The Communications Division manages the mandatory Hunter and Boater Education programs required of a certain age segment of participants in order to legally hunt or boat in Texas. Both hunter and boater education programs are based on internationally adopted standards. Courses are offered online, as well as from volunteers trained and managed by department staff. Other programs include Urban Outdoor Program, the Basic Outdoor Skills workshop series, the Life’s Better Outside® Experience, and Outdoor Learning Programs such as Project WILD and Aquatic Education, which use trained volunteers to provide conservation education and outdoor recreation skills training.

This strategy is authorized by provisions of the Parks and Wildlife Code including §11.0181, 31.108-31.110, and 62.014.

------	-------------	----------	----------	----------	---------	---------

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Federal funds (such as Wildlife Restoration, Sport Fish Restoration and other sources) typically comprise a sizable portion of the funding for the hunter and aquatic education programs. State match is required for receipt of these and other federal funding sources, and federal statutes prohibit the diversion of state and federal wildlife funds for other uses.

Understanding the recreational needs and cultural values of minorities, women, youth and urban populations is of paramount importance if TPWD is to successfully increase participation in hunting, fishing and other outdoor recreation activities. Minorities, for example, currently comprise only a small percent of TPWD's traditional user base but an increasing percentage of the state's demographic base. Urbanization and competition from other recreational activities may also play a role in determining whether hunting, fishing and other outdoor activities make advances. Since outdoor recreation is a gateway to conservation, maintaining vigorous recreational engagement in the outdoors creates a better chance for a knowledgeable and conservation-minded population.

Programs in this strategy rely on trained external volunteers to provide training to constituents. These volunteers serve as a source of in-kind funds used to receive the federal match.

This strategy funds communication channels such as the Texas Parks & Wildlife magazine, PBS television series, Passport to Texas daily radio series, video news reports, social media, as well as the news and information, marketing, web initiatives, and creative services of the Communications Division. With an annual circulation of approximately 1.6 million, the Texas Parks & Wildlife magazine informs Texans on where and how to responsibly enjoy the natural and cultural resources of Texas, while also promoting outdoor recreation and visitation to state parks. The Texas Parks and Wildlife TV series broadcasts twenty-six half-hour programs each season, airing on thirteen PBS stations in Texas. TPWD's Video News Report program provides 3,000 media subscribers with packaged news stories three to four times each month. The Passport to Texas radio series reaches 775,000 listeners weekly, and the TPWD website averages 891,000 visitors monthly. The News & Information staff produce news releases and serve as the agency point of contact for state and national media. The Marketing Group develops and implements marketing efforts to increase awareness of conservation and outdoor recreational opportunities, including nature tourism, and to increase revenue. Creative & Interactive Services provides print design, fine art, photography, web, and print and copy outsource services to all TPWD divisions.

Relevant statutory authority includes but is not limited to Parks and Wildlife Code §11.0181, 11.033, 11.035, 12.006, and 13.017.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

A major source of funding for the magazine is revenue from subscriptions and advertising. When fixed costs increase, such as paper and postage, fewer dollars are available for subscription promotion, resulting in decreased circulation. Economic conditions also affect the number of subscribers and advertisers.

Advertising, sponsorship and grant dollars are needed to fund most marketing efforts, but the availability of these funds varies greatly depending on the current economic climate. Federal funds (Wildlife Restoration, Sport Fish Restoration) comprise a major portion of the funding for the TPWD TV and radio series, and the TPWD Fishing Report. State match is required for receipt of these funds.

Marketing reaches Texans who do not currently use TPWD media products or visit the TPWD website. Texas is the second most populous state in the country with more than 26 million people. It also has three of the most expensive media markets in the country, which limits the Department's ability to achieve our mission given limited advertising dollars.

------	-------------	----------	----------	----------	---------	---------

Recreational and commercial hunting and fishing licenses are currently (1) issued over-the-counter by a network of license agents (generally retail businesses that sell outdoor gear and supplies) and TPWD offices; (2) issued by processing mail-in applications; (3) issued by processing phone requests; or (4) issued via Internet sales. A commission of roughly 5% is paid on sales made through license agents. Sales of hunting and fishing licenses are processed through a point-of-sale system called the Texas License Connection. The Administrative Resources Division manages the contract with the vendor providing the point-of-sale system, manages relationships with all the license agents, processes mail-in requests for recreational and certain commercial licenses, and produces and mails all licenses ordered via phone, mail-in or the Internet. The division also ensures that all license revenues are collected, accounted for, and reconciled between processing and accounting systems.

Statutory authority includes but is not limited to Parks and Wildlife Code §12.701-12.707 and Chapters 42,43,46,47 and 50.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Key internal factors affecting this activity include (1) the availability of adequate staffing to provide timely support to license agents, timely delivery of documents due to customers (tags and licenses), and prompt collection of all funds due; and (2) adequate operation and support of the point-of-sale-system. External factors include (1) changes to regulations or statutes impacting fees or licensing requirements; (2) the state of the economy and weather factors, which can impact the volume of license sales; (3) postage costs; and (4) changes in customer use of different sales channels. Events affecting the external vendor for the automated point-of-sale system could also impact this strategy. During FY2014, TPWD successfully launched a new license sales system. The first transactional sales under the new system occurred in fall of 2013.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

Boat registration and vessel/boat motor titles are currently (1) issued over-the-counter at TPWD Law Enforcement offices, TPWD Headquarters and at participating county tax assessor-collector offices throughout the state; (2) issued by processing mail-in applications; or (3) sold via the Internet (registration renewals only). Boat titling and registrations are processed through a web-based application. A 10% commission on boat fees is paid on sales through county tax assessor - collector offices. Ninety-five percent (95%) of sales tax revenues collected are transferred to the Comptroller’s Office for deposit into General Revenue Fund 001. Fifteen percent (15%) of all boat fees are transferred monthly to the State Parks Account (064).

The Administrative Resources Division manages relationships with all the law enforcement and tax assessor-collector staff processing boat titles and registrations. TPWD Headquarter staff provide answers to the public and field staff via two phone banks, process mail-in requests for titles, registrations and marine dealer licenses, produce and mail all titles, decals and ID cards not provided over the counter, and ensure that all marine license, title and registration fees and boat sales taxes are collected, accounted for and reconciled between processing and accounting systems. Relevant statutory authority includes Parks and Wildlife Code Chapter 31, Chapter 11, Sec. 11.032 Game, Fish and Water Safety Account-Sources, and the Tax Code, Chapter 160.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Key internal factors affecting this activity include (1) the availability of adequate staffing to provide timely and accurate processing of registration/titling and related documents, timely delivery of documents due to customers (titles, decals, etc.), to answer public and field questions 45 hours per week, and prompt collection of all funds due; and (2) adequate operation and support of the point-of-sale-system. External factors include (1) changes to regulations or statutes impacting fees or boat registration/titling requirements; (2) the state of the economy and weather factors, which can impact the volume of boat registration and titling transactions; and (3) postage, decal supply and printing costs, and costs associated with acceptance of credit cards.

TPWD relies on existing TxDMV technology infrastructure in place at tax assessor-collector offices (for vehicle registrations) to allow counties to access our boat registration system. The continued functionality and availability of the TxDMV system is necessary or TPWD must establish a new access approach.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

This strategy reflects the Department's funding for capital improvement and major repair projects needed to maintain and develop field offices, state parks, historic sites, natural areas, wildlife management areas, fish hatcheries and at the Headquarters complex. These sites and field facilities must be well maintained in order to ensure the quality and safety of the visitor experience and provide suitable work environments for agency staff. While revenue and general obligation bonds appropriated in past years have allowed renovations and repairs at many sites, there are still many other needs that must be addressed.

This strategy also reflects SGST amounts required to be transferred to the General Land Office for coastal erosion projects.

Relevant statutory authority includes but is not limited to Texas Const., Art. 3, §49-e, Art 3, §50-f, Parks and Wildlife Code §11.043, 13.002, 13.0045, Chapter 22, §81.101-102.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

As the department's facilities continue to age and deteriorate from heavy public use, the need for capital repairs and improvements will remain significant. A 2008 study, mandated by Rider 31 of the 2008-09 GAA, found a need to improve the condition of existing state park facilities and infrastructure, and recommended an annual reinvestment of 4-6% of the total value of state park assets into repair/replacement projects.

TPWD's many field offices, parks, historic sites, wildlife management areas, hatcheries and the headquarters complex require ongoing maintenance and repairs if they are to continue functioning as operational sites providing services to the public. Identifying ongoing funding over and above GO bond funding for repairs to statewide facilities is an important long-term issue for TPWD.

