89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

On behalf of the Texas Parks and Wildlife Department (TPWD), I am pleased to present the agency's Legislative Appropriations Request (LAR) for the 2026-2027 biennium. In line with policy directives and LAR instructions, this request reflects funding at approved base GR/GRD limits and expresses TPWD's priorities for programs that are cost effective, provide quality customer service and meet the needs of Texas' hunters, anglers, boaters, park goers, landowners, and other outdoor enthusiasts whose support and participation largely finance our work.

This funding will further our mission, which is "to manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing and outdoor recreation opportunities for the use and enjoyment of present and future generations." This mission is essential to the quality of life, heritage, health, and economic well-being of all Texans.

**OPPORTUNITIES/CHALLENGES:**

Key opportunities, issues, and challenges for TPWD leading into the 89th Legislative Session include:

**CHALLENGES FOR WILDILIFE, FISHERIES & ENFORCEMENT ACTIVITIES**

TPWD's ability to carry out wildlife, fisheries, enforcement and related responsibilities is facing numerous challenges. In addition to the pressures placed on the state's fisheries, wildlife, and other natural resources by factors such as human population growth, urbanization, and development, inflationary cost increases impacting commodities, goods, services, and materials have strained the department's ability to deliver these programs within existing funding resources.

Further exacerbating these concerns are demographic trends and societal shifts showing a need for focused efforts to recruit and retain new/current fee-paying constituents, and recent evaluations of Game, Fish and Water Safety Account (Fund 9) balance projections indicating that existing funding mechanisms may be inadequate to effectively support conservation and recreation efforts over the long term.

During the 89th Legislative Session, TPWD must work with the Legislature to secure sufficient appropriation authority to support fish, wildlife, and enforcement-related human resources, operating, and capital needs. TPWD must also seek support from the Legislature to modernize its fee structure, develop or seek new funding sources, and explore statutory changes to better position the department to support fisheries and wildlife conservation and recreation now and in the future.

**CENTENNIAL PARKS CONSERVATION FUND**

Approval of the new Centennial Parks Conservation Fund by the 88th Legislature represented an unprecedented opportunity for TPWD to accelerate land acquisition to better address growing demand for outdoor recreation and conservation opportunities in new and existing state parks.

Since passage, TPWD has been engaged with the Legislature and other parties to ensure that the new fund is implemented and utilized in accordance with requirements and expectations. As a result, the agency has identified several areas in need of clarification, including whether an approval process is required to use funds for improvements; the timing and use of funds for land acquisition related costs such as surveys, due diligence and legal fees; and reporting expectations. TPWD is requesting statutory and rider changes during the upcoming biennium to address these issues.

Also of note is that the new fund may not be used for salary or administrative expenses, despite the significant staff effort required to successfully execute use of these funds, and additional staffing and operating resources will be needed as multiple new state parks and acreage are added to the state parks system. Additional appropriation of other TPWD sources, such as the State Parks Account (Fund 64), may be needed to cover these costs in the future.

**Administrator's Statement**

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

**LAW ENFORCEMENT/BORDER SECURITY**

TPWD game wardens and state park police officers protect the state's diverse, valuable, and fragile natural resources, including fish, wildlife, and state parks, through land-based and marine patrol throughout the state, including along the border. They protect the citizens of Texas by providing water safety, search and rescue, general law enforcement services, and supporting local, state, and federal law enforcement partners.

The Unified Command, led by U.S. Border Patrol, the Texas Department of Public Safety (DPS), and TPWD, deploys forces to disrupt and deter illegal activities along the border. Units conduct overt and covert land-based operations which are intended to disrupt illegal hunting and fishing, trespassing, and transnational criminal organizations' activity involving the trafficking of narcotics, humans, stolen vehicles, stolen vessels, firearms, and currency, to protect Texans, reduce border-related crime, deter transnational criminal influence, and deter the illegal harvest and smuggling of aquatic and wildlife resources within the area. TPWD has 209 game wardens stationed along the breadth of Texas' southern border. Of those, 49 positions are funded through dedicated border security funds. These forces conduct intelligence-based operations to protect the people and the resources of Texas in the region, serving both as a deterrent and a reactive force.

In January 2022, at the request of the Governor, TPWD game wardens and state park police officers deployed to assist with Operation Lone Star, a multi-state agency border security initiative led by DPS and the Texas Military Department. Between September 2023 and August 2024, TPWD game wardens and state park police officers referred 2,546 criminal suspects along the border to the DPS, Border Security, and local authorities and made seizures of numerous feet of illegal fishing gill net and approximately 897 pounds of illegal drugs. A total of 1,024 individuals were prevented/deterred from entering illegally into Texas at the border. The Governor's Office is providing funding to TPWD for the expenses associated with this surge, including game warden and state park police overtime, fuel, travel, and equipment costs.

**STAFF COMPENSATION**

TPWD is greatly appreciative of the legislatively mandated and approved targeted pay increases for FY2023 and the FY2024-2025 biennium, however employee compensation remains a significant issue, and ensuring competitive and equitable salaries continues to be a high priority for the department.

Competition with other agencies and the private sector, limited labor pools at the remote locations of many TPWD sites, and inflationary pressures on the purchasing power of wages all combine to exacerbate difficulties in TPWD's efforts to recruit and retain qualified staff.

The department has been working towards a long-term goal of developing a competitive total rewards strategy that includes employee programs, business practices, and other dimensions that collectively comprise the department's strategic efforts to attract, motivate, and retain quality employees. This effort includes cross-divisional comparisons of "like" classifications to reduce compression among pay grades and annual comparisons of all classifications among state agencies to ensure recent gains are not lost.

Ultimately, an effective compensation package that includes competitive salaries is critical to the department's ability to recruit and retain qualified staff and must be a key component of any such plan. As such, one of TPWD's highest priorities continues to be assuring that staff are appropriately compensated and that salaries are competitive with other similar state agencies.

**CAPITAL CONSTRUCTION & REPAIR NEEDS**

Recent increases in funding for capital construction and major repair, particularly from Sporting Goods Sales Tax revenue, are allowing the department to make notable strides in addressing major repair backlogs and construction needs at state parks facilities. However, the backlog of capital repair and construction needs remains substantial as facilities deteriorate due to age, use, and weather impacts. Additionally, there are many other non-state park facilities such as wildlife management areas,

**Administrator's Statement**

9/27/2024 5:09:51PM

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

hatcheries, regional offices, the Game Warden Training Center and Austin Headquarters, that also have significant construction and repair needs. Likewise, recent efforts identifying ADA facility upgrades statewide point to the need for greater investment of resources to make agency facilities accessible to all Texans. As a result, adequate and sustained funding from Sporting Goods Sales Tax, Fund 9 related and other sources for TPWD's capital construction and repair program is very important to maintaining progress in addressing all TPWD facility and infrastructure needs statewide.

**CHRONIC WASTING DISEASE**

Chronic Wasting Disease (CWD) is a fatal neurodegenerative disorder that is known to affect cervid species such as white-tailed deer, mule deer, elk, red deer, sika and their hybrids. The department has developed and implemented various regulations since CWD was first detected in Texas and has worked collaboratively with the Texas Animal Health Commission (TAHC) and stakeholders to address the threat by implementing a comprehensive management strategy focused on early detection and containment of the disease. This strategy includes the establishment of voluntary and mandatory check stations, as well as enhanced testing requirements for individuals permitted to move live deer, designed to increase the capacity to detect CWD where it exists and to increase the probability of containing CWD before it can spread. Testing and reporting requirements for captive facilities have also been important in expediting trace investigations to contain the disease. The Wildlife Division continues to make appropriate staffing and other changes, including new Regional Wildlife Health Specialist positions, to continue and enhance monitoring and surveillance efforts, provide support for the Texas A&M Veterinary Medical Diagnostic Laboratory, and continue to support research to enhance CWD management strategies using the best available science.

**INFORMATION TECHNOLOGY & ACCELERATION OF AGENCY MODERNIZATION**

TPWD recently embarked on an important initiative to accelerate the modernization of the department by examining technology, standard operating procedures, and facilities needs to unlock potential efficiency gains and cost reductions that can be deployed to support its mission. The ultimate aims are to create better customer and stakeholder experiences both internally and externally, to create efficiencies where savings can be directed to advancing the mission on land and water, to continue to stay relevant with Texans, and to be a leader among Texas state agencies.

Digital accessibility, improving the ease of customer transactions, eliminating barriers, and allowing better, easier, and more efficient access to relevant information are key components of allowing customers to interact with TPWD in a more modern and efficient way. Likewise, these efforts will be geared to improving the internal TPWD environment to help TPWD employees perform their jobs more seamlessly, transparently, and effectively.

Examples of modernization actions that are already underway include replacement of TPWD's legacy boat registration and titling system, expansion of digital tagging options for hunting and fishing licenses, and expanding opportunities for customers to obtain certain wildlife and fisheries permits online.

TPWD has also identified a host of other modernization needs which will require additional resources to be fully implemented. Examples of initiatives with potential to significantly advance the agency's modernization efforts include but are not limited to new digital solutions that will allow staff to automate processes that are currently manual; continuing to evaluate legacy systems and prioritize eligible applications to enhance functionality for internal and external customers; enterprise-wide law enforcement management system and in-car automation to improve the transparency and efficiency of agency enforcement transactions; and opportunities to upgrade the agency's network management solution.

STRATEGIC PRIORITIES/FUNDING REQUESTS:

BASE LEVEL:

**Administrator's Statement**

9/27/2024 5:09:51PM

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

Base limits calculated by the LBB and Governor's Office for the 2026-2027 biennium removed some one-time appropriation amounts as well as all capital transportation vehicle authority for non-law enforcement related functions. However, the limits retained much needed funding for the Boat Registration and Titling System redesign, and maintenance/operation of fixed wing aircraft authorized by the 88th Legislature. Base General Revenue-Dedicated levels also allow TPWD to direct funds to long-standing capital repair/construction needs for fisheries and wildlife facilities and urgent TPWD headquarters plumbing repair needs.

Additionally, Sporting Goods Sales Tax authority was maintained at levels equivalent to the Comptroller's most recent updated 2024-2025 estimates (October 2023 Certification Revenue Estimate) plus some relatively minor adjustments. TPWD's plan for use of this SGST, as laid out in Rider 14, funds state park operations, minor repairs, local park grants, capital construction, and land acquisition, as well as operations and staffing for expanded parks.

An additional 106 FTEs are requested to operate existing state parks and to staff additional park sites that will be in the process of or are expected to be opened during the 2026-2027 biennium. This request is for FTE authority only and does not require appropriation of any additional funding over amounts in the base. Note that TPWD's overall plan for use of SGST will be revisited and revised as necessary upon release of the Comptrollers Biennial Revenue Estimate in January 2025.

**EXCEPTIONAL ITEMS:**

TPWD is requesting seven exceptional items totaling \$230.8 million and 38 FTEs over the 2026-2027 biennium.

**CAPITAL TRANSPORTATION**

TPWD's GR-GRD limits, approved by LBB and GOBP, reduced authority tied to all TPWD capital transportation vehicle items except those associated with law enforcement and border security activities. It is crucial for TPWD to have ongoing capital transportation authority to replace vehicles as they meet/exceed state and agency replacement thresholds. The TPWD vehicle fleet is critical to TPWD's on-going operations across the state, as they are needed for activities such as conducting wildlife and aquatic biological studies, providing wildlife technical guidance to private landowners, operating State Parks and WMAs, providing outreach and education services, managing construction projects, responding to violations and accidents involving natural resources, mail delivery, maintenance of facilities and security, and more.

Agency vehicles are utilized heavily and must be replaced according to an on-going/recurring replacement schedule. Delays in the ability to replace vehicles could result in unsafe and unreliable equipment, possible interruption of services, and increased repair expenses. Likewise, as the number of state parks begins to grow, TPWD requires additional vehicles for staff at those locations to effectively carry out their duties.

This request is for \$14.8 million over the biennium to allow TPWD to replace vehicles according to schedule in the face of increasing inflationary pressures, as well as to secure additional vehicles, including those needed for staff and operations at newly opened or soon to be opened parks such as Albert and Bessie Kronkosky, Devil's River, and other recently acquired sites.

**CRITICAL CAPITAL REPAIR AND IMPROVEMENTS-TPWD HEADQUARTERS**

This request is for \$24.1 million over the biennium to address capital repair needs at the TPWD Headquarters (HQ) Building and complex, including amounts for planning and design of HQ building modernization, building envelope repairs, roadway access control, ADA facility upgrades, replacement of HVAC units, entrance door replacement/foyer installation, and backup generator replacement.

The Austin Headquarters building dates from 1976 and is in dire need of repair, renovations and upgrades. Repair backlogs and emergencies, such as recent sewer line

**802 Parks and Wildlife Department**

---

issues which rendered restrooms unusable for staff and the visiting public, often result in disruptions to daily business and more expensive strategies to administer building improvements. Additional funding to address critical HQ complex maintenance and repairs is needed to operate efficiently and provide a safe environment for employees and visitors.

Over the longer term, consideration must be given to a complete renovation or replacement of the current HQ building, given its age and ongoing annual costs for upkeep. Providing a renovated, modern and energy efficient building would save TPWD operating expenses, reduce TPWD's footprint and costs by reducing use of leased space in Austin, protect agency assets, and address safety issues associated with structural hazards, fire, security, and accessibility.

**EMPLOYEE COMPENSATION**

This request would provide \$69.8 million over the biennium to provide targeted salary actions for TPWD employees. The amounts would be directed at increasing salaries for TPWD classification titles where salaries are below the same classification titles at other Article VI (Natural Resources) agencies and implementing other salary actions for TPWD employees (excluding Schedule C) to address salary equity issues that were not addressed by and/or have arisen since the salary increases approved last session. These actions will help ensure our agency's salaries are externally competitive and internally equitable.

The legislatively mandated salary actions last session, including those directed to Law Enforcement in Schedule C, gave much needed increases to agency staff, while approved targeted salary actions were focused on TPWD priority hard-to-fill, high turnover, and high vacancy rate positions. However, these actions collectively resulted in internal inequities and compression issues and did not address wage inequities with other state agencies.

Employee compensation surveys, studies, and exit surveys have consistently identified pay as a significant issue for department recruitment & retention efforts.

Analysis of TPWD's salary structure indicates an average salary of \$57,879 at the end of FY2024, which lags behind the Article VI agency average of \$69,505 by \$11,626 (20%) annually.

Other factors, such as the remote location of many TPWD sites, which present a limited labor pool, the availability of higher paying private sector jobs, and inflationary pressures on the purchasing power of wages, also complicate TPWD's ability to recruit & retain qualified staff. For example, the combined effect of a highly competitive job market and cost of living has made it difficult to recruit/ retain staff for Austin headquarters-based positions, particularly those related to support functions such as finance, accounting, legal, communications, infrastructure, human resources, and information technology.

**EXPAND & MODERNIZE GAME WARDEN PRESENCE**

This exceptional item requests \$78.1 million and 30 FTEs over the biennium to expand and modernize the game warden presence across the state. Amounts would provide funding for salaries, operating and equipment needed for additional game wardens and related support staff and would also allow the department to implement a 50-hour work week for game wardens, similar to DPS. Funding would also ensure ongoing operations, including amounts needed for new aircraft and vehicle maintenance and fuel; purchase of equipment and services to modernize, improve and enhance the ability of game wardens to conduct essential functions, including funding to maintain the vehicle fleet, purchase of new computers, body camera/data storage, and in-car automation; and to allow for needed repairs and upgrades at the Game Warden Training Academy and other Law Enforcement offices across the state.

Amounts are also requested to enhance boater education/boater safety efforts by appropriating boater education revenues directly to the boater education program.

**Administrator's Statement**

9/27/2024 5:09:51PM

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

With the growth in population of the state as well as growth in recent statewide initiatives involving TPWD game warden participation, it is important that TPWD game wardens be adequately funded and outfitted with the equipment and tools needed to safely, effectively and efficiently provide public safety and law enforcement services to the state.

**AGENCY TECHNOLOGY MODERNIZATION**

This exceptional item requests \$7.75 million over the biennium for projects identified during a recent initiative examining critical agency modernization needs.

Funding would allow for: (1) expansion and improvement of the agency network to support connectivity upgrades; (2) expanded Data Center Services to allow TPWD to increase cybersecurity capabilities and to procure additional digital tools, data oversight & software licenses to improve support of mission initiatives; (3) development of low code applications to allow TPWD to develop & implement applications giving staff efficient tools to track, strategize & manage mission critical work & decisions utilizing new, secure, scalable platforms; (4) Data Management Program, to allow TPWD to migrate to a centralized, more secure & scalable enterprise data environment; (5) Robotic Process Automation (RPA) software licenses/resources to allow programming automated processes to improve efficiencies in repetitive workflows; and (6) software procurements to enhance or modernize current processes, moving towards more secure & efficient business practices to support all customers.

With roughly 9.3 million state park visits, 2.4 million hunting, fishing and combination licenses sold, and 504,000 boat registration/titling and related transactions processed annually, as well as numerous other customer interactions with TPWD, it is imperative that the department make the best use of technology to ensure top notch experiences for our constituents, both as they conduct business with TPWD and as they enjoy the rich hunting, fishing and outdoor recreational experiences Texas has to offer. Funds requested in this exceptional item will create efficiencies and associated cost savings that could be redirected to other program areas, ultimately improving the ability to carry out our core mission.

**ACCESS TO & CONSERVATION OF FISHERIES AND WILDLIFE RESOURCES**

This item requests \$6.3 million and 6 FTEs over the biennium to maintain and improve access to and conservation of fisheries & wildlife resources for the enjoyment of hunters, anglers, and Texans. Requested funding sources reflect dedicated TPWD streams such as Saltwater and Freshwater Fish Stamps, Big Time Texas Hunt fees, Sand, Shell and Gravel fees, and Unclaimed Refunds of Motorboat Fuels Tax. Approval of this request would allow TPWD to direct these funding streams, many of which are user funded, to programs offering direct benefits to fee-paying constituents/related resources.

Funding would address staffing needs related to saltwater hatchery flounder production, retention/expansion of hunting leases, design and implementation of small and large-scale bank and shoreline based angler access and fish habitat enhancements in streams and reservoirs statewide, conservation of fisheries & aquatic resources that provide access to angling, boating & other water-based recreation in public waterbodies, and scheduled maintenance and repair projects at freshwater hatchery facilities.

**TEXAS FARM AND RANCH LANDS CONSERVATION PROGRAM**

The Texas Farm and Ranch Lands Conservation Program (TFRLCP) is aimed at conserving working lands that have high values for water, fish, wildlife and agricultural production and that are at risk of development. Conservation is achieved by providing grant funds to purchase long-term conservation easements. These easements are a voluntary tool to permanently conserve lands by perpetually restricting development rights on contracted properties while enabling the continuation of agricultural practices. To date, under TPWD, the TFRLCP Council has approved funding for a total of 37 projects, bringing more than 47,000 acres of the state's high value working farms and ranchlands under perpetual protection. Since inheriting the program in 2015, TPWD grant funds totaling \$8.26 million have been leveraged with landowner in-kind matches and the U.S. Department of Agriculture's Natural Resources Conservation Service funds for a total conservation value of over \$60 million.

**Administrator's Statement**

9/27/2024 5:09:51PM

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

Based on the success of this program, TPWD requests \$30.0 million and 2 FTEs over the biennium to increase grants awarded for the purchase of long-term conservation easements. The funding would help address burgeoning landowner demand for such easements, facilitate an increase in acreage protected from fragmentation & development, and increase effectiveness in conserving the state's fish, wildlife, water, and open space resources, which are largely found on private lands.

**RIDERS:**

In addition to maintaining existing rider authority secured during the last session, some of TPWD's more significant rider requests for the 2026-2027 biennium include:

**Sporting Goods Sales Tax (SGST):**

TPWD is requesting changes to clarify the timing of LBB approval of SGST amounts as well as funding options in the event Comptroller estimates are revised down. The timing of LBB approval of additional SGST amounts received during the biennium is often uncertain, and in some instances has taken many months. Depending on the length and specific timing of the approval, this can have consequences for effectively/efficiently planning and expending these dollars within the biennium. Approval of these amounts within a 90 calendar-day timeframe would ensure TPWD can make the best use of the funds as intended according to the submitted plan.

Additionally, Comptroller estimate updates have in some cases resulted in less SGST available to TPWD. To avoid unanticipated fluctuations in funding for state and local park operations, TPWD requests addition of language that holds TPWD harmless in the event CPA SGST estimates are subsequently revised down by CPA, by allowing the option to use SGST balances or GR-D State Parks Account funds to replace any lost SGST.

**Unexpended Balance Authority for Land Acquisition Appropriations:**

The ability to carry forward unexpended balances of land acquisition appropriations allows for strategic planning to target conservation efforts and strategic tracts of land and allows the department to respond to emerging business needs. Due to the complicated nature of major land transactions, which will inevitably span across biennia, UB authority would provide flexibility to manage the land acquisition portfolio and mitigate risks without jeopardizing negotiations, improving TPWD's ability to acquire strategic tracts of land at the best value for the state.

**Appropriation of Boater Education Fees:**

House Bill 2755 of the 88th Legislature amended Parks & Wildlife Code to provide that revenues collected from Boater Education would be deposited to the Game, Fish and Water Safety Account. However, these amounts are not directly appropriated for use on the boater education program.

The current budget for the boater education program is insufficient to cover all needs. Additional funding for the program, via appropriation of boater education fees directly back to the program, would allow the agency to address staffing and related operating needs to better address demand. In tandem with approval of the associated exceptional item, this rider would allow TPWD to spend any boater education revenues collected (in an estimated amount) for the boater education program.

**Reporting on Centennial Parks Conservation Fund:**

Ongoing discussions with oversight and other entities regarding this new fund have highlighted issues with current statutory provisions, as well as with expectations regarding reporting requirements. TPWD is requesting a new rider to formalize reporting requirements, including specific information and the timing/frequency of reports, related to the new Centennial Parks Conservation Fund.

**Appropriation Life of Habitat and Angler Access Program Grants:**

**Administrator's Statement**

9/27/2024 5:09:51PM

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**802 Parks and Wildlife Department**

---

This rider requests that Angler Access and Fish Habitat Restoration Grants be treated as construction appropriations for the purpose of determining the life of the appropriation. The expanded timeframe will help address issues experienced with project completion timelines, and will allow TPWD to take on larger projects, create more flexibility, and better meet the habitat and access needs that this program was intended to address.

**CRIMINAL HISTORY BACKGROUND CHECKS:**

In accordance with Texas Government Code, Section 411.135, TPWD conducts criminal history checks on all new employees, volunteers, and contractors. Criminal background checks are conducted on all individuals applying for law enforcement positions according to the Occupations Code, Section 1701.303, and on individuals applying for IT positions, contractors, interns or volunteers who have access to IT resources according to Texas Government Code, Section 411.1405.

COMMISSION MEMBERS:

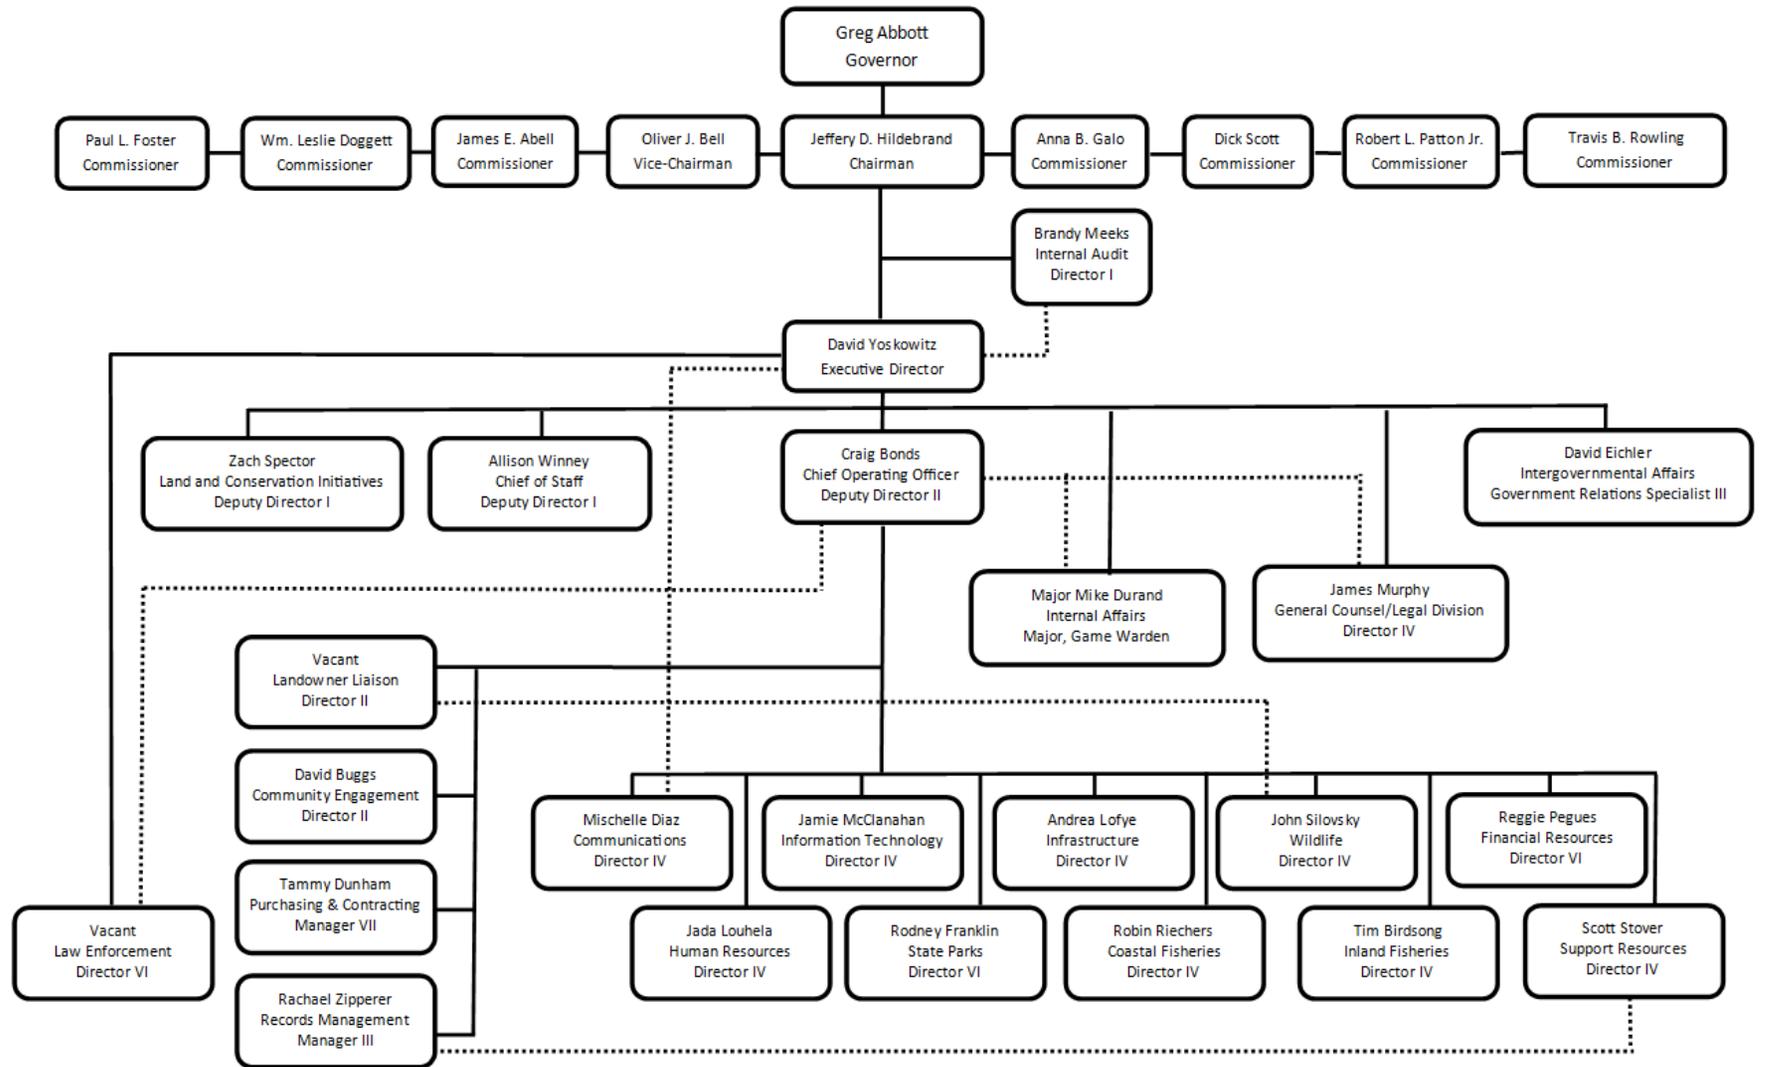

<b>Member</b>	<b>Term</b>	<b>Hometown</b>

# Executive Office

## Functional Responsibilities

- Executive Director: Serves as the agency's chief executive officer and is accountable to the TPW Commission for the overall operations of the department. Coordinates the development of agency strategy and policy, supervises senior agency management, makes major budgetary allocation decisions, serves as the senior decision authority, and acts as the chief spokesman for the agency. Responsible for management and oversight of 13 divisions with a wide variety of programs, facilities and services.
- Chief Operating Officer: Oversees the day-to-day internal operations of the agency. Supervises senior agency management, Landowner Liaison, and provides oversight of agency programs, facilities and services. Assists the Executive Director and executive management team in determining strategic direction, financial planning, administration initiatives and functions of the assigned divisions and program areas. Helps plan and direct legislative initiatives and statutory matters related to assigned divisions and program areas.
- Chief of Staff: Performs executive level policy administration, strategic planning and execution, and Texas Parks and Wildlife Commission meeting oversight. Work involves supporting state agency administration, operations of the Executive Office, and long-term projects of the agency.
- Governmental Relations and External Partners: Coordinates all activities related to the Legislature and assists with engagement and interaction with other public officials at the local, state, and federal levels.
- Chief of Land and Conservation Initiatives: Provides leadership capacity and engagement as needed on agency conservation initiatives, including but not limited to landscape and watershed-scale initiatives. Provides programmatic oversight and direction to the Land Conservation Program (LCP), including land acquisitions and strategic property and conservation initiatives.
- Executive staff coordinates all activities related to the Commission, Legislature, Executive Office, day-to-day activities, and the Texas Parks and Wildlife Foundation.
- Internal Audit: Reviews and evaluates TPWD's management controls and governance processes for all department operations, performs assurance and management advisory services and facilitates business risk assessments. Serves as the external audit liaison for all audits of TPWD by external audit entities, and for statewide and federal audits. Assists management in coordinating management responses for all external audits.
- Internal Affairs: Responsible for internal employee investigations, threat assessments and criminal investigations; coordinates with other law enforcement jurisdictions and provides emergency response services.
- Office of Community Engagement: Oversees the Department's community and engagement efforts; works with executive management to set strategic direction for internal and external engagement.
- Records Management: Provides records management and retention services for all department records, preservation and protection of records, maintains and certifies the Department's Record Retention Schedule with the Texas State Library and Archives Commission.
- Purchasing and Contracting: Oversees and manages the agency's procurement process, including the development and review of solicitations and agreements, as well as monitoring compliance with state purchasing requirements and implementing the agency's Historically Underutilized Business (HUB) program.

