85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

On behalf of the Texas Parks and Wildlife Department (TPWD), I am pleased to present the agency's Legislative Appropriations Request (LAR) for the 2018-19 biennium. In line with policy directives and LAR instructions, this request reflects baseline funding at 96% of 2016-17 levels and expresses TPWD's priorities for programs we believe are of highest value to Texas' hunters, anglers, boaters, park goers, landowners, and other outdoor enthusiasts whose support and participation largely finance our work.

This funding is necessary to further our mission, which is "to manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing and outdoor recreation opportunities for the use and enjoyment of present and future generations." This mission is essential to the quality of life, heritage, health, and economic well-being of all Texans.

**4% BASE FUNDING REDUCTIONS:**

TPWD's 2018-19 base request reflects a total reduction of \$22.9 million. In identifying areas for reduction, TPWD focused primarily on minimizing disruption and impacts to mission critical operations both internally and externally. We also sought to ensure that priorities identified in our Land and Water Resources Conservation and Recreation plan can still be fulfilled. As such, TPWD's proposed budget reductions were directed primarily at funding for grant, pass-through, construction, and other initiatives that were largely one-time in nature.

An accounting of these areas is as follows:

- Rider 37: Fort Boggy State Park- \$500k
- Rider 41: Grants to Local Parks (San Antonio)- \$3.0m
- Rider 42: Local Parks Grants (Houston)- \$2.5m
- Rider 43: Texas State Aquarium- \$9.0m
- Rider 44: Palo Pinto Mountains State Park- \$2.7m
- Rider 45: Local Parks Grant (City of Angleton)- \$150k
- Fund 9 Operations- \$3.3m
- Upland Game Bird Stamp Pass-through (Rider 36: Northern Bobwhite Quail IAC)- \$500k
- Migratory Game Bird Stamp Pass-through - \$500k
- Deferred Maintenance/Capital Construction - \$850k

It is important to note that TPWD has applied these reductions in conjunction with proposed method of finance shifts to help alleviate unrestricted Fund 9 cash balance declines, which is a major concern to the agency going forward.

**EXCEPTIONS TO THE BASELINE REQUEST LIMITATION:**

Exceptions to the baseline request limitation for TPWD include amounts needed to maintain public safety in the border region and to satisfy debt service requirements for bond authorizations. Base funding for TPWD's law enforcement efforts in the border region for FY2018-19 totals \$10.6 million and reflects an increase from FY2016-17 levels. Amounts were determined by calculating on-going salary, operating and capital needs for game wardens in the border region. Amounts for debt service payments in 2018-19 will be determined by the Texas Public Finance Authority and are expected to be substantially similar to 2016-17 amounts.

**OPPORTUNITIES/CHALLENGES:**

For the 2016-17 biennium, TPWD's approved funding reflected historic action taken by the Legislature to fully allocate 94% of available Sporting Goods Sales Tax (SGST) for state and local park purposes, and also included amounts for other key conservation, public safety and capital priorities, such as critical statewide

**Administrator's Statement**

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

construction, deferred maintenance, and repair needs. TPWD is very appreciative of the Legislature's efforts, and hopes to maintain/build on the successes achieved with this funding into the next biennium.

**STATE PARK 10 YEAR PLAN & CENTENNIAL CELEBRATION**

In response to a request by the TPW Commission and members of the Legislature, TPWD and the State Park Advisory Committee are currently developing a Centennial Plan that will establish state park goals for the next decade. The plan will also lay the groundwork for recognition of the 100th anniversary of the state parks system in 2023. This event will provide an opportunity for the system to celebrate its history, recognize the changes of the past century, and define its future.

**GAME, FISH AND WATER SAFETY ACCOUNT CASH BALANCE CONCERNS**

The decline in unrestricted Fund 9 cash balances in recent years is a significant concern to TPWD. This trend has been driven primarily by legislatively directed Schedule C and general salary increases, associated fringe costs, increases in the state contribution rate for employee benefits, and increases in transfers to the Employee Retirement System to cover insurance costs for current retirees. As directed expenditures continue to outpace revenues, cash balances will continue to decline and will not be sufficient to support current unrestricted Fund 9 appropriation levels into the 2018-19 biennium.

To address these concerns, TPWD initiated a hiring delay in FY2016 and has been evaluating a suite of options, including seeking appropriation of Unclaimed Refunds of Motorboat Fuel Tax, pursuing various statutory changes, and targeted fee increases. In addition, we are proposing method of finance shifts within the base to reduce the likelihood of a negative cash balance in unrestricted Fund 9 during the 2018-19 biennium. Approval and action on these items is critical to improving the cash balance outlook and stabilizing the fund over the long term in order to meet core law enforcement, fisheries, and wildlife related responsibilities.

**DEFERRED MAINTENANCE AND UNEXPENDED CONSTRUCTION/REPAIR BALANCES**

With the passage of House Bill 158, TPWD received an unprecedented level of deferred maintenance, capital construction, and repair funding from multiple sources, including SGST. The funding will allow the department to make progress in addressing a decades long accumulated backlog of state park infrastructure improvement and repair needs, including replacement and upgrades to deteriorating park headquarters, visitor centers, restrooms, utility systems, and much needed renovations to historic buildings/sites. While project timelines for bidding, design, construction and final completion will vary based on complexity and geographic locale, TPWD is committed to expending these funds efficiently and effectively.

Under TPWD's construction and repair process, projects typically require approximately six months in planning, a year in design, and two years in construction. As a result, while funds are dedicated to specific projects, unexpended amounts in the first year or two can appear significant because the actual construction phase, which accounts for close to 80% of any project cost, has yet to be initiated. These unexpended amounts are carried forward to be encumbered in a subsequent year. Expenditures will increase exponentially during the construction phase, which generally occurs late in the first biennium of appropriation or early in the second biennium after appropriation.

Currently, TPWD is managing approximately 260 such projects across the state. TPWD's deferred maintenance and other capital related projects are widely dispersed geographically, are often located in very rural environments, are highly diverse in scope, scale, and cost, and sometimes do not attract qualified bidders.

**PARK ROAD REPAIRS AND CONSTRUCTION**

State park road repairs and construction are funded through the Texas Department of Transportation (TxDOT) via a rider which directs TxDOT to expend \$20 million each biennium for that purpose. This amount has not changed since FY2010. In light of additional funding for state parks facility development and improvements, as well as substantial wear and tear on existing roads within the system from heavy usage, deferred maintenance, and weather related events, TPWD requests consideration

**Administrator's Statement**

9/20/2016 3:22:36PM

Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

of an additional investment in state park road maintenance, repairs and development for the 2018-19 biennium and beyond.

**LAW ENFORCEMENT DISASTER RESPONSE**

Since 1895, Texas game wardens have provided professional law enforcement while working to conserve and protect the natural resources of Texas. However, the scope of their efforts often extends beyond wildlife, fish and water safety enforcement activities. As an integral member of the Texas Division of Emergency Management State Operations Center, Texas game wardens routinely provide invaluable disaster response, swift water rescue, and other relief efforts during natural disasters and search and rescue operations. From May 2015 to June 2016, Texas game wardens conducted 1,682 rescues and evacuations relating to flooding, wildfires, and winter storms and responded to local weather-related emergencies and State declared disasters in 108 counties. Responding assets included personnel, aviation, vessels, 4x4 vehicles, ATVs, and K-9s.

These activities continue to grow with our expanding population and as TPWD is increasingly requested to provide assistance, additional funding sources outside of Fund 9 must be secured for these lifesaving efforts.

**HOMELAND/BORDER SECURITY EFFORTS**

As certified state peace officers with specialized training, skills and equipment, game wardens are also often called on to participate in border security activities, security in all of Texas' 13 deep water ports, and other missions in Texas' diverse ecoregions and marine environments. TPWD, in partnership with other state, local and federal agencies along the border, has been involved in multiple border initiatives such as Operation Sea Serpent, Operation Half Shell, Operation Choke Point, Operation Strong Safety and Operation Secure Texas. Recent TPWD border related efforts as part of Operation Strong Safety include 20,744 referrals from game wardens to Border Patrol; 1,246 vessels seized by game wardens; 7 drowning victims recovered by game wardens; and 100+ search and rescues, medical assists, humanitarian assists, and lifesaving actions including CPR.

Additional general revenue resources will be needed to ensure the agency's continued ability to carry out these enforcement responsibilities, address growth in related costs in light of Fund 9 cash balance concerns, and avoid federal diversion issues.

**CHRONIC WASTING DISEASE**

Chronic Wasting Disease(CWD)is an always fatal neurological disease found in deer, elk, moose and other members of the deer family. In Texas, the disease was first discovered in 2012 in free-ranging mule deer near the Texas–New Mexico border and has since been detected in the Panhandle and in four (4) captive white-tailed deer breeding facilities in Medina and Lavaca counties. The disease, if spread more widely, poses a significant threat to the state's multi-billion dollar annual hunting, ranching, tourism, and real estate related economies. TPWD, in close concert with the Texas Animal Health Commission, has been actively involved in the state's response to help mitigate the spread of this insidious disease to other free range and breeder deer. In addition to intensive CWD sampling efforts in free range deer by the department, the TPW Commission recently adopted a series of more stringent disease testing regulations governing artificial movement of deer by permit. As is customary with animal related disease strategies, the rules are designed to provide reasonable assurance of early detection and containment of the disease where it exists and to attenuate the possibility of its further spread through the artificial movement of exposed and/or infected animals.

A rapid and effective response to CWD is crucial not only to the health of the state's deer and susceptible cervid populations, but also to minimize potential negative impacts to hunting, hunter participation, and the wide economic benefits of big game hunting, including a multi billion dollar rural real estate economy. Agency staff will continue to be focused on this effort in order to ensure proper management of CWD in Texas.

**AQUATIC INVASIVE SPECIES**

**Administrator's Statement**

9/20/2016 3:22:36PM

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

Exotic and invasive aquatic species have posed mounting concerns in recent years as new cases and species have been confirmed in Texas waterways. These species often grow rapidly and displace more beneficial native species, and can ultimately limit recreational access, restrict water flow rates in canals and rivers, interfere with industrial water uses, harm fish and wildlife, and negatively impact economic growth and development. Since they were initially found in Lake Texoma in 2009, zebra mussels have spread into twelve additional water bodies in Texas.

During the last legislative session, \$6.5 million in state funds was appropriated to TPWD through Rider 34 to address statewide management of aquatic invasive species. This investment has allowed the department and its partners to increase the annual acreage of aquatic invasive plants treated, enhance early detection and containment, support critical research, and enhance outreach/awareness campaigns. Given the recent spread of zebra mussels into additional water bodies, maintaining funding for these initiatives is a high priority.

**FLOODING/WEATHER EVENTS AND IMPACTS**

Since early spring 2015, state parks and WMAs have been impacted by a number of natural disasters. Memorial Day of 2015 marked the beginning of wide-spread flooding that ultimately impacted 52 state parks, resulting in numerous full and partial park closures, substantial infrastructure damage, and interrupted services. Since that time, Texas has endured five additional natural disaster declarations including the Texas Hidden Pines Fire which burned 4,582 acres of Buescher State Park in October 2015, followed by more severe storm and flooding incidents in October 2015, January 2016, March 2016, and April 2016. The latest siege of flooding, which occurred this past Memorial Day weekend impacted 25 state parks. As a result, Lake Whitney, Stephen F. Austin, and Lake Somerville State Parks remain closed to this day.

The widespread and severe nature of these events has caused extensive damage to roads, utility systems and structures at state parks and WMAs. The current estimated cost is well in excess of \$40 million, and it is expected this estimate will grow as flood waters recede and the few remaining areas are evaluated.

**STRATEGIC PRIORITIES AND FUNDING REQUESTS:**

The Land and Water Resources Conservation and Recreation Plan (Land and Water Plan) guides the department's operational activities to conserve natural resources and provide outdoor recreational opportunities. The plan consists of four main goals: 1) Practice, encourage, and enable science-based stewardship of natural and cultural resources; 2) Increase access to and participation in the outdoors; 3) Educate, inform, and engage Texas citizens in support of conservation and recreation; 4) Employ efficient, sustainable, and sound business practices.

TPWD is aware of the economic constraints facing the state for the upcoming biennium. Therefore, we carefully considered each exceptional item request to ensure it reflects value for the citizens of Texas, is in line with statewide goals of ensuring efficient, effective, transparent and accountable government, while also providing funding in support of Land and Water Plan goals.

**CENTRALIZED ACCOUNTING AND PAYROLL/PERSONNEL SYSTEM (CAPPS):** The 80th Texas Legislature passed House Bill 3106, charging the Comptroller's Office with implementing CAPPS statewide. Currently TPWD utilizes multiple stand-alone systems to manage HR personnel and payroll data and processes. CAPPS will replace many of these applications with a single easy-to-use, easy-to-update system that can be scaled to meet the needs of the agency.

TPWD is scheduled to transition to the HR/Payroll component of CAPPS during the 2018-19 biennium, with an anticipated project start date of 9/1/2017 and implementation by 9/1/2018. This item requests \$1.1 million in General Revenue over the biennium for TPWD's staffing and operational needs associated with implementation of CAPPS HR/Payroll.

**Administrator's Statement**

9/20/2016 3:22:36PM

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

**LAW ENFORCEMENT OPERATIONS & EQUIPMENT:** This item requests a total of \$31.5 million and 1 FTE over the biennium to be funded from General Revenue and Unclaimed Refunds of Motorboat Fuels Tax to adequately support ever increasing law enforcement operations, presence on public waterways, search and rescue missions, and to ensure officers are adequately equipped and receive the technological tools and support needed to safely and efficiently carry out their duties.

Law Enforcement Operations: \$11.8m over the biennium as follows:

- \$6.8m for overtime, travel, professional equipment, fuel and maintenance/repair to allow TPWD to continue to move personnel across the state for enforcement and search & rescue missions, disaster and emergency response, provide required training, maintain patrol levels and ensure fleet & officer safety.
- \$1.7m for special teams operations including maintaining an active K9 Team, vessel accident investigation team, marine and land-based tactical teams, search and rescue team and dive and recovery team.
- \$610k for aircraft fuel, training and travel budget to perform search and rescue operations, conservation law enforcement, patrol lakes and rivers during peak times and conduct wildlife surveys.
- \$198k for the forensic lab to ensure it remains in compliance with requirements for evidence submissions and testing.
- \$1.5m for RMS, Pocketcop and technology to allow our officers to provide reports, track evidence as required by statute and use mobile devices provided for officer and public safety.
- \$1m to put all required safety equipment on patrol vehicles before they can be put into service.

Capital Equipment, Transportation and Aircraft: \$18.1m over the biennium, including \$3.6m for radios; \$300k for lab equipment; \$10.9m for replacement of aging and outworn boats/vehicles, and \$3.3m for a new aircraft.

Law Enforcement Technology Support: \$1.6 m over the biennium to provide improved technology services to Game Wardens and Law Enforcement offices across the state, including phone system replacement, network management services, and enhanced security and help desk support.

**STATE PARK OPERATIONS:** This item requests \$23.9 million and 16.1 FTEs over the biennium, to be funded from the State Parks Account 64 and expected growth in Sporting Goods Sales Tax revenues, for state park staffing & operations, capital equipment and technology support.

Maintain Core Services for Enhanced Visitation: \$14.5m for cost increases & other operational imperatives including utilities, fuel, cyclical maintenance, and other operating costs required to support the park's heavy and growing usage; anticipated contract cost increases tied to the new State Parks Business System (formerly TxParks); additional salary and FTEs; and for concession growth reinvestment.

Capital Needs: \$7.3m for replacement of antiquated and outworn vehicles(\$6.3m) and related equipment (\$1.0m).

State Parks Marketing Initiatives: \$500k to implement marketing strategies aimed at increasing visitor diversity, enhancing state park visitation at non-peak times and at lesser visited state parks, and to increase communications and engagement with visitors.

State Parks Technology Support: \$1.6m to provide improved technology services, including phone system replacement, network management services, and enhanced call center services.

**WEATHER RELATED CONSTRUCTION & REPAIRS:** Since early spring 2015, state parks and other TPWD field locations have been significantly impacted by a

**Administrator's Statement**

9/20/2016 3:22:36PM

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

number of weather events/natural disasters, including flooding and severe storms. The widespread and severe nature of these events has caused extensive damage to state parks and WMAs, with costs currently estimated at \$48.3 million. This item requests a total of \$49.2 million in General Revenue and 5 FTEs over the biennium to address these critical repair needs at state parks and WMAs. The request includes \$48.3m for construction/repair needs and \$879k for salaries, operations and equipment needed for staff to manage and deliver the increased volume of construction associated with these projects.

**LOCAL PARK GRANTS:** Local parks provide invaluable outdoor recreational and educational opportunities for communities around the state and help contribute to the physical, social, and mental well-being of its residents. They also offer positive and demonstrable economic impacts to communities. TPWD's Local Park Grant funding has been impacted by the required 4% budget reductions. This item would provide \$4.4 million in Sporting Goods Sales Tax over the biennium, allowing TPWD to maintain SGST funding for the program at 100% of 2016-17 levels and to direct these funds to competitive grant programs.

**TEXAS FARM AND RANGLANDS:** In 2015, the Legislature passed House Bill 1925 which transferred the Texas Farm and Ranch Land Conservation Program (TFRLCP) from the Texas General Land Office to TPWD, and appropriated TPWD \$2.0 million and 2 FTEs to implement the program. The goal of the TFRLCP is to conserve working lands that have high values for water, fish, wildlife and agricultural production and that are at risk of development. Conservation is achieved by providing grant funds to purchase long term conservation easements on those lands. In March and April 2016 the Texas Farm and Ranchlands Trust Council approved funding for a total of 7 projects, bringing approximately 12,000 acres under long-term protection and fully exhausting amounts appropriated for the 2016-17 biennium.

Based on the success of this program in 2016-17, TPWD requests an additional appropriation of \$5.0 million in General Revenue over the biennium to increase grants awarded for the purchase of long-term conservation easements. The funding would help address burgeoning landowner demand for such easements, facilitate an increase in acreage protected, and increase effectiveness in conserving the state's fish, wildlife, water, and open space resources, which are largely found on private lands.

**BORDER SECURITY APPROPRIATION:** For the 2016-17 biennium, TPWD has received funding for border surge operations through interagency contracts with DPS. For the 2018-19 biennium, TPWD is requesting a direct appropriation of funds for border surge activities rather obtaining these amounts via interagency contract. A direct appropriation to TPWD would increase transparency and efficiency by eliminating the need for funding approvals and the reimbursement process.

This request, totaling \$11 million in General Revenue over the biennium, includes overtime, operating, and capital equipment (replacement vehicles, boats, ATV's, radios) needed to enhance the current efforts on the border. The request also includes funding for replacement of one 65-foot long-range offshore vessel. Texas Game Wardens currently operate two 65' offshore vessels to patrol Texas and Federal waters for vessels entering Texas waters illegally from Mexico, illegal commercial fishing, and search and rescue efforts. These vessels are both over 34 years old and not suited for high-speed marine pursuit. The large vessels need to be replaced to ensure long-range, overnight, and multi-day enforcement operations are not compromised in the Gulf of Mexico and large bay systems.

**RIDERS :**

TPWD's LAR reflects several rider modifications aimed at improving transparency, efficiency and effectiveness of programs and operations. Some of the more significant are shown below:

**PAYMENTS TO STATE PARKS BUSINESS SYSTEM VENDOR(S):** This new rider is critical to ensuring TPWD can address changes in the State Parks Business System (formerly TxParks) that are anticipated to occur over the 2018-19 biennium. The department expects that costs for the new system will be based on a per-transaction or percent of revenue model, rather than the current flat fee structure. The requested rider would provide estimated authority to accommodate fluctuations in costs associated with increases/decreases in park revenues.

**Administrator's Statement**

9/20/2016 3:22:36PM

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

APPROPRIATION OF STATE PARKS MERCHANDISE FOR RESALE INCOME: This new rider would allow TPWD to reinvest a portion of the revenue generated from staff-operated concession operations towards merchandise, rental equipment and food products for resale at those concession operations. It is anticipated that the ability to reinvest revenues in the program will lead to and enhance revenue growth, repeat visitation, destination travel and economic value.

RIDER 10, APPROPRIATION OF LICENSE PLATE RECEIPTS: Due to a recent interpretation by the Comptroller's Office, TPWD is requesting modifications to this rider to clearly indicate that all cash balances and all revenue, including interest income, in TPWD license plate accounts is appropriated. We believe that this change will increase transparency, ensuring funds are spent as intended and consistent with expectations of plate purchasers as well as non-profit entities that have been told that plate related revenues are reserved for their use.

RIDER 32, APPROPRIATION OF OYSTER SHELL RECOVERY RECEIPTS: TPWD is requesting modifications to this rider to ensure that TPWD can utilize any accumulated cash balances in the Oyster Shell Recovery & Replacement Account for the purpose of oyster reef recovery and enhancement, consistent with the intent of the enabling statute and expectations of licensed commercial oyster fisherman who are paying oyster shell recovery tag fees.

**10% BIENNIAL BASE REDUCTION OPTIONS SCHEDULE:**

TPWD's calculated 10% biennial base reduction for the FY 2018-19 biennium is \$55.2 million. The reductions would impact the following key areas:

TPWD would be required to substantially reduce the local parks grant program, impacting the ability of local communities across the state to provide new or upgraded parks and recreational facilities to citizens. The amount of local park grants awarded by TPWD would decrease, as would effectiveness in improving and expanding public access to the outdoors.

The state's stewardship of natural resources, in particular migratory and upland game bird species, would be impacted by the reduction of pass-through funding for outreach, research and conservation initiatives with conservation partners as well as survey and design work for habitat improvement on state owned properties.

In addition, elimination of contracts associated with the Texas Farm and Ranch Lands Conservation Program would result in loss of a major tool for incentivizing the permanent conservation of private working lands with high values for water, fish, wildlife and agricultural production. This would significantly reduce our effectiveness in conserving the state's fish, wildlife, water, and open space resources. The program provided grants expected to conserve approximately 12,000 acres in 2016.

TPWD's capacity to deliver prevention, rapid response, containment, and control of aquatic invasive species would also be impacted. This would include an estimated 25% reduction in capacity for statewide control of aquatic invasive vegetation. Cooperative research with universities designed to improve the effectiveness of aquatic invasive species control efforts would be dramatically reduced, if not completely eliminated. Capacity to deliver public awareness campaigns centered on preventing the spread of aquatic invasive species, particularly zebra mussels and giant salvinia, would be eliminated. The loss of FTEs would reduce or eliminate capacity to conduct zebra mussel boat and trailer inspections at reservoir boat ramps and marinas.

