GearUpForGameWardens.org

Gear Up for Game Wardens is a program of Texas Parks and Wildlife Foundation that raises critical funds to provide specialty equipment for Texas Game Wardens.

Each year, game wardens travel over 10 million miles by vehicle and 160,000 hours by boat to provide safety and service to the people and wildlife of Texas.

To learn more about the Gear Up for Game Wardens program, visit GearUpForGameWardens.org or contact Austin Taylor, ataylor@tpwf.org or 214-720-1478.

The *Texas Parks and Wildlife Outdoor Annual 2019-2020* includes regulations for recreational freshwater and saltwater fishing and hunting in Texas. While the Texas Parks and Wildlife Department (TPWD) strives to provide accurate information in the Outdoor Annual, hunting and fishing regulations may change due to legislative or Texas Parks and Wildlife Commission actions. The Outdoor Annual mobile app may automatically update to reflect published changes upon establishment of a data connection, but users should independently check the associated statutes and regulations to verify their accuracy. For commercial fishing regulations, see the Commercial Fishing Guide. For more detailed information on game and fish regulations, contact the Texas Parks and Wildlife Law Enforcement offices at 512-389-4828, or the Texas Parks and Wildlife Department at 800-792-1112 or 512-389-4800 (Mon.-Fri. 8 a.m.-5 p.m.).

Paying it Forward

WHAT YOUR SUPPORT MEANS IN TEXAS

There are many reasons to be hopeful about hunting and fishing in Texas. One big reason is you. We cannot say THANK YOU enough to hunters, anglers and boaters for their many decades of support. We're seeing a strong return on that investment, even with today's conservation challenges.

For example, eastern wild turkeys have come back from a low of just 100 birds statewide in the 1940s to a healthy population that supports turkey hunting in 13 counties. We're continuing with a "super stocking" approach to restore turkey in many more counties—efforts funded by licensed hunters.

On the coast, once abundant southern flounder are down by half since the 1980s. State fish hatcheries are now stocking more than 378,000 juvenile flounder in our bays every year, and two new facilities are being built to produce flounder year around.

In the Hill Country, biologists have worked for decades to save the Guadalupe bass from near extinction and, in the process, created a new river watershed approach to habitat management.

These breakthroughs are among many made possible with dollars from licensed anglers and registered boaters.

Once again, thank you again for caring about our wild things and wild places. They need your support now more than ever!

CARTER SMITH

Executive Director,
Texas Parks and Wildlife Department

NEW FOR 2019-2020 FISHING AND HUNTING

Freshwater

- Except on Falcon Reservoir, anglers now need to report all alligator gar harvest within 24 hours using the My Texas Hunt Harvest mobile app available at tpwd.texas.gov/myhunt.
- New rules for harvesting alligator gar on the Trinity River include a 4-foot maximum length limit, a nighttime prohibition on bow fishing, and a drawing to allow a limited number of anglers to harvest one per year over 48 inches.
- New largemouth bass length and daily bag limits are in effect on Lake Lakewood, Mill Creek Lake, and public waters located in Hardin, Newton and Liberty counties.
- Anglers can now harvest up to five Alabama bass of any length from Alan Henry Reservoir.

Saltwater

- To streamline regulations for the entire coast, there is a coast-wide 5 fish bag limit on spotted seatrout.
- When fishing for sharks in state waters, anglers are required to use non-offset, non-stainless steel circle hooks, except when fishing with artificial lures.
- The minimum size limit for cobia is increasing to 40 inches total length.
- The private recreational red snapper season in federal water is now managed by Texas Parks and Wildlife.

Anglers and Hunters can now look up their license purchase records, as well as the most up-to-date regulations, using the Texas Outdoor Annual mobile app available at **OutdoorAnnual.com**.

Hunting

- Establishment of a 4-day hunting season on antlerless white-tailed deer in 21 counties in south-central Texas.
- Harvest reporting within 24 hours is now mandatory for antlerless deer in select south-central Texas counties. Reporting can be done through the "My Texas Hunt Harvest" app or online at tpwd.texas.gov/myhunt.
- Expansion of hunting seasons on antlerless white-tailed deer in 20 counties in northeast Texas.
- Decrease in daily bag limits for pintails during waterfowl hunting season.
- Establishment of a new javelina season in 6 counties in the South Plains.
- Implementation of antler spread restrictions on mule deer in Lynn County.
- Legalization of air guns and arrow guns for methods of take while hunting big game, alligators, Rio Grande turkeys, and furbearers.
- The check station near the Hueco Mountains for the Trans-Pecos's Mandatory CWD Sampling and Carcass Movement Restriction Zone has changed locations this hunting season.

2019-2020 SUMMARY OF FISHING, HUNTING AND BOATING REGULATIONS

LICENSES, SEASONS, LIMITS, REGULATIONS, CONSERVATION, EDUCATION, BOATING SAFETY
VALID SEPTEMBER 1, 2019 THROUGH AUGUST 31, 2020

This guide is a **SUMMARY** of regulations and statutes governing hunting, fishing, and boating. For more detailed information, please contact a TPWD Law Enforcement office (pg. 99) or call (800) 792-1112 (8 a.m.–5 p.m., Monday through Friday). A complete description of current regulations can be accessed at tpwd.texas.gov/oa/tac under Title 31 of the Texas Administrative Code. The Parks and Wildlife Code can be accessed at: tpwd.texas.gov/oa/statutes. Information and/or Regulations **MAY CHANGE** due to action by the Legislature, Commission, U.S. Coast Guard (USCG) or other appropriate authority.

Regulations are also available in Spanish. *Reglamentos también se encuentran disponibles en español:* tpwd.texas.gov/espanol.

The most up-to-date regulations summary is available online and in the mobile app.

With the Texas Outdoor Annual App, you can:

- **view regs without internet** once the app is downloaded
- get **location-based info** on hunting seasons and places to fish
- look up your hunting and fishing **license purchase records**

OutdoorAnnual.com

LICENSES, TAGS AND ENDORSEMENTS Where To Buy Licenses

Recreational hunting and fishing licenses and endorsements are available online (tpwd.texas.gov/oa/BuyLicenses), at approximately 1,800 retail locations throughout the state. Austin headquarters and offices listed on pg. 99. Retailers include sporting goods stores, gun shops, department stores, discount stores, bait and tackle shops, grocery stores, and more. Some commercial hunting and fishing licenses are available **ONLY** at the Austin headquarters and offices listed on pg. 99.

Select recreational licenses may be purchased by phone or online with approved Visa, Discover, or MasterCard. **A \$5.00 administrative fee will be charged.** Call (800) TX LIC 4 U (800-895-4248) between 8 a.m.–5 p.m. Monday through Friday (closed Saturday, Sunday and most holidays), or buy a license online at any time. Many licenses may be purchased for immediate use except where tagging is required (such as for deer and turkey).

TEXAS PARKS AND WILDLIFE DEPARTMENT HEADQUARTERS

4200 Smith School Road, Austin 78744 (800) 792-1112 or (512) 389-4800 (Mon.–Fri., 8 a.m.–5 p.m.)

TPWD REGIONAL AND FIELD LAW ENFORCEMENT OFFICES (pg. 99)

TPWD receives funds from the USFWS. TPWD prohibits discrimination on the basis of race, color, religion, national origin, disability, age, and gender, pursuant to state and federal law. To request an accommodation or obtain information in an alternative format, please contact TPWD on a Text Telephone (TTY) at (512) 389-8915 or by Relay Texas at 7-1-1 or (800) 735-2989 or by email at accessibility@tpwd.texas.gov. If you believe you have been discriminated against by TPWD, please contact TPWD, 4200 Smith School Road, Austin, TX 78744, or the U.S. Fish and Wildlife Service, Office for Diversity and Workforce Management, 5275 Leesburg Pike, Falls Church, VA 22041.

Mandatory Hunter Education

Every hunter (including out-of-state hunters) born on or after Sept. 2, 1971, must successfully complete a Hunter Education Course. Proof of certification or deferral is required to be on your person while hunting. Minimum age of certification is 9 years. In-person course cost is \$15. Persons 17 years of age and older have the option of taking the course in person or online. Online course costs vary. Call (800) 792-1112 or visit tpwd.texas.gov/oa/HunterEd for information about course options.

If you were born on or after Sept. 2, 1971, and you are:

- under age **9, you must be “accompanied”**
- age 9-16, you must successfully complete a hunter education in-person course or be accompanied
- age 17 and over, you must successfully *complete an in-person or approved online only hunter education course; or purchase a “Hunter Education Deferral” and be “accompanied”*

“Accompanied” refers to a resident or non-resident who is at least 17 years of age, is licensed to hunt in Texas, and has passed hunter education or is exempt (born before Sept. 2, 1971), and is within normal voice distance.

HUNTER EDUCATION DEFERRAL	ITEM	FEE
Allows a person, age 17 or older, who has not completed hunter education to defer completion for up to one year. A deferral may only be obtained once and is only valid until the end of the current license year. A person who has been convicted or has received deferred adjudication for violation of the mandatory hunter education requirement is prohibited from applying for a deferral.		

Hunter Education Deferral	166	\$10
----------------------------------	-----	-------------

- Certification is not required to purchase a hunting license.
- Bowhunter Education Certification is required on the Hagerman National Wildlife Refuge, Pottsboro.
- Bowhunter Education does not substitute for Hunter Education certification.

MILITARY/LAW ENFORCEMENT HUNTER EDUCATION EXEMPTIONS

The following persons are exempt from requirements to complete a hunter education course to hunt in Texas:

- Active duty members and honorably discharged veterans of the United States armed forces;
- Active duty members or those who have previously served as members of the Texas Army National Guard, Texas Air National Guard, or the Texas State Guard; or
- Persons who are serving or have previously served as a peace officer as described by Subdivision (1), (2), (3), or (4), Article 2.12, Code of Criminal Procedure.

Overview of Fishing and Hunting License Items

License fees ARE NOT refundable, exchangeable or transferable. 100% of license fees fund on-the-ground conservation efforts that help make Texas one of the best places in the country to hunt and fish. Thank you for supporting outdoor recreation and conservation.

Starting on September 1, 2019, it will be legal to display an image of information from TPWD’s website or a photograph of a hunting, fishing, or combination license on a wireless device for the purpose of verification of possessing a valid license.

You MUST have your physical license for any activities requiring tags.

RESIDENT: a person who has lived continuously in Texas for more than six months immediately before buying their license, officially documented members of the Kickapoo Traditional Tribe of Texas or members of the U.S. Armed Forces (and their dependents) on **“active duty”** (pg. 96) anywhere. A person who claims residency in any other state for any purpose and is not an officially-documented member of the Kickapoo Traditional Tribe of Texas or a member of the U.S. Armed Forces (or dependent) on active duty is not a resident.

Proof that a person has lived continuously in Texas for more than six months (any three of the following):

- a current Texas homestead property tax statement
- the most recent six months of utility bills
- the most recent six months of paycheck receipts
- the most recent tax return from the Internal Revenue Service
- a statement from a parole board or probation officer stating that the person has continuously resided in Texas for the
- six months immediately preceding the application for a license or permit
- a valid Texas driver’s license*
- a current Texas voter registration certificate*
- a current vehicle registration*

* issued at least six months prior to license or permit application

All documents must reflect the applicant's name and a physical address in Texas. Except for a valid driver's license or other state-issued identification card, additional residency documentation is not required at time of purchase or while hunting or fishing.

NON-RESIDENT: A person who is not a Texas resident (proof of residency requirements, pg. 17). Non-residents under 17 years of age are considered residents for the purchase of the youth hunting license (Item 169).

VALID LICENSE DATES: Most hunting and fishing licenses are valid from the date of sale through August 31, 2020. Hunting and fishing licenses and packages that do not meet the August 31, 2020 date:

- Temporary hunting and fishing licenses and packages
- Year-from-Purchase fishing license
- Lake Texoma fishing license

ENDORSEMENTS (historically called "stamps")

In addition to license requirements, the purchase of a license endorsement may be required to engage in certain hunting and fishing activities:

- Archery Endorsement - required to hunt during an archery-only season (required to hunt deer at any time in Collin, Dallas, Grayson, or Rockwall counties).
- Migratory Game Bird Endorsement - required to hunt migratory birds at any time.
- Upland Game Bird Endorsement - required to hunt upland game birds at any time.
- Freshwater Fishing Endorsement - required to fish in public fresh water.
- Saltwater Fishing Endorsement - required to fish in saltwater.

All fishing and combination packages include one or more endorsements. Additional endorsements may be purchased at any time during the effective dates of the license/package.

LOST OR DESTROYED LICENSES, PACKAGES OR ENDORSEMENTS: may be replaced at any license sales location by signing an Application for Replacement License affidavit. Fees vary from \$3-\$10.

UNLAWFUL ACTIVITIES

It is **UNLAWFUL** to:

- hunt or fish without a valid license, permit and applicable endorsement(s) on your person and available for inspection by a game warden, unless exempt by age, program or a reciprocal agreement with another state.
- use another person's license or tag to hunt or fish.
- let someone else hunt or fish with your license or tags.
- purchase or obtain more than one of the following license types:
 - Resident Hunting
 - Texas Resident Active Duty Military "Super Combo" Package
 - Youth Hunting
 - Resident Combination Hunting and Fishing Package
 - Senior Hunting
 - Senior Resident Combination Hunting and Fishing Package
 - Disabled Veteran "Super Combo"
 - Texas Resident Active Duty Military Hunting Package
 - Resident "Super Combo" Package
 - General Non-Resident Hunting
 - Senior Resident "Super Combo" Package
 - Non-Resident Spring Turkey Hunting

Collection of Social Security Number (SSN) is mandated by federal and state law (42 U.S.C.A. 666 and Texas Family Code, Section 231.302) for the purpose of child support collection enforcement; however, state law exempts persons 13 years of age and younger from having to provide a SSN to purchase a license, if they choose. TPWD cannot force persons older than 13 years of age to provide the SSN, but if it is not provided, a license will not be sold. If a license is being purchased for another person, the law requires that the purchaser provide the SSN of the person who will be holding the license.

Combination Hunting and Fishing License Packages

TEXAS RESIDENTS ONLY

The **"Super Combo"** includes a Resident Hunting License, a Resident Fishing License and five state endorsements (archery, freshwater fishing, saltwater fishing with a red drum tag, upland game bird, and migratory game bird) at a discounted price. The Federal Duck Stamp, which is required for waterfowl hunting, is not included. For residents who hunt and fish freshwater and/or saltwater, the "Super Combo" package can save purchasers up to \$18. Senior Super Combo license packages are available for residents age 65 and older.

The **"Combo"** packages include a Resident Hunting License, a Resident Fishing License and either the saltwater endorsement (with a red drum tag), freshwater endorsement, or both. Residents who purchase "Combo" packages specific to either salt or freshwater fishing may upgrade to the "All-Water" package by purchasing the additional endorsement not included in the initial package they purchased. Senior Combo license packages are available for residents age 65 and over.

2019-2020 COMBINATION LICENSE PACKAGES

	ITEM	FEE
Super Combo	111	\$68
Combo Hunting and Freshwater Fishing	503	\$50
Combo Hunting and Saltwater Fishing	504	\$55
Combo Hunting and All-Water Fishing	505	\$60
Senior Super Combo	117	\$32
Senior Combo Hunting and Freshwater Fishing	506	\$16
Senior Combo Hunting and Saltwater Fishing	507	\$21
Senior Combo Hunting and All-Water Fishing	508	\$26

TEXAS RESIDENT ACTIVE DUTY MILITARY LICENSE PACKAGES

	ITEM	FEE
Available to any Texas resident on full-time active military service in the U.S. Army, Navy, Marines, Air Force, Coast Guard, Reserves, National Guard or Texas State Guard. Proof of residency for this license is: military service record(s) indicating that the person's home of record is in Texas or that the person's duty station for the six months immediately prior to the time of application is in Texas. Official proof can be digital or hard copy.		
"Super Combo" Hunting and All-Water Fishing Package	510	FREE
Includes five state endorsements. Federal Duck Stamp is NOT included, but is required for waterfowl hunting (pg. 24).		
All-Water Fishing Package	511	FREE
Includes fishing license, freshwater and saltwater endorsements, and red drum tag.		
Hunting Package	512	FREE
Includes hunting license, plus archery, upland game bird and migratory game bird endorsements. Federal Duck Stamp is NOT included, but is required for waterfowl hunting (pg. 24).		

DISABLED VETERAN (RESIDENT AND NON-RESIDENT) LICENSE PACKAGE

	ITEM	FEE
Available to a resident or non-resident qualifying as a disabled veteran, as defined by the Veterans Administration, consisting of the loss of the use of a foot or leg, or a disability rating of 50% or more, and who is receiving compensation from the U.S. for the disability. Official proof of disability (issued by the V.A.) must be shown each year when applying for this license and must state the rate of disability. Official proof can be digital or hard copy.		
"Super Combo" Hunting and All-Water Fishing Package	502	FREE
Includes five state endorsements. Federal Duck Stamp is NOT included, but is required for waterfowl hunting (pg. 24).		

Lifetime Licenses

Residents may buy hunting and fishing licenses valid for the lifetime of the license holder: **Lifetime Resident Combination Hunting and Fishing: \$1,800; Lifetime Resident Hunting: \$1,000; Lifetime Resident Fishing: \$1,000.** A lifetime resident hunting or fishing license can be upgraded to a lifetime resident combination hunting and fishing license for \$800. Non-resident Military, their dependents and individuals under 17 years of age are not eligible for lifetime licenses.

A lifetime license includes all state endorsements other than the Reptile and Amphibian endorsement. Lifetime license holders are not exempt from the Federal Duck Stamp requirement. **Lifetime licenses are not valid for commercial fur trapping.** Lifetime tags may be obtained at retailers each year at no additional fee. The Harvest Information Program (HIP) certification and the bonus red drum tag must be added, whenever applicable. Applications for lifetime licenses are available online at tpwd.texas.gov or by calling (800) 792-1112, #4820#, or in person at TPWD Austin headquarters and all TPWD Law Enforcement offices (pg. 99).

Fishing Licenses and Endorsements

A valid fishing license with a freshwater or saltwater endorsement is required to take fish, mussels, clams, crayfish, or other aquatic life in the public waters of Texas. A hunting license is required to take turtles and frogs. In addition, **recreational anglers must have a Texas fishing license and saltwater endorsement** to possess in state water any fish taken in federal waters or possess fish on a vessel in the tidal waters of Texas (see also State Waters – Federal Waters, pg. 49).

RESIDENT FISHING LICENSES

Required of any resident (RESIDENT, pg. 98) who fishes in the public waters of Texas.

A license/package is NOT REQUIRED for:

- a person under 17 years of age;
- a person born **BEFORE** Jan. 1, 1931;
- a person with an intellectual disability fishing as part of medically approved therapy, under the immediate supervision of personnel approved or employed by a hospital, residence, or school for persons with an intellectual disability. The person with an intellectual disability must carry an authorization identifying the entity

supplying the service. This authorization may be in the form of an identification card that contains the name of the sponsoring entity; or

- a person with an intellectual disability fishing under the direct supervision of a licensed angler who is either a family member or has permission from the family to take the person fishing. While fishing, the person with an intellectual disability needs a note from a doctor stating the person has been diagnosed as having an intellectual disability.

NON-RESIDENT FISHING LICENSES

Licenses/packages are NOT REQUIRED for:

- non-residents under 17 years of age;
- Louisiana residents 65 years of age or older who possesses a valid Louisiana Recreational Fishing License (includes Senior Fish/Hunt License); or
- Oklahoma residents 65 years of age or older.

FISHING LICENSES AND PACKAGES

License Year Fishing Packages (Resident and Non-resident)

Includes a **resident, senior resident, special resident, or non-resident** fishing license valid from the date of sale to August 31, 2020, **and** either a freshwater endorsement, a saltwater endorsement with a red drum tag, or both, depending on the package selected.

Senior Resident Fishing Packages

Available to any Texas resident who is at least 65 years of age and was born on or after January 1, 1931. The packages include a senior resident fishing license, **and** either a freshwater endorsement, a saltwater endorsement with a red drum tag, or both depending on the package selected.

Special Resident All-Water Fishing License

Available to any Texas resident who is legally blind. Endorsements are not required for this license. Includes one red drum tag.

One-Day All-Water Fishing License (Resident and Non-Resident)

Valid for the selected day or days purchased. Endorsements are not required for this license. Consecutive days may be bought at the time of purchase. One red drum tag (Item 598) is available at no additional charge (limit one per customer).

Year from Purchase All-Water Fishing Package (Resident ONLY)

Fishing license, a freshwater endorsement and a saltwater endorsement with a red drum tag, all valid from the date of purchase through the end of the purchase month of the next license year.

Fishing Guide License

Required for any person who, for compensation, accompanies, assists, or transports any person engaged in recreational fishing in Texas state waters. For information to apply, refer to the *Texas Commercial Fishing Guide*, or visit tpwd.texas.gov/oa/CommercialFish.

If you purchase any valid freshwater fishing package, you can also purchase a saltwater endorsement. If you purchase any valid saltwater fishing package, you can also purchase a freshwater endorsement.

SPORT OYSTER BOAT LICENSE

ITEM FEE

Required when using a sport oyster dredge or tongs to harvest oysters recreationally. For this license only, residency is based on the boat's records.

Resident	328	\$13
For boats with a current registration in Texas or having a current certificate of documentation from the U.S. Coast Guard that shows the owner's address is in Texas.		
Non-resident	428	\$51
For boats with a current registration NOT in Texas or having a current certificate of documentation from the U.S. Coast Guard that shows the owner's address NOT in Texas. Available only at TPWD HQ or Law Enforcement offices (pg. 99).		

FISHING ENDORSEMENTS AND TAGS

ITEM FEE

Freshwater Fishing Endorsement	256	\$5
Required in addition to a valid fishing license if you take or attempt to take fish in the public fresh waters of Texas. If you are not required to hold a fishing license, this endorsement is not required. This endorsement is automatically included as part of the freshwater package, all-water fishing package, lifetime combination and lifetime fishing license.		
Saltwater Fishing Endorsement	211	\$10
Required in addition to a valid fishing license if you take or attempt to take fish in the public salt water of Texas. If you are not required to hold a fishing license, this endorsement is not required. A red drum tag will be issued at no additional charge with each saltwater fishing endorsement. This endorsement is automatically included as part of the saltwater package, all-water fishing package, lifetime combination and lifetime fishing license.		
Red Drum Tag	included in package	
Required to take one red drum longer than 28 inches per license year. Included with the purchase of a saltwater fishing endorsement or any package that includes the saltwater fishing endorsement (tagging information, pg. 51). Anglers who want a red drum tag and are EXEMPT from fishing license requirements may purchase an Exempt Angler Tag (Item 257) for \$3.		
Bonus Red Drum Tag	599	\$3
Required to take an additional red drum longer than 28 inches per license year. Can be purchased at any license sales location. Only one allowed per angler per year.		
Saltwater Trotline Tag	307	\$5
Required for each 300 feet, or fraction thereof, on all non-commercial trotlines and sail lines placed in the coastal waters of Texas. Available at TPWD Coastal Law Enforcement offices.		
Individual Bait-shrimp Trawl Tag	334	\$37
Required for trawls used to take shrimp for any purpose under a recreational fishing license. Available at TPWD Coastal Law Enforcement offices.		

LICENSE REQUIREMENTS FOR BORDER WATERS

ALL fish landed in Texas MUST COMPLY with TEXAS bag and length limits.

Texas-Arkansas

In Arkansas waters of the Red River, requirements of that state apply.

Texas-Oklahoma

- In Oklahoma waters of the Red River, requirements of that state apply.
- A person may fish in Texas or Oklahoma waters on Lake Texoma only with the appropriate license from Texas or Oklahoma, unless the person possesses a Lake Texoma fishing license (Item 208).
- A person must have a valid Texas fishing license to fish from the Texas bank from Denison Dam to Shawnee Creek. An Oklahoma fishing license is required to wade-fish or fish from a boat in these waters.
- An Oklahoma resident 65 years of age or older is exempt from fishing license requirements in Texas, including on Lake Texoma.
- The upstream boundary of Lake Texoma is at Latitude 33°54.426'; Longitude -96°59.114'.

	ITEM	FEE
Lake Texoma License	208	\$12

Valid until December 31 following the date of issuance, a person may fish in both the Texas and Oklahoma waters of Lake Texoma without any additional licenses. Texas resident 65 years of age or older does not need this license to fish in the Oklahoma portion of Lake Texoma. Valid **ONLY** on Lake Texoma.

Texas-Louisiana

Residents of either state, who are properly licensed in their state (or are exempt because of age), or persons who hold valid non-resident fishing licenses issued by either state may fish in any portion of the lakes and rivers forming a common boundary between Louisiana and Texas inland from a line across Sabine Pass between Texas Point and Louisiana Point.

Texas-Mexico (Border States Include Tamaulipas, Nuevo León, Coahuila, Chihuahua)

A recreational fishing license or Permiso de Pesca Deportiva [managed by the Mexican federal agency CONAPESCA (Comisión Nacional de Acuacultura y Pesca)] is required to fish in Mexican waters. Recreational anglers can buy permits for a single day, week, month or year: conapesca.gob.mx/wb/cona/permiso_de_pesca_deportiva

FREE FISHING OPPORTUNITIES

Free Fishing Day: June 6, 2020

On the first Saturday in June of each year, everyone can fish recreationally without licenses or endorsements. This opportunity exists so that more people can try fishing for the first time. If you already have your license, thank you for your support! Please consider inviting a friend or family member to join you. In 2020, Free Fishing Day is June 6.

Fishing in State Parks

Anglers can also enjoy free fishing all year at more than 70 state parks (park entry fees still apply). All other fishing regulations, such as length and bag limits, remain in effect. A fishing license and endorsement are not required if fishing on state park property or in waters completely enclosed by a state park. On man-made structures (docks, piers, jetties, etc.) within state parks, fishing is allowed by pole-and-line only, and each person is limited to two poles. Please check with the park before participating in any fishing activity and to confirm any additional regulations.

More details: tpwd.texas.gov/oa/familyfish

Fishing on Private Property

A fishing license is not required to fish on waters completely enclosed within private property.

Hunting Licenses, Permits and Endorsements

All hunting licenses are valid from date of purchase until August 31 unless otherwise noted. In addition to a hunting license, additional endorsements may be required (pg. 24). For specific information on Lifetime, Disabled Veteran, Texas resident active duty military, and Combination licenses, pg. 18.

For more information about public hunting opportunities including an interactive map of over 1 million acres of accessible lands: tpwd.texas.gov/oa/PublicHunting.

A hunting license is required of any person (resident or nonresident), of any age, to hunt any animal, bird, frog or turtle in this state, **EXCEPT the following:**

- coyotes, if the coyotes are attacking, about to attack, or have recently attacked livestock, domestic animals, or fowl.
- feral hogs on private property with landowner authorization.

- fur-bearing animals, if the hunter possesses a commercial trapper's license.

- depredating fur-bearing animals, if a landowner (resident or non-resident) or landowner's agent is taking fur-bearing animals causing depredate on the landowner's land. No portion of the nuisance fur-bearer may be possessed, sold or retained for any purpose.

All laws and regulations governing hunter education still apply.