Through the addition of lands to the TPWD system, the agency strives to meet the state’s recreational needs and conserve and protect vital habitat and natural resources. This strategy reflects the department’s capital budget authority for acquisition of land and other real property. TPWD’s land acquisition efforts are focused on addressing the goals and objectives set forth in the Land and Water Conservation and Recreation Plan, including expansion of existing sites and conservation of priority habitats.

Land Acquisition staff negotiate and manage all agency land transactions, including sales, purchases, leases, conservation and other easements, analyze existing land inventory and make recommendations to the Executive Director and Commission.

Relevant statutory authority includes but is not limited to Const., Art.3, 49-e and Parks and Wildlife Code 11.043, 13.001, 13.002, 13.005, 13.008, 13.009, 81.102, 81.103, 81.401.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The most significant factors impacting the acquisition of new public lands include the availability of funding for acquisition purposes, the availability of priority lands, and general market conditions.

Infrastructure program administration includes activities necessary to manage the design, construction and repair of facilities, and the development of TPWD lands. Project management oversight provides scheduling and project administration of capital projects. Architectural and Engineering Design services provides resources to ensure projects comply with adopted design, construction and building code standards; provides early scoping review of facility needs; and manages planning, implementation, and design of projects for ADA purposes. Construction and restoration efforts include the Historic Sites Program (identifies, records, and preserves cultural and historically significant sites for preservation and repair) and the TxDOT program (coordinates road development and repairs with TxDOT). Energy conservation efforts such as the Sustainable Design & Resource Efficiency Programs ensure consistency with the TPWD mission of conserving natural resources by managing energy projects and incorporating a green building philosophy. Other activities include administering all professional design and construction contracts; master planning; survey and inspections; administering, coordinating and managing the annual Capital Construction Program; and maintaining the Facilities Management System.

Relevant statutory authority includes but is not limited to Texas Const., Art. 3, §49-e, Art 3, §50-f, Parks and Wildlife Code §11.043, 13.002, 13.0045, Chapter 22, §81.101-102. See also provisions of the Government Code, Occupations Code, and Americans with Disabilities Act.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

This strategy is impacted by the total amounts of funding available for capital improvement, construction and repair projects.

This strategy provides executive and support functions for the agency. The Executive Office coordinates activities related to the Parks and Wildlife Commission, Legislature, Parks, and Wildlife Foundation. The Human Resources (HR) Division’s key functions include policy planning and development, workforce planning, job analysis, salary administration, training, organizational development, employment, recruitment, employee relations, benefits, leadership, management development programs, employee recognition programs, intern programs, and customer service on all HR matters. The Legal Division provides legal assistance/advice to the TPW Commission and TPWD staff; represents TPWD in administrative legal proceedings; assists the Attorney General’s office in litigation involving TPWD; coordinates/assists in development of rules and agreements involving TPWD, and coordinates responses to public information requests. Administrative Resources Division functions within this strategy include general ledger accounting, property accounting, payroll/accounts payable accounting, revenue accounting, cashier activities, finance, budget, planning & financial reporting, and the office of the Chief Financial Officer.

Statutory authority includes provisions of the Parks and Wildlife Code and Texas Government Code, including Chapters 552(Public Information Act), 2001 (Administrative Procedure Act), 2101 (Accounting Procedures), 2012 (Internal Auditing),and Title 6 (Public Officers and Employees); Texas Water Code; Texas Natural Resources Code; federal statutes regarding natural resources.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Key internal factors affecting these activities include the availability of adequate, trained staffing to accomplish the level of effort necessary to meet this strategy. External factors affecting this strategy include initiatives and legislation related to salary/accounting, human resources, legal and other functions included in the strategy.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Information Technology (IT) is a customer driven support division with oversight authority for all technology services. The primary responsibility of the IT Division is to implement technology solutions in compliance with agency and oversight rules and regulations, provide dependable and secure technology services to support agency technology users in meeting the agency's mission, provide excellent customer service to agency technology users and constituents throughout the state and to implement innovative information technology solutions. Statutory authority includes Government Code, Chapter 2054 (Information Resources Management Act) and Chapter 552 (Public Information).

-------------	--------------------	-----------------	-----------------	-----------------	----------------	----------------

TPWD continues to experience challenges related to keeping up with advancing technologies, ensuring that systems and data are secure, and in meeting the demand for technological resources in order to expand and enhance services. TPWD is actively engaged in data center services and transformation activities. The consolidation effort has required substantial amounts of staff time, resulted in significant cost increases, and delays in other agency IT priorities. In addition, as the cost of data center initiatives continues to grow and consume larger amounts of available information technology funding, the department has struggled to maintain funding for other critical information technology needs. Modernization of core infrastructure, system security, and disaster recovery efforts must also be enhanced to ensure that business operations are safe for internal and external customers. The agency must also address legacy applications to ensure the safety of customer data.

To better address these concerns, TPWD is requesting an exceptional item to fund costs associated with data center services, allow for development of various agency technology initiatives, and address legacy infrastructure and systems.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Other Support Services strategy provides support activities for the entire agency. Support activities of the Administrative Resources Division include outgoing mail services; literature and consumable distribution; warehouse management, surplus property activities; purchasing and contracting activities (excluding construction and related professional services purchasing and contracting activities); and management of the agency HUB program. Key support functions provided by the Infrastructure Division include fleet management, radio operations management, energy and vehicle fuel management, headquarters complex facility management, and risk management. This strategy also includes records management and safety functions in support of the entire agency.

Statutory authority includes various provisions of the Parks and Wildlife Code; provisions of the Government Code, including but not limited to Chapters 2155, 2156, 2161, 2171; and provisions of the Labor Code (Chapter 412).

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Key internal factors affecting these activities include the availability of adequate, trained staffing to accomplish the level of effort necessary to meet this strategy. External factors impacting this strategy include fluctuating costs of paper and print services, and statutes/rules/policies established by federal, state, and local regulatory authorities governing purchasing/contracting, employee or public safety and health, indoor air quality, use of office space and state-owned property, fleet management, energy management, environmental and recycling issues, and other functions included in the strategy.

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley / Irma A. Toth	Date: 8/25/14	Request Level: Base
Current Rider Number	Page Number in 2014-15 GAA			
		<p>proceeds for the Battleship TEXAS (\$19,691,051), Mother Neff State Park (\$198,013) and Palo Duro Canyon State Park (\$2,166,658). TPWD shall file a report with the Legislative Budget Board, the Governor and the Battleship TEXAS Foundation within 30 days following November 30, February 28, May 31, and August 31 of each fiscal year showing the progress and costs of the Battleship TEXAS project, including a repair schedule and the purpose for each expenditure. Unexpended balances in General Revenue-Related accounts may not be carried forward from fiscal year 2013 <u>2015</u> to fiscal year 2014 <u>2016</u> without 45 days prior notification to the Legislative Budget Board and the Governor. Unexpended balances of General Revenue-Related appropriations under this provision are subject to the provisions of Government Code §403.071 for the purposes of determining the life of an appropriation; therefore, the agency is not authorized to carry forward unexpended balances in General Revenue-Related accounts from fiscal year 2013 <u>2015</u> to fiscal year 2014 <u>2016</u> if the original appropriation for the project was made during or before fiscal year 2009 <u>2011</u>. Any appropriation made in this Act to TPWD for construction and improvement projects shall include labor and all necessary costs involved in the project. The Texas Parks and Wildlife Department shall provide the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts a report by no later than December 1 of each fiscal year showing the progress and costs of all projects funded by General Revenue-Related appropriations made by the Eightieth <u>Eighty-second</u> and the Eighty-first <u>Eighty-third</u> Legislatures.</p> <p><i>Requesting minor revisions to amounts to update for the 2016-2017 biennium, include correct Legislature references, and reflect new UB estimates and dates. Also request deletion of language regarding specific projects and related reporting requirements relevant for the 83rd Legislature.</i></p>		
7	VI-39	<p>Lease Payments. Included in amounts appropriated above in Strategy D.1.4, Debt Service are lease payments of \$3,450,296 <u>\$3,333,471</u> in fiscal year 2014 <u>2016</u> and \$3,388,932 <u>\$278,829</u> in fiscal year 2015 <u>2017</u> out of the General Revenue Fund which shall be transferred to the Texas Public Finance Authority for debt service payments on revenue bonds or other revenue obligations as authorized by §13.0045, Parks and Wildlife Code.</p> <p><i>Requesting minor revisions to amounts to update for the 2016-2017 biennium.</i></p>		