Finally, state park and fisheries related capital construction projects would be negatively impacted. Many projects initiated in FY16/17 would not be completed and would have to be furthered deferred. Delays in addressing critical facility needs across the system will result in higher future costs and increased liability and safety hazards. Operating efficiency would be impacted, hatchery operations would be suspended and a 32% reduction in hatchery production capacity is projected.

**Administrator's Statement**

9/20/2016 3:22:36PM

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

In summary, these reductions would adversely impact the state's quality of life, outdoor tourism, rural economic vitality, public safety, public lands, waters and facilities, and its stewardship of its vibrant and valuable natural resources.

**CRIMINAL HISTORY BACKGROUND CHECKS:**

In accordance with Texas Government Code, Section 411.135 the department conducts criminal history checks on all new employees, volunteers, and contractors. Specifically, criminal background checks are conducted on all individuals applying for law enforcement positions according to the Occupations Code, Section 1701.303. Criminal background checks are also conducted on current information technology employees and contractors who have access to information technology resources according to Texas Government Code, Section 411.1405.

**PLANS TO TRANSITION TO STATEWIDE CAPPS SYSTEM:**

As reflected in the exceptional item requests above, TPWD is planning to transition to the HR/Payroll component of CAPPS in the FY2018-19 biennium. TPWD will include a separate request for CAPPS Financials in the FY2020-21 LAR.

We do not anticipate any changes to exempt positions in the upcoming biennium.

**COMMISSION MEMBERS:**

T. Dan Friedkin, Chairman	Feb.2, 2011 – Feb.1, 2017	Houston
Ralph H. Duggins, Vice-Chairman	May 6, 2013 – Feb.1, 2019	Fort Worth

Lee M. Bass, Chairman-Emeritus

# EXECUTIVE OFFICE

## Functional Responsibilities

- **Executive Director:** Serves as the agency's chief executive officer and is accountable to the TPW Commission for the overall operations of the department. Coordinates the development of agency strategy and policy, supervises senior agency management, makes major budgetary allocation decisions, serves as the senior decision authority, and acts as the chief spokesman for the agency. Responsible for management and oversight of 11 divisions with a wide variety of programs, facilities and services.
- **Deputy Executive Director, Policy and Administration:** Provides management and oversight for a wide variety of programs, facilities and services. Assists the Executive Director and executive management team in determining strategic direction, financial planning, administration initiatives and functions of the assigned divisions and program areas. Helps plan and direct legislative initiatives and statutory matters related to assigned divisions and program areas.
- **Deputy Executive Director, Natural Resources:** Provides management and oversight for a wide variety of fish, wildlife, and conservation programs, facilities and services. Assists the Executive Director and executive management team in determining strategic direction, financial planning, conservation initiatives and functions of the assigned divisions and program areas. Helps plan and direct legislative initiatives and statutory matters related to assigned divisions and program areas.
- **Land Conservation:** Provides land transaction and land conservation services, including land acquisition and disposition, leasing, negotiation of third-party surface use agreements, and real estate administration. Maintains current and historic land records, tracks federal interests in TPWD lands, monitors revenue generation from easements and surface use agreements, resolves boundary conflicts, works with partners such as foundations and non-governmental organizations to achieve priority land conservation goals.
- **Internal Audit:** Reviews and evaluates TPWD's management controls and governance processes for all department operations, performs assurance and management advisory services and facilitates business risk assessments. Serves as the external audit liaison for all audits of TPWD by external audit entities, and for statewide and federal audits. Assists management in coordinating management responses for all external audits.
- **Internal Affairs:** Responsible for internal employee investigations, threat assessments and criminal investigations; coordinates with other law enforcement jurisdictions and provides emergency response services.
- **Intergovernmental Affairs:** Coordinates all activities related to the Legislature, and assists with engagement and interaction with other public officials at the local, state and federal levels.
- **Office of Diversity and Inclusion:** Oversees the Department's diversity and inclusion efforts; works with executive management to set strategic direction for internal and external engagement.
- **Records Management:** Provides records management and retention services for all department records, preservation and protection of records, maintains and certifies the Department's Record Retention Schedule with the Texas State Library and Archives Commission.
- **Executive staff** coordinates all activities related to the Commission, Legislature, agency-wide budget and the Parks and Wildlife Foundation.

# TEXAS PARKS AND WILDLIFE DEPARTMENT

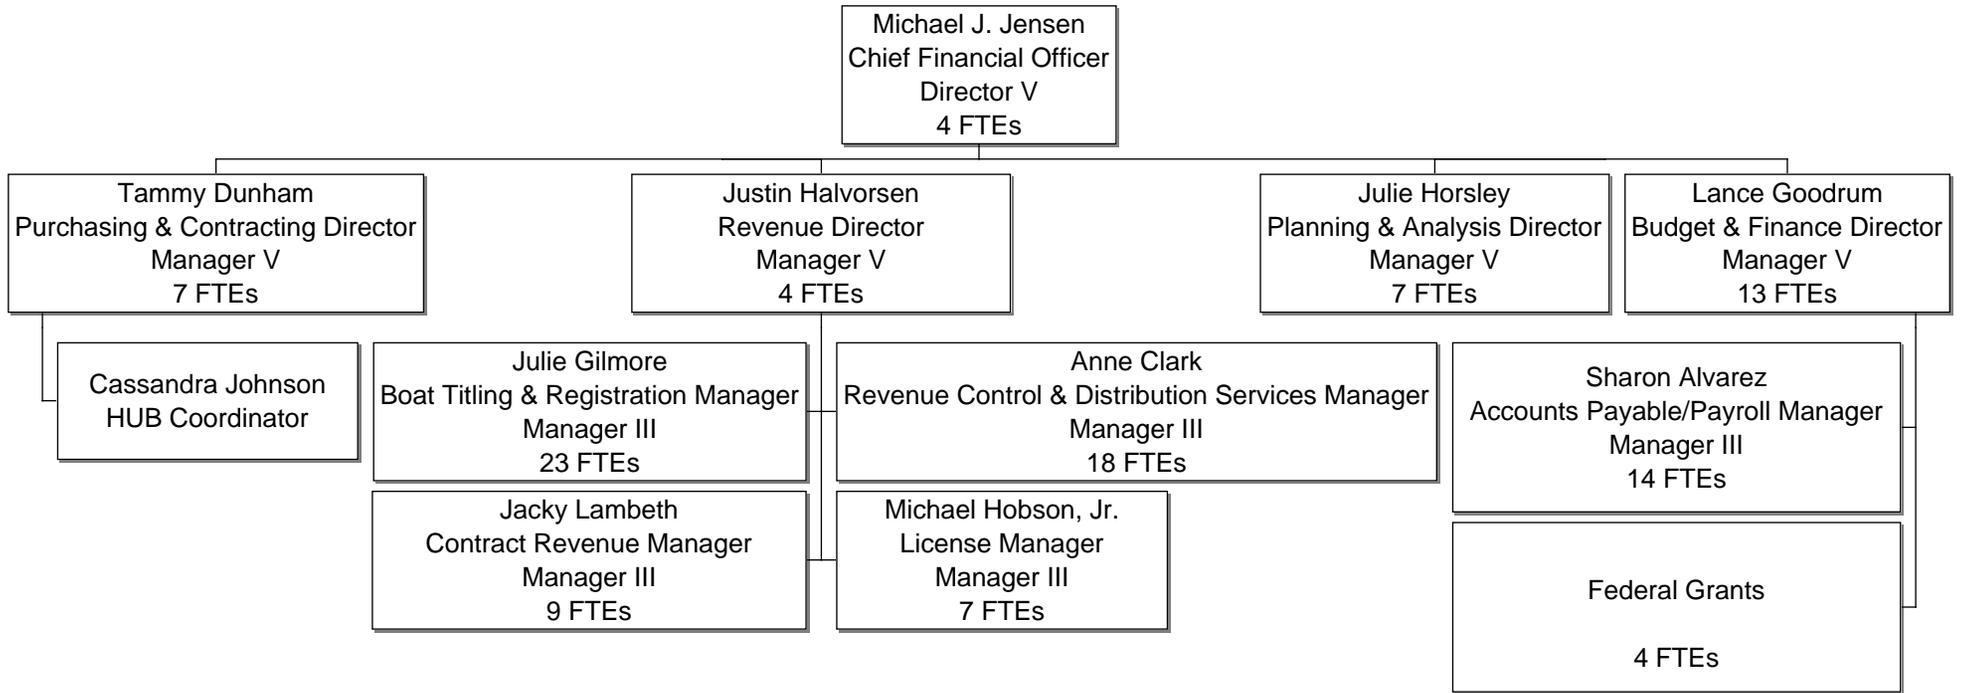

# ADMINISTRATIVE RESOURCES DIVISION

## Functional Responsibilities

- **Budget:** Provide budget preparation and analysis to oversight agencies and TPWD executive management; and provide budget maintenance, support, and research to stakeholders both internal and external. Responsible for developing and managing the LAR, Annual Operating and Capital Budget, Rider reporting, and assistance with fiscal note analysis.
- **Planning, Analysis and Reporting:** Provide support, research, analysis and information to help internal executive management and staff as well as legislative and other oversight offices make informed decisions regarding TPWD programs, fund balances, revenues and other areas. Responsible for the legislative strategic plan (Natural Agenda), business plan analysis, revenue estimating, fund balance analysis, financial report development/design and financial systems maintenance, financial data warehouse architecture, reconciliation services, performance measure system, oversight agency reporting (including LAR), special projects and on-going TPWD analytic training.
- **Grants Administration:** Oversee the fiscal elements of all grants awarded to TPWD. Working in collaboration across divisions, prepare, review and/or approve each stage of grants from application submittal through the final closeout. Responsible for tracking, monitoring, reporting, and seeking reimbursement for a wide variety of federal grants; annually negotiating a federal indirect rate with Department of Interior; coordinating external audit reviews and related corrective actions; overseeing compliance with federal license diversion restrictions; and completing the annual SEFA for the AFR.
- **Accounting:** To accurately, efficiently, and in compliance with GAAP, GASB, State and Federal statutes, rules and regulations manage the following: (a) The processing of, accounting for, and tax notices related to expenditure transactions; (b) accounting and monitoring of the capitalized and controlled assets of the agency; (c) accounting and collection of revenue transactions; (d) general ledger accounting and reporting for the agency and the agency's petty cash accounts and donation reporting and tax notices. Responsible for AP, payroll, property accounting; revenue control, revenue contract accounting, and state park revenue accounting; GL accounting; and preparation and submission of the AFR.
- **Revenue:** Ensure implementation of statutory provisions related to the issuance of hunting and fishing licenses, endorsements and permits and to vessel and outboard motor registration and titling; manage all sales channels, agents, and systems; properly account for all such sales and revenue; and provide outstanding internal and external customer service for all license and boat registration and titling transactions. Responsible for hunting and fishing license issuance and for boat registration and titling issuance.
- **Purchasing and Contracting:** Provide fair and open competition opportunities for procurements using public funds; to standardize procedures agency-wide for efficient, cost-effective procurement; enforce State of Texas purchasing statutes and ethical requirements for purchasing contracts and contract management and the agency's credit card program. Responsible for centralized purchasing and contracting and for administration and promotion of TPWD HUB program.
- **Distribution Services:** Provide outstanding internal and external customer service for three (3) integral services to TPWD operations: shipping/receiving supply service center, outgoing mail services, and the disposition of agency surplus property. Responsible for fulfillment of hunting and fishing licenses, fulfillment of boat registration and titling, and incoming/outgoing mail; and for the reporting, tracking, and disposition of agency surplus property.

**ADMINISTRATIVE RESOURCES DIVISION**

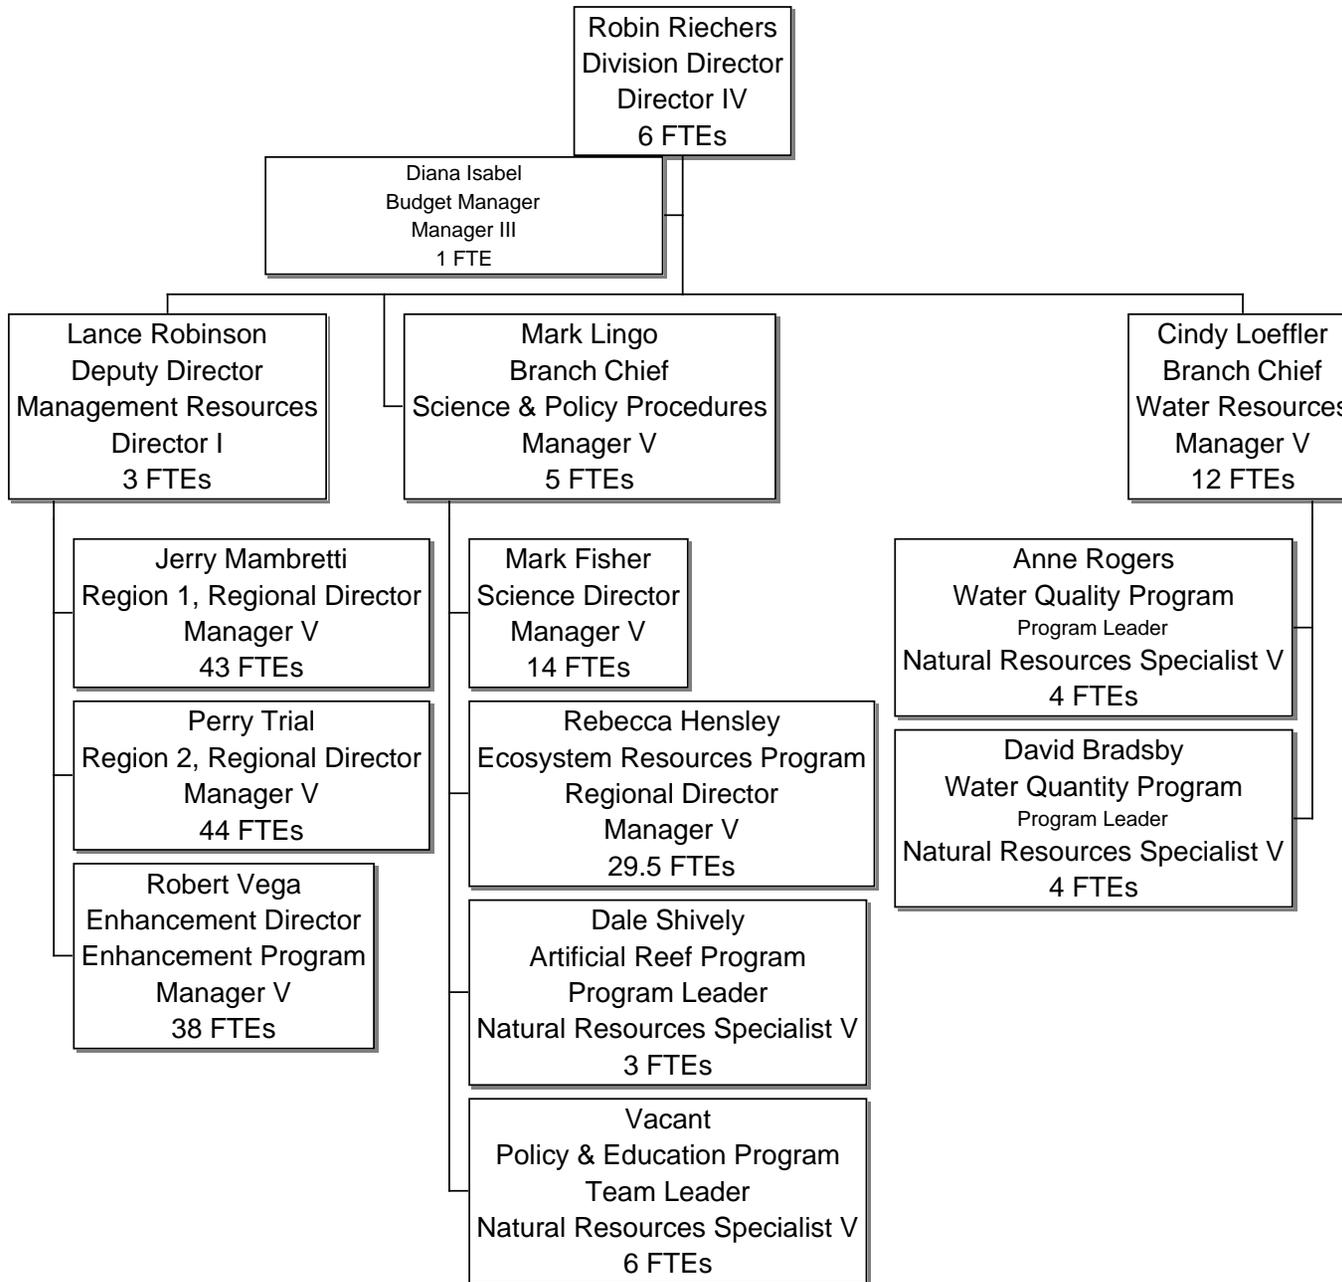

# COASTAL FISHERIES DIVISION

## Functional Responsibilities

- The Coastal Fisheries Division manages the marine fishery resources of Texas' four million acres of saltwater, including the bays and estuaries and out to nine nautical miles in the Gulf of Mexico. Coastal Fisheries management strategies are directed toward optimizing long-term utilization and sustaining fisheries populations at levels that are necessary to ensure replenishable stocks of commercially and recreationally important species.
- The Management Resources Branch monitors and manages marine natural resources for optimal benefit to the State of Texas.
- The Enhancement Hatchery Program produces and stocks marine species in coastal estuaries of the State to enhance economically important recreational fisheries.
- The Science and Policy team is responsible for analyzing and preparing data and information for the division's policies and programs. This team is responsible for geo-spatial modeling and analysis, social and economic analysis, and outreach to fisheries stakeholders. Lastly, this team conducts project management planning and implementation for division programs including the limited entry programs, buyback programs and management of grant processes for the division.
- The Ecosystem Resources Program (ERP) performs investigations and assessments and provides technical guidance/recommendations for avoidance and minimization of coastal impacts. ERP staff interacts with agencies and other stakeholders to review and comment on Section 10/404 permit applications, NEPA documents and other environmental documents. ERP staff also conducts data collection and analysis to better understand and quantify ecosystem functions, including freshwater inflows, water quality, and habitat needs. To increase public awareness of Texas coastal ecosystems, outreach activities (e.g., Coastal Expos) are conducted that target participation of urban youth and minorities.
- The Water Resources Branch represents the Department in water planning and permitting matters statewide to ensure sufficient water quality and quantity to support the needs of fish, wildlife and recreation.

# COASTAL FISHERIES DIVISION

# COMMUNICATIONS DIVISION

## Functional Responsibilities

- Reaching and motivating Texans to responsibly enjoy the outdoors and support TPWD sites and programs.
- Director's Office: Provides strategic direction and counsel for division staff and TPWD leadership on communications-related issues. Staff is also responsible for the preparation and monitoring of the division's operating budget, reporting on performance measures and legislative activities.
- Media Communications Group: Produces a variety of public information products including the *Texas Parks and Wildlife Magazine*, a weekly PBS television series, a daily radio series, and a variety of other video products. This group also produces news releases, video news reports and serves as point of contact for state and national media. In addition, this group manages the Department's social media engagement efforts.
- Outreach and Education Group: Provides statewide outdoor skills and conservation education train-the-trainer programs as well as management of thousands of volunteer instructors. Partnerships with key community groups help introduce new and underserved audiences to the outdoors and participation in TPWD's mission. Train-the-trainer workshops are the agency's primary tie with formal and informal educators. Oversees and implements the state mandated hunter, boater and water safety education programs, and provides hunting incident reports and target range grants. These programs emphasize safe, knowledgeable and responsible participation and meet national standards for reciprocal certifications. Provides Fishing and Aquatic Education, Project WILD suite of educator workshops and, Archery in the Schools program. Provides outreach, such as Get Outside!® and other outreach events, the Becoming an Outdoors Woman outdoor skills workshops, mobile sporting clays, a Community Archery initiative and leadership in the state Children in Nature effort. Efforts focus on participation and wise use of fish and wildlife resources and state parks as a recreational and educational resource.
- Marketing Group: Develops and implements marketing efforts for Department sites, programs, products and initiatives to increase visitation to state parks and other sites, sell hunting and fishing licenses, promote sales of revenue-generating products and programs and increase public awareness of conservation issues such as invasive species. This group also manages nature tourism programs (including Texas Paddling Trails, The Great Texas Wildlife Trails and The Great Texas Birding Classic) and the agency's email marketing efforts. In addition, the group provides expertise in sponsorships, consumer research, database analysis and Hispanic marketing.
- Creative and Interactive Services Group: Administers the Department's website, content management system (Plone) intranet site, mobile app development, other agency websites, social media and web-related policies. The group also manages the Department's publications policy, print design, print and copy services, and photography services.