HUNTING LICENSES

	ITEM	FEE
Resident Hunting	101	\$25
Valid to hunt any legal bird or animal (terrestrial vertebrates). Endorsement requirements apply. Required of any resident (RESIDENT defined, pg. 17) unless the resident possesses a valid Senior Resident Hunting License, Youth Hunting License, Super Combo or Resident Combination Hunting and Fishing License Package, Lifetime Resident Hunting License, Disabled Veteran Super Combo Hunting and Fishing License Package, Lifetime Resident Combination Hunting and Fishing License, Texas Resident Active Duty Military Super Combo Hunting and Fishing License Package, or Texas Resident Active Duty Military Hunting Package.		
Youth Hunting License	169	\$7
Valid for any person, resident or non-resident, under 17 years of age at the date of license purchase. Exempt from state hunting endorsement requirements, except for Reptile and Amphibian Endorsement (pg. 24). State endorsement exemptions remain valid for the entire license year. The Harvest Information Program (HIP) certification must be added when applicable.		
Senior Resident Hunting	102	\$7
For residents 65 years of age and older. Valid to hunt any legal bird or animal. Endorsement requirements apply.		
Non-resident General Hunting	105	\$315
Valid to hunt any legal bird or animal (including deer). Endorsement requirements apply. If hunting white-tailed deer or mule deer, this is the only valid license available to participate in those activities for non-residents.		
Non-resident Spring Turkey	118	\$126
Available after Feb 1. Valid to hunt turkey only during the open spring turkey season. Holders of this license are exempt from the upland game bird endorsement requirements. It is unlawful to possess both this license and a valid Non-resident General Hunting License.		
Non-resident Special Hunting	107	\$132
Valid to hunt exotic animals (pg. 80), all legal game birds (except turkey), all non-game animals, fur-bearing animals, squirrel, javelina and alligator (not valid for white-tailed or mule deer including MLDP tags, pronghorn or bighorn sheep). Endorsement requirements apply.		
Non-resident 5-Day Special Hunting	157	\$48
Legal for any period of five consecutive days (valid hunting dates will be printed on the license when issued). Valid to hunt exotic animals (pg. 80), all legal game birds (except turkey), all non-game animals, fur-bearing animals, squirrel, javelina and alligator (not valid for white-tailed or mule deer including MLDP tags, pronghorn or bighorn sheep). Endorsement requirements apply.		
Non-resident Banded Bird Hunting	120	\$27
Valid only to hunt banded bobwhite quail, partridge, pheasant, and mallard ducks on private bird hunting areas. Upland and Migratory Game Bird endorsement requirements apply.		
Trapper's License - Resident	106	\$19
Trapper's License - Non-resident	115	\$315

Required for persons of any age to hunt, shoot, or take for sale fur-bearing animals including pelts and carcasses (pg. 77). See the *Fur-bearing Animal Digest* for more information, available at tpwd.texas.gov/oa/FurBearing.

HUNTING LICENSES (continued)

	ITEM	FEE
Hunting Lease License – 1 through 499 acres	132	\$79
Hunting Lease License – 500 through 999 acres	133	\$147
Hunting Lease License – 1,000 acres or more	134	\$252

Required of a landowner or landowner's agent who leases hunting rights to another person on property they own or control for pay or other consideration. The license must be displayed on the property.

Federal Sandhill Crane Hunting Permit	590	FREE
---------------------------------------	-----	------

Required to hunt sandhill cranes. Permit can be obtained at TPWD Law Enforcement offices (pg. 99) and TPWD headquarters in Austin. Also available by phone at (800) 792-1112, #4820# or (512) 389-4820, 8 a.m. – 5 p.m., Monday through Friday or online any time at tpwd.texas.gov/oa/BuyLicenses. A \$5 administrative fee will be charged for online orders. Please keep a record of hunting activities because 26% of crane hunters are chosen for a federal harvest survey.

Harvest Information Program (HIP) Certification	137	FREE
---	-----	------

Required to hunt migratory game birds. Inform the clerk you intend to hunt migratory game birds and need to be HIP-certified. The clerk will ask a few simple questions. The letters "HIP" will appear on your license.

Experimental Pronghorn Permit		FREE
-------------------------------	--	------

Required to hunt buck pronghorn on certain properties. Additional info, pg. 69.

HUNTING ENDORSEMENTS

ITEM FEE

The Archery Endorsement (Item 135), Migratory Game Bird Endorsement (Item 168), and Upland Game Bird Endorsement (Item 167) are included with a Lifetime Resident Combination or Lifetime Resident Hunting license, they are NOT required for any hunter (resident or nonresident) under 17 years of age. The Reptile and Amphibian Endorsement (Item 178) and the Federal Duck Stamp (Item 138) are required if applicable for your specific activity.

Archery Endorsement	135	\$7
---------------------	-----	-----

Required to hunt game animals during an Archery-Only open season. Required to hunt deer at any time in Collin, Dallas, Grayson, or Rockwall counties.

Texas Migratory Game Bird Endorsement	168	\$7
---------------------------------------	-----	-----

Required to hunt any migratory game bird (waterfowl, coot, rail, gallinule, snipe, dove, sandhill crane, and woodcock). A valid Federal Duck Stamp and HIP Certification are also required of waterfowl hunters 16 years of age or older. A free Federal Sandhill Crane Hunting Permit is required to hunt sandhill cranes. The Sandhill Crane permit is available at TPWD Law Enforcement offices, online (tpwd.texas.gov/oa/BuyLicenses), or by calling (800) 792-1112 #4820#.

Upland Game Bird Endorsement	167	\$7
------------------------------	-----	-----

Required to hunt turkey, pheasant, quail, or chachalaca. Non-residents who purchase the Non-resident Spring Turkey License are exempt. MAY NOT be used to hunt turkey with a Non-resident Special Hunting License (Item 107) or a Non-resident 5-Day Special Hunting License (Item 157).

Federal Duck Stamp (Migratory Bird Hunting and Conservation Stamp)	138	\$25 plus fulfillment
--	-----	-----------------------

Required for all waterfowl (pg. 98) hunters 16 years of age or older; available at most U.S. Post offices, TPWD Law Enforcement offices (pg. 99), Austin headquarters, and all license retailers. Must be signed on its face by the hunter. A valid hunting license, HIP Certification, and Texas Migratory Game Bird endorsement are also required. If the federal duck stamp is not received within 30 days of purchase, call (800) 792-1112, #4820#.

Reptile and Amphibian Endorsement	178	\$10
-----------------------------------	-----	------

Required to capture indigenous reptiles or amphibians on the shoulder of a road or on the unpaved area of a public right-of-way.

Annual Public Hunting Permit	173	\$48
------------------------------	-----	------

Required for an adult (age 17 years of age or older) to access designated public hunting lands owned or administered by TPWD for hunting and other recreational purposes.

BOATING AND WATER SAFETY

Game wardens and other peace officers certified as marine safety enforcement officers by TPWD may stop, board, and inspect any vessel to determine compliance with applicable provisions.

Title, Registration and Identification Requirements

TITLING REQUIREMENTS

The following vessels/boats and outboard motors must be titled:

- All motorized vessels, regardless of length (including any sailboat with an auxiliary engine);
- All non-motorized vessels (including sailboats) 14 feet in length or longer; and
- All internal combustion (gasoline/diesel/propane powered) outboard motors.
- Trailers are registered/titled through the applicant's local county tax office.

Title application, bill of sale, and either a Manufacturer's Statement of Origin (MSO) for new vessels/boats and outboard motors, or an original signed title for used vessels/boats and outboard motors, must be submitted to obtain title in applicant's name. **DO NOT** purchase a used vessel/boat or outboard motor without receiving an original title (signed on the front and back) along with a signed bill of sale from the person(s) listed on the title or from their legally documented representative. If a legal representative signs the title or bill of sale for the recorded owner(s), the applicant must obtain a copy of the documentation authorizing the legal representative to act on behalf of the owner(s). Applications for title must be submitted not later than 45 days from the date of purchase.

Purchases or gifts of boats or outboard motors that do not acquire the title and bill of sale (or statement of gift) will not be eligible for immediate transfer. These may be titled through a more expensive and lengthy bonded title process requiring additional documentation to be acquired and supplied. An abandoned boat or outboard motor may be eligible for titling through the bonded title process with appropriate documentation. An "abandoned vessel or outboard motor" means a vessel or outboard motor that has remained on private property without the consent of the owner or person in charge of the property for more than seven consecutive days.

Vessels Exempted from Titling – All U.S. Coast Guard (USCG) documented vessels (documentation must be current), and all non-motorized canoes, kayaks, punts, rowboats, or rubber rafts (regardless of length), or other vessels under 14 feet in length when paddled, poled, oared or windblown.

REGISTRATION REQUIREMENTS

A Texas boat registration is valid for two years. The following vessels/boats when on Texas public water are required to have current registration, including when docked, moored, or stored:

- All motorized vessels, regardless of length (including any sailboat with an auxiliary engine);
- All non-motorized vessels (including sailboats) 14 feet in length or longer; and
- USCG documented vessels.

Vessels Exempted from Registration – Non-motorized canoes, kayaks, punts, rowboats, or rubber rafts (regardless of length), or other vessels under 14 feet in length when paddled, poled, oared or windblown. Adding an outboard or trolling motor to one of these vessel types requires titling and registration.

Exempted USCG Documented Vessels – Commercial tugboats; vessels exceeding 115 feet in length; and pilot or crew boats transporting freight, supplies, or personnel to or from cargo ships, freighters, or offshore oil infrastructure.

TAX AND BILL OF SALE REQUIREMENTS

TPWD is required by law to collect tax for vessels/boats (65 feet or less in length) and outboard motors purchased in Texas or brought into Texas on or after January 1, 2000. The tax rate is 6.25% of the sales price. Tax is assessed at the time of registration/title transfer and is due within 45 working days from the date of sale or date brought to Texas. Applications filed later than 45 working days are subject to tax penalties and interest. A signed bill of sale or invoice is required for every transfer of ownership. Trailers are handled through the local county tax office and the price of the trailer must be separated from the price of the boat and motor.

New Resident Tax – \$15.00 New Resident tax is assessed (not sales tax) for owners bringing their previously titled or registered boat and/or outboard motor from another state into Texas.

For more information call (800) 262-8755 or visit tpwd.texas.gov/fishboat/boat.

PLACEMENT OF TX NUMBER AND DECAL ON VESSELS

EXPIRES ON THE LAST DAY OF THE MONTH INDICATED.

- The TX number must be painted on, or otherwise attached to, each side of the forward half of the vessel, in such position as to provide easy identification.
- The TX number must read from left to right, be in **BLOCK** characters of good proportion not less than three inches in height and be of a color that contrasts with the background.
- The numerals must be separated from the prefix and the suffix by hyphens or equivalent spaces such as the following examples: **TX 0001 GG** or **TX-0001-GG**.
- The validation decal must be affixed in line with and three (3) inches towards the rear of the boat from the TX number.

- The number printed on the decal must match the number listed on the certificate of number card issued for the vessel described on the card.
- Vessels registered as antique boats are permitted to display the registration decal on the left portion of the windshield. In the absence of a windshield, the registration decal must be attached to the certificate of number and made available for inspection when the boat is operated on public water.

Decals on USCG Documented Vessels:

May display ONLY the Validation Decal (not the Registration TX Number) on both sides of the bow of the vessel and must maintain current USCG Documentation.

TEXAS CERTIFICATE OF NUMBER

The certificate of number (registration), if required:

- must always be aboard and available for inspection by an enforcement officer;
- is valid through the expiration date shown on the certificate; and
- must also be aboard USCG Documented vessels that require Texas registration.

HOMEMADE BOATS

Homemade boats require an affidavit from the applicant as to the origin of the boat and proof of the materials used in the construction of the boat (*i.e., invoices from marine and hardware dealers for parts, etc.*). Homemade boats are required to be inspected and issued an HIN by a TPWD game warden.

HULL IDENTIFICATION AND MOTOR SERIAL NUMBERS

It is illegal to possess or intentionally sell, offer for sale, or purchase a vessel with a hull identification number or an outboard motor with a serial number that has been altered, defaced, mutilated, or removed. To acquire registration or title for a vessel or outboard motor with a serial number that has been altered, defaced, mutilated or removed, a sworn statement must be filed with TPWD describing the vessel or outboard motor, providing proof of legal ownership, and stating the reason for the destruction, removal, alteration or defacement of the number. **This statement must be accompanied by a fee of \$25.00 and an inspection certificate from a game warden stating the vessel or outboard motor has been inspected.** This section does not apply to USCG Documented vessels.

FEE CHART FOR BOATS, OUTBOARD MOTORS AND RELATED ITEMS

FEE

VESSEL REGISTRATION

Less than 16 feet in length (Class A)	\$32
16 feet but less than 26 feet in length (Class 1)	\$53

OWNERSHIP TRANSFER (SALE, REMOVAL, ABANDONMENT OR DESTRUCTION) OF BOAT/OUTBOARD MOTOR

The recorded owner must provide notice to TPWD within 20 days after the date the boat and/or outboard motor are:

- sold, donated or gifted to a new owner;
- permanently removed from this state to another state or country; or
- abandoned or destroyed (the Certificate(s) of Title must be surrendered to TPWD).

Mandatory Boater Education Requirements

Boater Education training is RECOMMENDED for all boat operators and REQUIRED for those persons born on or after September 1, 1993.

Successful completion of a TPWD-certified boater education course and possession of a valid photo I.D. are required for any person born on or after September 1, 1993 to operate:

- a vessel powered by a motor of more than 15 horsepower; or
- a windblown vessel over 14 feet in length.

No person may operate a personal watercraft (PWC) or motorboat powered by a motor of more than 15 horsepower on public waters unless the person is at least 13 years of age and has successfully completed a Boater Education Course or is supervised by another person who:

- is at least 18 years of age
- can lawfully operate the motorboat
- is on board the motorboat when under way

Proof of completion of the requirements to obtain a vessel operator's license issued by the USCG satisfies the requirement for completing a boater education course in this state.

A person guilty of one of the following (**operating**) violations, **shall be required to successfully complete an approved boater education course AND pay a fine.** Failure to complete the boater education course within 90 days will result in the person committing an offense that is a Parks and Wildlife Class A misdemeanor.

- any personal watercraft (operating) violation
- reckless or negligent operation
- excessive speed

- reckless operation and excessive speed
- hazardous wake or wash
- circular course around any swimmer or occupant of a vessel engaged in water activities
- interference with markers or ramps
- obstructing passage
- operating boats in restricted areas
- operating vessels in scuba diving or snorkeling areas
- skiing during illegal hours
- skiing in a manner that endangers life or property

Boater education courses from other states are acceptable if approved by NASBLA (National Association of State Boating Law Administrators).

For information on boater education courses, call (800) 792-1112, ext. 4999, or visit tpwd.texas.gov/oa/BoaterEd.

Paddlers are encouraged to take the FREE comprehensive canoe, kayak, and paddleboard safety course offered online at boaterexam.com/paddling. This course is a great way to help make your outing more enjoyable and safer. This course WILL NOT replace the boater education course required by law. Visit tpwd.texas.gov/oa/paddling for a complete list of officially designated paddling trails including average float times, public access points, paddler safety and more.

Required Safety Equipment

REQUIRED EQUIPMENT		POWERBOATS (Including electric motors)					SAILBOATS (If any type of propulsion)				MANUALLY PROPELLED (No motor or sail)
		Personal Watercraft	Less than 16' in length (Class A)	16' but less than 26' (Class 1)	26' but less than 40' (Class 2)	40' but less than 65' (Class 3)	Less than 16' in length (Class A)	16' but less than 26' (Class 1)	26' but less than 40' (Class 2)	40' but less than 65' (Class 3)	
Find the column to the right which applies to your vessel. A dot in that column indicates a specific applicable requirement. A letter indicates either a specific exception to the requirement or specific additional requirements for the associated equipment.

- A Does not apply to: canoes, kayaks, punts, rowboats, rubber rafts (regardless of length) or other vessels under 14 feet in length when paddled, poled, oared, or windblown.
- B PFDs MUST be properly worn by all occupants.
- C Passengers under 13 years of age must wear a Type I, II, or Type III wearable PFD while underway on vessels less than 26 feet in length.
- D Fire extinguishers not required on outboard motorboats less than 26 feet in length, of "open construction" with no permanently mounted gas tanks.
- E Visual distress signals not required on boats under 16 feet in length, unless operated between sunset and sunrise.
- F If sidelights and stern light are not practical, it must have and exhibit at least one bright light, lantern, or flashlight from sunset to sunrise in all weather.
- G Applies to all vessels, except a vessel of "open construction," using as fuel any liquid of a volatile nature.
- H Backfire flame arrestor not required for outboard motors.
- I If equipped, cut-off switch or lanyard must be attached to operator, operator's clothing, or operator's PFD at all times when a PWC is underway, and at greater-than headway speed for all other motorboats other than a PWC.
- J Rearview mirror of a size no less than four inches in width and height must be present when towing a person unless an observer, other than the operator, 13 years of age or older is present onboard and acting in that capacity.

NAVIGATION LIGHTS

Power Driven Vessels Underway: Power driven vessels of less than 20 meters (65.6 ft.) but more than 12 meters (39.4 ft.) shall exhibit navigation lights as shown in Figure 1. Vessels of less than 12 meters in length, shall show the lights in either Figure 1 or Figure 2.

Operation of Your Boat

It is UNLAWFUL to:

- operate at a rate of speed greater than is reasonable and prudent or greater than will permit the driver to stop the vessel within the assured clear distance ahead.
- operate in a manner to cause a hazardous wake or wash.
- operate in a circular course around another vessel, PWC, or individual engaged in water activities unless retrieving a downed or fallen water skier or a person engaged in similar activity.
- moor or attach to any buoy, beacon, light marker, stake, flag or other aid to safe operation, or to move, remove, displace, tamper with, damage or destroy the same.
- anchor in the traveled portion of a river or channel so as to prevent, impede, or interfere with safe passage of any other boat through the same area.
- operate within an area designated as bathing, fishing, swimming, or otherwise restricted.
- operate within a designated "no wake" area except at headway speed without creating a swell or wake.
- engage in water skiing, surfboarding or other similar activity between the hours of 1/2 hour after sunset to 1/2 hour before sunrise. This shall not apply to vessels used in recognized water ski tournaments, competitions, exhibitions or trials, provided that the water area is adequately lighted.
- operate while intoxicated (**loss of mental or physical faculties, or blood alcohol content of .08 or higher**). 1st conviction punishable by a fine not to exceed \$2,000, confinement in jail not to exceed 180 days or both; 2nd conviction punishable by a fine not to exceed \$4,000, confinement not to exceed one year or both; 3rd conviction punishable by a fine not to exceed \$10,000, imprisonment for not more than 10 years or less than 2 years. ****Failure to submit a specimen to determine blood alcohol content may result in suspension of your driver's license.**
- operate any vessel or manipulate any water skis, aquaplane or similar device, in a willful or wanton disregard of the rights or safety of others and at a speed or in a manner to endanger or likely to endanger any person or property. (Conviction punishable by a fine of not less than \$200 nor more than \$2,000 or by confinement in jail not to exceed 180 days or both.)
- swim or dive within 200 yards of any sight-seeing or excursion boat except for maintenance purposes or unless within an enclosed area.
- operate within 50 feet of a "Diver Down Flag" or operate a boat within 150 feet of a "Diver Down Flag" except at headway/steerage speed.
- fail to comply with the USCG Inland Rules of the Road.

NEW: The engine cut-off switch must be worn by the operator on any vessel under 26' in length that is equipped with the ECOS, and the vessel is being operated at greater-than headway speed.

ONLINE BOAT SERVICES

Access common boating services, forms and other customer services online:

Clean, Drain, Dry Your Boat

Boaters are required to drain all water from their boat and gear before approaching or leaving a public fresh water body (pg. 38). Failure to immediately remove and lawfully dispose of any harmful or potentially harmful aquatic plant or animal life that is clinging or attached to a vessel, watercraft, trailer, motor vehicle, or other device used to transport or launch a vessel or watercraft is unlawful. The penalty for the first offense is a fine of up to \$500. The penalty for a repeat offense is a fine of up to \$2,000, and/or up to 180 days in jail.

It is recommended these steps be followed each time upon leaving the water:

1. **CLEAN.** Inspect your boat, trailer and gear and remove all plant material, mud and foreign objects.
2. **DRAIN.** Remove all water from the boat, including the motor, bilge, livewells and bait buckets.
3. **DRY.** Open all compartments and allow the boat and trailer to dry for a week or more before entering another body of water. If the boat and trailer cannot be dried for at least a week, wash them with high-pressure, hot soapy water.

Personal Watercraft

Personal watercraft (PWC) is defined as a type of motorboat which is specifically designed to be operated by a person or persons sitting, standing, or kneeling ON the vessel rather than INSIDE the vessel. Includes jet skis, wet bikes, etc. Any person being towed by a PWC is considered an occupant of the PWC and is required to wear a life jacket.

OPERATION OF PERSONAL WATERCRAFT

All operational rules for regular motorboats also apply to PWC. In addition to those requirements, it is unlawful for any person to:

- (1) operate PWC at night (sunset until sunrise);
- (2) operate PWC within 50 feet of another PWC, motorboat, vessel, platform, person, object, or shore except at headway speed (headway speed—slow, idle speed, or speed only fast enough to maintain steerage) without creating a swell or wake; and
- (3) operate a PWC and jump the wake of another vessel recklessly or unnecessarily close.

Children under 13 are specifically prohibited from operating a PWC unless accompanied on board by a person at least 18 years of age who can lawfully operate the PWC.

Boating Accidents

To report a boating accident, call: (800) 792-1112 or (512) 389-4848 (24-hour dispatch).

ACCIDENTS AND CASUALTIES

Operators of any vessel must report accidents and casualties to a local law enforcement agency or to the Texas Parks and Wildlife Department within 30 days of the occurrence (48 hours if a fatality occurs) if the collision, accident or casualty resulted in:

- death (or missing person); or
- injury (requiring treatment beyond first aid) to any person; or
- property damage exceeding \$2,000.

STOP AND RENDER AID

The operator of any vessel involved in a boating accident must stop and render whatever assistance is necessary unless such action would endanger his/her own vessel, crew or passengers. The operator must give his/her name, address and vessel identification number in writing to any injured person and to the owner of any damaged property. Failure to do so in an accident that results in death or serious bodily injury is a Parks and Wildlife Code felony. Failure to do so in an accident that does not result in death or serious bodily injury is a Parks and Wildlife Class A misdemeanor.

OutdoorAnnual.com

OVERVIEW OF FISHING AND HUNTING LAWS

General Laws

The following information addresses some common questions about hunting and fishing laws and regulations.

UNLAWFUL ACTIVITIES

It is UNLAWFUL to:

- take, attempt to take, or possess wildlife resources within a protected length limit, in greater numbers, by other means, or at any time or place, other than as indicated within this guide or as may otherwise be provided by law.
- hunt on public roads or the right-of-way of public roads; except for certain reptiles and amphibians (pg. 76).
- store, transport, or abandon an unsecured firearm in a place where children can obtain (unsupervised) access to the firearm. A person under age 17 who has lawful access to a firearm may hunt with the firearm if the youth has successfully completed the hunter education course, or is accompanied by a licensed hunter age 17 or older who has complied with the hunter education requirement, if applicable.
- drive a motor vehicle in the bed of a navigable freshwater stream, unless approved by a local river access plan established by a city, county, or river authority. This law does not apply to the Canadian River and Prairie Dog Town Fork of the Red River. There are other exemptions as well. The full text of this law may be found in Parks and Wildlife Code, Chapter 90.
- fish on privately-owned waters, fish in public water from private land, or hunt on privately-owned lands without the permission of the owner or the owner's agent.
- fish on public water from private land without a fishing license.
- enter property that is **agricultural, fenced, posted with a sign(s), or marked (purple paint)** without the express permission of the owner (Texas Penal Code §30.05). Posts or trees bearing a purple paint marking of not less than eight inches in length and not less than one inch in width and not less than three or more than five feet from the ground, constitute notice that the property is posted.
- hunt any animal without landowner consent (Class A misdemeanor).
- kill a desert bighorn sheep, pronghorn, white-tailed deer, or mule deer without landowner consent (Parks and Wildlife Code state jail felony). Upon conviction, hunting and fishing license is automatically revoked.
- discharge a firearm on or across a public road.
- possess a deer or any part of a deer that has been hit by a motor vehicle.

PERSONAL IDENTIFICATION

While hunting, fishing or trapping, persons 17 years of age or older must carry on their person a valid driver's license or personal identification certificate issued by the Texas Department of Public Safety. Non-residents must carry similar documents issued by the agency in their state or country of residence that is authorized to issue driver's licenses or personal identification certificates.

INSPECTION AUTHORITY

A game warden who observes a person engaged in an activity governed by the Parks and Wildlife Code or reasonably believes that a person is or has been engaged in such an activity may inspect:

- any license, permit, tag, or other document issued by the department and required by the Parks and Wildlife Code of a person hunting or catching wildlife resources;
- any device that may be used to hunt or catch a wildlife resource;
- any wildlife resource in the person's possession; and
- the contents of any container or receptacle that is commonly used to store or conceal a wildlife resource.

WASTE OF GAME

It is an offense (Class C misdemeanor) if a person while hunting, kills or wounds a game bird or game animal and intentionally or knowingly fails to make a reasonable effort to retrieve it and include it in the person's daily or seasonal bag limit. It is an offense if a person intentionally takes or possesses a game bird, game animal, or a fish and intentionally, knowingly, or recklessly, or with criminal negligence, fails to keep the edible portions in an edible condition. It is a Class A misdemeanor to fail to retrieve or fail to keep in an edible condition a white-tailed or mule deer, pronghorn, or desert bighorn sheep hunted: without landowner consent; from a vehicle, boat, or aircraft (including unmanned aerial vehicles) on a public road; at night; or with the aid of a light.

RETRIEVAL OF GAME

No person may pursue a wounded wildlife resource across a property line without the consent of the landowner of the property where the wildlife resource has fled. Under the trespass provisions of the Penal Code, a person on a property without the permission of the landowner is subject to arrest.

SALE OF INEDIBLE WILDLIFE PARTS

The following inedible wildlife parts may be purchased or sold if lawfully taken or possessed:

- Hair, hide, antlers, bones, horns, skull, hooves, or sinew from the following game animals: mule deer, white-tailed deer, pronghorn, desert bighorn sheep, gray or cat squirrels, fox squirrels or red squirrels, and javelina (aka collared peccary).
- Feathers, bones, or feet of game birds (turkey, pheasant, quail, and chachalaca) other than migratory birds may be used, purchased, or sold for making fishing flies, pillows, mattresses, and other similar commercial uses.
- Feathers from migratory birds may not be purchased or sold for hats or ornamental purposes nor may a person purchase or sell mounted migratory game bird specimens or their parts taken by hunting.

HARASSMENT OF HUNTERS, TRAPPERS, OR ANGLERS

Under the Sportsmen's Rights Act (Parks and Wildlife Code, §62.0125), harassment of hunters, trappers, or anglers is punishable by a fine of \$200 to \$2,000 and/or 180 days in jail.