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley / Irma A. Toth	Date: 8/25/14	Request Level: Base
Current Rider Number	Page Number in 2014-15 GAA			
8	VI-39	<p>Construction Local Parks and Landowner Incentive Grants. Any funds appropriated in prior years and within the current biennium in Strategies B.2.1, Local Park Grants and B.2.2, Boating Access and Other Grants that are utilized for grants awarded for local park construction projects in excess of \$20,000 and in Strategy A.1.2, Technical Guidance to Private Landowners and the General Public that are utilized for landowner incentive grants shall be treated as construction appropriations for the purpose of determining the life of the appropriation under the provisions of §403.071, Government Code.</p> <p><i>Requesting minor change to title for clarification and consistency with text of rider, which references grants awarded for local park construction projects.</i></p>		
9	VI-39	<p>Appropriation: State-owned Housing Authorized. The Texas Parks and Wildlife Department (TPWD) shall recover at least 20 percent of the established fair market rental value of housing from persons residing in state-owned housing first employed before September 1, 2005 and 100 percent of the established fair market rental value of housing from persons residing in state-owned housing employed on or after September 1, 2005. If the TPWD requires an employee to live onsite in state-owned housing as a condition of employment, then the TPWD shall recover at least 20 percent of the established market rental value of housing regardless of the date of employment.</p> <p>Included in the amounts appropriated above is rental income collected from employee housing (estimated to be \$25,000 <u>\$29,000</u> in Appropriated Receipts each fiscal year in Strategy A.1.1, Wildlife Conservation; estimated to be \$21,000 <u>\$24,000</u> in Appropriated Receipts each fiscal year in Strategy A.2.2, Inland Hatcheries Operations; estimated to be \$5,500 <u>\$7,000</u> in Appropriated Receipts each fiscal year in Strategy A.2.4, Coastal Hatcheries Operations; and, estimated to be \$250,000 <u>\$281,000</u> in Appropriated Receipts each fiscal year in Strategy B.1.2, Parks Minor Repair Program; and estimated to be \$3,200 <u>\$3,000</u> in Appropriated Receipts each fiscal year in Strategy C.1.2, Texas Game Warden Training Center.) The recovered funds are appropriated to the TPWD for maintenance or replacement of employee housing.</p> <p><u>TPWD is hereby authorized to construct two (2) new state-owned residences located in the Chaparral Wildlife Management Area to provide 24 hour on-site supervision and maintenance, at a cost not to exceed \$460,000 each.</u></p> <p>Additionally, notwithstanding the provisions in Article IX of this Act, the TPWD is authorized to expend amounts</p>		

3.B. Rider Revisions and Additions Request

		<p>in excess of \$50,000 per residence for the biennium as necessary to purchase, remodel, repair or replace state-owned housing, provided that the agency submits advanced notification to the Legislative Budget Board and the Governor.</p> <p><i>Requesting revisions to amounts to update for the 2016-2017 biennium, and to add language to include the authorization for the construction of two (2) new state-owned residences at the Chaparral WMA at a cost not to exceed \$460,000 each. Currently, TPWD is unable to attract/ retain qualified personnel for this location due to lack of available or affordable housing in the area (as a result of oil industry activity). Additionally, it is necessary to have additional staff residing on site to ensure safety and security for visitors.</i></p>		
10	VI-39	<p>Appropriation: License Plate Receipts. Included in amounts appropriated above in Strategies A.1.1, Wildlife Conservation, A.2.1, Inland Fisheries Management, A.2.3, Coastal Fisheries Management, B.1.1, State Park Operations and C.2.2, Promote TPWD Efforts, are all revenues collected on or after September 1, 2013 <u>2015</u> estimated to total \$1,407,000 <u>\$1,405,000</u> for the 2014-15 <u>2016-17</u> Biennium out of the License Plate Trust Fund No. 0802 from sales of the following specialty license plates: \$548,535 <u>\$448,000</u> in receipts for Horned Toad specialty plates; \$286,727 <u>\$251,000</u> in receipts for Bluebonnet specialty plates; \$173,549 <u>\$177,000</u> for Whitetail Deer specialty plates; \$95,189 <u>\$79,000</u> for Largemouth Bass specialty plates; \$169,000 <u>\$169,000</u> for <u>Camping specialty plates</u>; \$112,000 <u>\$95,000</u> in receipts for Big Bend National Park specialty plates; \$99,000 <u>\$95,000</u> in receipts for Waterfowl and Wetland Conservation specialty plates; \$20,000 <u>\$16,000</u> in receipts for Texas Lions Camp specialty plates; \$24,000 <u>\$22,000</u> in receipts for Marine Mammal Recovery specialty plates; and \$48,000 <u>\$43,000</u> in receipts for Marine Conservation specialty plates; and \$10,000 in receipts for Save Texas Ocelots specialty plates. These specialty licenses plates are authorized pursuant to the Texas Transportation Code §504.606 (Big Bend), §504.627 (Waterfowl and Wetland), §504.644 (Marine Mammal Recovery), §504.656 (Texas Lions Camp), §504.660 <u>§504.661</u> (Marine Conservation-), <u>§504.801 (Save Texas Ocelots Plates)</u>, and §504.618 (Bluebonnet, Largemouth Bass, Whitetail Deer, and Horned Toad and <u>Camping</u>).</p> <p><u>TPWD is hereby appropriated any unexpended balances in the License Plate Trust Fund Account No. 0802 remaining as of August 31, 2015. These amounts are hereby authorized for expenditure in the 2016-2017 biennium for purposes as authorized for each specialty plate pursuant to the Texas Transportation Code §504.606 (Big Bend), §504.627 (Waterfowl and Wetland), §504.644 (Marine Mammal Recovery), §504.656 (Texas Lions Camp), §504.661 (Marine Conservation), §504.801 (Save Texas Ocelots Plates). Unexpended balances in the License Plate Trust Fund Account No. 0802 in specialty plates authorized under Texas</u></p>		

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley / Irma A. Toth	Date: 8/25/14	Request Level: Base
Current Rider Number	Page Number in 2014-15 GAA			
		<p><u>Transportation Code §504.618 (Bluebonnet, Largemouth Bass, Whitetail Deer, Horned Toad and Camping) may be expended in the 2016-17 biennium as authorized by the Parks and Wildlife Code, including capital budget purposes.</u></p> <p><i>Requesting revisions to amounts to update for the 2016-2017 biennium, to add language to include the new TPWD Camping plate and the Save Texas Ocelots Plate (a non-profit plate sponsored by TPWD), and to allow access to any remaining unexpended balances in Afund 0802 plate funds remaining as of August 31, 2015, consistent with legislative intent that these funds be available for the dedicated purposes.</i></p>		
11	VI-39	<p>Appropriation of Certain Concession Receipts. Concession receipts generated as a result of the efforts of volunteer groups in state parks or other agency facilities are included in amounts appropriated above to Strategy B.1.1, State Park Operations (estimated to be \$0 in Appropriated Receipts for the biennium beginning September 1, 2013 <u>2015</u>), and Strategy A.2.4, Coastal Hatcheries Operations (estimated to be \$100,000 <u>\$116,000</u> in Appropriated Receipts for the biennium beginning September 1, 2013 <u>2015</u>). These concession receipts shall be credited for the benefit of the specific state park or other agency facility where the funds are generated by volunteer groups. Concession receipts generated as a result of the efforts of department employees or leased concession contracts with third parties are appropriated in the strategies above and are not subject to this rider.</p> <p><i>Requesting minor revisions to amounts to update for the 2016-2017 biennium.</i></p>		