# Texas Parks and Wildlife

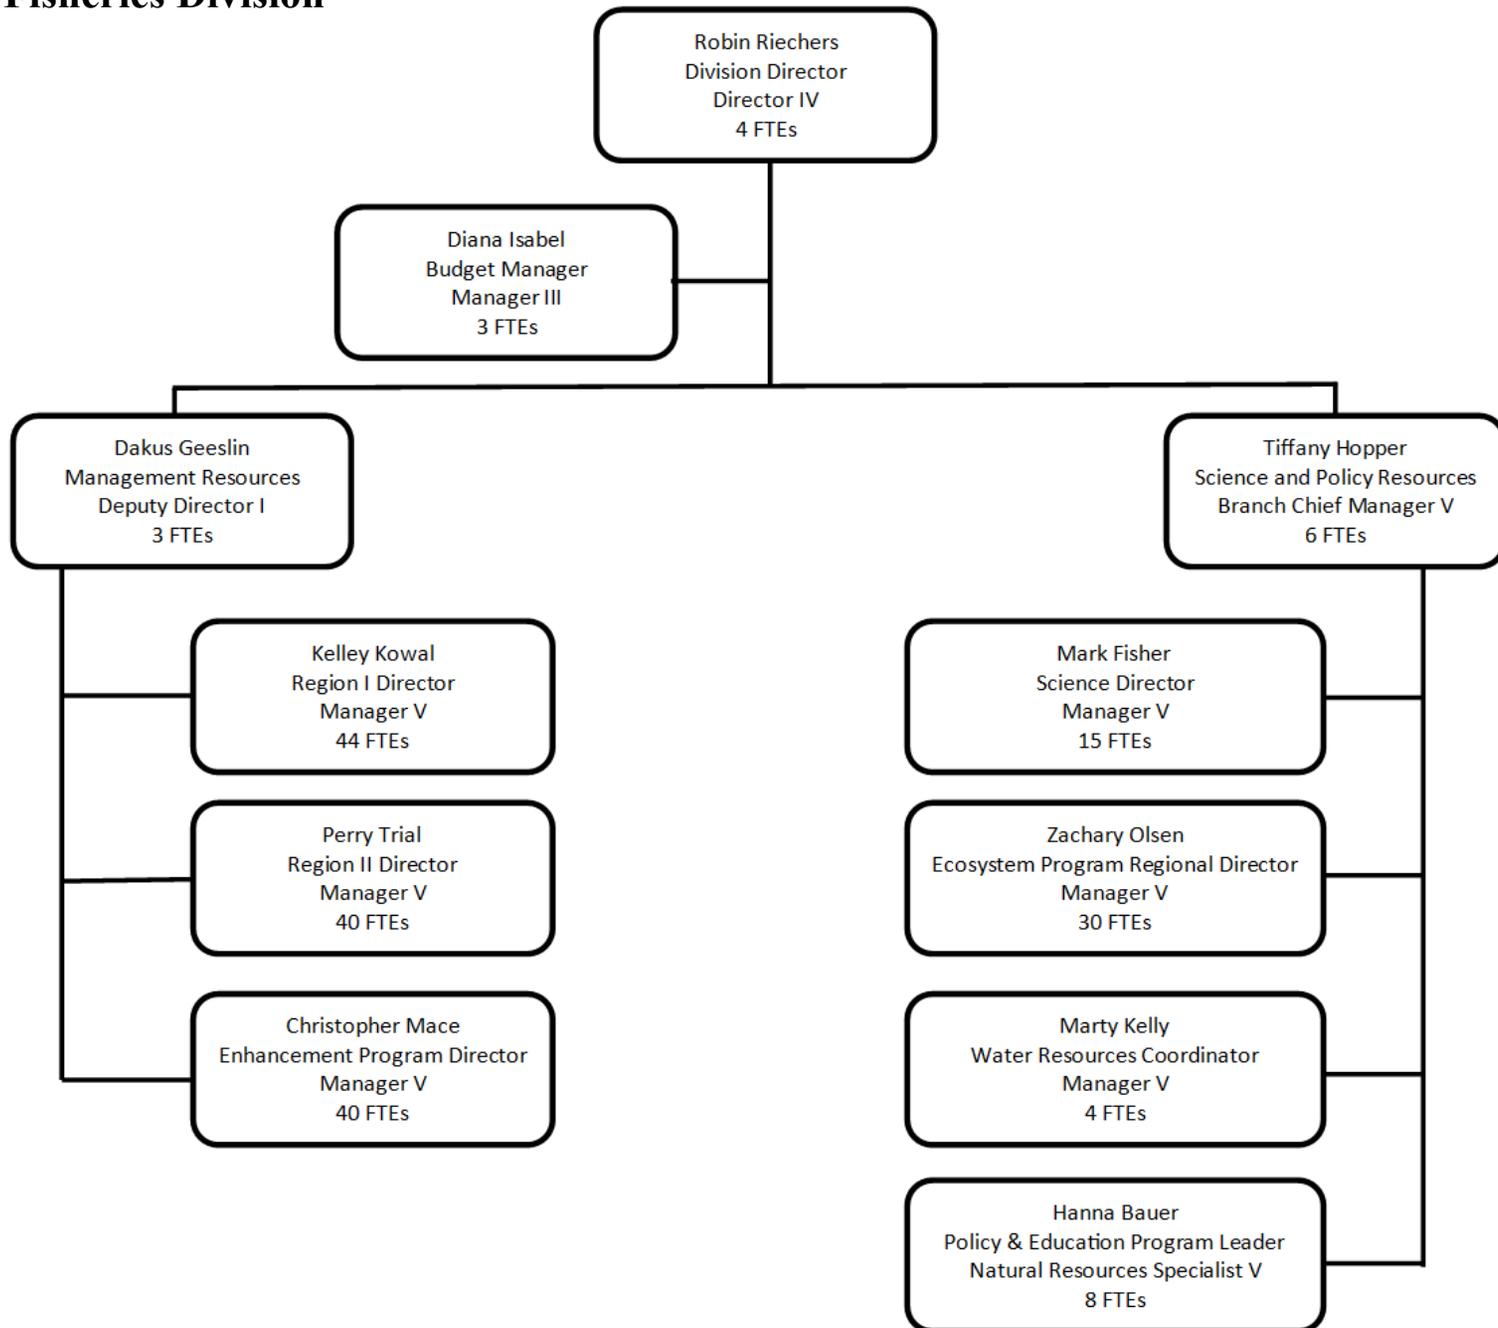

# Coastal Fisheries Division

## Functional Responsibilities

- Coastal Fisheries Division: Manages the marine fishery resources of Texas' four million acres of saltwater, including the bays and estuaries, and out to nine nautical miles in the Gulf of Mexico. Coastal Fisheries management strategies are directed toward optimizing long-term utilization and sustaining fisheries populations at levels that are necessary to ensure replenishable stocks of commercially and recreationally important species.
- Management Resources Branch: Monitors and manages marine natural resources for optimal benefits to the State of Texas.
- Enhancement Hatchery Program: Produces and stocks marine species in coastal estuaries of the State to enhance economically important recreational fisheries.
- Science and Policy: Responsible for analyzing and preparing data and information for the division's policies and programs. This team is responsible for geo-spatial modeling and analysis, social and economic analysis, and outreach to fisheries stakeholders. Lastly, this team conducts project management planning and implementation for division programs including the limited entry programs, buyback programs, and management of grant processes for the division.
- Ecosystem Resources Program (ERP): Performs investigations and assessments and provides technical guidance and/or recommendations for avoidance and minimization of coastal impacts. ERP staff interacts with agencies and other stakeholders to review and comment on Section 10/404 permit applications, National Environmental Policy Act (NEPA) documents, and other environmental documents. ERP staff also conducts data collection and analysis to better understand and quantify ecosystem functions, including freshwater inflows, water quality, and habitat needs. To increase public awareness of Texas coastal ecosystems, outreach activities (e.g., Coastal Expos) are conducted that target participation of urban youth and minorities.
- Water Resources Branch: Represents the agency in water planning and permitting matters statewide to ensure sufficient water quality and quantity to support the needs of fish, wildlife, and recreation.

# Coastal Fisheries Division

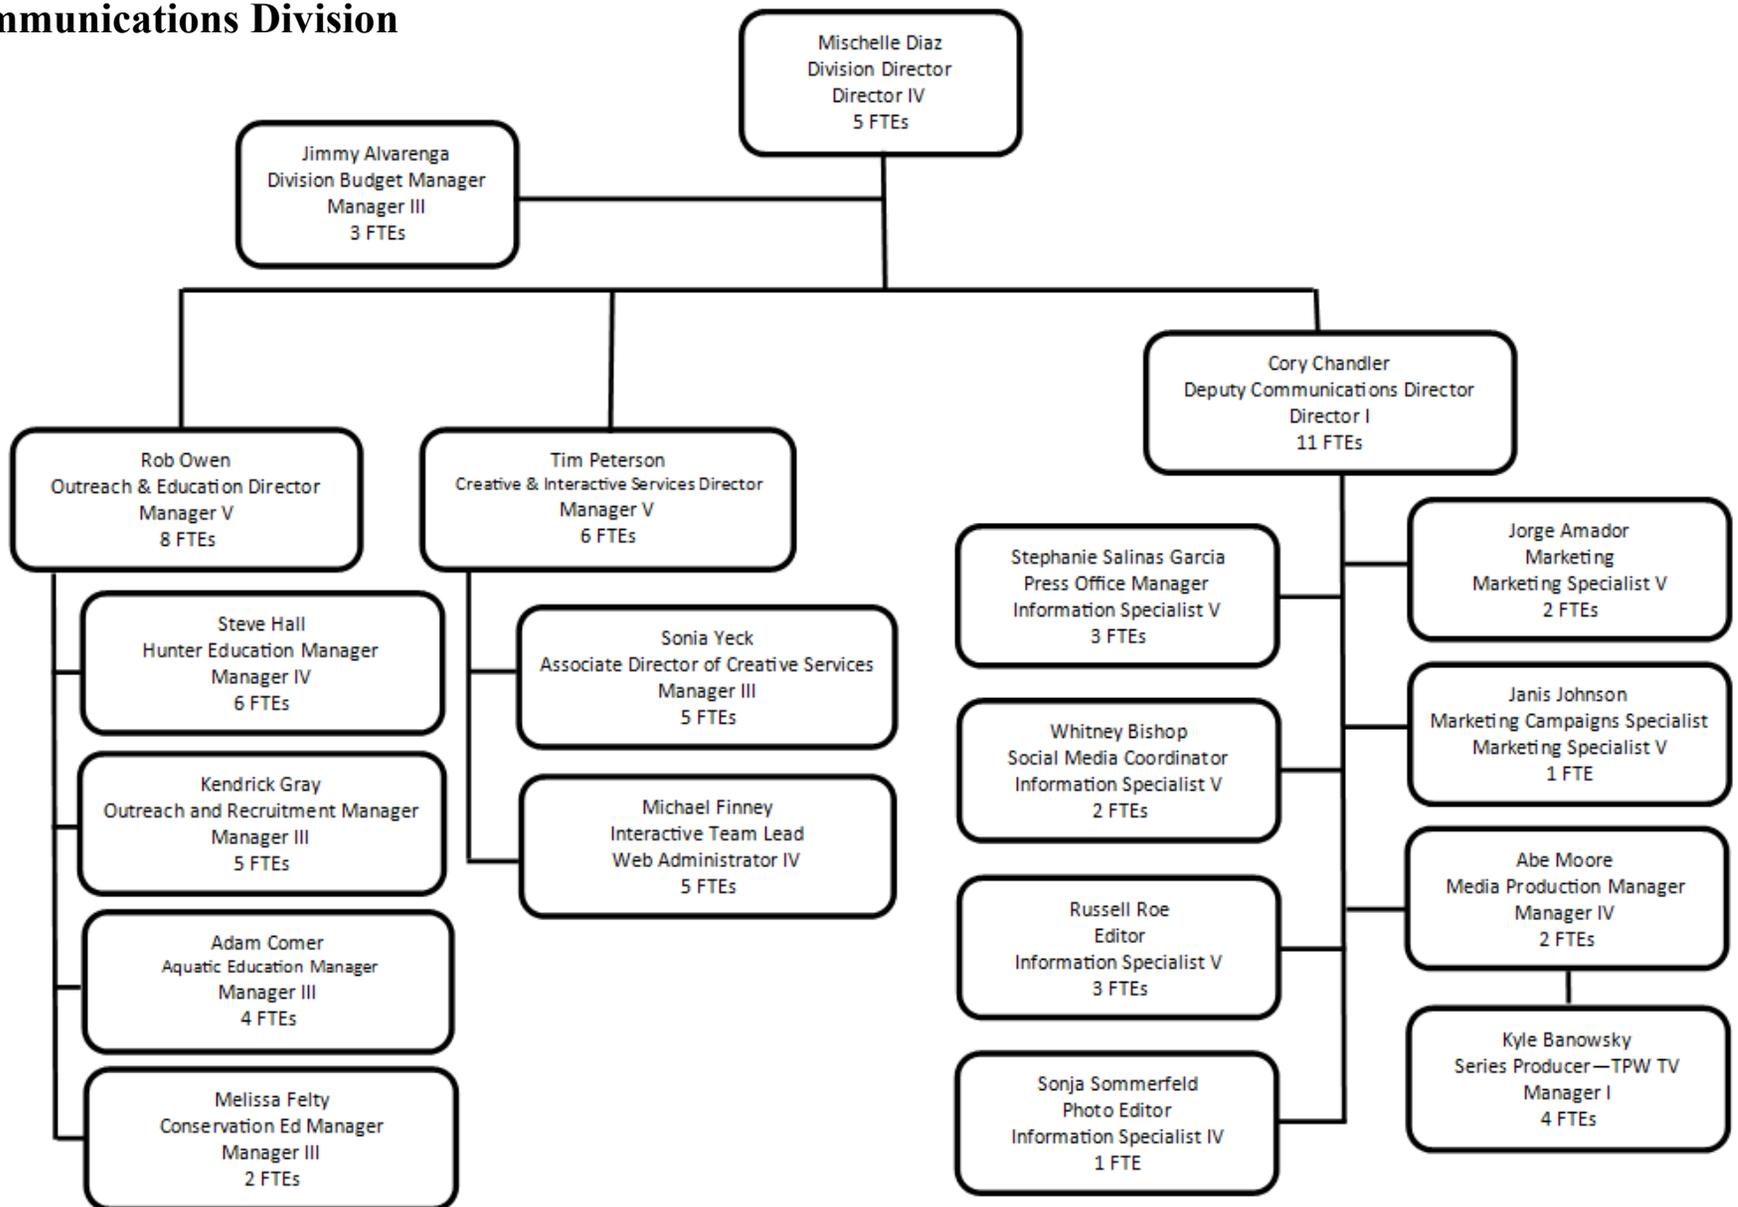

# Communications Division

## Functional Responsibilities

- **Director's Office:** Provides strategic direction and counsel for division staff and TPWD leadership on internal and external communications-related issues. Staff is also responsible for the preparation and monitoring of the division's operating budget, reporting on performance measures and legislative activities.
- **Media Communications and Marketing Group:** This integrated marketing and media communications group produces a variety of content and public information products designed to raise awareness of the TPWD mission and increase participation and support for department initiatives. Products include Texas Parks and Wildlife Magazine, a weekly PBS television series, multi-platform social media content, and a variety of other video content. This group manages crisis response communications, produces news releases, and serves as the main point of contact for state and national media. Targeted digital marketing efforts provide important support for selling hunting and fishing licenses, promoting the sale of revenue-generating products and programs, and raising awareness of conservation issues, such as water safety and invasive species. A variety of special interest e-newsletters on hunting, fishing, and state park visitation provide timely and relevant content for the purpose of keeping key audiences engaged in outdoor recreation. This group also conducts consumer research and provides data analytics that guide decisions on content creation and multi-cultural marketing opportunities.
- **Outreach and Education Group:** Provides statewide outdoor skills and conservation education train-the-trainer programs, as well as management of thousands of volunteer instructors. Partnerships with key community groups help introduce new and underserved audiences to the outdoors and participation in TPWD's mission. Train-the-trainer workshops are the agency's primary tie with formal and informal educators. Oversees and implements the state mandated hunter education programs and provides annual hunting incident reports. These programs emphasize safe, knowledgeable, and responsible participation and meet national standards for reciprocal certifications. Provides Fishing and Aquatic Education, Community Water Education, including Texas Aquatic Science and Texas Waters: Exploring Water and Watersheds curricula, the Project WILD suite of educator workshops, and Archery in the Schools program. Provides outreach, such as Get Outside!\* and other outreach events, the becoming an Outdoors Woman outdoor skills workshops, mobile sporting clays, Community Archery and Nature Tourism programs including Texas Paddling Trails, the Great Texas Wildlife Trails, and The Great Texas Birding Classic. This group is also responsible for the management and direction of the agency's R3 Coordinators, whose work is focused on recruiting, retaining, and reactivating hunters and anglers in license purchases and related outdoor activity engagement. Efforts focus on skills development, participation and wise use of fish and wildlife resources and state parks as a recreational and educational resource.
- **Creative and Interactive Services Group:** Administers the agency's website, including technical development, design, user interface studies and accessibility compliance. Responsible for content management system, employee intranet site, mobile app development and other agency websites. This group manages the agency's publications policy, logo use policy, and web-related policies. The group also manages the agency's print design and print production for various projects, copy services, and photography services.

# Communications Division

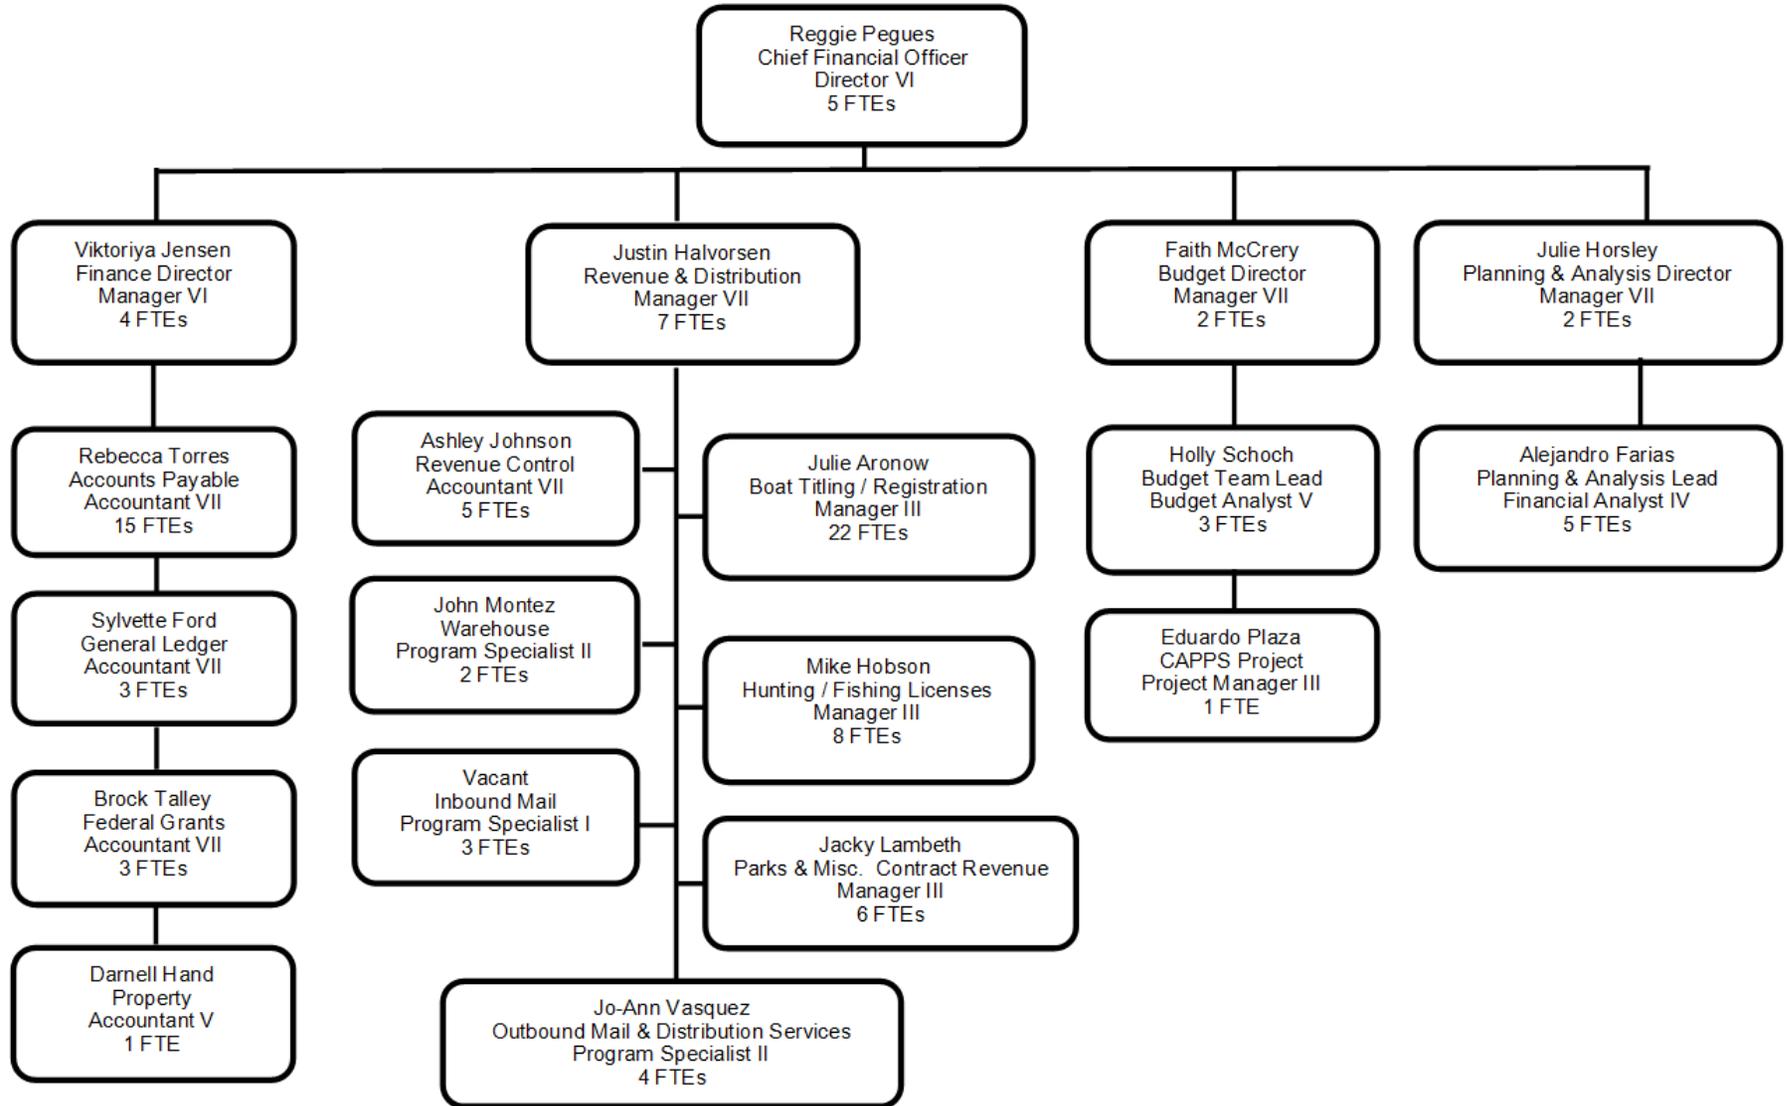

# Financial Resources Division

## Functional Responsibilities

- **Budget:** Provides budget preparation and analysis to oversight agencies and TPWD executive management. Provides budget maintenance, support, and research to stakeholders both internal and external. Responsible for developing and managing the Legislative Appropriations Request (LAR), Annual Operating and Capital Budget, Rider reporting, and assistance with fiscal note analysis. Also includes the Centralized Accounting Personnel and Payroll System (CAPPS) Financials support team, responsible for CAPPS-related queries/reporting/enhancement/fix requests, ongoing technical support/guidance, and system security for internal CAPPS users.
- **Planning, Analysis, and Reporting:** Provides support, research, and analysis to help internal executive management staff and legislative oversight offices make informed decisions regarding TPWD programs, fund balances, revenues, and other areas. Responsible for the legislative Strategic Plan (Natural Agenda), business plan analysis, revenue estimating, fund balance analysis, financial report development/design and financial systems maintenance, financial data warehouse architecture, performance measure system, oversight agency reporting (including LAR), special projects and on-going TPWD analytic training.
- **Grants Administration:** Oversees the fiscal elements of all grants awarded to TPWD. Prepares, reviews and/or approves each stage of grants from application submittal through the final closeout, in collaboration across divisions. Responsible for tracking, monitoring, reporting, and seeking reimbursement for a wide variety of federal grants; annually negotiating a federal indirect rate with Department of Interior; coordinating external audit reviews and related corrective actions; overseeing compliance with federal license diversion restrictions; and completing the annual Schedule of Expenditures of Federal Awards for the Annual Financial Report (AFR).
- **Accounting:** Accurately, efficiently, and in compliance with Generally Accepted Accounting Principles, Government Accounting Standards Board, State and Federal statutes, rules and regulations, manages the following: (a) the processing of, accounting for, and tax notices related to expenditure transactions; (b) accounting and monitoring of the capitalized and controlled assets of the agency; (c) accounting and collection of revenue transactions; (d) general ledger accounting and reporting for the agency and the agency's petty cash accounts and donation reporting and tax notices. Responsible for Accounts Payable and property accounting; revenue control, revenue contract accounting, and state park revenue accounting; General Ledger accounting; and preparation and submission of the AFR.
- **Revenue:** Ensures implementation of statutory provisions related to the issuance of hunting and fishing licenses, endorsements and permits and to vessel and outboard motor registration titling and marine dealer licenses. Manages all sales channels, agents, and systems; properly accounts for all such sales and revenue and provides internal and external customer service.
- **Distribution Services:** Provide internal and external customer service for three integral services to TPWD operations: shipping/ mail service, boat and license document fulfillment, and the disposition of agency surplus property.

# Financial Resources Division

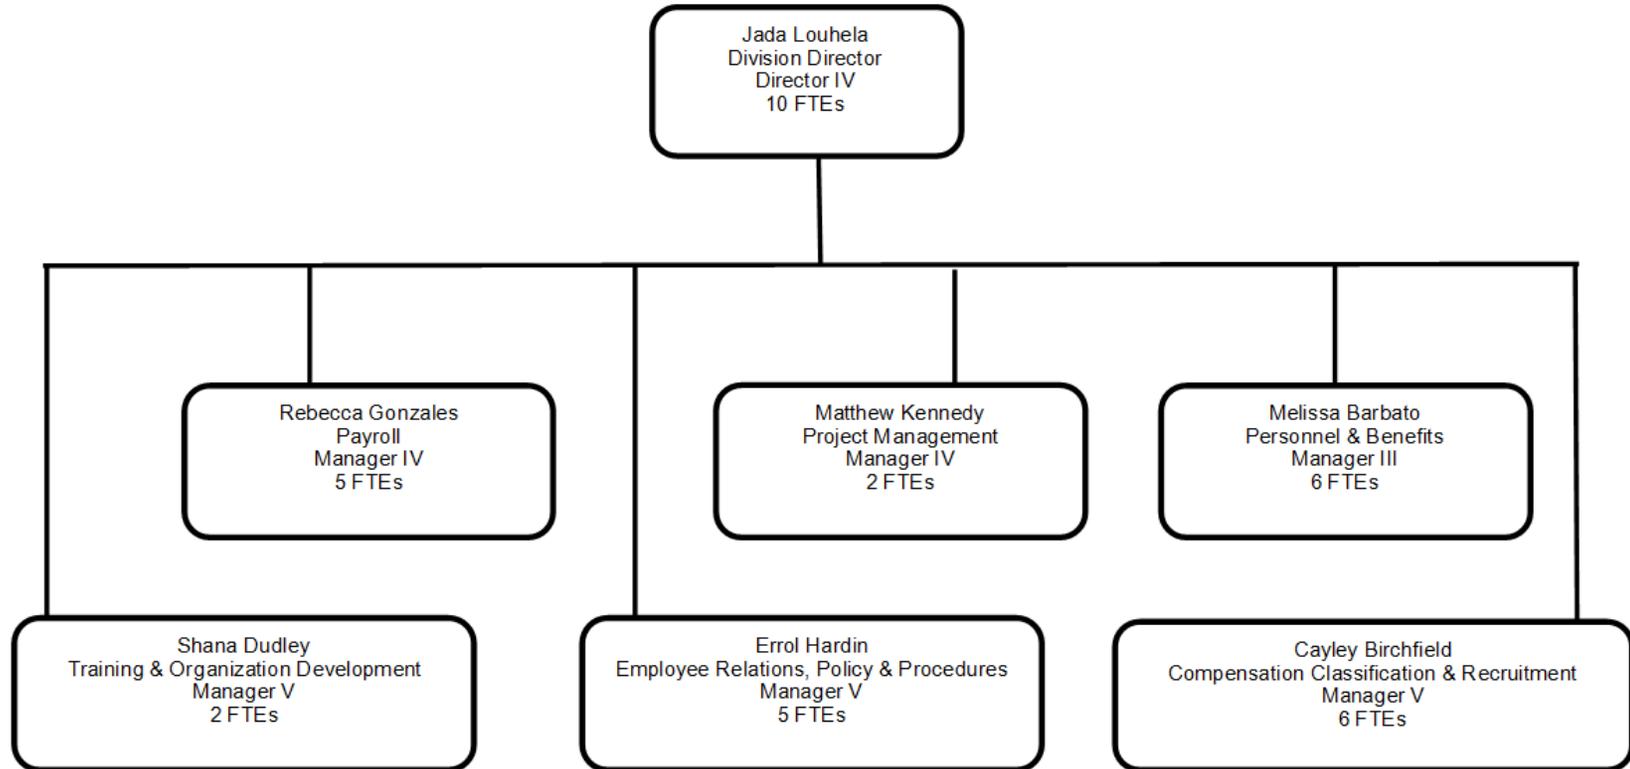

# Human Resources Division

## Functional Responsibilities

- Human Resources (HR) Division: Supports the agency's mission by attracting a skilled workforce and supporting customers with essential services, information, and learning opportunities. The HR Division supports this achievement through the provision of personnel services to an authorized workforce of over 3,000 FTEs.
- Payroll: Administers the agency payroll in compliance with state and federal laws. This team processes payroll actions, provides guidance on special payments, conducts audits, resolves exceptions, reconciles tax data, distributes payments, and completes wage verifications. This team also complies with state and federal reporting requirements, and develops and maintains agency payroll policies, procedures, and controls.
- Compensation, Classification and Recruitment: Administers the agency's recruitment and staffing programs in compliance with the State of Texas Position Classification Plan. This team prepares job posting announcements, processes employment applications, reviews and approves salary actions, conducts job audits, makes Fair Labor Standards Act (FLSA) determinations, and coordinates and submits changes to the State of Texas Position Classification Plan. This team attends outreach and recruitment events, and develops partnerships with universities, internships, and veteran programs.
- Personnel and Benefits Services: Coordinates, audits, and processes selection recommendations, new hires, onboarding, separations, and other personnel requests occurring during the employment cycle. This team administers the Employee Retirement System (ERS) benefits program, providing education, guidance, interpretation, and training on insurance, retirement, and deferred compensation. The team works closely with ERS and insurance carriers to resolve employee benefit issues. This team also administers TPWD's Employee Recognition Awards and Wellness Program.
- Training and Organization Development: Administers leadership and professional development training programs. This team delivers state and federally mandated Equal Employment Opportunity (EEO), sexual harassment, and fraud training, organizational development services, administers the mentoring program and learning management system, and oversees the tuition reimbursement program. This team also directs, coordinates, and assists with many agency-wide initiatives including New Employee Orientation.
- Employee Relations and Special Leaves: Interprets and provides guidance to employees and managers regarding agency policies and state and federal employment laws. Employee Relations advises employees and managers to optimize performance and enhance workplace relationships, investigates EEO complaints, coordinates the disciplinary grievance process, facilitates workplace accommodation, administers the Employee Assistance Program, coordinates drug and alcohol testing for commercial drivers, and represents TPWD in unemployment hearings. The Special Leaves team administers various leaves, workers compensation, and return-to-work programs in compliance with state and federal laws.
- Project Management: Manages various division-wide projects and agency initiatives such as HR policy updates, the Survey of Employee Engagement, HR Annual Reports for divisions, and implementation of relevant laws and regulations resulting from legislative sessions. This team manages system access and security for Centralized Accounting, Payroll, and Personnel System (CAPPS) HR, provides guidance and support to users, maintains foundation tables and commitment accounting changes, and implements agency-level system configuration and enhancements. The HR Project Team also develops and maintains the HR Division's dashboards and on-line systems, develops reports, and oversees the division's computer system, equipment, and software needs, and ensures the HR Division's documents and forms meet accessibility requirements.

# Human Resources Division

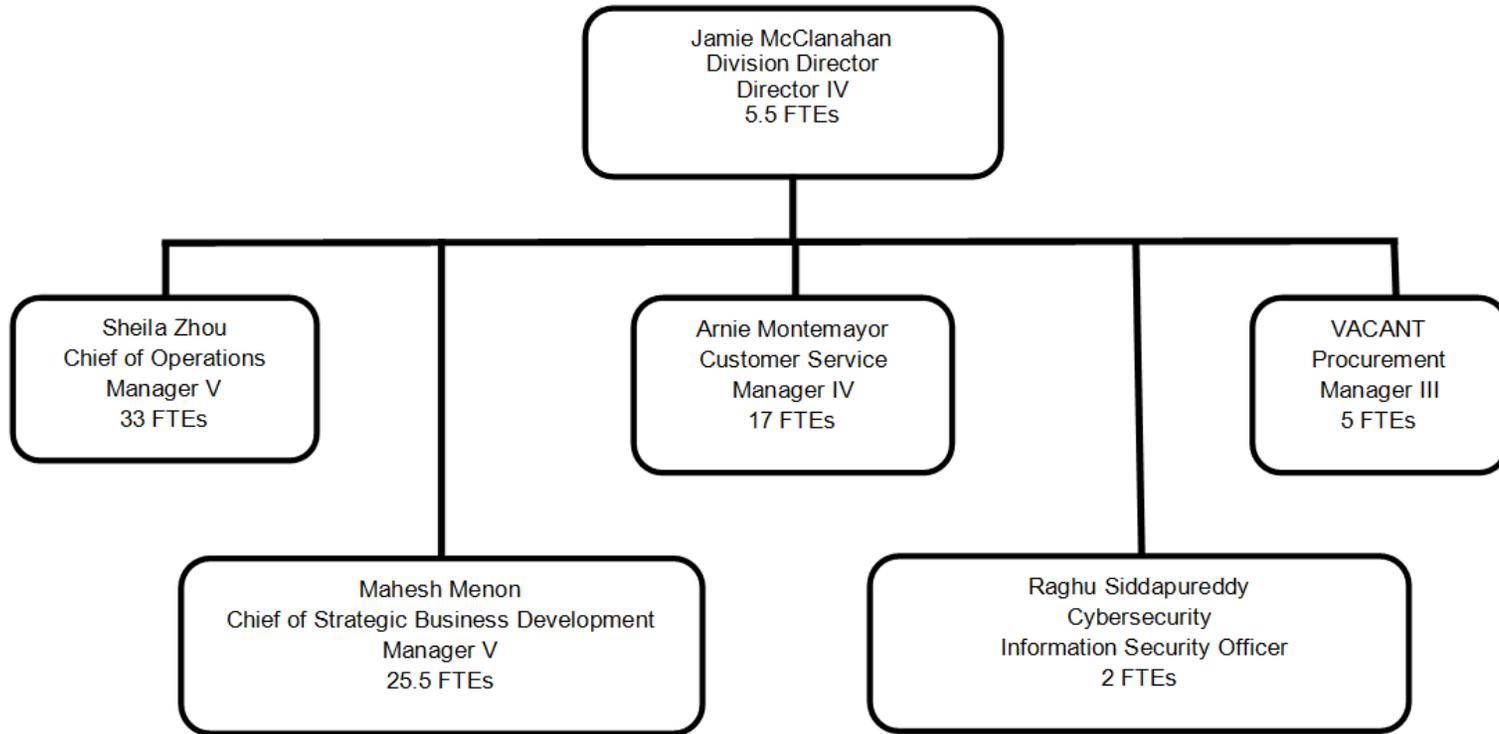

# Information Technology Division

## Functional Responsibilities

- **Operations:** Responsible for supporting, maintaining, and upgrading network infrastructure and telecommunication services throughout the state. Provides safe and secure access to agency resources in support of the agency mission. Works strategically to take advantage of solutions to enhance security and work within the framework of evolving technology to modernize systems. Provides agency-wide Geographic Information System administration and guidance.
- **Budget and Procurement:** Manages the division's operating budget and the agency's capital technology and data center budgets. Administers the technology procurement process for the agency and ensures compliance with state oversight entities. Offers guidance and management on technology contracts, coordinates with the Cybersecurity Team to ensure products are secure and meet all technology standards, while meeting the customer's needs.
- **Customer Service:** Provides staff technology assistance in support of agency initiatives. The Help Desk, Desktop Support, Park Support, and Mobile Technology teams provide hands-on assistance for agency hardware and software products. Upgrades hardware and software when opportunities are available and introduces and supports new technology to meet business needs.
- **Business and Strategic Development:** Works with executive management on project prioritization, strategic direction, and compliance. Establishes agency priorities on business initiative requests to support modernization of legacy systems and their development. Ensure procurement vendor partnerships are upholding security standards, meeting intended goals, alleviating risks, meeting agency business initiatives, and providing improved opportunities to reach or provide information to our constituents.
- **Application Development:** Works with business partners to develop and publish custom applications to modernize and improve agency business processes. Partners with divisions to modernize existing systems and develop new applications to ensure seamless business processes for internal and external customers. Continually seeks to improve and upgrade existing applications to meet agency needs.
- **Cybersecurity:** Helps maintain the security of all agency data and data systems. The Cybersecurity Team also works in conjunction with the Department of Information Resources, the Multi-State Information Sharing & Analysis Center, and the Department of Homeland Security to reduce the impact of threats on computers and against the agency.