Criminal Penalties and Civil Value Recovery

If you violate fish and wildlife laws, you may:

- be fined for misdemeanors
 - Class C - \$25-\$500
 - Class B - \$200-\$2,000 and/or 6 months in jail
 - Class A - \$500-\$4,000 and/or 1 year in jail;
- be fined for state jail felonies (\$1,500-\$10,000 and/or up to 2 years in jail);
- face automatic suspension or revocation of licenses for up to five years; and
- forfeit hunting gear, including firearms, used to commit a violation.

CIVIL RESTITUTION

In addition to the criminal penalty for hunting and fishing violations, the department will seek the civil recovery value for the loss or damage to wildlife resources. Failure to pay the civil recovery value will result in the department's refusal to issue a future license, tag, or permit. Hunting or fishing

Operation Game Thief

Operation Game Thief (OGT) is an official Texas wildlife crime-stopper program and a privately funded 501(c)(3) non-profit. Please consider supporting efforts to protect precious natural resources and keep the waterways safe by sending a tax-deductible donation to OGT, or by becoming an OGT member, ogtx.org. Donations can also be sent to TPWD, 4200 Smith School Road, Austin, Texas 78744, or received by phone (512) 389-8801.

Transfer and Importation of Wildlife Resources

TRANSFER OF WILDLIFE AND AQUATIC RESOURCES

A person may give or receive any legally taken wildlife or aquatic resource, or part of the resource, that is required to be tagged or that is protected by a daily bag / possession limit if the resource is accompanied by a **Wildlife Resource Document (WRD)** (pg. 100). A person may use the WRD provided in this guide (pg. 100) or a handwritten document that includes the same required information. The WRD is available online: tpwd.texas.gov/oa/transfer.

- For **deer** or **pronghorn**, a properly executed permit, tag or WRD must accompany the resource (or any part) until it reaches its **final destination** (pg. 96) and is **quartered** (pg. 98).
- For **turkey**, the WRD must remain attached until the turkey reaches its **final destination** and is finally processed (pg. 58).

For all other wildlife resources, a properly executed WRD must accompany the resource until it reaches the possessor's permanent residence or a cold storage/processing facility, EXCEPT, no WRD is required if a person receiving the wildlife resource does not exceed the possession limit (or bag limit if in the field) and is lawfully licensed or possesses the applicable license. **Migratory Game Birds have different documentation requirements** (pg. 70).

HUNTER ORANGE

Hunter orange is **RECOMMENDED** for hunter safety but is not required while hunting on private property.

after failing or refusing to pay civil restitution is a Class A misdemeanor punishable by a \$500 - \$4,000 fine; punishment in jail (not to exceed one year); or both. For questions call (512) 389-4630.

LICENSE REINSTATEMENT

A person who seeks to reinstate their license after revocation, denial or suspension must apply for license privilege reinstatement and pay a \$100 fee.

INTERSTATE WILDLIFE VIOLATOR COMPACT

Texas is a member of the Interstate Wildlife Violator Compact (IWVC) which allows member states to share information about wildlife violators and to deny licensure to persons who have failed to comply with conservation law in member states. For example, if a person has had their hunting, fishing or trapping privileges suspended in any member state, the suspension may be recognized by any other member state. For more information call (512) 389-8801.

REWARD HOTLINE: (800) 792-4263

Make a difference by reporting poaching, pollution and dumping, arson in state parks and intoxicated boaters! Up to \$1,000 may be paid for information leading to arrest and conviction of a person for a violation of our state's wildlife and fisheries laws, laws related to environmental crime, arson and intoxicated boaters.

IMPORTATION OF WILDLIFE AND AQUATIC RESOURCES

- It is unlawful to import a wildlife or aquatic resource into this state or possess a resource taken outside this state unless:
 - the person possesses a valid hunting, fishing, or other applicable license, endorsement, tag, permit, or document for the state or country in which the resource was legally taken; and
 - a person produces, upon request of a game warden, a valid driver's license or personal identification certificate.
- A person may possess an animal legally obtained outside of Texas that is listed as threatened or endangered in Texas (tpwd.texas.gov/oa/endangered) if they have proof that the animal was lawfully obtained. Proof consists of bill-of-sale, license tag, permit or notarized affidavit.
- **IMPORTS FROM MEXICO:** The requirements listed above are waived if a United States Customs Officer's Statement is obtained from the United States Customs Office at the port of entry showing that the wildlife resource was brought in from Mexico. The Customs Officer's statement must accompany the wildlife resource to its final destination.

FISHING

What's New for Fishing

New for fishing includes updated regulations for alligator gar, largemouth bass, and Alabama bass. Regulations for saltwater fishing have been revised for spotted seatrout, sharks, cobia, and red snapper. See page 8 for more details.

Good Fishing Depends on Clean Water.

Harmful algae blooms can affect fishing spots, creating "dead zones" where no aquatic life can survive. The cause is usually pollution from fertilizers, septic systems, animal waste, and sewage treatment plants. Learn more at epa.gov/nutrientpollution. Supporting water quality protection supports great fishing!

General Regulations for Fresh and Salt Waters

For purposes of this guide, salt waters and coastal waters mean the same thing.

GAME FISH (includes hybrids or subspecies of listed fish):

Bass (Alabama)	Catfish (blue)	Marlin (blue)	Spearfish (longbill)
Bass (Guadalupe)	Catfish (channel)	Marlin (white)	Swordfish (broadbill)
Bass (largemouth)	Catfish (flathead)	Pickeral	Tarpon
Bass (smallmouth)	Cobia	Red Drum	Tripletail
Bass (spotted)	Crappie (black)	Sailfish	Trout (brown)
Bass (striped)	Crappie (white)	Seatrout (spotted)	Trout (rainbow)
Bass (white)	Mackerel (King)	Sharks	Wahoo
Bass (yellow)	Mackerel (Spanish)	Snook	Walleye

UNLAWFUL ACTIVITIES

It is UNLAWFUL to:

- take, kill, or disturb sea turtles. Species found in the Gulf of Mexico include Green, Loggerhead, Kemp's ridley, Leatherback and Hawksbill. If you accidentally catch a sea turtle, immediately call (866) 887-8535 for information on how to help without injuring yourself or causing further injury to the animal.
- take, kill, or disturb any endangered or threatened fish species (e.g., paddlefish, shovel-nosed sturgeon, sawfish, etc.).
- take or kill diamondback terrapin or marine mammals such as porpoises, dolphins or whales. Immediately call (800) 962-6625 (800-9-MAMMAL) to report a stranded marine mammal.
- place any game fish into public waters, other than the body of water where the fish was caught, without a valid permit issued by TPWD. This includes fish caught by pole and line. To apply for a permit to place fish into public waters (no fee required), call (800) 792-1112 (menu 4) or (512) 389-4742, or visit tpwd.texas.gov/oa/FishForms.
- use any vessel to harass, herd or drive fish including, but not limited to, operating any vessel in a repeated circular course, for the purpose of, or resulting in, the concentration of fish for the purpose of taking or attempting to take fish.
- uproot or dig out any rooted seagrass plant from a bay bottom or other saltwater bottom by a propeller or any other means. For additional seagrass regulations: tpwd.texas.gov/oa/Seagrass.
- transport live, nongame fishes taken from:
 - the Red River below Lake Texoma downstream to the Arkansas border,
 - Big Cypress Bayou downstream of Ferrell's Bridge Dam on Lake O' the Pines (including the Texas waters of Caddo Lake), or
 - the Sulphur River downstream of the Lake Wright Patman dam.(Nongame fishes collected **from these waters** may be used as live bait on the water bodies where they were collected.)
- intentionally or unintentionally possess or transport aquatic invasive species without a permit; see "Possession and Transport of Exotic Aquatic Species" (pg. 38) for additional information.
- use any game fish or part of a game fish as bait.

Tagging Fish

Although it is legal to place an identification tag (use caution as tags can damage fish) on the exterior of a fish and release it back into public waters, it is unlawful to release a fish with a device or substance implanted or attached to produce an audible, visual, or electronic signal used to monitor, track, follow, or in any manner aid in locating it.

Waste of Fish

It is unlawful to leave edible fish or bait fish to die without the intent to retain it for consumption or bait.

LEGAL FISHING DEVICES AND RESTRICTIONS

Only devices and restrictions listed may be used to take OR ATTEMPT TO TAKE aquatic life. Game fish may be taken only by pole and line (which includes rod and reel), except as otherwise provided in this guide. A person may fish with multiple poles or other devices, except as provided in this guide. In fresh water, it is unlawful to fish with more than 100 hooks on all devices combined. In fresh water, it is unlawful to take fish with a hand-operated device held underwater except that a spear or spear gun may be used to take NONGAME fish.

CAST NET: a net that can be hand-thrown over an area.

- Legal only for taking NONGAME fish and other aquatic animal life (including crabs, crayfish, and shrimp).
- May not be greater than 14 feet in diameter.
- In SALT WATER, nongame fish may be taken for bait purposes only.

CRAB LINE: a baited line with no hook attached
No restrictions.

CRAB TRAPS (for use in SALT WATER only):

- Only six crab traps at a time may be fished for non-commercial purposes.
- May only remove crab traps from the water or remove crabs from crab traps during the period from 30 minutes before sunrise to 30 minutes after sunset.

Crab Trap Tagging Requirements

Must be used with a valid GEAR TAG, valid for 10 days (pg. 97) and attached within six inches of the buoy or pier to which the trap is tied.

Crab Trap Construction and Design Restrictions

- May not exceed 18 cubic feet.
- Must be equipped with at least two escape vents in each crab-retaining chamber and located on the outside trap walls.
- Escape vents must be at least 2-3/8 inches in diameter.
- Must be marked with a white floating buoy not less than 6 inches in height, 6 inches in length, and 6 inches in width, bearing a 2-inch wide center stripe of contrasting color, attached to the crab trap.
- Buoys or floats may not be made of plastic bottle(s) of any color or size.
- Must be equipped with a degradable panel. A trap is considered to have a degradable panel if one of the following methods is used in construction of the trap:
 - the trap lid tie-down strap is secured to the trap at one end by a simple loop of untreated jute twine, sisal twine or untreated steel wire with a diameter of 20 gauge or smaller. The trap lid must be secured so that when the twine or wire degrades, the lid will no longer be securely closed; or
 - the trap contains at least one sidewall, not including the bottom panel, with a rectangular opening no smaller in either dimension than 3 inches by 6 inches. Any obstruction placed in this opening may not be secured in any manner EXCEPT it may be laced, sewn, or otherwise obstructed by a single length of untreated jute twine, sisal twine or untreated steel wire with a diameter of 20 gauge or smaller knotted only at each end and not tied or looped more than once around a single mesh bar.

When the twine or wire degrades, the opening in the sidewall of the trap will no longer be obstructed; or

- the obstruction may be loosely hinged at the bottom of the opening by no more than two untreated steel hog rings and secured at the top of the obstruction in no more than one place by a single length of untreated jute twine, sisal twine or untreated steel wire with a diameter of 20 gauge or smaller. When the twine or wire degrades, the obstruction will hinge downward and the opening in the sidewall of the trap will no longer be obstructed.

Crab Trap Placement and Location Restrictions

- May not place a crab trap or portion thereof closer than 100 feet from any other crab trap, EXCEPT when traps are secured to a pier or dock.
- May not fish a crab trap in public fresh waters.
- May not fish a crab trap within 200 feet of a marked navigable channel in Aransas County; and in the water area of Aransas Bay within one-half mile of a line from Hall Point on the Lamar Peninsula, then direct to the eastern end of Goose Island, then along the southern shore of Goose Island, then along the eastern shoreline of the Live Oak Peninsula past the town of Fulton, past Nine Mile Point, past the town of Rockport to a point at the east end of Talley Island, including that part of Copano Bay within 1,000 feet of the causeway between Lamar Peninsula and Live Oak Peninsula.
- May not possess, use, or place more than three crab traps in waters north and west of Hwy. 146 where it crosses the Houston Ship Channel in Harris County.
- May not use or place more than three crab traps in public waters of the San Bernard River north of a line marked by the boat access channel at Bernard Acres.
- It is unlawful to place any type of trap within the area in Cedar Bayou between a department sign erected where Mesquite Bay flows into Cedar Bayou and the department sign erected near the point where the pass empties into the Gulf of Mexico.

DIP NET: a mesh bag suspended from a frame attached to a handle.

- Legal only for taking NONGAME fish and other aquatic animal life (including crabs, crayfish, and shrimp).
- May be used to aid in the landing of fish caught by other legal devices.
- In SALT WATER, nongame fish may be taken for bait purposes only.

FOLDING PANEL TRAPS:

- Only crabs may be taken.
- Overall surface area (including panels) may not exceed 16 square feet.

GAFF: any hand-held pole with a hook attached directly to the pole.

- May only be used to aid in the landing of fish caught by other legal devices, means, or methods.
- Fish landed with a gaff **MAY NOT** be below the minimum, above the maximum, or within a protected length limit.

GIG: any hand-held shaft with single or multiple points, barbed or barbless.

May be used to take **NONGAME** fish only.

HANDFISHING: fishing by the use of **HANDS ONLY**

The use of **ANY** other fishing device while handfishing (including but not limited to gaff, pole hook, trap, spear or stick) is unlawful.

- May be used to take channel, blue, and flathead catfish in fresh water only.
- No person may intentionally place a trap (including such devices as boxes, barrels or pipes) in public fresh water for the purpose of taking catfish by handfishing.

JUGLINE: fishing line with five or less hooks tied to a free-floating device.

- For use in **FRESH WATER** only.
- May be used to take **NONGAME fish**, channel catfish, blue catfish, and flathead catfish only.

Jugline Tagging and Marking Requirements

- Must be used with a valid **GEAR TAG** (pg. 97) attached within 6 inches of the free-floating device; gear tag is valid for 10 days after the date set out and must include the number of the permit to sell nongame fish taken from fresh water, if applicable. Properly-marked buoys or floats qualify as valid gear tags.
- For non-commercial purposes, a jugline must be marked with a free-floating device of any color other than orange.
- For commercial purposes, a jugline must be marked with an orange, free-floating device.

Jugline Placement and Location Restrictions

Juglines **may not** be used in the following:

- Community Fishing Lakes (definition, pg. 96)
- Lake Bryan in Brazos County
- Reservoirs or sections of rivers lying totally within the boundaries of state park
- Bellwood Lake in Smith County
- Boerne City Lake in Kendall County
- Canyon Lake Project #6 in Lubbock County
- Dixieland Reservoir in Cameron County
- South Concho River from Lone Wolf dam to Bell Street dam
- Gibbons Creek Reservoir in Grimes County
- Lake Bastrop in Bastrop County
- Lakes Coffee Mill and Davy Crockett in Fannin County
- Lake Naconiche in Nacogdoches County
- Lake Pflugerville in Travis County
- North Concho River from Q.C. Fisher dam to the Bell Street dam
- Tankersley Reservoir in Titus County
- Wheeler Branch Reservoir in Somervell County

LAWFUL ARCHERY EQUIPMENT: includes longbow, recurved bow, compound bow, and crossbow.

- May be used to take **NONGAME** fish only.
- Any fish that is edible or can be used for bait (includes all gar species, common carp, and buffalo) may not be released back into the water after being taken with lawful archery equipment. See also "Waste of Fish," pg. 33.
- State regulations permit bow fishing in most public waters ("Exceptions to Statewide Freshwater Harvest Regulations," pg. 43, and "Restricted Areas in Counties," pg. 79). Additionally, bow fishers are advised to check with local authorities that may have ordinances restricting use of archery equipment.
- A person bow fishing on a navigable stream in Dimmit, Edwards, Frio, Kenedy, Llano, Maverick, Real, Uvalde, or Zavala counties may not possess an arrow equipped with fletching of any kind, an unbarbed arrow, or a bow that is not equipped with a reel and line.

MINNOW TRAP:

- Legal only for taking **NONGAME** fish and other aquatic animal life (including crayfish and shrimp).
- Trap may not exceed 24 inches in length. The throat may not exceed 1 inch by 3 inches.
- **GEAR TAG** (pg. 97) valid for only 10 days must be visibly attached.

OYSTER DREDGE:

May not be more than 14 inches in width.

PERCH TRAPS (for use in SALT WATER only):

- Legal only for taking **NONGAME** fish and other aquatic animal life (including crayfish and shrimp).
- May not exceed 18 cubic feet.
- Must be marked with a floating visible orange buoy not less than 6 inches in height and 6 inches in width. The buoy must have a **GEAR TAG** (pg. 97) valid only for 10 days attached.
- Must be equipped with a degradable panel as described for crab traps (pg. 34).
- Buoys or floats may not be made of plastic bottle(s) of any color or size.
- It is unlawful to place any type of trap within the area in Cedar Bayou between a department sign erected where Mesquite Bay flows into Cedar Bayou and the department sign erected near the point where the pass empties into the Gulf of Mexico.

POLE AND LINE: a line with hook, attached to a pole (includes rod and reel).

- May be used to take **GAME and NONGAME** fish.
- It is unlawful to use a pole and line to take or attempt to take fish by foul-hooking, snagging, or jerking. A fish is foul-hooked when caught by a hook in an area other than the fish's mouth.
- In the Guadalupe River in Comal County starting 800 yards downstream from the Canyon Dam release and extending downstream to the second bridge crossing on

River Road, rainbow and brown trout may not be retained when taken by any method except artificial lures. In this area only, artificial lures cannot contain or have attached either whole or portions, living or dead, of organisms such as fish, crayfish, insects (grubs, larvae or adults) or worms, any other animal or vegetable material, or synthetic scented materials. This does not prohibit the use of artificial lures that contain components of hair or feathers. It is an offense to possess rainbow and brown trout while fishing with any other device in that part of the Guadalupe River defined in this paragraph.

- Pole and line is the only lawful method for taking game fish and nongame fish from Community Fishing Lakes (definition, pg. 96), sections of rivers lying totally within boundaries of a state park, the North Concho River from O.C. Fisher dam to the Bell Street dam, the South Concho River from Lone Wolf dam to Bell Street dam, Wheeler Branch Reservoir, Lake Pflugerville, and Canyon Lake Project #6.

SAIL LINE: a type of trotline with one end of the main line fixed on the shore, the other end of the main line attached to a wind-powered floating device or sail (for use in SALT WATER only).

- Nongame fish, red drum, spotted seatrout, and sharks may be taken with a sail line.
- No more than one sail line may be used per fisherman.
- The sail line must be attended at all times the line is fishing.
- Sail lines may not be used by the holder of a commercial fishing license.
- Sail lines may be used seven days a week.

Sail Line Tagging Requirements

Must have a valid SALTWATER TROTLINE TAG for each 300 feet of mainline or fraction thereof being fished.

Sail Line Construction and Design Restrictions

- Sail line may not exceed 1,800 feet from reel to sail.
- Sail and the most shoreward float must be bright orange or red. All other floats must be yellow. No float may be more than 200 feet from the sail.
- A weight of 1 ounce or more must be attached to the line not less than 4 feet or more than 6 feet shoreward of the most shoreward float.
- Reflectors of not less than 2 square inches shall be attached to the sail and floats. They must be easily seen from all directions. This applies for sail lines operated from 30 minutes after sunset to 30 minutes before sunrise.
- May have no more than 30 hooks.
- There is no hook spacing requirement between hooks
- No hook may be placed more than 200 feet from the sail.
- May be baited with either natural or artificial bait.

Sail Line Placement and Location Restrictions

Must meet placement and location requirements for saltwater trotlines (pg. 37).

SAND PUMPS: self-contained, hand-held, hand-operated suction device used to remove and capture Callinassid ghost shrimp.

- May only be manually operated.
- May not be used for commercial purposes.

SEINE: a section of non-metallic mesh webbing, with the top edge buoyed upwards by a floatline and the bottom edge weighted (includes a push net).

- Legal only for taking NONGAME fish and other aquatic animal life (including crabs, crayfish, and shrimp).
- May not be longer than 20 feet.
- May not have mesh exceeding 1/2-inch square.
- Must be manually operated.
- In SALT WATER, nongame fish may be taken by seine for bait purposes only.

SHAD TRAWL: a bag-shaped net which is dragged along the bottom or through the water to catch aquatic life (for use in FRESH WATER only).

- Legal only for taking NONGAME fish and other aquatic animal life (including crayfish and shrimp).
- May not be longer than 6 feet or with a mouth larger than 36 inches in diameter.
- May be equipped with a funnel or throat and must be towed by boat or hand.

SPEAR: any shaft with single or multiple points, barbed or barbless, which may be propelled by any means, but does not include arrows (may be used to take NONGAME fish only)

SPEAR GUN: any hand-operated device designed and used for propelling a spear, but does not include the crossbow.

May be used to take NONGAME fish only, not a legal means to take fish in a community fishing lake.

THROWLINE: a fishing line with five or less hooks and with one end attached to a permanent fixture. Components of a throwline may also include swivels, snaps, rubber, and rigid support structures (for use in FRESH WATER only).

- May be used to take NONGAME fish, channel catfish, blue catfish, and flathead catfish only.
- Must be used with a valid gear tag attached. Gear tag is valid for 10 days after the date set out.

Throwlines Placement and Location Restrictions

Throwlines **may not** be used in the following:

- Community Fishing Lakes (definition, pg. 96)
- Lake Bryan in Brazos County
- Reservoirs or sections of rivers lying totally within the boundaries of state park
- Bellwood Lake in Smith County
- Boerne City Lake in Kendall County
- Canyon Lake Project #6 in Lubbock County
- Dixieland Reservoir in Cameron County
- South Concho River from Lone Wolf dam to Bell Street dam
- Gibbons Creek Reservoir in Grimes County
- Lake Bastrop in Bastrop County
- Lakes Coffee Mill and Davy Crockett in Fannin County

- Lake Naconiche in Nacogdoches County
- Lake Pflugerville in Travis County
- North Concho River from O.C. Fisher dam to the Bell Street dam
- Tankersley Reservoir in Titus County
- Wheeler Branch Reservoir in Somervell County

TRAWL (Individual Bait-Shrimp Trawl):

a bag-shaped net which is dragged along the bottom or through the water to catch aquatic life.

Only hand-operated trawls are permitted; use of mechanical devices is unlawful. For use in **SALT WATER** only.

- Only one trawl per boat is allowed.
- Must have an individual bait-shrimp trawl tag in one's possession while trawling (pg. 21).
- Must not be greater than 20 feet in width between the doors.
- Mesh size must not be smaller than 8-3/4 inches over a consecutive series of five stretched meshes.
- Boards must not be larger than 450 square inches each.
- Nongame fish (EXCEPT those species regulated by bag or size limits) taken incidental to legal shrimping operations may be retained.
- "Legal shrimping operations" means the use of a legal trawl in places, at times, and in manners as authorized by TPWD (see Shrimp section for details, pg. 52).
- 200 nongame fish taken with an individual bait-shrimp trawl may be retained per person **for bait purposes only**.

TROTLINE: a non-metallic main fishing line with more than five hooks attached and with each end attached to a fixture.

- Nongame fish, channel catfish, blue catfish, and flathead catfish may be taken by trotline.
- Red drum, spotted seatrout, and sharks caught on a trotline may not be retained or possessed.

Trotline General Construction and Design Restrictions

Trotlines may not be used with:

- a mainline length exceeding 600 feet;
- hooks spaced less than 3 horizontal feet apart;
- metallic stakes; or
- the main fishing line and attached hooks and stagings placed above the water's surface.

Trotlines in FRESH WATER

Trotline (Freshwater) Tagging Requirements

Must be used with a valid GEAR TAG (pg. 97). Properly-marked buoys or floats qualify as valid gear tags. Gear tags must be attached within 3 feet of the first hook at each end of the trotline and are valid for 10 days after the date set out.

Trotline (Freshwater) Construction and Design Restrictions

May not have more than 50 hooks on any one trotline.

Trotlines (Freshwater) Placement and Location Restrictions

Trotlines **may not** be used in the following:

- Community Fishing Lakes (definition, pg. 96)
- Lake Bryan in Brazos County
- Reservoirs or sections of rivers lying totally within the boundaries of state park

- Bellwood Lake in Smith County
- Boerne City Lake in Kendall County
- Canyon Lake Project #6 in Lubbock County
- Dixieland Reservoir in Cameron County
- South Concho River from Lone Wolf dam to Bell Street dam
- Gibbons Creek Reservoir in Grimes County
- Lake Bastrop in Bastrop County
- Lakes Coffee Mill and Davy Crockett in Fannin County
- Lake Naconiche in Nacogdoches County
- Lake Pflugerville in Travis County
- North Concho River from O.C. Fisher dam to the Bell Street dam
- Tankersley Reservoir in Titus County
- Wheeler Branch Reservoir in Somervell County

Trotlines in SALT WATER

No more than one trotline may be used per angler.

Trotline (Saltwater) Tagging Requirements

MUST have a valid SALTWATER TROTLINE TAG attached to each 300 feet of mainline or fraction thereof. MUST be purchased at coastal TPWD Law Enforcement offices (pg. 99). MUST be used with a valid GEAR TAG (pg. 97) attached within 3 feet of the first hook at each end of the trotline. Tag does not need to be dated.

Trotline (Saltwater) Construction and Design Restrictions

- Must be marked with a yellow floating buoy not less than 6 inches in height, 6 inches in length, and 6 inches in width, bearing a two-inch wide stripe of contrasting color, attached to end fixtures.
- Buoys or floats may not be made of plastic bottle(s) of any color or size.
- May not be baited with other than natural bait. Natural bait is a whole or cut-up portion of a fish or shellfish or a whole or cut-up portion of plant material in its natural state, provided that none of these may be altered beyond cutting into portions.
- May not be used with hooks other than circle-type hook with point curved in and having a gap (distance from point to shank) of no more than one-half inch, and with the diameter of the circle not less than five-eighths inch.

Trotline (Saltwater) Placement and Location Restrictions

- May not be used in or on the waters of the Gulf of Mexico within the jurisdiction of this state.
- May not be placed closer than 50 feet from any other trotline, or set within 200 feet of the edge of the Intracoastal Waterway or its tributary channels.
- May not be used in Aransas County in Little Bay and the water area of Aransas Bay within one-half mile of a line from Hail Point on the Lamar Peninsula, then direct to the eastern end of Goose Island, then along the southern shore of Goose Island, then along the causeway between Lamar Peninsula and Live Oak Peninsula, then along the eastern shoreline of the Live Oak Peninsula past the town of Fulton, past Nine-Mile Point, past the town of Rockport to a point at the east end of Talley Island, including that part of Copano Bay within 1,000 feet of the causeway between Lamar Peninsula and Live Oak Peninsula.
- No trotline or trotline components (EXCEPT sail lines), including lines and hooks, but excluding poles, may be

left in or on coastal waters between the hours of 1 p.m. on Friday through 1 p.m. on Sunday of each week, except attended sail lines. In the event small craft advisories or higher marine weather advisories issued by the National Weather Service are in place at 8 a.m. on Friday, trotlines may remain in the water until 6 p.m. on Friday. If small craft advisories are in place at 1 p.m. on Friday, trotlines may remain in the water until Saturday. When small craft advisories are lifted by 8 a.m. on Saturday, trotlines must be removed by 6 p.m. on Saturday. When small craft advisories or higher marine weather advisories are still in place at 1 p.m. on Saturday, trotlines may remain in the water through 1 p.m. on Sunday. It is a violation to tend, bait, or harvest fish or any other aquatic life from trotlines during the period that trotline removal requirements are suspended under this provision for adverse weather conditions. For purposes of enforcement, the geographic area customarily covered by marine weather advisories will be delineated by department policy.