# HUMAN RESOURCES DIVISION

## Functional Responsibilities

The Human Resources Division supports all divisions with agency policies and practices, recruitment and selection, personnel management, classification, training and development, and employee relations, including:

- Managing employee benefits
- Leave administration
- Job analysis and salary administration
- Classification audits
- Developing and administering policy and procedures
- Ensuring compliance with federal and state labor and employment laws
- Facilitating workforce development and training programs in management, leadership, soft skills, performance excellence, and professional and technical areas
- Overseeing EEOC and ethics compliance, new employee orientation, e-learning, and tuition assistance program
- Measuring job satisfaction and employee engagement
- Employee performance management
- Resolving workplace conflicts
- Investigating reported violations
- Commercial drivers drug testing
- Mother-friendly Workplaces
- Wellness and employee assistance programs
- Workplace safety in compliance with State Office of Risk Management, State Fire Marshal's Office, Texas Commission of Environmental Quality, EPA and OSHA
- Diversity outreach programs
- Agency-wide volunteer program
- Recordkeeping and reporting on human resource metrics and other workforce analytics
- Retirement and service awards
- Employee recognition awards

# HUMAN RESOURCES DIVISION

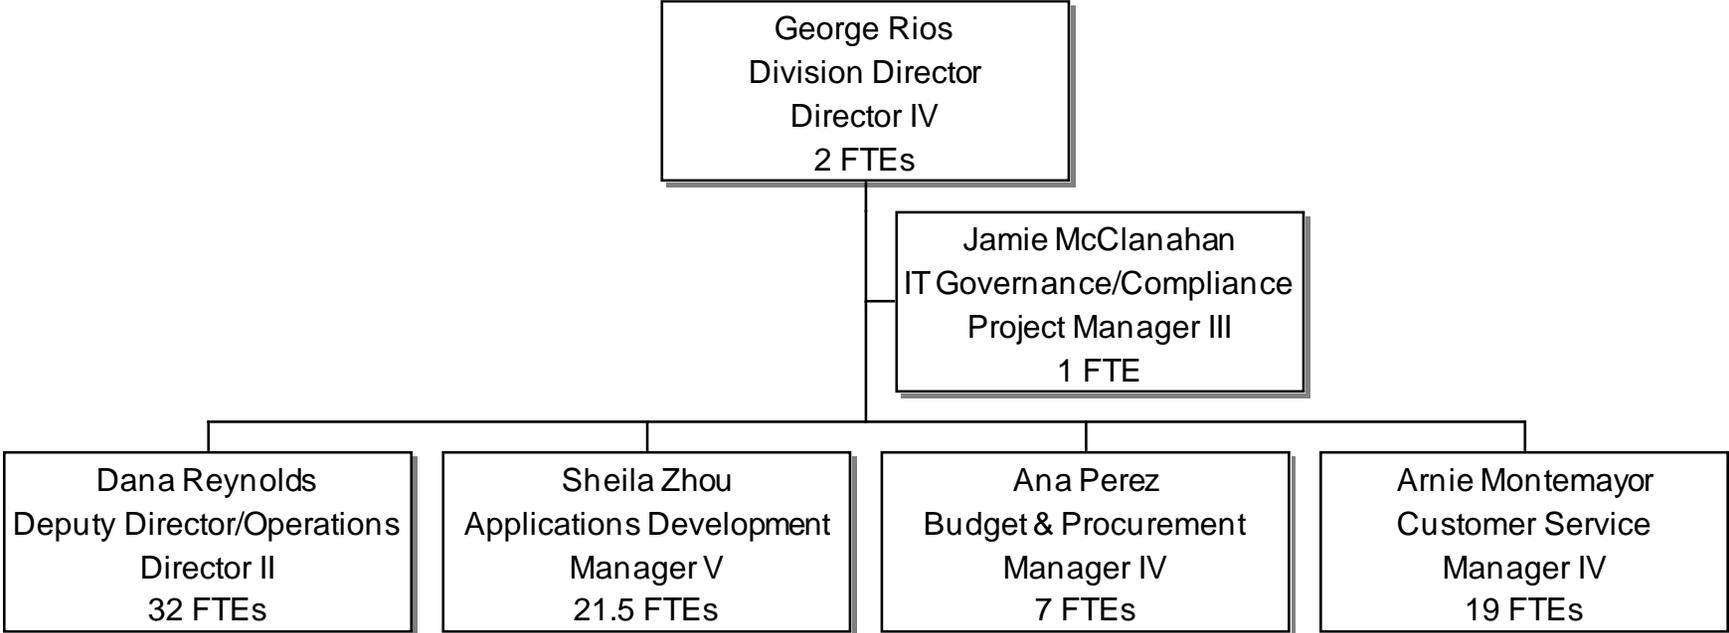

# INFORMATION TECHNOLOGY DIVISION

## Functional Responsibilities

- **Operations:** Responsible for supporting, maintaining and upgrading network infrastructure and telecommunications services throughout the state. Provides safe and secure access to agency resources in support of the agency mission. Works strategically to take advantage of solutions to enhance security and work within the framework of evolving technology to modernize systems.
- **Applications Development:** Works with business partners to develop and publish custom applications to modernize and improve agency business processes. Partners with divisions to modernize existing systems and develop new applications to ensure seamless business processes for internal and external customers. Continually seeks to improve and upgrade existing applications to meet agency needs.
- **Budget and Procurement:** Manages the IT capital budget. Administers IT procurement for the agency and ensures compliance with state oversight entities. Works with stakeholders on legislative requests and related initiatives. Offers guidance and management on technology contracts to ensure products are secure and meet all technology standards while meeting the customers' needs.
- **Customer Services:** Provides staff technology assistance in support of agency initiatives. The Help Desk, Desktop Support, Park Support and Mobile Technology teams provide hands on assistance for agency hardware and software products. Upgrades hardware and software when the opportunity is available and introduces and supports new technology to meet business needs.
- **IT Governance/ Compliance:** Works with executive management on project prioritization, strategic direction and compliance. Establishes the agency priority on business initiative requests to support modernization of legacy systems and oversees that systems developed, or brought in through procurement vendor partnerships are upholding security standards, meeting intended goals, alleviating risks, meeting agency business initiatives and providing improved opportunities to reach or provide information to our constituents at a minimum.

# INFORMATION TECHNOLOGY DIVISION

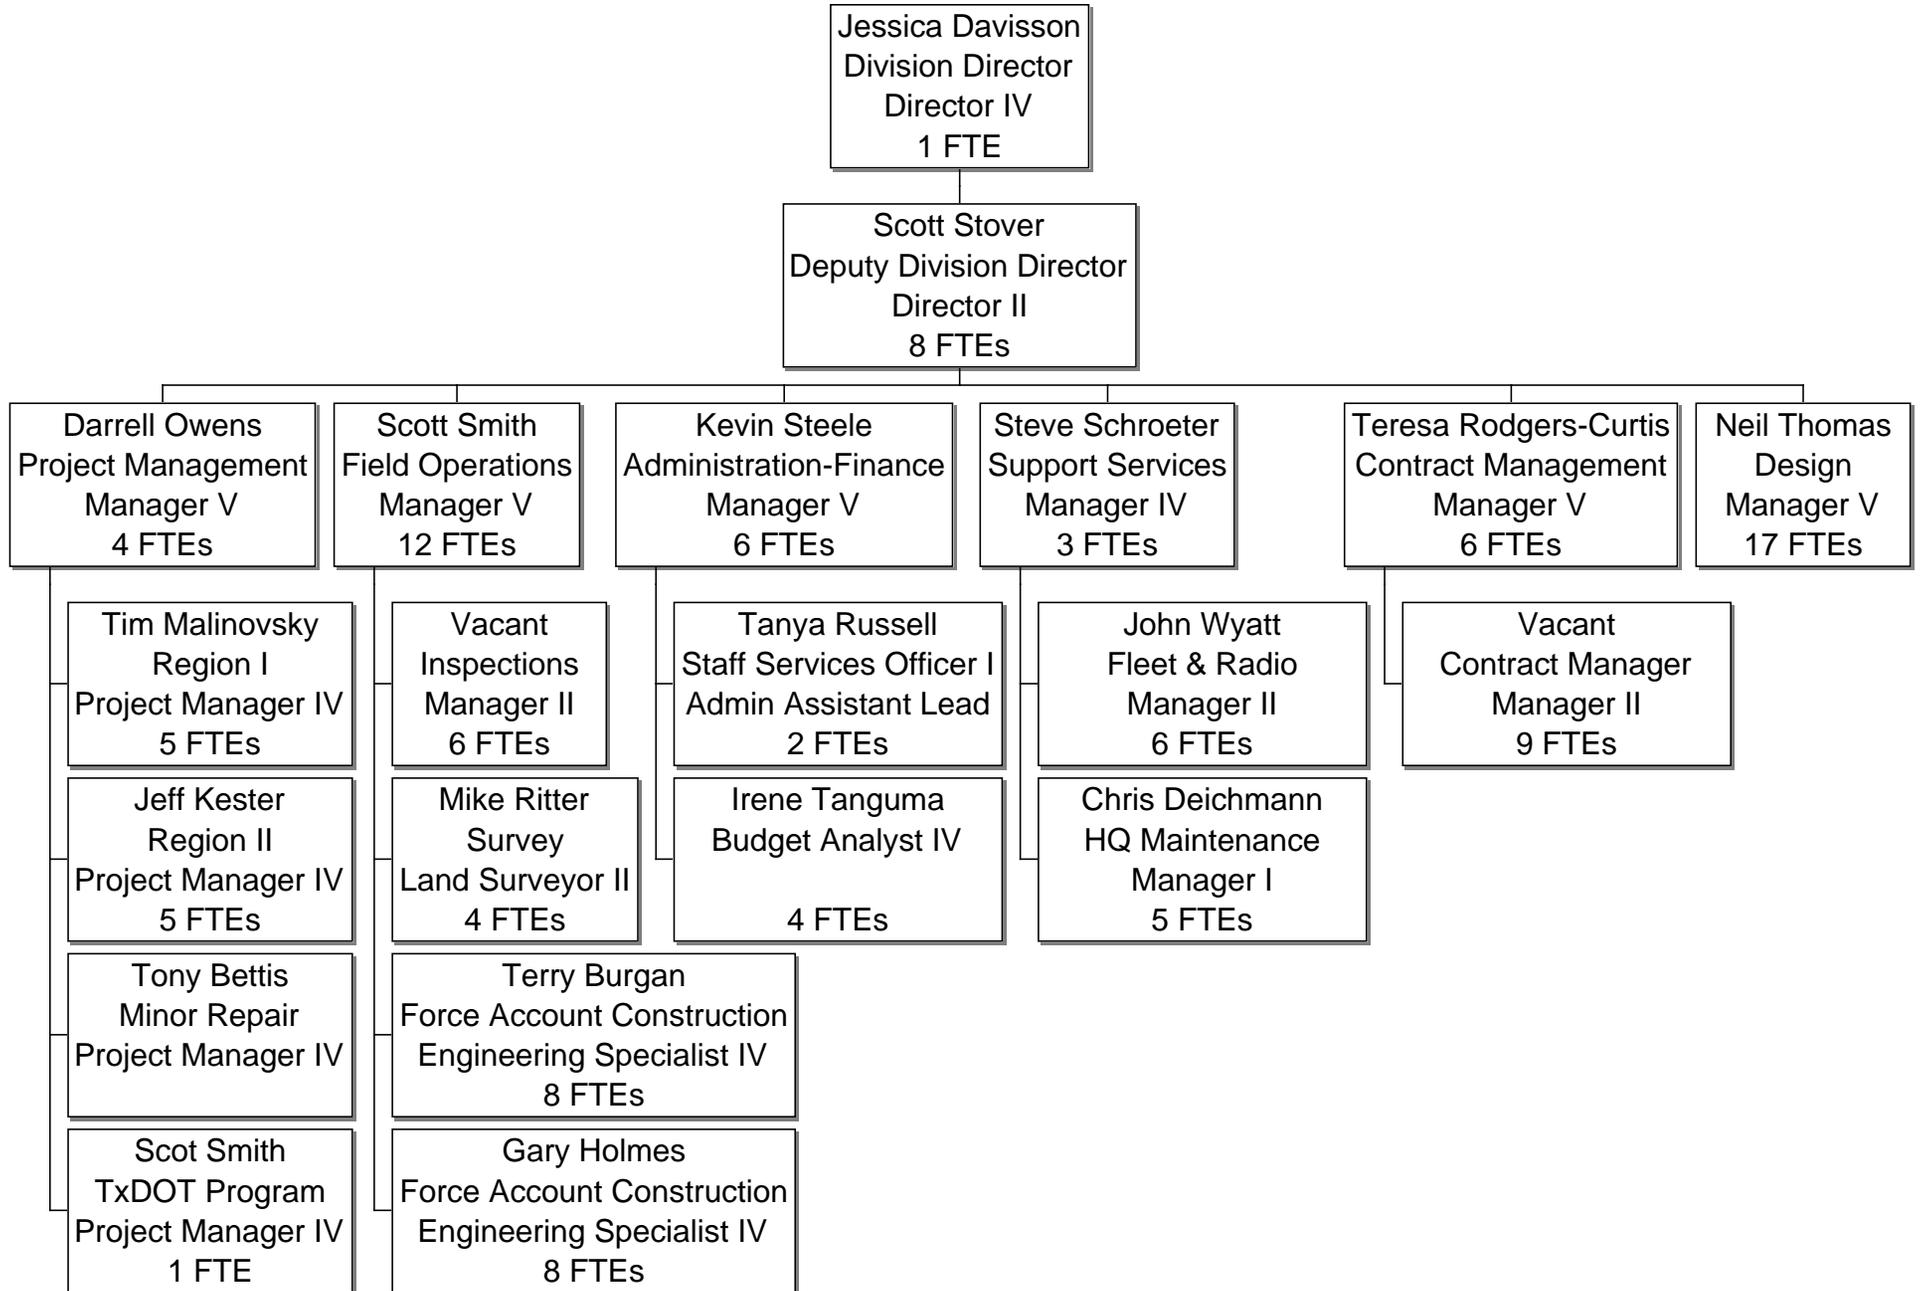

# INFRASTRUCTURE DIVISION

## Functional Responsibilities

- Manage the Department capital construction program.
- Provide procurement and contract management for construction services contracts.
- Provide sound fiscal oversight necessary to manage the financial aspects of Department's capital construction program.
- Provide field-based construction related services to perform and oversee the Department's construction programs.
- Provide professional Architectural and Engineering services in support of the Department's funded facilities, operations and repair projects, including architectural, landscape architectural, civil engineering, structural engineering, mechanical engineering, and electrical engineering.
- Provide secure and comprehensive records management of capital construction documentation.
- Manage the Department headquarters facility complex building, grounds, and infrastructure.
- Manage the Department fleet management program.
- Manage the Department radio management program.
- Manage the Department risk management program.
- Provide professional design services to the Department for conserving natural resources, including sustainable buildings and sites.
- Provide energy management support for the Department.
- Provide the Department-wide capital construction project identification and ranking system.

# INFRASTRUCTURE DIVISION

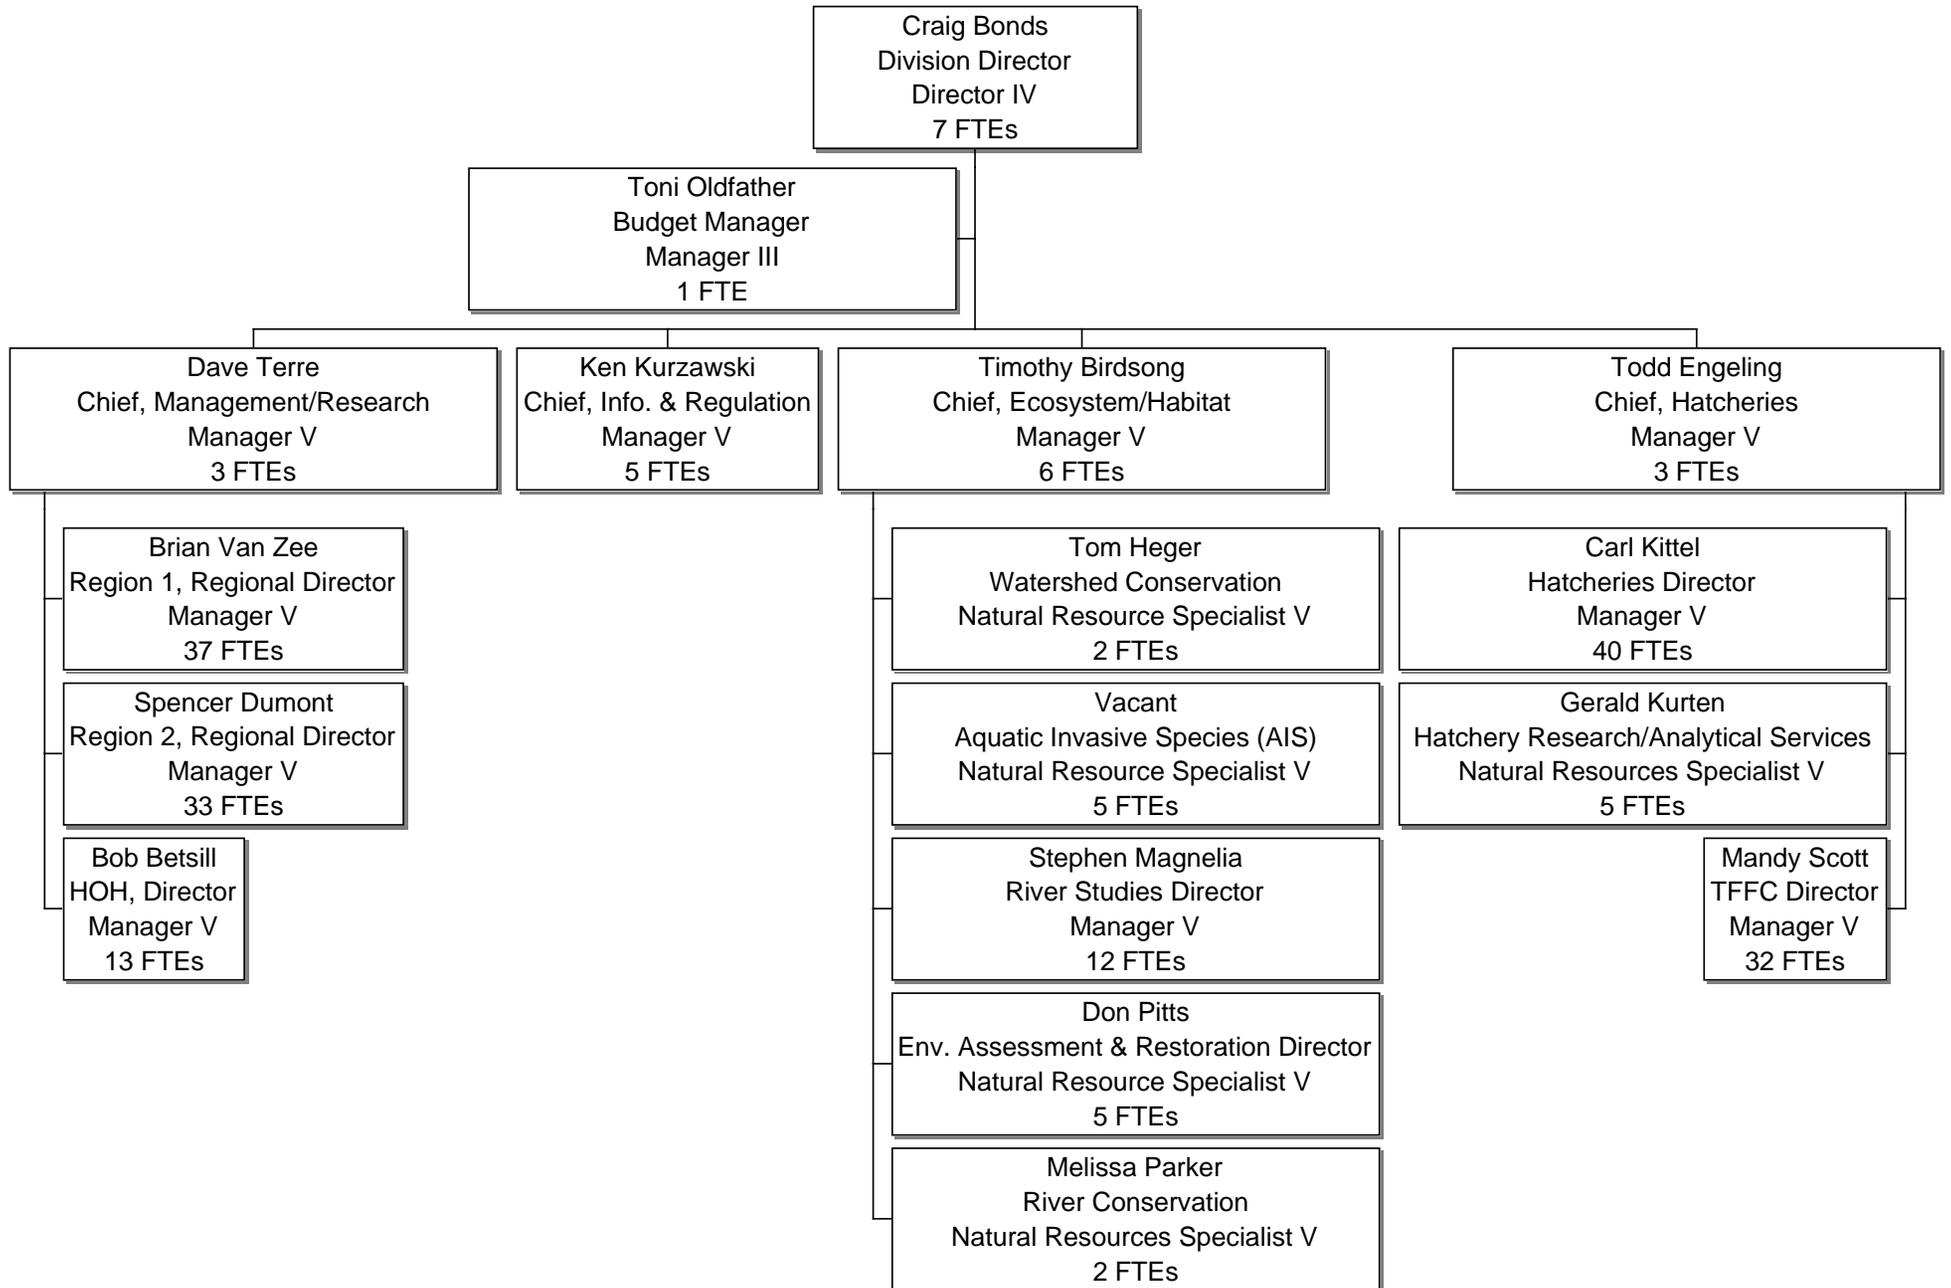

# INLAND FISHERIES DIVISION

## Functional Responsibilities

- The Inland Fisheries Division is responsible for managing and protecting the state's diverse freshwater fisheries resources. The goal of this management is to provide the best possible angling while protecting and enhancing freshwater aquatic resources.
- Management and Research: Develops plans and conducts applied management activities for all freshwater impoundments, rivers, and streams and to provide scientifically sound information leading to the understanding and management of aquatic resources, their production, status and utilization.
- Habitat Conservation: Responsibilities include a broad range of natural resource issues including: watershed protection and restoration; instream flow science; native species conservation; management of aquatic invasive species; harmful algal blooms monitoring and research; environmental response, damage assessment, and restoration; and a variety of other topics affecting the health of Texas fisheries, their habitats, and other aquatic resources.
- Hatcheries: Provide functional support for fisheries management and are tools for creating, enhancing and maintaining fish populations in Texas public waters. Stocked fish are used to increase species diversity and angler opportunities, and restore fish populations that have been decimated or reduced due to natural or man-made influences.
- Texas Freshwater Fisheries Center: A multipurpose facility that provides educational experiences to the public while also producing millions of fish annually to meet the stocking needs of fisheries managers. Also serves as headquarters for the Toyota ShareLunker program.
- Analytical Services: Serves a unique function in support of divisional, interdivisional, and interagency programs by providing state-of-the-science analyses of water quality, fish pathology, and genetics.
- Information and Regulations: Works to ensure the regulatory basis of proposed regulations, provides data analysis expertise for assessments of relevant data, provide general information to the public including fishing and river access information, and provides administrative support to the division.