# Information Technology Division

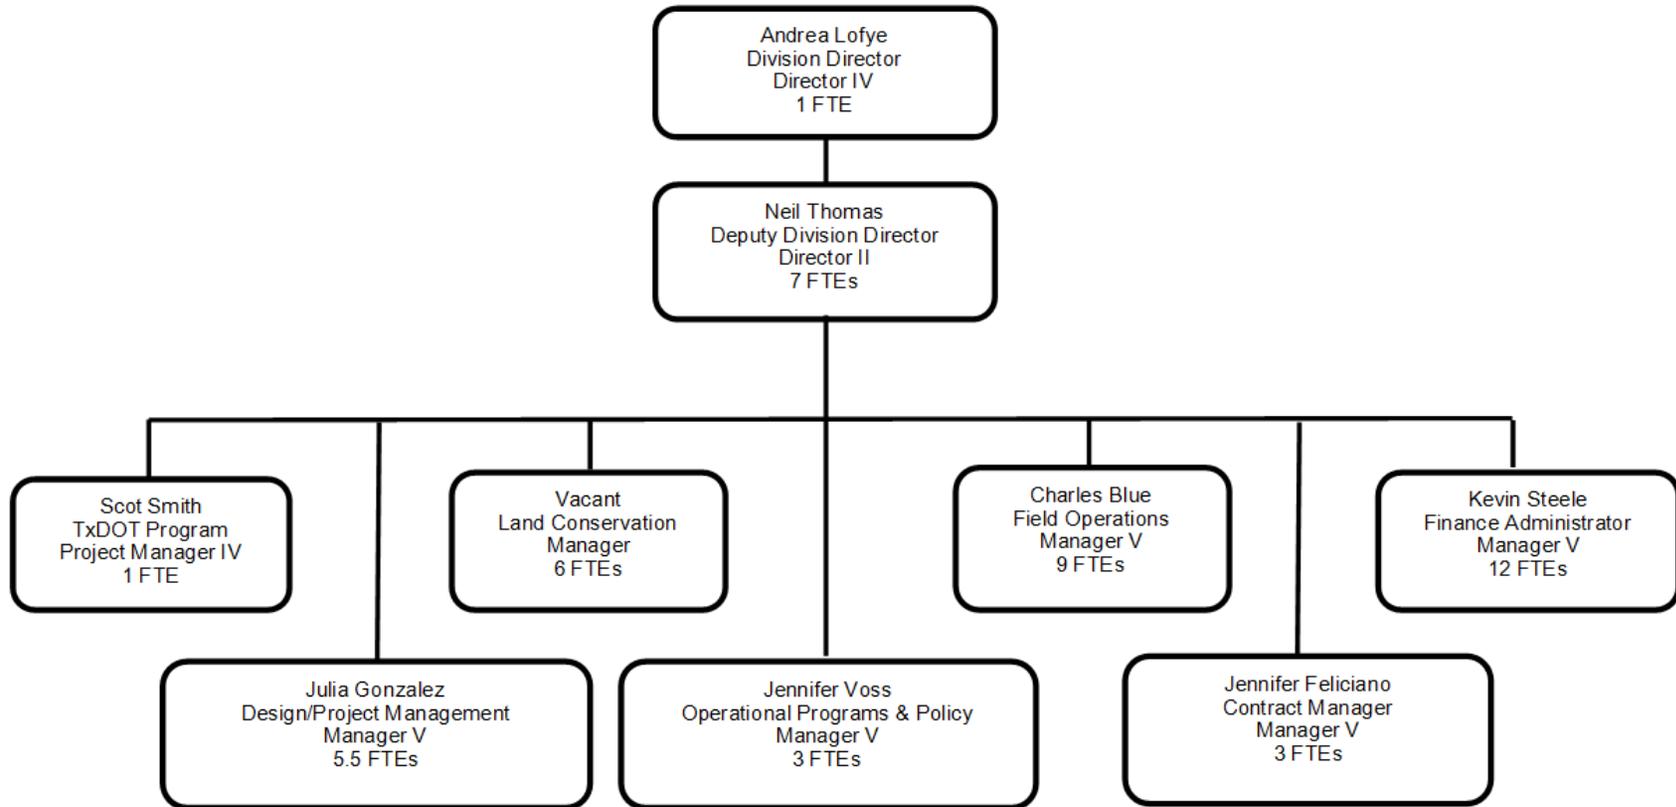

# Infrastructure Division

## Functional Responsibilities

- Manages the agency's capital and minor construction programs.
- Manages the agency's Interagency Cooperation Contract with Texas Department of Transportation for road and bridge projects.
- Provides procurement and contract management for construction and professional services contracts.
- Provides sound fiscal oversight necessary to manage the financial aspects of agency's construction programs.
- Provides field-based construction related services to perform and oversee the agency's construction programs.
- Provides professional architectural, engineering and planning services in support of the agency's funded facilities, operations, and repair projects, including architectural, landscape architectural, civil engineering, mechanical engineering, and electrical engineering.
- Provides professional design services to the agency for conserving natural resources, including sustainable buildings and sites.
- Provides secure and comprehensive records management of capital construction documentation.
- Provides the agency-wide capital construction project identification and ranking information system.
- Land Conservation: Provides land transactions and land conservation services, including land acquisition and disposition, leasing, negotiation of third-party easements and surface use agreements, and real estate administration. Maintains current and historical land records, tracks federal interests in TPWD lands, monitors revenue generation from easements and surface use agreements, resolves boundary conflicts, and works with partners such as foundations and non-governmental organizations to achieve priority land conservation goals.

# Infrastructure Division

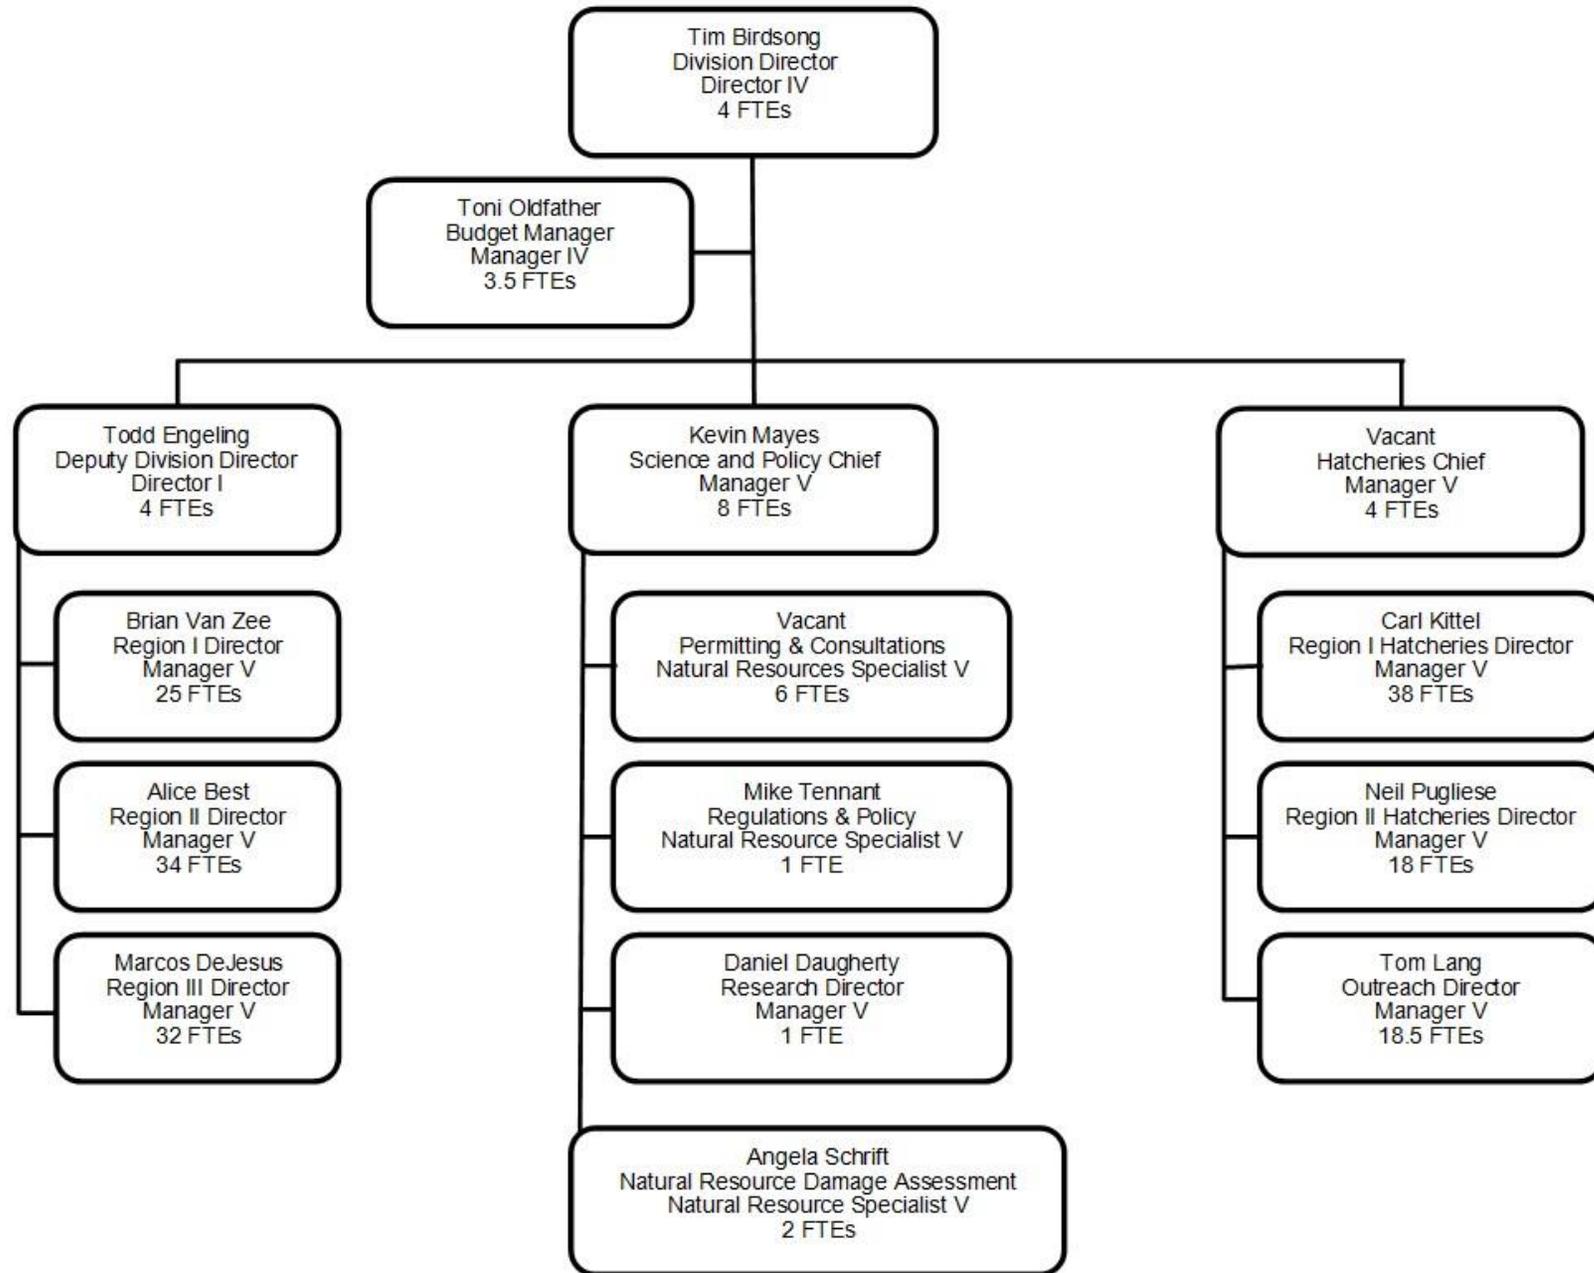

# Inland Fisheries Division

## Functional Responsibilities

- **Inland Fisheries Division:** Responsible for managing and conserving the state's diverse freshwater fisheries resources. The goal of this management is to provide the best possible fishing opportunities while protecting and enhancing freshwater resources, including the diversity of Texas' freshwater fishes, other freshwater species, and their habitats.
- **Management and Conservation:** Assembles science-based and data-driven plans that guide the management and conservation of Texas freshwater fisheries resources. Monitors fish populations and angler utilization and recommends harvest regulations that achieve sustainable fisheries and high-quality fishing experiences. Monitors the diversity of Texas freshwater fishes and implements actions to ensure their long-term persistence. Restores, enhances, and preserves habitat for fish and other aquatic resources. Improves and expands angler access to fishing opportunities on public waters. Manages and prevents the introduction and spread of aquatic invasive species.
- **Hatcheries:** Provide functional support for fisheries management and create, enhance, and maintain fish populations in Texas public waters. Stocked fish increase species diversity and angler opportunities as well as restore fish populations that have been decimated or reduced due to natural or man-made influences. Facilities include an Analytical Services Lab, which serves a unique function in support of divisional, interdivisional, and interagency programs by providing state-of-the-science analysis of water quality, fish pathology, and fish genetics.
- **Texas Freshwater Fisheries Center (TFFC):** A multipurpose facility that strives to provide educational experiences representing the breadth of the activities of the Inland Fisheries Division to the public. In addition to serving as a working state fish hatchery, TFFC also serves as headquarters for the Toyota ShareLunker program and is home to the Texas Freshwater Fishing Hall of Fame.
- **Science and Policy:** Responsible for collecting, analyzing, and preparing data and information to inform agency, state, and federal policies, regulations, and programs. Preparing consultations and technical guidance for local, regional, state and federal agencies, elected officials, and the public on aquatic natural resource conservation and management. Administers statewide permitting programs relating to aquatic natural resources. Investigating, restoring, and recovering damages to natural resources with a focus on fish and aquatic resources. Coordinate policy, regulations, and research on aquatic resource conservation. The Heart of the Hills Fisheries Science Center provides scientific guidance and conducts applied freshwater aquatic research to inform management and conservation actions in support of the division's mission.

# Inland Fisheries Division

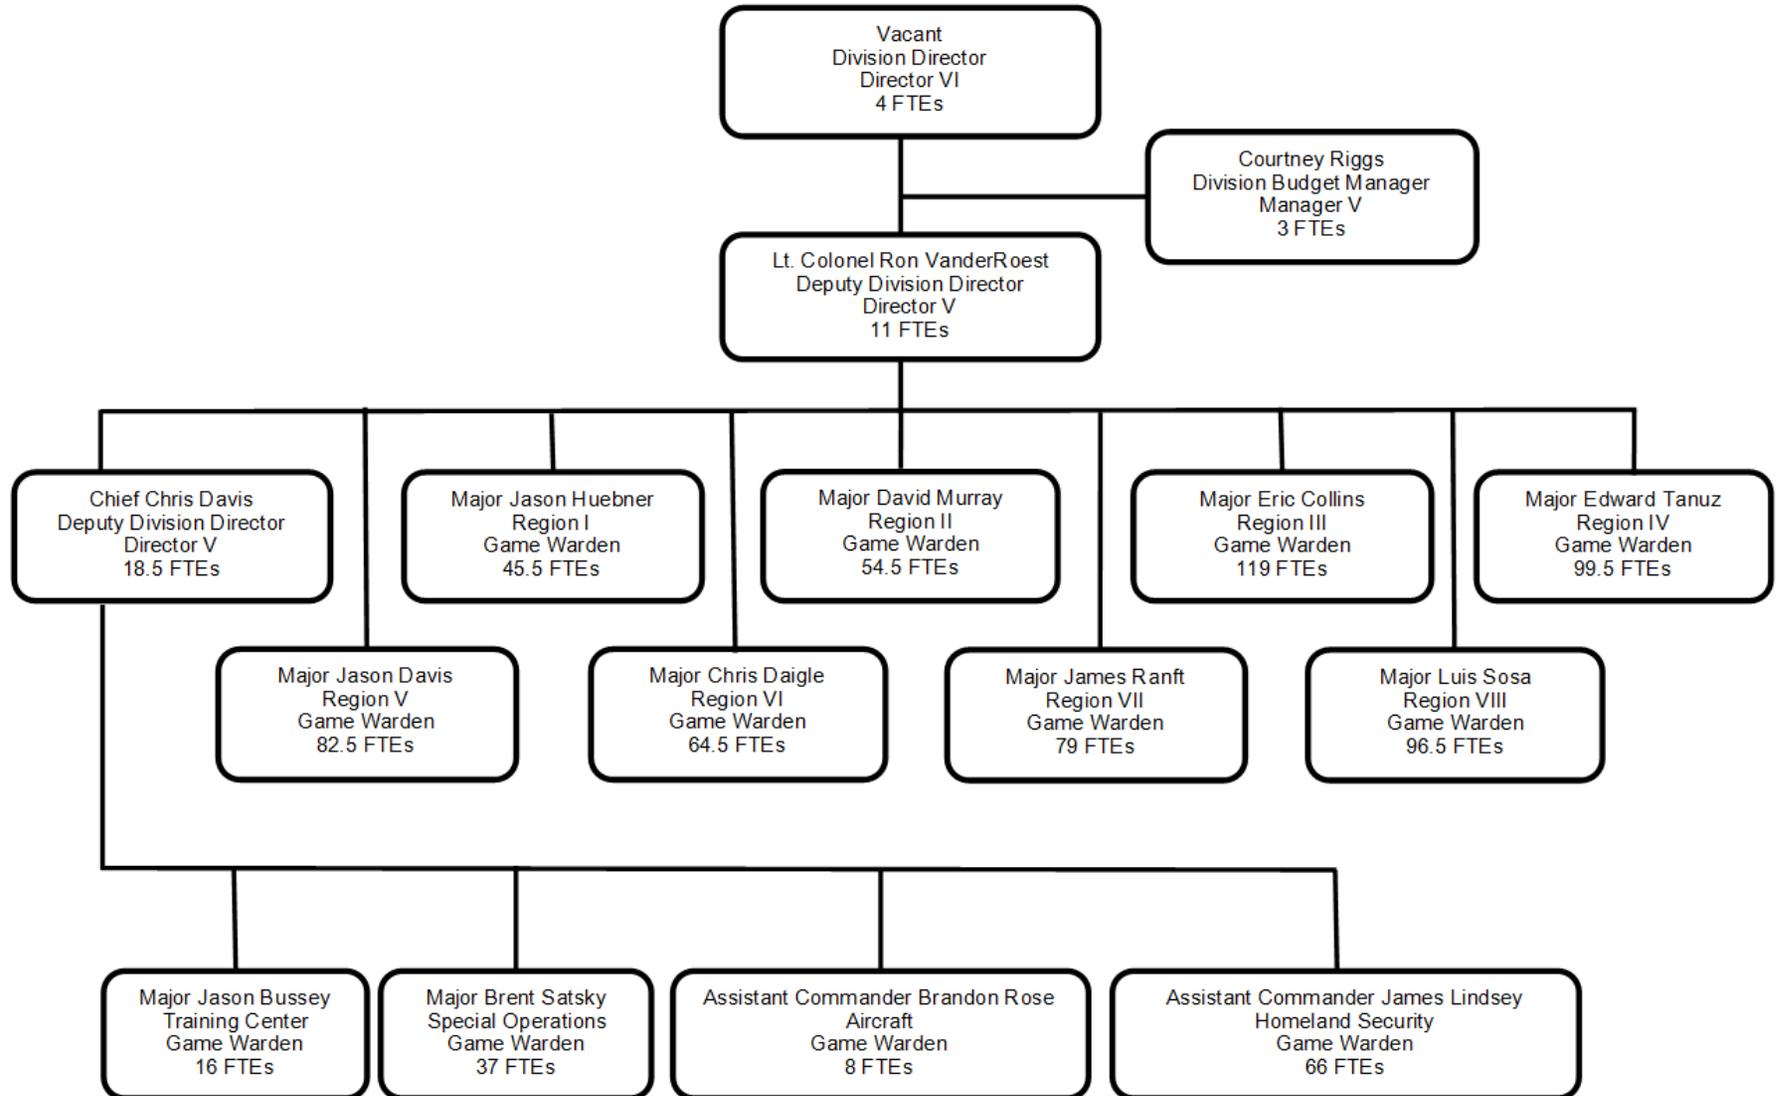

# Law Enforcement Division

## Functional Responsibilities

- Law Enforcement Division: Maintains a comprehensive statewide law enforcement program to serve the citizens of Texas by providing professional law enforcement, water safety, and search and rescue services while working to conserve and protect the natural resources of Texas.
- Texas Game Wardens: Responsible for the enforcement of the Parks and Wildlife Code, all TPWD regulations, the Texas Penal Code, and selected statutes and regulations applicable to clean air and water, hazardous materials, and human health.
- As fully commissioned State Peace Officers, Texas Game Wardens not only enforce fishing, hunting, and water safety laws; they also apprehend dangerous criminals and provide valuable public safety to the people of Texas.
- Texas Game Wardens operate a fleet of over 500 patrol, tactical, and rescue vessels. The division's maritime enforcement program is accredited by the National Association of State Boarding Law Administrators (NASBLA), which provides a true national standard for maritime interoperability.
- Texas Game Wardens often lead in search and rescue operations across the State and are at the front lines of the State's border security initiatives and environmental law enforcement.
- Texas Game Wardens utilize a team approach to implement specially trained wardens into highly technical situations. Most of these specially trained Game Wardens actively patrol their assigned counties but when special circumstances arise, they are called upon, under the direction of the Division's Special Operations leadership, to put their expertise into action. These specialized teams, which consist of special investigations, aviation, underwater search and recovery, boat accident reconstruction, marine tactical operations, rural operations, and K-9, assist the Law Enforcement Division in accomplishing the agency's mission through the investigation and apprehension of those who violate the natural resource laws of this state, utilizing both overt and covert strategies.
- The Law Enforcement Division also maintains the 24/7 Operation Game Thief program (wildlife, fishing, and water safety crime stoppers) that provides citizens with a toll-free number to report poaching and other violations.
- The Law Enforcement Division educates the public about various laws and regulations and prevents violations through community-oriented initiatives, high visibility patrols, and apprehending and arresting violators.

# Law Enforcement Division

## **Legal Division**

### Functional Responsibilities

- The Legal Division provides legal advice and assistance to department staff and the Texas Parks and Wildlife Commission regarding matters within the agency's authority, such as water quality, water rights, fish and wildlife law, criminal law, employment law, contract law, administrative law, and open government law.
- The Legal Division also represents the department in administrative legal proceedings and assists the Office of the Attorney General of Texas in litigation involving the department.
- In addition, the Legal Division attorneys coordinate responses to requests for information under the Texas Public Information Act, review and draft agreements involving TPWD, and assist staff in other divisions and the Executive Office with rulemaking.