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley / Irma A. Toth	Date: 8/25/14	Request Level: Base
Current Rider Number	Page Number in 2014-15 GAA			
12	VI-40	<p>Payments to License Agents, and Tax Assessor Collectors, and License Vendor. Included in amounts appropriated above in Strategy C.3.1, License Issuance and C.3.2, Boat Registration and Titling, are amounts necessary for payments to license agents and tax assessor collectors (estimated to be \$3,657,000 in each fiscal year out of the Game, Fish and Water Safety Account No. 9, <u>Non-Game and Endangered Species Conservation Account No. 0506</u>, and <u>Lifetime License Endowment Fund Account No. 0544</u>). Such amounts shall be used for the sole purpose of payments to license agents and tax assessor collectors for the costs of issuing and collecting money associated with the sale of licenses, stamp endorsements, permits, tags boat registration and titling, and other similar items issued under the Parks and Wildlife Code.</p> <p><u>Also included in the amounts appropriated above in Strategy C.3.1, License Issuance are amounts necessary for payments to the license sales system vendor, estimated to be \$3,287,700 in each fiscal year out of the Game, Fish and Water Safety Account No. 9.</u></p> <p><i>Requesting revisions to amounts to update for the 2016-2017 biennium, to expand language to clarify that the Non-Game and Endangered Species Conservation Account No. 0506 & Lifetime License Endowment Fund Account No. 0544 are also included, and to expand language to include estimated contract cost for the current license system vendor, Gordon Darby. The change to include additional funds is a clarification to allow TPWD to more accurately reflect the sources of funding use to make payments to vendors. Expansion to add payments to the license system vendor will grant TPWD needed flexibility to pay increased contract cost resulting from increased license sales (contract cost is tied to transaction volumes).</i></p>		
13	VI-40	<p>Capital Budget Expenditures from Federal and Other Funding Sources. The Texas Parks and Wildlife Department (TPWD) is hereby exempted from the capital budget rider provisions contained in Article IX of this Act when gifts, grants, interagency funds, inter-local funds, <u>damage and mitigation funds</u> and federal funds are received in excess of the amounts identified in the agency's capital budget rider and such funds are designated by the donor, grantor, <u>damage/mitigation agreement or settlement</u>, or state/federal agency solely for construction and repairs, land acquisition, or purchase of specific capital items.</p> <p>Additionally, the TPWD is hereby exempted from the capital budget rider provisions when pass through funds to local entities are received in excess of the amounts identified in the agency's capital budget rider and such funds are designated by the donor, grantor or federal agency solely for the acquisition of land.</p>		

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley / Irma A. Toth	Date: 8/25/14	Request Level: Base
Current Rider Number	Page Number in 2014-15 GAA			
		<p>Amounts expended from these funding sources shall not count towards the limitation imposed by capital budget provisions elsewhere in this Act. The TPWD shall annually report to the Legislative Budget Board and the Governor the amount received from these sources and the items to be purchased.</p> <p><i>Requesting revisions to expand language to include damages & mitigation payments as an allowable source to increase capital budget authority. Due to capital budget restrictions, TPWD does not currently have flexibility to spend damage and settlement amounts in the most beneficial manner to address restoration or replacement needs. This rider change would allow TPWD to use damages payments received from companies (such as pipeline or oil and gas companies) who operate in state parks or wildlife management areas for capital budget purposes.</i></p>		
14	VI-40	<p>Appropriation: Land Sale Proceeds. Included in amounts appropriated above in Strategy D.1.1, Improvements and Major Repairs, and D.1.2, Land Acquisition, are all balances as of August 31, 2013, <u>2015</u>, and all proceeds collected on or after September 1, 2013 <u>2015</u> (balances and revenues estimated to be \$0 in Appropriated Receipts) from the sale of Texas Parks and Wildlife Department (TPWD) lands, including the sale of land identified as underutilized and sold by the General Land Office. In accordance with Parks and Wildlife Code §13.009, the balances and proceeds from the sale of these lands may be used only to improve or acquire other real property dedicated to the same purpose for which the land sold was dedicated. Any unexpended balances and revenue remaining as of August 31, 2014, <u>2016</u>, are appropriated for the same purpose for the fiscal year beginning September 1, 2014 <u>2016</u>.</p> <p><i>Requesting minor revisions to amounts to update for the 2016-2017 biennium.</i></p>		
15	VI-40	<p>Fish and Shellfish Consumption Advisories. Out of the amounts appropriated above in Strategies A.2.1, Inland Fisheries Management and A.2.3, Coastal Fisheries Management the Texas Parks and Wildlife Department shall use \$20,000 each fiscal year from the General Revenue Dedicated Game, Fish and Water Safety Account No. 9, to post signs at those water bodies for which the Seafood and Aquatic Life Group of the Texas Department of State Health Services has advisories and bans from consumption of contaminated fish or shellfish.</p> <p><i>Requesting deletion for the 2016-2017 biennium. Placement of the signs was completed in the appropriated locations designated by the Texas Department of State Health Services where standing advisories and bans from consumption of contaminated fish or shellfish occur. TPWD activity is now focused on maintenance and replacement of already posted signs.</i></p>

		<p><i>Requesting deletion for the 2016-2017 biennium. TPWD continues to make statewide aquatic vegetation management a priority, but would like greater flexibility in expending funds in a manner that best addresses the challenges associated with this issue.</i></p>		
41	VI-44	<p>Northern Bobwhite Quail Interagency Contract. Out of funds appropriated above in Strategy A.1.1, Wildlife Conservation, the Texas Parks and Wildlife Department shall use \$1,000,000 each fiscal year from the General Revenue-Dedicated Game, Fish and Water Safety Account No. 9. To contract with the Texas A&M AgriLife Extension Service for the following purposes: develop educational resources and programs to reestablish growth of quail populations based on research-proven best management practices; investigations into the impact of parasites and toxins on quail populations; diagnostic tests for diseases impacting quail populations, genomic sequencing and bioinformatics studies; field tests to study how health factors interact with environmental factors to impact quail populations; and develop a centralized data repository of research findings.</p> <p><i>Requesting deletion of rider, which was specific to the 83rd Legislature.</i></p>		
42	VI-45	<p>Fort Boggy State Park. Included in amounts appropriated above in Strategy D.1.1, Improvements and Major Repairs is \$500,000 in fiscal year 2014 from the Sporting Goods Sales Tax transfer to the State Parks Account No. 64 to fund capital improvements or repairs at Fort Boggy State Park. Any unexpended balances as of August 31, 2014 in funds appropriated for this purpose are appropriated for the same purpose in the fiscal year beginning September 1, 2014.</p> <p><i>Requesting deletion of rider for the 2016-17 biennium. The Fort Boggy project (project number CC.127168.SP) is expected to begin in the summer of 2014, and all funds are expected to be encumbered and/or spent by the end of this biennium.</i></p>		

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley / Irma A. Toth	Date: 8/25/14	Request Level: Base
Current Rider Number	Page Number in 2014-15 GAA			
701	New	<p><u>Payments to State Park Business System (SPBS) Vendor(s).</u> Included in amounts appropriated above in Strategy B.1.1 State Park Operations are amounts necessary for payments to the State Parks Business System vendor(s), estimated to be \$3.8 million in fiscal year 2017 out of the State Parks Account No. 064.</p> <p><i>New rider requested to appropriate amounts necessary to cover expected contract changes to the State Parks Business System (formerly TxPARKs) contract, and to provide that authority is in an estimated amount.</i></p> <p><i>The current contract expires December 2016, and it is anticipated that the new state parks business system contract will be structured based either on a per- transaction or percent of revenue basis, rather than a flat fee amount. Estimated authority is needed to accommodate the anticipated shift in contract cost from a flat fee model to a different structure. A large portion of this estimated amount (\$2.85 million) is included in the base, with the remainder (\$946,171) reflected under the exceptional item for State Parks Operations and Development.</i></p> <p><i>Details regarding the structure of the new system/contract are still in the initial phases. As additional information is obtained, rider language may need to be adjusted to reflect these changing circumstances.</i></p>

DESCRIPTION / JUSTIFICATION:

This exceptional item would provide \$25.3m/39 FTEs for state parks staffing, operational needs & development, as follows:

- State Park Staffing & Operations: \$8.3m/12 FTEs to service new facilities, provide site management & upkeep, and provide for essential operating & cyclical maintenance costs. State Parks require additional funding for increased operating expenses due to increased unit costs for supplies/materials, increased demand for services, enhanced law enforcement & outreach activities.

CODE	DESCRIPTION	Excp 2016	Excp 2017
------	-------------	-----------	-----------

- State Parks Law Enforcement Restructuring: \$5.3m/27 FTEs to address critical restructuring needs for statewide park police operations & personnel. This will allow TPWD to establish dedicated State Park Police positions to help improve public safety, services/leadership within our state parks.
- State Parks Law Enforcement Compensation Equity: \$3.1m for a compensation package for State Parks Law Enforcement, to allow TPWD to address longstanding equity, recruitment and retention challenges in this statewide force.
- Minor Repairs: \$2.5m for pre-emptive repairs & maintenance to state parks. In the last funding cycle roughly 20% of identified minor repair projects were funded. Additional funds would allow for completion of a greater number of projects.
- State Park Vehicle Replacement: \$2m for replacement of aging state park vehicles. Sixty (60%) of the current State Park fleet is eligible for replacement by State standards.
- State Park Business System: \$1.5m to address funding needs associated with the park reservation, visitation and revenue system. The current contract expires December 31, 2016. Funding is needed to address functional enhancements, anticipated increases in the monthly/annual costs of the new contract, statewide training on the new system & hardware replacement.
- Development- Palo Pinto Mountains State Park: \$2.7m to initiate the design & engineering phase for development of the new park.