UMBRELLA NET: a non-metallic mesh net that is suspended horizontally in the water by multiple lines attached to a rigid frame.

- Legal only for taking NONGAME fish and other aquatic animal life (including crabs, crayfish, and shrimp).
- May not have within the frame an area that exceeds 16 square feet.

OTHER DEVICES: Unmanned Aerial Vehicles (UAVs) and bait launchers are approved methods for the delivery of bait. Federal regulations apply.

POSSESSION OF FISH TAKEN FROM PUBLIC WATER

Fish caught and immediately released are not considered to be in possession. Any fish that are retained by using any type of holding device such as stringer, cooler, livewell, or bucket are considered in an angler's possession and must adhere to established length and bag limits. While fishing, it is illegal to be in possession of more fish than the daily bag limit or fish that are within a protected length limit.

In order to verify length and species, a fish caught may not have the head or tail removed and may not be filleted until an angler finally lands the catch on the mainland, a peninsula, or barrier island not including jetties or piers and does not transport the catch by boat. For broadbill swordfish and king mackerel, the head OR tail may be removed but the remainder of the carcass must remain intact and may not be filleted. For sharks, ONLY the head may be removed. The remainder of the carcass (including the tail) must remain intact and may not be filleted.

Any fish taken from public water and landed by boat or person in Texas must adhere to the length limits and daily bag and possession limits established for those fish in Texas regardless of the state or country in which they were caught.

The bag limit for a guided fishing party is equal to the total number of persons in the boat licensed to fish or otherwise exempt from holding a license minus each fishing guide and fishing guide deckhand multiplied by the bag limit for each species harvested.

POSSESSION AND TRANSPORT OF EXOTIC AQUATIC SPECIES

Texas' waterways are under attack by invasive species that push aside native plants and animals, throwing aquatic ecosystems out of balance. Invasive plants like giant salvinia can double in size in a week and block recreational access. And species like zebra mussels can hinder water recreation, damage boats and affect water supplies. Never dump aquarium contents in a natural body of water. Learn how to properly dispose of aquarium plants and animals at tpwd.texas.gov/oa/aquarium.

The intentional or unintentional possession or transportation of aquatic invasive species without a permit is illegal in Texas. Please be knowledgeable and help protect our native ecosystems. For a list of harmful and potentially harmful aquatic species, visit tpwd.texas.gov/oa/invasives.

It is UNLAWFUL to:

- possess or transport any exotic aquatic plant or animal listed as harmful or potentially harmful. This includes: plants such as hydrilla, water hyacinth, and giant salvinia; fishes such as tilapia and Asian carps (grass, silver, and bighead carp); and zebra mussels.
- possess any tilapia, grass carp, or any other fish listed as harmful or potentially harmful without immediately removing the head or intestines, except on those waters where a valid Triploid Grass Carp Permit is in effect. In those waters, it is illegal to possess grass carp, and any grass carp caught must be immediately returned to the water unharmed. For a list of waters with a Triploid Grass Carp Permit: tpwd.texas.gov/oa/gcpermits.
- fail to immediately remove and lawfully dispose of any harmful or potentially harmful aquatic plant that is clinging or attached to a vessel, watercraft, trailer, motor vehicle, or other device used to transport or launch a vessel or watercraft. Violators are subject to a fine of \$25-\$500.

MANDATORY DRAINING OF WATER FROM VESSELS USED ON PUBLIC FRESH WATERS

Persons leaving or approaching public fresh water are required to drain all water from their vessels and on-board receptacles (includes live wells, bilges, motors and any other receptacles or water-intake systems coming into contact with public waters). This rule applies at all sites where boats can be launched and includes all types and sizes of boats whether powered or not, personal watercraft, sailboats, kayaks/canoes, or any other vessel used to travel on public waters.

- Live fish, including personally caught live bait, cannot be transported from the water body where the fish were caught in or aboard a vessel in water from the water body where the fish were caught. Personally-caught live bait can be used in the water body where it was caught.
- Transport and use of commercially purchased live bait in water while fishing from a vessel is allowed, provided persons in possession of the bait have a receipt that identifies the source of the bait. Any live bait purchased from a location on or adjacent to a public water body that is transported in water from that water body can only be used as bait on that same water body.

- A vessel leaving a public freshwater body may be transported on a public roadway without water being drained, provided the vessel is transported via the most direct route to another access point located on the same water body during the same day.
- Persons participating in a fishing tournament confined to one water body are allowed to transport live fish in water from that single water body to an identified off-site weigh-in location, provided all water is drained and properly disposed of before leaving that location. Participants must possess documentation provided by tournament organizers that identify them as participants in a tournament.
- Marine sanitary systems are not covered by these regulations.
- Following these procedures does not exempt persons from complying with prohibitions against transporting exotic aquatic species that are visible to the unaided eye, such as adult zebra mussels, which may be attached to boats or trailers.

FISH CONSUMPTION BANS AND ADVISORIES

The Texas Department of State Health Services (TDSHS) monitors fish in the state for the presence of environmental contaminants and alerts the public through bans and advisories when a threat to human health may occur from the consumption of contaminated fish.

In waters with consumption bans, both possession and consumption of fish and/or shellfish are prohibited. Catch-and-release fishing from these areas is allowed. A consumption advisory is a recommendation to limit consumption to specified quantities, species, and sizes of fish. For a listing of all consumption bans and advisories, and a listing of areas tested where no bans or advisories were issued, visit tpwd.texas.gov/oa/seafood, call (800) 685-0361 (shellfish) or (512) 834-6757 (fish) or email: seafood.regulatory@dshs.texas.gov.

RESERVOIR BOUNDARIES

- **Buchanan Reservoir** in Burnet, Lampasas, Llano, and San Saba counties comprises all impounded waters of the Colorado River from Lake Buchanan dam upstream to the U.S. Hwy. 190 bridge.
- **Caddo Lake** in Marion and Harrison counties comprises all impounded waters of Big Cypress Bayou from the Texas-Louisiana border upstream to the State Hwy. 43 bridge.
- **Canyon Reservoir** in Comal County comprises all impounded waters of the Guadalupe River from the Canyon dam upstream to the U.S. Hwy. 281 bridge.
- **Lake Conroe** in Montgomery and Walker counties comprises all impounded waters of the West Fork of the San Jacinto River from the Lake Conroe Dam upstream to the FM Road 1791 bridge.
- **Cooper Lake** (Jim L. Chapman Lake) in Delta and Hopkins counties comprises all waters within the Corps of Engineers lands on Cooper Lake upstream from State Hwy. 19/154 and downstream from FM Road 71.
- **Falcon International Reservoir** in Starr and Zapata counties comprises all impounded waters of the Rio Grande from Falcon Dam upstream to the Zapata/Webb county line.
- **Lake Georgetown** in Williamson County comprises all impounded waters of the North Fork of the San Gabriel River from the Lake Georgetown Dam upstream to the U.S. Hwy. 183 bridge.
- **Gibbons Creek Reservoir** in Grimes County comprises all waters within the Texas Municipal Power Agency property boundaries.
- **Inks Lake** in Burnet and Llano counties comprises all impounded waters of the Colorado River from the Roy Inks Dam (Inks Lake Dam) upstream to the Lake Buchanan Dam.
- **Lake Limestone** in Leon, Limestone, and Robertson counties comprises all impounded waters of the Navasota River from the Lake Limestone dam upstream to the Fort Parker State Park Lake Dam.
- **Lake Livingston** in Leon, Houston, Madison, Polk, San Jacinto, Trinity, and Walker counties comprises all impounded waters of the Trinity River from the Lake Livingston Dam upstream to the lock and dam near State Hwy. 7.
- **Lake Lyndon B. Johnson** in Burnet and Llano counties comprises all impounded waters of the Colorado River from the Alvin Wirtz Dam (Lake Lyndon B. Johnson Dam) upstream to the Roy Inks Dam (Inks Lake Dam) including the Llano River upstream to the State Hwy. 16 bridge and Sandy Creek upstream to the State Hwy. 71 bridge.
- **Lake Marble Falls** in Burnet County comprises all impounded waters of the Colorado River from the Max Starcke Dam (Lake Marble Falls Dam) upstream to the Alvin Wirtz Dam (Lake Lyndon B. Johnson Dam).
- **Lake Murvaul** in Panola County comprises all impounded waters of Murvaul Creek Bayou upstream from the Lake Murvaul Dam and Murvaul Creek Bayou downstream from the dam to the FM Road 1970 bridge.
- **Lake O' The Pines** in Camp, Marion, Morris, and Upshur counties comprises all impounded waters of Big Cypress Creek from Ferrell's Bridge Dam (Lake O' The Pines Dam) upstream to the U.S. Hwy. 259 bridge.
- **Lake Palestine** in Anderson, Cherokee, Henderson, Smith, and Van Zandt counties comprises all impounded waters of the Neches River from the Blackburn Crossing Dam (Lake Palestine Dam) upstream to the FM Road 279 bridge, including Kickapoo and Flat creeks in Henderson County.
- **Lake Pat Mayse** in Lamar County comprises all impounded waters of Sanders Creek from Pat Mayse Lake Dam upstream to County Road 35610.
- **Purtis Creek State Park Lake** in Henderson and Van Zandt counties comprises all waters within the Purtils Creek State Park boundaries.
- **Lake Somerville** in Burleson, Lee, Milam, and Washington counties comprises all impounded waters of Yegua, East Yegua and Middle Yegua Creeks upstream from the Lake Somerville Dam.
- **Toledo Bend Reservoir** in Newton, Panola, Sabine, and Shelby counties comprises all impounded waters of the Sabine River from Toledo Bend Dam upstream to the Texas - Louisiana state line in Panola County.
- **Lake Travis** in Burnet and Travis counties comprises all impounded waters of the Colorado River from the Mansfield Dam (Lake Travis Dam) upstream to the Max Starcke Dam (Lake Marble Falls Dam), including the Pedernales River upstream to the Hammetts Crossing-Hamilton Pool Road bridge.

FRESHWATER/SALTWATER BOUNDARIES

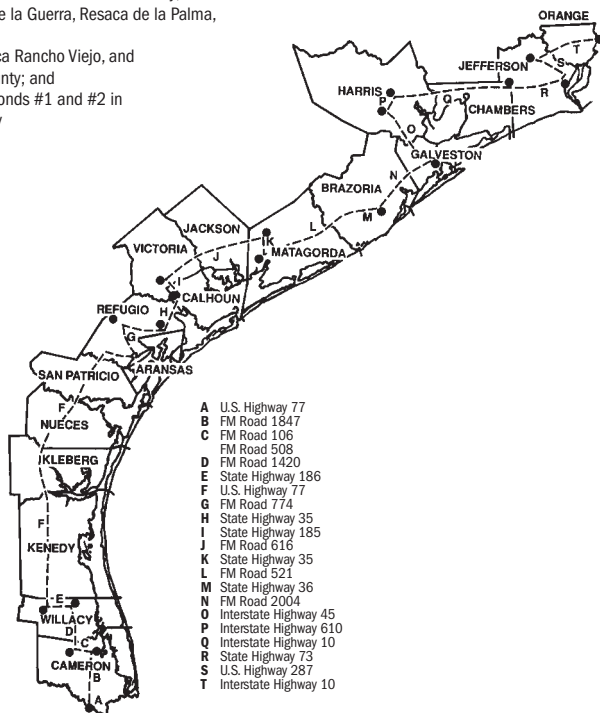

All public waters east and south of the following boundary are considered salt water:

Beginning at the International Toll Bridge in Brownsville, northward along U.S. Hwy. 77 to the junction of Paredes Lines Road (FM Road 1847) in Brownsville, thence northward along FM Road 1847 to the junction of FM Road 106 east of Rio Hondo, thence westward along FM Road 106 to the junction of FM Road 508 in Rio Hondo, thence northward along FM Road 508 to the junction of FM Road 1420, thence northward along FM Road 1420 to the junction of State Hwy. 186 east of Raymondville, thence westward along State Hwy. 186 to the junction of U.S. Hwy. 77 near Raymondville, thence northward along U.S. Hwy. 77 to the junction of the Aransas River south of Woodsboro, thence eastward along the south shore of the Aransas River to the Junction of the Aransas River Road at the Bonnie View boat ramp; thence northward along the Aransas River Road to the junction of FM Road 136 to FM Road 2678 to the junction of FM Road 774 in Refugio, thence eastward along FM Road 774 to the junction of State Hwy. 35 south of Tivoli, thence northward along State Hwy. 35 to the junction of State Hwy. 185 between Bloomington and Seadrift,

northwestward along State Hwy. 185 to the junction of FM Road 616 in Bloomington, thence northeastward along FM Road 616 to the junction of State Hwy. 35 east of Blessing, thence southward along State Hwy. 35 to the junction of FM Road 521 north of Palacios, thence northeastward along FM Road 521 to the junction of State Hwy. 36 south of Brazoria, thence southward along State Hwy. 36 to the junction of FM Road 2004, thence northward along FM Road 2004 to the junction of Interstate Hwy. 45 between Dickinson and La Marque, thence northwestward along Interstate Hwy. 45 to the junction of Interstate Hwy. 610 in Houston, thence east and northward along Interstate Hwy. 610 to the junction of Interstate Hwy. 10 in Houston, thence eastward along Interstate Hwy. 10 to the junction of State Hwy. 73 in Winnie, thence eastward along State Hwy. 73 to the junction of U.S. Hwy. 287 in Port Arthur, thence northwestward along U.S. Hwy. 287 to the junction of Interstate Hwy. 10 in Beaumont, thence eastward along Interstate Hwy. 10 to the Louisiana State Line.

The following public waters ARE NOT considered salt water:

1. waters of Spindletop Bayou inland from the concrete dam at Russels Landing on Spindletop Bayou in Jefferson County;
2. north of the dam on Lake Anahuac in Chambers County;
3. the waters of Taylor Bayou and Big Hill Bayou inland from the saltwater locks on Taylor Bayou in Jefferson County;
4. Galveston County Reservoir on State Hwy. 146 and Galveston State Park Ponds #1 through #7 in Galveston County;
5. Lakeview City Park Lake, West Guth Park Pond, and Waldron Park Pond in Nueces County;
6. Lake Burke-Crenshaw and Lake Nassau in Harris County;
7. Fort Brown Resaca, Resaca de la Guerra, Resaca de la Palma, Resaca de los Cuates,
8. Resaca de los Fresnos, Resaca Rancho Viejo, and Town Resaca in Cameron County; and
9. Little Chocolate Bayou Park Ponds #1 and #2 in Port Lavacain Calhoun County

SPECIAL RESTRICTIONS FOR ALLIGATOR GAR

Temporary Closures

When conditions are conducive for spawning of alligator gar, the TPWD Executive Director may temporarily prohibit taking or attempting to take alligator gar in a specified area for a period up to 30 days. Examples include water temperatures between 68 to 82°F and occurrence of moderate flood levels as defined and reported by U.S. Geological Survey gauges (tpwd.texas.gov/oa/WaterTemp). Notice of this action will be posted on tpwd.texas.gov, distributed to news media, and shared through social media. The notice will specify the area to be closed and the date by which lawful fishing for alligator gar may resume. For current closure notices, visit tpwd.texas.gov/oa/GarClosure.

Mandatory Harvest Reporting

All alligator gar harvested from the public waters of the state other than Falcon International Reservoir must be reported

within 24 hours to the department via mobile app or online. Report your harvest with "My Texas Hunt Harvest" app (the App Store for IOS devices, or Google Play for Android devices), or visit tpwd.texas.gov/oa/gar.

Drawing for Harvest Opportunity on Trinity River

From August 15 to September 30, anglers can enter a drawing that will allow persons selected to harvest one alligator gar over 48 inches in length from the Trinity River. Anglers will be selected through a random draw of applicants and those selected will be notified by October 15. You would have to possess a fishing license (or be otherwise exempted) to enter the drawing. Anglers chosen would receive a non-transferable harvest authorization to harvest one alligator gar from the date of issuance through August 31, 2020. The harvest authorization could be used day or night, and alligator gar could be taken by any legal means including archery equipment and crossbows. tpwd.texas.gov/oa/GarDraw

HOW TO MEASURE FISH AND CRABS

Use these guidelines to measure fish correctly:

1. Place the fish on its side with the jaw closed.
2. Squeeze the tail fin together or turn it in a way to obtain the maximum overall length.
3. Measure a straight line from the tip of the snout to the extreme tip of the tail fin.

TIPS FOR CATCH-AND-RELEASE FISHING

Give your fish the best chance at survival by following these tips:

- Play and land fish as quickly as possible.
- Minimize the time fish is out of the water (no longer than you can hold your breath).
- Wet your hands to avoid removing the protective mucus or "slime" on the fish.
- Hold smaller fish (under 5 lbs.) vertically by the lower jaw. Never hold fish horizontally by its jaw unless supporting the fish with a second hand under its body.
- Fish using barbless hooks, or tamp down the barb of your hook using needle-nose pliers.
- Attempt to remove all hooks before releasing a fish (most will not rust out). For details on hook removal, depressurizing overinflated air bladders, and more fish survival tips, see tpwd.texas.gov/oa/CatchAndRelease

RELEASING SALTWATER FISHES

When releasing a fish that seems unable to swim, cannot right itself or is showing a distended air bladder:

- Gently insert a thin point or an approved device through the side of the fish immediately behind the upper part of the pectoral fin base. This is usually directly below the fourth or fifth spine.
- Hold fish upright in water and face it into the current, gently forcing water through gills.

For tips on releasing sharks see: tpwd.texas.gov/oa/sharks.

SPECIAL AREA DESIGNATIONS AND RESTRICTIONS

- **It is a violation** to move, remove, deface, alter, or destroy any sign, depth marker, or other informational signage placed by the department within the Redfish Bay State Scientific Area or to delineate boundaries of the Redfish Bay State Scientific Area.
- Portions of the **Rio Grande adjacent to the Black Gap Wildlife Management Area** are designated as a National "Wild and Scenic River." Federal fishing rules apply. nps.gov/bibe/learn/management/fishing_regulations.htm

Freshwater Fishing

GENERAL FRESHWATER FISHING

- In **fresh water, it is unlawful** to fish with more than 100 hooks on all devices combined.
- Please review General Regulation for Fresh and Salt Waters (pg. 33) for additional regulations, legal fishing devices, and means and methods.

HARVEST REGULATIONS

- Statewide regulations apply for all public fresh waters except for those noted in the "Exceptions to Statewide Freshwater Harvest Regulations" (pg. 43).
- Possession limits are twice the statewide daily bag limits except for striped bass from Lake Texoma and alligator gar from Falcon International Reservoir (pg. 39). For locations that have larger daily bag limits for some species (Caddo Reservoir, Kirby Reservoir, Lake Livingston, Palestine Reservoir, the Sabine River below Toledo Bend Reservoir and Toledo Bend Reservoir), possession limits remain twice the statewide daily bag limits (pg. 42).
- It is a violation to leave unattended for any period of time or anchor a barge, boat, or fishing platform in the Trinity River below Livingston Dam in an area 1,000 feet from the dam to a point 1,500 feet downstream from the dam:
 - for more than 10 hours in a 24-hour period without moving 100 feet or more during that time, or for five or more consecutive days, whether or not it has been moved.
- For saltwater finfish species caught in the brackish or fresh waters of this state, the same statewide bag, possession, and length limits as listed on pg. 49-50 apply.

STATEWIDE BAG AND LENGTH LIMITS FOR FRESHWATER FISH

SPECIES	DAILY BAG LIMIT	LENGTH IN INCHES (minimum)
Bass - largemouth <i>(listing for "Southeast Texas" for largemouth bass limit, pg. 44)</i>	5 (in any combination)	14
Bass - smallmouth		14
Bass - Alabama, Guadalupe and spotted		No Limit
Bass - striped and hybrid striped (also known as palmetto or sunshine bass)	5 (in any combination)	18
Bass - white	25	10
Bass - yellow	No Limit	No Limit
Catfish - Channel and blue (includes their hybrids and subspecies)	25 (in any combination)	12
Catfish - flathead	5	18
Crappie - white and black, their hybrids and subspecies	25 (in any combination)	10
Paddlefish	No harvest allowed	
Gar - alligator See <i>Special Restrictions - includes mandatory harvest reporting</i> (pg. 41). See notes on " <i>Lawful Archery Equipment</i> " (pg. 35).	1	No Limit
Shad - gizzard and threadfin Collection for bait or other personal use and transport from a public water body in containers that total 30 gallons or more requires the Permit to Possess or Sell Nongame Fish Taken from Public Fresh Waters, tpwd.texas.gov/oa/FishForms	No Limit	No Limit
Sunfish - Various species including bluegill, redear, green, warmouth, and longear	No Limit	No Limit
Trout - Rainbow and brown, their hybrids and subspecies	5 (in any combination)	No Limit
Walleye, Saugeye	5 (only 2 can be less than 16 inches in length)	No Limit

For fishes not listed above, there are no statewide bag or length limits. However, there are special requirements associated with the harvest of harmful or potentially harmful exotic fishes (tilapia, grass carp), pg. 38.

EXCEPTIONS TO STATEWIDE BAG AND LENGTH LIMITS FOR FRESHWATER FISH

Bait Fish Exceptions

In Brewster, Crane, Crockett, Culberson, Ector, El Paso, Jeff Davis, Hudspeth, Kinney, Loving, Pecos, Presidio, Reeves, Terrell, Upton, Val Verde, Ward, and Winkler counties, the only fishes that may be used or possessed for bait while fishing are common carp, fathead minnows, gizzard and threadfin shad, golden shiners, goldfish, Mexican tetra, Rio Grande cichlid, silversides (*Atherinidae* family) and sunfish (*Lepomis*).

Exceptions to Statewide Harvest Regulations

How to use the table: First, locate fishing location (listed in alphabetical order). Then check the counties listed to the right to make sure you have the correct location. If those match, note the regulation exceptions. Exception codes are listed beginning on pg. 45. EXAMPLE: Lake Bastrop is located in Bastrop County. Exceptions (to statewide regulations) are **Bass8** and **Gear3**. Please read (and comply with) each exception. MLL = Minimum Length Limit.

If your fishing location is not listed in the exceptions table, statewide regulations apply. If the lake is less than 75 acres and within a public park, it is most likely a Community Fishing Lake (definition, pg. 96). See the Community Fishing Lakes listing for regulation exceptions on these water bodies.

REGULATION EXCEPTION CODES AND DESCRIPTIONS FOR FRESHWATER FISH

BASS (Alabama, Guadalupe, Largemouth, Smallmouth, and Spotted)

Bass1 - For largemouth bass, only bass 16 inches in length or less may be retained. Daily bag = 5 bass. Bass 24 inches or greater in length may be temporarily retained in a live well or other aerated holding device and immediately weighed using personal scales. Bass weighing 13 pounds or more may be donated to the ShareLunker Program; otherwise, the fish must be immediately released in the lake where caught. Anglers wishing to donate their bass must immediately cease fishing and contact TPWD at (903) 681-0550. Anglers may not remove the bass from the immediate vicinity of the reservoir unless instructed to do so by TPWD staff. Bass not accepted by TPWD must be immediately released.

Bass2 - Daily bag for all five species of bass = 8 bass in any combination. Possession limit = 10. For largemouth bass, MLL = 14 inches.

Bass3 - Catch and release only for all five species of bass.

Bass4 - Catch and release only for largemouth bass.

Bass5 - For largemouth bass, MLL = 16 inches, and daily bag for all four species of bass = 5 bass in any combination.

Bass6 - For largemouth bass; MLL = 18 inches, and daily bag for all four species of bass = 5 bass in any combination.

Bass7 - For largemouth bass, length limit is a 14-18 slot. Bass 14 inches and less or 18 inches or greater in length may be retained, and daily bag for all four species of bass = 5 bass in any combination.

Bass8 - For largemouth bass, length limit is a 14-21 slot. Bass 14 inches and less or 21 inches or greater in length may be retained. Only one bass 21 inches or greater may be retained each day.

Bass9 - For largemouth bass, length limit is a 16-24 slot. Bass 16 inches and less or 24 inches or greater in length may be retained. Only 1 bass 24 inches or greater may be retained each day.

Bass10 - Daily bag for all species of bass = 8 bass in any combination. Possession limit = 10. For largemouth bass, MLL = 12 inches.

Bass11 - For largemouth bass; MLL = 18 inches, and daily bag for all four species of bass = 3 bass in any combination.

Bass12 - For largemouth bass, no MLL, daily bag = 5 bass in any combination. However, only 2 largemouth bass less than 18 inches may be retained each day.

Bass13 - For largemouth bass, length limit is a 14-18 slot. Largemouth bass 14 inches and less or 18 inches or greater in length may be retained, and daily bag for all bass species = 8 bass in any combination of which no more than 4 may be largemouth bass 18 inches or greater. Possession limit = 10.

Bass14 - For largemouth bass, MLL = 12 inches.

BASS (Striped, White, and Hybrid Striped)

S&W1 - For striped bass and hybrid striped bass, no MLL, daily bag = 10 and possession limit = 20, and only 2 striped or hybrid striped bass, 20 inches or greater, may be retained each day. Culling of striped bass and hybrid striped bass is prohibited.

S&W2 - For striped bass, no MLL, daily bag = 5, and only 2 striped bass, 30 inches or greater, may be retained each day.

S&W3 - For striped bass and hybrid striped bass, no MLL and daily bag = 5. Culling of striped bass is prohibited.

S&W4 - For the Trinity River from the Lake Livingston dam downstream to the FM Road 3278 bridge, striped bass MLL = 18 inches and daily bag = 2.

S&W5 - For white bass, no MLL and daily bag = 25.

COMMON CARP

Carp1 - For common carp, only 1 carp 33 inches or greater may be retained each day. There is no daily bag limit for carp less than 33 inches in length.

CATCH AND RELEASE

C&R1 - No harvest of largemouth bass, channel catfish, or any sunfish species is allowed.

C&R2 - No harvest of largemouth bass or sunfish is allowed.

CATFISH (Blue, Channel, and Flathead)

Ctfsh1 - For channel and blue catfish, MLL = 12 and daily bag = 5 in any combination.

Ctfsh2 - For channel and blue catfish, no MLL and daily bag = 5 in any combination.

Ctfsh3 - For channel and blue catfish, daily bag and possession limit = 50 in any combination. Applies only to the portion of Lake Livingston in Polk, San Jacinto, Trinity, and Walker counties.

Ctfsh4 - For flathead catfish, MLL = 20 in. and daily bag = 5.

Ctfsh5 - For blue and channel catfish, MLL = 12 and daily bag = 15. Only 1 blue catfish 30 inches or greater may be retained each day. For flathead catfish, MLL = 20 in. and daily bag = 5.

Ctfsh6 - For the Trinity River from the Lake Livingston dam downstream to the FM Road 3278 bridge, blue and channel catfish MLL = 12 and daily bag = 10, of which only 2 fish can be 24 inches or larger.