## Legal Division

James Murphy  
General Counsel/Legal Division  
Director IV  
10 FTEs

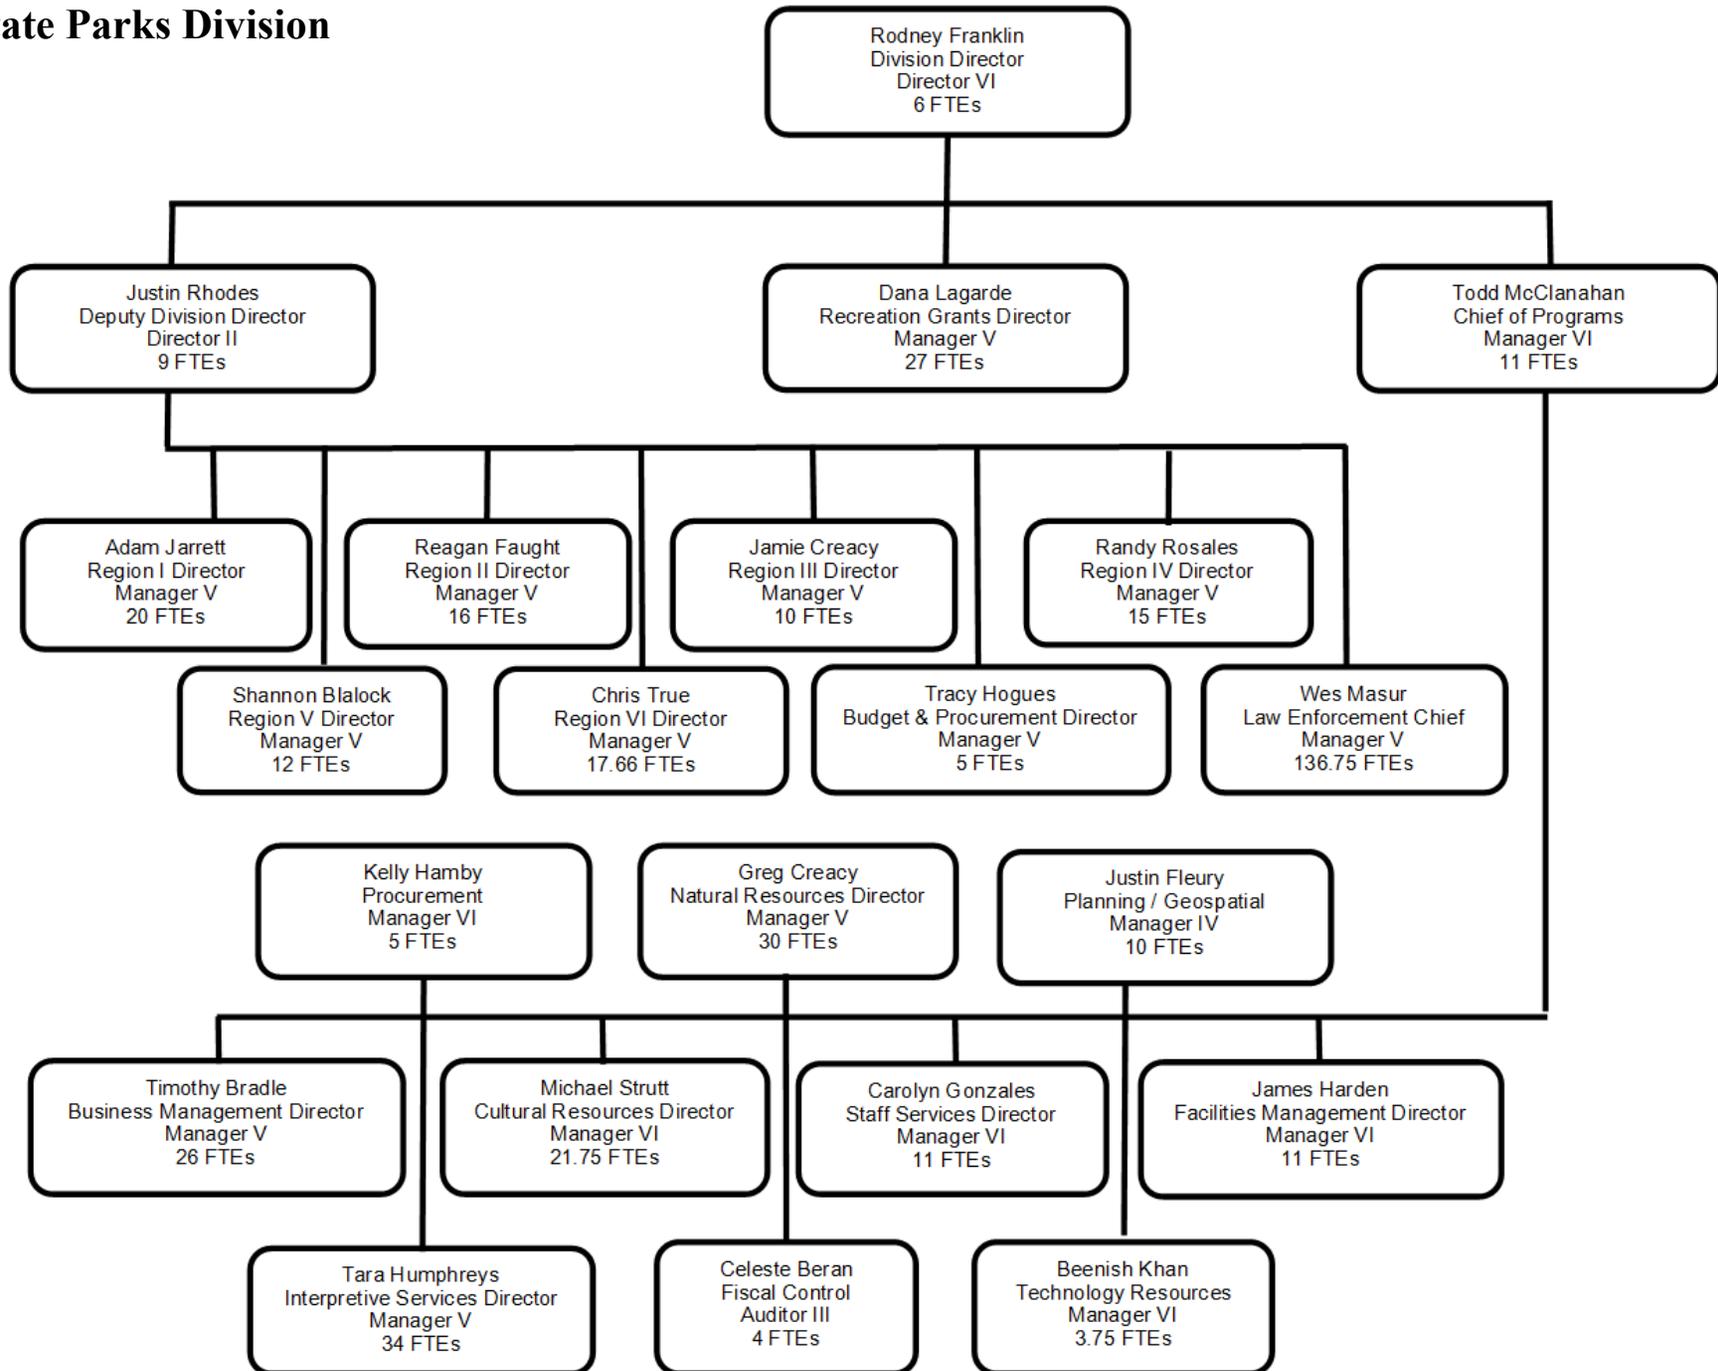

# State Parks Division

## Functional Responsibilities

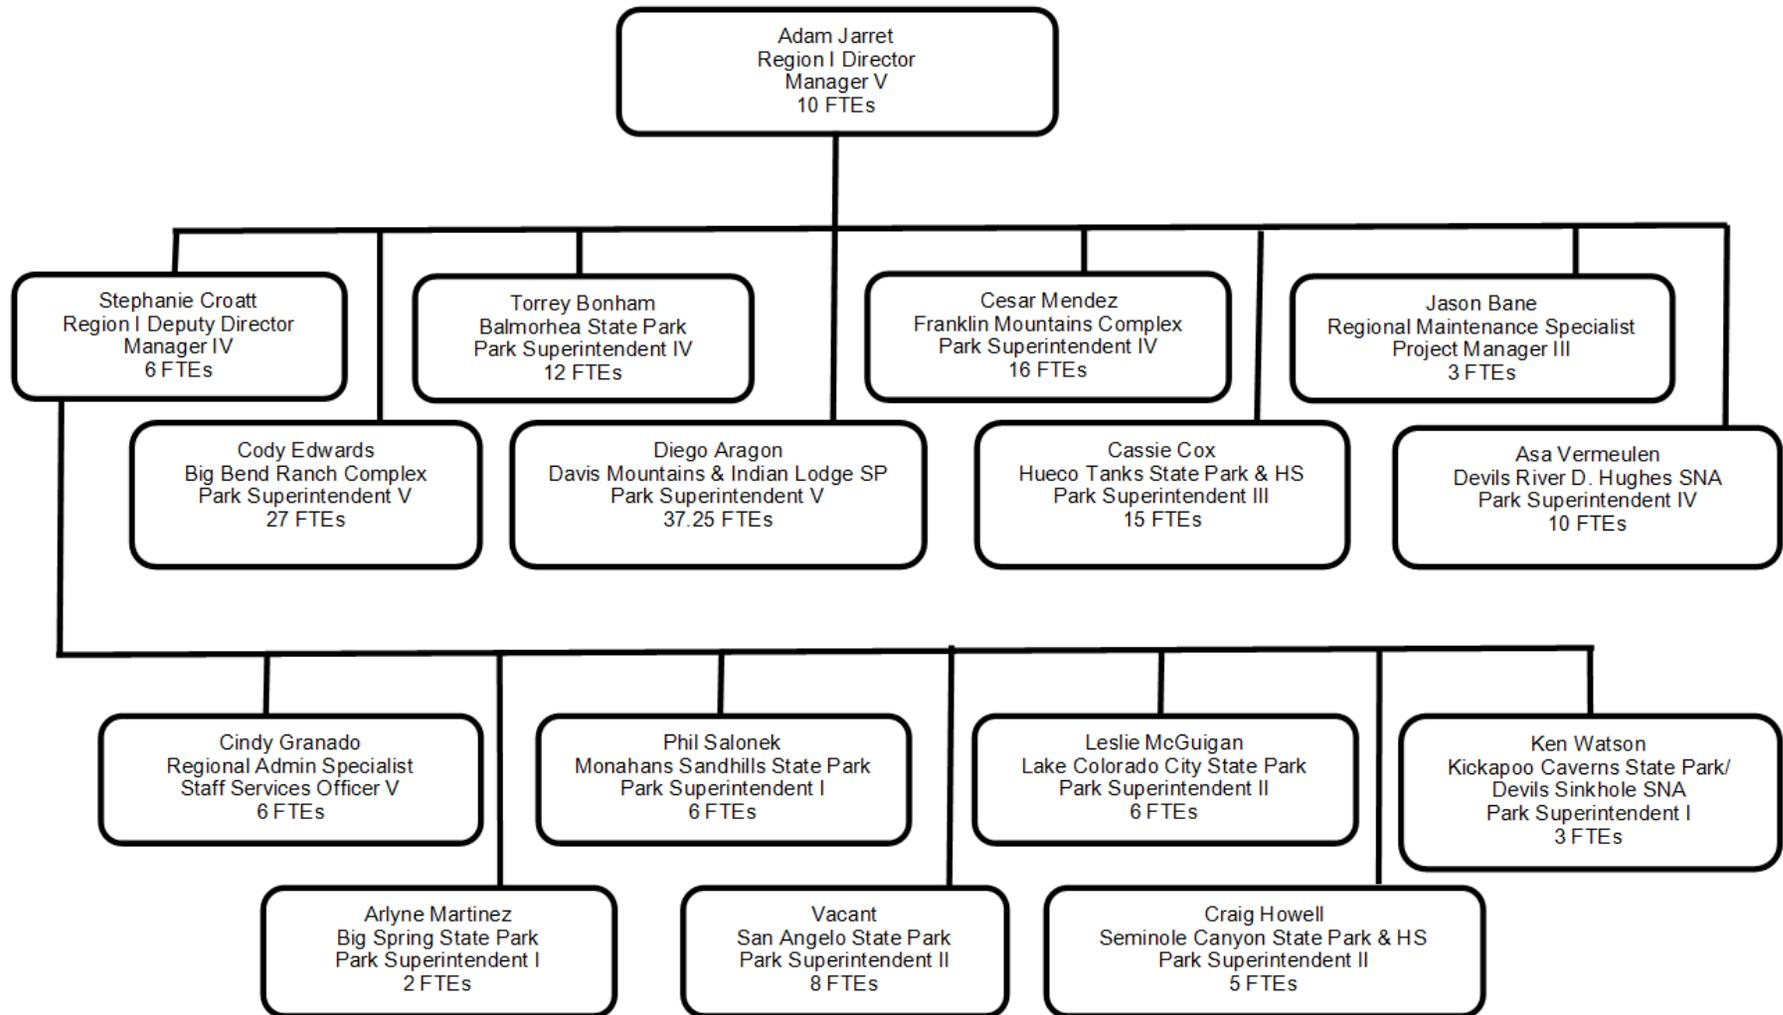

- **Staff Services and Administration:** Supports a mission-focused, professional, and engaged workforce with positive and productive workplaces. Ensures utilization of best employment practices through policy administration and performance management. Provides oversight of the division's internship and volunteer programs, recruitment and retention, classification, and compensation plans. Oversees State Parks staff development and training initiatives by assessing, developing, implementing, and evaluating State Parks specific training programs. Serves as Division training coordinators and liaisons for State Parks staff participation in TPWD and external training and development.
- **Business Management and Development:** Administers business strategies and revenue development through revenue resource identification, oversight and compliance of park fees, staff retail and rental operations, hospitality management, customer services, special events, and commercial partnership management. Oversees leased concession contracting, marketing and promotional initiatives, park literature development and dissemination, Texas State Park Pass programs administration, and Customer Service Center operations.
- **Budget, Procurement and Contracts:** Provides division budget oversight, strategic planning, Legislative Appropriation Request development, and annual operating budget administration. Provides guidance and technical assistance to State Parks field and headquarters staff regarding the procurement of goods, services, and minor repair projects. Offers training and oversight of the agency payment card program and contract management policies and procedures.
- **Natural Resources:** Oversees natural resource management activities and provides guidance to parks for compliance with all state and federal laws, department code and policies, and external regulatory agencies regarding natural resource protection. Provides geospatial resources and park planning services, operates the State Parks wildland fire program, and manages mitigation of third-party impacts on state parkland. Establishes baseline resource inventory of flora, fauna, natural communities, and other resources to develop management plans for long-term stewardship of native environments.
- **Cultural Resources:** Oversees cultural resources of parks and historic sites. Provides guidance to parks and sites for compliance with federal and state antiquities and historic preservation laws; conducts archeological surveys, writes monitoring and management plans, and curates artifacts and architectural samples. Preservation services conduct historic inventories and assessments. Provides guidance to parks for compliance with federal and state regulation regarding historic preservation as well as tribal consultations.
- **Interpretive Services:** Oversees parks interpretation/education programs, training, and evaluation of approximately 80 field-based park interpreters. Responsible for parks educational literature (maps, field guides and brochures) web-based media, exhibits, collections, wayside signs, and interpretive master plans, as well as statewide outdoor education and outreach programs (Texas Outdoor Family and Texas Buffalo Soldiers Program), which support increased visitation to State Parks.
- **Law Enforcement:** Responsible for the overall safety, security, and protection of State Parks, including State Park visitors and State Park resources. Provides oversight and training of approximately 135 State Park Police Officers and regional coordinators. Partners with other federal, state, and local law enforcement agencies.
- **Facilities Maintenance Management:** Oversees minor repair, capital repairs, facilities and equipment tracking, TCEQ compliance, park safety oversight, and information management system oversight.

- **Recreation Grants:** Administers grant assistance programs by providing local governments and non-profit entities grants for acquisition and development of local parks, boating access facilities, target ranges, and recreational trail (motorized and non-motorized) opportunities. Provides grant assistance to tax-exempt organizations for programming that engages under-represented populations in TPWD mission-oriented outdoor recreation, conservation, and environmental education activities. Administers grants providing funds for land acquisition and development in Texas State Parks. The branch coordinates a total of 12 grant programs providing for these opportunities. Plans and develops recreation trails in Texas State Parks. Services include technical assistance, grants administration and financial management, compliance with state and federal laws, and administrative requirements and post-completion compliance oversight.
- **Technical Resources:** Manages and provides technical support for the park system's vendor-owned business management and reservation software system. The office leads contract development and implementation of the Park Business System (PBS), which launched in 2019. Manages and supports the State Parks IT and connectivity initiatives to assist with innovation and modernization of park operations and visitor services.
- **The Division's six Regional Offices** provide direct supervision and support of the 88 State Park system sites. These offices supervise minor repair projects, provide technical support for resource management activities, fiscal control compliance, budget, purchasing and personnel actions. They also respond to inquiries and coordinate special projects involving local, state, and federal government agencies, constituent groups, non-profit organizations, businesses, and the public.