EXTERNAL/INTERNAL FACTORS:

1	General Revenue Fund		9,569,998	7,805,998
TOTAL, METHOD OF FINANCING			\$9,569,998	\$7,805,998

DESCRIPTION / JUSTIFICATION:

This exceptional item would provide \$17.4m in General Revenue over the biennium for Law Enforcement priorities, as follows:

- Homeland Security & Border Security Initiatives: \$3.7m is requested to fund border security obligations and emergency response during emergency situations, such as hurricanes, tornadoes or other catastrophic events. This request will fund overtime & operational costs, maintenance & repairs to equipment during deployment, and address radio communications & interoperability for increased patrol & investigative capacity along the border.
- Operator and Chauffeur's Account Shortfall: \$1.7m is requested to address the cash shortfall in the Operator & Chauffeur's Account and provide funding for the 15 game wardens dedicated to serve along the border historically funded from this source.
- Game Warden Operations & Equipment: A total of \$12.0m is requested to support game warden operations (\$8.6m) and to maintain a replacement schedule for equipment, vehicles, and boats used for law enforcement patrol, search & rescue efforts, & emergency response (\$3.4 m); nearly half of the law enforcement patrol fleet have reached or exceeded the state mileage replacement standard.

The additional funding requested to support game warden operations is needed to ensure officers maintain expected levels of enforcement & officer presence on public waterways and are adequately equipped for communications with other law enforcement jurisdictions. Increased operating costs in areas such as communications, utilities and consumable supplies have also had a significant impact on the Law Enforcement operating budget.

Agency code: 802

Agency name:
Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2016	Excp 2017
------	-------------	-----------	-----------

Law enforcement initiatives have been a function of the division since 1895. None of this funding will be used to contract with outside entities.

EXTERNAL/INTERNAL FACTORS:

Services provided by TPWD Game Wardens benefit all citizens of the state. Game Wardens are sworn to protect and serve the citizens of this state and are highly involved in Homeland Security/Border Operations along the Texas/Mexico border, protection of high value infrastructure on waterways, & emergency management responses such as hurricanes, floods and tornadoes. These activities continue to grow with our expanding population, and as TPWD becomes increasingly involved, additional funding sources will be needed.

In addition, under federal requirements, use of hunting and fishing revenues deposited to the Game, Fish and Water Safety Account (009) is restricted to the management of fish & wildlife resources of the state. Other uses could create a diversion of funds and result in loss of federal funding for the agency. For these reasons, General Revenue is the requested source of funding for this request.

TPWD first received appropriations from the DPS Operator & Chauffeur's Account (Fund 0099) in the 2010-2011 biennium when the 81st Legislature provided \$825,000 in each year to expand existing border security. For the 2014-15 biennium, the Legislature again appropriated \$825,000 per year plus associated benefit costs to TPWD from this source. However, due to insufficient cash in the account, the appropriations could not be funded, leaving TPWD with a \$1.65+ million shortfall in border security funding. In the short term, TPWD was able to cover costs by reallocating operational funding and shifting funding away from other program areas, however this cannot be sustained long-term.

The Law Enforcement Division must be highly mobile & daily operations include high numbers of miles and hours patrolled in vehicles and boats. The combination of these factors, and the continued escalation in fuel and other operating costs, have impacted our enforcement strategies & operations.

TOTAL, METHOD OF FINANCING			\$9,656,729	\$9,267,424
FULL-TIME EQUIVALENT POSITIONS (FTE):			9.00	9.00

DESCRIPTION / JUSTIFICATION:

This exceptional item, totaling \$18.9 million over the biennium, includes funding /FTEs necessary to maintain and enhance core fish and wildlife efforts and expand key initiatives as follows (amounts are biennial):

- Aquatic Invasive Species: A total of \$18 million/5 FTEs to address fresh & saltwater aquatic invasive species, which have generated mounting threats to Texas waters and regional economies in recent years. Funding would provide the Department resources to focus on control and management of invasive species through use of management and control options; to provide education/ outreach activities to the public; and to fund associated capital transportation needs. This is an ongoing program that has been in place 30 years. A portion of funding would be used to contract with Certified Pesticide Applicators, governmental & non-governmental entities, and professional services for development of educational materials.
- Coastwide Habitat Monitoring Program: A total of \$598,848/4 FTEs to initiate a routine coast-wide habitat monitoring program as a component of the existing fisheries dependent/independent long-term monitoring program. This will provide the agency with resources to monitor key habitats, flora and fauna, water quality and water quantity parameters; and to record and assess natural and man-made changes and long-term impacts on natural resources. This is a new component of an existing program.

Agency code: 802

Agency name:

Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2016	Excp 2017
-------------	--------------------	------------------	------------------

• Oyster Shell Recovery and Replacement Program: A total of \$325,305 for oyster reef enhancement. These funds will expand on-going habitat restoration /enhancement efforts (since 2007). This request would involve contracting with an outside entity for placement of cultch materials.

EXTERNAL/INTERNAL FACTORS:

• Aquatic Invasive Species: Aquatic invasive species are a significant problem in Texas that cost the state billions of dollars in lost water availability & quality, lost property values, lost outdoor recreational expenditures and revenue, and the degradation of Texas' natural resources. Invasive species are continuing to spread rapidly throughout the state. For example, zebra mussels were first discovered in Texas in Lake Texoma in 2009 and are now confirmed in six other water bodies. It is estimated that the mere presence of invasive plants in Texas lakes could be costing the state up to \$17 billion or more in lost property value. Additional resources are needed to more effectively manage and control these species.

• Coastwide Resource Monitoring: With projected population increases both in Texas and along the coast, changes will continue occur to our natural resources. This monitoring program would provide an inventory of key coastal habitats that when incorporated with the department's ongoing fisheries dependent/independent monitoring programs would refine the department's capabilities to assess habitat changes with fishery populations and respond to shifts in abundance for more effective management.

• Oyster Shell Recovery and Replacement Program: The licensed commercial oyster fishermen who are paying this fee have been anticipating a project for the recovery and enhancement of public oyster reefs. Since the total amount collected has accumulated to a sufficient amount, TPWD requests authority to spend the accumulated balances.

FULL-TIME EQUIVALENT POSITIONS (FTE):		18.00	18.00

DESCRIPTION / JUSTIFICATION:

To ensure continued effectiveness in achieving TPWD's core goals/mission this exceptional item would provide \$82.4m/18 FTEs over the biennium to modernize several aspects of operations & capital assets,including:

- Information Technology Infrastructure: \$3.3m/6 FTEs for security & technical staff & associated equipment to address information technology security, and upgrades to legacy communications systems & equipment.
- IT Business Initiatives: \$2.0m/4 FTEs for updates & additional functionality for various agency applications and to fund increases in data center services costs (DCS) for new & upgraded initiatives. \$490k is requested to address unique application development for several business initiatives. The DCS request of \$1.5 m provides funds for

Agency code: 802

Agency name:
Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2016	Excp 2017
------	-------------	-----------	-----------

disaster recovery to ensure continuity of critical business systems; keeping agency software licenses up to date, and for mitigating the risk of outages for online services used by customers.

- Capital Construction Projects & Modernization: A total of \$76.6m for capital construction projects to address critical statewide construction & repair needs (\$75.0m); Planning & Design Staff (\$820k/5 FTEs) to provide for much needed Planning & Design Architects & Engineers and associated operating costs; and a comprehensive Capital Construction Management System to integrate related business processes (\$750k). This will be a purchased, off-the-shelf application that will be modified to fit the needs of TPWD.
- Communications: \$520k/3 FTEs for web & mobile application development, to provide staffing to address contemporary customer demands & expectations in terms of web enabled services for mobile devices. Funding for mobile application development would allow TPWD to reach out to a customer base seeks information in digital, mobile forms.

Some of the requested funds would be used to contract with outside entities. Requests are associated with existing programs.

EXTERNAL/INTERNAL FACTORS:

To meet ongoing demand from internal customers, additional funding is required to enhance the IT network, security & help desk services. Advancement in technology has also resulted in increased customer expectations in areas such as park reservations, registering & titling boats, & selling hunting & fishing licenses. To comply with new TAC 202 standards, follow HB2738 and align with the Statewide Strategic Plan for Information Resource Management, TPWD has requested funding in the areas of security improvements, legacy application remediation, network enhancements, & for utilization of cloud services.