Ctfsh7 - For blue catfish, length limit is a 30- to 45-inch slot. Blue catfish 30 inches and less or 45 inches or greater in length may be retained. Only 1 blue catfish 45 inches or greater may be retained each day. Daily bag = 25 blue and channel catfish in any combination.

Ctfsh8 - For blue and channel catfish, no MLL and daily bag and possession limit = 50 in any combination of which no more than 5 blue or channel catfish 20 inches or greater may be retained.

Ctfsh9 - For flathead catfish, daily bag = 10 and possession limit = 10.

Ctfsh10 - For blue and channel catfish, no MLL, and daily bag and possession limit = 50 in any combination of which no more than 5 blue or channel catfish 30 inches or greater may be retained.

Ctfsh11 - For blue and channel catfish, no MLL and daily bag limit = 25. In the 25-fish bag, no more than 7 fish 20 inches or greater may be retained, and no more than 2 of those fish may be 30 inches or longer.

CRAPPIE (BLACK AND WHITE)

Crpie1 - For black and white crappie, there is no MLL and daily bag = 25 in any combination.

Crpie2 - For black and white crappie caught from DEC. 1 through the last day of FEB., there is no MLL, daily bag = 25 in any combination, and all crappie caught must be retained.

Crpie3 - For black and white crappie, MLL = 10 inches and daily bag = 37 in any combination. Possession limit = 50.

GAR (ALLIGATOR)

Gar1 - During May, no person shall fish for, take, or seek to take alligator gar in that portion of Lake Texoma encompassed within the boundaries of the Hagerman National Wildlife Refuge or that portion of Lake Texoma from the U.S. 377 bridge (Willis Bridge) upstream to the I.H. 35 bridge.

Gar2 - For alligator gar, daily bag = 5. Possession limit = 10.

Gar3 - Only alligator gar less than 48 inches in length may be retained. Daily bag limit = 1. Between one half-hour after sunset and one half-hour before sunrise, no person may take or possess an alligator gar by means of lawful archery equipment or crossbow unless they possess a harvest authorization (*Special Restrictions for Alligator Gar; Drawing for Harvest - page 41*).

GEAR AND METHODS (Legal Fishing Devices and Restrictions, pg. 34)

Gear1 - Fishing is by pole and line only.

Gear2 - Fishing is by pole and line only. Anglers may use no more than two poles while fishing.

Gear3 - Use of juglines, throwlines and trotlines is prohibited.

Gear4 - Use of trotlines is prohibited.

RED DRUM

RDrm1 - For red drum, MLL = 20 inches and daily bag = 3 and no maximum length limit.

SHAD (GIZZARD AND THREADFIN SHAD)

Shad1 - For the Trinity River below Lake Livingston between Polk and San Jacinto counties, the daily bag for shad = 50 and the possession limit = 1,000 fish in any combination.

TROUT (RAINBOW AND BROWN TROUT)

Trout1 - For rainbow and brown trout in the Guadalupe River 800 yards downstream from the Canyon Dam release and extending downstream to the easternmost Hwy. 306 bridge crossing, length limit is a 12-18-inch slot. Trout 12 inches and less or 18 inches or greater in length may be retained. Daily bag = 5 trout and only 1 trout 18 inches or greater in length may be retained. Harvest of trout is by artificial lures only. Additional restrictions on use of artificial lures, pg. 35 under "Pole and Line."

Trout2 - For rainbow and brown trout in the Guadalupe River from the easternmost Hwy. 306 bridge crossing downstream to the second bridge crossing River Road, MLL is 18 inches and daily bag is 1 fish. Harvest of trout is by artificial lures only. Additional restrictions on use of artificial lures, pg. 35 under "Pole and Line."

WALLEYE

Wall1 - For walleye, MLL = 18 inches and daily bag = 5.

IDENTIFICATION OF YELLOW, WHITE, STRIPED, AND HYBRID STRIPED BASS

Yellow bass

- A Stripes distinct, broken above anal fin
- B Color – silvery yellow
- C Dorsal fins joined
- D Does not have a tooth patch near the midline towards the back of the tongue

White bass

- A Stripes faint, only one extends to tail
- B Body deep, more than 1/3 length
- C Has one tooth patch near the midline towards the back of the tongue

Striped bass

- A Stripes distinct, several extend to tail
- B Body slender, less than 1/3 length
- C Has two, distinct tooth patches near the midline towards the back of the tongue

Hybrid striped bass

(also known as Palmetto or Sunshine bass)

- A Stripes distinct, usually broken, several extend to tail.
- B Body deep, more than 1/3 length
- C Has two, tooth patches near the midline on the back of the tongue. Tooth patches may be distinct or close together

NOTE: For hybrid striped bass, all characteristics should be considered for identification, as characteristics in individual fish may vary.

IDENTIFICATION OF ALABAMA, GUADALUPE, SPOTTED, LARGEMOUTH AND SMALLMOUTH BASS

Alabama, Guadalupe, and Spotted bass

- A** Irregular lateral stripe is similar to but more broken than largemouth bass.
- B** Jaw does not extend BEYOND the back margin of the eye when mouth is closed.
- C** Spots on scales form "rows" of stripes on whitish belly area.

Largemouth bass

- A** Definite lateral stripe.
- B** Jaw extends well BEHIND the back margin of the eye when mouth is closed.

Smallmouth bass

- A** Vertical barring along the sides.
- B** Jaw does not extend BEYOND the back margin of the eye when mouth is closed.
- C** Brownish-green color; white belly area does not extend high on the sides.

Saltwater Fishing

GENERAL SALTWATER FISHING

- It is unlawful to anchor or moor a vessel, barge, or structure for a period exceeding two consecutive days within the area in Cedar Bayou between a department sign erected where Mesquite Bay flows into Cedar Bayou and the department sign erected near the point where the pass empties into the Gulf of Mexico.
- For freshwater finfish species caught in the public salt waters of this state, statewide bag, possession and length limits as listed on pg. 42 apply.
- Please review General Regulation for Fresh and Salt Waters for additional regulations, legal fishing devices, and means and methods.

STATE WATERS – FEDERAL WATERS

Anglers fishing more than 9 nautical miles off the coast of Texas are in federal waters and are subject to rules and regulations that may differ from those in state waters. One example is the federal requirement to use non-stainless circle hooks when fishing for reef fish. Recreational anglers

must have a Texas fishing license and saltwater endorsement to possess in state water or land in Texas any fish taken in federal waters. TPWD has the authority to open and close the red snapper fishery in federal water. For the latest information regarding season dates: tpwd.texas.gov/oa/RedSnapper. Federal commercial and recreational fishing rules are available at: gulfcouncil.org/fishing-regulations.

The limits and restrictions in this guide apply to aquatic life caught in the public waters of Texas out to 9 nautical miles in the Gulf of Mexico, and to aquatic life caught between 9 and 200 nautical miles in the Exclusive Economic Zone (EEZ) and possessed in state waters or landed in this state. Federal law also regulates species between 9 and 200 nautical miles managed under a Federal Fishery Management Plan. Importation of Wildlife Resources, pg. 32

Fishing on state-sponsored offshore artificial reefs is subject to the same regulations as other offshore locations: tpwd.texas.gov/oa/ArtificialReef.

IT IS UNLAWFUL TO POSSESS AQUATIC LIFE IN TEXAS WATERS THAT WAS ILLEGALLY TAKEN IN FEDERAL WATERS.

BAG AND LENGTH LIMITS FOR SALTWATER FISH

SPECIES	DAILY BAG LIMIT	LENGTH IN INCHES		CLARIFICATION
		Minimum	Maximum	
Amberjack - greater	1	38	No limit	
Bass - Striped, its hybrids and subspecies	5 (in any combination)	18	No limit	
Catfish - Channel and blue, their hybrids and subspecies	25 (in any combination)	12	No limit	
Catfish - flathead	5	18	No limit	
Catfish - gafftopsail	No limit	14	No limit	
Cobia	2	40	No limit	
Drum - black	5	14	30	No more than one black drum over 52 inches may be retained per person per day and counts as part of the daily bag and possession limit.
Drum - red	3	20	28	During a license year, one red drum over the stated maximum length limit may be retained when affixed with a properly completed Red Drum Tag and one red drum over the stated maximum length limit may be retained when affixed with a properly completed Bonus Red Drum Tag. Any fish retained under authority of a Red Drum Tag or a Bonus Red Drum Tag may be retained in addition to the daily bag and possession limit as stated in this section.
Flounder - all species, their hybrids and subspecies	5/2 (in any combination)	14	No limit	Daily bag is 5 fish except from Nov. 1-30, when it is 2 fish (flounder may be taken only by pole-and-line); and from Dec. 1-14, when it is 2 fish (flounder may be taken by any legal means, including giggering). Possession limit = the daily bag.

BAG AND LENGTH LIMITS FOR SALTWATER FISH

SPECIES	DAILY BAG LIMIT	LENGTH IN INCHES		CLARIFICATION
		Minimum	Maximum	
Gar - alligator <i>See Special Restrictions - includes mandatory harvest reporting (pg. 41)</i>	1	No limit	No limit	
Grouper - black	4	24	No limit	
Grouper - gag	2	24	No limit	
Grouper - goliath (formerly called Jewfish)	0	Catch and release only		
Grouper - Nassau	0	Catch and release only		
Mackerel - king	3	27	No limit	
Mackerel - Spanish	15	14	No limit	
Marlin - blue	No limit	131	No limit	
Marlin - white	No limit	86	No limit	
Mullet - all species, their hybrids and subspecies	No limit	No limit	12 (during Oct - Jan)	May not take from public waters, or possess on board a boat, mullet over 12 inches. No limits apply during other months.
Sailfish	No limit	84	No limit	
SeatROUT - spotted All waters NORTH of F.M. 457 in Matagorda County	5	15	25	No more than one spotted seatROUT over the stated maximum length may be retained per person per day and counts as part of the daily bag and possession limit.
SeatROUT - spotted All waters SOUTH of F.M. 457 in Matagorda County	5			
Shark Atlantic sharpnose, blacktip, bonnethead	1	24	No limit	Special Regulation: The daily bag limit is 1 fish for all allowable shark species INCLUDING Atlantic sharpnose, blacktip and bonnethead. Non-offset, non-stainless steel circle hooks MUST be used when fishing for sharks in state waters.
Shark Allowable species		64	No limit	
Shark Hammerhead (smooth, great, scalloped)		99	No limit	
Shark Prohibited species	0	Catch and release only. Non-offset, non-stainless steel circle hooks MUST be used.		Atlantic angel, Basking, Bigeye sand tiger, Bigeye sixgill, Bigeye thresher, Bignose, Caribbean reef, Caribbean sharpnose, Dusky, Galapagos, Longfin mako, Narrowtooth, Night, Oceanic Whitetip, Sandbar, Sand tiger, Sevengill, Silky, Sixgill, Smalltail, Whale
Sheepshead	5	15	No limit	
Snapper - lane	No limit	8	No limit	
Snapper - red	4	15	No limit	May be taken using pole and line. Only circle hooks may be used when using natural bait. Additional regulations, pg. 35.
Snapper - vermilion	No limit	10	No limit	
Snook	1	24	28	
Tarpon	1	85	No limit	
Triggerfish - gray	20	16	No limit	
Tripletail	3	17	No limit	

HOW TO ATTACH RED DRUM TAG

Immediately upon retaining a fish:

1. Remove tag from license and use entire tag.
2. Fill in ALL information spaces on front of tag.
3. Cut out day and month.
4. Attach tag with a string or wire to the narrowest part of the tail, just ahead of the tail fin.

SALTWATER FREEZE EVENTS

When temperatures on the coast are predicted to fall below 32°F, the TPWD executive director may close one or more of the sites listed on the website below for saltwater fishing until the threat from the freeze event is over. This Notice of Closure will be posted online and shared with news and social media. Names and images of coastal waters that may be closed to fishing during freeze conditions can be found at: tpwd.texas.gov/oa/SaltwaterFreeze.

Shellfish and Other Aquatic Life

CRAB REGULATIONS

- It is **UNLAWFUL** to place, fish, or leave a crab trap or its components in coastal waters from Feb 21 - March 1.
- Crabs may be taken for personal use (bait or food) with a recreational fishing license but may not be sold.
- With a recreational fishing license, it is lawful to take, attempt to take, or possess crabs and ghost shrimp by means, in numbers, and of sizes **ONLY** as described below.

RECREATIONAL CRABBING DEVICES AND RESTRICTIONS

Crab Line	Net	Sand Pumps	Other Devices
Crab Trap	Folding Panel Traps	Umbrella Net	

Full list of definitions of these devices, pg. 34

CRAB DAILY BAG, POSSESSION AND LENGTH LIMITS

SPECIES	DAILY BAG	POSSESSION	MINIMUM LENGTH	EXCEPTIONS
Blue crab	No limit	No limit	5 inches (measured across widest point of body from tip of spine to tip of spine, pg. 41)	No more than 5% by number, of undersized blue crabs may be possessed for bait purposes only and must be placed in a separate container. May not possess egg-bearing (sponge) crabs. May not possess a female crab that has its abdominal apron removed.
Stone crab (right claw only)	No limit	No limit	2-1/2 inches claw (measured from tip of claw to first joint behind the immovable claw, pg. 41)	Only the right claw may be retained or possessed. Body must be immediately returned to the water from which it was taken.
Ghost shrimp	20	20 per person	None	

RECREATIONAL OYSTER REGULATIONS

- Oysters taken for personal use (food) with recreational licenses may not be sold.
- Oysters may be taken by hand, with tongs, or by oyster dredge. Oyster dredges may not be more than 14 inches in width.
- A vessel used while engaged in fishing with tongs or a dredge requires the purchase of an additional "sport oyster boat" commercial fishing license (Resident: Item 328, \$13; Non-resident: Item 428, \$51). For information, pg. 21.
- Oysters may be taken only from waters approved by the Texas Department of State Health Services Seafood and Aquatic Life Group. tpwd.texas.gov/oa/ShellfishHarvestMaps.
- Oysters may only be taken from marked private leases with permission of the lessee.
- Recreational Seasons: Monday-Saturday, Nov 1 - Apr 30, sunrise-3:30 p.m.

FISHING

Length and Possession Limits

- Oysters must be 3 inches or larger as measured by the greatest length of the shell.
- Oysters 3/4-inch to 3 inches and dead oyster shell greater than 3/4-inch (measured along any axis) must be culled and returned to the reef from which taken.
- Oysters 3/4-inch to 3 inches and dead oyster shell greater than 3/4-inch (measured along any axis) may not make up more than 5% by number of oysters in possession.
- No more than two sacks of legal oysters may be possessed per person. A sack is defined as 110 pounds of oysters including dead oyster shell and the sack.

RECREATIONAL SHRIMPING REGULATIONS

- Shrimp may be taken for personal use (bait or food) with a recreational fishing license but may not be sold.
- A person taking or attempting to take shrimp from salt water for non-commercial purposes is required to have a valid fishing license and a saltwater fishing endorsement.

Legal Sport Shrimping Devices

- Cast Net (pg. 34 for cast net restrictions)
- Seine (pg. 36 for seine restrictions)

The following minor bays are CLOSED to oyster harvest:

- Christmas Bay, Brazoria County
- Carancahua Bay, Calhoun and Matagorda County
- Powderhorn Lake, Calhoun County
- Hynes Bay, Refugio County
- St. Charles Bay, Aransas County
- South Bay, Cameron County
- Areas along all shorelines with state health department approved or conditionally approved areas for shellfish harvest extending 300 feet from the water's edge or exposed oysters inside of the 300-foot area.

- Individual Bait-Shrimp Trawl with Individual Bait-Shrimp Trawl Tag (Item 334 - \$37) (pg. 37 and below)
 - Only one trawl per boat is allowed.
 - Must have an individual bait-shrimp trawl tag in possession while trawling (pg. 37).
 - Must not be greater than 20 feet in width between the doors.
 - Mesh size must not be smaller than 8-3/4 inches over a consecutive series of five stretched meshes.
 - Boards must not be larger than 450 square inches each.

COASTAL WATER AREAS (all the salt waters of the state)

OUTSIDE WATER	The Gulf of Mexico extending from the shoreline seaward to nine nautical miles. May not take shrimp from outside waters during closed seasons (pg. 53)
INSIDE WATER	All bays, passes, rivers, or other bodies of water landward from the shoreline along the Gulf of Mexico. In these waters, the tide rises and falls and saltwater shrimp are found or migrate. Shrimping is not permitted within any natural or man-made pass leading from the inside waters to the outside waters of the state
MAJOR BAYS	Sabine Lake north of Cameron Causeway to south of a line marked by the Gulf Intracoastal Waterway (Sabine Neches Canal/Sabine River) between the easternmost tip of Goat Island to the westernmost tip of Stewts Island
	Trinity Bay southward from a line extending from the mouth of Double Bayou in Chambers County to Double Bayou Channel Marker 14, to Separator C-2, to Point Barrow in Chambers County
	Galveston Bay
	East Bay westward from a line extending from Frozen Point to the Gulf Intracoastal Waterway Marker 12
	Matagorda Bay westward of a line extending from a location on the mainland (where a line running immediately northwest [bearing 330 degrees] from Shellfish Marker A intersects the mainland), thence southeasterly to Shellfish Marker A located near the mainland, thence to Shellfish Marker B located near the end of Shell Island Reef, thence to the tide gauge located near the Matagorda Peninsula, and thence southeasterly [bearing 153 degrees] to the Matagorda Peninsula
	East Matagorda Bay
	Tres Palacios Bay south of a line from Grasse Point to the mouth of Pilkington Bayou
	Espiritu Santo Bay
	Lavaca Bay southward of State Hwy. 35
	San Antonio Bay southward of a line from McDowell Point to Mosquito Point
	Aransas Bay
	Corpus Christi Bay exclusive of the area bounded by a line extending from the Gulf Intracoastal Waterway at the southwest point of the Dagger Island chain, along Dagger Island to the southeast tip of Ransom Island, then southeast to the westernmost point of land north of Marker 14 in the Corpus Christi Ship Channel
	All exclusive of tributary bays, bayous, inlets, lakes and rivers

COASTAL WATER AREAS (all the salt waters of the state)

BAIT BAYS (includes major bays and those listed here)	Chocolate Bay
	West Bay south and west of Interstate Hwy. 45 Causeway Bridge and the Gulf Intracoastal Waterway inclusive of the area south of a line extending westward from Interstate Hwy. 45 Causeway Bridge at Virginia Point, along the southern edge of Tiki Island to the northeastern tip of North Deer Island at Channel Marker 48
	Trinity Bay northward from a line extending from the mouth of Double Bayou in Chambers County to Double Bayou Channel Marker 14, to Separator C-2, to Point Barrow in Chambers County
	The Old Brazos River lying north of the Gulf Intracoastal Waterway in Brazoria County
	Upper Laguna Madre
	Baffin Bay
	Alazan Bay
	Barroom Bay
NURSERY AREAS (All Shrimping Prohibited)	Lower Laguna Madre, including the Brownsville Ship Channel
	The entire Gulf Intracoastal Waterway, exclusive of all tributaries
	Those coastal waters not specifically named above as Major Bays or Bait Bays are considered Nursery Areas. Includes tributary bays, bayous, inlets, lakes, and rivers that serve as significant growth and development environments for postlarval and juvenile shrimp. Does not include outside waters, major bays, or bait bays

RECREATIONAL BAIT SHRIMPING (MAJOR BAYS AND BAIT BAYS)

LOCATION	SEASON	HOURS	LIMITS
Major Bays and Bait Bays	Year-round	30 minutes before sunrise to 30 minutes after sunset	2 quarts/person (heads attached) 4 quarts/boat (heads attached) on boats with individual bait shrimp tawl No count size restriction

RECREATIONAL SHRIMPING FOR PURPOSES OTHER THAN BAIT (MAJOR BAYS ONLY)

LOCATION	SEASON	HOURS	LIMITS
Major Bays ONLY	Spring May 15 - Jul 15	30 minutes before sunrise to 30 minutes after sunset	15 pounds/person/day (heads attached) No count size restrictions
	Fall Aug 15 -Nov 30	30 minutes before sunrise to 30 minutes after sunset	15 pounds/person/day (heads attached) No count size restrictions

RECREATIONAL SHRIMPING IN OUTSIDE WATERS — SOUTHERN ZONE

(South of a line from the Corpus Christi Fish Pass [Latitude 27° 40' 34"] to the Mexican Border). Dates may be changed by the department providing 72 hours public notice on new closing dates and 24 hours public notice on new opening dates.

LOCATION	SEASON	HOURS	LIMITS
Beyond 5 nautical miles	Dec 1 - May 15 Jul 16 - Nov 30	Day and Night	100 pounds onboard/day (heads attached)
Inside 5 nautical miles	Jul 16-Nov 30	30 minutes before sunrise to 30 minutes after sunset (closed at night)	100 pounds onboard/day (heads attached)
	CLOSED SEASON Dec 1 - May 15	N/A	N/A
Inside 9 nautical miles	SUMMER CLOSED SEASON May 15 - Jul 15	Day and Night	CLOSED SEASON

The National Marine Fisheries Service (NMFS) may close the Exclusive Economic Zone off Texas (9-200 nautical miles) at the same time Texas waters are closed. For additional information call (727) 824-5305.

RECREATIONAL SHRIMPING IN OUTSIDE WATERS – NORTHERN ZONE

(North of a line from the Corpus Christi Fish Pass [Latitude 27° 40' 34"] to the Louisiana Border)

Dates may be changed by the department providing 72 hours public notice on new closing dates and 24 hours public notice on new opening dates.

LOCATION	SEASON	HOURS	LIMITS
Beyond 5 nautical miles	Dec 1 - May 15 Jul 16 - Nov 30	Day and Night	100 pounds onboard/day (heads attached)
Inside 5 nautical miles	Feb 16 - May 15 Jul 16 - Nov 30	30 minutes before sunrise to 30 minutes after sunset (closed at night)	100 pounds onboard/day (heads attached)
	CLOSED SEASON Dec 1 - Feb 15	N/A	N/A
Inside 9 nautical miles	SUMMER CLOSED SEASON May 15 - Jul 15	Day and Night	CLOSED SEASON

NUECES COUNTY RECREATIONAL SHRIMPING RESTRICTIONS

It is unlawful for any person to take or attempt to take shrimp with a trawl in the Laguna Madre north of a line starting on the mainland at the most northeasterly point on the north side of the entrance to Whiteley Channel then proceeding in a straight line to the north end of Pita Island; then continuing on a line to the southernmost point on the westerly most spoil island bordering the north side of the New Humble Channel (commonly referred to as Hap's Channel); then continuing on a line along the north edge of the New Humble Channel (commonly referred to as Hap's Channel) to its junction with the Gulf Intracoastal Waterway; then continuing on a straight line to the Nueces/Kleberg County line marker on Padre Island.

OTHER AQUATIC LIFE (FRESH AND SALT WATERS)

- Aquatic life not addressed in this guide (except threatened and endangered species) may be taken only by hand or with the devices defined as lawful for taking fish, crabs, oysters, or shrimp.
- Anglers and hunters may NOT harvest marine mammals such as porpoises, dolphins and whales.
- In public fresh waters, a fishing license and freshwater fishing endorsement is required to take mussels, clams, crayfish, and other aquatic life for personal use. In salt water, a saltwater fishing endorsement is required with the fishing license.
- A hunting license is required to hunt non-protected turtles and frogs.
- Licensed recreational anglers may take no more than 25 pounds of whole mussels and clams, or 12 pounds of mussels and clam shells per day for personal use.
- Clams, mussels and other molluscan shellfish taken from public salt waters may be taken only from waters approved by the Texas Department of State Health Services (TDSHS). Maps identifying approved areas may be obtained from the TDSHS, Seafood and Aquatic Life Group (512) 834-6757. Additional information concerning area closures may be obtained 24 hours a day, 7 days a week by calling (800) 685-0361.
- Consumption of clams and mussels taken from public fresh waters is prohibited by the TDSHS.
- Mussels and clams may only be taken by hand.
- Freshwater mussels of the following species may be taken only when they will not pass through a ring with an inside diameter (I.D.) specified for that species.

SPECIES	RING ID IN INCHES
Washboard	4.00
Threeridges and roundlakes	2.75
Mapleleaves and pimplebacks	2.75

SPECIES	RING ID IN INCHES
Tampico pearlymussel	2.75
Bleufer	2.75
All other species of freshwater mussels	2.5

- For information on harvesting native freshwater mussels and clams, including areas closed to harvest, call TPWD at (512) 389-4444.
- It is unlawful to take more than 15 live univalve snails during a day which include no more than two each of the following snails: lightning whelk, horse conch, Florida fighting conch, pear whelk, banded tulip, or Florida rocksnail.
- It is unlawful to take or kill shell-bearing mollusks, hermit crabs, starfish, or sea urchins from Nov 1 through Apr 30 within the following boundary: the bay and pass sides of South Padre Island from the east end of the north jetty at Brazos Santiago Pass to the west end of West Marisol Drive in the town of South Padre Island, out 1,000 yards from the mean high-tide line, and bounded to the south by the centerline of the Brazos Santiago Pass.

HUNTING

General Regulations and Information

What's New for Hunting

New for hunting includes revised regulations for antlerless white-tailed deer, javelina and mule deer, and a decrease in daily bag limits for pintails. Air guns and arrow guns are legal methods of take. The CWD check station near the Hueco Mountains has changed locations. See page 8 for more details.

MEANS AND METHODS

It is LEGAL to:

- hunt animals and non-migratory game birds from a motor vehicle, powerboat, sailboat, or from any other floating device within the boundaries of private property or upon private water.
- use calling devices (including manual and mouth-operated), recordings, and electrically amplified calls to hunt game animals and game birds. Electronic calls may not be used to hunt migratory game birds except during the Light Goose Conservation Order season.
- use decoys to hunt game animals and game birds. NO person may use live decoys when hunting migratory game birds.
- bait for game animals, nongame animals, and upland game birds, except for eastern turkey and migratory game birds. (Baiting is unlawful on most public property. Please check specific regulations for that public property.)
- trap nongame/exotic animals (such as feral hogs, rabbits, etc.) on private property.
- use dogs to aid in the hunting of any game bird.

Firearms

Game animals and non-migratory game birds may be hunted with any legal firearm, EXCEPT:

- rimfire ammunition (of any caliber) may NOT be used to hunt white-tailed deer, mule deer, desert bighorn sheep, or pronghorn.
- fully automatic firearms
- shotguns are the only legal firearm that may be used during spring eastern turkey season.
- magazine capacity (number of shells/cartridges allowed): there are no restrictions on the number of shells or cartridges a legal firearm may hold when hunting game animals or game birds (except migratory game birds, see Legal Shotgun, pg. 71).
- muzzleloader: any firearm that is loaded only through the muzzle (as opposed to breech-loading firearms). A cap and ball firearm in which the powder and ball are loaded into a cylinder is not a muzzleloader. Muzzleloader deer seasons are restricted to muzzleloading firearms only.
- suppressors (aka "silencers"): may be used to take any wildlife resource; however, all federal, state and local laws continue to apply.