# INLAND FISHERIES DIVISION

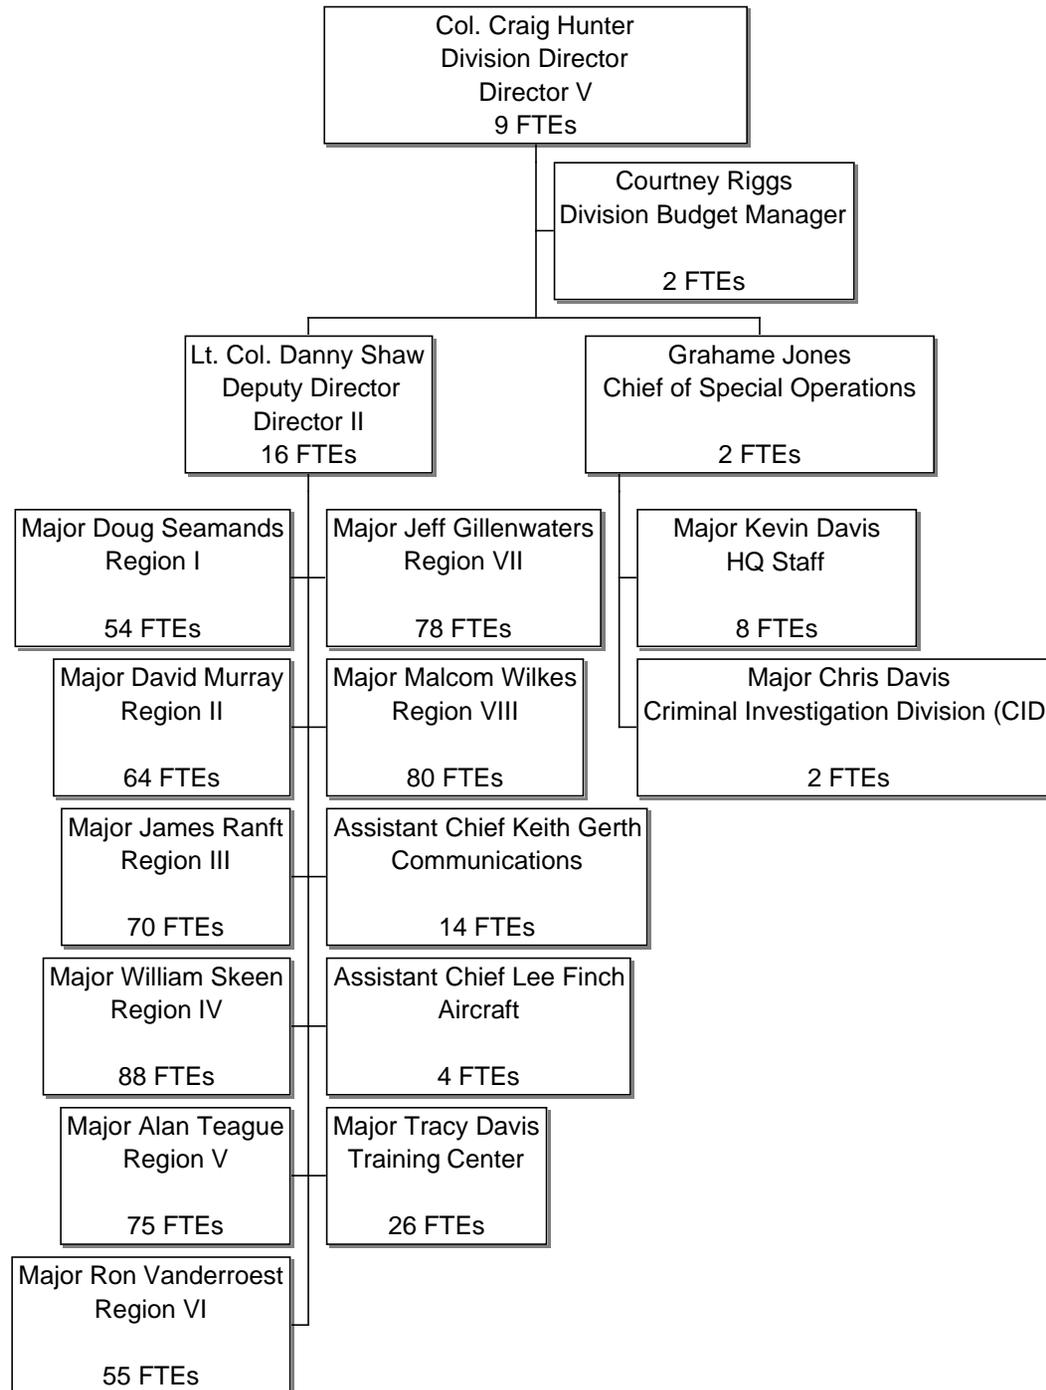

# LAW ENFORCEMENT DIVISION

## Functional Responsibilities

- The Law Enforcement Division provides a comprehensive statewide law enforcement program to protect Texas' wildlife, other natural resources, and the environment.
- The division also provides safe boating and recreational water safety on public waters by ensuring compliance with applicable state laws and regulations.
- Texas Game Wardens are responsible for enforcement of the Parks and Wildlife Code, all TPWD regulations, the Texas Penal Code and selected statutes and regulations applicable to clean air and water, hazardous materials and human health.
- The Special Operations Unit assists the Law Enforcement Division in accomplishing the Department's mission through the investigation and apprehension of those who violate the natural resource laws of this state, utilizing both overt and covert strategies.
- Educate the public about various laws and regulations.
- Prevent violations by conducting high visibility patrols, and apprehending and arresting violators.
- The 24-7 Operation Game Thief (wildlife, fishing and water safety crime stoppers) provides citizens with a toll-free number to report poaching and other violations.

# LAW ENFORCEMENT DIVISION

## LEGAL DIVISION

### Functional Responsibilities

- The Legal Division provides legal advice and assistance to department staff and the Texas Parks and Wildlife Commission regarding matters within the department's authority, such as water quality, water rights, fish and wildlife law, criminal law, employment law, contract law, administrative law, and open government law. The Legal Division also represents the department in administrative legal proceedings and assists the Attorney General's office in litigation involving the department. In addition, Legal Division attorneys coordinate responses to requests for information under the Texas Public Information Act, review and draft agreements involving TPWD, and assist staff in other divisions and the Executive Office with rulemaking.

## LEGAL DIVISION

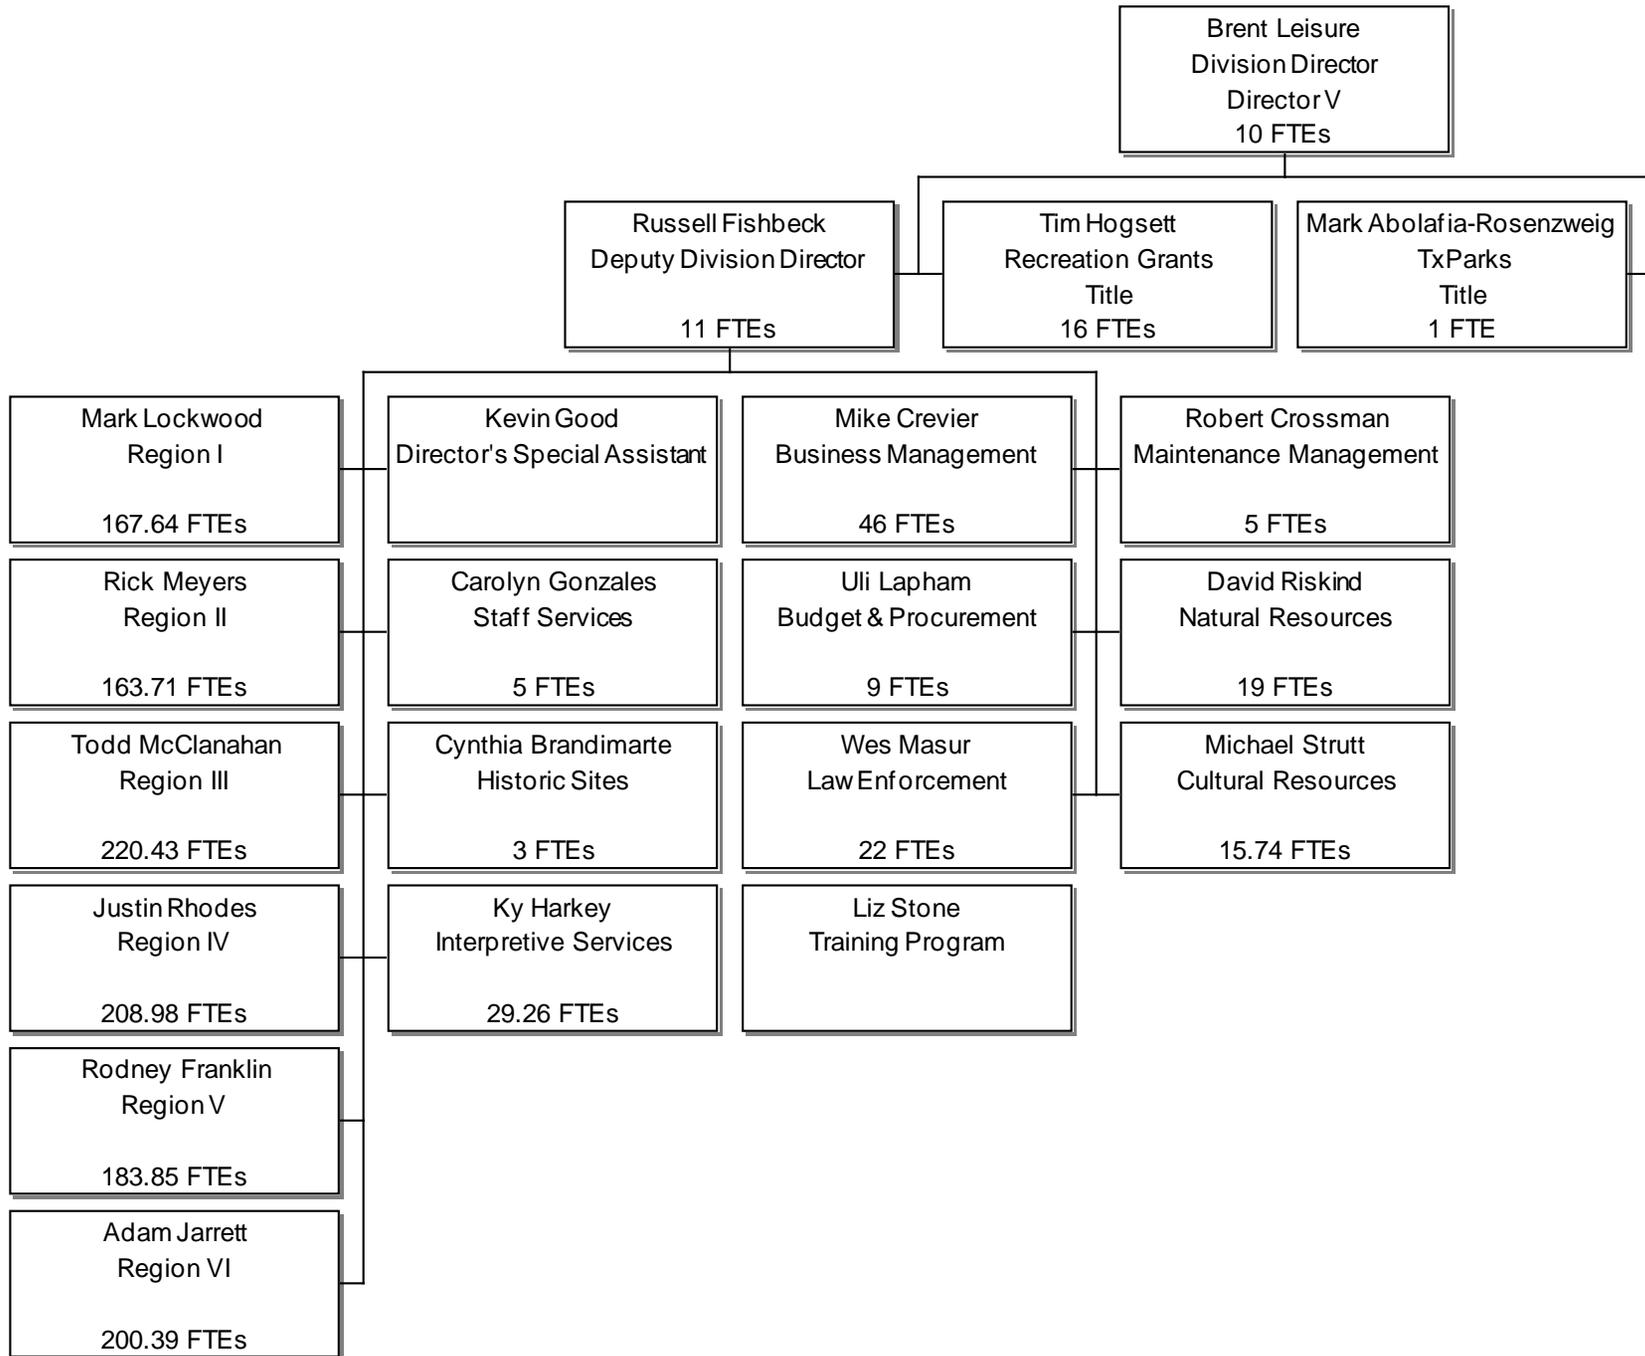

Ann Bright  
Division Director  
General Counsel IV  
10 FTEs

# STATE PARKS DIVISION

## Functional Responsibilities

- **Staff Services & Administration:** Maintains a mission-focused, professional, diverse, and engaged workforce with positive and productive workplaces. Ensures utilization of best employment practices through policy administration, performance and conduct management, and training and resource material. Assists with legislative tracking and reporting, policy development and administration, Commission meeting coordination, and program services. Oversight of division internship and volunteer programs, recruiting and retention, classification and compensation plans, and park housing.
- **Training & Staff Development:** Oversees State Parks' staff development and training initiatives. Serves as Division training coordinators and liaison for State Parks' staff participation in TPWD and external training and development. Assesses, develops, implements and evaluates State Parks' specific training programs.
- **Business Management & Development:** Administers business management and revenue development through revenue resource identification, oversight and compliance of park fees, staff retail and rental operations, hospitality management, customer services, group, special event and commercial partnership management and development and oversight of leased concession operations, park literature and promotions & park system passes. Oversees customer contact center, TPWD operator/information, State Park Information Technology automation oversight.
- **Budget, Procurement & Contracts:** Prepares and manages division budget, procurement & contracts management and oversight.
- **Natural Resources:** Oversees State Parks Natural Resource operations. Provides guidance to parks for compliance with federal and state regulations in regards to natural resources protection & development; wildlife, natural resources management and stewardship, geospatial resources and park planning, wildland fire program, and lead on management for mitigation of third party impacts on state parkland.
- **Cultural Resources:** Oversees parks and historic sites cultural resources. Provides guidance to parks and sites for compliance with federal and state antiquities and historic preservation laws; conducts archeological surveys, writes monitoring and management plans and curates artifacts and architectural samples.
- **Historic Sites & Structures:** Conducts historic inventories and assessments. Provides guidance to parks for compliance with federal and state regulation in regards to historic preservation.
- **Interpretive Services:** Oversees parks interpretation/education programs, training and evaluation of approximately 80 field-based park interpreters. Responsible for parks educational literature (maps, field guides and brochures) web based media, exhibits, collections, wayside signs and interpretive master plans as well as statewide outdoor education and outreach programs (Texas Outdoor Family and Texas Buffalo Soldiers Program) which supports increased visitation to State Parks.
- **Law Enforcement:** Responsible for the overall safety, security and protection of State Parks, its visitors and resources. Provides oversight and training of approximately 185 State Park Police Officers and regional coordinators. Partners with other federal, state, and local law enforcement agencies.
- **Facilities Maintenance Management:** Oversees minor repair, capital repairs, facilities & equipment tracking, TCEQ compliance, park safety oversight, information management system oversight.
- **Recreation Grants:** Administers grant assistance programs providing local governments and non-profit entities grants for acquisition and development of local parks, boat access and recreation trail (motorized and non-motorized) opportunities. Administers grants providing assistance to introduce underserved populations to outdoor experiences. Administers grants providing funds for land acquisition and development in Texas State Parks. The branch administers a total of 10 grant programs providing for these opportunities. Plans and develops recreation trails in Texas State Parks. Services include technical assistance, grants administration and financial management, compliance with state and federal laws, and administrative requirements and post completion compliance oversight.

# WILDLIFE DIVISION

## Functional Responsibilities

- **Regional Programs:** The four regional divisions provide operational support to ensure the efficient working of Wildlife programs, such as technical assistance to landowners and the general public. The four regions also operate 47 Wildlife Management Areas encompassing over 714,000 acres of land. The Wildlife Division utilizes the Wildlife Management Areas for research on wildlife populations and habitat, conducting education on resource management, and providing public hunting, hiking, and other recreational opportunities.
- **Big Game and Permitting:** The Big Game program coordinates surveys and research projects to understand the life history, habitat requirements, restoration, and management responsibilities for big game in Texas. The Permit program offers various permits affording landowners and managers more flexibility to meet their management needs.
- **Private Lands and Public Hunting:** The Private Lands program provides private landowners with assistance, financial support and recognition for conservation efforts through agency staff and federal or other outside resources. Federal Farm Bill coordination and administration of the Texas Landowner Incentive Program are big parts of the Private Lands Program's efforts to assist landowners. The Public Hunting program supports and administers public hunting opportunities on TPWD-owned and leased private lands. The program also administers Big Time Texas Hunts, a revenue-generating program for the Division, and supports the partnership with Texas Wildlife Association for implementation of the Texas Youth Hunting Program.
- **Small Game:** The Small Game program is responsible for both resident and migratory game bird species as well as habitat conservation associated with unique Joint Ventures and Landscape Conservation Cooperatives within Texas and across the country. Migratory bird management requires coordination for population, harvest and habitat surveys as well as regulatory issues at the state, national and international levels since these resources are shared between the United States, Canada, and Mexico. Monitoring and biological recommendations are developed using current research to establish habitat conservation objects and regulations that meet the needs of resident game birds in Texas.
- **Wildlife Diversity:** This program works to improve the conservation of nongame, rare, and urban wildlife in Texas, including conservation for threatened and endangered species. A large part of this program's conservation involves wildlife research. The Outreach program develops awareness of the conservation of Texas' wildlife resources through "citizen science" and "hands-on" activities. The Habitat Assessment program reviews proposed development projects that affect the state's wildlife resources and associated ecosystems and provides comments and recommendations to protect these resources.
- **Wildlife Deputy Director:** The Federal Aid Program, Wildlife Research Program, budget and financial reporting, purchasing, and division personnel records and coordination are under the Division Deputy Director. The Federal Aid Program administers and coordinates actions required to qualify department activities for federal grant reimbursement. The Wildlife Research Program coordinates review of research proposals, and compiles survey data to identify wildlife population trends and hunting constituents' interests.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

TPWD is the state agency primarily responsible for protecting and managing the state’s fish and wildlife resources. This strategy request includes funds needed to manage and conserve the state’s wildlife resources and habitats. Major programs funded through this strategy include the Big Game, Small Game, and Wildlife Diversity programs. These programs provide recommendations for the regulation and management of big game species (including white-tailed deer, mule deer, pronghorn, and desert bighorn sheep), small game species (including upland and migratory game birds) and non-game, endangered, threatened and rare species. Other activities conducted in support of wildlife conservation and management include management and operation of TPWD’s wildlife management areas, conducting population and harvest surveys, collaborating with universities to conduct wildlife research, issuing permits to take and hold captive wildlife, developing and managing wetlands and other habitats, and assessing the impact of development projects on wildlife and associated habitat. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, 12.013, Chapter 43, 44, 45, 49, 61, 62, 64, 65, 67, 68, 71, 81 and 83.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

**802 Parks and Wildlife Department**

GOAL: 1 Conserve Fish, Wildlife, and Natural Resources  
 OBJECTIVE: 1 Conserve Wildlife and Ensure Quality Hunting Service Categories:  
 STRATEGY: 1 Wildlife Conservation, Habitat Management, and Research Service: 37 Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Population growth, changing land uses, periodic drought, invasive species, wildlife diseases and habitat fragmentation are placing increased pressure on the state’s natural resources and diminish wildlife habitat and diversity. Rare and endangered species continue to be an important area of focus for the Texas Comptroller’s Office and the U.S. Fish and Wildlife Service, resulting in increased demand for information and conservation despite potential reductions in associated federal funds. Recent incidence of Chronic Wasting Disease in deer breeding facilities led TPWD to create a management plan and update regulations to monitor and prevent the outbreak of the disease. Continued funding is essential for wildlife conservation and management efforts to maintain and improve wildlife populations and habitats given these pressures.

Funding is derived largely from hunting license and stamp revenues deposited into the Game, Fish and Water Safety Account (009). Migratory and upland game bird stamp revenues are statutorily restricted for research, management, protection and other activities to address the needs of migratory and upland game birds in Texas. The major source of federal grants is provided by the Wildlife Restoration Act of 1937. In recent years, there has been an increase in these federal grants due to increased national sales of firearms and ammunition. A state match is required for receipt of these and other federal funding sources. Federal statutes prohibit the diversion of state and federal wildlife funds for other uses.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

TPWD administers a number of programs that provide technical guidance, assistance, and information to private landowners and the public. In a state that is 95 percent privately owned or managed, these programs are vital in helping TPWD achieve its overall wildlife and habitat conservation goals, as they enlist the support of private landowners and inform/educate the public about wildlife and habitat conservation.