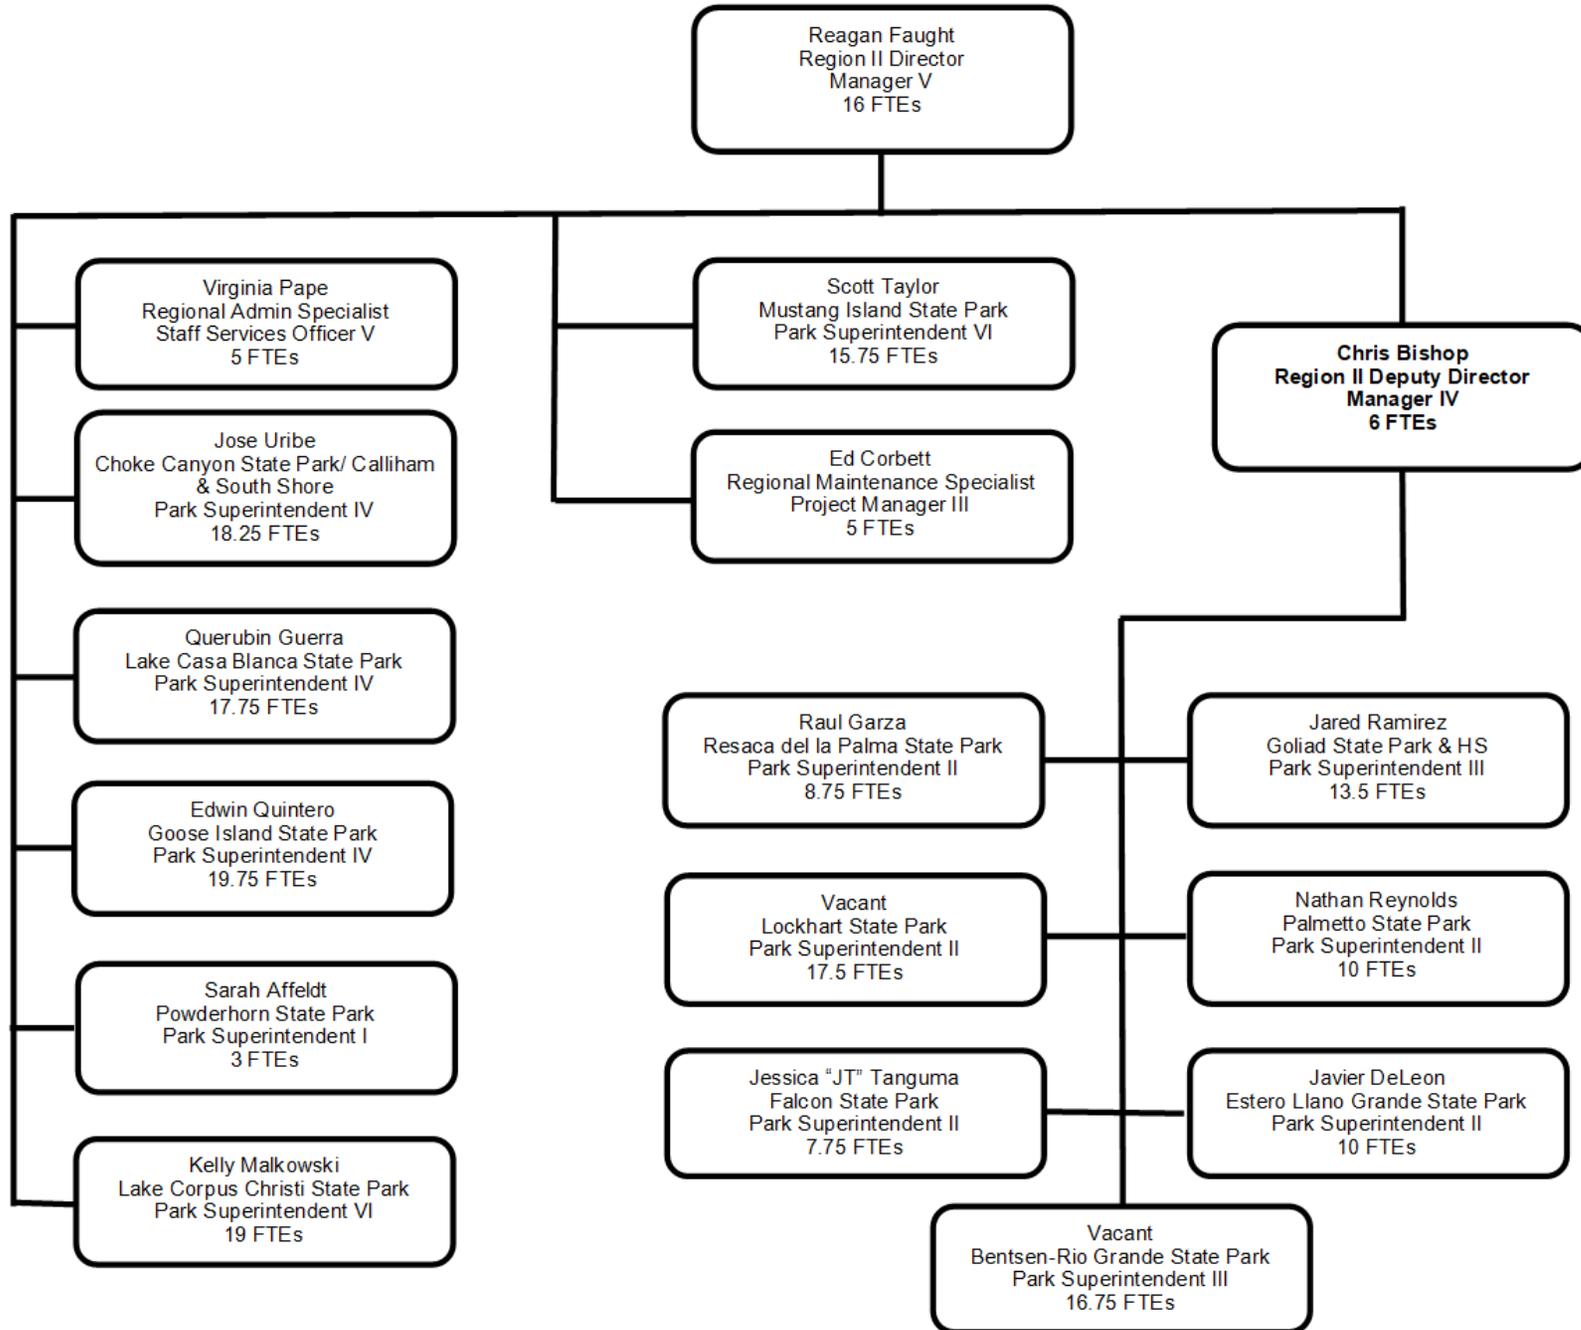

# State Parks Division

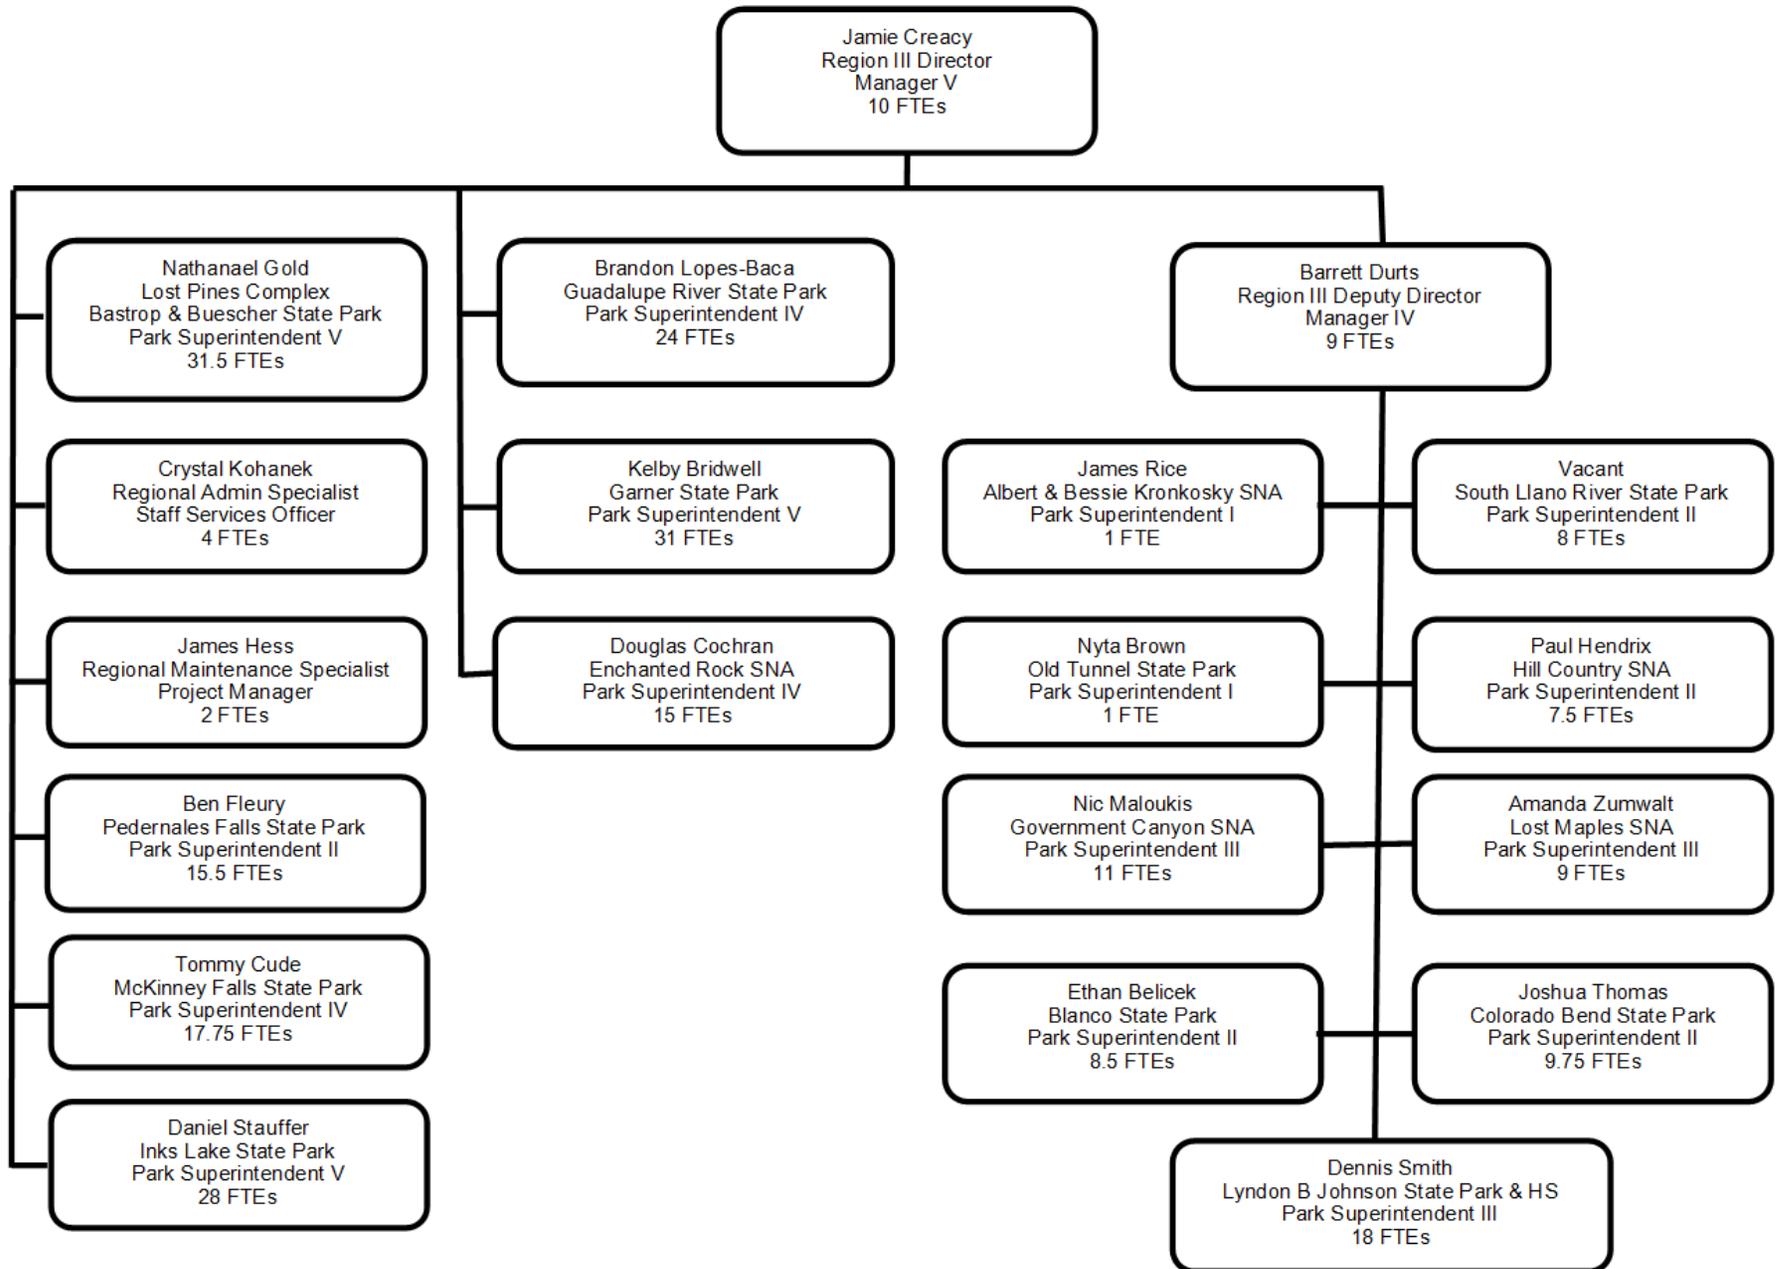

# State Parks Division Region I

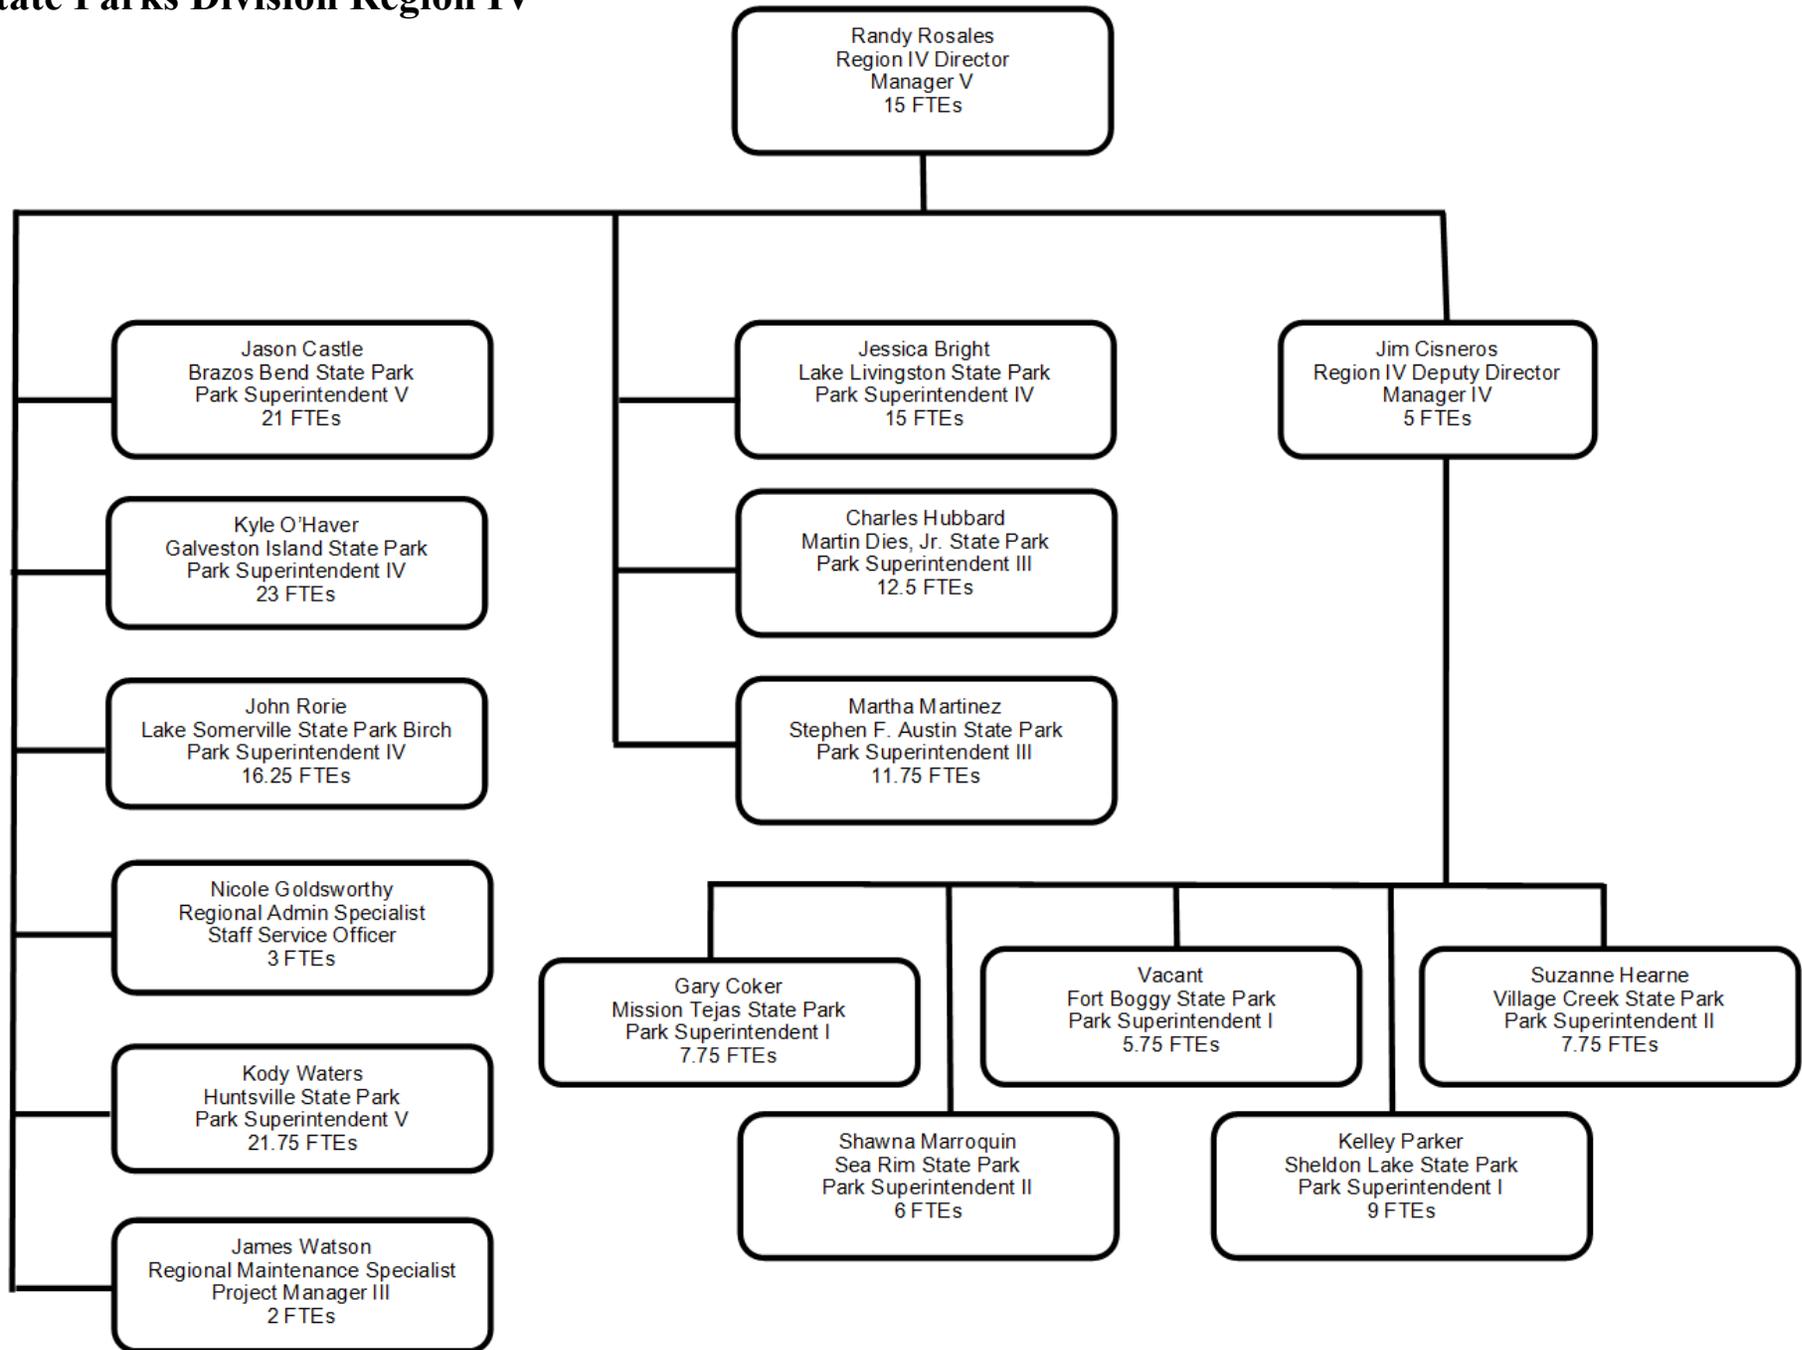

# State Parks Division Region II

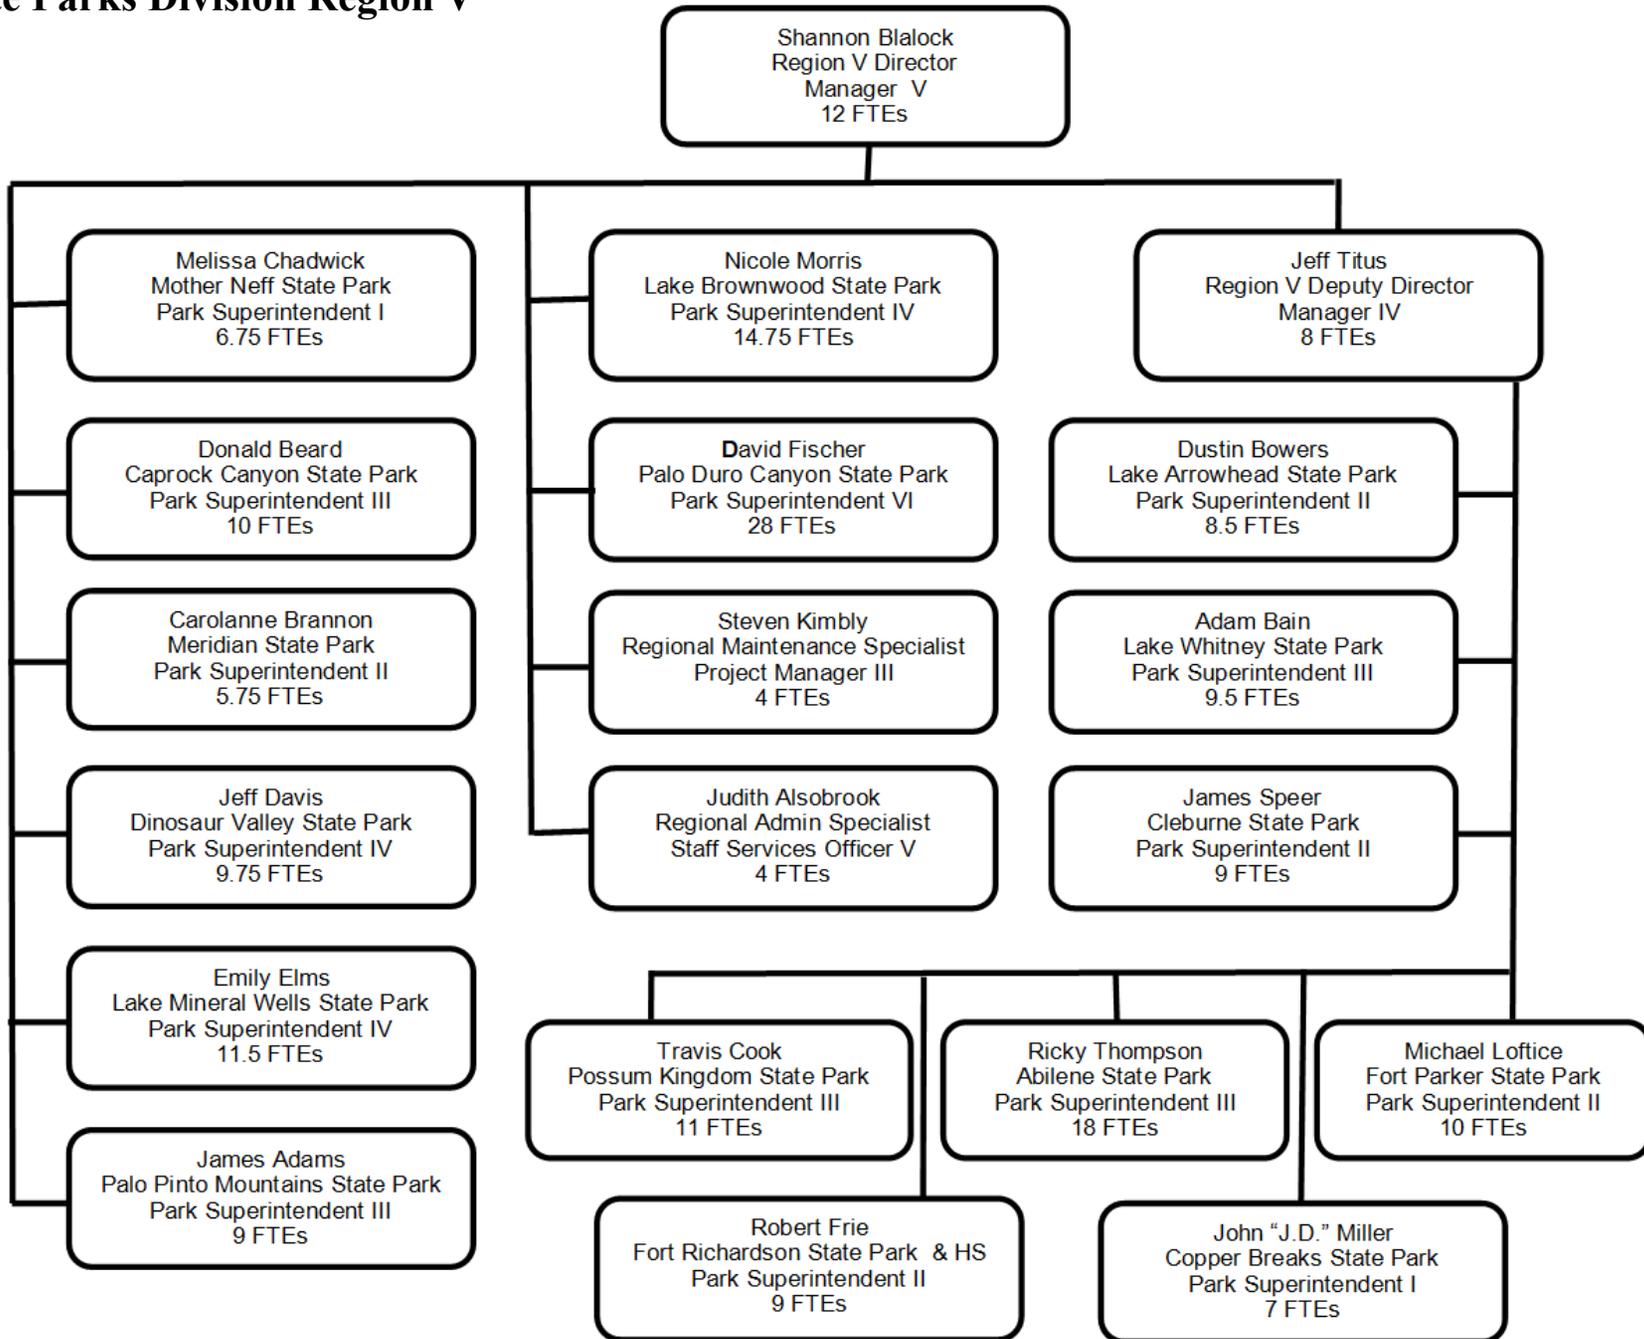

# State Parks Division Region III

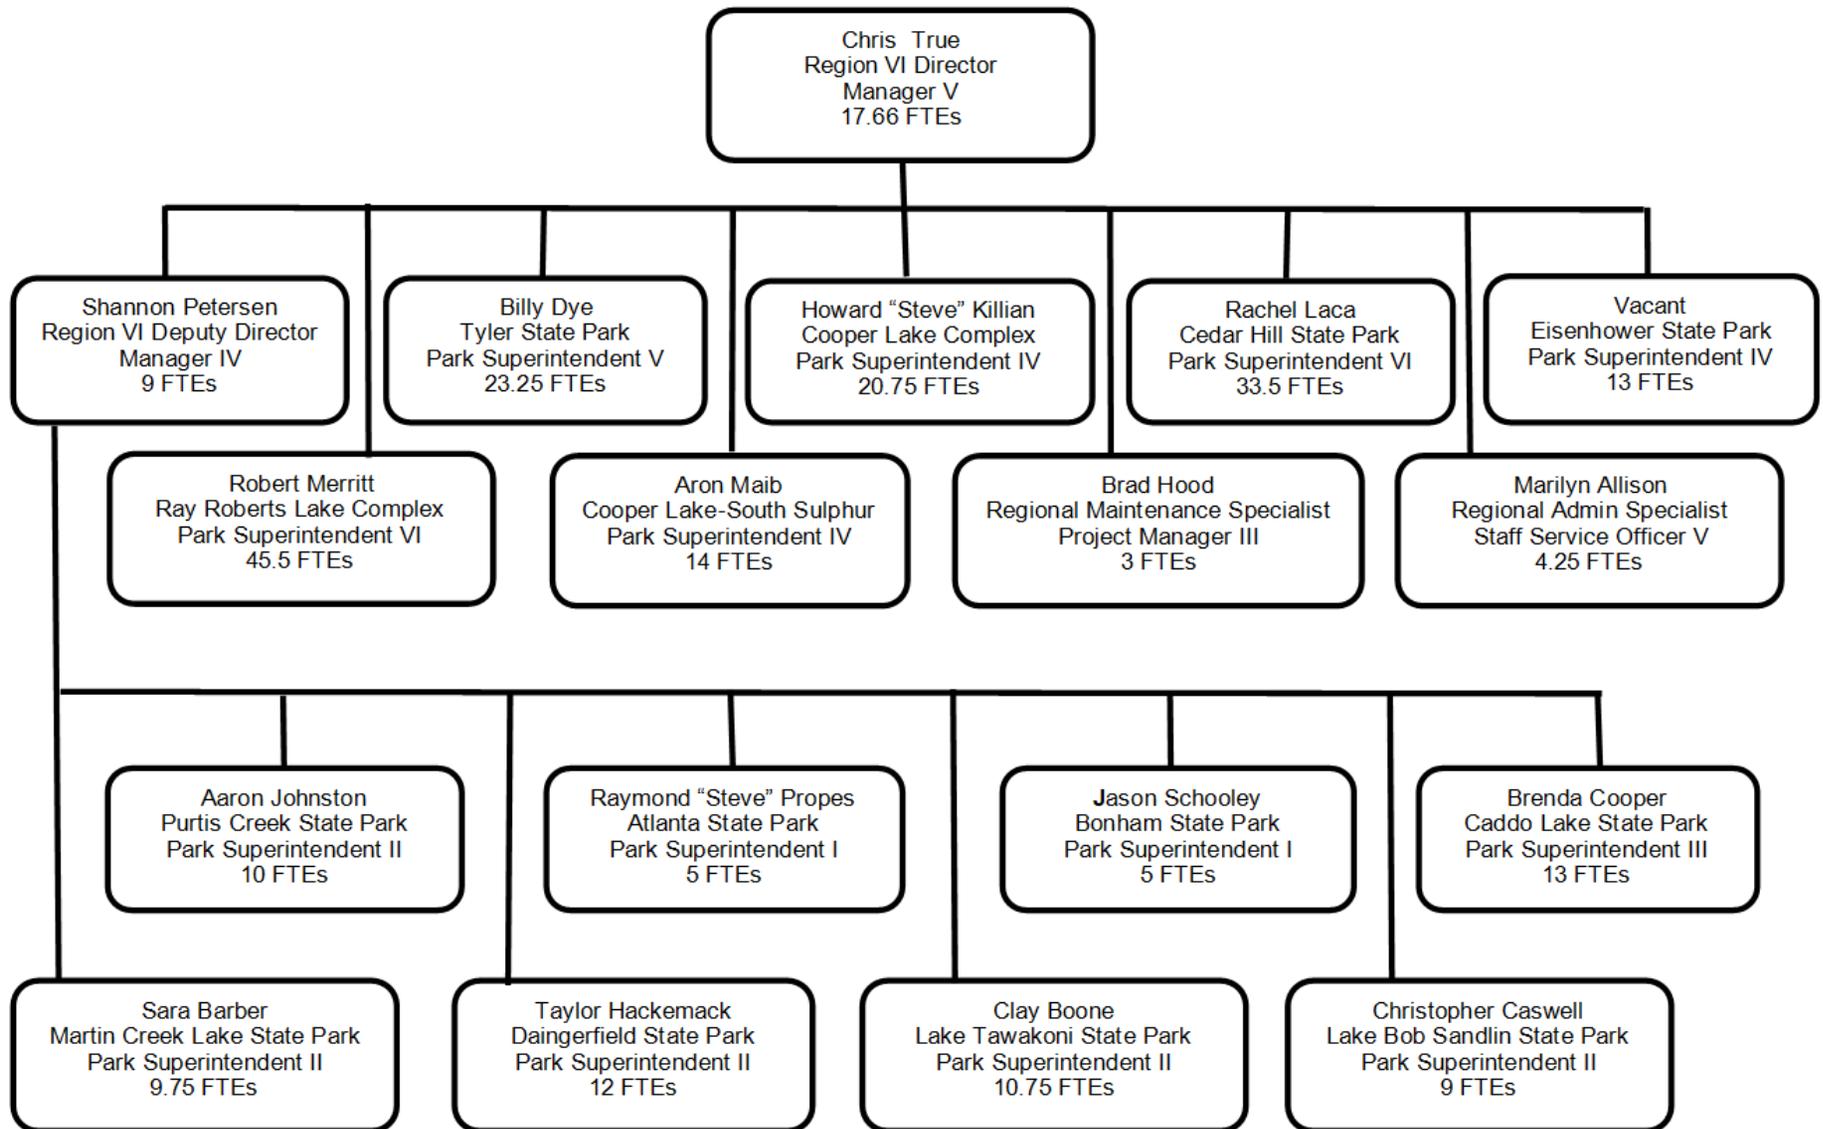

# State Parks Division Region IV

# State Parks Division Region V

# State Parks Division Region VI

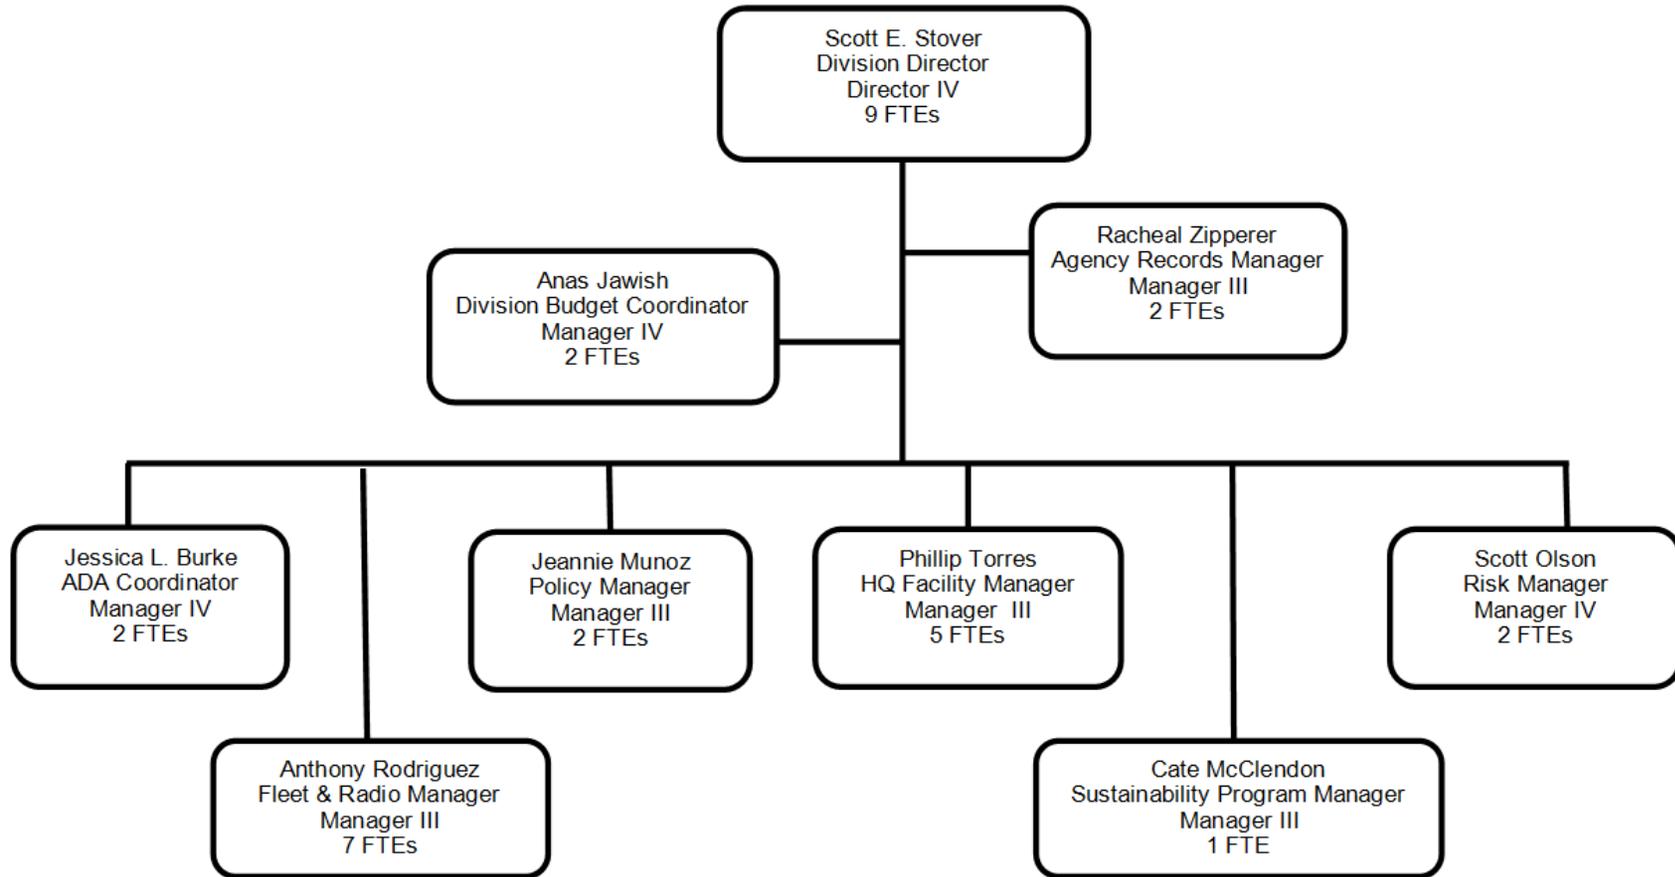

# Support Resources Division

## Functional Responsibilities

- Support Resources Division: Provides strategic direction and counsel for division branch and program managers, as well as division staff. The staff is also responsible for the preparation and monitoring of the division's operating budget, reporting on performance measures, responding to internal and external audits, providing purchasing and general administrative services to the division and legislative activities. Staff also are responsible for the preparation and monitoring of the Executive Office and Legal Division operating budgets.
- Americans with Disabilities (ADA) Branch: Supports the agency's mission to provide outdoor opportunities for all Texans by ensuring compliance with federal civil rights laws. This is achieved through annual reviews, consultation, support, and staff training. The ADA Branch serves as a point of contact for all visitor ADA matters, intake of visitor ADA complaints, and ensures the agency is informed of industry standards.
- Fleet and Radio Branch: Responsible for administering the Texas State Fleet Management Plan and the Agency Fleet Management Policy and Procedures. The Fleet Management Office administers vehicle procurement, transfers, licensing, titling, data management, operations, and policy maintenance. The radio management office function is to manage the department's radio frequencies, radio towers (both leased and on agency property), and hand-held radios across all divisions in the agency.
- Headquarters Facility Management Branch: Manages the agency's Austin headquarters facility complex buildings, grounds, and infrastructure including the three main campus buildings and two off-site buildings. Responsible for coordinating major repairs, minor repairs, custodial services, grounds maintenance and all other day-to-day operations of a large office building complex housing over 600 employees.
- Policy Branch: Responsible for the development and management of agency administrative policies, processes, and governance documents that outline guidelines and criteria, set behavioral or procedural expectations, and communicate roles and responsibilities. Policy staff develop new policies and revise existing policies; coordinate reviews, approvals, and implement and maintain policies utilizing a standard format and process to ensure consistency and transparency. In addition, Policy staff are responsible for completing special executive projects as assigned, as well as the development of new or revising existing policies for the division.
- Records Management Branch: Provides records management and retention services for all agency records, preservation and protection of records, training, and consultation to department staff, and maintains and certifies the agency's Record Retention Schedule with the Texas State Library and Archives Commission.
- Risk Management Branch: Made up of four programs - Risk Management, Safety, Emergency Management, and Federal Emergency Management Agency (FEMA) coordination. The branch oversees agency insurance, continuity of operations, safety, workers' compensation trends, FEMA projects, and act as liaisons with the State Fire Marshal Office and the State Office of Risk Management.
- Sustainability Branch: Works to support TPWD's efforts in resource conservation and environmental stewardship. As a conservation agency with a mission of sustainability, the branch assists the agency in adoption of sustainable technologies, implementation of renewable and energy efficiency projects, implementation of water retention and efficiency projects, implementation of waste reduction efforts, and encourages opportunities to educate all Texans about eco-friendly practices.

# Support Resources Division

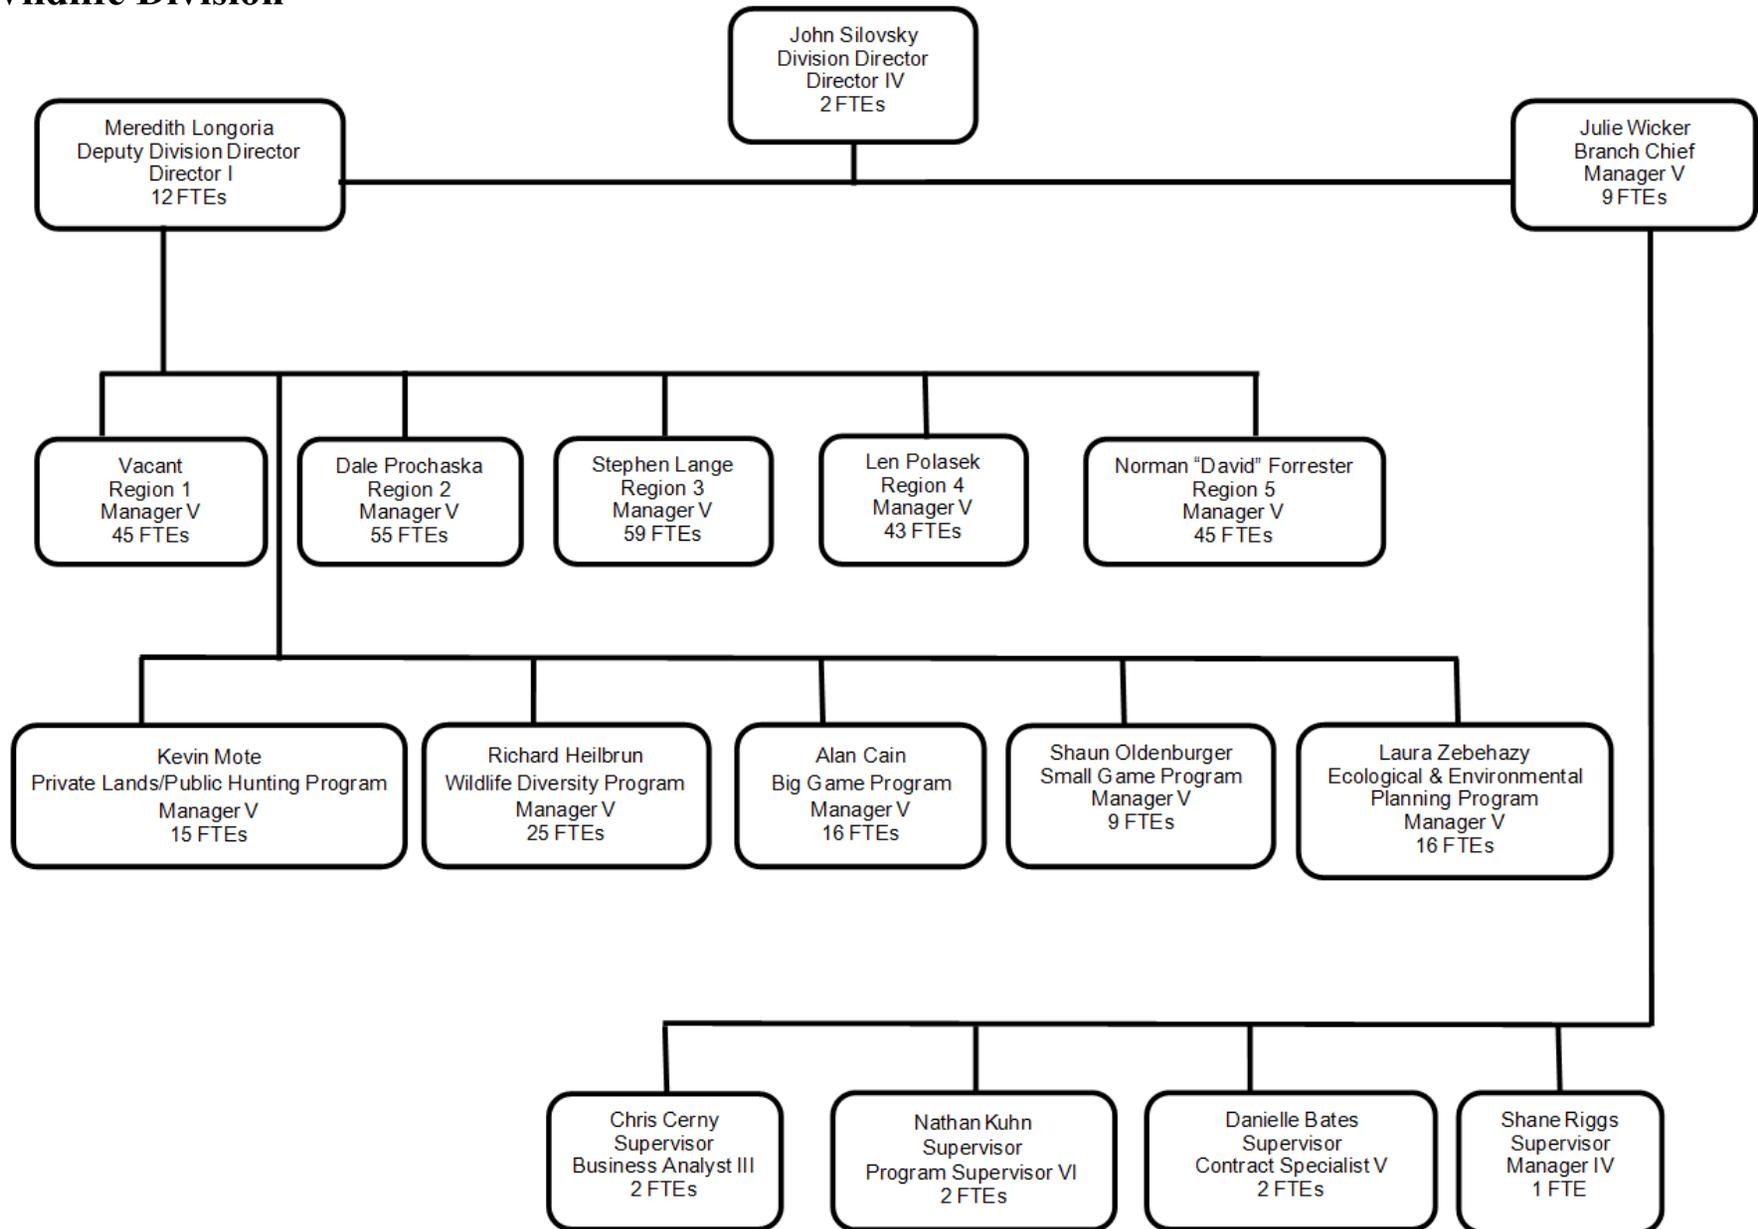

# Wildlife Division

## Functional Responsibilities

- **Five Wildlife Regions:** Provide operations and support to ensure efficient Wildlife programs, such as technical assistance to landowners and the public. The five regions also operate 50 Wildlife Management Areas, encompassing over 748,000 acres of land. The Wildlife Division utilizes Wildlife Management Areas for research on wildlife populations and habitat, conducting education on resource management, providing habitat management demonstrations to landowners and other professionals, and providing public hunting, hiking, and other recreational opportunities.
- **Big Game Program:** Coordinates surveys and research projects to understand the life history, habitat requirements, restoration, and management needs of big game species in Texas. The program routinely considers strategies to provide additional hunting opportunities and offers various permits affording landowners and managers more flexibility to meet their management needs without adversely impacting the resource.
- **Private Lands Program:** Provides private landowners with assistance, financial support, and recognition for conservation efforts through agency staff and federal or other outside resources. Federal Farm Bill coordination, Wildlife Management Area administration and planning, and administration of the Texas Landowner Incentive Program are all essential components of the Private Lands Program's efforts to assist landowners. The Public Hunting program supports and administers public hunting opportunities on TPWD-owned and leased private lands. The program also administers Big Time Texas Hunts, a revenue-generating program for the Division, and supports the partnership with Texas Wildlife Association for implementation of the Texas Youth Hunting Program.
- **Small Game Program:** Responsible for both resident and migratory game bird species, as well as habitat conservation associated with Joint Ventures and habitat-based partnerships within Texas and across the country. Migratory bird management requires coordination of population, harvest, and habitat surveys as well as regulatory issues at the state, national and international levels, since these resources are shared between the United States, Canada, and Mexico. Monitoring and biological recommendations are developed using current research to establish habitat conservation objectives and regulations that meet the needs of resident game birds in Texas.
- **Wildlife Diversity Program:** Works to improve the conservation of non-game, rare, and urban wildlife in Texas, including conservation for threatened and endangered species. A significant aspect of the program is participation in and support of wildlife research. The Conservation Outreach Program develops awareness of the conservation of Texas' wildlife resources through "citizen science" and "hands-on" activities.
- **Ecological and Environmental Planning Program:** Consists of the Environmental Review Team (ERT), the Landscape Ecology Program (LEP), and the Texas Natural Diversity Database (TXNDD). The ERT reviews proposed development projects that affect the state's wildlife resources and provides comments and recommendations to protect those resources. LEP provides ecologically focused geospatial data products by incorporating ecological principles, field data collection, advanced GIS technology, remote sensing, and user-friendly app development for landscape management and conservation planning. The mission of the TXNDD is to manage and disseminate scientific information on rare species, native plant communities, and animal aggregations for defensible, effective conservation action.
- **Branch Chief of Administration and Research:** Administers the Federal Aid Program, Wildlife Research Program, IT Business Analyst, budget, and financial reporting, purchasing, and division personnel records and coordination. The Federal Aid Program administers, and coordinates actions required to qualify department activities for federal grant reimbursement. The Wildlife Research Program coordinates review of research proposals, and compiles survey data to identify wildlife population trends and hunting constituents' interests.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

TPWD is the state agency primarily responsible for protecting and managing the state’s fish and wildlife resources. This strategy request includes funds needed to manage and conserve the state’s wildlife resources and habitats. Major programs funded through this strategy include the Big Game, Small Game, and Wildlife Diversity programs. These programs provide recommendations for the regulation and management of big game species (including white-tailed deer, mule deer, pronghorn, desert bighorn sheep, javelina and alligators), small game species (including upland and migratory game birds) and non-game, endangered, threatened and rare species. Other activities conducted in support of wildlife conservation and management include management and operation of TPWD’s 50 wildlife management areas encompassing over 745,000 acres, conducting population and harvest surveys, collaborating with universities to conduct wildlife research, issuing permits to take and hold captive wildlife, developing and managing wetlands and other habitats, and assessing the impact of development projects on wildlife and associated habitat. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §§ 11.0181, 12.001, and 12.013, and Chapters 43, 44, 45, 49, 61, 62, 64, 65, 67, 68, 71, 81 and 83.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Human population growth, changing land use, periodic drought, invasive species, wildlife diseases and habitat fragmentation place increased pressure on the state’s natural resources and diminish wildlife habitat and diversity. TPWD continues to implement a comprehensive Chronic Wasting Disease management plan and update regulations to monitor and prevent the spread of the disease. Continued funding is essential for wildlife conservation & management efforts to maintain & improve wildlife populations & habitats.

Funding is derived largely from hunting license and stamp revenues deposited into the Game, Fish & Water Safety Account (009). Migratory & upland game bird stamp revenues are statutorily restricted for research, management, protection and other activities to address the needs of migratory & upland game birds in Texas. Use of these funds for the acquisition of high-quality wetland habitats is key to ensuring the future sustainability of these species and a priority for the agency.

The major source of federal grants is provided by the Pittman-Robertson Wildlife Restoration Act of 1937. A state match is required for receipt of these and other federal funding sources. Federal statutes prohibit the diversion of state & federal wildlife funds for other uses.

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

TPWD administers a number of programs that provide technical guidance, assistance, and information to private landowners and the public. In a state that is 95 percent privately owned or managed, these programs are vital in helping TPWD achieve its overall wildlife and habitat conservation goals, as they enlist the support of private landowners and inform/educate the public about wildlife and habitat conservation.

The Private Lands and Public Hunting program provides technical assistance to private landowners and land managers interested in implementing voluntary conservation, enhancement or development of wildlife habitat, and improvement of population management practices through a written wildlife management agreement. Cost-share assistance is primarily based on federal funds, in cooperation with USDA Farm Bill programs and the Landowner Incentive Program. Other examples of activities within this strategy include staff support to landowner organizations such as wildlife management and prescribed burn associations, and recognition for excellence in private land stewardship through the Lone Star Land Steward Awards program. This strategy is authorized under the Parks and Wildlife Code, including but not limited to §§11.0181 and 12.025 and Chapter 81.

------	-------------	----------	----------	----------	---------	---------

The majority of Texas’ natural resources are on private lands. TPWD’s ability to manage and conserve wildlife and habitats and to provide outdoor recreational opportunities is tied directly to the strength of partnerships with private landowners.

Landowner interest and demand for the Managed Lands Deer Program (MLDP) have increased since 2000, leading to a tenfold increase in the number of acres covered by the program. Additionally, due to increases in technical assistance and preparing wildlife management plans, and demands related to Chronic Wasting Disease detection and containment, workload has increased significantly.

The Wildlife Division launched online fee collection for MLDP participation, as authorized by SB733 (86th Legislature), in 2021. The revenue generated by these new fees was used to hire new field biologists to fulfill the duties listed above. Continuation of the rider allowing appropriation of the full amount of estimated MLDP fee revenue and carry forward of any estimated unexpended balances across biennia is critical to this program.

Funding in this strategy is derived primarily from the Pittman-Robertson Wildlife Restoration Act, a federal source of funding. A state match, provided from hunting license and stamp revenues, is required for receipt of this federal funding source. Federal statutes prohibit the diversion of state and federal wildlife funds for other uses.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy includes funding for TPWD programs aimed at enhancing public hunting opportunities. The Annual Public Hunting Permit provides walk-in hunting opportunities on TPWD owned and leased lands, including short-term leases for dove and other small game. The Public Hunt Drawing system, now accessible online, provides opportunities to apply for a variety of supervised, drawn hunts on state owned lands and leased private properties. Big Time Texas Hunt drawings provide the opportunity to participate in guided package hunts for quality native and non-native animals on TPWD lands and leased private properties. Department staff annually review hunting regulations and propose modifications to increase or enhance hunting opportunity within biological constraints. TPWD partners with a number of organizations to provide youth hunting opportunities. Relevant statutory citations include Parks and Wildlife Code §§11.0181 and 11.033 and Chapters 61, 62, and 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Although the total number of hunters in Texas is relatively stable, as a group, hunters are becoming a smaller percentage of the overall population. Factors contributing to the decline include insufficient access to affordable hunting areas, lack of recruitment from younger generations, competition with a multitude of other activities and a cultural shift from rural to urban constituencies. TPWD recognizes the need to recruit, retain and reactivate hunters, including traditionally underrepresented groups, and has developed programs to address this important issue. If the number of hunters declines, license dollars will decrease, making it difficult for the agency to fulfill its mission of wildlife conservation and management. Quality hunting opportunities must be affordable and readily accessible to ensure that hunters remain supportive of TPWD programs and additional hunters are recruited.

Funding for this strategy is derived primarily from the sale of various hunting licenses and stamp fees deposited in the Game, Fish and Water Safety Account.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy reflects funds necessary to manage and conserve the state’s freshwater fisheries, their habitats, and other aquatic resources. Fisheries are managed by conducting surveys to accurately assess fish population dynamics and angling trends; proposing and applying regulations, habitat and access improvements, and fish stocking to maintain and enhance quality fish populations and angler satisfaction; providing outreach; and conducting research to ensure management practices are efficient, effective, and grounded in the best available science. Other aquatic resource conservation activities include technical support for watershed and riparian conservation initiatives; in-stream flow and water quality studies; habitat surveys and assessments; invasive species management; stewardship of species of greatest conservation need; fish kill, pollution, and resource damage assessments; permitting sand, shell, gravel, and marl removal projects in navigable streams; and assessing aquatic resource impacts of projects permitted under state and federal regulatory programs. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §§ 11.0181, 11.082, 11.084, 12.001, 12.010, 12.015, 12.024 and 12.301-12.303, and Chapters 47, 61, 66 and 86, as well as the Water Code, Natural Resources Code and Texas Administrative Code.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

GOAL: 1 Conserve Fish, Wildlife, and Natural Resources  
 OBJECTIVE: 2 Conserve Aquatic Ecosystems and Fisheries Service Categories:  
 STRATEGY: 1 Inland Fisheries Management, Habitat Conservation, and Research Service: 37 Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Funding for this strategy is largely derived from license/stamp proceeds deposited into the Game, Fish & Water Safety Account. To ensure this continues to be a stable source of funding, TPWD must provide quality fishing opportunities for the public. Federal funds, such as reimbursements provided by the Sport Fish Restoration Act, also comprise a large portion of funding. State match is required & federal statutes prohibit diversion of license fees.