Air Guns and Arrow Guns

Alligator, game animals, furbearers, squirrels, and non-migratory game birds (except eastern turkey) may be hunted with air guns and arrow guns provided:

- alligators, bighorn sheep, javelina, mule deer, white-tailed deer, and turkey (except eastern turkey) may be taken only with pre-charged pneumatic arrow guns, or pre-charged pneumatic air guns.
- pre-charged pneumatic air guns must fire a projectile of at least .30 caliber in diameter and at least 150 grains in weight with a minimum muzzle velocity of 800 feet per second or any combination of bullet weight and muzzle velocity that produces muzzle energy of at least 215 foot pounds of energy.
- squirrels, pheasant, quail, and chachalaca may be hunted with air guns that fire a projectile of at least .177 caliber (4.5mm) in diameter producing a muzzle velocity of at least 600 feet per second.
- arrows or bolts used with an arrow gun must conform to the same projectile standards for archery.
- arrow guns may not be used to hunt deer or turkey during archery season.

tpwd.texas.gov/oa/airgun

Archery and Crossbows

- Only the archery and crossbow equipment prescribed in this section may be used for taking game animals or game birds.
- Archery and crossbow equipment may not be used to hunt deer during the Muzzleloader-Only Deer Season.
- Archery and crossbows are lawful for non-protected nongame animals (pg. 76).

Longbows, compound bows, or recurved bows:

- There is no minimum draw requirement.
- Lighted pins, sight magnification, overdraw rests, and devices that allow a bow to be locked at full or partial draw are lawful during any season when lawful archery equipment may be used.

Crossbow:

For current crossbow requirements, please refer to the Outdoor Annual Mobile App or visit:

tpwd.texas.gov/oa/MeansMethods

- Crossbows are lawful for any person during the Archery-Only Open Season **except** in Collin, Dallas, Grayson, and Rockwall counties, where no person may use a crossbow to hunt deer during the Archery-Only Open Season (Sep 28 - Nov 1) unless the person has an upper-limb disability and has in immediate possession a physician's statement that certifies the extent of the disability. An upper-limb disability is a permanent loss of the use of fingers, hand, or arm in a manner that renders the person incapable of using a longbow, compound bow, or recurved bow.
- An Archery Endorsement is required to hunt deer during the Archery-Only Open Season. An archery endorsement is required to hunt deer, turkey and/or javelina at any time in Collin, Dallas, Grayson, and Rockwall counties, including during the general open season (Nov 2 - Jan 5).
- Any person, regardless of physical ability, may use a crossbow to hunt game animals or game birds in any county, including Collin, Dallas, Grayson, and Rockwall

UNLAWFUL ACTIVITIES

It is UNLAWFUL to:

- knowingly discharge a firearm causing a projectile to cross a property line, unless the person owns both sides of the property line or has obtained written permission from the owner of any land crossed by the projectile.
- discharge a firearm on or across a public road or hunt from public roads.
- use a computer, or operate a facility that uses a computer, to assist in remote firearm or archery hunting, if the animal being hunted is located in Texas.
- hunt with the aid of artificial light of any form that casts or reflects a beam of light onto or otherwise illuminates a game animal or bird; EXCEPTION: legally blind hunters, or hunters who have a documented permanent physical disability that prevents them from using traditional firearm sighting devices (Parks and Wildlife Code Sec. 62.0055-62.0056) may use battery-powered scoping devices that project a light or dot only inside the scope, pin sight lights on archery equipment, or laser sighting devices.
 - Blind hunters must possess a physician's signed statement attesting to legal blindness; and be assisted by a licensed hunter at least 13 years of age who is not legally blind. Legal blindness is defined in section 62.104 (c) of the Texas Government Code.
 - Hunter education and licensing requirements still apply to legally blind hunters, hunters with a documented permanent physical disability, and persons assisting blind or disabled hunters.
- use traps to hunt game birds or game animals.
- use dogs to hunt deer in this state.
 - A person who violates this law is subject to a fine of \$500-\$4,000 and/or a year in jail. Additionally, a person's hunting and fishing licenses may be revoked or suspended. In addition, no person may possess a shotgun and buckshot or slugs while in the field with dogs

counties, during a general open season or Eastern spring turkey season.

Projectiles (Arrows and Crossbow Bolts)

While hunting game animals and game birds, a projectile may not be poisoned, drugged, or explosive.

- When used to hunt turkey and all game animals other than squirrels, a projectile must be equipped with a broadhead hunting point. An archer may have arrows/bolts with field, target, or judo points in the quiver with the broadhead hunting points.
- There are no restrictions or minimum requirements on arrow or bolt lengths, arrow material, arrow weight, lighted nocks, broadhead lengths or diameter, number of cutting edges, broadhead material, or mechanical broadheads.

Falconry

Please contact (512) 389-4481 for information on falconry permitting and regulations or visit:

tpwd.texas.gov/oa/falconry.

For open seasons and daily bag limits for game birds visit: tpwd.texas.gov/oa/migratory.

on another person's land during an open deer season in Angelina, Hardin, Jasper, Nacogdoches, Newton, Orange, Sabine, San Augustine, Shelby, and Tyler counties.

- Not more than two dogs may be used to trail a wounded deer in counties not listed above. A "wounded deer" is a deer leaving a blood trail.
- use aircraft (including drones, except by activity-specific permit) to hunt, locate (including wounded animals), manage, harass, drive, trap or photograph any wild animal.
- hunt on Public Hunting Areas without the required permits.
- hunt in a subdivision on lots 10 acres or less in an unincorporated area of a county if prohibited by local ordinance. Contact local county clerk and ask about §235.022, Local Government Code.
- hunt anywhere by means or methods that have been prohibited by county or city ordinance.
- hunt on any area named as a wildlife sanctuary, nesting, or propagation area.
- hunt in state and/or national parks or refuges except during scheduled hunts or under other special state or federal policies.
- hunt any wild animal or wild bird on or over privately-owned land that is submerged under public fresh water due to seasonal or occasional inundation or submerged under salt water above the mean high tide line. The property must be posted to indicate that hunting is prohibited. (Class C misdemeanor: \$25-\$500 fine.)
- hunt any wild animal or wild bird, including exotic animals, on foot or from a vehicle on any public road or road right-of-way, or a boat on public water, except that migratory waterfowl may be hunted from a boat or any floating craft (except a sinkbox) under certain conditions (Migratory Game Bird section, beginning pg. 70).

possess a firearm if a convicted felon, with limited exception. Texas law allows the possession and use of a muzzle loading firearm if it is an antique or curio firearm manufactured before 1899, or is a replica of an antique or curio firearm manufactured before 1899 that does not use rimfire or centerfire ammunition. For questions regarding

the possession and use of firearms by convicted felons, refer to Texas Penal Code Ch. 46 and/or seek guidance from legal counsel.

See County Listings table for additional regulations (pgs. 80-95).

TAGGING GAME ANIMALS

Tagging a Deer or Turkey

A tag from the hunting license of the person who killed the deer or turkey must be correctly and legibly completed (including name of property and county) and immediately attached to the animal (exception is properties with issued tags such as MLDP tags).

The hunter MUST:

- use the specific type of deer or turkey (for example, buck tags must be used only on buck deer, antlerless tags on antlerless deer, etc.).
- have the month and date of kill clearly cut out on the tag by notching the respective month and day. **Do not "ink out."**
- immediately complete, date and cut out the appropriate hunting license tag after a deer is harvested but before the deer is field dressed, moved or tagged.
- after a deer or turkey is harvested, but before the deer or turkey is field-dressed immediately before moving carcass, complete the log, in ink, on the back of the hunting license. Asterisks in the log indicate bucks with an inside main beam spread of at least 13 inches. Failure to complete the log as required may result in a fine not to exceed \$500 for each deer improperly logged.

Completion of the log is not required for mule deer, or for white-tailed deer or mule deer lawfully taken under a MLDP tag, TPWD Special Drawn Public Hunt permit, or on a Big

Time Texas Hunt.

Where to Attach Tag to Deer or Turkey

The tag may be attached anywhere on a deer or turkey so that it is not damaged, defaced, or lost in transporting or handling. For deer, the appropriate tag or permit must remain attached until the deer reaches its final destination and is quartered. If deer's head is severed from the carcass (body), then the appropriate tag or permit must remain attached to its carcass. Proof of Sex section, pg. 58. If the head does not accompany the carcass, then the head must be accompanied by a Wildlife Resource Document (WRD, pg. 100). For turkey, the tag must remain attached until the turkey reaches its final destination and is finally processed.

TIP: Remember that if the head and the carcass are separated, the tag from the hunting license goes with the meat and the WRD goes with the head.

NOTICE: Read the tag use description on your license carefully before attaching to harvested deer or turkey.

It is UNLAWFUL to:

- use a tag from another person's license or allow anyone to use your tags.
- use a tag more than one time (or on more than one deer or turkey).
- use an incorrect tag on a deer or turkey (example: mule deer tag used on a white-tailed deer, etc.)

MANDATORY Harvest Reporting

Harvest reporting is now mandatory for antlerless white-tailed deer in select south-central Texas counties (pg. 67) and alligator gar statewide (pg. 41, except for Falcon International Reservoir). Eastern turkey harvest reporting also remains mandatory (pg. 69).

Report online or on the My Texas Hunt Harvest app:
tpwd.texas.gov/myhunt

On-site registration for public hunting is also now available online or through the **My Texas Hunt Harvest app**.

TAG #	USE ON TURKEY ONLY
1	Rio Grande Turkey Only – valid in county with bag limit of 1 or 4 turkeys; NOT VALID in East Texas.
2	Rio Grande Turkey Only – valid in county with bag limit of 1 or 4 turkeys; NOT VALID in East Texas.
3	Rio Grande Turkey Only – valid in county with bag limit of 1 or 4 turkeys; NOT VALID in East Texas.
4	Eastern OR Rio Grande Turkey – valid in any county with bag limit of 1 or 4 turkeys.
TAG #	USE ON WHITE-TAILED DEER ONLY
5	White-tailed Deer – Antlerless ONLY
6	White-tailed Deer – Antlerless ONLY
7	White-tailed Deer – Buck or Antlerless
8	White-tailed Deer – Buck or Antlerless
9	White-tailed Deer – Buck or Antlerless
IMPORTANT: Tags #5 and #6 are for white-tailed deer antlerless only. Tags #7, #8, and #9 are for white-tailed deer buck or antlerless. The white-tailed deer tags on the license may be used in any county during an open season for white-tailed deer. Be aware that if Tags #7, #8, and #9 are used on does, you will no longer be allowed a buck that deer season.	
TAG #	USE ON MULE DEER ONLY
10	Mule Deer – Antlerless Only <i>Valid ONLY during archery-only special season in Brewster, Pecos, or Terrell counties</i>
11	Mule Deer – Buck or Antlerless <i>Valid for bucks in any county during any open mule deer season AND for antlerless deer during archery-only special season in Brewster, Pecos, or Terrell counties</i>
NOTE: The mule deer tags on the hunting license ARE NOT mule deer permits and MAY NOT be used in lieu of mule deer permits when required.	

PROOF OF SEX

Deer or Pronghorn

It is **unlawful to possess a deer or pronghorn with proof of sex removed** unless the deer or pronghorn has reached the final destination (definition, pg. 96) and has been at least quartered. Proof of sex includes one of the following:

- the head (skinned or unskinned) of a buck deer with antlers attached;
- the head (skinned or unskinned) of an antlerless deer;
- the unskinned head of a pronghorn; or
- a completed Managed Lands Deer Program (MLDP) Tag, Antlerless Mule Deer Permit, CWD Check Station Receipt, or TPWD Drawn Hunt Legal Deer Tag.

It is **unlawful to remove the head or antlers** (proof of sex) of deer or pronghorn at a commercial processor until the carcass has been quartered and entered into the cold storage logbook.

Pheasant or Turkey

It is **unlawful to possess a pheasant where applicable with proof of sex removed**. The following is considered proof of sex and must accompany the pheasant or turkey until it reaches its final destination and is finally processed:

- Pheasant: one leg, including the spur, attached to the pheasant carcass or the entire plumage attached to the pheasant carcass;
- Turkey: During a season in which the bag composition for turkey is restricted to gobblers only or gobblers and bearded hens, proof of sex must remain with the turkey, attached or unattached, until it reaches either the processor's permanent residence or a cold storage/processing facility and is finally processed. Proof of sex for turkeys:
 - gobbler (male turkey):
 - ° one leg, including the spur or
 - ° a patch of skin with breast feathers and beard attached
 - bearded hen (female turkey): a patch of skin with breast feathers and beard attached

EXCEPTION TO Proof of Sex

Instead of proof of sex, the hunter may obtain a receipt from a taxidermist or a signed statement from the landowner or the landowner's agent containing the following information:

- Name of person who killed the wildlife resource;
- Date the wildlife resource was killed; and
- One of the following, as applicable: Whether the deer was antlered or antlerless; the sex of the pronghorn; the sex of the turkey and whether a beard was attached; or the sex of the pheasant.

TRANSPORTING AND TRANSFERRING DEER OR PRONGHORN

IMPORTANT: Special regulations may apply within designated CWD zones (pg. 62).

- A person may transport a deer or pronghorn to a final destination (definition, pg. 96), provided the carcass is tagged and proof of sex accompanies the carcass (pg. 58).
- If any part of a carcass is transferred to another person before it reaches a final destination, then the transferred parts must be accompanied by a WRD (pg. 100).
- The parts retained by the person who killed the deer or pronghorn must be accompanied by a tag until the carcass reaches a final destination.

PROCESSING OF GAME ANIMALS

- A deer and pronghorn may be skinned and quartered (two forequarters, two hindquarters, and two backstraps) for transport, provided the quartered deer or pronghorn is tagged and proof of sex accompanies the deer or pronghorn. (See Cold Storage or Processing Facility, below, for exceptions). The four quarters and two backstraps are the only parts of a deer required by law to be kept in edible condition.
- Tagging and proof-of-sex requirements continue to apply until the wildlife resource reaches a final destination (definition, pg. 96) **AND** is quartered.
- Deer or pronghorn may only be processed beyond quarters at a location that qualifies as a final destination.
- While in camp you may remove and prepare a part of a wildlife resource if the removal and preparation occur immediately before the part is cooked or consumed; however, all tagging and proof of sex regulations apply to remaining parts until the parts reach a final destination.

FACILITIES

A cold storage or processing facility may be established anywhere, including on property where hunting is conducted. It must be stationary and designed to process and/or store wild game. A vehicle, trailer, or other mobile storage or processing arrangement IS NOT lawful.

COMMERCIAL COLD STORAGE OR PROCESSING FACILITY

- A person may place and maintain, or possess, in a cold storage or processing facility, lawfully killed game birds and game animals not in excess of the number permitted to be possessed by law, if:
 - the owner, operator, or lessee of the cold storage or processing facility maintains the record book as required by law with:
 - the name, address, and hunting license number of all persons placing game animals or game birds in storage (if a person other than the person who killed the game bird or animal, places a game bird or game animal in storage, that person's name and address must be included);
 - the number and species of all game animals and game birds in storage, and

- the date each game animal or game bird was placed in storage (information must be entered into the record book before game is placed in storage)
- tags, permits, or WRDs, when applicable, must remain attached to birds until the birds are finally processed; and
- tags, permits, or WRDs, when applicable, must remain attached to deer and pronghorn until the carcass is quartered.
- the owner, operator, or lessee of a cold storage or processing facility is required to maintain game birds and game animals in an edible condition.

COLD STORAGE OR PROCESSING FACILITY ON HUNTING LEASE

- If a cold storage or processing facility on a hunting lease (Hunting Lease License, pg. 24) is made available to persons other than the landowner, the landowner's nonpaying family members, or the landowner's **nonpaying** guests, then a cold storage or processing facility record book is required.

EXCEPTION: Deer, pronghorn or turkey that are properly tagged and accompanied by proof of sex may be temporarily placed in a non-commercial cold storage or processing facility on a hunting lease without being entered in the cold storage record book.
- For turkey, proof of sex and tagging requirements cease to apply when the turkey has been entered in a cold storage record book.
- Once a deer or pronghorn has been entered in the cold storage record book it may be finally processed. Proof of sex and tagging requirements continue to apply until the deer or pronghorn has at least been quartered and entered into the record book.

PRIVATE, NON-COMMERCIAL, FAMILY-OWNED COLD STORAGE OR PROCESSING FACILITY

A cold storage record book is not required for game animals or game birds (including deer, pronghorn, and turkey) placed in a private, family-owned, non-commercial cold storage or processing facility that is not located on a hunting lease; however, all tagging and proof of sex requirements apply. If paying hunters are allowed to use the cold storage or processing facility for storage of game animals or game birds, a cold storage record book is required for all game animals and game birds killed on the property, including game animals and game birds killed by nonpaying guests or family members.

Deer and pronghorn may not be processed beyond quartering at any place other than the possessor's permanent residence or a cold storage or processing facility where a cold storage record book is maintained.

Save your tag and/or permit. After a wildlife resource reaches its final destination and tagging requirements have ceased, the possessor is encouraged to retain tags or permits in order to prevent delay or problems (cold storage or processor refusing to accept meat, etc.). When taking game (meat/head/hide) that you have processed at home to a commercial processor, simply attach the appropriate hunting license tag or permit to the game.

TAXIDERMIST

Hunters who give any part of a game animal or game bird to a taxidermist for mounting must attach a WRD (not the tag from the hunting license or permit) to the part.

In return, for deer, pronghorn, turkey and pheasant, the taxidermist must give the hunter a receipt as prescribed in "EXCEPTION" (pg. 59). The taxidermist "proof of sex" receipt for the part must accompany the tagged carcass until it reaches its final destination and is finally processed. If the taxidermist places any game animal or game bird in cold storage, then the cold storage or processing facility record book is required by law. Without the appropriate record book and a WRD accompanying the game animal or game bird, a taxidermist may be exceeding the prescribed possession limits for game animals and game birds. Taxidermy information packets may be obtained at tpwd.texas.gov/oa/TaxidermyForms.

A taxidermist who accepts a deer or turkey shall retain the accompanying WRD or tag for two years following the return of the resource to the owner or the sale of the deer or turkey mount to recover taxidermy cost.

HUNTING ON FEDERAL OR OTHER GOVERNMENTAL LANDS

When hunting on U.S. Forest Service, Army Corps of Engineers, River Authority properties or other lands owned or administered by units of government (federal, state, or local), additional regulations and/or requirements may apply. It is the responsibility of the hunter to determine if such additional regulations or requirements apply.

- U.S. Forest Service (USFS) - on USFS properties managed by TPWD through the Public Hunting Program, antlerless deer may be taken by special drawn hunt permit. These properties include Alabama Creek WMA, Bannister WMA, Moore Plantation WMA, Sam Houston National Forest WMA. www.fs.fed.us/visit/know-before-you-go/hunting
- Army Corps of Engineers: tpwd.texas.gov/oa/USACE
- River Authority: tpwd.texas.gov/oa/RiverAuthorities

ANNUAL PUBLIC HUNTING PERMIT

The Annual Public Hunting Permit (also known as walk-in) provides nearly year-round hunting on property that TPWD owns or leases from various agencies, corporations, and private landowners. In order to hunt on these public hunting lands, persons age 17 or older must possess a TPWD Annual Public Hunting Permit, a hunting license, and any required stamps. Youth (under age 17) are required to have a Texas hunting license but are not required to possess their own permit to hunt or fish on these lands, however, they must hunt or fish under the supervision of an authorized adult (age 18 or older) who possesses the permit.

MANDATORY Harvest Reporting

Harvest reporting is now mandatory for antlerless white-tailed deer in select south-central Texas counties (pg. 67) and alligator gar statewide (pg. 41, except for Falcon International Reservoir). Eastern turkey harvest reporting also remains mandatory (pg. 69).

Report online or on the My Texas Hunt Harvest app:
tpwd.texas.gov/myhunt

On-site registration for public hunting is also now available online or through the My Texas Hunt Harvest app.

Game Animals

Desert bighorn sheep

Squirrel (gray or fox)

Javelina (collared peccary)

Pronghorn

White-tailed deer

CHRONIC WASTING DISEASE (CWD)

CWD is a fatal disease that has been discovered in white-tailed deer, mule deer, and elk in localized portions of Texas. To detect and manage this disease, the department has designated CWD zones.

Hunters who harvest mule deer, white-tailed deer, elk, or other CWD-susceptible species within the CWD Zones are REQUIRED to bring their animals to a TPWD check station within 48 hours of harvest. Hunters must check each animal harvested and receive a CWD receipt before taking any part of that animal from the zone, including any meat or quartered parts.

Scan above for link to CWD test results.

CHRONIC WASTING DISEASE SAMPLE RECEIPT

PROOF OF SEX
Sex:
Buck or Antlerless

Species:
MD or WTD

Date: / /

CWD sample number on reverse side.

For CWD test results and general information about CWD, visit:
tpwd.texas.gov/cwd

Additional regulations may apply, and additional zones may be established without prior notice upon discovery of CWD. The department will make every effort to publicize the designation and location of CWD zones and check stations, as well as any special regulations that may be adopted following the publication of this notice. For the latest updates, call (800) 792-1112, or visit tpwd.texas.gov/oa/CWD. A hunter who harvests a CWD-susceptible species outside a CWD zone and wishes to have the animal tested for CWD should contact a wildlife biologist in that area: tpwd.texas.gov/oa/biologists.

As an alternative to TPWD check stations, a list of Texas Animal Health Commission (TAHC) Certified CWD Postmortem Sample Collectors who are also TPWD-approved is provided at tpwd.texas.gov/oa/CWD.

Please report any symptomatic CWD-susceptible species to TPWD.

CWD Precautions for Hunters

Infectious prions concentrate in the brain, spinal cord, eyes, lymph nodes and spleen. They are shed in saliva, urine, blood, soft-antler material, feces, and from decomposing infected animals. Proper disposal of carcass parts is important to prevent contamination and spread of this disease. Leave these inedible parts at the site of harvest, or preferably, dispose of them in a landfill, or bury them at least 6-feet deep on the property of harvest in any CWD Zone.

Use common sense precautions while handling and processing deer and elk. Never eat meat from an animal that appears sickly. Never eat brain, eyeballs, spinal cord, spleen, or lymph nodes from CWD-susceptible species. The Centers for Disease Control (CDC) reports no strong evidence that CWD can infect humans; however, CDC recommends that hunters consider testing CWD-susceptible species harvested in CWD Zones before consumption.

Carcass Movement Restrictions in CWD Zones

No CWD-susceptible species carcasses or parts of carcasses can enter Texas from a state or country known to have CWD, and no CWD-susceptible species carcasses or parts of carcasses can be transported out of a CWD Zone EXCEPT:

- Cut quarters with all brain and spinal cord tissue removed
- Boned meat/cut and wrapped – Texas regulations do not allow processing beyond quarters until reaching your final destination (possessor's personal residence or commercial facility/private cold storage).
- Caped hides with skull not attached
- Skull plate with antlers attached and cleaned of all soft tissue
- Finished taxidermy products
- The skinned or unskinned head of a susceptible species may be transported to a taxidermist (with a Deer Head Waiver), provided all brain material, soft tissue, spinal column and any unused portions of the head are disposed of in a landfill in Texas permitted by the Texas Commission on Environmental Quality (TCEQ). The waiver should be kept on your person or with the deer head until it reaches the taxidermist. Obtain the Deer Head Waiver form (PWD 1410) to transport the intact head from a TPWD CWD check station or tpwd.texas.gov/oa/CWD.
- Hunters bringing intact deer heads into Texas from a state or country with CWD should also have this waiver.

How to Bring Harvested Animals to Check Stations

- All CWD-susceptible species harvested within the CWD Zones are required to be sampled for CWD.
- Carcass movement restrictions do not apply if the carcass will not be moved outside of a CWD Zone. However, it is recommended to always properly dispose of unused carcass parts.
- A hunter who leaves a CWD Zone with a harvested animal must quarter the animal and remove the head from the carcass 2–3 vertebrae below the head.
- Place head in a plastic trash bag and keep cool until arriving at a CWD check station.
- Heads can be disposed of at the CWD check stations provided the hunter has a CWD receipt, which serves as a proof-of-sex document.

Exotic CWD-Susceptible Species

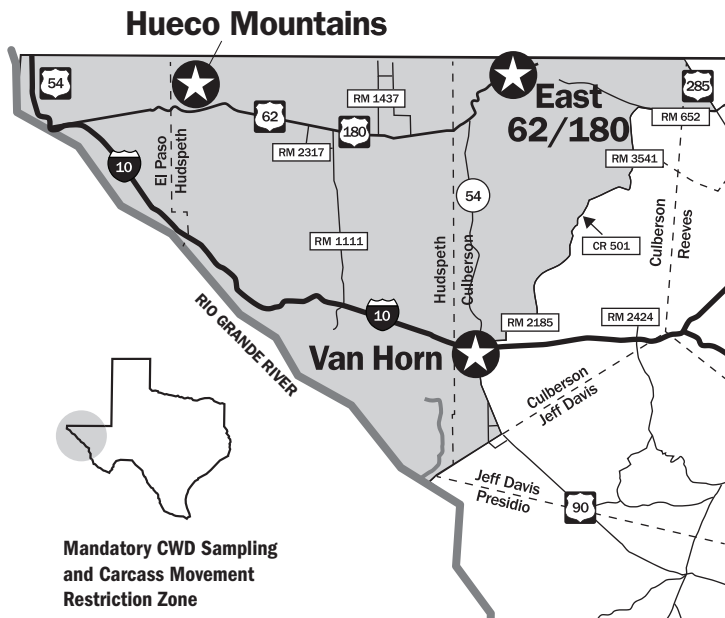

- Texas Animal Health Commission (TAHC) CWD rules apply statewide to harvested exotic CWD susceptible species such as elk, red deer, sika, moose, and reindeer.
- Each calendar year, the owner of any property in Texas is required to have all adult mortalities of exotic CWD-susceptible species, including HUNTER-HARVESTED animals, CWD tested until valid test results are obtained for 3 animals. If the property is located outside of a CWD zone, the property owner is responsible for sample submission and costs for the first 3 CWD tests and must report those results to TAHC within 30 days of receiving test results.

For more information: tpwd.texas.gov/oa/ExoticCWD.

CWD CHECK STATION LOCATIONS, DATES AND HOURS OF OPERATION

TRANS-PECOS

Check Station Locations

That portion of the state lying within a line beginning where U.S. 285 enters from the State of New Mexico in Reeves County; thence southeast along U.S. 285 to R.M. 652; thence west along R.M. 652 to Rustler Springs Rd./FM 3541 in Culberson County; thence south along Rustler Springs Rd./FM. 3541 to FM. 2185; thence south along FM. 2185 to Nevel Road; thence west along Nevel Road to County Road 501; thence south along County Road 501 to Weatherby Road; thence south along Weatherby Road to FM. 2185; thence southwest along to FM. 2185 to S.H. 54; thence south on S.H. 54 to U.S. 90; thence south along U.S. 90 to the Culberson County line; thence southwest along the Culberson County line to the Rio Grande; thence northwest along the Rio Grande to the Texas-New Mexico border.

VAN HORN

(512) 221-8491

Panhandle Check Station Dates and Hours of Operation

Open Dates: Nov 2-4, Nov 8-11, Nov 15-18, Nov 22-27, Nov 29 - Dec 9, Dec 13-16, Dec 20-22, Dec 27-30, Jan 3-6, 9 a.m.-7 p.m. local time

Please call TPWD at (806) 420-0439 or either check station to have your animals sampled during dates the check stations are closed.