The Private Lands and Public Hunting program provides free technical assistance to private landowners and land managers interested in implementing voluntary conservation, enhancement or development of wildlife habitat, and improvement of population management practices through a written wildlife management plan. Currently, over 8,700 landowners on almost 30 million acres are provided this service, which is about 18% of the entire land acreage in the state. Cost-share assistance is primarily based on federal funds, in cooperation with USDA Farm Bill programs and the Landowner Incentive Program. Other examples of activities within this strategy include staff support to landowner organizations such as wildlife management and prescribed burn associations, and recognition for excellence in private land stewardship through the Lone Star Land Steward Awards program. This strategy is authorized under the Parks and Wildlife Code, including but not limited to §11.0181, 12.025 and Chapter 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

The majority of Texas’ natural and cultural resources are on private lands. TPWD’s ability to manage and conserve wildlife and the habitats upon which they depend, and to provide outdoor recreational opportunities, is tied directly to the strength of partnerships with private landowners. As such, it is imperative that TPWD continue to work closely with private landowners to initiate programs and practices that reduce fragmentation, improve habitats, and manage a diversity of wildlife populations, including nongame and endangered species.

Landowner interest and demand for the Managed Lands Deer Permit (MLDP) program have rapidly increased over the last decade. As a result, the number of acres covered by the program, as well as the number of ranchers served have more than doubled since 2005. Between this increased scope, increases in general technical assistance and preparing wildlife management plans, as well as demands related to Chronic Wasting Disease detection and containment, TPWD biologist workload has increased significantly. The number of biologists providing these services has remained constant since 2000.

Funding in this strategy is derived primarily from the Wildlife Restoration Act, a federal source of funding since 1937. A state match, provided from hunting license and stamp revenues, is required for receipt of these and other federal funding sources. Federal statutes prohibit the diversion of state and federal wildlife funds for other uses.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy includes funding for TPWD programs aimed at enhancing public hunting and other wildlife related recreation opportunities. The Annual Public Hunting Permit provides walk-in hunting opportunities on TPWD owned and leased lands, including short-term leases for dove and other small game. The Public Hunt Drawing system, now accessible online, provides opportunities to apply for a variety of supervised, drawn hunts on state owned lands and leased private properties. Big Time Texas Hunt drawings provide the opportunity to participate in guided package hunts for quality native and non-native animals on TPWD lands and leased private properties. Department staff annually review hunting regulations and propose modifications to increase or enhance hunting opportunity within biological constraints. TPWD partners with a number of organizations to provide youth hunting opportunities and additional wildlife related recreational activities such as wildlife and paddling trails. Relevant statutory citations include Parks and Wildlife Code §11.0181, 11.033, Chapter 61, 62, and 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Although the total number of hunters in Texas is relatively stable, as a group, hunters are becoming a smaller percent of the overall population. Factors contributing to the decline include sufficient access to affordable hunting areas, lack of recruitment from younger generations, competition with a multitude of other activities and a cultural shift from rural to urban constituencies. TPWD recognizes the need to introduce/recruit new hunters, including youth, women and minorities, and has developed programs to address this important issue. If the number of hunters declines, license dollars will decrease, making it difficult for the agency to fulfill its mission of wildlife conservation and management.

Funding for this strategy is derived primarily from the sale of various hunting licenses and stamp fees deposited in the Game, Fish and Water Safety Account. To ensure that hunters remain supportive of TPWD programs and additional hunters are recruited, quality hunting opportunities must be affordable and readily accessible. Federal funds provided by the Federal Wildlife Restoration Act support most of the maintenance and operations of 49 wildlife management areas on over 720,000 acres that form the core of the public hunting program. Again, state match is required for receipt of these funds and federal statutes prohibit diversion of hunting license fees for purposes other than administration of the state fish and wildlife agency.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy requests funds necessary to manage and conserve the state’s freshwater fisheries, their habitats, and other aquatic resources. Fisheries are managed by conducting surveys to accurately assess fish population dynamics and angling trends; proposing and applying regulations, habitat improvements, and fish stocking to maintain and enhance quality fish populations and angler satisfaction; providing outreach; and conducting research to ensure management practices are efficient, effective, and grounded in the best available science. Other aquatic resource conservation activities include technical support for watershed conservation initiatives; in-stream flow and water quality studies; habitat surveys and assessments; invasive species management; contaminant investigations; fish kill and pollution events assessments; ecological risk assessments for waste sites undergoing clean-up; permitting sand, shell, gravel, and marl removal projects in navigable streams; and assessing aquatic resource impacts of projects permitted under state and federal regulatory programs. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 11.082, 11.084, 12.001, 12.010, 12.015, 12.024, 12.301-12.303, Chapter 47, 61, 66 and 86, as well as the Water Code, Natural Resources Code and Texas Administrative Code.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

A large portion of funding for this strategy is derived from license/stamp proceeds deposited into the Game, Fish & Water Safety Account (009). To ensure this continues to be a stable source of funding, the department must provide quality fishing opportunities for the public. Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, also comprise a large portion of funding for this strategy. State match is required & federal statutes prohibit diversion of license fees for purposes other than administration of the state fish & wildlife agency.

Other factors impacting this strategy include weather conditions such as flooding and drought, and excessive blooms of golden algae, which are toxic to fish. Loss of fish habitat and angler access due to weather conditions (especially drought), changes in water control structures, inflow rerouting, water diversion, reservoir aging, development, pollution, and changes or disturbances to aquatic habitats also pose a significant challenge to conservation efforts.

Threats posed by exotic/nuisance aquatic species, such as giant salvinia, water hyacinth and zebra mussels, continue to be a concern as new cases and species have been confirmed in Texas waterways. These species, which often grow rapidly, can displace more beneficial native species, limit recreational access, restrict flow rates, harm fish and wildlife, and negatively impact economic growth/development.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Inland hatchery operations provide fish for put-take as well as put-grow-take fisheries, supplement natural fish populations, and stock fish to ensure genetic health and trophy potential of some fish populations. The Inland Fisheries Division operates five freshwater fish hatcheries located in San Marcos (A.E. Wood FH), Brookeland (John D. Parker East Texas State FH), Electra (Dundee FH), Graford (Possum Kingdom FH) and Athens (Texas Freshwater Fisheries Center). This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, and Chapter 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The department’s freshwater fish hatcheries require periodic maintenance, renovation and upgrades to continue to operate efficiently and meet the needs of sportsmen. House Bill 1989, passed by the 78th Legislature, established a new freshwater fishing stamp and dedicated the receipts from the stamp to the repair, maintenance, renovation and replacement of freshwater fish hatcheries or the purchase of game fish for stocking in the public waters of the state.

Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, comprise a portion of funding for this strategy. State match is required for receipt of these funds, and federal statutes prohibit diversion of license fees for purposes other than administration of the state fish and wildlife agency. This strategy is also impacted by drought. Operations at the Dundee Fish Hatchery were suspended between 2012 and 2016, due to low water levels at Lake Kemp. The hatchery is currently operating at a limited capacity.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy request includes funds necessary to implement coastal fisheries management and habitat conservation efforts aimed at maintaining, protecting, restoring and enhancing the state’s marine fisheries resources and aquatic ecosystems. The data collection programs and research activities that support management are designed to sustain harvest at levels that will ensure replenishable stocks of recreationally and commercially important species and provide for balanced food webs within the ecosystems. Activities and programs conducted to accomplish these management goals include annual status assessments of finfish, shrimp, crab and oyster populations and associated environmental conditions; stock identification and research activities; construction and design of artificial reefs; and active participation in the Gulf of Mexico Fishery Management Council, the Gulf States Marine Fisheries Commission, and other multi-jurisdictional entities to help ensure a coordinated approach to protection of fisheries resources. This strategy also includes efforts related to the Water Quantity and Water Quality Programs, wetland protection and restoration, review and recommendations regarding wetland and navigable water permits and projects, and development of freshwater inflow recommendations for estuaries.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, 12.0011, 12.015, 12.024, Chapter 47, 61, 66, 76, 77, 78, 79, 83, and 91; and provisions of the Texas Water Code and Agriculture Code.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

A large portion of funding for this strategy is derived from license and stamp proceeds deposited into the Game, Fish and Water Safety Account (009). To ensure this continues to be a stable and reliable source of funding, the department must continue to provide quality fishing opportunities for the public. Saltwater stamp revenues are statutorily restricted for coastal fisheries enforcement and management activities. Authority from this and other dedicated sources will be needed to allow the department to maintain and/or enhance coastal fisheries programs and ensure that funds are being used for their intended purposes and in accordance with expectations of fee-paying constituents. Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, also comprise a large portion of funding for this strategy. State match is required for receipt of these funds, and federal statutes prohibit diversion of license fees for purposes other than administration of the state fish and wildlife agency.

Other factors impacting this strategy include weather conditions such as flooding and drought, red tide and other noxious algal blooms. Loss of habitat due to water control structures, inflow rerouting, trawling, and development also pose a significant challenge to conservation efforts.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Coastal hatchery operations stock fish in public waters for anglers’ recreational enjoyment and the fishing industry's economic benefit. The hatcheries maintain and enhance existing fish stocks in selected marine habitats while continuously evaluating the impact of fish stocking on resident populations and fishing success. The Coastal Fisheries Division operates marine fish hatcheries in Corpus Christi (Marine Development Center), Lake Jackson (Sea Center Texas) and Palacios (Perry R. Bass Marine Fisheries Research Station). This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 12.001, and Chapter 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Factors impacting activities in this strategy include weather conditions such as freezing temperatures, floods and drought, red and brown tide events, and extended loss of power as a result of hurricane damage or other events, which affect water quality and in turn, fingerling production levels. In addition, ongoing maintenance and repairs are necessary to keep hatcheries operational. The timing and extent of maintenance and repair work can also impact fingerling production.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy request includes funding to operate and maintain state parks, historic sites and state natural areas, including protecting and informing visitors of the natural and cultural resources on state park properties and providing recreational opportunities for the general public now and in the future. Field and program staff implement State Park programs and projects; manage cultural and natural resources; provide interpretive programs, services and exhibits that tell the story and explain the significance of each site; provide voluntary compliance and enforcement actions to provide a safe, secure environment for visitors; and ensure the delivery of customer, business, and recreational program services.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, and Chapters 13, 21 and 22; as well as portions of the Tax Code related to disposition of sporting goods sales tax proceeds (§151.801).

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Extreme heat, drought, floods, storms and funding available for maintenance affect TPWD’s ability to keep facilities safe and open to the public and impacts park visitation and the amount of revenue generated for deposit into State Parks Account 64. Between May 2015 and June 2016 a number of natural disasters occurred, including Tropical Storm Bill, the 4,582-acre Hidden Pines fire, tornadoes and major flooding events, including the Memorial Day 2015 flood that impacted over 50 Texas state parks. Initial scoping estimates that these events caused over \$40 million in damages to TPWD property as well as lost revenue due to park and facility closures.

Demographic changes also impact park operations as rapid population growth and urbanization lead to increased demand for access to public lands, especially close to major population centers. Urbanization near existing parks increases pressure on wildlife habitat, introduces invasive and exotic species on park property, and raises the risk of property damage due to wildland fires.

State park visitation has reached record levels and is projected to exceed 9 million in FY16. Increased use also comes with increased costs for utilities, staffing and maintenance necessitated by a growing customer base. These cost increases to the agency will result in the need for exceptional item funding.

TPWD anticipates changes to the SPBUS business management software contract effective over the 2018-19 biennium. This change will result in cost increases to the agency and the need for exceptional item funding related to the new system.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The minor repair program enhances the State Parks Division’s ability to operate and maintain parks, historic sites, and state natural areas in an efficient manner, which contributes to increased revenue by ensuring that facilities are in clean and safe conditions for visitors. The nature of the program addresses smaller, immediate repairs that do not lend themselves to the funding levels and execution cycle of Major Projects. Minor Repair funding is crucial to keeping the park system functioning in an efficient manner, which reduces the likelihood of some catastrophic failures, and minimizes costly major repairs.

This strategy is authorized under provisions of the Parks and Wildlife Code including but not limited to Chapters 13 and 22.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

------	-------------	----------	----------	----------	---------	---------

Sufficient, dependable funding for the repair and maintenance of park, historic and state natural area facilities and infrastructure is vital to the success of this strategy. A 2008 study mandated by Rider 31 of the 2008-09 General Appropriations Act found a need to improve the condition of existing state park facilities and infrastructure and recommended an annual reinvestment of 4 to 6% of the total value of state park assets into repair and replacement projects.

Emergency projects resulting from extreme acts of nature or other unplanned but necessary repairs can impact the availability of funding for scheduled maintenance and minor repairs. General weather conditions will also affect facility use and wear, with resulting fluctuations in revenue.

Complex contracting and purchasing rules, as well as other regulatory requirements can cause administrative delays and can negatively impact program performance. Costs associated with compliance, both in terms of dollars and time, divert resources from delivery to overhead expenses, resulting in less actual investment in repairs and maintenance.

Increased visitation also results in increased wear and tear on park facilities, resulting in cost increases to the agency and the need for additional funding to maintain services.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy includes the State Parks Division’s management of the functions and programs that directly support park operations, including the directed oversight over natural and cultural resources management, historic sites management, interpretive planning and exhibit design management, park law enforcement management, customer contact management, budget and procurement, human resource management, field support training, volunteer recruitment, safety and FEMA coordination, and management of business activities. This strategy is authorized under provisions of the Parks and Wildlife Code, including §11.081 and Chapters 13 and 22.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Improvements to the division’s business information systems have allowed for greater data extraction capability. As a result, demand for information from within the agency and from external sources has increased. The volume of these requests is at times significant considering the limited human resources currently being funded for such activities resulting in cost increases to the agency and the need for exceptional item funding.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Local parks provide valuable outdoor recreational and educational opportunities for communities and are the “frontline” in a nationwide system of parks including state and national parks. This strategy reflects amounts requested for the Outdoor and Indoor Recreation Grants, Regional Park Grants, and Small Community Park Grants programs. These programs provide 50% matching grants to local governments and other entities to (1) acquire and develop parkland or renovate existing public recreation areas; (2) construct recreation centers and other facilities; (3) create large recreation areas, regional systems of parks, and conservations areas with trail linkages, and (4) develop or beautify parkland, respectively. This strategy is authorized by provisions of the Parks and Wildlife Code, including Chapter 24.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

As the population of the state grows, competition for grant funds is expected to increase as demand for local recreational opportunities also rise, particularly in rapidly developing communities without existing recreational resources. Local parks provide valuable social and recreational venues for communities. They have been found to contribute to the physical, social and mental well-being of residents, as well as creating positive economic impacts in communities. The provision of 50% state matching grants has strong public support and is an effective method to leverage state funding to obtain these positive outcomes for Texas communities. Current demand for grant assistance far exceeds the available funds and as a result, many worthy projects presented by local governments do not receive department assistance. The local parks program has been impacted by the mandated 4% reductions. TPWD requests that SGST funding be maintained at 2016-17 levels through approval of the related exceptional item.

This strategy request includes funding for Recreational Trails, Community Outdoor Outreach, Boating Access and other grants. Recreational Trails Grants provide 80% matching funds (maximum \$200,000) to build trails in local communities for hikers, cyclists, horseback riders, off-road motor vehicles, and nature enthusiasts. This program receives federal funding from the National Recreational Trail Fund.

The Community Outdoor Outreach Grant program provides grants to non-profit organizations and other groups to help introduce under-served populations to TPWD services, programs, and facilities.

Boating Access Grants provide funds for the purchase, construction and maintenance of boat ramps, access roads and related improvements. Program funds may also be used for capital improvements to existing state boat ramp sites. The program receives funding from the Federal Aid in Sport Fish Restoration Act and the Game, Fish and Water Safety Fund.

Grant activities in this strategy are authorized by provisions of the Parks and Wildlife Code, including Chapters 13, 24, 28 and §31.141.

------	-------------	----------	----------	----------	---------	---------

The National Recreational Trails Fund (NRTF) is derived from a portion of the federal gasoline tax generated by gasoline purchases for motorized off-road vehicles. Administered by the Federal Highway Administration, the NRTF is distributed to states based on a formula that takes into account state population and sales of fuel for off-road recreational vehicles. State match is required for receipt of these federal funds.

The State Boat Ramp Program receives funding from the Game, Fish and Water Safety Account and the Federal Sport Fish Restoration Act. Fifteen percent of the state's annual apportionment from the Federal Aid in Sport Fish Restoration Act must be used to provide access for motor boating facilities. State match is required for receipt of these federal funds. In addition, diversion of fishing license fees for purposes other than administration of the state fish and wildlife agency is prohibited. Requests for boat ramp funding have increased due to population growth and increased demand for boating access facilities. As in the case of local park grants, numerous requests cannot be accommodated due to limited funds and staff.

Population growth and shifts in the ethnic demographics of the state have also resulted in increased demand for Community Outdoor Outreach grants.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The department is charged with enforcement of game, fish and water safety laws throughout the state. To meet these charges, the Law Enforcement Division operates a comprehensive statewide program of public education, preventative patrols, and apprehension of violators. To prevent violations, the division proactively provides resource users information and educational programs regarding rules, regulations, seasons, and bag limits. Public safety objectives are pursued through aggressive education efforts and stringent enforcement of hunter/boater education requirements. Twenty-eight law enforcement offices statewide provide support to game wardens and services to the public through the sale of licenses, registration and titling of boats/motors, and dissemination of information. This strategy also includes major investigative initiatives related to wildlife, marine theft, covert and environmental crimes. Finally, activities related to disaster response and Homeland Security are reflected in this strategy as well.

Strategy funding for the 2018-19 biennium reflects the impact of method-of-finance shifts.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, 11.019-11.0201, 12.101-12.119, Chapter 31, selected provisions of the Texas Penal Code, and Texas Code of Criminal Procedures Article 2.12 (10).

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Functioning and state-of-the art equipment is vital to the success of TPWD enforcement efforts. A key priority for the department over the next few years is to ensure that game warden vehicles and equipment are up to date and meet law enforcement needs. Approval of funding for equipment and vehicles will put TPWD on par with Department of Public Safety (DPS) and city and county law enforcement entities throughout the state, and allow for improved officer safety and job efficiency.

Texas game wardens are often called upon to assist in disaster response, border operations and Homeland Security efforts. Because they have specialized equipment, training, and knowledge of our State’s waterways, they are called upon to assist in protecting dams, nuclear power facilities, and industrial chemical plants across the state.

TPWD will seek approval to allow direct funding for border operations, paid directly to TPWD rather than through inter-agency contract with DPS. This change would increase transparency and reduce Law Enforcement and Administrative Resources' staff time spent on administering the interagency contract for amounts transferred. TPWD also requests additional funding for law enforcement operations and equipment needed to carry out responsibilities.

Federal funds comprise a portion of funding for this strategy. State match is required for receipt of these funds.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Texas Game Warden Training Center provides mandated instruction to newly hired game warden cadets in preparation for the state peace officer licensing exam and trains cadets in the enforcement of rules, regulations and proclamations of the Parks and Wildlife Code. The Training Center also provides Texas Commission on Law Enforcement (TCOLE) mandated continuing education training for licensed peace officers and marine safety enforcement officer certification and training to outside law enforcement agencies. Other functions of the Texas Game Warden Training Center include hiring, promotions and recruitment for the Law Enforcement Division.

This strategy is authorized under Texas Parks and Wildlife Code §11.019-11.0201 and Chapter 31. Peace officer training and education is governed by TCOLE rules and the Occupations Code §1701.352.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

TPWD is mandated through authority of the state peace officer licensing commission, TCOLE, to provide training for newly hired cadets as well as existing officers in the field. Professional training, however, must be extended beyond minimum requirements to improve the knowledge base of our law enforcement officers.

A top priority for the training academy continues to be improved diversity in cadet applicant pools and ultimately, the workforce. Continued funding and support is necessary to ensure effective recruitment efforts.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Law Enforcement oversight, management and support includes overall management of the division, including regional operations, budget and administrative support, and development, coordination and implementation of policies, procedures and programs. Major oversight programs include Wildlife Enforcement, Fisheries Enforcement, and Marine Safety Enforcement.

Relevant statutory authority includes Parks and Wildlife Code §11.019-11.0201, 12.101-12.119, 12.201-12.206, and Chapter 31, selected provisions of the Texas Penal Code, and the Texas Code of Criminal Procedure, Article 2.12 (10).

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Internal and external factors impacting this strategy include an increased demand for coordination with other agencies on Homeland Security, border operations and/or disaster relief activities and with other divisions/field offices regarding statutory interpretation and enforcement policies, while maintaining oversight on normal operational activities.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The programs funded within this strategy educate hunters, boaters and other water users to be safe, knowledgeable and responsible in pursuing hunting or water related activities, encourage the conservation and enjoyment of the state's natural and cultural resources, engage new users, especially youth, women, and minorities in natural resource outdoor recreation, and recruit new and reactivate returning outdoor users who fund the agency through purchases of licenses and sporting goods. The Communications Division manages the mandatory Hunter and Boater Education programs required of a certain age segment of participants in order to legally hunt or boat in Texas. Both hunter and boater education programs are based on nationally adopted standards. Courses are offered online, as well as from volunteers trained and managed by department staff. Other programs include outdoor skills workshops in archery, bowhunting, fishing and shot gunning; Get Outside® events, and conservation education programs such as Project WILD and Texas-based aquatic education. Most programs use trained volunteers to provide conservation education and outdoor recreation skills training.

This strategy is authorized by provisions of the Parks and Wildlife Code including §11.0181, 31.108-31.110, and 62.014.

This strategy funds communication channels such as media and social media engagement, marketing, website and app development, the Texas Parks & Wildlife magazine, the Texas Parks and Wildlife PBS television series, the Passport to Texas radio series, video news reports, and creative services. A connection to nature has important economic, educational and health benefits. These agency media and marketing efforts help retain traditional customers and reach new audiences, including a rapidly increasing urban population that is most at risk for losing its connection with nature and the outdoors. With an annual circulation of approximately 1.6 million, the Texas Parks & Wildlife magazine informs Texans where and how to responsibly enjoy outdoor recreation, including visitation to state parks and the natural and cultural resources of Texas in general. The TV series broadcasts to all PBS stations in Texas and Oklahoma, with a growing online and cable channel audience as well. The TPWD website averages 876,000 visitors monthly. The TPWD News Team manages communications with the press and manages social media efforts. The Marketing Group develops and implements efforts to increase revenue and raise awareness of conservation and outdoor recreational opportunities, including creating and promoting non-traditional community outdoor recreational programs. Creative & Interactive Services provides print design, fine art, photography and web outsource services to all divisions.