Other factors impacting this strategy include weather conditions, water levels & flow rates, and blooms of toxic golden algae. Loss of fish habitat & angler access due to environmental conditions, reservoir aging, development, pollution, and disturbances to aquatic habitats also pose significant challenges to conservation efforts.

Population growth, increased water demands and degradation/loss of fish habitats contribute to increased need for applied fisheries management & conservation activities. As populations grow, additional emphasis has been placed on managing fisheries near urban areas and on rivers.

Threats posed by invasive aquatic species are an increasing concern as new species have been confirmed and continue to spread. These species can displace more beneficial native species, limit recreational access, restrict flow rates, harm fish and wildlife, and have negative economic impacts.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Inland hatchery operations provide fish for put-take as well as put-grow-take fisheries, supplement natural fish populations, and stock fish to ensure genetic health and potential of some fish populations. The Inland Fisheries Division operates five freshwater fish hatcheries located in San Marcos (A.E. Wood Fish Hatchery [FH]), Brookeland (John D. Parker East Texas State FH), Electra (Dundee FH), Graford (Possum Kingdom FH) and Athens (Texas Freshwater Fisheries Center). Additionally, outreach programs and operations at the Visitor Center located at the Texas Freshwater Fisheries Center in Athens and operations at the Analytical Services Laboratory in San Marcos offer support under this strategy. This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §§11.0181 and 12.001, and Chapter 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

This strategy can be impacted by adverse weather conditions, as well as persistent blooms of toxic golden algae. Additionally, production of striped bass is dependent on the availability of and success in collecting wild brood stock each year and highly dependent on conducive environmental conditions.

The department’s freshwater fish hatcheries require periodic maintenance, renovation and upgrades to continue to operate efficiently & meet the needs of sportsmen. Since 1989, strategic investments have been made in targeted renovations & facility upgrades. Continued investments in facility improvements have increased productivity & effectiveness, including extensive renovations & relocating or rebuilding older, less productive facilities. However, additional improvements & upgrades continue to be vital for the effectiveness & efficiency of this strategy. The Freshwater Fishing stamp is one source of funding that can be used for construction, repairs & maintenance of freshwater hatchery facilities. Other allowable uses of the fund include supporting management/research related to freshwater fisheries; restoration, enhancement and management of freshwater fish habitats; projects to improve angler access; & administration & operation of freshwater fish hatcheries with a defined cap. Federal funds such as provided by the Sport Fish Restoration Act comprise a portion of funding for this strategy . State match is required for receipt of these funds, & federal statutes prohibit diversion of license fees for purposes other than administration of the state’s fish & wildlife agency.

------	-------------	----------	----------	----------	---------	---------

This strategy includes funds necessary to implement coastal fisheries management & habitat conservation efforts aimed at maintaining, protecting, restoring & enhancing the state’s marine fisheries resources & aquatic ecosystems. The data collection programs & research activities that support management are designed to sustain harvest at levels that will ensure replenishable stocks of recreationally & commercially important species & provide balanced food webs. Activities & programs conducted to accomplish these goals include annual status assessments of finfish, shrimp, crab & oyster populations & associated environmental conditions; stock identification & research activities; construction & design of oyster reef restoration activities & artificial reefs; & active participation in multi-jurisdictional entities to help ensure a coordinated approach to protection of fisheries resources. A newly established commercial mariculture program & certificate of location (oyster lease) program to include restoration leases are also supported by this strategy. This strategy also includes efforts related to the Water Quantity & Water Quality Programs, wetland protection & restoration, review & recommendations regarding wetland & navigable water permits & projects, & development of freshwater inflow recommendations for estuaries.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §§ 11.0181, 12.001, 12.0011, 12.015, & 12.024, & Chapters 47, 61, 66, 76, 77, 78, 79, 83, & 91; & provisions of the Water Code & Agriculture Code.

------	-------------	----------	----------	----------	---------	---------

A large portion of funding for this strategy is derived from license and stamp proceeds deposited into the Game, Fish & Water Safety Account. To ensure this continues to be a reliable source of funding, TPWD must continue to provide quality fishing opportunities for constituents. Saltwater stamp revenues are statutorily restricted for coastal fisheries enforcement & management activities. Authority from this and other dedicated sources allows the department to maintain and enhance coastal fisheries programs and ensure that funds are used for intended purposes. Federal funds also comprise a large portion of funding for this strategy. State match is required to receive these funds, and federal statutes prohibit diversion of license fees.

Other factors impacting this strategy include weather conditions, red tide and other harmful algal blooms. Loss of habitat due to water control structures, inflow rerouting, maritime activities and development also pose significant challenges to conservation efforts. As population & demands for recreational opportunities increase, and staff, technology and infrastructure remain limited, it is critical that resources are available to ensure a successful adaptation to the current operating environment.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Coastal hatchery operations stock fish in public waters for anglers' recreational enjoyment and the fishing industry's economic benefit. The hatcheries maintain and enhance existing fish stocks in selected marine habitats while continuously evaluating the impact of fish stocking on resident populations and fishing success. The Coastal Fisheries Division operates marine fish hatcheries in Corpus Christi (Marine Development Center), Lake Jackson (Sea Center Texas) and Palacios (Perry R. Bass Marine Fisheries Research Station). This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §§ 11.0181 and 12.001, and Chapter 81.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Factors impacting activities in this strategy include weather conditions such as freezing temperatures, floods and drought, red and brown tide events, and extended loss of power as a result of hurricane damage or other events, which affect water quality and in turn, fingerling production levels. In addition, ongoing maintenance and repairs are necessary to keep hatcheries operational. The timing and extent of maintenance and repair work can also impact fingerling production.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy request includes funding to operate and maintain state parks, historic sites and state natural areas, protecting and informing visitors of the natural and cultural resources on state park properties and providing recreational opportunities for the general public. Field and program staff implement State Park programs and projects providing professional management of 88 park properties covering almost 640,000 acres of State lands that harbor unique cultural and natural resources; and develop and conduct visitor education programs through live presentations, print and other media. In addition, park staff in all positions provide a safe and secure environment for visitors through a focus on education and voluntary compliance balanced with appropriate law enforcement capability, while operating, protecting and maintaining a wide variety of natural and built recreational venues and maintaining high standards of accountability and customer service. Public service is the primary focus of the Park Police function, whose duties have become increasingly complex. This has resulted in a need for more training, additional equipment and increased oversight necessary to maintain the high level of professionalism and accountability expected by park users and the public at large.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §11.0181, and Chapters 13, 21 and 22; as well as portions of the Tax Code related to disposition of sporting goods sales tax proceeds (§151.801).

------	-------------	----------	----------	----------	---------	---------

Recovery from weather events combined with increased costs to repair/maintain park facilities based on cumulative wear by high numbers of visitors results in complex limitations and constraints that greatly affect TPWD's ability to keep all facilities safe and open to the public year round.

Demographic changes also impact park operations and conservation efforts, as population growth/urbanization increase demand for access to parks. Increased use also raises costs for utilities, consumable supplies, staffing and maintenance. Increased housing development near existing parks increases pressure on wildlife habitat and raises the risk of property damage due to fires.

TPWD is in the process of planning, designing, constructing, and operating undeveloped properties for use as state parks or state natural areas.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Minor Repair program is crucial to the State Parks Division’s ability to operate and maintain the system of parks, historic sites, and natural areas in an effective manner, which contributes to increased revenue by ensuring that park facilities are available for use and are in an attractive and safe condition for visitors. The program addresses smaller, or immediately needed repairs that do not rise to the funding levels and execution cycle of major projects. Minor repair funding is crucial to proper upkeep and maintenance of park facilities and infrastructure systems, which reduces the likelihood of catastrophic failures resulting in revenue losses from unusable facilities, and minimizes costly major repairs that can be avoided through timely maintenance.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to Chapters 13 and 22.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

GOAL:	2	Access to State and Local Parks		
OBJECTIVE:	1	Ensure Sites Are Open and Safe	Service Categories:	
STRATEGY:	2	Parks Minor Repair Program	Service: 37	Income: A.2      Age: B.3

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Sufficient and dependable funding for timely repair and maintenance of park, historic and state natural area facilities and infrastructure is vital to the success of this strategy. Emergency projects resulting from extreme acts of nature, or other unplanned but necessary repairs can impact the availability of funding for scheduled maintenance and minor repairs, which can delay returning facilities to use. General weather conditions will also affect facility use and wear, with resulting fluctuations in revenue. Increased visitation and use, while generating additional revenue, also results in increased wear and tear on park facilities, resulting in maintenance cost increases to the agency and the need for additional funding to maintain facilities.

Complex contracting and purchasing rules can cause administrative delays and can negatively impact program performance. Costs associated with compliance, both in terms of dollars and time, divert resources from service delivery to overhead expenses, resulting in less actual investment in repairs and maintenance. Availability of materials and services are becoming more difficult to acquire in certain areas of the state, which can also increase costs or prolong project completion.

The agency is in the process of procuring a Facility Management system that will house the Minor Repair program as well as the asset inventory, preventive maintenance requirements, and end of useful life for systems, as well as a work order system to manage the Minor Repair program that will improve the efficiency and project delivery of the program.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This strategy includes the State Parks Division’s management of the functions and programs that directly support state park operations , including oversight of natural resources and wildland fire program management, and cultural resource management as well as curatorial collections management. Other services included in the strategy are interpretive program planning and exhibit design, supervision of park law enforcement, customer service center management, budget management and supply procurement, human resource management, field support training, volunteer recruitment, safety and Federal Emergency Management Agency (FEMA) coordination, and management of business enterprise activities. This strategy is authorized by provisions of the Parks and Wildlife Code, including §11.081 and Chapters 13 and 22.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

As regulations governing natural and cultural resources have become more stringent and complex, providing technical expertise and oversight for field staff has become increasingly important to ensure compliance with state and federal regulations. Technical guidance for field staff is also critical to ensure adherence to accessibility regulations and other guidelines while fulfilling their daily tasks. The addition of new park sites to meet user demand also results in additional workloads on support staff to conduct resource surveys and supervise site staff. Increasingly complex purchasing, contracting and personnel management regulations also require greater support and guidance for staff.

Improvements to the division’s business information systems have allowed for greater data extraction capability . Correspondingly, demand for information from within the agency and from external sources has increased. The volume of these requests is at times significant considering the limited human resources currently being funded for such activities.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Local parks provide valuable recreational opportunities for communities and are typically the most readily accessible and commonly used sites within our nationwide system of parks comprised of local, state and national parks. This strategy allocates grant funds to local governments for the acquisition, renovation and development of local parks and recreation centers. These grants require a local contribution of at least fifty percent of the project costs. By providing matching grants, the program maximizes the impacts of state funds, while ensuring local partners have a financial interest in park developments. The competitive nature of these grants often leads to local contributions exceeding the minimum contributions required, further extending the impact of State funds. Local park grants contribute to overall department goals by encouraging land conservation and outdoor recreation activities, and often serve as locations for other programs of the agency, such as community fishing events. This strategy is authorized by provisions of the Parks and Wildlife Code, including Chapter 24.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

As the population of the state grows, competition for grant funds is expected to increase as demand for local recreational opportunities also rises. This is particularly true in rapidly developing communities with few existing recreational resources. Local parks have been found to contribute to the physical, social and mental well-being of residents, as well as creating positive economic impacts in communities. Current demand for grant assistance far exceeds the available funds and as a result, many worthy projects presented by local governments do not receive department assistance, resulting in a lack of readily accessible recreational opportunities. Additionally, as the state's demographics and ethnic makeup change, there are additional demands for more variety in the types of recreational venues and facilities provided by communities. Costs for land and construction materials continue to increase, while accessibility and environmental protection mandates also contribute to rising costs for park development, decreasing the impact of resources provided to local entities. Funds for the program are primarily provided by the state dedication of sales taxes on sporting goods, and from federal offshore oil and gas lease earnings through the National Park Service's Land and Water Conservation Fund.

------	-------------	----------	----------	----------	---------	---------

This strategy request includes funding for Recreational Trails, Community Outdoor Outreach Program, Boating Access, and Target Range grant programs administered by Recreation Grants staff in the State Parks Division. The Community Outdoor Outreach Program Grant provides funding to tax-exempt organizations to engage under-represented populations in TPWD mission-oriented outdoor recreation, conservation, and environmental education activities. Recreational Trails Grants provides funding for the development of motorized and non-motorized recreational trail projects that are open to the public.

Boating Access Grants provide assistance for the planning and construction of new, or renovation of existing public boat ramps that provide access to public waters for recreational boating; assistance for pumpout stations and waste reception facilities to safely dispose of recreational boater sewage; and assistance for the planning and construction, renovation, or maintenance of boating infrastructure tie-up facilities for transient recreational vessels.

Target Range Grants support the planning and development of safe and accessible public shooting facilities that align with TPWD hunter education activities and programs. The program provides funding for the costs of planning, permitting, construction, development, and improvement of firearm and archery range facilities.

Grant activities in this strategy are authorized by provisions of the Parks and Wildlife Code, including §31.141 and Chapters 13, 24, and 28, and the Pittman-Robertson Wildlife Restoration Act.

------	-------------	----------	----------	----------	---------	---------

Population growth, urbanization and shifts in demographics, coupled with increased awareness of the benefits of outdoor recreation, have led to higher demand for Community Outdoor Outreach Program grants. Funds for the program are provided by dedicated sales taxes on sporting goods.

Funding of the Recreational Trails Grant program is derived from a portion of the federal taxes generated by fuel purchases for motorized off-road vehicles (ORV's). Administered by the Federal Highway Administration, the National Recreational Trails Fund is given to states based on a formula that considers state population and ORV fuel sales. A State or local community match is required for these federal funds. Recently, Sporting Goods Sales Tax has also been appropriated for this program.

The State Boat Ramp Program receives funding from the Game, Fish and Water Safety Account and the Federal Sport Fish Restoration Act. 15% of the state's annual share from the Sport Fish Restoration Act must be used to provide access for motor boating facilities and diversion of fishing license fees for purposes other than operation of the state fish and wildlife agency is prohibited. A State or local community match is required for these federal funds.

Funding for the Target Range Grant Program is derived from a dedicated excise sales tax collected on manufacturers of certain sporting goods. Funds are administered to states by the U.S. Fish and Wildlife Service under authority of the Sport Fish Restoration Act. A State or local community match is required for these federal funds.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Department is charged with enforcement of game, fish and water safety laws throughout the state. To meet these charges, the Law Enforcement Division operates a comprehensive statewide program of public education, preventative patrols, and apprehension of violators. To prevent violations, the division proactively provides resource users information and educational programs regarding rules, regulations, seasons, and bag limits. Public safety objectives are pursued through aggressive education efforts, including management of the mandatory Boater Education program required of a certain age segment of participants in order to legally boat in Texas, as well as stringent enforcement of hunter/boater education requirements. Twenty-nine law enforcement offices statewide provide support to game wardens and services to the public through the sale of licenses, registration and titling of boats/motors, and dissemination of information. This strategy also includes major investigative initiatives related to wildlife, marine theft, and covert and environmental crimes. Finally, activities related to disaster response and Homeland Security are reflected in this strategy as well.

This strategy is authorized under provisions of the Parks and Wildlife Code, including but not limited to §§ 11.0181, 11.019-11.0201, 12.101-12.119, and Chapters 31 and 91, and selected provisions of the Penal Code and Code of Criminal Procedure Article 2.12(10).

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Internal and external factors affecting this strategy include funding and personnel, geographic issues, weather and response to natural disasters, and recruitment and retention. The huge population growth within Texas is dramatically affecting the pressures on natural resources and Law Enforcement Division’s ability to serve natural resources and public safety.

In addition to enforcing fish and wildlife laws, Texas game wardens are often called upon to assist local and federal authorities in disaster response, border operations and Homeland Security efforts. Because they have specialized equipment, training, and knowledge of our State’s waterways, they are called upon to assist in protecting dams, nuclear power facilities, and industrial chemical plants across the state.

Ensuring that game wardens are adequately equipped with emerging technologies, safe and functioning vehicles, vessels, aircraft, and equipment and training to carry out their duties safely, effectively and efficiently is a top priority for the agency.

Federal funds comprise a portion of funding for this strategy. State match is required for receipt of these funds.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Texas Game Warden Training Center provides mandated instruction to newly hired game warden and park police officer cadets in preparation for the state peace officer licensing exam and trains cadets in the enforcement of rules, regulations and proclamations of the Parks and Wildlife Code. The Training Center also provides Texas Commission on Law Enforcement (TCOLE) mandated continuing education training for licensed peace officers and marine safety enforcement officer certification and training to outside law enforcement agencies. Other functions of the Texas Game Warden Training Center include hiring, promotions and recruitment for the Law Enforcement Division.

This strategy is authorized under Parks and Wildlife Code §§11.019-11.0201 and Chapter 31. Peace officer training and education is governed by TCOLE rules and the Occupations Code §1701.352.

------	-------------	----------	----------	----------	---------	---------

Internal and external factors affecting this strategy include funding and personnel, geographic issues, weather and response to natural disasters, and recruitment and retention.

TPWD is mandated through authority of the state peace officer licensing commission, TCOLE, to provide training for newly hired cadets, as well as existing officers in the field. Professional training, however, must be extended beyond minimum requirements to improve the knowledge base of our law enforcement officers. Given the increased emphasis the Legislature has placed on Texas border security, the TPWD Law Enforcement Division is constantly communicating and collaborating with state and federal law enforcement agencies to ensure provision of the best and most current forms of law enforcement training available.

The Training Center is now providing the training for State Parks Division Police Officers, who serve as officers in the state parks throughout the state. Continued funding and support are necessary to ensure effective recruitment efforts.

The Law Enforcement oversight, management and support strategy includes overall management of the division, including regional operations, budget and administrative support, and development, coordination and implementation of policies, procedures and programs. Major oversight programs include Wildlife Enforcement, Fisheries Enforcement, and Marine Safety Enforcement.

Relevant statutory authority includes Parks and Wildlife Code §§11.019-11.0201, 12.101-12.119, and 12.201-12.206, and Chapter 31, and selected provisions of the Penal Code and the Code of Criminal Procedure, Article 2.12 (10).

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Internal and external factors impacting this strategy include an increased demand for coordination with other agencies on Homeland Security, border operations and/or disaster relief activities and with other divisions/field offices regarding statutory interpretation and enforcement policies, while maintaining oversight on normal operational activities. Requests for information, including open records requests, continue to increase, placing additional demands on existing staff resources.

The programs funded within this strategy educate hunters, boaters and other water users to be safe, knowledgeable and responsible in pursuing hunting or water related activities; encourage the conservation and enjoyment of the state’s natural and cultural resources; engage new users, including those from traditionally under-represented groups, in natural resource outdoor recreation; and recruit new and reactivate returning outdoor users who fund the agency through purchases of licenses and sporting goods. The Communications Division manages the mandatory Hunter Education program required of a certain age segment of participants in order to legally hunt in Texas, based on nationally adopted standards. Courses are offered online, as well as from volunteers trained and managed by department staff. Other programs include outdoor skills workshops in archery, bowhunting, fishing and shot gunning, Get Outside® events, and conservation education programs such as Project WILD, Texas-based aquatic education, and Texas Paddling and Great Texas Wildlife Trails. Most programs use trained volunteers to provide conservation education and outdoor recreation skills training.

This strategy is authorized by provisions of the Parks and Wildlife Code, including §§11.0181 and 62.014.

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Understanding the recreational needs and cultural values underrepresented populations is critical to increase participation in hunting, fishing and other outdoor recreation. Minorities comprise only a fraction of TPWD’s traditional user base but an increasing part of the state’s demographic base. Urbanization and competition from other activities also help to determine whether these outdoor activities grow. Since outdoor recreation is a gateway to conservation, maintaining vigorous engagement in this area increases chances for a knowledgeable, conservation-minded population.

Studies indicate that children who play and learn outdoors lead healthier, happier lives and perform better in school. TPWD has a leadership role in the Texas Children in Nature network, encouraging Texans of all ages to achieve healthier lifestyles by spending more time outside. The longevity of the program significantly hinges on access to additional staff support, funding and interagency cooperation.

Federal funds including the Wildlife & Sport Fish Restoration program comprise a large portion of funding for the hunter and aquatic education program. State match is required for receipt of these and other federal funding sources. Federal statutes prohibit diversion of state and federal wildlife funds for other uses. Without state matching funds, TPWD stands to lose mainstay funding for educational programs. Programs in this strategy rely on trained external volunteers to train constituents. Volunteers serve as a source of in-kind funds used to receive the federal match.

This strategy helps fund communication products and services to inform and engage Texans in the responsible enjoyment of nature-based outdoor recreation and the conservation of the state’s natural and cultural resources, while increasing revenue to help the agency better fulfill its mission. Communications products include the TPWD website, the Texas Parks & Wildlife magazine, the Texas Parks and Wildlife television series, and the Outdoor Annual booklet of regulations. Communication services include media relations, social media, public awareness and revenue-generating campaigns, email communication and text messaging, video, mobile app interface design, photography, print design and materials, Spanish language translation services, customer analysis and marketing programs such as the Conservation License Plates. Collectively these communications strategies increase awareness of and participation in conservation and nature-based outdoor recreation by all Texans, while increasing agency revenue from a wide range of license types, fees and products.

Relevant statutory authority includes Parks and Wildlife Code §§11.0181, 11.033, 12.006, and 13.017.

------	-------------	----------	----------	----------	---------	---------

As Texans become more varied and their preferences for receiving information continue to change, communications products and services need to evolve to be as effective as possible to help the agency achieve its goals. Sponsorships have helped bolster limited funding for various communications products and efforts, but these are limited and dependent on the economic climate.

The TPW magazine has approximately 169,000 loyal readers through print and digital readership, but a number of factors, including economic conditions, increasing fixed costs (paper and postage), and shift from print to digital media have had a profound effect on the magazine’s ability to increase its revenue to offset the cost to provide this product. Marketing costs, including the cost to provide email and text communications, have significantly increased over the years. However, TPWD’s ability to invest in and support this important function has been limited, even though proven models and pilot efforts have shown a strong return on investment for revenue-generating efforts to recruit, retain, and reactivate customers and positive results for awareness efforts.

Finally, given the dramatic growth of the Texas population and the increased visitation demand on state parks, it is important to support increased awareness of outdoor recreational opportunities on other public lands and waterways in addition to those managed by TPWD.

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Recreational and commercial hunting and fishing licenses are currently (1) issued over-the-counter by a network of license agents (generally retail businesses that sell outdoor gear and supplies) and TPWD offices; (2) issued by processing mail-in applications; (3) issued by processing phone requests; or (4) issued via Internet sales. A commission of roughly 5% is paid on sales made through license agents. Sales of hunting and fishing licenses are processed through a point-of-sale system called the Texas License Connection. The Financial Resources Division manages the contract with the vendor providing the point-of-sale system, manages relationships with all the license agents, processes mail-in requests for recreational and certain commercial licenses, and produces and mails all licenses ordered via phone, mail-in or the Internet. The division also ensures that all license revenues are collected, accounted for, and reconciled between processing and accounting systems.

Statutory authority includes but is not limited to Parks and Wildlife Code §§ 12.701-12.708 and Chapters 42, 43, 46, 47 and 50.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Key internal factors affecting this activity include (1) the availability of adequate staffing to provide timely support to license agents, timely delivery of documents due to customers (tags and licenses), answers to public and field questions 45 hours per week, and prompt collection of all funds due; and (2) adequate operation and support of the point-of-sale-system. External factors include (1) changes to regulations or statutes impacting fees or licensing requirements; (2) the state of the economy and weather factors, which can impact the volume of license sales; (3) postage costs; and (4) changes in customer use of different sales channels. Events affecting the external vendor for the automated point-of-sale system could also impact this strategy.

The modernization of record-keeping from paper-based to electronic databases and computer information systems has reduced customer transaction time, provided higher quality data and shortened the timeframe for the receipt of revenue from sales agents to the Treasury.

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Boat registration and vessel/boat motor titles are currently (1) issued over-the-counter at TPWD Law Enforcement offices, TPWD Headquarters and at participating county tax assessor-collector offices throughout the state; (2) issued by processing mail-in applications; or (3) sold via the Internet (registration renewals and replacement titles/cards/decals only). Boat titles and registrations are processed through a web-based application. A 10% commission on boat registration and titling fees is paid on sales through county tax assessor-collector offices. Ninety-five percent (95%) of sales tax revenues collected are transferred to the Comptroller’s Office for deposit into General Revenue Fund 001.

The Financial Resources Division manages relationships with all the law enforcement and tax assessor-collector staff processing boat titles and registrations. TPWD Headquarters staff provide answers to the public and field staff via two phone banks, process mail-in requests for titles, registrations and marine dealer licenses, produce and mail all titles, decals and ID cards not provided over the counter, and ensure that all marine license, title and registration fees and boat sales taxes are collected, accounted for and reconciled between processing and accounting systems. Relevant statutory authority includes Parks and Wildlife Code Chapter 31, §11.032 (Game, Fish and Water Safety Account; Sources), and Tax Code, Chapter 160.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

**802 Parks and Wildlife Department**

GOAL: 3 Increase Awareness, Participation, Revenue, and Compliance  
 OBJECTIVE: 3 Implement Licensing and Registration Provisions Service Categories:  
 STRATEGY: 2 Boat Registration and Titling Service: 37 Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Key internal factors affecting this activity include (1) the availability of adequate staffing to provide timely and accurate processing of registration/titling and related documents, to provide timely delivery of documents due to customers (titles, decals, etc.), to answer public and field questions 45 hours per week, and to promptly collect all funds due; and (2) adequate operation and support of the point-of-sale system. External factors include (1) changes to regulations or statutes impacting fees or boat registration/titling requirements; (2) the state of the economy and environmental (weather) factors, which can impact the volume of boat registration and titling transactions; and (3) postage, decal supply and printing costs, and costs associated with acceptance of credit cards.

TPWD relies on existing TxDMV technology infrastructure in place at tax assessor-collector offices (for vehicle registrations) to allow counties to access our boat registration system. The continued functionality and availability of the TxDMV system is necessary or TPWD must establish a new access approach.

TPWD was successful in securing funding to upgrade the existing boat registration and titling system in the 24-25 biennium. Successful implementation and ongoing maintenance of the new system will require continued investments.

This strategy reflects the Department's funding for capital improvement and major repair projects needed to maintain and develop more than 150 different locations throughout the state. These facilities have been acquired and developed to represent the highlights and uniqueness of Texas landscapes, natural environments, wildlife, history and culture. While revenue, general obligation bonds, and Sporting Goods Sales Tax (SGST) proceeds appropriated in past years have made strides in addressing the deferred maintenance backlog, there remains a backlog of deferred projects ranging from general repairs to code compliance to safety. While TPWD's dedicated allotment of SGST to State Parks provides reliable and sustainable funding for strategic planning, design and implementation of projects into the future, adequate and sustained funding from both SGST and Fund 9-related sources for TPWD's construction and repair program is critically important to maintaining progress in addressing all TPWD facility and infrastructure needs statewide, including WMAs, fish hatcheries, law enforcement offices, and HQ.

Relevant statutory authority includes but is not limited to Texas Constitution, Art. 3, §49-e and §50-f, and Parks and Wildlife Code, §§11.043, 13.002, 13.0045, 81.101-102 and Chapter 22, and provisions of the Government Code and Occupations Code.

------	-------------	----------	----------	----------	---------	---------

TPWD’s assets have been enjoyed by visitors for many decades, which coupled with Texas’ harsh climate, contributes to deterioration of facilities over time. A sustained repair & restoration program is critical to ensuring TPWD’s ability to effectively address facility needs.

Past challenges have included funding uncertainty, weather/disaster events, changing legislative priorities, lack of Capital unexpended balance (UB) authority & emergent needs. Recent capital construction & major repair funding increases have allowed for significant strides in addressing major repair & construction needs. These increased funding levels enable TPWD to perform more purposeful upgrades to rapidly aging facilities, to meet increased population growth & overall use. The passage of Proposition 5 in 2019 resulted in the dedication of TPWD’s allotment of the Sporting Goods Sales Tax (SGST) to State Parks, which helps provide reliable & sustainable funding for strategic planning, design & implementation of projects into the future. However, it is important to secure adequate & sustained funding from both SGST & Fund 9-related sources for TPWD’s construction & repair program to maintain progress in addressing all TPWD facility & infrastructure needs statewide.

TPWD will be requesting continuation of Capital UB authority authorized by the 88th Legislature.

------	-------------	----------	----------	----------	---------	---------

Through the addition of lands to the TPWD system & provision of grant funds to purchase conservation easements, the agency strives to meet the state’s recreational needs and conserve and protect vital habitat & natural resources. This strategy reflects: (1) the department’s capital budget authority for acquisition of land & other real property, and (2) grants to purchase conservation easements from willing sellers under the Texas Farm and Ranchlands Conservation Program (TFRLCP). TPWD’s land acquisition efforts are focused on addressing the goals and objectives set forth in the Land and Water Conservation and Recreation Plan, including acquisition of new sites, expansion of existing sites and conservation of priority habitats. The goal of TFRLCP is to conserve working lands that have high values for water, fish, wildlife and agricultural production that are at risk of development. Furthermore, the Centennial Parks Conservation Fund provides an additional source of funding to address needs related to the creation and improvement of state parks.

Land Acquisition staff negotiate & manage all agency land transactions, including sales, purchases, leases, & conservation easements & other easements; analyze existing land inventory; & make recommendations to the Executive Director and Commission.

Relevant statutory authority includes but is not limited to Texas Constitution, Art.3, §49-e and §49-e1, and Parks and Wildlife Code §§11.043, 13.001, 13.002, 13.005, 13.008, 13.009, 81.102, 81.103, and 81.401, and Chapter 21A, and provisions of the Government Code and Occupations Code.

------	-------------	----------	----------	----------	---------	---------

The most significant factors impacting the acquisition of new public lands include the availability of funding for acquisition purposes, the availability of priority lands, & general market conditions. As the population of the state continues to grow & becomes increasingly urban, & as rural lands are converted for residential uses, opportunities & venues for outdoor recreational experiences will continue to diminish. It will be increasingly important for TPWD to acquire lands to meet the needs of the public, including parks to improve access in underserved areas & wildlife management areas in under-represented ecosystems. These factors make pursuing innovative partnerships & maximizing state funding for land acquisition a high priority.

Activities included in this strategy were expanded in 2015, when the Legislature passed House Bill 1925, transferring the Texas Farm and Ranch Lands Conservation Program (TFRLCP) from the General Land Office to TPWD, appropriating \$2.0 million for TPWD to implement the program. The Texas Farm and Ranchlands Trust Council has approved funding for a number of projects, covering over 47,000 acres of the state’s high value working farms and ranches under conservation agreement. TPWD is seeking to expand this highly successful program during the 2026-2027 biennium via exceptional item request. Additionally, with the passage of a constitutional amendment by voters in November 2023, the creation of the Centennial Parks Conservation Fund provides another source of funding to address needs related to creation and improvement of state parks.

------	-------------	----------	----------	----------	---------	---------

Infrastructure program administration includes activities necessary to manage the design, construction and repair of facilities, and the development of TPWD lands. Project management oversight provides scheduling and project administration of capital projects. Architectural and Engineering design/oversight services provide the following: resources to ensure projects comply with TPWD adopted design, construction and building code standards; review of facility needs; and scoping services for resulting projects. TxDOT and TPWD are engaged in an Interagency Cooperation Contract to carry out a program which coordinates road development and repairs within and adjacent to TPWD-owned or leased facilities. Other activities include administering all professional design and construction contracts; surveys and inspections; administering, coordinating and managing the annual Capital Construction Program; and maintaining a program and project management system.

Relevant statutory authority includes but is not limited to Texas Constitution, Art. 3, §49-e and §50-f, Parks and Wildlife Code §§11.043, 13.002, 13.0045, 81.101-81.102 and Chapter 22, and provisions of the Government Code and Occupations Code.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

This strategy is impacted by the total amounts of funding available for capital improvement, construction and repair projects.

------	-------------	----------	----------	----------	---------	---------

This strategy provides executive and support functions for the agency. Executive Office coordinates activities related to the Parks and Wildlife Commission, Legislature and Parks and Wildlife Foundation. Human Resources Division functions include policy planning and development, workforce planning, job analysis, salary administration, payroll, training, organizational development, hiring, recruitment, employee relations, benefits, customer service and management development, employee recognition and volunteer programs. Legal Division provides legal assistance to the Parks and Wildlife Commission, the Executive Director and TPWD staff; represents TPWD in administrative legal proceedings; assists the Office of the Attorney General in litigation; coordinates/assists in development of rules and agreements; and coordinates responses to public information requests. Financial Resources Division functions include general ledger, property, accounts payable and revenue accounting, cashing, finance, budget, planning, financial reporting and the office of the Chief Financial Officer.

Statutory authority includes provisions of the Parks and Wildlife Code; Government Code, including Chapters 551 (Open Meetings), 552 (Public Information Act), 2001 (Administrative Procedure Act), 2101 (Accounting Procedures), 2102 (Internal Auditing), and Title 6 (Public Officers and Employees); Water Code; Natural Resources Code; and various federal statutes.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Key internal factors affecting these activities include the availability of adequate, trained staffing to accomplish the level of effort necessary to meet this strategy. External factors affecting this strategy include initiatives and legislation related to salary/accounting, human resources, legal, and other functions included in the strategy.