DEER

Buck Deer

A deer with a hardened antler protruding through the skin. Deer with antlers completely covered in velvet (protruding through the skin) are also considered buck deer. A buck deer must be tagged with a buck deer tag or applicable tag or permit.

For tagging purposes, all other deer are antlerless deer, regardless of sex.

Mule Deer

Bag limits are established by county (County Listings table, pg. 80-95). No person may exceed the annual bag limit of two mule deer, no more than one of which may be a buck. The annual bag limit does not apply on MLDP properties.

Special Antler Restriction – Mule Deer Bucks

An experimental antler restriction for mule deer bucks applies in Briscoe, Childress, Cottle, Floyd, Hall, Lynn and Motley counties:

- a legal buck deer is defined as a buck with an outside antler spread 20 inches or greater.

- any buck for which the outside spread of the main beams is less than 20 inches is NOT legal to harvest.
- any buck with at least one unbranched antler (e.g., spike) is NOT legal to harvest, unless the outside spread of the main beams is at least 20 inches in width.

The average ear-tip to ear-tip antler spread of mule deer bucks standing in the alert position is 21 inches, as shown in the buck illustrations. The outside spread is estimated in a similar manner; however, the measurement is taken by using the outside spread of the main beams, as shown by the black arrows/dotted lines below. TPWD requests hunters to voluntarily present the entire head (intact) of any buck mule deer harvested in the experimental antler-restriction counties to a designated check station to help assess the experimental antler-restriction regulation. **For more information on the experimental antler-restriction harvest strategy and locations of check stations: tpwd.texas.gov/oa/MDantlers.**

MANDATORY Harvest Reporting

Harvest reporting is now mandatory for antlerless white-tailed deer in select south-central Texas counties (pg. 67) and alligator gar statewide (pg. 41, except for Falcon International Reservoir). Eastern turkey harvest reporting also remains mandatory (pg. 69).

Report online or on the My Texas Hunt Harvest app:
tpwd.texas.gov/myhunt

On-site registration for public hunting is also now available online or through the My Texas Hunt Harvest app.

White-tailed Deer

Bag limits are established by county (County Listings table, pg. 80-95). No person may exceed the annual bag limit of five white-tailed deer, no more than three of which may be bucks. The annual bag limit does not apply on MLDP properties.

Mandatory Harvest Reporting – Antlerless White-tailed Deer

Any antlerless deer harvested in the following counties during archery, youth-only, muzzleloader, or the four doe days during general season is required to be reported within 24 hours of harvest to the department via mobile application or online. Report your antlerless deer harvest with the “My Texas Hunt Harvest” app (Apple App Store for iOS devices, Google Play for Android devices), or online at tpwd.texas.gov/myhunt.

Counties: Austin, Bastrop, Caldwell, Colorado, Comal (East of I-35), De Witt, Fayette, Goliad (North of US 59), Gonzales, Guadalupe, Hays (East of I-35), Jackson (north of US 59), Kames, Lavaca, Lee, Travis (East of I-35), Victoria (North of US 59), Waller, Washington, Wharton (North of US 59), and Wilson.

Definition of a point: a projection that extends at least one inch from the edge of a main beam or another tine. The tip of the main beam is also a point.

Ears in alert position approximately 13 inches apart; may be used to judge the inside spread.

Special Late Season

In counties with a Special Late Season (County Listings table, pg. 80-95), harvest is restricted to antlerless and unbranched antlered deer (a buck with at least one antler that has no more than one point). A point is a projection that extends at least one inch from the edge of a main beam or another tine. The tip of the main beam is also a point.

White-tailed Deer Youth-Only Seasons

- Age Restriction: ONLY licensed hunters 16 years of age or younger are eligible to participate in youth-only deer seasons.
- Youth-only seasons may run concurrently with other seasons (Archery, Muzzleloader, Special Late) but do not prevent any person from lawfully hunting under the provisions established for those seasons.
- Any lawful means may be used, except in Collin, Dallas, Grayson, and Rockwall counties, where lawful means are

Special Antler Restriction – White-tailed Deer

Antler restrictions apply in certain counties (County Listings table, pg. 80-95). In these counties, the bag limit is two legal bucks, but only ONE may have an inside spread of 13 inches or greater. In these counties, a legal buck deer is defined as a buck deer with:

- at least one unbranched antler; OR
- an inside spread of 13 inches or greater (does not apply to a buck that has an unbranched antler).

It is unlawful to take more than one buck with an inside spread of 13 inches or greater or having two branched antlers (i.e. a person who takes a buck in violation of the antler restriction regulation is prohibited from subsequently harvesting any buck deer with branched antlers on both main beams in that county during that hunting season).

The distance from the tip of one ear to the tip of the other ear, when the ears are in the “alert” position may be used as a guide to help estimate the inside spread. If the inside spread extends past the ears, it is likely to be at least 13 inches.

restricted to lawful archery equipment only (crossbows prohibited except for youth with upper limb disability).

- Bag Limits, take of antlerless deer, and special requirements:
 - In Austin, Bastrop, Caldwell, Colorado, Comal (East of I-35), De Witt, Fayette, Goliad (North of US 59), Gonzales, Guadalupe, Hays (East of I-35), Jackson (north of US 59), Kames, Lavaca, Lee, Travis (East of I-35), Victoria (North of US 59), Waller, Washington, Wharton (North of US 59), and Wilson counties, the bag limits, requirements for the take of antlerless deer, and special requirements are the same as the period Nov 28-Dec 1 for each respective county (County Listings table, pg. 80-95).
 - For the remainder of the state, the bag, tag and permit requirements are the same as for the first two days of the general season in the county (see County Listings table, pg. 80-95).

PRONGHORN (BY PERMIT ONLY)

The harvest of pronghorn is by permit only. The permit must be completely filled out and attached to the pronghorn immediately following harvest. Permits are issued to landowners or their agents in areas where there are hunt-able populations (the Trans-Pecos, Permian Basin and Panhandle); however, TPWD is testing an experimental, buck-only season in selected areas of the Panhandle where hunters MUST obtain a free Experimental Pronghorn Permit directly from TPWD or a participating local merchant (not from the landowner). Hunters must still obtain landowner consent to hunt (killing a pronghorn without landowner consent is a felony, pg. 31). Additionally, hunters must present the entire head (intact) of any harvested pronghorn at a designated check station within 24 hours of take. For more information on the experimental season, including maps, locations where permits may be obtained, and locations of mandatory check stations visit tpwd.texas.gov/oa/pronghorn.

NOTE: It is the hunter's responsibility to verify the permits are issued to the property where they are hunting.

Alligator

GENERAL INFORMATION

FEEDING ALLIGATORS: Except when engaged in hunting, it is against the law to intentionally feed a free-ranging alligator.

REQUIRED LICENSE: Alligators may be taken under any resident or non-resident hunting license (except for a non-resident spring turkey license and a non-resident banded bird hunting license).

LAWFUL HUNTING HOURS: One-half hour before sunrise to sunset. Between sunset and one-half hour before sunrise, no person shall set any baited line capable of taking an alligator, or remove an alligator from a line set.

CITES TAGS: Required in both "Core" and "Non-core" counties and are issued by the department. CITES (Convention on International Trade in Endangered Species) is an international agreement between governments to ensure that international trade in wild animals and plants does not threaten their survival.

SALE OF ALLIGATORS: Only lawfully harvested alligators may be sold and only to a licensed wholesale dealer or alligator farmer.

It is **unlawful** to take an alligator by means of firearms from, in, on, across, or over public water.

MEANS AND METHODS FOR ALLIGATORS

- In non-core counties, no person may employ more than ONE taking device at any time.
- Alligators may only be taken on private property.
- Alligators may be taken from public water, however, the person and the taking device MUST be on private property.
- Hook and line (line set) must be secured on private property with a portion of the line above water. Minimum 300 lb. test line.
- Hook-bearing lines may not be placed prior to the open season and shall be removed no later than sunset on the last day of the season.

DESERT BIGHORN SHEEP (BY PERMIT ONLY)

The harvest of Desert Bighorn Sheep (DBS) is by permit only. Permits are issued to landowners or their agents. A limited number of permits are also available through "Big Time Texas Hunts" tpwd.texas.gov/oa/btth, and other public hunting: tpwd.texas.gov/oa/PublicHunting.

No person may possess a DBS ram skull obtained after Sept. 1, 2003, unless the skull has been plugged by TPWD or the individual has proof that the skull was legally obtained outside of Texas. Skulls found in the wild may be possessed, provided the individual did not cause or participate in the death of the ram, and TPWD is notified within 48 hours of the skull/horns being found. Individual horns and hornless skulls may be possessed without identification or documentation.

JAVELINA AND SQUIRREL

See County Listings table, pg. 80-95.

- Each line set shall be labeled with a plainly visible, permanent, and legibly marked gear tag that contains the full name and current address of the person who set the line and the hunting license number of the person who set the line.
- Line sets shall be inspected daily, and alligators shall be killed, documented, and removed IMMEDIATELY upon discovery.
- Firearms (excluding rimfire), air guns, and arrow guns may only be used to hunt on private land in non-core counties.
- Firearms (excluding rimfire), air guns, and arrow guns may be used to dispatch alligators legally captured on a taking device in any county.
- Gigs, hand-held snares (with integral locking mechanism), and lawful archery equipment (with barbed arrow), must have a float attached to the line. The float shall be no less than 6" X 6" X 8" or, if the float is spherical, no less than 8 inches in diameter.

NON-CORE COUNTIES

In non-core counties, the open season for alligators is Apr 1 – Jun 30. The bag limit in non-core counties is one alligator per person per license year. Alligators MAY NOT be taken during this season on any property where alligators were taken during the September season.

Upon killing an alligator in a non-core county, a person must IMMEDIATELY affix a WRD (pg. 100) to the alligator, which shall accompany the alligator until it is permanently tagged with a CITES tag. WITHIN 72 hours, complete the Non-Core Alligator Hide Tag Report (pg. 100) and mail it to TPWD, 4200 Smith School Road, Austin, TX 78744, along with a \$21 hide tag fee (check or money order only). The department will mail a CITES tag to the hunter. Upon receipt, the tag must be permanently affixed to the alligator within 10 inches of the tip of the alligator's tail.

CORE COUNTIES

In Angelina, Brazoria, Calhoun, Chambers, Galveston, Hardin, Jackson, Jasper, Jefferson, Liberty, Matagorda, Nacogdoches, Newton, Orange, Polk, Refugio, Sabine, San Augustine, San Jacinto, Trinity, Tyler, and Victoria counties ("core" counties), and on properties in other counties for which TPWD has issued CITES tags to the landowner, the open season for alligators is Sept. 10-30. "Core" counties are those counties constituting the prime historical habitat for the American alligator in Texas, where commercial hunting is viable and the department engages in significant biological monitoring of the resource and manages harvest through tag issuance to landowners.

In core counties and on special properties, no person may hunt an alligator without possessing a valid CITES tag on

their person prior to hunting an alligator. CITES tags in these counties are issued to landowners or landowners' agents following a site inspection and evaluation by TPWD. CITES tags may only be used on the property they are allocated to, and cannot be transferred to other properties. For information about tag issuance and requirements, contact the Alligator Program at (409) 736-3625.

ALLIGATORS IN TEXAS: RULES, REGULATIONS AND GENERAL INFORMATION

A department publication that provides additional regulations and information, including how to determine sex of an alligator (required for Alligator Hide Tag Reports). For a copy of the publication, call (800) 792-1112 (menu 5) or visit tpwd.texas.gov/oa/alligator.

Upland Game Birds

Bobwhite quail
Chachalaca

Gambel's Quail
Pheasant

Scaled quail (or blue quail)
Turkey

Species with no open season (**cannot be hunted**) include Attwater's prairie-chicken, Mearn's (Montezuma) quail, and lesser prairie-chicken.

It is **unlawful** to possess a pheasant with proof of sex removed.

It is **unlawful** to hunt pheasant by the aid of dragging of a cable, chain, rope, or other device connected to or between a moving object or objects.

UPLAND GAME BIRDS SEASONS AND LIMITS

SPECIES	SEASON	OPEN COUNTIES	DAILY BAG	POSSESSION
Pheasant	Dec 7 - Jan 5	See county-level restrictions (pg. 79).	3 cocks	9 cocks
Quail (Bobwhite, Scaled or Blue, and Gambel's)	Oct 26 - Feb 23	Statewide	15 in the aggregate	45 in the aggregate
Chachalaca	Nov 2 - Feb 23	Cameron, Hidalgo, Starr, and Willacy counties ONLY	5	15

TURKEY

See County Listings table for season dates and special requirements, pg. 80-95.

It is **unlawful** to hunt roosting turkeys by any means at any time or to release turkeys without department authorization.

All turkey must be **tagged** with a tag from the hunter's license IMMEDIATELY upon harvest, and in a secure manner anywhere on the turkey (Tagging Turkey, pg. 57).

Special regulations for Eastern Spring season in certain East Texas counties

Shotgun, archery and crossbows are the only lawful means; no hunting over bait; all turkeys harvested in these counties must be reported within 24 hours to the department via mobile application or online. REPORT your eastern turkey harvest with the "My Texas Hunt Harvest" app (the App Store for IOS devices, or Google Play for Android devices), or online:

tpwd.texas.gov/oa/turkey.

Get the most up-to-date regulations at
OutdoorAnnual.com

Migratory Game Birds

Nothing in this publication authorizes any person to violate federal laws governing migratory game birds. Federal regulations related to migratory game birds are located in Title 50, Code of Federal Regulations, Part 20. For more information call the U.S. Fish and Wildlife Service (USFWS) (505) 248-7889 or visit: fws.gov/birds.

Includes all wild species of:

Coots

Doves (mourning, white-winged, white-tipped)

Ducks

Gallinules

Geese

Mergansers

Rails

Sandhill cranes

Snipe (Wilson's or jacksnipe)

Woodcock

HARVEST INFORMATION PROGRAM (HIP)

No person shall hunt migratory game birds in this state unless that person is HIP-certified in Texas. The federally-mandated Harvest Information Program (HIP) improves harvest information for all migratory game birds. Hunters who buy a Migratory Game Bird Hunting Endorsement, including Super Combos, will be asked a few simple questions about their migratory bird hunting activities.

Please report Migratory Game Bird bands. Check migratory game birds harvested (especially doves) for small leg bands and report them to tpwd.texas.gov/oa/BirdBand.

MEANS AND METHODS

- Shotguns, archery equipment including crossbows, falconry, dogs, artificial decoys, and manual or mouth-operated bird calls are lawful.
- A shotgun is the only legal firearm for hunting migratory game birds. Shotguns must NOT be larger than 10-gauge, must be fired from the shoulder, and must be incapable of holding more than three shells. Shotguns capable of holding more than three shells must be plugged with a one-piece filler which cannot be removed without disassembling the gun, so the gun's total capacity does not exceed three shells.
- Hunting is permitted in the open or from a blind or other type of concealment or from floating craft or motor boat provided that all motion resulting from sail or motor has ceased. Sails must be furled and motor turned off before shooting starts.
- A craft under power may be used to retrieve dead or crippled birds; however, crippled birds may not be shot from such craft under power.
- No person, while hunting waterfowl anywhere in the state, may possess shotgun shells containing lead shot or loose lead shot for use in muzzleloaders. Approved shot includes steel (including copper, nickel or zinc-coated steel), bismuth-tin, tungsten-iron, tungsten-polymer (e.g. moly-shot), and any other nontoxic material approved by the Director of the USFWS. tpwd.texas.gov/oa/NontoxicShot

Baiting Regulations

Directly or indirectly placing, exposing, depositing, distributing or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on or over areas where hunters are attempting to take them is **prohibited by federal law**. Hunters are responsible for knowing whether an area is baited or not.

For further information on federal regulation regarding baiting: tpwd.texas.gov/oa/DoveBaiting and waterfowl hunting tpwd.texas.gov/oa/WaterfowlBaiting.

A hunter MAY hunt migratory game birds including waterfowl, coots and sandhill cranes:

- on or over standing crops, standing flooded crops and flooded harvested crops;
- over natural vegetation (pg. 97) that has been manipulated (pg. 97);
- on or over a normal soil stabilization practice that is defined as a planting for agricultural soil erosion control or post-mining land reclamation conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture (USDA);
- on or over lands or areas where seeds or grains have been scattered solely as a result of a normal agricultural practice which is defined as a planting, harvesting or post-harvest manipulation conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the USDA. Does not include the broadcast spreading of seed that is normally drill-planted;
- over crops or natural vegetation where grain has been inadvertently scattered as a result of entering or leaving a hunting area, placing decoys or retrieving downed birds;
- using natural vegetation or crops to conceal a blind, provided that if crops are used to conceal a blind, no grain or other feed is exposed, deposited, distributed or scattered in the process.

A person may hunt doves over planted crops that have been manipulated for the purpose of hunting. Waterfowl and sandhill cranes may NOT be hunted where grain or feed has been distributed or scattered as a result of manipulation or livestock feeding.

UNLAWFUL ACTIVITIES

It is UNLAWFUL to:

- hunt migratory birds with the aid of bait, or on or over any baited area (pg. 96);
- hunt over any baited area until 10 days after all baiting materials have been removed and a game warden has confirmed removal of baiting materials;
- place or allow the placement of bait on or adjacent to any area where migratory game birds could be attracted for the purpose of hunting migratory game birds by any person;
- hunt waterfowl or cranes over manipulated planted millet in the first year after planting;
- hunt waterfowl or cranes over crops that have been manipulated, unless the manipulation is a normal agricultural post-harvesting manipulation in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the USDA;
- use any firearm other than a legal shotgun; use a trap, snare, net, fishhook, poison, drug, explosive or stupefying substance; use live birds as decoys; use recorded or electronically amplified bird calls or sounds; or use a sinkbox (definition, pg. 98);
- hunt from or by means of motor vehicles or aircraft of any kind (including stationary) except paraplegics and single or double amputees of legs may hunt from stationary motor-driven conveyances;
- use motor-driven land, water or air conveyances or sailboats to concentrate, drive, rally or stir up any migratory game bird; or
- hunt where tame or captive live ducks or geese are present unless such birds are or have been for a period of 10 consecutive days prior to such taking confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory wildfowl.

DOCUMENTATION

All harvested migratory game birds not in the immediate possession of the person who killed them must be tagged with a WRD (pg. 100) until the birds reach the possessor's personal residence and are finally processed. If a hunter's personal birds have been finally processed at a cold storage or processing facility and the hunter transports someone else's birds, then a WRD must accompany those birds until they reach the possessor's permanent residence. A person may give, leave, receive or possess (e.g. cleaning or storage) any species of legally taken migratory game birds, or parts of birds, that are protected by a bag or possession limit, if the birds are accompanied by a WRD.

PROCESSING OF MIGRATORY GAME BIRDS

Except for migratory game birds processed at a cold storage or processing facility, or doves, one fully feathered wing or head must remain attached to dressed waterfowl while being transported between the place taken and the personal residence of the hunter, the personal residence of another person receiving the dressed birds or a migratory bird preservation facility.

Migratory game birds may be dressed for **immediate cooking** at a place other than a permanent residence (e.g., hunting camp). This does not include placing dressed birds in a cooler/refrigerator for later consumption while at a place other than a permanent residence. With the exception of mourning dove, white-winged dove, and white-tipped dove, hunters are encouraged to leave plumage on all doves (e.g., Eurasian collared-dove) for species identification. One fully-feathered wing or head must remain attached to all migratory game birds imported from Mexico.

SHIPPING

When shipping migratory game birds, the package must be marked with the name and address of the sender, the name and address of the persons to whom the birds are being shipped and the number of birds of each species contained in the package.

IMPORTATION LIMIT

It is illegal to import into the United States migratory game birds belonging to another person. The number of migratory game birds imported from Mexico or Canada may not exceed the export limit set by the Mexican state or Canadian province from which they were taken.

tpwd.texas.gov/oa/MexicoImport

HUNTING ON PUBLIC WATERS

Waterfowl hunters utilizing public water are encouraged to contact a local TPWD Law Enforcement office (pg. 99) or reservoir controlling authority for information on rules or permit requirements before hunting. On public hunting lands owned, administered, or leased by TPWD, a person is required to possess both a valid hunting license and Annual Public Hunting Permit to hunt migratory game birds. Licensed supervised youth under the age of 17 may hunt free of charge on these lands. For more information, check the TPWD Public Hunting Lands Map Booklet available at all TPWD offices, or tpwd.texas.gov/oa/PublicHunting.

OutdoorAnnual.com

DOVE SEASONS, LIMITS AND ZONES

There is no closed season or bag limit restrictions for Eurasian collared-doves or common pigeons (rock doves). However, it is recommended that hunters leave plumage on these birds for species identification to verify they are not part of a migratory game bird daily bag or possession limit.

Shooting hours are from one-half hour before sunrise to sunset.

ZONE	SEASON DATES	DAILY BAG LIMIT	POSSESSION LIMIT
REGULAR DOVE SEASON			
North Zone	Sep 1 - Nov 12 Dec 20 - Jan 5	15 mourning, white-winged and white-tipped doves in the aggregate, to include not more than 2 white-tipped doves	45 mourning, white-winged and white-tipped doves in the aggregate, to include not more than 6 white-tipped doves
Central Zone	Sep 1 - Nov 3 Dec 20 - Jan 14		
South Zone	Sep 14 - Nov 3 Dec 20 - Jan 23		
SPECIAL WHITE-WINGED DOVE DAYS			
South Zone	Sep 1, 2, 7, and 8 Shooting hours are from noon to sunset	15 mourning, white-winged and white-tipped doves in the aggregate, to include not more than 2 mourning doves and 2 white-tipped doves	45 mourning, white-winged and white-tipped doves in the aggregate, to include not more than 6 mourning doves and 6 white-tipped doves

HUNTING ZONES - DOVE

DUCK SEASONS, LIMITS AND ZONES

Shooting hours are from one-half hour before sunrise to sunset.

ZONE	REGULAR DUCK SEASON	YOUTH*	DUSKY DUCK**
Early Teal (statewide) Includes blue-winged, green-winged, and cinnamon teal	Sep 14 - 29		
High Plains Mallard Management Unit	Oct 26 - 27 Nov 1 - Jan 26	Oct 19 - 20	Nov 4 - Jan 26
North Zone	Nov 9 - Dec 1 Dec 7 - Jan 26	Nov 2 - 3	Nov 14 - Dec 1 Dec 7 - Jan 26
South Zone	Nov 2 - Dec 1 Dec 14 - Jan 26	Oct 26 - 27	Nov 7 - Dec 1 Dec 14 - Jan 26

* 16 years of age or younger. Regular season bag limits apply for all legal species of geese, ducks, mergansers and coots. Dusky ducks are legal during the youth-only season. Youth hunters must be accompanied by an adult at least 18 years of age.

** A dusky duck is defined as a mottled duck, Mexican-like duck, black duck and their hybrids. Due to similarities in appearance, all dusky ducks will be off limits during the first five days of the season in each zone. Recent concerns about the mottled duck populations by the U.S. Fish and Wildlife Service have forced a delay in harvest.

HUNTING ZONES - DUCKS, MERGANSER AND COOT

High Plains Mallard Management Unit: West of a line from the International Toll Bridge at Del Rio, north along U.S. Hwy. 277 to Abilene, State Hwy. 351 and State Hwy. 6 to Albany, and U.S. Hwy. 283 to Vernon, east along U.S. Hwy. 183 to the Texas-Oklahoma state line.

South Zone: South of a line from the International Bridge and U.S. 277 Spur at Del Rio, east along U.S. 90 to San Antonio, east along IH 10 to the Texas-Louisiana state line.

North Zone: Remainder of the state.

DAILY BAG & POSSESSION LIMIT

EARLY TEAL - 6 In the aggregate

REGULAR DUCK - 6 Includes no more than:

- 5 mallards (only 2 of which may be hens)
- 3 wood ducks
- 3 scaup
- 2 redheads
- 2 canvasbacks
- 1 pintail
- 1 dusky duck (mottled duck, Mexican-like duck, black duck and their hybrids are closed the first five days of the season in each zone)
- All other species not listed: 6

MERGANSER - 5

In the aggregate, to include no more than 2 hooded mergansers

COOT - 15

POSSESSION LIMIT

Three times the daily bag limit

FALCONRY

Daily bag and possession limits shall not exceed 3 and 9 migratory game birds, respectively, singly or in the aggregate

HUNTING

Dusky (Mottled) Duck Harvest Closed First Five Days of Duck Season

A dusky duck is defined as a mottled duck, Mexican-like duck, black duck and their hybrids. Due to similarities in appearance, all dusky ducks will be off limits during the first five days of the season in each zone. Recent concerns about the mottled duck populations have forced a delay in harvest.

GOOSE SEASONS, LIMITS AND ZONES

Shooting hours are from one-half hour before sunrise to sunset.

ZONE	SPECIES	DATES
East	Early Canada Goose Only	Sep 14 - 29
	Light Goose: Snow (including blue) and Ross's geese Dark Goose: All other geese (not light), including Canada and white-fronted	Nov 2 - Jan 26
	Light Goose Conservation Order	Jan 27 - Mar 15
West	Light Goose: Snow (including blue) and Ross's geese Dark Goose: All other geese (not light), including Canada and white-fronted	Nov 2 - Feb 2
	Light Goose Conservation Order	Feb 3 - Mar 15

Light Goose Conservation Order

During the Light Goose Conservation Order, the taking of light geese will be permitted by regulations established through the U.S. Fish and Wildlife Service's Conservation Order. Under the order, the following rules shall be in effect for the taking of light geese:

- No daily bag or possession limits.
- The use of electronic calls is legal.
- Unplugged shotguns holding more than 3 shells are legal.
- Shooting hours will be one-half hour before sunrise until one half-hour after sunset.

The take of any other species of migratory game birds during the conservation order is unlawful.

HUNTING ZONES - GOOSE

WESTERN ZONE: West of a line from the International Toll Bridge at Laredo, north following IH-35 and 35W to Fort Worth, northwest along U.S. Hwy. 81 and 287 to Bowie, north along U.S. Hwy. 81 to the Texas-Oklahoma state line.

EASTERN ZONE: Remainder of the state.