Relevant statutory authority includes Parks and Wildlife Code §11.0181, 11.033, 12.006, and 13.017.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

------	-------------	----------	----------	----------	---------	---------

A major source of funding for the magazine is revenue from subscriptions and advertising. When fixed costs such as paper and postage increase, fewer dollars are available for subscription promotion, resulting in decreased circulation. Economic conditions also affect the number of subscribers and advertisers.

Federal funds (Wildlife Restoration, Sport Fish Restoration) comprise a major portion of the funding for the TPWD TV and radio series and the TPWD Fishing Report. State match is required for receipt of these funds. Federal funds require that content be focused toward the on-the-ground conservation efforts and cannot be used for stories whose purpose is primarily to promote outdoor recreation. Sponsorship and advertising also help support these communications efforts, but the availability of these funds varies greatly from year-to-year and are largely based on the current economic climate.

Marketing efforts include retention, reactivation and recruitment strategies. While research has shown that increasing the top-of-mind awareness of non-users/customers is critical to increase participation in nature-based outdoor recreational activity, funding for these efforts remains a large impediment for the department, as state funding is scarce and federal funding does not allow for marketing/public relations. Texas is the second most populous state in the country with around 27 million people. It also has three of the most expensive media markets in the country, which limits the Department's ability to achieve our mission given limited advertising dollars.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Recreational and commercial hunting and fishing licenses are currently (1) issued over-the-counter by a network of license agents (generally retail businesses that sell outdoor gear and supplies) and TPWD offices; (2) issued by processing mail-in applications; (3) issued by processing phone requests; or (4) issued via Internet sales. A commission of roughly 5% is paid on sales made through license agents. Sales of hunting and fishing licenses are processed through a point-of-sale system called the Texas License Connection. The Administrative Resources Division manages the contract with the vendor providing the point-of-sale system, manages relationships with all the license agents, processes mail-in requests for recreational and certain commercial licenses, and produces and mails all licenses ordered via phone, mail-in or the Internet. The division also ensures that all license revenues are collected, accounted for, and reconciled between processing and accounting systems.

Statutory authority includes but is not limited to Parks and Wildlife Code §12.701-12.707 and Chapters 42, 43, 46, 47 and 50.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Key internal factors affecting this activity include (1) the availability of adequate staffing to provide timely support to license agents, timely delivery of documents due to customers (tags and licenses), and prompt collection of all funds due; and (2) adequate operation and support of the point-of-sale-system. External factors include (1) changes to regulations or statutes impacting fees or licensing requirements; (2) the state of the economy and weather factors, which can impact the volume of license sales; (3) postage costs; and (4) changes in customer use of different sales channels. Events affecting the external vendor for the automated point-of-sale system could also impact this strategy.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Boat registration and vessel/boat motor titles are currently (1) issued over-the-counter at TPWD Law Enforcement offices, TPWD Headquarters and at participating county tax assessor-collector offices throughout the state; (2) issued by processing mail-in applications; or (3) sold via the Internet (registration renewals and replacement titles/cards/decals only). Boat titling and registrations are processed through a web-based application. A 10% commission on boat registration and titling fees is paid on sales through county tax assessor-collector offices. Ninety-five percent (95%) of sales tax revenues collected are transferred to the Comptroller’s Office for deposit into General Revenue Fund 001. Fifteen percent (15%) of all boat registration and titling fees are transferred monthly to the State Parks Account (064).

The Administrative Resources Division manages relationships with all the law enforcement and tax assessor-collector staff processing boat titles and registrations. TPWD Headquarters staff provide answers to the public and field staff via two phone banks, process mail-in requests for titles, registrations and marine dealer licenses, produce and mail all titles, decals and ID cards not provided over the counter, and ensure that all marine license, title and registration fees and boat sales taxes are collected, accounted for and reconciled between processing and accounting systems. Relevant statutory authority includes Parks and Wildlife Code Chapter 31, Chapter 11, §11.032 (Game, Fish and Water Safety Account-Sources), and Tax Code, Chapter 160.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Key internal factors affecting this activity include (1) the availability of adequate staffing to provide timely and accurate processing of registration/titling and related documents, timely delivery of documents due to customers (titles, decals, etc.), to answer public and field questions 45 hours per week, and prompt collection of all funds due; and (2) adequate operation and support of the point-of-sale system. External factors include (1) changes to regulations or statutes impacting fees or boat registration/titling requirements; (2) the state of the economy and weather factors, which can impact the volume of boat registration and titling transactions; and (3) postage, decal supply and printing costs, and costs associated with acceptance of credit cards.

TPWD relies on existing TxDMV technology infrastructure in place at tax assessor-collector offices (for vehicle registrations) to allow counties to access our boat registration system. The continued functionality and availability of the TxDMV system is necessary or TPWD must establish a new access approach.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

This strategy reflects the Department's funding for capital improvement and major repair projects needed to maintain and develop more than 150 different locations throughout the state. These facilities have been acquired and developed to represent the highlights and uniqueness of Texas landscapes, natural environments, wildlife, history and culture. While revenue and general obligation bonds appropriated in past years have made strides in addressing the deferred maintenance backlog, there remains a significant backlog of deferred projects ranging from general repairs to code compliance to life safety.

Relevant statutory authority includes but is not limited to Texas Const., Art. 3, §49-e, Art 3, §50-f, and Parks and Wildlife Code Chapter 22, §11.043, 13.002, 13.0045, 81.101-102.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

TPWD continues to appreciate the Legislature's recent focus on capital construction and deferred maintenance, which provided the department with unprecedented funding for agency repair and construction projects in the 2016-17 biennium. These assets have been enjoyed by Texans and visitors to the state for many decades, which paradoxically contributes to their quality becoming eroded over time in the absence of sustained funding to address deferred maintenance needs. Additionally, the nature of the Texas climate is harsh and has subjected state facilities to environmental pressures that continue to accelerate the deterioration of our assets. It is critical that a planned and sustained program of repair and restoration be maintained. In addition, facilities are reaching a point where major reinvestments are required. Many facilities have outlived their intended design life or have outdated utility systems which are susceptible to failure or are highly inefficient energy and water users.

For many years TPWD has acknowledged the need for a stable and sustainable funding stream to properly plan for and address capital repair, construction, and development needs statewide. Continuing such funding will allow the department to make significant progress in addressing state park improvement and repair needs.

Several weather related events/disasters have impacted TPWD facilities in recent years. Securing funding to address damages sustained at parks and WMAs is a priority for TPWD.

------	-------------	----------	----------	----------	---------	---------

Through the addition of lands to the TPWD system and provision of grant funds to purchase conservation easements, the agency strives to meet the state’s recreational needs and conserve and protect vital habitat and natural resources. This strategy reflects: (1) the department’s capital budget authority for acquisition of land and other real property, and (2) grants to purchase conservation easements from willing sellers under the Texas Farm and Ranchlands Conservation Program (TFRLCP). TPWD’s land acquisition efforts are focused on addressing the goals and objectives set forth in the Land and Water Conservation and Recreation Plan, including expansion of existing sites and conservation of priority habitats. The goal of TFRLCP is to conserve working lands that have high values for water, fish, wildlife and agricultural production that are at risk of development.

Land Acquisition staff negotiate and manage all agency land transactions, including sales, purchases, leases, conservation and other easements, analyze existing land inventory and make recommendations to the Executive Director and Commission.

Relevant statutory authority includes but is not limited to Const., Art.3, §49-e and Parks and Wildlife Code §11.043, 13.001, 13.002, 13.005, 13.008, 13.009, 81.102, 81.103, 81.401.

------	-------------	----------	----------	----------	---------	---------

The most significant factors impacting the acquisition of new public lands include the availability of funding for acquisition purposes, the availability of priority lands, and general market conditions. As the population of the state continues to grow and becomes increasingly urban, and as rural lands are converted for residential uses, opportunities and venues for outdoor recreational experiences will continue to diminish. It will be increasingly important for TPWD to acquire lands to meet the needs of the public, including parks to improve access in underserved areas and wildlife management areas in under-represented ecosystems. These factors make pursuing innovative partnerships and maximizing state funding for land acquisition a high priority for TPWD.

Activities included in this strategy were expanded in 2015, when the Legislature passed House Bill 1925, transferring the Texas Farm and Ranch Lands Conservation Program (TFRLCP) from the General Land Office to TPWD. In 2016, the TFRL Trust Council approved funding for seven projects, intended to bring approximately 12,000 acres of high-value working farm and ranch lands under long-term protection.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Infrastructure program administration includes activities necessary to manage the design, construction and repair of facilities, and the development of TPWD lands. Project management oversight provides scheduling and project administration of capital projects. Architectural and Engineering Design services provide resources to ensure projects comply with adopted design, construction and building code standards; provide early scoping review of facility needs; and manage planning, implementation, and design of projects for ADA purposes. Construction and restoration efforts include the Historic Sites Program (identify, record, and preserve cultural and historically significant sites for preservation and repair) and the TxDOT program (coordinate road development and repairs with TxDOT). Energy conservation efforts such as the Sustainable Design & Resource Efficiency Programs ensure consistency with the TPWD mission of conserving natural resources by managing energy projects and incorporating a green building philosophy. Other activities include administering all professional design and construction contracts; master planning; survey and inspections; administering, coordinating and managing the annual Capital Construction Program; and maintaining the Facilities Management System.

Relevant statutory authority includes but is not limited to Texas Const., Art. 3, §49-e, Art 3, 50-f, Parks and Wildlife Code §11.043, 13.002, 13.0045, Chapter 22, 81.101-102. See also provisions of the Government Code, Occupations Code, and Americans with Disabilities Act.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

This strategy is impacted by the total amounts of funding available for capital improvement, construction and repair projects.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

This strategy provides executive and support functions for the agency. The Executive Office coordinates activities related to the Parks and Wildlife Commission, Legislature and Parks and Wildlife Foundation. The Human Resources (HR) Division’s key functions include policy planning and development, workforce planning, job analysis, salary administration, training, organizational development, employment, recruitment, employee relations, benefits, leadership, management development programs, employee recognition programs, intern programs, and customer service on all HR matters. The Legal Division provides legal assistance/advice to the TPW Commission and TPWD staff; represents TPWD in administrative legal proceedings; assists the Attorney General’s office in litigation involving TPWD; coordinates/assists in development of rules and agreements involving TPWD, and coordinates responses to public information requests. Administrative Resources Division functions within this strategy include general ledger accounting, property accounting, payroll/accounts payable accounting, revenue accounting, cashier activities, finance, budget, planning & financial reporting, and the office of the Chief Financial Officer.

Statutory authority includes provisions of the Parks and Wildlife Code and Texas Government Code, including Chapters 552 (Public Information Act), 2001 (Administrative Procedure Act), 2101 (Accounting Procedures), 2012 (Internal Auditing), and Title 6 (Public Officers and Employees); Texas Water Code; Texas Natural Resources Code; federal statutes regarding natural resources.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

GOAL:	5	Indirect Administration	
OBJECTIVE:	1	Indirect Administration	Service Categories:
STRATEGY:	1	Central Administration	Service: 09      Income: A.2      Age: B.3

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Key internal factors affecting these activities include the availability of adequate, trained staffing to accomplish the level of effort necessary to meet this strategy. External factors affecting this strategy include initiatives and legislation related to salary/accounting, human resources, legal and other functions included in the strategy.

SB 20 amended statutes to make comprehensive changes to state agency contracting, purchasing and accounting procedures, requiring the adoption of new contracting rules, development of new procedures and new reporting requirements. These enhanced requirements have created additional workload for agency contracting and purchasing staff.

In the next five years, TPWD will transition from its current enterprise resource planning system to the Centralized Accounting and Payroll/Personnel System (CAPPS). This will align TPWD with state requirements and provide added features and cost savings. Additional staff as well as additional funding will be necessary to ensure the agency is able to maintain current services while conducting activities required to implement a new system and ensure a successful transition.

TPWD considers efforts to address constituent and workforce diversity challenges as an important business imperative. Recent efforts taken to serve a rapidly changing population have included TPWD hiring its first Diversity and Inclusion Officer, creating an Employee Diversity and Inclusion Advisory Council and creating branding booklets aimed at communicating the career opportunities within the department to a wider audience.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Information Technology (IT) is a customer driven support division with oversight authority for all technology services. The primary responsibility of the IT Division is to implement technology solutions in compliance with agency and oversight rules and regulations, provide dependable and secure technology services to support agency technology users in meeting the agency’s mission, provide excellent customer service to agency technology users and constituents throughout the state and to implement innovative information technology solutions.

Statutory authority includes Government Code, Chapter 2054 (Information Resources Management Act) and Chapter 552 (Public Information).

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Information Technology (IT) systems remain critical tools for conducting agency business and accomplishing the TPWD mission. The enhancement of our voice and data infrastructure and the expansion of the tools necessary for the secure and efficient use of technology for both internal and external customers remains our highest priority. Technology constantly presents us with opportunities to be more innovative. This innovation brings with it higher demands on our information systems especially as we seek to leverage more cloud-based and hosted technology solutions. As a field-based agency we must continue to strategically plan the implementation of technology services to maximize benefits to staff and to reach out to new and existing constituencies.

Initiatives to modernize legacy systems, leverage mobile technology and applications and better understand how technology can improve the customer experience are ongoing and will continue to require dedicated resources and funding to be successful.

------	-------------	----------	----------	----------	---------	---------

The Other Support Services strategy provides support activities for the entire agency. Support activities of the Administrative Resources Division include outgoing mail services; literature and consumable distribution; warehouse management, surplus property activities; purchasing and contracting activities (excluding construction and related professional services purchasing and contracting activities); and management of the agency HUB program. Key support functions provided by the Infrastructure Division include fleet management, radio operations management, energy and vehicle fuel management, headquarters complex facility management, and risk management. This strategy also includes records management and safety functions in support of the entire agency.

Statutory authority includes various provisions of the Parks and Wildlife Code; provisions of the Government Code, including but not limited to Chapters 2155 (Purchasing: General Rules and Procedures), 2156 (Purchasing Methods), 2161 (Historically Underutilized Businesses), 2171 (Travel and Vehicle Fleet Services), and provisions of the Labor Code (Chapter 412).

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Key internal factors affecting these activities include the availability of adequate, trained staffing to accomplish the level of effort necessary to meet this strategy. External factors impacting this strategy include fluctuating costs of paper and print services, and statutes/rules/policies established by federal, state, and local regulatory authorities governing purchasing/contracting, employee or public safety and health, indoor air quality, use of office space and state-owned property, fleet management, energy management, environmental and recycling issues, and other functions included in the strategy.

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley	Date: 9/19/16	Request Level: Base/ Exceptional
------------------	--	----------------------------	---------------	----------------------------------

Current Rider Number	Page Number in 2016-17 GAA	Proposed Rider Language
----------------------	----------------------------	-------------------------

<u>Rattlesnake specialty plates</u>	<u>\$23,150</u>
Big Bend National Park specialty plates	<del>\$97,460</del> \$95,000
Waterfowl and Wetland Conservation specialty plates	<del>\$91,570</del> \$95,000
Texas Lions Camp specialty plates	<del>\$17,690</del> \$16,000
Marine Mammal Recovery specialty plates	<del>\$20,950</del> \$22,000
Marine Conservation specialty plates	<del>\$49,310</del> \$43,000
Save Texas Ocelots specialty plates	<del>\$16,060</del> \$10,000
<del>Hummingbird specialty plates</del>	<del>\$26,400</del>
Rattlesnake specialty plates	\$26,400

These specialty licenses plates are authorized pursuant to the Texas Transportation Code §504.606(Big Bend), §504.627 (Waterfowl and Wetland), §504.644 (Marine Mammal Recovery), §504.656(Texas Lions Camp), §504.660 (Marine Conservation), §504.801 (Save Texas Ocelots Plates), and §504.618 (Bluebonnet, Largemouth Bass, Whitetail Deer, Horned Toad, Hummingbird, Rattlesnake, and Camping).

Amounts appropriated above also include any and all balances in the License Plate Trust Fund Account No. 0802 as of August 31, 2017 totaling an estimated \$576,380 as follows: \$333,781 in Horned Toad specialty plates, \$33,737 in Bluebonnet specialty plates, \$32,306 in Whitetail Deer specialty plates, \$137,346 in Largemouth Bass specialty plates, \$15,059 in Big Bend specialty plates, \$13,807 in Waterfowl and Wetland Conservation specialty plates, \$1,028 in Texas Lions Camp specialty plates, \$1,679 in Marine Mammal Recovery specialty plates, and \$7,637 in Marine Conservation specialty plates. These amounts may be expended in the 2018-19 biennium for purposes consistent with each specialty plate, an estimated \$39,210, including \$13,807 in A.1.1, Wildlife Conservation, Habitat Management, and Research, \$9,316 in A.2.3, Coastal Fisheries Management, Habitat Conservation, and Research, and \$16,087 in B.1.1, State Parks, Historic Sites, and State Natural Area Operations, from unobligated and unexpended balances remaining as of August 31, 2015 in the License Plate Trust Fund No. 0802. These funds are appropriated for the same purposes intended in the 2014-15 biennium.

*TPWD is requesting revisions to: (1) update the C.2.2. strategy title to reflect changes for the 2018-19 biennium, (2) update amounts and years for the 2018-19 biennium,(2) to specify that interest earnings are appropriated, and (3) to allow access to all balances(appropriated as well as cash) in Afund 0802 plate funds, consistent with legislative intent that these funds be available for the dedicated purposes.*

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley	Date: 9/19/16	Request Level: Base/ Exceptional
Current Rider Number	Page Number in 2016-17 GAA	Proposed Rider Language		
11	VI-39	<p><b>Appropriation of Certain Concession Receipts.</b> Concession receipts generated as a result of the efforts of volunteer groups in state parks or other agency facilities are included in amounts appropriated above from Appropriated Receipts in Strategy B.1.1, State Park Operations (estimated to be \$0), and Strategy A.2.4, Coastal Hatcheries Operations (estimated to be <del>\$160,000</del> <del>\$116,000</del>), for the biennium beginning September 1, <del>2017</del> <del>2015</del>. These concession receipts shall be credited for the benefit of the specific state park or other agency facility where the funds are generated by volunteer groups. Concession receipts generated as a result of the efforts of department employees or leased concession contracts with third parties are also appropriated in the strategies above and are not subject to this rider.</p> <p><i>TPWD is requesting revisions to update amounts and years for the 2018-19 biennium.</i></p>		
12	VI-40	<p><b>Payments to License Agents, Tax Assessor Collectors, and License Vendor.</b> Included in amounts appropriated above in Strategy C.3.1, License Issuance and C.3.2, Boat Registration and Titling, are amounts necessary for payments to license agents and tax assessor collectors (estimated to be \$3,657,000 in each fiscal year out of the Game, Fish and Water Safety Account No. 9, Non-Game and Endangered Species Conservation Account No. 0506, and Lifetime License Endowment Fund Account No. 0544). Such amounts shall be used for the sole purpose of payments to license agents and tax assessor collectors for the costs of issuing and collecting money associated with the sale of licenses, stamp endorsements, permits, tags boat registration and titling, and other similar items issued under the Parks and Wildlife Code.</p> <p>Also included in the amounts appropriated above in Strategy C.3.1, License Issuance, are amounts necessary for payments to the license sales system vendor, estimated to be <del>\$2,153,700</del> <del>3,287,700</del> in each fiscal year out of the Game, Fish and Water Safety Account No. 9, <del>\$225,000</del> in each fiscal year out of General Revenue -Earned Federal Funds, and \$917,000 in each fiscal year out of <u>Appropriated Receipts</u>.</p> <p><i>TPWD is requesting revisions to clarify that amounts for payments to the license sales system vendor include earned federal funds and appropriated receipts.</i></p>		
14	VI-40	<p><b>Appropriation: Land Sale Proceeds.</b> Amounts appropriated above from Appropriated Receipts in Strategy D.1.1, Improvements and Major Repairs, and D.1.2, Land Acquisition, include all balances as of August 31, <del>2017</del> <del>2015</del>, and all proceeds collected on or after September 1, <del>2017</del> <del>2015</del> (balances and revenues estimated to be \$0) from the sale of Texas Parks and Wildlife Department (TPWD) lands, including the sale of land identified as underutilized and sold by the General Land Office. In accordance with Parks and Wildlife Code §13.009, the balances and proceeds from the sale of these lands may be used only to improve or acquire other real property dedicated to the same purpose for which the land sold was dedicated. Any unobligated and unexpended balances remaining as of August 31, <del>2018</del> <del>2016</del>, are appropriated for the same purpose for the fiscal year beginning September 1, <del>2018</del> <del>2016</del>.</p>

3.B. Rider Revisions and Additions Request

Agency Code: 802	Agency Name: Texas Parks and Wildlife Department	Prepared By: Julie Horsley	Date: 9/19/16	Request Level: Base/ Exceptional
Current Rider Number	Page Number in 2016-17 GAA	Proposed Rider Language		
New	701	<p><b><u>Payments to State Park Business System (SPBS) Vendor(s).</u></b> Included in amounts appropriated above in Strategy B.1.1 <u>State Park Operations</u> are amounts necessary for payments to the State Parks Business System vendor(s), estimated to be \$3,760,000 each fiscal year out of the State Parks Account No. 064 and the Sporting Goods Sales Tax transfer to the State Parks Account No. 64. In the event that vendor costs exceed the estimated amount above due to increases in state parks related transactions or revenue, TPWD is appropriated amounts as necessary to fully cover vendor costs.</p> <p><i>TPWD is requesting a new rider to ensure that the department is able to cover costs associated with the new State Parks Business System contract, which is expected to be executed in December 2016 with an anticipated system implementation date of December 2017. The department anticipates that the new contract will be structured either on a per-transaction or percent of revenue basis, rather than a flat-fee amount, meaning that contract costs will fluctuate depending on park visitation. The proposed rider would grant TPWD needed flexibility to pay increased contract costs resulting from increased park visitation and revenues. Estimated authority is critical to successful implementation of the new State Parks Business System.</i></p> <p><i>NOTE: See also associated exceptional item. A portion of the estimated amount above is requested in the state parks exceptional item.</i></p>		
New	702	<p><b><u>Appropriation of State Parks Merchandise for Resale Income.</u></b> Appropriations above in Strategy B.1.1. <u>State Park Operations</u> include amounts for State Parks concession purchase of merchandise for resale, totaling \$1,725,000 in each year of the biennium from the State Park Account No.064. Revenues generated from the sale of merchandise and items at state park operated concessions over this amount, not to exceed an additional \$535,000 per year or a total of 50% of annual concession revenue, whichever is greater, are appropriated to the Texas Parks and Wildlife Department from the State Parks Account No. 64 for reinvestment into the State Parks Concession Program for the purchase of merchandise, rental equipment and food products, and other items necessary for display, purchase, sale or rental of concession items at staff operated state park concessions. Any unexpended balances remaining as of the end of any given fiscal year are appropriated for use for the same purpose in the next fiscal year.</p> <p><i>The state parks staff operated concessions program is currently unable to reinvest generated revenue back into product inventory or displays order to meet demand – rather, it is provided a fixed budget. In the past, an "entrepreneurial rider" (Rider 27) allowed mid-year funding to sustain park stores during spring and summer peak seasons after fiscal year budget funding had been exhausted, however, this rider is no longer in effect.</i></p> <p><i>Growing park visitation, coupled with the popularity of site-specific, commemorative purchases has created pressure on already limited inventory purchasing funds. Without a rider allowing the reinvestment of generated revenue, the concession</i></p>

**Description/Justification for continuation of existing riders or proposed new rider**

Per interpretation from the LBB and Comptroller, TPWD may only spend or pass-through prior year appropriated plate balances and new license plate revenues. Under the interpretation, interest earnings and prior year cash balances are not available for expenditure; rather, they are retained in the plate accounts for unspecified purposes.