TPWD has transitioned to the Centralized Accounting and Payroll/Personnel System (CAPPS) for both Human Resources and Financials. Workload changes resulting from the system continue to impact TPWD and require ongoing coordination with the CAPPS staff at the Comptroller's Office.

------	-------------	----------	----------	----------	---------	---------

Information Technology (IT) Division provides support for the agency’s IT strategic plan, coordinates all technical information services, and provides general policy for information and telecommunications resource management in coordination with executive management. IT Division’s goal is to provide cost-effective, secure and reliable services that meet the business objectives of the agency for constituents and staff.

The strategies necessary to achieve this goal are Cybersecurity, Digital Services, Innovative Solutions, Data Management and Legacy Technology Modernization. IT supports all divisions by developing custom web, mobile, and client-server apps and providing customer service. IT works with divisions on business development and strategic planning, focusing on expanding delivery of technology services. Technical experts in IT work on planning, development, operations, and support of the technology infrastructure, including the technology datacenter, field services, and network support. Another key service is implementing and managing the cybersecurity program, encompassing diverse initiatives across divisions with a comprehensive program aligned to TPWD, DIR, and governing bodies’ priorities. The IT Division also provides for the procurement and contract management of technology-related purchases, consolidating purchases for best value, while meeting relevant rules and guidelines. IT has also significantly increased efforts to provide GIS technical support and environment administration.

IT services are required by provisions under Government Code, Chapter 2054.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Information Technology (IT) Division strives to maintain consistent support, despite increasing demands for existing and new technologies, with minimal funding increases. A key goal of the division is to meet internal and external expectations of immediate use of digital services, implementing improved technologies, and seamlessly and transparently maintaining data security. Cybersecurity is becoming increasingly prevalent and resource-dependent based on the current threat environment. Another priority for IT Division is to meet expectations of consistent and enhanced network connectivity and wireless access. Each division requires unique solutions, which requires more oversight and management of devices and customer service.

Other challenges include:

- Recruitment
- Affordable network connectivity
- Accepting all types of payment for services
- Oversight on spending technology funds
- Challenges associated with decentralization

In most cases, in-house services are more cost effective and streamlined than contracted services. The ability of IT Division to provide real-time support and educate contracted staff minimizes delays to and inefficiencies in supporting agency staff, allowing for positive impacts to all other programs and their ability to serve internal and external customers.

The Other Support Services strategy provides support activities for the entire agency. Support activities of the Financial Resources Division include outgoing mail services; literature and consumable distribution; warehouse management, and surplus property activities. Support activities of the Support Resources Division are also reflected, including risk management, safety, Federal Emergency Management Agency coordination, emergency management, fleet, radio, sustainability, Americans with Disabilities Act compliance, Austin headquarters facilities management, records management, and agency-wide policies and procedures. Purchasing and contracting and management of the agency Historically Underutilized Business program are also reflected in this strategy.

Statutory authority includes various provisions of the Parks and Wildlife Code; provisions of the Government Code, including but not limited to Chapters 2155 (Purchasing: General Rules and Procedures), 2156 (Purchasing Methods), 2161 (Historically Underutilized Businesses), and 2171 (Travel and Vehicle Fleet Services); and Labor Code Chapter 412.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Key internal factors affecting these activities include the availability of adequate, trained staffing to accomplish the level of effort necessary to meet this strategy, as well as the condition of the aging Austin headquarters facilities. External factors impacting this strategy include fluctuating costs of paper and print services, and statutes/rules/policies established by federal, state, and local regulatory authorities governing purchasing/contracting; employee or public safety and health; indoor air quality; use of office space and state-owned property; fleet management; energy management; water management; waste management; environmental and recycling issues; and other functions included in the strategy.

<p>Unexpended and unobligated balances remaining in such appropriation items as of August 31, <del>2025</del> <u>2023</u>, are appropriated for the same purposes for the fiscal year beginning September 1, <del>2025</del> <u>2023</u>. Unexpended and unobligated balances in General Revenue-Related accounts may not be carried forward from fiscal year <del>2025</del> <u>2023</u> to fiscal year <del>2026</del> <u>2024</u> without 45 days prior notification to the Legislative Budget Board and the Governor. Unexpended and unobligated balances of General Revenue-Related appropriations under this provision are subject to the provisions of Government Code Section 403.071 for the purposes of determining the life of an appropriation; therefore, the agency is not authorized to carry forward unexpended and unobligated balances in General Revenue-Related accounts from fiscal year <del>2025</del> <u>2023</u> to fiscal year <del>2026</del> <u>2024</u> if the original appropriation for the project was made during or before fiscal year <del>2021</del> <u>2019</u>. The Texas Parks and Wildlife Department shall provide the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts a report by no later than December 1st of each fiscal year showing the progress and costs of all projects funded by General Revenue-Related appropriations made by the <del>Eighty-sixth</del> and the Eighty-seventh <del>and Eighty-eighth</del> Legislatures.</p>																																					

3.B. Rider Revisions and Additions Request

Agency 802	Agency Name: Texas Parks and Wildlife Department	Prepared by: Julie Horsley	Date: 9/27/2024	Request Level: Base/Exceptional
Current Rider Number	Page Number in 2024-25 GAA	Current Rider Language		
		<p><i>TPWD is requesting revisions to update amounts and fiscal year/session references. Per discussion with LBB, while TPWD does anticipate some carry forward, amounts in the rider are being reflected as “estimated to be \$0” to be consistent with base reconciliation and base limit requirements. Continued estimated authority to carry forward unexpended balances is critical for the agency’s capital construction and repair program.</i></p>		
8	VI-44	<p><b>Appropriation: State-owned Housing Authorized.</b> The Texas Parks and Wildlife Department (TPWD) shall recover at least 20 percent of the established fair market rental value of housing from persons residing in state-owned housing first employed before September 1, 2005, and 100 percent of the established fair market rental value of housing from persons residing in state-owned housing employed on or after September 1, 2005. If the TPWD requires an employee to live onsite in state-owned housing as a condition of employment, then the TPWD shall recover at least 20 percent of the established market rental value of housing regardless of the date of employment. Included in the amounts appropriated above is rental income collected from employee housing (estimated to be \$40,000 <del>32,800</del> in Appropriated Receipts each fiscal year in Strategy A.1.1, Wildlife Conservation; estimated to be \$36,300 <del>29,300</del> in Appropriated Receipts each fiscal year in Strategy A.2.2, Inland Hatcheries Operations; estimated to be \$10,100 <del>8,600</del> in Appropriated Receipts each fiscal year in Strategy A.2.4, Coastal Hatcheries Operations; estimated to be \$318,400 <del>314,400</del> in Appropriated Receipts each fiscal year in Strategy B.1.2, Parks Minor Repair Program, and estimated to be \$3,600 <del>3,600</del> in Appropriated Receipts each fiscal year in Strategy C.1.2, Texas Game Warden Training Center.) The recovered funds are appropriated to the TPWD for maintenance or replacement of employee housing. Additionally, notwithstanding the provisions in Article IX of this Act, the TPWD may expend amounts in excess of \$50,000 per residence for the biennium as necessary to purchase, remodel, repair or replace state-owned housing, provided that the agency submits advanced notification to the Legislative Budget Board and the Governor.</p> <p><i>TPWD is requesting revisions to update estimated amounts for the 2026-27 biennium.</i></p>		
9	VI-44	<p><b>Appropriation of Certain Concession Receipts.</b> Concession receipts generated as a result of the efforts of volunteer groups in state parks or other agency facilities are included in amounts appropriated above from Appropriated Receipts in Strategy B.1.1, State Park Operations (estimated to be \$0), and Strategy A.2.4, Coastal Hatcheries Operations (estimated to be \$205,400 <del>138,800</del>), for the biennium beginning September 1, <del>2025</del> <u>2023</u>. These concession receipts shall be credited for the benefit of the specific state park or other agency facility where the funds are generated by volunteer groups. Concession receipts generated as a result of the efforts of department employees or leased concession contracts with third parties are also appropriated in the strategies above and are not subject to this rider.</p>

		<p><del>(e) (b) In addition to the</del> Amounts appropriated above in Strategy C.1.1, Enforcement Programs also include <del>, Article IX, Section 17.17(g) identifies</del> \$1,957,920 in Unclaimed Refunds of Motorboat Fuel Tax <del>appropriated elsewhere</del> for border security-related vehicles.</p> <p><i>TPWD is requesting revisions to update method of finance and fiscal year references, update amounts to reflect the salary increase, and to eliminate provisions that are no longer applicable for the 2026-27 biennium.</i></p>		
14	VI-45	<p><b>Sporting Goods Sales Tax (SGST).</b></p> <p><b>(a) Appropriations.</b> Amounts appropriated above to the Texas Parks and Wildlife (TPWD) include \$<del>xxx</del>219,662,000 in fiscal year <del>2026</del> 2024 and \$<del>xxx</del> 221,858,000 in fiscal year <del>2027</del> 2025 (including End-of-Article Appropriations for Benefits, Transfers to ERS for Retiree Insurance, and Debt Service for Statewide Park Repairs) from limited sales, excise, and use tax revenue identified as Sporting Goods Sales Tax (SGST) as reflected below in Subsection (c) to comply with Article VIII, Section 7(d) of the Texas Constitution. This appropriation represents the statutory maximum allocation of SGST revenue to TPWD, pursuant to Tax Code, Section 151.801 (93.0 percent of the total SGST revenue), as calculated in the Comptroller of Public Accounts' Biennial Revenue Estimate (BRE), net of appropriations made elsewhere in this Act for benefits and debt service.</p> <p>If the Comptroller determines that the maximum allocation of SGST revenue available to TPWD for the <del>2026-2027</del> 2024-25 biennium exceeds the amounts appropriated in this Act to TPWD and <u>amounts designated elsewhere for benefits and debt service</u>, the difference is appropriated to TPWD. This appropriation of additional SGST revenue shall be allocated to the strategies and accounts that receive SGST revenue transfers by the Legislative Budget Board in consultation with TPWD based on a current assessment of needs, excluding totals for benefits and debt service. <u>TPWD proposed plans for use of additional SGST shall be considered approved unless the LBB issues a written disapproval within 90 calendar days after the date the plan was submitted.</u> Notwithstanding the capital budget provisions in Rider 2, Capital Budget, and Article IX, Section 14.03, to the extent any of the additional SGST is directed by the Legislative Budget Board for state and local park related capital budget purposes as a result of the allocation determined by the above process, TPWD's capital budget authority is increased for these purposes and such increase shall not count towards the limitations imposed by capital budget provisions elsewhere in this Act.</p>		

3.B. Rider Revisions and Additions Request

Current Rider Number	Page Number in 2024-25 GAA	Current Rider Language		
		<p><u>In the event Comptroller updated SGST estimates are lower than GAA or other subsequent SGST estimated amounts for the biennium, TPWD may fund any resulting shortfalls from existing SGST balances and/or the State Parks Account No.64. If State Parks Account No.64 is used, necessary amounts are appropriated from State Parks Account No.64, provided that: (1) sufficient balances exist in the State Parks Account No. 64 to support such appropriations, (2) amounts are used for the same purposes as the SGST was originally approved in the GAA or subsequent approvals; and (3) TPWD coordinates with and provides advance notification to the LBB and Comptroller’s Office before initiating the required method-of-finance change to use State Parks Account No. 64 for such purposes.</u></p> <p><b>(b) SGST Method of Financing Changes.</b> TPWD may request approval from the Legislative Budget Board to change SGST methods of financing provided in initial strategy appropriations above within the following accounts to which SGST may be transferred to: (1) State Parks Account No. 64, (2) Texas Recreation and Parks Account No. 467, (3) Parks and Wildlife Conservation and Capital Account No. 5004, and (4) Large County and Municipality Recreation and Parks Account No. 5150. This provision does not apply to initial SGST appropriations provided in strategies for capital budget projects included in TPWD's Rider 2, Capital Budget. TPWD shall request approval for any changes from the Legislative Budget Board in a format prescribed by the Legislative Budget Board that provides information regarding the purposes and the projected impact of the changes and expenditures. A request submitted under this provision shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date on which the staff of the Legislative Budget Board concludes its review of the request. Additional information requested by the Legislative Budget Board regarding a request submitted by TPWD pursuant to this rider shall be provided in a timely manner. Notwithstanding any provision to the contrary, the Legislative Budget Board may suspend the approval of a request at any time pending the receipt of additional information requested of TPWD.</p> <p><b>(c) Informational Listing - Allocation of SGST.</b> Amounts appropriated and allocated in this Act include all amounts authorized in Article VIII, Section 7(d) of the Texas Constitution and Tax Code, Section 151.801, estimated to be <del>xxx236,196,000</del> in fiscal year <del>2026</del> 2024 and <del>xxx238,557,000</del> in fiscal year <del>2027</del> 2025 in sales tax receipts deposited to the General Revenue Fund generated by sales of sporting goods items. These appropriations shall be allocated for the purposes specified, and the Comptroller shall make transfers, including for direct appropriations, benefits, debt, and any amounts necessary for estimated transfers to other agencies, as shown below.</p> <p>Amounts for benefits, retiree insurance, and debt service are estimated. Amounts may be shifted between these categories as necessary to cover actual costs for these items.</p>

		<p><i>The amounts shown in this rider reflect TPWD’s initial allocation of SGST amounts to TPWD programs based on approved GR-GRD limits, and amounts estimated for fringe and other costs, assuming 2026-27 SGST revenue totals will be the same as 2024-2025 (including Comptroller revisions). TPWD fully anticipates these amounts will be revisited and modified after release of the Comptroller’s BRE in January 2025.</i></p> <p><i>Note the following: (1) Total amounts shown in the Article VI section of this rider reflect SGST authority as approved in TPWD’s GR/GRD limits, (2) End-of-Article Benefit and Transfer amounts have been updated to reflect revised estimates within the assumed revenue totals. (3) Amounts for the Texas Historical Commission (THC), and therefore the total, are to be determined based on THC’s submission.</i></p>		
17	VI-48	<p><b>Appropriation: Development Revenue.</b> The Texas Parks and Wildlife Department is appropriated all revenue from fundraising and partnership development activities including revenues from funds raised, contributed, donated, or collected through private sector partnerships; joint promotional campaigns; licensing of the department brand, logo, or intellectual property; and sale of state park passes in any entity's retail locations (estimated to be \$0) each fiscal year. Any related unobligated and unexpended balances remaining as of August 31, <del>2026</del> <del>2024</del>, are appropriated for the same purpose for the fiscal year beginning September 1, <del>2026</del> <del>2024</del>.</p> <p><i>TPWD is requesting revisions to update fiscal year references for the 2026-27 biennium.</i></p>		
18	VI-48	<p><b>Appropriation: Donation Proceeds.</b> Amounts appropriated above to the Texas Parks and Wildlife Department include any donations generated from the vehicle registration and renewal processes and designated for use in funding the state park system (donation proceeds estimated to be \$500,000 for each fiscal year of the <del>2026-27</del> <del>2024-25</del> biennium) out of the State Parks Account No. 64. Donation proceeds may be allocated to Strategy B.1.1, State Park Operations, Strategy B.1.2, Parks Minor Repair Program, and/or Strategy B.1.3, Parks Support, as the agency deems appropriate. Any unobligated and unexpended balances and donation proceeds remaining as of August 31, <del>2026</del> <del>2024</del>, are appropriated for the same purpose for the fiscal year beginning September 1, <del>2026</del> <del>2024</del>. In addition, consistent with Article IX, Section 8.01, Acceptance of Gifts of Money (d) and (e), any unexpended balances remaining as of August 31, <del>2025</del> <del>2023</del>, are appropriated for use during the <del>2026-27</del> <del>2024-25</del> biennium for the purposes provided by the grantor.</p> <p><i>TPWD is requesting revisions to update fiscal year references for the 2026-27 biennium.</i></p>

NEW	701	<p><u><b>Unexpended Balances Appropriation: Acquisition of Land and Other Real Property.</b> Any unobligated and unexpended balances of funds remaining as of August 31, 2025, that were appropriated to the Texas Parks and Wildlife Department in Strategy D.1.2. Land Acquisition for acquisition of land and other real property by Senate Bill 30 or the General Appropriations Act for the 2024-25 biennium (estimated to be \$0), are appropriated for the fiscal biennium beginning September 1, 2025, for the same purpose.</u></p>		

3.B. Rider Revisions and Additions Request

Agency 802	Agency Name: Texas Parks and Wildlife Department	Prepared by: Julie Horsley	Date: 9/27/2024	Request Level: Base/Exceptional
Current Rider Number	Page Number in 2024-25 GAA	Current Rider Language		
		<p><i>TPWD is requesting addition of a new rider to allow unexpended and unobligated balances of land acquisition appropriations to be carried forward from one biennium to the next for the same purposes. The ability to carry forward unexpended balances of land acquisition appropriations allows for strategic planning to target conservation efforts and strategic tracts of land and allows the department to respond to emerging business needs. Due to the complicated nature of major land transactions, which will inevitably span across biennia, UB authority would provide flexibility to manage the land acquisition portfolio and mitigate risks without jeopardizing negotiations, improving TPWD’s ability to acquire strategic tracts of land at the best value for the state. Real estate negotiations and purchases may result in processes (seller dynamics, price negotiations, legal agreements, etc.) taking longer than anticipated. Absent UB authority, land acquisition transactions occurring near the end of a biennium are at risk of being canceled if such issues are encountered.</i></p>		
NEW	702	<p><b><u>Appropriation of Boater Education Fees.</u></b> Included in the amounts appropriated above in Strategy C.1.1. Wildlife, Fisheries and Water Safety Enforcement/Education are any boater education fee revenues, including boater education deferral fee revenues, deposited into the Game, Fish and Water Safety Account, estimated to be \$502,400 over the 2026-27 biennium. Such amounts shall be used for the purpose of enhancing boater and water safety through the boater education program, including salaries, operating and the purchase of necessary capital transportation and equipment items. Any unobligated or unexpended balances remaining as of August 31, 2026 are appropriated for the same purposes in the fiscal year beginning September 1, 2026.</p> <p><i>Under authority of the Parks and Wildlife Code, the Texas Parks and Wildlife Department is responsible for administering a boater education program. Until the 2024-25 biennium, fees charged for Boater Education courses and examinations were deposited into General Revenue, rather than the Game, Fish and Water Safety Account (Fund 9). HB2755 of the 88<sup>th</sup> Legislature amended P&amp;W Code to provide that revenues collected from Boater Education would be deposited to the Game, Fish and Water Safety Account. However, these amounts are not directly appropriated for use on the boater education program.</i></p> <p><i>The Boater Education program certifies over 36,000 Texans annually, helping to ensure safe and responsible use of Texas’ water resources by the boating public. The current budget for the boater education program is insufficient to cover all needs. Additional funding for the program, via appropriation of boater education fees directly back to the program, would allow the agency to address staffing and related operating needs to better address demand. See also related exceptional item. NOTE: In tandem with approval of the exceptional item, this rider request would allow any</i></p>		

3.B. Rider Revisions and Additions Request

Agency 802	Agency Name: Texas Parks and Wildlife Department	Prepared by: Julie Horsley	Date: 9/27/2024	Request Level: Base/Exceptional
Current Rider Number	Page Number in 2024-25 GAA	Current Rider Language		
		<i>revenues collected for the boater education program to be spent on that program (via addition of “estimated appropriations” rider language). The amounts specified in this proposed rider are not included in the base strategy total for C.1.1. but need to be added if approved.</i>		
NEW	703	<p><b>Reporting on Centennial Parks Conservation Fund.</b> TPWD shall provide semi-annual reports to the Legislative Budget Board and Office of the Governor regarding the status of the Centennial Parks Conservation Fund. The reports shall include cumulative and semi-annual information on the following: current fund balance, interest and investment income/earnings, actual expenses, outstanding encumbrances, and any outstanding requests pending LBB approval.</p> <p><u>Requests for approval submitted to the Legislative Budget Board shall include the following information: property details and description, purchase plan, general seller information, requested amount of funding, current balance and estimated balance of the fund after the acquisition, long term obligations, and anticipated recreational opportunities resulting from the acquisitions.</u></p> <p><i>TPWD is requesting a new rider to formalize reporting requirements, including specific information and the timing/frequency of reports, related to the new Centennial Parks Conservation Fund.</i></p>		
NEW	704	<p><b>Habitat and Angler Access Program Grants.</b> Any funds appropriated in prior years and within the current biennium in Strategy A.2.1, Inland Fisheries Management, that are utilized for Habitat and Angler Access Program grants shall be treated as construction appropriations for the purpose of determining the life of the appropriation under the provisions of Government Code, Section 403.071.</p> <p><i>This rider requests that Angler Access and Fish Habitat Restoration Grants be treated as construction appropriations for the purpose of determining the life of the appropriation. The Habitat and Angler Access Program desires to fund larger-scale fish habitat and shoreline-based angler access projects but has experienced issues with project completion timelines for some projects on issues such as required 404 permitting, archaeological clearance, capital level construction, contracting and engineering. Current timeframes hinder the ability to meet program objectives and to implement larger projects. Furthermore, increased pressures under current timelines may prevent future participation in this program by current and potential partners. The expanded timeframe will help address these issues and will allow TPWD to take on the larger projects, create more flexibility, and better meet the habitat and access needs that this program was intended to address. See also related exceptional item request.</i></p>

**DESCRIPTION / JUSTIFICATION:**

TPWD's GR-GRD limits, approved by LBB and GOBP, reduced authority tied to all TPWD capital transportation vehicles except those associated with law enforcement and border security activities.

The TPWD vehicle fleet is critical to TPWD's on-going operations across the state, as they are needed for activities such as conducting wildlife and aquatic biological studies, providing wildlife technical guidance to private landowners, operating state parks and WMAs, providing outreach and education services, managing construction projects, responding to violations and accidents involving natural resources, mail delivery, maintenance of facilities and security, and more. Agency vehicles are utilized

-------------	--------------------	------------------	------------------

heavily and must be replaced according to an on-going/recurring replacement schedule. They are as integral to our operations as computers and cell phones.

This request would provide capital transportation authority to allow TPWD to replace vehicles according to schedule in the face of increasing inflationary pressures , as well as to secure additional vehicles, including those needed for staff and operations at newly opened or soon to be opened parks such as Albert and Bessie Kronkosky , Devil's River, and other newly acquired sites.

**EXTERNAL/INTERNAL FACTORS:**

It is crucial for TPWD to have ongoing capital transportation authority to replace vehicles as they meet/exceed state and agency replacement thresholds. Delays in the ability to replace vehicles could result in unsafe and unreliable equipment, possible interruption of services, and increased repair expenses.

Likewise, as the number of state parks begins to grow, TPWD requires additional vehicles for staff at those locations to effectively carry out their duties.

The Office of Vehicle Fleet Management "Texas State Vehicle Fleet Management Plan" specifies that passenger vehicles should be evaluated for replacement at 9 years of service and 100,000 miles, while it recommends that cargo vehicles should be replaced at 10 years and 110,000 miles. TPWD follows these general guidelines for most vehicle replacement schedules, however, given the complexity of TPWD's vehicle fleet and various uses, other factors are at times also considered, such as usage, condition, maintenance and repair costs, and availability of budget/authority.

**PCLS TRACKING KEY:**

1	General Revenue Fund	24,050,000	0
<b>TOTAL, METHOD OF FINANCING</b>		<b>\$24,050,000</b>	<b>\$0</b>

**DESCRIPTION / JUSTIFICATION:**

The Austin Headquarters (HQ) building is in dire need of repair, renovations and upgrades. The inability to invest significantly in the regular maintenance and updated planning of the building has resulted in repair backlogs, and the need to address the emergency repairs that inevitably arise as a result has proven disruptive to the department's daily business. For example, Building D at the HQ complex, which houses public-facing licensing, boat registration and titling, and other agency functions, recently experienced serious sewer line issues rendering restrooms unusable for staff and the visiting public. Additional examples of past and current necessary repairs are air chiller replacements, air handler replacements, HVAC replacements, roof and insulation replacement, ADA compliance upgrades, fire/security/PA system replacement, elevator replacements, backup generator replacement, entrance door replacements, structural flooring replacement, structural and drainage repairs, building envelope repairs and replacements, and access security gate installations.

The backlog of repairs and unexpected issues such as these result in more expensive strategies to administer building improvements. Additional capital funding and other resources to address critical HQ complex maintenance and repairs is needed to operate efficiently and provide a safe environment for employees and visitors.

Over the longer term, consideration must be given to a complete renovation or replacement of the current HQ building, given its age and ongoing annual costs for upkeep. Providing a renovated, modern and energy efficient building would save TPWD operating expenses, reduce TPWD's footprint and costs by reducing use of leased space in Austin, protect agency assets, and address safety issues associated with structural hazards, fire, security, and accessibility.

Request is for an existing initiative and will involve contracts with outside entities.

------	-------------	-----------	-----------

---

**EXTERNAL/INTERNAL FACTORS:**

The Austin Headquarters building dates from 1976 and contains over 145,000 square feet of office space. A sufficient and sustainable maintenance and repair budget has been difficult to secure due in part to the variety of TPWD funding mechanisms (Fund 9, Fund 64, SGST, etc.) required to pay for facilities that house multiple divisions such as TPWD's Austin headquarters. For example, during the 88th Legislative Session, a multi-fund (SGST and Fund 9) request for replacement of HQ air handlers was only partially funded, as only the SGST portion of the item was approved. General Revenue funding would alleviate these issues and allow the department to address HQ needs for all agency divisions in a more holistic and comprehensive manner.

**PCLS TRACKING KEY:**

---

**APPROXIMATE PERCENTAGE OF EXCEPTIONAL ITEM :** 100.00%

**CONTRACT DESCRIPTION :**

This exceptional item would fund construction and repair projects at the TPWD Headquarters Building. Contract types would include planning, design and construction contracts and expected duration will vary depending on the nature and scope of each project.

Anticipated methods of procurement include Request for Qualifications (RFQ) for professional services, Construction Management at Risk, and Invitation for Bid (IFB), Design-Build and Request for Proposals or Competitive Sealed Proposals (CSP) for construction.

Professional services contracts would be needed as TPWD does not have the staff resources to perform these projects in-house.

1	General Revenue Fund	34,882,902	34,882,902
<b>TOTAL, METHOD OF FINANCING</b>		<b>\$34,882,902</b>	<b>\$34,882,902</b>

**DESCRIPTION / JUSTIFICATION:**

This request would provide \$69.8 million over the biennium to provide targeted salary actions for TPWD employees. The amounts would be directed at increasing salaries for TPWD classification titles where salaries are below the same classification titles at other Article VI (Natural Resources) agencies and implementing other salary actions for TPWD employees (excluding Schedule C) to address salary equity issues that were not addressed by and/or have arisen since the salary increases approved last session. These actions will help ensure our agency’s salaries are externally competitive and internally equitable.

The legislatively mandated salary actions last session, including those directed to Law Enforcement in Schedule C, gave much needed increases to agency staff, while approved targeted salary actions were focused on TPWD priority hard-to-fill, high turnover, and high vacancy rate positions. However, these actions collectively resulted in internal inequities and compression issues and did not address wage inequities with other state agencies.

If this exceptional item is approved, TPWD would rely on the most recent comparative compensation data available to allocate the funding, while also striving to mitigate any outstanding compression, equity or other issues.

**EXTERNAL/INTERNAL FACTORS:**

Employee compensation surveys, studies, and exit surveys have consistently identified pay as a significant issue for department recruitment & retention efforts. Although recent increases have helped, TPWD is still behind Article VI counterparts in both average compensation and rate of turnover.

Analysis of TPWD’s salary structure indicates an average salary of \$57,879 at the end of FY2024, which lags the Article VI agency average of \$69,505 by \$11,626 (20%) annually.

Other factors, such as the remote location of many TPWD sites, the availability of higher paying private sector jobs, and inflationary pressures, also complicate TPWD’s ability to recruit & retain qualified staff. For example, the combined effect of a highly competitive job market and cost of living has made it difficult to recruit/retain staff for Austin based positions, particularly those in support functions such as finance, accounting, legal, communications, infrastructure, human resources, and information technology.

**DESCRIPTION / JUSTIFICATION:**

This exceptional item requests \$78.1 million & 30 FTEs over the biennium to expand and modernize the game warden presence across the state. Amounts would provide funding for salaries, operating and equipment needed for additional game wardens and related support staff and would also allow the department to implement a 50-hour work week for game wardens, similar to DPS. Funding would also ensure ongoing operations, including amounts needed for new aircraft and vehicle maintenance and fuel; purchase of equipment and services to modernize, improve and enhance the ability of game wardens to conduct essential functions, including funding to maintain the vehicle fleet, purchase of new computers, body camera/data storage and in-car automation; and to allow for needed repairs and upgrades at the Game Warden Training Academy and other Law Enforcement offices across the state.

Amounts are also requested to enhance boater education/boater safety efforts by appropriating boater education revenues directly to the boater education program. Please see associated rider request.

With the growth in population of the state as well as growth in recent statewide initiatives involving TPWD game warden participation, it is important that TPWD game

Agency code: 802

Agency name: Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2026	Excp 2027
------	-------------	-----------	-----------

wardens be adequately funded and outfitted with the equipment and tools needed to safely, effectively and efficiently provide public safety and law enforcement services to the state.

This request is for an existing initiative and will involve contracts with outside entities.

**EXTERNAL/INTERNAL FACTORS:**

Since 1895, Texas game wardens have served the citizens of Texas by providing professional law enforcement while working to conserve & protect the natural resources of Texas. The scope of their efforts often extends beyond enforcement of wildlife, fish & water safety laws, however, as Texas game wardens also routinely provide valuable disaster response, swift water rescue, and other relief efforts during natural disasters and search & rescue operations and are also involved in border security efforts.

Officer safety is the huge driving factor for providing the equipment for game wardens to safely perform duties required. The growing demand from the public for more accountability and transparency from Law Enforcement agencies is requiring peace officers to use body worn cameras. Solutions must have evidentiary chain of custody, ability to redact and edit for open records requests and to comply with laws and regulations, and with records retention guidelines.

TPWD's Law Enforcement division strives to maintain a 5 year/100K mile replacement schedule for patrol vehicles. Due to the inflationary rise in cost and increase of miles driven to support Operation Lone Star, we have been unable to maintain this replacement schedule. Older assets typically incur higher maintenance costs and do not perform at the peak levels needed to effectively carry out law enforcement duties. Replacement of these assets will help ensure that officers are adequately equipped to safely and efficiently carry out their duties.

**PCLS TRACKING KEY:**

N/A

**DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:**

Replacing aging computers and obtaining computers for new FTEs, radios, purchasing a body worn camera solution to replace existing equipment, and computer aided dispatch/in car automation for officer safety, situational awareness, and to receive and distribute information in more effective and efficient manner. Officer safety is a significant driving factor for providing the equipment for game wardens to safely perform duties required.

<b>CODE</b>	<b>DESCRIPTION</b>	<b>Excp 2026</b>	<b>Excp 2027</b>
-------------	--------------------	------------------	------------------

**ALTERNATIVE ANALYSIS**

Currently, game wardens write out paper tickets, drive them to a district office where staff manually enter the information into a custom application and then manually store the paper tickets, which can create data availability and integrity issues. If not fully funded, the enforcement functions would be using outdated technology, creating safety and efficiency issues and incompatibilities with other enforcement agencies. Currently TPWD uses OneDrive, external hard drives, and disks to store body camera data/video, but storage is limited and access is controlled by the individual officer. If project is not fully funded, officers would continue to use different platforms to store body camera footage, which could impact productivity and potentially result in inability to meet current accepted standards.

New FTE require new computers and equipment such as radios to effectively conduct daily work. If computers/radios are not funded, they will be unable to fulfill responsibilities in a timely, effective and efficient manner.

**ESTIMATED IT COST**

<b>TOTAL, METHOD OF FINANCING</b>		<b>\$4,500,000</b>	<b>\$3,250,000</b>

**DESCRIPTION / JUSTIFICATION:**

This exceptional item requests \$7.75M for projects identified during a recent initiative examining critical agency modernization needs. Amounts are biennial:

Expansion/Improvement of Agency Network: There is a need to upgrade core infrastructure to support connectivity upgrades at sites throughout the state, offering opportunities for enhancing digital services & securing the data. Upgrades allow for faster & easier access to all digital resources, such as kiosks at State Parks (\$1.25M).

Expanded Data Center Services: To allow TPWD to increase cybersecurity capabilities to monitor/mitigate risks, and to procure additional digital tools, data oversight & software licenses to improve support of mission initiatives (\$1.3M).

Develop Low Code Applications: To allow TPWD to develop & implement applications giving staff efficient tools to track, strategize & manage mission critical work & decisions utilizing new, secure, scalable platforms. Funds will cover licenses & contracted resources to develop and pilot applications (\$1.4M).

Data Management Program: This will provide funding for data management software for TPWD data consolidation, building a program to offer all staff & constituents consistent & secure data for strategic planning & resource management. Funding would cover software licenses, storage & contractor resources to provide guidance & support as TPWD migrates to a centralized, more secure & scalable enterprise data environment (\$1.2M).

Robotic Process Automation (RPA) Software Licenses/Resources: Funding is needed for programming automated processes to improve efficiencies in repetitive workflows.

**4.A. Exceptional Item Request Schedule**  
89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

DATE: 9/27/2024  
TIME: 5:11:54PM

Agency code: 802

Agency name: Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2026	Excp 2027
------	-------------	-----------	-----------

This would cover software licenses & contractor resources to continue development of applications, focusing on support services (\$600K).