Web development is ongoing & iterative. Due to increases in demand for web services, web projects have become backlogged. Additional FTEs would restore capacity to fulfill web services & reduce the current backlog. Regarding mobile apps, customers are increasingly demanding more ways to consume regulatory and informative content, including interactive mobile apps.

New capital construction needs will be identified with each passing year as structures deteriorate and/or become outdated. Many factors beyond TPWD control (economic conditions, catastrophic weather, disasters, permit & study requirements) can influence the agency's capital repair & construction program & can result in project delays and/or necessitate reprioritization of projects to address emergency needs.

The lack of Architects & Engineers has impacted our ability to design work in-house to stay abreast of the needs of the Force Account Construction Crews, and our ability to assist the Minor Repair program in a timely way. There is a risk that some projects will not get completed or that safety/risk situations may not get addressed timely. Finally, the current construction tracking systems have limited capabilities & utilize outdated software. An integrated system will allow the Infrastructure Division to communicate better, track automated metrics & better partner with other TPWD divisions.

4.A. Exceptional Item Request Schedule
 84th Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014
 TIME: 2:06:39PM

Agency code: 802

Agency name: **Parks and Wildlife Department**

CODE	DESCRIPTION		Excp 2016	Excp 2017
		Item Name: Local Parks Grant Program Funding		
		Item Priority: 5		
		Includes Funding for the Following Strategy or Strategies:		
		02-02-01 Provide Local Park Grants		
		02-02-02 Provide Boating Access, Trails and Other Grants		
OBJECTS OF EXPENSE:				
4000	GRANTS		7,026,978	7,026,978
TOTAL, OBJECT OF EXPENSE			7,026,978	7,026,978
METHOD OF FINANCING:				
401	Sporting Good Tax-Local		4,216,187	4,216,187
402	Sporting Good Tax Transfer to 5150		2,810,791	2,810,791
TOTAL, METHOD OF FINANCING			7,026,978	7,026,978

DESCRIPTION / JUSTIFICATION:

TPWD's Local Park grant programs provide matching grants to local governments and other qualified entities to acquire and renovate parkland, renovate existing public recreation centers, construct recreation centers/other facilities, create large recreation areas and regional systems of parks, and to develop/beautify parkland.

Local parks provide invaluable outdoor recreational and educational opportunities for communities around the state and help contribute to the physical, social and mental well-being of its residents. They also offer positive and demonstrable economic impacts to communities.

TPWD's Local Park Grants programs were suspended entirely for the 2012-2013 biennium. A partial restoration of funds was provided for the 2014-2015 biennium. Approval of this exceptional item request would provide \$14.1 million in Sporting Goods Sales Tax to support the outdoor/indoor recreational needs of local governments through provision of matching grants.

This exceptional item would continue an existing program that was created by the 66th Leg. in 1979, Parks and Wildlife Code, Chapter 24, "State Assistance for Local Parks."

The funds requested in this exceptional item will not be used to contract with an outside entity.

EXTERNAL/INTERNAL FACTORS:

4.A. Exceptional Item Request Schedule
84th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014
TIME: 2:06:39PM

Agency code: 802

Agency name:

Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2016	Excp 2017
-------------	--------------------	------------------	------------------

Provision of 50% state matching grants has strong public support and is an effective method to leverage state funding to obtain these positive outcomes. A survey conducted by TPWD in 2011 found that 88% of respondents agreed that local governments have a responsibility to provide outdoor recreational lands/facilities and 86% support use of state funds to finance parks and recreation programs.

Since 1994, Texas Parks and Wildlife Local Park Grant programs have invested matching funds for more than one thousand projects throughout the state. This investment has provided for the acquisition and development of local park and recreation sites, and provided resources to supplement local conservation programs that introduce children and families to the outdoors. These grants have been funded from the Sporting Goods Sales Tax, reinvesting sales taxes paid by Texas citizens in close-to-home recreation opportunities.

In combination with amounts already in the base, this exceptional item is seeking SGST funding at historic funding levels (\$31 million over the biennium) for local parks grants in the 2016-2017 biennium.

4.A. Exceptional Item Request Schedule
 84th Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014
 TIME: 2:06:39PM

Agency code: 802

Agency name: **Parks and Wildlife Department**

CODE	DESCRIPTION	Excp 2016	Excp 2017
	Item Name: Battleship TEXAS Item Priority: 6 Includes Funding for the Following Strategy or Strategies: 04-01-01 Implement Capital Improvements and Major Repairs		
OBJECTS OF EXPENSE:			
5000	CAPITAL EXPENDITURES	25,000,000	0
	TOTAL, OBJECT OF EXPENSE	\$25,000,000	\$0
METHOD OF FINANCING:			
1	General Revenue Fund	25,000,000	0
	TOTAL, METHOD OF FINANCING	\$25,000,000	\$0

DESCRIPTION / JUSTIFICATION:

The 80th Legislature authorized \$25 million from General Obligation bonds and \$4 million in Appropriated Receipts for the repair of the Battleship TEXAS contingent upon the completion of an initial naval engineering assessment of the ship.

A structural assessment undertaken by TPWD in 2011 revealed that the Battleship TEXAS was in much worse structural condition than previously suspected and that it would cost more than anticipated to execute the most critical repairs to the ship. Those repairs were deemed critical to the ship's survival regardless of whether the ship was ever placed into a permanent dry berth. In 2012 the LBB authorized TPWD to utilize the remaining bond proceeds from the dry berth project to make those "critical repairs that would best preserve the life of the ship," and TPWD prepared a bid package to include those repairs.

TPWD has expended or encumbered \$25 million in construction contracts towards those critical structural repairs, but because of the larger than anticipated scope, only a portion of the repairs have been completed. This item requests \$25 million to complete the balance of the known critical repair items originally issued for bid in 2012 necessary to preserve this state historic treasure.

EXTERNAL/INTERNAL FACTORS:

TPWD received \$3 million in Appropriated Receipts toward the dry berth project, but no other funding sources have yet been identified.

NOTE: This exceptional item would not include any design or construction of a permanent dry berth for the Battleship TEXAS or any hull repair.

4.A. Exceptional Item Request Schedule
 84th Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014

TOTAL, OBJECT OF EXPENSE			\$18,500,000	\$0
METHOD OF FINANCING:				
1	General Revenue Fund		18,500,000	0
TOTAL, METHOD OF FINANCING			\$18,500,000	\$0

DESCRIPTION / JUSTIFICATION:

This exceptional item would provide \$18.5 million for two improvement projects benefiting outdoor/nature tourism and recreation at locations across the state, as listed below:

- Visitor's Center at Franklin Mountains State Park: A total of \$3.5 million to develop and construct a Visitor's Center at Franklin Mountains State Park in El Paso County, the country's largest urban state park. The proposed 7,770 square foot center would include a viewing gallery, interpretive exhibit area, restrooms, gift shop, classroom, storage and space for TPWD administrative offices.
- Texas State Aquarium at Corpus Christi: A total of \$15 million in general revenue funding for capital improvement projects at the Texas State Aquarium.

This exceptional item would create new initiatives during the 2016-17 biennium.

A portion of the requested amounts for the Visitor Center at Franklin Mountains may be used to contract with outside construction entities.

Agency name:

Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2016	Excp 2017
	<p>Rider 34 in the 2010-2011 General Appropriations Act directed TPWD to conduct a study to examine the feasibility of developing a visitor center at Franklin Mountain State Park, including analyzing the need for the visitor center, the cost of development and construction, and anticipated impacts on visitation.</p> <p>The study, which was released in January 2011, found that expected population growth will result in unmet need for outdoor activities in the El Paso area and that a visitor center would fill a void in the community by providing programming and outdoor educational experiences and promoting tourism in the area. The Center would also result in increased revenues and visitation to the state park.</p> <p>The study estimated construction costs, including site work, building construction, professional fees, landscaping, development of interpretive exhibits and other items, to be between \$3.01 to \$3.55 million.</p>

5.B. Capital Budget Project Information
 84th Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014
 TIME: 2:10:09PM

Agency Code:	802	Agency name:	Parks and Wildlife Department
Category Number:	5001	Category Name:	ACQ OF LAND/REAL PROPERTY
Project number:	1	Project Name:	TPWD-Land Acquisition

PROJECT DESCRIPTION

General Information

The ability to acquire lands for habitat development/conservation is essential to TPWD's mission of managing and conserving the natural and cultural resources of Texas and providing hunting, fishing, and outdoor recreational opportunities for all Texans. Funding includes sources dedicated by statute for the acquisition of land for parks and wildlife habitat, as well as federal funds available for acquisition and development of outdoor recreation areas and facilities.