New rider text requests appropriation of all balances (appropriation and cash), as well as all revenues (including interest earnings), in TPWD specific and non-profit pass-through plate accounts in Afund 0802. This will increase transparency by ensuring that funds are spent consistent with legislative intent and consistent with expectations of plate purchasers and affected non-profit entities.

Amounts shown in this schedule reflect plate cash balances and interest earnings.

<b>FULL-TIME EQUIVALENT POSITIONS (FTE):</b>		<b>6.00</b>	<b>3.00</b>

**DESCRIPTION / JUSTIFICATION:**

TPWD is scheduled to transition to the Centralized Accounting & Payroll/Personnel System (CAPPS) HR/Payroll during the 2018-19 biennium, with implementation anticipated by 9/1/2018. This item would provide \$1,069,273 over the biennium for TPWD's staffing and operational needs associated with implementation of CAPPS HR.

FY2018: TPWD requires \$869,318/6 FTEs. This would fund 3 regular full-time and 3 temporary-full time positions and associated expenses, as well as \$500k associated with IT contract labor. Temporary positions are needed to backfill subject matter experts who will be dedicated to agency deployment efforts. These positions are critical to allowing TPWD to continue operating current HR & Payroll systems while simultaneously implementing/testing the new CAPPS system. Other CAPPS agencies have indicated a significant lesson learned was that implementation/testing was a full time job for a minimum of two employees for the full 10 month implementation cycle. Additionally, the CAPPS risk & readiness document prepared for the Comptroller's Office by Accenture recommends the agency identify backfill plans for SMEs who will be on the implementation team. The full-time permanent FTE positions are needed to serve as project managers to steer the conversion project, focus on processes & training, and serve as CAPPS experts post implementation.

FY2019: TPWD requires \$199,955/3 FTEs for CAPPS ongoing maintenance/support costs, including CAPPS project management, documentation updates, and

CODE	DESCRIPTION	Excp 2018	Excp 2019
------	-------------	-----------	-----------

data/reporting analysis. The CAPPs risk and readiness document strongly recommends full time project management to ensure successful implementation.

This funding is for a new initiative. A portion of the funds will be used to contract with outside entities to provide IT contract labor.

NOTE: This request is solely for CAPPs HR/Payroll. TPWD will prepare a separate request for CAPPs Financials in the next LAR.

**EXTERNAL/INTERNAL FACTORS:**

The 80th Texas Legislature passed House Bill 3106, charging the Comptroller's Office with implementing the Centralized Accounting and Payroll/Personnel System statewide. Currently TPWD utilizes multiple stand-alone systems to manage HR personnel and payroll data and processes. CAPPs will replace many of these applications with a single easy-to-use, easy-to-update system that can be scaled to meet the needs of the agency.

**DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:**

The request includes funding for IT staff augmentation and computers for new FTEs.

**IS THIS IT COMPONENT RELATED TO A NEW OR CURRENT PROJECT?**

NEW

**PROPOSED SOFTWARE EXAMPLES (Client-side, server-side, Midrange and Mainframe)**

N/A

**PROPOSED HARDWARE EXAMPLES (Desktop, Laptop, Tablets, Servers, Mainframes, Printers and Monitors )**

Computers for six new FTEs

**DEVELOPMENT COST AND OTHER COSTS**

N/A

**TYPE OF PROJECT**

CAPPs

**ALTERNATIVE ANALYSIS**

IT Staff Augmentation: There is currently insufficient IT staff to engage both in implementation of CAPPs and to provide existing, core services. If TPWD does not receive funding for IT augmentation, work would fall on existing staff who would need to re-prioritize other core duties, and this would result in a drop in core IT services and delays in CAPPs implementation. If only partial funding is obtained for IT staff augmentation, the life of the project would be extended beyond the projected 10 month time frame.

New Computers: If funding for new computer needs is not obtained, new staff would either not have computers or would be required to use older/surplused and less efficient computers. This would impede the ability to accomplish work effectively and efficiently. The request for computers could be scaled, but would result in some staff not having newer computers needed to perform work.

**ESTIMATED IT COST**

2016	2017	2018	2019	2020	2021	2022	Total Over Life of Project
\$0	\$0	\$507,824	\$0	\$0	\$0	\$0	\$507,824

CODE	DESCRIPTION	Excp 2018	Excp 2019
------	-------------	-----------	-----------

**DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :**

On-going costs tied to full-time permanent FTEs needed to serve as project managers to steer the conversion project, focus on processes & training, and serve as CAPPs experts post implementation.

**ESTIMATED ANTICIPATED OUT-YEAR COSTS FOR ITEM:**

2020	2021	2022
\$199,955	\$199,955	\$199,955

**APPROXIMATE PERCENTAGE OF EXCEPTIONAL ITEM :** 46.70%

**CONTRACT DESCRIPTION :**

Description: Two (2) contractors at the programmer analyst level at an estimated \$95 an hour for 8 months and one (1) at the project manager level at an estimated \$110 an hour for 2,380 hours.

Type of contract: IT staff augmentation services.

Expected duration: Varies, see above.

Anticipated method of procurement: Competitively bid on DIR Contract.

Why cannot be performed in-house: There is currently insufficient IT staff to engage both in implementation of CAPPs and to provide existing, core services. If TPWD does not receive funding for IT augmentation, work would fall on existing staff who would need to re-prioritize other core duties, and this would result in a drop in core IT services and delays in CAPPs implementation.

**DESCRIPTION / JUSTIFICATION:**

This item requests \$31.5 million over the biennium to adequately support ever increasing law enforcement operations,presence on public waterways,search & rescue missions,and ensure officers are adequately equipped and receive the technological tools and support needed to safely and efficiently carry out their duties.

Law Enforcement Operations: \$11.8m as follows:

- \$6.8m for overtime,travel,professional equipment,fuel and maintenance/repair to allow TPWD to continue to move personnel across the state for enforcement and search & rescue missions,disaster & emergency response,provide required training,maintain patrol levels and ensure fleet & officer safety.
- \$1.7m for special teams operations including maintaining an active K9 Team,vessel accident investigation team, marine and land-based tactical teams,search & rescue team and dive & recovery team.
- \$610k for aircraft fuel,training and travel budget is required to perform search & rescue operations,conservation law enforcement,patrol lakes and rivers during peak times

**4.A. Exceptional Item Request Schedule**  
85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/20/2016  
TIME: 12:39:24PM

CODE	DESCRIPTION	Excp 2018	Excp 2019
------	-------------	-----------	-----------

and conduct wildlife surveys.

- \$198k for the forensic lab to ensure it remains in compliance with requirements for evidence submissions and testing.
- \$1.5m for RMS, pocket cop and technology to allow our officers to provide reports, track evidence as required by statute and use mobile devices provided for officer and public safety.
- \$1m to put all required safety equipment on patrol vehicles before they can be put into service.

Capital Equipment, Transportation & Aircraft: \$18.1m, including \$3.6m for radios; \$300k for lab equipment; \$10.9m for replacement of aging and outworn boats/vehicles, and \$3.3m for a new aircraft.

Law Enforcement Technology Support: \$1.6m to provide improved technology services to Game Wardens and Law Enforcement offices across the state, including phone system replacement, network management services, and enhanced security & help desk support.

Law enforcement has been a function since 1895.

**EXTERNAL/INTERNAL FACTORS:**

Since 1895, Texas game wardens have served the citizens of Texas by providing professional law enforcement while working to conserve & protect the natural resources of Texas. However, the scope of their efforts often extends beyond enforcement of wildlife, fish & water safety laws. As an integral member of the Texas Division of Emergency Management State Operations Center, Texas game wardens routinely provide valuable disaster response, swift water rescue, and other relief efforts during natural disasters and search & rescue operations.

These activities continue to grow with our expanding population and more frequent and more intense weather related events. In addition, under federal requirements, use of hunting & fishing revenues is restricted to the management of fish & wildlife resources of the state. Other uses could result in loss of federal funding for TPWD. For these reasons, General Revenue and URMFT are the requested sources of funding for this item.

The operational funding requested will help offset the impact of salary increases due to Schedule C tenure or step raises and address increased operating costs, which have impacted the Law Enforcement budget, strategies and operations. TPWD is requesting capital transportation funds to replace one third of our vessel fleet and return us to a 110K mile replacement schedule on patrol vehicles. One third of our patrol boat fleet is over 15 years old, 15.8% of motors are older than 15 years, and many patrol vehicles are at or above 150,000 miles. Replacement is needed to ensure officer safety and to reduce maintenance & repair costs. Finally, another fleet aircraft is needed to assist the LE and Wildlife Divisions with job duties ranging from search & rescue to wildlife surveys. TPWD is maintaining its smallest aviation fleet in recent years with one operational helicopter and one operational fixed wing.

**DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:**

This exceptional item includes the following IT components: RMS and Pocketcop annual subscription fees; hot spots for Game Wardens; LTE augmentation for mobile phones; phone system modernization; network support management services; identity access management; and multifactor authentication subscription fees.

**IS THIS IT COMPONENT RELATED TO A NEW OR CURRENT PROJECT?**

NEW

**4.A. Exceptional Item Request Schedule**  
 85th Regular Session, Agency Submission, Version 1  
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/20/2016  
 TIME: 12:39:24PM

Agency code: 802

Agency name:  
**Parks and Wildlife Department**

<b>CODE</b>	<b>DESCRIPTION</b>	<b>Excp 2018</b>	<b>Excp 2019</b>
-------------	--------------------	------------------	------------------

**PROPOSED SOFTWARE EXAMPLES (Client-side, server-side, Midrange and Mainframe)**

None

**PROPOSED HARDWARE EXAMPLES (Desktop, Laptop, Tablets, Servers, Mainframes, Printers and Monitors )**

Phone systems and appliance for Identity Access Management.

**DEVELOPMENT COST AND OTHER COSTS**

None

**TYPE OF PROJECT**

Other Administrative Functions

**ALTERNATIVE ANALYSIS**

The telephone system request can be scaled by reducing the number of offices that receive upgrades. Network Support Management Services can be scaled -- a reduction in funding will mean reduced levels of service and support. All other components (RMS/Pocketcop, IAM, Multifactor Authentication)cannot be scaled down with partial funding due to the nature of the items requested.

**DESCRIPTION / JUSTIFICATION:**

This exceptional item requests \$23.9 million (biennial) for state park staffing & operations, capital needs and technology support to address needs associated with increased state park visitation, the new State Parks Business System, and aging capital vehicles and equipment.

Maintain Core Services for Enhanced Visitation: \$14.5 m (biennial) as follows:

- \$6.4 m for cost increases & other operational imperatives including utilities, fuel, travel, consumable supplies, cyclical maintenance, training and other operating costs

Agency code: **802**

Agency name:  
**Parks and Wildlife Department**

<b>CODE</b>	<b>DESCRIPTION</b>	<b>Excp 2018</b>	<b>Excp 2019</b>
-------------	--------------------	------------------	------------------

required to support the park's heavy and growing usage

- \$3.7 m to address anticipated contract cost increases tied to the new State Parks Business System (formerly TxParks)
- \$2.8 m for additional salary and FTE's (\$1.3 m/16.1 FTEs), associated operating (\$148k) and capital needs (vehicles, equipment & IT totaling \$354k), and hourly seasonal personnel (\$1.0 m).
- \$512k for monthly charges for additional T1 lines to ensure adequate communications capabilities at state parks
- \$1.1 m for concession growth reinvestment in order to maximize revenue and provide for the necessary future fund balances to pay for these increases.

Capital Needs: \$7.3 m (biennial) for replacement of antiquated and outworn vehicles (\$6.3 m) and related equipment (\$1.0 m). One-third of the on-road vehicle fleet is more than 10 years old and 1/3 of the fleet vehicles have more than 100,000 miles.

State Parks Marketing Initiatives: \$500k (biennial) to implement marketing strategies aimed at increasing visitor diversity, enhancing state park visitation at non-peak times and at lesser visited state parks, and to increase communications and increase engagement with visitors.

State Parks Technology Support: \$1.6 m (biennial) to provide improved technology services, including phone system replacement, network management services, and enhanced call center services.

State Parks Board was created in 1923.

**EXTERNAL/INTERNAL FACTORS:**

The cost to operate any given state park is tied in part to costs created by the visitor. For FY2016, year to date visitation through July was up 11.4 % compared to the same time frame in FY15. TPWD anticipates that visitation will continue to exceed FY15 levels in future years, and will require additional funding to respond to these sustained increases in demand. For example, growth in park usage and associated equipment (e.g. RVs) requires more use of the parks' utility systems, resulting in higher operating cost for electricity, refuse collection/removal, wastewater treatment, and to some degree water consumption. Consumable & supply costs also increase as bathrooms need to be cleaned and stocked more often. Maintenance & repair needs increase as use and impact on associated facilities accelerate wear, tear and failure.

Visitation is often influenced by weather conditions, the timing of holidays, and other factors outside TPWD control. Weather conditions can also influence fuel & maintenance expenses as they can have an effect on vegetation growth patterns, resulting in more frequent mowing and maintenance.

TPWD is requesting funding to keep replacement schedules for vehicles/equipment from falling even further behind. Vehicles as old as 1991 are regularly operated and specialized equipment dating to 1973 is still used in the system. As fleet age and mileage/hours increase, safety becomes a concern and maintenance, repair & fuel costs will increase.

Advances in technology & communication are no longer seen by our visitors/clients as luxuries, but are expected to be supplied by us for their safety and convenience.

TPWD must strive to remain relevant in the face of population/societal changes by engaging a broader/more diverse audience and ensuring that access to state parks and related information is affordable, timely, and convenient.

Agency name:  
**Parks and Wildlife Department**

CODE	DESCRIPTION	Excp 2018	Excp 2019
------	-------------	-----------	-----------

**DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:**

This request includes the following IT components: IT equipment (mostly computers of varying capability) to provide new positions with required equipment to perform duties; license maintenance & upgrades; additional T-1 lines; phone system modernization; network support management services; call center management services and contract for temporary services for State Parks Mobile App enhancements.

**IS THIS IT COMPONENT RELATED TO A NEW OR CURRENT PROJECT?**

NEW

**PROPOSED SOFTWARE EXAMPLES (Client-side, server-side, Midrange and Mainframe)**

Various including MS Office, ARC-GIS, CAD.

**PROPOSED HARDWARE EXAMPLES (Desktop, Laptop, Tablets, Servers, Mainframes, Printers and Monitors )**

Phone systems, computers.

**DEVELOPMENT COST AND OTHER COSTS**

None.

**TYPE OF PROJECT**

Other Administrative Functions

**ALTERNATIVE ANALYSIS**

Telephone request can be scaled by reducing the number of offices that receive upgrades. Network Support Management Services and Call Center Service can be scaled -- a reduction in funding will mean reduced levels of service and support. Computers: If funding for new computer needs is not obtained, new staff would either not have computers or would be required to use older/surplused and less efficient computers. This would impede the ability to accomplish work effectively and efficiently. The request for computers could be scaled, but would result in some staff not having newer computers needed to perform work. Temporary services contract could not be scaled.

**ESTIMATED IT COST**

2016	2017	2018	2019	2020	2021	2022	Total Over Life of Project
\$0	\$0	\$1,110,764	\$1,110,809	\$659,049	\$659,049	\$659,049	\$4,198,720

**DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :**

Ongoing state park staffing, operations, marketing and technology support. Funding for some costs such as cyclical maintenance is requested from State Parks Account balances which may not be available for these purposes in out years; however, to the extent MOF is not an issue these are considered ongoing costs.

**ESTIMATED ANTICIPATED OUT-YEAR COSTS FOR ITEM:**

2020	2021	2022
\$7,410,106	\$7,410,106	\$7,410,106

**APPROXIMATE PERCENTAGE OF EXCEPTIONAL ITEM :** 20.00%

**Parks and Wildlife Department**

CODE	DESCRIPTION	Excp 2018	Excp 2019
------	-------------	-----------	-----------

**CONTRACT DESCRIPTION :**

Description: SP Bus System - will provide a reservation and point-of-sale system including features such as revenue accounting, reporting, credit card processing, demographics reporting, inventory accounting for food service as well as other merchandise for resale, etc.

Contract Type: Professional services.

Expected Duration: 6 years with the option for two 5-year renewal periods.

Method of Procurement: Solicited using a request for proposal; responses evaluated in August 2016.

Why cannot be performed in house: TPWD does not have the required expertise or labor force to do this in-house.

Description: Network Support Management Service- contract with a managed service to provide(1) network monitoring, remediation of issues, equipment maintenance and support;(2) enhanced help desk technical support to staff on nights, weekends and holidays.

Contract Type: Major Information Systems.

Expected Duration: On-going.

Method of Procurement: DIR Cooperative Contracts.

Why cannot be performed in-house: N/A. This is not a consulting, professional or other services contract.

Description: Call Center Managed Service- contract with a managed service/Software as a Service (SaaS) provider for a modernized agency Call Center to provide an improved platform for automated call distribution, workforce management / optimization, call recording, multi-channel contact and interactive voice response services.

Contract Type: Major Information Systems.

Expected Duration: On-going.

Method of Procurement: DIR Cooperative Contracts.

Why cannot be performed in-house: N/A. This is not a consulting, professional or other services contract.

Description: Contracts for SP marketing initiatives.

Type: Advertising services, email subscription services & temporary services.

Method of Procurement: Multiple. Procured through a currently contracted ad agency, request for proposal process and IT-DIR temporary services agency.

Why cannot be performed in-house: TPWD does not have the internal staff resources to provide enhancements to the state parks app.

<b>FULL-TIME EQUIVALENT POSITIONS (FTE):</b>		5.00	5.00

**DESCRIPTION / JUSTIFICATION:**

Since early spring 2015, state parks and other TPWD field locations have been significantly impacted by a number of weather events/natural disasters. Memorial Day of 2015 marked the beginning of wide-spread flooding that ultimately impacted 52 parks. Since then, Texas has endured five additional natural disaster declarations including the Texas Hidden Pines Fire which burned 4,582 acres of Buescher State Park in October 2015, followed by more severe storm and flooding incidents in October 2015, January 2016, March 2016, and April 2016. The latest siege of flooding, which occurred this past Memorial Day weekend, impacted 25 state parks.

The widespread and severe nature of these events has caused extensive damage to state parks and WMAs to include roads, utility systems, structures, erosion and more. Assessments of damages have occurred as waters have receded, and the current estimated damages as a result of natural disasters endured in 2015-2016 is roughly \$48.3 million. It is expected this estimate will grow as current flood waters recede and assessments continue at the few remaining areas to be evaluated.

This exceptional item requests a total of \$49.2 million and 5 FTEs to address these critical repair needs at state parks and WMAs. Funding includes \$48.3 m for construction and repair projects, and \$879k for salaries, operations and equipment needed for staff to manage and deliver the increased volume of construction associated with these projects in the 18-19 biennium.

NOTE: TPWD is seeking funding for weather-related construction and repair needs as part of the supplemental appropriations bill. If approved as part of the supplemental

Agency code: 802

**Parks and Wildlife Department**

<b>CODE</b>	<b>DESCRIPTION</b>	<b>Excp 2018</b>	<b>Excp 2019</b>
-------------	--------------------	------------------	------------------

process, this exceptional item request would be withdrawn.

**EXTERNAL/INTERNAL FACTORS:**

Many factors beyond TPWD control, such as economic conditions, catastrophic weather, natural disasters, and various permit & study requirements, can influence the agency's capital construction and repair program, and can result in project delays and/or necessitate re-prioritization of projects to address emergency needs.

As current flood waters recede and assessments continue at the few remaining areas to be evaluated, it is possible that the damage estimate will rise.

The design for many of these weather related projects will be addressed in the 2016-17 biennium. This request is for appropriations to fund the construction phase of these weather-related projects in the 2018-19 biennium.

While the exceptional item requests general revenue, to the extent that other sources of funding such as SGST are available, TPWD is open to MOF finance changes.

**DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:**

Computers for new staff.

<b>TOTAL, METHOD OF FINANCING</b>		<b>\$2,200,000</b>	<b>\$2,200,000</b>

**DESCRIPTION / JUSTIFICATION:**

TPWD's Local Park grant programs provide matching grants to local governments and other qualified entities to acquire and renovate parkland, renovate existing public recreation centers, construct recreation centers/other facilities, create large recreation areas and regional systems of parks, and to develop/beautify parkland. Funds for these programs are also used in outreach programs to build relationships with non-traditional constituencies who have been underrepresented in Texas Parks & Wildlife Department activities and programs. Texas Parks and Wildlife Department acts as a technical and funding partner in hundreds of communities across the state through its grant, assistance, education, and outreach programs. From the largest metroplex to the smallest rural community these grant programs help to build new parks, conserve natural resources, preserve historical sites, provide access to water bodies, develop educational programs for youth, and much more.