Software Procurements: Divisions throughout TPWD have identified requirements to enhance or modernize current processes, moving towards more secure & efficient business practices to support all customers (\$2M).

**EXTERNAL/INTERNAL FACTORS:**

With roughly 9.3 million state park visits, 2.4 million hunting, fishing and combination licenses sold, and 504,000 boat registration/titling and related transactions processed annually, as well as numerous other customer interactions with TPWD, it is imperative that the department make the best use of technology to ensure top notch experiences for our constituents, both as they conduct business with TPWD and as they enjoy the rich hunting, fishing and outdoor recreational experiences Texas has to offer.

Customers, especially younger generations, have come to expect secure and stable access to and availability of information at their fingertips, and to conduct business transactions with the department in a timely and convenient manner. Many of the improvements requested in this exceptional item would directly and indirectly address these needs. For example, upgraded customer facing digital services, such as mobile applications offering hunting and fishing digital tags, harvest options and related information, and connectivity improvements would directly enhance hunting, fishing and park experiences for our customers. Expanded services allowing consistent enterprise data management, development of low-code applications, improved cybersecurity, and robotic process automation would enhance the internal TPWD work environment, allowing quicker and improved decision making across all business units. Funds requested in this exceptional item will create efficiencies and associated costs savings that could be re-directed to other program areas, ultimately improving the ability to carry out our core mission.

As TPWD works to make agency facilities and sites more accessible to the public through additional acquisition of public park and WMA lands and through “bricks and mortar” infrastructure improvements, it is equally important to provide technological improvements that will contribute to overall customer satisfaction and positive interactions as well.

**PCLS TRACKING KEY:**

N/A

**DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:**

The entire exceptional item is related to critical agency information technology modernization needs. It is imperative that the department make the best use of technology to ensure top notch experiences for our staff as they carry out responsibilities in support of our mission, and for our constituents as they conduct business with TPWD and enjoy the rich hunting, fishing and outdoor recreational experiences Texas has to offer.

**CONTRACT DESCRIPTION :**

This will include procurement of contracted services, software, hardware, and data storage via competitive solicitations. Expected duration of contracts will vary depending on specific components, for example, for software and data storage duration is annual and ongoing, but for contract labor duration is until completion of work and for hardware duration is upon delivery.

Expected method of procurement is Request for Proposal.

Professional services contracts would be needed as TPWD currently does not have the expertise or training in-house from existing staff for initiatives contemplated to be addressed with contract labor.

**DESCRIPTION / JUSTIFICATION:**

This item requests funding & FTEs to maintain and improve access to and conservation of fisheries & wildlife resources for the enjoyment of hunters, anglers, and Texans. Requested funding sources reflect dedicated TPWD streams; approval would allow TPWD to direct these funding streams, many of which are user funded, to programs offering direct benefits to the fee-paying constituents/related resources.

Increased Flounder Production: (\$256K/2 FTE) TPWD is actively engaged in production efforts to sustain and increase flounder populations in Texas waters, including by adding and retrofitting existing hatchery facilities to allow for production during the winter. This increased activity requires additional staffing to maintain production of red drum and spotted seatrout, increase flounder production, and continue important maintenance on equipment & facilities.

Public Hunting Access: (\$1.6M) Funds would help retain existing hunting leases by addressing cost increases, and possibly allow for additional hunting leases on private lands to increase available acreage/public hunting opportunity.

Agency code: 802

Agency name: Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2026	Excp 2027
	Habitat & Angler Access Program (HAAP): (\$1.8M/ 2FTE) Funding for staffing/operating to plan, design and implement small and large-scale bank and shoreline based angler access and fish habitat enhancements in streams and reservoirs statewide.		
	Aquatic Habitat Enhancement Program: (\$1.9M/ 2 FTE) Funding to offset observed/estimated inflationary increases as well as demand for expanded services that directly support conservation of fisheries & aquatic resources, and that provide access to angling, boating & other water-based recreation in public waterbodies. Aquatic nuisance vegetation can impede access to angling, boating, and other water-based recreation in public waterbodies and negatively affect fisheries & aquatic ecosystems.		
	Freshwater Hatcheries: (\$750K) Funding to conduct scheduled maintenance as well as deferred maintenance and repair projects at hatchery facilities.		
	<b>EXTERNAL/INTERNAL FACTORS:</b>		
	Currently, fish culture activities are conducted year-round. In recent years, increased fingerling production & the addition of two new flounder buildings has impacted our ability to maintain, repair & replace equipment used during the production season. This, and other factors, has extended labor-intensive fingerling production, resulting in additional staffing needs.		
	TPWD currently leases over 100,000 acres of private land for small game hunting & recreational access. Recent losses in federal grant support for leases, coupled with increases in the cost per acre to secure public hunting lands, have posed significant challenges & required temporary funding shifts to ensure continued availability & accessibility of hunting opportunities.		
	The HAAP provides grants to restore & enhance freshwater fish habitats and improve/expand bank & shoreline-based angler access. Project examples include development of fishing piers & platforms, and shoreline armoring & bank stabilization. In tandem with the related rider request, approval of this item will allow TPWD to implement larger projects, create more flexibility, & address more habitat & access needs.		
	Control of aquatic nuisance vegetation is critical to managing & maintaining access to aquatic resources. Dense mats of aquatic nuisance vegetation restrict or block access, exacerbate water loss through transpiration, and negatively affect water conveyance for agricultural irrigation & municipal water supplies.		
	Maintaining hatchery facilities, infrastructure & equipment is critical to continued successful hatchery operation and production of sportfish. Upkeep & repair costs continue to increase due to inflationary pressures and as facilities age.		
	Proposed funding sources include Saltwater & Freshwater Fish Stamps, BTTH, and Sand, Shell & Gravel fees. URMFT is requested for Aquatic Habitat Enhancement. If URMFT is not available, TPWD will re-evaluate proposed funding for this item.		
	<b>PCLS TRACKING KEY:</b>		
	N/A		
	<b>DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:</b>		
	Request includes computers to provide the new Coastal Hatchery positions with equipment needed to perform duties.

**DESCRIPTION / JUSTIFICATION:**

In 2015, the Legislature passed House Bill 1925, which transferred the Texas Farm and Ranch Lands Conservation Program (TFRLCP) from the Texas General Land Office to TPWD. The goal of the TFRLCP is to conserve working lands that have high values for water, fish, wildlife and agricultural production and that are at risk of development. Conservation is achieved by providing grant funds to purchase long-term conservation easements. These easements are a voluntary tool to permanently conserve lands by perpetually restricting development rights on contracted properties while enabling the continuation of agricultural practices. To date, under TPWD, the TFRLCP Council has approved funding for a total of 37 projects, bringing more than 47,000 acres of the state’s high value working farms and ranchlands under perpetual protection. Since inheriting the program in 2015, TPWD grant funds totaling \$8.26 million have been leveraged with landowner in-kind matches and the U.S. Department of Agriculture’s Natural Resources Conservation Service funds for a total conservation value of over \$60 million. Based on the success of this program, TPWD requests an additional appropriation of \$30.0 million over the biennium to increase grants awarded for the purchase of long-term conservation easements. The funding would help address burgeoning landowner demand for such easements, facilitate an increase in acreage protected from fragmentation & development, and increase effectiveness in conserving the state’s fish, wildlife, water, and open space resources, which are largely found on private lands. A portion of the requested amounts would fund two additional FTE/associated costs to help manage additional grant awards.

**EXTERNAL/INTERNAL FACTORS:**

The full grant portion of this item is requested in FY2026 as there is currently one application cycle at the beginning of the biennium and it typically takes applicants between 18-22 months to complete required activities.

Agency code: 802

Agency name: Parks and Wildlife Department

CODE	DESCRIPTION	Excp 2026	Excp 2027
------	-------------	-----------	-----------

Population growth, changing land uses, increasing absentee ownership, continued break-up of private family lands & fragmentation of habitat are placing increased pressure on the state's natural resources, including water quality & quantity, as well as Texas' wildlife habitat & diversity. With the majority of Texas lands in private ownership, it is critical that TPWD work closely with private landowners and other entities to initiate programs & practices that reduce fragmentation, improve habitats, protect watersheds/water supplies, and manage a diversity of wildlife populations. The TFRCLP is vital in helping TPWD achieve its wildlife & habitat conservation goals while allowing landowners to maintain private ownership of their lands. There is a large unmet demand for conservation incentives on high quality working lands in Texas. Additional funding would allow the state to better address this demand.

A 2020 evaluation report by the Texas A&M Natural Resources Institute, Texas Land Trust Council, and Texas Water Resources Institute evaluated the economic & ecological values secured through the program, as well as fiscal efficiency of the program, and found that the annual estimated conservation value totaled \$2.9M in agricultural commodities, \$7.3M in water replacement costs, and \$170,400 in wildlife consumptive uses. Regarding financial efficiency, the review found the program yields a 27:1 return on investment, 10:1 leveraging ratio, \$148 average per acre state investment, and that 86% of projects leveraged funding. The report concluded that the program has proven successful in providing ecological & economic benefits to Texans and recommended that due to increasing landowner interests, program funding should be increased if possible.

**DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :**

Maintain similar level of service if exceptional item is adopted. Amounts shown as ongoing costs below reflect continuation of requested funding for Texas Farm and Ranchlands Program. FY2028 reflects amounts for salaries and grants, FY2029 reflects on-going salaries, and FY2030 amount includes salaries, amounts for grants, and new computers for staff based on 5-year refresh cycle.

**ESTIMATED ANTICIPATED OUT-YEAR COSTS FOR ITEM:**

2028	2029	2030
\$29,824,000	\$170,000	\$29,830,000

**APPROXIMATE PERCENTAGE OF EXCEPTIONAL ITEM :** 99.00%

**CONTRACT DESCRIPTION :**

Grants of more than \$50,000 are awarded to cover due diligence, administrative costs and purchase price of conservation easements on working lands. Pass-through grants are awarded in the form of contracts which are used by recipients for costs associated with acquisition of conservation easements. These contracts funded by pass through grants are exempt from the State of Texas bid process and are awarded under TPW Code that allows us to contract directly with a landowner for this program. Grant award contract is typically awarded in first fall or winter of new biennium and funds are encumbered or expended by the end of the biennium. Typical contract length is roughly 18 months. These pass through grant contracts are exempt from State of Texas competitive bid requirements for goods and service. However, TPWD does use competitive scoring of grant applications as outlined in legislation establishing the program.

Category Number:	<b>9500</b>	Category Name:	<b>Legacy Modernization</b>
Project number:	<b>9</b>	Project Name:	<b>Legacy Modernization-BRIT System</b>

**PROJECT DESCRIPTION**

**General Information**

Ongoing capital costs have been rolled into the Capital Information Technology & Data Center Consolidation projects.

TPWD's in-house Boat Registration Information and Titling System (BRITS) supports boat/marine transactions such as boat registration and registration renewal, titling, applicable sales tax, and other professional marine licenses. The system provides transaction processing, inquiry, reporting, and fulfillment capabilities at TPWD headquarters, field offices, and tax assessor-collector offices. Together, transactions processed through this system account for over \$22 million of revenues annually into the Game, Fish, and Water Safety Account.

	<b>Total Expenditures</b>		<b>25.7%</b>		<b>\$32,428,164</b>	<b>\$126,322,489</b>		<b>21.1%</b>		<b>\$24,841,793</b>	<b>\$117,706,440</b>

**B. Assessment of Attainment of HUB Procurement Goals**

**Attainment:**

TPWD attained 3 of the 6 applicable statewide HUB procurement goals in FY22 and 4 of 6 TPWD HUB Goals.

TPWD attained 3 of the 6 applicable statewide HUB procurement goals in FY23 and 4 of 6 TPWD HUB Goals.

**Applicability:**

All categories are applicable to TPWD operations.

**Factors Affecting Attainment:**

Other Services-TPWD has difficulty meeting the statewide goal in this category due to the limited availability of HUB vendors for many of our remote field sites. Staff have increased vendor outreach efforts and are encouraging local vendors to participate in the HUB program.

**C. Good-Faith Efforts to Increase HUB Participation**

**Outreach Efforts and Mentor-Protégé Programs:**

TPWD hosted (2) Economic Opportunity Forum and attended (3) hosted by Women and/or Minority Trade and Development Organizations. In addition, attended (10) Advocacy Group meetings on how to strengthen the program and/or follow up to programs already in place; also hosted by Women and/or Minority Trade Development Organizations in which TPWD has a Memorandum of Cooperation agreement. TPWD hosted (8) Pre-Bid Conferences, which includes presentations on both the HUB Subcontracting Plan and Mentor Protégé Agreement Program.

**6.A. Historically Underutilized Business Supporting Schedule**  
89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

Date: 9/27/2024

Time: 5:11:59PM

---

Agency Code: 802 Agency: Parks and Wildlife Department

**HUB Program Staffing:**

TPWD has 2 full time staff responsible for the HUB program, and a Procurement Director/HUB Coordinator that oversees the program and assists the HUB Program Specialists with outreach, education, and training opportunities to staff and vendors. TPWD also has employees across the agency that assist with the HUB program within their divisions and with the local vendor community.

**Current and Future Good-Faith Efforts:**

HUB & Purchasing staff have increased efforts to identify potential HUB vendors in regions where they were not available & assisted vendors in HUB certification.

Procurement staff solicit HUB on & off the CMBL for competitive solicitations to increase opportunity for state contracts. The State Park Division must also use HUB for noncompetitive purchases or provide justification why doing so was not the best value.

Internal HUB reports are provided to Executive Management & Division Directors on a monthly & quarterly basis on the progress of obtaining HUB goals.

Good Faith Efforts include analyzing current vendors & working closely with the small business communities across the state for identification of possible HUB vendors. Hosting meaningful EOFs & continuing partnerships with the Texas CPA Statewide Procurement on getting more HUBs certified & educated on how to do business with the State & placing great emphasis on HUB Subcontracting Plan draft reviews to increase compliance. TPWD also conducts internal training of purchasing staff to increase knowledge & participation in contracting with HUB Vendors, as well as the identification of potential HUB vendors across the state.

**SUMMARY OF SPECIAL CONCERNS/ISSUES**

**Assumptions and Methodology:**

TPWD's major sources of federal funding continue to be 15.605 (Sportfish), 15.611 (Wildlife Restoration), and 97.012 (Boating Safety). Sportfish and Wildlife Restoration is apportioned to each state by the U.S. Fish and Wildlife Service, while Boating Safety is apportioned by the U.S. Coast Guard.

---

CFDA/ALN NUMBER/ STRATEGY	802 Parks and Wildlife Department				
	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027

---

**Potential Loss:**

Wildlife Restoration, funded in part by an excise tax on firearms is experiencing a short-term spike although it is not expected to last long-term. TPWD remains committed to pursuing federal funding opportunities that will further the agency's mission of managing and conserving our natural resources and providing hunting , fishing, and outdoor recreational opportunities for the citizens of Texas.

**REVENUE ASSUMPTIONS:**

Unless otherwise noted, FY24 projections are based on YTD actuals, then historic averages/trends. FY25-27 based on historic averages/trends.

State Parks Fees (3461): FY24 based on YTD actuals then a historic average. FY25 a 1/2% increase on FY24. FY26 a 5% increase on FY25 with expectation of new parks online and reopened hurricane closures. FY27 modeled on FY26.

Grants/Donations (3740) FY24 estimated based on YTD actuals, then historic average including projected DMV donations. FY25 and out modeled with decline assuming a gradual return to pre-pandemic amounts.

Third Party Reimbursement (3802): FY24 based on YTD actuals plus anticipated reimbursements.

Credit Card Fees (3879): FY24 estimated based on YTD actuals, then projected at an average of FY22 & FY23. FY25 modeled on FY24. FY26 includes a 5% increase given the expectation of new parks online. FY27 modeled on FY26.

Sporting Goods Sales Tax (3924) FY24 & FY25 estimate is based on GAA, Oct 23 CRE, plus totals needed to cover fringe, ERS, and debt service across all SGST funds. FY26 & FY27 allocated based on TPWD priorities within the overall SGST limits provided by the LBB and the GOBP and reflect allocations for SGST 64 including fringe/ERS/TPFA, as well as amounts for fringe/ERS in SGST 467 & 5150. Amounts needed to cover SGST 467 & 5150 costs and debt service will transfer out based on actual costs. Estimates for these amounts are reflected as transfers out.

**REVENUE ASSUMPTIONS:**

Sporting Goods Sales Tax (3924) FY24 & FY25 estimate is based on GAA. FY26 & FY27 allocated based on TPWD priorities within the overall SGST limits provided by the LBB and the GOBP.

Other Cash Transfers Between Funds (3972): FY24-27 reflect the estimated transfer-in from SGST-64 State Parks to cover fringe and ERS-related costs.

**REVENUE ASSUMPTIONS:**

The FY16 and FY17 cash transfer into the Deferred Maintenance Fund 5166 included funding from GR, SGST - 64, SGST - 5004, and Fund 9 per FY16/17 GAA Article IX, Sec. 18.09. Interest is appropriated in FY24/25 GAA Rider 38.

FY24 interest (3851) is based on YTD trends. Rate drops are anticipated in FY25 and out as forecasted by TTSTC. Note that TPWD plans to budget and expend any 5166 amounts generated in the 2024-2025 biennium; as such, the ending FY25 cash balance is expected to be \$0. The balance shown on this schedule is due to the requirement that LAR expended/budgeted amounts tie to the submitted 2024-2025 base reconciliation amounts.

**6.H. Estimated Total of All Agency Funds Outside the GAA Bill Pattern  
Texas Parks and Wildlife Department**

<b>ESTIMATED GRAND TOTAL OF AGENCY FUNDS OUTSIDE THE 2026-27 GAA BILL PATTERN</b>	<b>\$</b>	<b>1,085,065,247</b>
---	-----------	----------------------

**0885 State Parks Endowment Trust Account**

Estimated Beginning Balance in FY2024	\$	387,328
Estimated Revenues FY2024	\$	19,106
Estimated Revenues FY2025	\$	18,326
<b>FY2024-25 Total</b>	<b>\$</b>	<b>424,760</b>
Estimated Beginning Balance in FY2026	\$	406,470
Estimated Revenues FY2026	\$	9,748
Estimated Revenues FY2027	\$	9,748
<b>FY2026-27 Total</b>	<b>\$</b>	<b>425,966</b>

**Constitutional or Statutory Creation and Use of Funds:**

The State Parks Endowment Trust Account (0885) was created as a trust fund by Parks and Wildlife Code, 13.004, 13.008 and Texas Attorney General Opinions No. WW-122, MW-493. This fund receives deposits of and income from permanent endowments held by the Texas Parks and Wildlife Department in trust for the sole purpose of benefiting parks as identified by the grantor. The principal is to be invested to provide permanent interest income in support of the specified park(s).

**Method of Calculation and Revenue Assumptions:**

Source Data: USAS & CAPPS  
Method of Calculation: Revenues reflect depository interest earned and were derived by extrapolating data through 06/30/24 to estimate the current year revenue.  
Assumptions: Revenues in future years are assumed to decline with lower projected interest rates and be less than those anticipated in FY2024. Estimated Beginning Balance in FY2026 reflects the impact of FY2024-25 estimated expenditures in the fund (\$18,290) and assumes the full amount will liquidate within that timeframe.

**6.H. Estimated Total of All Agency Funds Outside the GAA Bill Pattern  
Texas Parks and Wildlife Department**

**1205 Centennial Parks Conservation Fund**

Estimated Beginning Balance in FY2024	\$	-
Estimated Revenues FY2024	\$	1,032,640,867
Estimated Revenues FY2025	\$	49,153,595
<b>FY2024-25 Total</b>	<b>\$</b>	<b>1,081,794,462</b>
Estimated Beginning Balance in FY2026	\$	1,031,794,462
Estimated Revenues FY2026	\$	26,092,490
Estimated Revenues FY2027	\$	26,752,329
<b>FY2026-27 Total</b>	<b>\$</b>	<b>1,084,639,281</b>

**Constitutional or Statutory Creation and Use of Funds:**

The Centennial Parks Conservation Fund (1205) was created as a trust fund outside the treasury held by the Texas Treasury Safekeeping Trust Company (see Parks and Wildlife Code, Section 21A.002 and the Texas Constitution Article III Section 49-E-1). The fund may be used by the Texas Parks and Wildlife Department for the purpose of the creation and improvement of publicly accessible state parks and consists of (1) money appropriated, credited, or transferred to the fund by the Legislature; (2) gifts, grants, and donations received by the Parks and Wildlife Department or the department's successor in function for a purpose for which money in the fund may be used under this section; and (3) investment earnings and interest earned on amounts credited to the fund. S.J.R. 74, 88th Leg., R.S. approved by voters November 7, 2023.

**Method of Calculation and Revenue Assumptions:**

Source Data: USAS & Texas Treasury Safekeeping Trust Company  
Method of Calculation: Revenue estimates were provided by Texas Treasury Safekeeping Trust Company and reflect their estimated rates of projected depository interest earned. FY2024 revenue also reflects the initial transfer in of \$1 billion to the Centennial Parks Conservation Fund per TPWD Rider 45 Contingency for Senate Bill 1648 and Senate Joint Resolution 74 (2024-25 GAA).  
Assumptions: Funds will continue to be held in the Treasury Pool through the end of FY2027. Revenues in future years are assumed to decrease due to falling interest rates. Estimated Beginning Balance in FY2026 reflects the impact of FY2024-25 estimated expenditures in the fund (\$50,000,000) and assumes the full amount will liquidate within that timeframe. Due to the structure of this schedule, estimated expenditures for FY2026-27 are not captured in the above information. Per most recent guidance from Legislative Oversight, amounts from the \$1 billion corpus cannot be accessed by TPWD.

**Summary of Requests for Facilities-Related Projects - Base**  
89th Regular Session

43	Construction of Buildings and Facilities	Texas Freshwater Fisheries Center - Visitor Center Roofing Replacement- Planning, Design, and Construction of replacement of Visitor Center leaking roof to include necessary framing corrections necessary to protect assets.			\$ 250,000		\$ 250,000	0009	Game, Fish & Water Safety (0009)	No	No	\$ -			
44	Construction of Buildings and Facilities	A E Wood Fish Hatchery - Hatchery Building Drive Foundation Repair - Design and Construction to repair/replace concrete damage to distressed precast hollow core structural units including spalling driveway concrete, corroded/damaged reinforcement, and post tension cables. A temporary repair has been made, but this permanent repair is needed to mitigate distress migration to adjacent structural units and allow intended use of the facility.			\$ 500,000		\$ 500,000	0009	Game, Fish & Water Safety (0009)	No	No	\$ -			
45	Construction of Buildings and Facilities	Dundee Fish Hatchery - Water Intake Pump Station Repairs - Planning, Design, and Construction to replace existing pump and associated equipment.			\$ 1,000,000		\$ 1,000,000	0009	Game, Fish & Water Safety (0009)	Yes	No	\$ -			
46	Construction of Buildings and Facilities	AE Wood Fish Hatchery - Discharge Pipe Repairs- Planning, Design, and Construction to repair degraded 48 inch discharge pipe.			\$ 200,000		\$ 200,000	0009	Game, Fish & Water Safety (0009)	No	No	\$ -			
47	Construction of Buildings and Facilities	AE Wood Fish Hatchery - Supply Line Repairs - Planning, Design, and Construction to repair calcified main water supply line.			\$ 200,000		\$ 200,000	0009	Game, Fish & Water Safety (0009)	No	No	\$ -			
48	Construction of Buildings and Facilities	Possom Kingdom Fish Hatchery - Micro-Filtration System Repairs - Design and Construction of repairs to improve micro-filtration system to capture, remove, and neutralize all stage of zebra mussel contamination in water.				\$ 3,000,000	\$ 3,000,000	0009	Game, Fish & Water Safety (0009)	No	No	\$ -			
49	Construction of Buildings and Facilities	Roger R Fawcett WMA - Perimeter Fences Replacement - Planning, Design, and Construction to replace 20 miles of missing or damaged perimeter fencing including wooden H-braces, line posts, and net wire in order to secure the property and allow for continued grazing.			\$ 1,202,000		\$ 1,202,000	0544	Lifetime License Account (0544)	No	No	\$ -			
50	Construction of Buildings and Facilities	Gus Engeling WMA - Storage Barn Replacement - Planning, Design, and Construction to replace dilapidated storage barn. New maintainer and numerous tractors will not fit under existing barn. Barn replacement needed to protect expensive equipment and maximize life span.			\$ 437,000		\$ 437,000	0544	Lifetime License Account (0544)	No	No	\$ -			
51	Construction of Buildings and Facilities	Elephant Mountain WMA - Conference/Education Center Construction - Planning, Design, and Construction of education/conference center near HQ compound to accommodate 40 people and include kitchen, restrooms, and 2 offices. Current office has major structural issues, is becoming a safety issue, and is to be demolished as part of the project.			\$ 1,638,000		\$ 1,638,000	0544	Lifetime License Account (0544)	Yes	No	\$ -			
52	Construction of Buildings and Facilities	J D Murphree WMA - Parking Lot Installation - Planning, Design, and Construction of new hunter parking lot adjacent to Murphree WMA HQ. Hunters are currently parking along highway, which poses a safety issue. Newly acquired 10 acres to be used for parking lot.		\$ 328,000			\$ 328,000	0544	Lifetime License Account (0544)	No	No	\$ -			
53	Construction of Buildings and Facilities	Matador WMA - Residence Renovations (2) - Planning, Design, and Construction to renovate (2) 1960s-era residences to include repair/replacement of roofs, exterior windows, HVAC, paint, flooring, stucco, plumbing, and septic.			\$ 655,000		\$ 655,000	0544	Lifetime License Account (0544)	No	No	\$ -			
54	Construction of Buildings and Facilities	James E Daughtrey WMA - Boundary and Interior Fence Repair/Replacement - Design and Construction of repair/replacement of failing fences that are in poor condition. Repairs are necessary to limit trespassers and contain livestock.			\$ 1,311,000		\$ 1,311,000	0544	Lifetime License Account (0544)	No	No	\$ -			
55	Construction of Buildings and Facilities	Paul and Toni Fox Burns WMA - Perimeter Fence Installation - Design and Construction to install approx. 8,000 lf of 5-strand barbed wire fencing along a portion of the WMA boundary with no current fencing. Site is New WMA. Scope includes brush clearing, gates, and all materials. Fencing is necessary to secure the property and allow for public use and future livestock grazing.	\$ 175,000				\$ 175,000	0544	Lifetime License Account (0544)	No	No	\$ -			
56	Construction of Buildings and Facilities	Mad Island WMA - Storage Barn Construction - Planning, Design, and Construction of 40x60' barn with 16' walls and 2 bay doors to store capital equipment. Construction expected to be wood frame with limestone foundation.	\$ 328,000				\$ 328,000	0544	Lifetime License Account (0544)	No	No	\$ -			
57	Construction of Buildings and Facilities	Alazan Bayou WMA - New Vault Toilet Construction - Planning, Design, and Construction of ADA accessible new vault toilet, parking and approach, and correction of ADA violations at campsites.	\$ 219,000				\$ 219,000	0544	Lifetime License Account (0544)	No	No	\$ -			
58	Construction of Buildings and Facilities	Sea Center Texas - Visitor Center Redesign - Design of Visitor Center upgrades to include restrooms, finish refresh, ADA, exhibits and Interpretive Services.			\$ 500,000		\$ 500,000	0009	Game, Fish & Water Safety (0009)	Yes	No	\$ -			
59	Construction of Buildings and Facilities	Sea Center Texas Screening Facility/Sea Water Pump Station - Design of storage building and pump station repairs.			\$ 500,000		\$ 500,000	0009	Game, Fish & Water Safety (0009)	Yes	No	\$ -			
<b>Total</b>			<b>\$ 51,747,000</b>	<b>\$ 828,000</b>	<b>\$ 55,893,000</b>	<b>\$ 6,785,000</b>	<b>\$ 115,253,000</b>								

**Summary of Requests for Facilities-Related Projects- Exceptional**  
89th Regular Session

Agency: Texas Parks and Wildlife Department		Prepared by: Sara Schmidt													
Code: 802															
Date: 9/27/2024															
Project ID #	Capital Expenditure Category	Project Description	Project Category				Amount Requested

Value of Existing Capital Projects	2026-27 Estimated Debt Service (If Applicable)	Debt Service MOF Code #	Debt Service MOF Requested
1	Construction of Buildings and Facilities	Austin HQ - Building Modernization - Programming/planning and design for modernization of Austin Headquarters Complex. Programming/planning will include the general planning, studies, and concept for the building headquarters modernization, including reconfiguration of areas, landscaping, and logistical planning and coordination. Design will develop construction drawings and documents			\$ 9,300,000		\$ 9,300,000	0001	General Revenue (0001)	Yes	No	\$ -			
2	Construction of Buildings and Facilities	Austin HQ - HQ Building Envelope Repairs - Design and construction to repair/replace structural cracks, windows, caulking, expansion joints, and Building D roof. Windows and expansion joint caulking are worn, failing, leaking and need replacement. Assessment and repairs of structural problems at Buildings A, C, and D are necessary to prevent further damage caused by leaking, avoid the potential for mold, protect assets, and extend life of buildings.			\$ 5,000,000		\$ 5,000,000	0001	General Revenue (0001)	Yes	No	\$ -			
3	Construction of Buildings and Facilities	Austin HQ - Roadway Access Control - Planning, Design, and Construction of electronic gates with access card readers at both Austin HQ entrances to control traffic and provide security.		\$ 650,000		\$ 650,000	0001	General Revenue (0001)	No	No	\$ -				
4	Construction of Buildings and Facilities	Austin HQ - ADA Facility Upgrades - Design and construction of repairs to Austin HQ to resolve ADA findings including height adjustment of light switches throughout complex; redesign of Building D Restrooms; installation of interior/exterior ADA signage; corrections to Fitness Center accessibility, and construction of accessibility compliant ramps in Canteen and Commission Hearing Room.			\$ 2,300,000		\$ 2,300,000	0001	General Revenue (0001)	Yes	86th and 87th	\$ 172,210.00			
5	Construction of Buildings and Facilities	Austin HQ - Building D HVAC Replacement - Design and Construction to replace (1) 2-ton, (1) 5-ton, (5) 6-ton, (2) 15-ton, and (1) 18-ton roof top HVAC units at Building D. The current units use R22 refrigerant that is being phased out of production in 2020 and may not be serviceable beyond that time. Equipment parts are failing and unavailable. Replacement of units is necessary to maintain conditioned work space and protect assets.			\$ 800,000		\$ 800,000	0001	General Revenue (0001)	No	No	\$ -			
6	Construction of Buildings and Facilities	Austin HQ - Entrance Door Replacement & Foyer Installation - Design & Construction to replace exterior entrance doors and hardware and install foyers in the main lobbies of Buildings A, B, C, and D. Doors/corresponding hardware were replaced in 1990 and are in need of replacement. Exterior doors in 3 main lobbies and Building D are performing poorly due to age, inadequate mullion gauge specification, and exposure to water. Due to the lack of canopy/overhang and inadequate positive drainage at sidewalk at the front doors at Buildings A & C, rainwater collects in front of the doors and seeps into the lobby. Entry foyers at the exterior entrances to A, B, C and D in the front of the buildings and one at the first-floor entry at the south end of C wing, will improve security, energy efficiency, and comfort.			\$ 4,000,000		\$ 4,000,000	0001	General Revenue (0001)	No	No	\$ -			
7	Construction of Buildings and Facilities	Austin HQ - Back-up Generator Replacement - Design & Construction to replace back-up generators that have exceeded life expectancy and are responsible for backing up critical systems at TPWD HQ. Generators back up all emergency lighting, IT servers, security systems, fire alarm system, & miscellaneous electrical panels.			\$ 2,000,000		\$ 2,000,000	0001	General Revenue (0001)	No	No	\$ -			
8	Construction of Buildings and Facilities	Texas Game Warden Training Center - Facility Repairs - Design and Construction of Repairs to Education Building, Maintenance Residence, Main Residence, Gym, Cafeteria, Cadet Suites, Administration Building, and water plant to include exterior repairs, site lighting upgrades, additional well, backup power, and HVAC replacement.			\$ 1,500,000		\$ 1,500,000	0001	General Revenue (0001)	No	No	\$ -			
9	Construction of Buildings and Facilities	LE Statewide Boat Barns - Planning, Design & Construction of New Boat Barns at Possum Kingdom, Livingston, Caddo, College Station, and Conroe facilities to protect assets and extend equipment life.	\$ 2,000,000			\$ 2,000,000	0001	General Revenue (0001)	Yes	No	\$ -				
10	Construction of Buildings and Facilities	Kerrville Law Enforcement Office - Interior/Exterior Renovations- Planning, Design, and Construction of upgrades to multidivisional office to include painting, flooring, and exterior to protect assets.			\$ 400,000		\$ 400,000	0001	General Revenue (0001)	No	No	\$ -			
11	Construction of Buildings and Facilities	Choke Canyon Game Warden Station - Flooring and Septic Replacement - Planning, Design, and Construction of new aerobic septic system and flooring replacement.			\$ 100,000		\$ 100,000	0001	General Revenue (0001)	No	No	\$ -			
12	Construction of Buildings and Facilities	Lubbock Multiplex LE - Facility Maintenance and Upgrades - Planning, Design, and Construction of structural and exterior repairs to multi-division office due to foundation settling.			\$ 980,000		\$ 980,000	0001	General Revenue (0001)	No	No	\$ -			
<b>Total</b>			<b>\$ 2,000,000</b>	<b>\$ 650,000</b>	<b>\$ 26,380,000</b>	<b>\$ -</b>	<b>\$ 29,030,000</b>