Number of Units / Average Unit Cost Not Applicable

Estimated Completion Date Not Applicable

0	0	0	0	0

REVENUE GENERATION / COST SAVINGS

<u>REVENUE COST FLAG</u>	<u>MOF CODE</u>	<u>AVERAGE AMOUNT</u>

Explanation: No additional revenue or cost savings anticipated.

Project Location: Various locations across the state.

Beneficiaries: General public.

Frequency of Use and External Factors Affecting Use:

Will depend on specific site(s) acquired.

5.B. Capital Budget Project Information
 84th Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014
 TIME: 2:10:09PM

Agency Code:	802	Agency name:	Parks and Wildlife Department
Category Number:	5002	Category Name:	CONST OF BLDGS/FACILITIES
Project number:	2	Project Name:	TPWD-Construction & Major Repairs

PROJECT DESCRIPTION

General Information

Department facilities are in need of basic repair due to heavy usage and age. Items in this category are funded by current appropriations, federal funds, appropriated receipts, and unexpended balances from General Obligation bond proceeds. Adequate levels of funding are crucial to preserve the natural and cultural resources entrusted to the agency.

Number of Units / Average Unit Cost Not Applicable
Estimated Completion Date Various

Additional Capital Expenditure Amounts Required	2018	2019
	0	0

Type of Financing CA CURRENT APPROPRIATIONS
Projected Useful Life 15 to 30 years
Estimated/Actual Project Cost \$0

REVENUE GENERATION / COST SAVINGS

<u>REVENUE COST FLAG</u>	<u>MOF CODE</u>	<u>AVERAGE AMOUNT</u>

Explanation: Construction/repairs could result in improved revenue generation at affected park sites, but no estimates are currently available.

Project Location: Various locations across the state.

Beneficiaries: Users of outdoor recreation facilities and cultural resources.

Frequency of Use and External Factors Affecting Use:

Regulatory mandates require that the agency bring its' facilities into compliance with current health, safety and access standards.

 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/5/2014
 TIME: 2:10:09PM

Agency Code:	802	Agency name:	Parks and Wildlife Department
Category Number:	7000	Category Name:	Data Center Consolidation
Project number:	5	Project Name:	TPWD-Data Center Services (DCS)

PROJECT DESCRIPTION

General Information

TPWD is participating in the Data Center Consolidation project as mandated by HB1516 (79R). This project requires the consolidation of state-owned data centers and the outsourcing of its services to a designated vendor as directed by the Department of Information Resources (DIR). Some of these services include server administration, database administration and some facets of security administration. The goal is to gain efficient and effective spending of technology dollars associated with providing data center services. The agency is currently participating in the transformation phases of the project. During transformation data center services will be moved from the agency data center located at 4200 Smith School Road to the Austin or San Angelo state data centers.

Agency Code:	802	Agency name:	Parks and Wildlife Department
Category Number:	5008	Category Name:	LEASE PAYMENT/MST LSE PRG
Project number:	8	Project Name:	TPWD-MLPP

PROJECT DESCRIPTION

General Information

TPWD participates in the Master Lease Purchase Program (MLPP) to finance an energy savings project. Under the program, TPWD and TPFA enter into a lease; TPFA issues tax-exempt revenue commercial paper notes to finance the project - TPFA takes title and leases it to TPWD. The lease payments go to repay the principal and interest on the commercial notes.

COMPARISON TO STATEWIDE HUB PROCUREMENT GOALS

A. Fiscal Year 2012 - 2013 HUB Expenditure Information

Statewide HUB Goals	Procurement Category	% Goal	HUB Expenditures FY 2012			Total Expenditures FY 2012		HUB Expenditures FY 2013			Total Expenditures FY 2013
			% Actual	Diff	Actual \$	% Goal	% Actual	Diff	Actual \$	FY 2013	
11.2%	Heavy Construction	2.7 %	58.6%	55.9%	\$4,104,198	\$7,007,823	11.2 %	45.1%	33.9%	\$1,807,585	\$4,006,089
21.1%	Building Construction	7.0 %	1.5%	-5.6%	\$194,664	\$13,392,151	4.3 %	4.0%	-0.2%	\$300,765	\$7,460,261
32.7%	Special Trade Construction	21.7 %	58.3%	36.6%	\$4,664,991	\$7,995,667	32.7 %	45.1%	12.4%	\$2,116,475	\$4,692,989
23.6%	Professional Services	0.2 %	78.3%	78.1%	\$429,976	\$548,943	23.6 %	38.2%	14.6%	\$198,795	\$520,840
24.6%	Other Services	10.3 %	11.2%	0.9%	\$2,488,610	\$22,172,223	11.2 %	13.5%	2.3%	\$2,647,912	\$19,585,442
21.0%	Commodities	13.2 %	15.1%	1.9%	\$4,068,799	\$26,961,799	15.1 %	22.3%	7.2%	\$5,068,390	\$22,692,192
	Total Expenditures		20.4%		\$15,951,238	\$78,078,606		20.6%		\$12,139,922	\$58,957,813

B. Assessment of Fiscal Year 2012 - 2013 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained three of the six applicable statewide HUB procurement goals in FY2012 and five of six TPWD HUB Goals
 The agency attained four of the six applicable statewide HUB procurement goals in FY2013 and five of six TPWD Goals

Applicability:

All categories are applicable to agency operations.

Factors Affecting Attainment:

Commodities: Fuel utilizing the Voyager Fuel card accounted for \$5,160,439.99 or 22% of TPWD HUB reportable expenditures under the Commodities category. Payments are made under the Voyager vendor ID number therefore TPWD is unable to account for HUB vendors that were used when payment was made by the state contract Fuel card. These fuel expenditures negatively affect the HUB % in this category.

Other Services - TPWD has difficulty meeting the statewide goal in this category due to the limited availability of HUB vendors for many of our remote field sites. Staff have increased vendor outreach efforts and are encouraging local vendors to participate in the HUB program.

"Good-Faith" Efforts:

HUB and Purchasing staff has increased our efforts to identify potential HUB vendors in regions where they were not available and assisted vendors in the HUB certification process to improve their opportunity to do business with state agencies.

TPWD developed a partnership with Texas Association of African American Chambers of Commerce (TAAACC) and Texas Association of Mexican American

6.A. Historically Underutilized Business Supporting Schedule

Automated Budget and Evaluation System of Texas (ABEST)

Date: **9/5/2014**
Time: **2:26:02PM**

Agency Code: **802** Agency: **Parks and Wildlife Department**

Chambers of Commerce (TAMACC) to increase outreach efforts, HUB vendor recruitment, and technical assistance to HUB vendors.

Reporting - An internal HUB report is provided to executive management and Division Directors on a regular basis to keep them updated on TPWD progress in obtaining HUB goals meetings monthly.

Description / Purpose for 2016-17 Biennium

Due to declining federal funding under the Sportfish Restoration Act, fisheries' programs require funding to maintain core functions and provide mandated services.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: Capital Construction Fund 9 Unexpended Balance					
ALLOCATION TO STRATEGY: 4-1-1 Improvements and Major Repairs					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
5000	Objects of Expense: Capital Expenditures			985,316	
	Total, Objects of Expense			985,316	0
0009	Method of Financing: Game, Fish, Water Safety Acct			985,316	
	Total, Method of Financing			985,316	0

Description / Purpose for 2016-17 Biennium

Funding needed to continue capital construction projects funded in the 2014-2015 biennium.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: Wildlife Migratory Game Bird Initiatives					
ALLOCATION TO STRATEGY: 1-1-1 Wildlife Conservation					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
4000	Objects of Expense: Grants			1,000,000	1,000,000
	Total, Objects of Expense			1,000,000	1,000,000
0009	Method of Financing: Game, Fish, Water Safety Acct			1,000,000	1,000,000
	Total, Method of Financing			1,000,000	1,000,000

Description / Purpose for 2016-17 Biennium

Pass-through funding to universities for research and habitat enhancement related to migratory birds.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: Fisheries Capital Funding					
ALLOCATION TO STRATEGY: 1-2-1 Inland Fisheries Management					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
5000	Objects of Expense: Capital Expenditures			253,000	114,000
	Total, Objects of Expense			253,000	114,000
0009	Method of Financing: Game, Fish, Water Safety Acct			253,000	114,000
	Total, Method of Financing			253,000	114,000

Description / Purpose for 2016-17 Biennium

Critical transportation/equipment and construction needs for fisheries to maintain core functions and provide mandated services.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: Fisheries Capital Funding					
ALLOCATION TO STRATEGY: 1-2-2 Inland Hatcheries Operations					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
5000	Objects of Expense: Capital Expenditures			247,000	386,000
	Total, Objects of Expense			247,000	386,000
0009	Method of Financing: Game, Fish, Water Safety Acct			247,000	386,000
	Total, Method of Financing			247,000	386,000

Description / Purpose for 2016-17 Biennium

Critical transportation/equipment and construction needs for fisheries to maintain core functions and provide mandated services.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: Fisheries Capital Funding					
ALLOCATION TO STRATEGY: 1-2-3 Coastal Fisheries Management					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
5000	Objects of Expense: Capital Expenditures			600,000	
	Total, Objects of Expense			600,000	0
0009	Method of Financing: Game, Fish, Water Safety Acct			600,000

	Total, Method of Financing			263,346	263,346

Description / Purpose for 2016-17 Biennium

Align existing Aquatic Vegetation base funding to appropriate method of finance.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: State Parks Business System					
ALLOCATION TO STRATEGY: 2-1-1 State Park Operations					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
2009	Objects of Expense: Other Operating Expense				700,000
	Total, Objects of Expense			0	700,000
0400	Method of Financing: Sporting Good Tax-State				700,000
	Total, Method of Financing			0	700,000

Description / Purpose for 2016-17 Biennium

Funding needed for critical systems for day-to-day operations in State Parks.