TPWD's Local Park Grant funding has been impacted by the required 4% budget reductions. Approval of this exceptional item would provide \$4.4 million for the 2018-19 biennium, allowing TPWD to maintain SGST funding for the program at 100% of 2016-17 levels and to direct these funds to competitive grant programs. This would allow the department to award 18 additional grants.

This exceptional item would continue an existing program that was created by the 66th Legislature in 1979, Parks and Wildlife Code, Chapter 24, "State Assistance for Local Parks."

The funds requested in this exceptional item will not be used to contract with an outside entity.

Agency code: 802

CODE	DESCRIPTION	Excp 2018	Excp 2019
------	-------------	-----------	-----------

**EXTERNAL/INTERNAL FACTORS:**

Local parks provide valuable outdoor recreational and educational opportunities for communities and have been found to contribute to the physical, social and mental well-being of residents, as well as positive economic impacts to communities.

Provision of 50% state matching grants has strong public support and is an effective method to leverage state funding to obtain these positive outcomes. A survey conducted by TPWD found that 88% of respondents agreed that local governments have a responsibility to provide outdoor recreational lands/facilities and 86% support use of state funds to finance parks and recreation programs.

Since 1994, Texas Parks and Wildlife Local Park Grant programs have invested matching funds for more than one thousand projects throughout the state. This investment has provided for the acquisition and development of local park and recreation sites, and provided resources to supplement local conservation programs that introduce children and families to the outdoors. These grants have been funded from the Sporting Goods Sales Tax, reinvesting sales taxes paid by Texas citizens in close-to-home recreation opportunities.

**DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :**

Costs reflect continuation of grant funding.

<b>TOTAL, METHOD OF FINANCING</b>		<b>\$4,500,000</b>	<b>\$500,000</b>

**DESCRIPTION / JUSTIFICATION:**

In 2015, the Legislature passed House Bill 1925 which transferred the Texas Farm and Ranch Land Conservation Program (TFRLCP) from the Texas General Land Office to TPWD, and appropriated TPWD \$2.0 million and 2 FTEs to implement the program. The goal of the TFRLCP is to conserve working lands that have high values for water, fish, wildlife and agricultural production and that are at risk of development. Conservation is achieved by providing grant funds to purchase long term conservation easements on those lands. In March and April 2016 the Texas Farm and Ranchlands Trust Council approved funding for a total of 7 projects, bringing approximately 12,000 acres of the state's high value working farms and ranchlands under long-term protection and fully exhausting amounts appropriated for the 2016-17 biennium.

Based on the success of this program in 2016-17, TPWD requests an additional appropriation of \$5 million over the biennium to increase grants awarded for the purchase of long-term conservation easements. The funding would help address burgeoning landowner demand for such easements, facilitate an increase in acreage protected, and increase effectiveness in conserving the state's fish, wildlife, water, and open space resources, which are largely found on private lands.

Funding is for a continuing initiative. The Texas Farm and Ranch Lands Conservation Program began in 2005 and was transferred to TPWD on January 1, 2016.

The money will not go toward paying an outside entity, but will be transferred to non- governmental entities to be awarded to landowners for conservation easments. The grant program for conservation easements is administered by TPWD staff.

**EXTERNAL/INTERNAL FACTORS:**

Population growth, changing land uses, increasing absentee ownership, continued break-up of private family lands and fragmentation of habitat are placing increased pressure on the state's natural resources, including water quality and quantity, as well as Texas' wildlife habitat and diversity. With the majority of Texas lands in private ownership, it is critical that TPWD work closely with private landowners and other entities to initiate programs and practices that reduce fragmentation, improve habitats, protect

watersheds and water supplies, and manage a diversity of wildlife populations. The TFRCP, which protects working lands from fragmentation and development through the use of long-term conservation easements, is vital in helping TPWD achieve its wildlife and habitat conservation goals while at the same time allowing landowners to maintain private ownership of their lands.

There is a large unmet demand for conservation incentives on high quality working lands in Texas. Additional funding would allow the state to better address this demand.

**DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :**

On-going costs associated with continuation of grant funding for conservation easements.

**ESTIMATED ANTICIPATED OUT-YEAR COSTS FOR ITEM:**

<u>2020</u>	<u>2021</u>	<u>2022</u>

**DESCRIPTION / JUSTIFICATION:**

For the 2016-17 biennium, TPWD has received funding for border surge operations through interagency contract with DPS. Under these contract provisions, the process for receiving reimbursements can be lengthy. For the 2018-19 biennium, TPWD is requesting a direct appropriation of funds for border surge activities. This request includes associated overtime, travel, fuel, maintenance & repair costs, and capital equipment (replacement vehicles, boats, ATV's, radios) needed to enhance the current efforts on the border.

This exceptional item also requests funding for replacement of one 65-foot long-range offshore vessel. Texas Game Wardens currently operate two 65' offshore vessels to patrol Texas and Federal waters for vessels entering Texas waters illegally from Mexico, illegal commercial fishing, and search and rescue efforts in the Gulf of Mexico and large bay systems. These vessels are both over 34 years old and not suited for high-speed marine pursuit. The large vessels need to be replaced to ensure long-range, overnight, and multi-day enforcement operations are not compromised in the Gulf of Mexico and large bay systems.

**EXTERNAL/INTERNAL FACTORS:**

TPWD, in partnership with other state, local and federal law enforcement agencies along the border, has been involved in multiple border initiatives such as Operation Strong Safety and most recently, Operation Secure Texas. While TPWD has received funding for border security activities, these amounts have generally not been sufficient to cover all costs associated with Game Warden involvement, such as overtime, travel, fuel expenses, and impacts to sustained high usage of boats and vehicles. As a result, TPWD has been receiving funding through interagency contract with DPS to address these costs. A direct appropriation of these amounts to TPWD would increase transparency and efficiency by eliminating the need for funding approvals and the reimbursement process.

Category Number:	<b>5001</b>	Category Name:	<b>ACQ OF LAND/REAL PROPERTY</b>
Project number:	<b>1</b>	Project Name:	<b>TPWD-Land Acquisition</b>

**PROJECT DESCRIPTION**

**General Information**

The ability to acquire lands for habitat development/conservation is essential to TPWD's mission of managing and conserving the natural and cultural resources of Texas and provide hunting, fishing and outdoor recreational opportunities for all Texans. Funding includes sources dedicated by statute for the acquisition of land for parks and wildlife habitat, as well as federal funds available for acquisition and development of outdoor recreation areas and facilities.

Category Number:	<b>5002</b>	Category Name:	<b>CONST OF BLDGS/FACILITIES</b>
Project number:	<b>2</b>	Project Name:	<b>TPWD-Construction &amp; Major Repairs</b>

**PROJECT DESCRIPTION**

**General Information**

Department facilities are in need of basic repair due to heavy usage and age. Items in this category are funded by current appropriations, federal funds, appropriated receipts, and unexpended balances from General Obligation bond proceeds. Adequate levels of funding are crucial to preserve the natural and cultural resources entrusted to the agency.

**Number of Units / Average Unit Cost** Varies depending on type of project.

Project number:	<b>7</b>	Project Name:	<b>TPWD-MLPP</b>

**PROJECT DESCRIPTION**

**General Information**

TPWD participates in the Master Lease Purchase Program (MLPP) to finance and energy savings project. Under the program, TPWD and TPFA enter into a lease; TPFA issues tax-exempt revenue commercial paper notes to finance the project-TPFA takes title and leases it to TPWD. The lease payments go to repay the principal and interest on the commercial notes.

Category Number:	<b>8000</b>	Category Name:	<b>CAPPS Statewide ERP System</b>
Project number:	<b>9</b>	Project Name:	<b>TPWD-CAPPS</b>

**PROJECT DESCRIPTION**

**General Information**

TPWD is scheduled to transition to the HR/Payroll component of CAPPS during the 2018-19 biennium, with an anticipated project start date of 9/1/2017 and implementation by 9/1/2018. This project reflects TPWD's staffing and operational needs associated with implementation of CAPPS HR/Payroll.

**Number of Units / Average Unit Cost** Not Applicable.

**Estimated Completion Date** 9//2018

<b>Additional Capital Expenditure Amounts Required</b>	<b>2020</b>	<b>2021</b>
	0	0

**Type of Financing** CA CURRENT APPROPRIATIONS

**Projected Useful Life** TBD

0	0	0	0	0

**REVENUE GENERATION / COST SAVINGS**

<u>REVENUE COST FLAG</u>	<u>MOF CODE</u>	<u>AVERAGE AMOUNT</u>

**Explanation:** Currently TPWD utilizes multiple stand-alone systems to manage HR personnel and payroll data and processes. CAPPS will replace many of these applications with a single easy-to-use, easy-to-update system that can be scaled to meet the needs of the agency.

**Project Location:** Austin

**Beneficiaries:** All TPWD staff.

**Frequency of Use and External Factors Affecting Use:**

Daily

	<b>Total Expenditures</b>		<b>12.4%</b>		<b>\$9,545,839</b>	<b>\$76,891,315</b>		<b>22.4%</b>		<b>\$16,245,490</b>	<b>\$72,478,504</b>

**B. Assessment of Fiscal Year 2014 - 2015 Efforts to Meet HUB Procurement Goals**

**Attainment:**

The agency attained two of the six applicable statewide HUB procurement goals in FY2014 and two of six TPWD HUB Goals.

The agency attained four of the six applicable statewide HUB procurement goals in FY2015 and five of six TPWD Goals.

**Applicability:**

All categories are applicable to agency operations.

**Factors Affecting Attainment:**

Commodities: Fuel utilizing the Voyager Fuel card accounted for \$5,754,589 or 24% of TPWD HUB reportable expenditures in FY14 and \$4,629,974.83 or 14.5% in FY15 under the Commodities category. Payments are made under the Voyager vendor ID number therefore TPWD is unable to account for HUB vendors that were used when payment was made by the state contract Fuel card. These fuel expenditures negatively affect the HUB % in this category.

Other Services - TPWD has difficulty meeting the statewide goal in this category due to the limited availability of HUB vendors for many of our remote field sites. Staff have increased vendor outreach efforts and are encouraging local vendors to participate in the HUB program.

**"Good-Faith" Efforts:**

HUB and Purchasing staff have increased our efforts to identify potential HUB vendors in regions where they were not available and assisted vendors in the HUB certification process to improve their opportunity to do business with state agencies.

**6.A. Historically Underutilized Business Supporting Schedule**  
85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **9/20/2016**  
Time: **12:39:28PM**

---

Agency Code: **802** Agency: **Parks and Wildlife Department**

TPWD developed a partnership with Texas Association of African American Chambers of Commerce (TAAACC) and Texas Association of Mexican American Chambers of Commerce (TAMACC) to increase outreach efforts, HUB vendor recruitment, and technical assistance to HUB vendors.

Reporting - An internal HUB report is provided to Executive Management and Division Directors on a monthly basis to keep them updated on TPWD progress in obtaining HUB goals.

**Description of Item for 2016-17**

Repairs at Fort Boggy SP under Rider 37 (2016-17 GAA). The amount associated with this 2016-17 one-time item is not reflected in TPWD's 2018-19 request. It has been removed from the base as part of the mandated 4% reduction, and in conjunction with a method of finance shift is helping to address cash balance concerns in 0009-Game, Fish and Water Safety Acct. The method of finance 0400-Sporting Goods Sales Tax-State was repurposed for State Parks strategy B.1.1.; an equal amount of 8016-Unclaimed Refunds of Motorboat Fuel Tax was reduced in B.1.1. and shifted to Law Enforcement strategy C.1.1.; an equal amount of 0009-Game, Fish, and Water Acct was reduced in C.1.1. resulting in a total reduction of authority of 500,000.

**SUMMARY OF SPECIAL CONCERNS/ISSUES**

**Assumptions and Methodology:**

TPWD's major sources of federal funding continue to be 15.605 (Sportfish), 15.611 (Wildlife Restoration), and 97.012 (Boating Safety). Sportfish and Wildlife Restoration is apportioned to each state by the U.S. Fish and Wildlife Service, while Boating Safety is apportioned by the U.S. Coast Guard.

**Potential Loss:**

Wildlife Restoration, funded in part by an excise tax on firearms is experiencing a short-term spike although it is not expected to last long-term. TPWD remains committed to pursuing federal funding opportunities that will further the agency's mission of managing and conserving our natural resources and providing hunting, fishing, and outdoor recreational opportunities for the citizens of Texas.

**REVENUE ASSUMPTIONS:**

FY2016 revenues are based on actual revenue collections through August 2016. Unless otherwise noted, FY2017 through FY2019 estimates assume FY2016 revenue collections or are based on historical averages or historical trends.

Projection for Gas Royalties from Parks and Wildlife Lands (3324) FY2017 through FY2019 is based on monthly average collections for FY2016, excluding July, due to a one-time adjustment made by GLO.

Projection for Game/Fish/Equip Fees - Non Commercial (3434) FY2017 through FY2019 assumes a 1.6% increase from FY2016 revenue collections, based on historical trends in this revenue comp object.

Grants/Donations (3740) FY2016 includes a donation for the Game Warden Academy.

Interest (3851) FY2017 through FY2019 reflects a 10% increase over FY2016 levels.

\*FY2018 and FY2019 Expended/Budgeted amounts reflect the impact of MOF shifts and mandated 4% reductions, which help to address cash balance concerns in unrestricted Fund 9. This accounts for the 22% increase in the FY2019 ending balance as compared to the FY2018 beginning balance.

**REVENUE ASSUMPTIONS:**

FY2016 revenues are based on actual revenue collections through August 2016. Unless otherwise noted, FY2017 through FY2019 estimates assume FY2016 revenue collections or are based on historical averages or historical trends.

Projection of Deepwater Horizon Economic Damages (3396) FY2017 and FY2018 are based on receipt of remaining estimated damages.

Projection of State Parks Fees (3461) FY2017 through FY2019 assumes FY2016 actual levels with a 1% decrease.

Projection of Grants/Donations (3740) FY2017 assumes FY2016 actual levels plus projected DMV donations, without one-time donations.

Projection of Third Party Reimbursement (3802) FY2017 and FY2018 levels include the interagency contract w/TXDoT.

Sporting Goods Sales Tax (3924) estimates are based on expended/budgeted amounts, estimated benefits, and amounts transferred to Deferred Maintenance Fund. The FY2018 and FY2019 SGST (3924) amounts transferred to the Deferred Maintenance Fund are an average of FY2016 and FY2017 amounts.

**REVENUE ASSUMPTIONS:**

FY2016 revenues are based on actual revenue collections through August 2016. Unless otherwise noted, FY2017 through FY2019 estimates assume FY2016 revenue collections or are based on historical averages or historical trends.

Grants/Donations Other (3740) FY2017 is based on a 2 year average plus a donation expected from the TPW Foundation.

Interest (3851) - The 84th Legislature reinstated the ability to retain interest earnings in this fund.

\*The ending FY2019 balance in Afund 0679 reflects a 27% increase as compared to the beginning FY2018 balance. This is due to the estimates of artificial reef donations, which exceed projected expenses in FY2018 and FY2019.

**NO FUNDS WERE PASSED THROUGH TO LOCAL ENTITIES**

**NO FUNDS WERE PASSED THROUGH TO OTHER STATE AGENCIES OR INSTITUTIONS OF HIGHER EDUCATION**

**USE OF HOMELAND SECURITY FUNDS**

Homeland Security expenditures presented in the schedule are contained within strategies C.1.1., C.1.2. and C.1.3. and are funded from federal funds and state appropriations. TPWD Game Wardens are often called upon to assist in disaster response, border operations, and Homeland Security efforts because they have special equipment, training and knowledge.

**6.H. Estimated Total of All Agency Funds Outside the GAA Bill Pattern  
Texas Parks and Wildlife Department**

<b>ESTIMATED GRAND TOTAL OF AGENCY FUNDS OUTSIDE THE 2018-19 GAA BILL PATTERN</b>	<b>\$ 636,548</b>
---	-------------------

<b><u>Fund Name</u></b>		
Estimated Beginning Balance in FY 2016	\$	633,111
Estimated Revenues FY 2016	\$	4,224
Expended FY 2016	\$	(13,458)
Estimated Revenues FY 2017	\$	4,224
<b>FY-2016-17 Total</b>	<b>\$</b>	<b>628,100</b>
Estimated Beginning Balance in FY 2018	\$	628,100
Estimated Revenues FY 2018	\$	4,224
Estimated Revenues FY 2019	\$	4,224
<b>FY 2018-19 Total</b>	<b>\$</b>	<b>636,548</b>
<b>Constitutional or Statutory Creation and Use of Funds:</b>		
<p>The State Parks Endowment Trust Account (0885) was created as a trust fund by Parks and Wildlife Code, Sections 13.004, 13.008 and Texas Attorney General Opinions No. WW-122, MW-493. This fund receives deposits of and income from permanent endowments held by the Department in trust for the sole purpose of benefiting parks as identified by the grantee. The principal is to be invested to provide permanent income in support of the specified park(s).</p>		
<b>Method of Calculation and Revenue Assumptions:</b>		
<p>Source Data: USAS  Method of Calculation: Revenues reflect depository interest earned and were derived by extrapolating YTD data through 07/18/16 to estimate the current year's revenue.  Assumptions: Revenues in future years are assumed to equal revenues anticipated in FY2016.</p>		

**6.I. Percent Biennial Base Reduction Options**

**10 % REDUCTION**

**10 % REDUCTION**

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

Date: 9/20/2016  
Time: 1:27:05PM

Agency code: **802** Agency name: **Parks and Wildlife Department**

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2018	2019	Biennial Total	2018	2019	Biennial Total	
<b>Category:</b> Programs - Grant/Loan/Pass-through Reductions							
<b>Item Comment:</b> Reductions in the Migratory Stamp Pass Through Funds would be taken from research and habitat contracts with conservation partners as well as survey and design work for important habitat improvement on state owned properties.							
Strategy: 1-1-1 Wildlife Conservation, Habitat Management, and Research							
<u>Gr Dedicated</u>							
9 Game,Fish,Water Safety Ac	\$0	\$0	\$0	\$750,000	\$750,000	\$1,500,000	
<b>Gr Dedicated Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$750,000</b>	<b>\$750,000</b>	<b>\$1,500,000</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$750,000</b>	<b>\$750,000</b>	<b>\$1,500,000</b>	
<b>FTE Reductions (From FY 2018 and FY 2019 Base Request)</b>							
<b>4 Farm and Ranch Lands Protection</b>							
<b>Category:</b> Programs - Grant/Loan/Pass-through Reductions							
<b>Item Comment:</b> This reduction would eliminate contracts associated with the Texas Farm and Ranch Lands Conservation Program. TPWD would lose a major tool for incentivizing the permanent conservation of private working lands with high conservation value, as well as protecting wildlife, water, and watersheds. The program provided grants expected to conserve approximately 12,000 acres in 2016.							
Strategy: 4-1-2 Land Acquisition							
<u>General Revenue Funds</u>							
1 General Revenue Fund	\$0	\$0	\$0	\$1,760,910		\$1,760,910	
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$1,760,910</b>		<b>\$1,760,910</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$1,760,910</b>		<b>\$1,760,910</b>

**5 Inland Fisheries Invasive Species**

**Category:** Programs - Service Reductions (FTEs-Layoffs)

**6.I. Percent Biennial Base Reduction Options**

**10 % REDUCTION**

85th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

Date: 9/20/2016  
Time: 1:27:05PM

Agency code: **802** Agency name: **Parks and Wildlife Department**

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2018	2019	Biennial Total	2018	2019	Biennial Total	
<p><b>Item Comment:</b> The reduction would significantly reduce capacity within the Inland Fisheries Division to deliver prevention, rapid response, containment, and control of aquatic invasive species. This would include an estimated 25% reduction in capacity for statewide control of aquatic invasive vegetation. Cooperative research with universities designed to improve the effectiveness of aquatic invasive species control efforts would be dramatically reduced, if not completely eliminated. Capacity to deliver public awareness campaigns centered on preventing the spread of aquatic invasive species, particularly zebra mussels and giant salvinia, would be eliminated. The loss of FTEs would reduce or eliminate capacity to conduct zebra mussel boat and trailer inspections at reservoir boat ramps and marinas.</p> <p>Strategy: 1-2-1 Inland Fisheries Management, Habitat Conservation, and Research</p>							
<u>General Revenue Funds</u>							
8016 URMFT	\$0	\$0	\$0	\$1,597,200	\$1,597,200	\$3,194,400	
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$1,597,200</b>	<b>\$1,597,200</b>	<b>\$3,194,400</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$1,597,200</b>	<b>\$1,597,200</b>	<b>\$3,194,400</b>	
<b>FTE Reductions (From FY 2018 and FY 2019 Base Request)</b>				<b>3.0</b>	<b>3.0</b>		

**6 Inland Fisheries Capital Construction**

**Category:** Programs - Delayed or Deferred Capital Projects

**Item Comment:** The reduction would negatively impact capital construction projects in the Inland Fisheries Division. A portion of the projects initiated FY16/17 could not be completed and would have to be further deferred, delaying planned improvements and the opportunity to improve operating efficiency and increase future hatchery production. Additionally, projects planned for FY18/19 would be further deferred resulting in potentially higher future costs, increased risk of reduced operating efficiency, suspension of hatchery operations and a 32% reduction in hatchery production capacity, thereby negatively affecting the stocking of Texas lakes and reservoirs.

Strategy: 4-1-1 Implement Capital Improvements and Major Repairs

Gr Dedicated

9 Game,Fish,Water Safety Ac	\$0	\$0	\$0	\$1,950,000		\$1,950,000	
<b>Gr Dedicated Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$1,950,000</b>		<b>\$1,950,000</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$1,950,000</b>		<b>\$1,950,000</b>

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2018	2019	Biennial Total	2018	2019	Biennial Total	
<b>FTE Reductions (From FY 2018 and FY 2019 Base Request)</b>							
<b>7 Deferred Maintenance Capital Construction</b>							
<b>Category:</b> Programs - Delayed or Deferred Capital Projects							
<b>Item Comment:</b> The reduction would negatively impact capital construction projects in State Parks Division. If the FY18/19 capital construction appropriations are reduced, many of the capital projects started in FY16/17 could not be completed and we would have to further defer or deny these critically important projects all of which are needs related to health and safety, regulatory compliance, business continuity, and mission-critical priorities. Consequently, a policy of deferring repairs and maintenance results in higher costs, increases liability and safety hazards, and yields unreliable business operations.							
Strategy: 4-1-1 Implement Capital Improvements and Major Repairs							
<u>Gr Dedicated</u>