**6.B. Current Biennium One-time Expenditure Schedule
Part 2 - Strategy Allocation 2016-17 Biennium**

Agency Code: 802	Agency Name: Texas Parks and Wildlife	Prepared By: Lance Goodrum	Date 8/26/14		
PROJECT ITEM: Agency Modernization					
ALLOCATION TO STRATEGY: 5-1-2 Information Resources					
Code	Strategy Allocation	Estimated 2014	Budgeted 2015	Requested 2016	Requested 2017
2001	Objects of Expense: Professional Fees and Services			598,141	332,259
	Total, Objects of Expense			598,141	332,259
0001	Method of Financing: General Revenue Fund			189,325	189,324
0009	Game, Fish, Water Safety Acct			408,816	142,835
	Total, Method of Financing			598,141	332,159

Description / Purpose for 2016-17 Biennium

Addresses costs incurred under Data Center Consolidation contract for software and transition/transformation increases and for Information Technology business initiatives/service contracting.

SUMMARY OF SPECIAL CONCERNS/ISSUES

802 Parks and Wildlife Department

CFDA NUMBER/ STRATEGY	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
-----------------------	----------	----------	----------	---------	---------

Assumptions and Methodology:

TPWD's major sources of federal funding continue to be 15.605 (Sportfish), 15.611 (Wildlife Restoration), and 97.012 (Boating Safety). Sportfish and Wildlife Restoration is apportioned to each state by the U.S. Fish and Wildlife Service, while Boating Safety is apportioned by the U.S. Coast Guard. Given the current U.S. political climate and the federal budget, the long-term trend is a slow decline in federal sources of revenue. However, given the uncertainty with the current political climate in Washington, it is difficult to predict significant changes (either higher or lower) in the immediacy with any degree of certainty.

Potential Loss:

In general, given the current Federal political and budgetary issues, the long-term trend is for a slow decline in federal sources. Wildlife Restoration, funded in part by an excise tax on firearms is experiencing a short-term spike although it is not expected to last long-term. TPWD remains committed to pursuing federal funding opportunities that will further the agency's mission of managing and conserving our natural resources and providing hunting, fishing, and outdoor recreational opportunities for the citizens of Texas.

Agency Code: **802** Agency name: **Parks and Wildlife Department**

FUND/ACCOUNT	Act 2013	Exp 2014	Exp 2015	Bud 2016	Est 2017
Ending Fund/Account Balance	\$75,376,980	\$63,552,113	\$63,481,847	\$60,422,984	\$58,948,903

REVENUE ASSUMPTIONS:

Unless otherwise noted, FY2014 revenues are based on actual revenue collections (through June 2014); plus an estimated July-August FY2014. FY2015 through FY2017 revenue collections are based on historical averages or historical/year-to-date trends or assume FY2014 levels in each revenue comp object.

Projection for Oil Royalties from Parks and Wildlife Lands (3319) FY2014 revenues are based on actual revenue collections (through July 2014); plus estimated August FY2014 amounts. FY2015 revenues are based on a six (6) month average (Mar-Aug 2014) rounded down to nearest \$1,000 (thousand). FY2016 through FY2017 assume FY2015 estimated levels.

Projection for Gas Royalties from Parks and Wildlife Lands (3324) FY2014 revenues are based on actual revenue collections (through July 2014); plus estimated August FY2014 amounts. FY2015 revenue projections are based on a six (6) month average (Mar-Aug 2014) rounded down to nearest \$1,000 (thousand). FY2016 through FY2017 assume FY2015 estimated levels.

Projection for Game/Fish/Equip Fees - Non Commercial (3434) revenues assumes a 2.5% increase from FY2013 actuals to FY2014. FY2015 revenue projections are based on a 2% increase from FY2014 estimated levels. FY2016 revenue projections are based on a 1% increase from FY2015 estimated levels and FY2017 assume FY2016 estimated levels.

Projections for Game/Fish/Equip Fees - Commercial (3435) FY2014 revenues are based on a 4 year historical average (2010-2013). FY2015 through FY2017 revenues assume FY2014 estimated levels.

Projection for Motorboat Registration Fees (3455) and Motorboat/Outboard Motor Title Certification (3456) FY2014 revenues were based on actual revenue collections (through June 2014); plus an estimated 3 year monthly average for July-August FY2014. FY2015 through FY2017 assumes FY2014 estimated levels.

REVENUE ASSUMPTIONS:

Starting in FY2014, a newly created Afund License Plate Trust Fund Account 0802 was created for all conservation license plate accounts.

Unless otherwise noted, FY2014 estimated revenues are based on actual revenue collections (through June 2014); plus an estimated July-August FY2014. FY2015 through FY2017 revenues are based on historical averages or historical/year-to-date trends in each revenue comp object.

Transfers within Agency, Fund or Account (3972) are based on the UB forward of prior non-profit license plate fund balances into the newly created accounts.

NO FUNDS WERE PASSED THROUGH TO LOCAL ENTITIES

NO FUNDS WERE PASSED THROUGH TO OTHER STATE AGENCIES OR INSTITUTIONS OF HIGHER EDUCATION

USE OF HOMELAND SECURITY FUNDS

Homeland Security expenditures presented on Schedule A are contained within strategies C.1.1., C.1.2., and C.1.3. and are funded from federal funds and state appropriations. TPWD Game Wardens are often called upon to assist in disaster response, border operations, and Homeland Security efforts because they have special equipment, training, and knowledge.

NO FUNDS WERE PASSED THROUGH TO LOCAL ENTITIES

NO FUNDS WERE PASSED THROUGH TO OTHER STATE AGENCIES OR INSTITUTIONS OF HIGHER EDUCATION

USE OF HOMELAND SECURITY FUNDS

Natural or man-made disasters associated with Schedule B are largely attributed to strategies: B.1.1; B.1.2; B.1.3; C.1.1; C.1.3; and D.1.1. Figures largely consist of repairs from prior disasters although smaller scale man-made and weather disaster response in 2013/14 did occur state wide.

Estimated Revenues FY 2016	\$	2,418
Estimated Revenues FY 2017	\$	2,418
FY 2016-17 Total	\$	637,937

Constitutional or Statutory Creation and Use of Funds:

The State Parks Endowment Trust Account (0885) was created as a trust fund by Parks and Wildlife Code, Sections 13.004, 13.008 and Texas Attorney General Opinions No. WW-122, MW-493. This fund receives deposits of and income from permanent endowments held by the Department in trust for the sole purpose of benefiting parks as identified by the grantee. The principal is to be invested to provide permanent income in support of the specified park(s).

Method of Calculation and Revenue Assumptions:

Source Data: USAS
 Method of Calculation: Extrapolated YTD data through 06/16/14 to estimate the current year's revenue.
 Assumptions: Revenues in future years are assumed to equal revenues anticipated in FY2014.

Method of Allocation					

In general, indirect administrative and support costs are allocated proportionally among all strategies on the basis of budget size for each fiscal year. This method was selected because the agency is labor intensive and the administrative demands are closely related to budget size. The percentage range applied to this strategy is as follows: 5.62% - 6.94%.

Method of Allocation						

In general, indirect administrative and support costs are allocated proportionally among all strategies on the basis of budget size for each fiscal year. This method was selected because the agency is labor intensive and the administrative demands are closely related to budget size. The percentage range applied to this strategy is as follows: 0.67% - 0.91%.