DAILY BAG & POSSESSION LIMIT

WESTERN ZONE

Light Geese

20 in the aggregate

Dark Geese

5, to include no more than 2 White-fronted geese

EASTERN ZONE

Early Canada Goose

5

Regular Light Geese

20 in the aggregate

Regular Dark Geese

5, to include no more than 2 White-fronted geese

POSSESSION LIMIT

Three times the daily bag limit for dark geese;
no possession limit for light geese

SANDHILL CRANE SEASONS, LIMITS AND ZONES

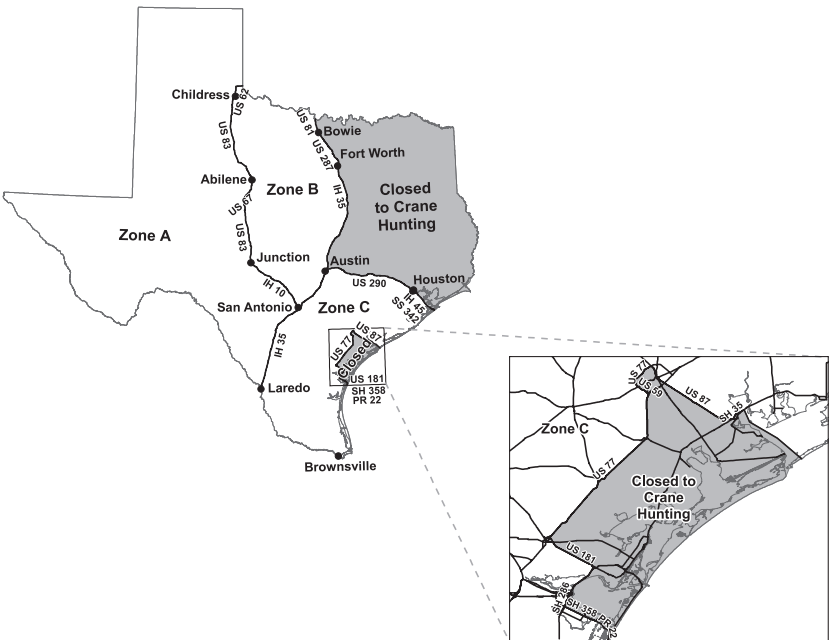

Shooting hours are from one-half hour before sunrise to sunset.

ZONE	DATES	DAILY BAG LIMIT	POSSESSION LIMIT

HUNTING ZONES - SANDHILL CRANE

HUNTING

Youth Hunting Seasons

- Only licensed hunters 16 years of age or younger are eligible to participate in youth seasons which generally occur before (or directly after) general hunting seasons.
- Youth-only hunting seasons occur for turkeys, squirrels, white-tailed deer (season dates, pg. 80-95), and waterfowl (pg. 73).
- Youth-only waterfowl season requires the youth to be accompanied by a person 18 years of age or older.
- Special requirements, bag limits, and restrictions may apply for youth-only white-tailed deer hunting seasons (pg. 67).
- A Youth Hunting License (Type 169) is valid for the entire license year regardless if the 17th birthdate occurs during the license year. However, ONLY individuals 16 years of age or younger are allowed to participate in Youth-Only seasons.

Nongame Species

A hunting license is required for the take of nongame species. There are no closed seasons, bag limits or possession limits; and, they may be hunted at any time by any lawful means or methods on private property. There may be restrictions for certain species of nongame animals (see below). In addition, be aware that public hunting lands may also have additional restrictions. If hunting at night, please make a courtesy telephone call to your local game warden (512-389-4848).

NONGAME ANIMALS (included, but not limited to the following):

Armadillos	Flying squirrels	Mountain lions	Rabbits and Hares
Bobcats	Frogs	Porcupines	Turtles (freshwater)
Coyotes	Ground squirrel	Prairie dogs	

UNLAWFUL ACTIVITIES FOR TAKE, POSSESS OR SALE OF NONGAME WILDLIFE

It is UNLAWFUL to:

- take ANY nongame species for commercial purposes (sale, offer for sale, barter, or exchange) from PUBLIC lands or waters.
- possess and sell live armadillos.
- purchase, sell, trade, transport or ship out of state bobcat pelts without the appropriate pelt tag (CITES) attached. A pelt tag must be attached prior to being transported or shipped out of this state. Pelt tags may be obtained from any permitted bobcat pelt dealer, or offices listed on pg. 99. For additional information contact TPWD at (800) 792-1112, menu 7, option 9 or (512) 389-4481.
- transport or sell live coyotes, as they are currently under a statewide rabies quarantine. Additional information: tpwd.texas.gov/oa/TransportWildlife.
- possess a diamondback terrapin at any time.
- hunt (capture, trap, take or kill) any wild animal or wild bird on a public road or the right-of-way of public roads, except that a person may capture indigenous reptiles and amphibians (for recreational purposes ONLY) on the shoulder or unpaved right-of-way of a public roadway, provided the person possesses a valid Reptile and Amphibian Endorsement, the person employs non-lethal means ONLY to capture the reptiles or amphibians, the person does not possess a trap, and the person is visibly wearing at least 144 square inches of reflective material, both front and back. No person may use artificial light from a motor vehicle to locate, capture, or attempt to capture a reptile or amphibian.
- collect from the wild, sell, offer for sale or exchange certain species of nongame wildlife; however, many species of nongame may be sold, offered for sale, bartered, or exchanged, provided the proper nongame permit has been obtained from TPWD and all reporting and recordkeeping requirements are met: tpwd.texas.gov/oa/CommercialPermits.
- take or possess any freshwater turtle for commercial purposes.

For more information on nongame regulations, permit requirements, and lists of lawful and prohibited species, contact TPWD at (800) 792-1112, menu 7 or (512) 389-4481, or go to Nongame Permits online: tpwd.texas.gov/oa/NongamePermits.

Fur-bearing Animals

A person who possesses a hunting license may take a fur-bearing animal (furbearer), provided the furbearer (or any part thereof) is not to be sold or exchanged for anything of value. There is no bag or possession limit on furbearers. A trapper's license is required for the take of furbearers for the sale of pelts and/or carcasses.

Fur-bearing animals include:

Badger	Mink	Opossum	Raccoon
Beaver	Muskrat	Otter	Skunk
Fox	Nutria	Ring-tailed cat	

TAKE, POSSESS OR SALE OF FURBEARERS

- Hunter education requirements apply.
- A department-issued CITES tag is required to be attached to all otters taken and possessed in this state. No otters may be taken or collected from a public roadway.
- Furbearers may be hunted at night on private property with the aid of an artificial light.
- No license is required if nuisance furbearers are taken while causing loss or damage to agricultural crops, livestock,

poultry, or personal property. However, such animals or their pelts may NOT be possessed or sold.

- There is no closed season for recreational harvest.

For more information on COMMERCIAL seasons, legal means, and other rules for furbearers and their pelts, consult the Fur-bearing Animal Digest, available at TPWD Law Enforcement offices (pg. 99), calling (800) 792-1112, or online: tpwd.texas.gov/oa/FurBearing.

Endangered, Threatened and Other Protected Animals

In Texas, animal or plant species of conservation concern may be listed as threatened or endangered under the authority of state law and/or under the U.S. Endangered Species Act (ESA). It is unlawful for any person to hunt threatened or endangered nongame species. To sell or purchase goods made from threatened or endangered species, proper documentation must accompany the goods. For a list of threatened and endangered species in Texas: tpwd.texas.gov/oa/endangered.

THREATENED AND ENDANGERED SUBSPECIES

Subspecies of threatened or endangered species are also protected and may not be taken or possessed. This includes but is not limited to the Eastern Timber Rattlesnake (aka Canebrake) and Indigo Snake.

PROTECTED BIRDS

Hawks, owls, falcons, eagles, and all other nongame raptors, birds and songbirds (except for the unprotected birds listed in the Non-Protected and/or Exotic Species section) are protected by various state and federal laws and may not be killed, taken from the nest, picked up, or possessed for any reason, and their feathers may not be possessed or sold. Arts and crafts may not include these protected species under any circumstances. A federal depredation permit may be issued to individuals who have evidence clearly showing certain protected wildlife is causing serious damage to commercial agricultural, horticultural, or aquacultural interests, or presents a threat to public safety. For more information, tpwd.texas.gov/oa/depredation.

BATS

May not be hunted, killed, possessed, purchased or sold; however, bats may be moved, trapped, or killed if inside or on a building occupied by people. A person may transport a bat for the purpose of laboratory testing if there is a rabies concern.

BLACK BEARS

Black bears are listed as a Texas state threatened species. They are protected and cannot be hunted or killed. Please report black bear sightings or mortalities to (512) 389-4505.

“CANNED HUNTS” (DANGEROUS WILD ANIMALS)

No person may kill or attempt to injure a dangerous wild animal (African or Asiatic lion, tiger, leopard, cheetah, hyena, bear, elephant, wolf, or rhinoceros, or any subspecies or hybrid of these animals) that is held in captivity in this state or that is released from captivity in this state for the purpose of being killed, nor may any person conduct, promote, advertise, or assist in the hunting of a dangerous wild animal (Parks and Wildlife Code §62.101-§62.107).

Non-Protected and/or Exotic Species

On private property, there are no required means and methods of take, state bag or possession limits, or closed seasons (hunting hours) on exotic animals, exotic fowl or other species not included in any of the previously addressed categories.

EXOTIC ANIMALS AND FOWL

An exotic animal is any animal that is not indigenous to Texas, including but not limited to aoudad sheep, axis deer, elk, sika deer, fallow deer, red deer, and blackbuck and nilgai antelope. An exotic fowl is any avian species that is not indigenous to Texas and is also not protected by the federal Migratory Bird Treaty Act, including but not limited to ratites (emu, ostrich, rhea, cassowary, etc.).

It is UNLAWFUL to:

- hunt an exotic without a valid hunting license (Class C misdemeanor);
- hunt an exotic on a public road or right-of-way. (Class A misdemeanor);
- hunt an exotic without the landowner's permission. (Class A misdemeanor); or
- possess an exotic or the carcass of an exotic without the owner's consent (Class A misdemeanor).

FERAL HOGS AND COYOTES

- Hunter Education requirements apply.
- No hunting license is required to hunt feral hogs on private property with landowner authorization.
- Transportation and release of live feral hogs is unlawful, unless in compliance with Texas Animal Health Commission (TAHC) regulations. The TAHC regulates the movement of feral swine for disease-control purposes. For more information please call TAHC at (800) 550-8242 or visit tpwd.texas.gov/oa/tahc.
- A resident or non-resident hunting license is not required to hunt depredating coyotes on private property with landowner authorization.

MOUNTAIN LIONS

Mountain lions are classified as nongame animals; they are not protected and can be harvested at any time. Please report mountain lion sightings, harvests or mortalities to (512) 389-4505.

UNPROTECTED BIRDS

Birds not protected by any state or federal law include European starlings, English sparrow (house sparrow), feral rock doves (common pigeon), Egyptian geese, Muscovy ducks (only outside Rio Grande Valley counties) and Eurasian collared-doves; these species may be killed at any time, their nests or eggs destroyed, and their feathers possessed.

Yellow-headed, red-winged, or Brewer's blackbirds and all grackles, cowbirds, crows, or magpies may be controlled without a federal or state depredation permit when found committing or about to commit depredation on ornamental or shade trees, agricultural crops, livestock, or wildlife, or when concentrated in numbers and in a manner, that constitutes a health hazard or other nuisance (Federal Regulation 50 CFR 21.43).

OutdoorAnnual.com

COUNTY LISTINGS

Restricted Areas in Counties

UNLAWFUL MEANS AND METHODS IN SPECIFIC COUNTY AREAS

It is UNLAWFUL to:

- possess, shoot or hunt with a firearm or any archery equipment on all land and water in the Aransas River and Poesta Creek in Bee County; on all land and public water in the state-owned riverbeds of La Salle and McMullen counties; and on all land and public water in the state-owned riverbeds of the Nueces, Frio and Atascosa rivers in Live Oak County; except for waterfowl hunting on any reservoir (existing or to be constructed) owned, operated, or maintained by a government entity.
- discharge a firearm or shoot an arrow in or on the bed or bank of a navigable stream in Dimmit, Edwards, Frio, Hall, Kenedy, Llano, Maverick, Real, Uvalde, or Zavala counties, or discharge or shoot an arrow that could physically contact the bed or bank of a navigable stream in these counties. This law does not apply to persons fishing by means of archery equipment (special gear requirements apply, pg. 35) or shotguns loaded with shot, including buckshot. A shotgun slug is prohibited.
- hunt on water of Stillhouse Hollow Reservoir or land adjacent to the reservoir owned by the federal government in Bell County, except for game birds hunted with a shotgun. A hunter must be 600 feet from the nearest private property line.
- discharge a pistol or rifle in, on, along, or across Wallisville Reservoir, and Lake Anahuac in Chambers County; the water of the Trinity River or Wallisville Reservoir in Liberty County.
- discharge any firearm or shoot any crossbow or bow and arrow on, along, or across the waters of Oyster Bayou in Chambers County from State Hwy. 65 south to the mouth of Oyster Bayou in the East Bay.
- hunt wild animals or wild birds or target shoot on land in Harris County owned by another without having in immediate possession written consent of the landowner of that land. The written consent must contain the hunter's name, identify the land on which hunting or target shooting is permitted, be signed by the landowner or legal agent for the owner, and must show the address and phone number of the person signing consent. The owner or agent and any person hunting or target shooting with the owner or agent on public or private shooting ranges are exempt from this special regulation.

For additional restrictions in Callahan, Cass, Collin, Harrison, Marion Morris, Panola and Wood counties:
tpwd.texas.gov/oa/RestrictedAreas

Hunting on Federal Lands

- It is the responsibility of the hunter to be aware of applicable federal regulations on federal lands (Forest Service, National Recreation Areas, Corps of Engineers, etc.).
- On USFS lands, antlerless deer may only be taken during archery, muzzleloader, and youth-only seasons, during the 4-day season (known as "doe days") on LBJ National Grasslands in Montague and Wise counties, or by USFS Antlerless Deer Permit on USFS WMAs.

MANDATORY Harvest Reporting

Harvest reporting is now mandatory for antlerless white-tailed deer in select south-central Texas counties (pg. 67) and alligator gar statewide (pg. 41, except for Falcon International Reservoir). Eastern turkey harvest reporting also remains mandatory (pg. 69).

Report online or on the My Texas Hunt Harvest app:
tpwd.texas.gov/myhunt

On-site registration for public hunting is also now available online or through the My Texas Hunt Harvest app.

Turkey bag limit: Four, in the aggregate, no more than one of which may be an eastern turkey.

Javelina bag limit: Two per license year.

Definitions - Hunting, Fishing and Boating

Active duty

Full-time military service in the U.S. Army, Navy, Marines, Air Force, Coast Guard, Reserves, National Guard or Texas State Guard; includes full-time training duty and attendance while in active service at a school designated as a service school by law or by the Secretary of the military department.

Aggregate limit

A daily bag or possession limit composed of more than one species or a single bag limit that applies to a group of counties.

Aircraft

Any mechanical device used for flight; this includes unmanned aerial vehicles (aka drones). Aircraft may not be used, or any attempt, to hunt, locate (including wounded animals), photograph, count, harass, drive any animal without a department-issued permit.

Air gun

A device that fires a bullet solely by the use of unignited compressed gas as the propellant.

Annual bag limit

(alligator, deer, pronghorn, turkey or javelina)
The maximum number of these species that may be lawfully taken by a hunter during a license year.

Artificial lure

Any lure (including flies) with hook or hooks attached that is man-made and is used as a bait while fishing.

Arrow gun

A device that fires an arrow or bolt solely by the use of unignited compressed gas as the propellant.

Bait

Something that intentionally or unintentionally lures any wildlife resource. Includes, but not limited to, salt, grain, minerals, or other feed, directly or indirectly placed, exposed, deposited, distributed, or scattered. Does not include scent attractants for animals. It is unlawful to use game fish or any part thereof as bait.

Baited area

Any (public or private) area where bait is found. For migratory birds, this could include adjacent properties. There is no set distance from a baited area that a bird/animal may be hunted if the flight path or behavior is altered by its placement. It is the hunter's responsibility to know if an area is baited. These areas are unlawful for ALL migratory birds and eastern wild turkeys and Public Hunting Land.

Buck deer

A deer with a hardened antler protruding through the skin. Deer with antlers completely covered in velvet are also considered buck deer. For tagging purposes, ALL OTHER DEER ARE ANTLERLESS DEER, regardless of sex.

Catch

To take or kill and includes an attempt to take or kill.

CITES

Convention on International Trade in Endangered Species is an international agreement between governments to ensure that international trade in wild animals and plants does not threaten their survival.

Community fishing lake

All public impoundments 75 acres or smaller located totally within incorporated city limits or a public park, and all impoundments of any size totally within the boundaries of a state park. For a listing of specific fishing regulations for these waters, pg. 43. For a list of Community Fishing Lakes in a specific area, call (800) 792-1112 (menu 3) or check online: tpwd.texas.gov/oa/LakeFinder.

Closed season

For any species, the period of time, if any, when fishing or hunting that species is not permitted.

Culling

Release of a fish after it was held in an angler's possession to be replaced with another fish of the same species.

Daily bag limit (Anglers)

Quantity of a species of a resource, such as fish, that may be taken in one day.

Daily bag limit (Hunters)

The maximum number of game animals/birds that may be lawfully taken or possessed by a hunter in one day. No person shall possess more than one daily bag limit while in the field or travelling to or from the field.

Day

A 24-hour period of time that begins at midnight and ends at midnight.

Depredation

Causing damage or destruction to property, commercial crops or native environments.

Edible condition

Fit for human consumption, but does not include any portion of a game bird, game animal, or fish that is bruised ("blood-shot") by a bullet, shot, or arrow; otherwise destroyed as a result of harvest; decayed or rotting; or obviously infected or diseased.

Final destination

The permanent residence (definition, pg. 98) of the hunter; the permanent residence of any other person receiving the animal/bird carcass part of an animal/bird carcass; or a cold storage or processing facility.

Final processing

The cleaning of a dead wildlife resource for cooking or storage purposes. For a deer or pronghorn carcass, the term includes the processing of the animal more than by quartering.

Fishing

The act of taking or attempting to take aquatic animal life by any means.

Fishing guide

A person who, for compensation, accompanies, assists, or transports a person or persons engaged in fishing in the water of this state.

Fishing guide deck hand

A person in the employ of a fishing guide who assists in operating a boat for compensation to accompany or to transport a person or persons engaged in fishing in the water of this state.

Gear tag

A tag constructed of material as durable as the device to which it is attached. The gear tag must be legible, contain the name and address of the person using the device and the date the device was set out. Date is not required for saltwater trotlines or crab traps fished under a commercial license. For juglines and freshwater trotlines, properly marked buoys or floats qualify as valid gear tags.

Hunt

To capture, trap, take, or kill, and includes the act of attempting to capture, trap, take, or kill.

Immediate consumption

The preparation process for a carcass portion to be immediately cooked and eaten. This would not include processed portions stored while marinating for later consumption.

Lawful archery and crossbow equipment

Long-bows, recurved bows, compound bows, or crossbows.

Legal shotgun for migratory game birds

Shotguns not larger than 10-gauge, fired from the shoulder, and incapable of holding more than three shells. Shotguns capable of holding more than three shells must be plugged with a one-piece filler (plug) which cannot be removed without disassembling the gun, so the gun's total capacity does not exceed three shells.

Legal shooting hours for all game animals and nonmigratory (upland) game birds

The period from one-half hour before official sunrise to one-half hour after official sunset. For information on sunrise/sunset hours: tpwd.texas.gov/oa/sun

Legal shooting hours for migratory game birds

The period from one-half hour before official sunrise to official sunset except during the Special White-winged Dove Days (noon to sunset). For information on sunrise/sunset hours: tpwd.texas.gov/oa/sun

Livestock

Includes but is not limited to cattle, horses, mules, sheep, goats and domesticated/non-feral swine.

Manipulation

The alteration of natural vegetation or agricultural crops, including but not limited to mowing, shredding, discing, rolling, chopping, trampling, flattening, burning and herbicide treatments. Manipulation does not include the incidental distributing or scattering of grain, seed or other feed after removal from or storage on the field where grown. (Only lawful for dove hunting, NOT waterfowl or cranes.)

Migratory bird preservation facility

A stationary facility designed and constructed to store or process game birds.

Migratory game birds

Includes all wild species of ducks, mergansers, geese, coots, rails, gallinules, plovers, Wilson's snipe or jacksnipe, woodcock, doves (mourning, white-winged, white-tipped or white-fronted), red-billed pigeons, band-tailed pigeons, shorebirds of all varieties, and sandhill cranes. Does not include Eurasian collared-dove and Egyptian geese.

Motorboat

Any vessel propelled or designed to be propelled by machinery, whether or not the machinery is permanently or temporarily affixed or is the principal source of propulsion.

Natural vegetation

Any non-agricultural, native or naturalized plant species that grows at a site in response to planting or from existing seeds or propagule. Natural vegetation does not include planted millet. However, planted millet that grows on its own in subsequent years after the planting is considered natural vegetation (only natural vegetation may be manipulated for waterfowl and crane hunting.)

Nongame fish

All species not listed as game fish except endangered and threatened fish, which are defined and regulated under separate rules.

Non-resident

A person who is not a Texas resident (proof of residency requirements, pg. 17). Non-residents under 17 years of age are considered residents for the purchase of the youth hunting license (Item 169).

Non-toxic shot

Any shot type that does not cause sickness or death when ingested by migratory birds. Approved shot includes steel, including copper, nickel or zinc-coated steel, bismuth-tin, tungsten-iron, tungsten-polymer (i.e., moly-shot), and any other nontoxic material approved by the Director of the USFWS. tpwd.texas.gov/oa/NontoxicShot

Normal agricultural planting, harvesting, and post-harvest manipulation

A normal agricultural planting or harvesting undertaken for the purpose of producing and gathering a crop, or manipulation (including post-harvest) after such harvest and removal of a crop, that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture. Includes commercial harvest, loading and unloading. Does not include the broadcast spreading of seed that is normally drill-planted.

Normal stabilization practice

A planting for agricultural soil-erosion control or post-mining land-reclamation conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Dept. of Agriculture.

Open season

The period of time during which it is lawful to pursue, hunt, take, or attempt to take a specified animal, bird, or fish. The dates in this guide are opening and closing dates for the open season which includes all dates between them.

Operate

To navigate or otherwise use a motorboat or a vessel.

Outboard motor

Any self-contained internal combustion propulsion system, excluding fuel supply, which is used to propel a vessel and which is detachable as a unit from the vessel.

Party boat

A vessel, other than a sailboat, of 30 feet or more in length that is operated on inland waters of the state by the owner of the vessel or an employee and is rented or leased for a recreational event for more than six passengers.

Permanent residence

One's principal or ordinary home or dwelling place. This does not include one's temporary abode or dwelling such as a hunting/fishing club, or any club house, cabin, tent, car, truck, or trailer house used as a hunting/fishing club, or any hotel, motel, or rooming house used during a hunting, fishing, pleasure, or business trip.

Personal watercraft

A type of motorboat that is specifically designed to be operated by a person or persons sitting, standing, or kneeling on the vessel rather than in the conventional manner of sitting or standing inside the vessel.

Possession limit (hunters)

The maximum number of any animal or bird that may be possessed by any person at any place. This limit only ceases when a bird or animal is legally finally processed or reaches its final destination. Final processing may only occur at final destination or cold storage facility.

Possession limit (anglers)

The maximum number of fish a person may possess before returning to their residence. Possession limit is twice the daily bag on game and nongame fish, except as provided in this guide, and does not apply to fish in the possession of or stored by a person at their residence.

Pre-charged pneumatic

An air gun or arrow gun for which the propellant is supplied or introduced by means of a source that is physically separate from the air gun or arrow gun.

Pronghorn antelope (*Antilocapra americana*)

In this document, "pronghorn" means "pronghorn antelope." More information: tpwd.texas.gov/oa/pronghorn

Quartered

A deer or pronghorn is considered quartered when the forequarters, hindquarters, and back straps have been completely severed from the carcass.

Residence (anglers)

A permanent structure where a person regularly sleeps and keeps personal belongings such as furniture and clothes, but does not include a temporary abode or dwelling such as a

hunting or fishing club, or any club house, cabin, tent or trailer house or mobile home used as hunting or fishing camp, or any hotel, motel or rooming house used on a temporary basis.

Resident

A person who has lived continuously in Texas for more than six months immediately before buying their license, officially documented members of the Kickapoo Traditional Tribe of Texas or members of the U.S. Armed Forces (and their dependents) on "active duty" (pg. 96) anywhere. A person who claims residency in any other state for any purpose and is not an officially-documented member of the Kickapoo Traditional Tribe of Texas or a member of the U.S. Armed Forces (or dependent) on active duty is not a resident.

Sell

To transfer the ownership or the right of possession of an item to a person for consideration and includes a barter and an even exchange.

Sinkbox

A low floating device concealing a person below the surface of the water. Sinkboxes are unlawful.

Upland game bird

Wild turkey, wild grouse, wild prairie chickens, wild pheasants of all varieties, wild partridge, wild bobwhite quail, wild scaled quail, wild Mearn's quail, wild Gambel's quail, chachalacas.

Vessel

Any watercraft, other than a seaplane on water, used or capable of being used for transportation on water.

Waterfowl

Ducks (including teal), geese, mergansers, and coots. Does NOT include Sandhill Crane.

Wildlife resource

Any wild animal, wild bird, or aquatic life.

Wildlife Resource Document (WRD)

A document that allows a person to give, leave, receive, or possess any species (or part of) of legally taken game birds, game fish or game animals; WRD must contain:

- (A) name, signature, address, and hunting license number of the person who killed or caught the wildlife resource;
- (B) name of the person receiving the wildlife resource;
- (C) description of the wildlife resource (number and type of species or parts);
- (D) date the wildlife resource was killed or caught; and
- (E) location where the wildlife resource was killed or caught (name of ranch; area; county).

Wounded deer

A deer leaving a blood trail.

Youth (for the purposes of participation in Youth-Only hunting seasons or special youth events)

Any person 16 years of age or younger. For the federal Youth Waterfowl Weekend, the youth must be accompanied by an adult at least 18 years of age (adult is required to accompany the youth during special youth-only duck season, but is NOT required to be licensed). To hunt waterfowl, all persons 16 years of age and older must have a Federal Duck Stamp.

FISHING CLOSE TO HOME

Fishing is one of the best ways to connect with family and friends in the great outdoors, and to help grow the next conservation generation. But finding a place to fish in Texas' rapidly growing urban and suburban areas can be tough. To help, Texas Parks and Wildlife has partnered with locals to offer high-quality urban fisheries in city, county and state parks and all across Texas.

First-time anglers and families can find beginner-friendly opportunities at 19 Neighborhood Fishin' lakes in the Houston area, Dallas-Fort Worth, Austin and San Antonio. These are stocked regularly with channel catfish in warmer months and rainbow trout in winter months. Neighborhood Fishin' lakes are all located in parks with ample parking, restrooms, lighting and plentiful recreational amenities.

More experienced anglers, or those looking for more fish variety, can also find opportunities at the hundreds of Community Fishing Lakes and reservoirs near urban areas throughout the state. These range from small neighborhood ponds to larger impoundments, offering diverse options for shoreline, boat and kayak fishing for the harvest-oriented or catch-and-release angler. Urban anglers seeking great fishing close to the city can find it at John Paul's Landing in Houston, White Rock Lake in Dallas, and

Lady Bird Lake in Austin. Find hundreds more at tpwd.texas.gov/wheretofish.

Wherever we go, let's remember to be good stewards by following fishing regulations and bag limits, and properly disposing of fishing line and trash. These conservation practices benefit the fish and wildlife that share these spaces and make sure we'll all have a safe and enjoyable fishing experience into the future. Don't forget your license—anglers over 17 need one to fish in any public water outside a Texas State Park. Licenses cost as little as \$11 for one-day, all-water access. For more information, visit tpwd.texas.gov/buy.

EXPERT TIPS TO COME HOME SAFE FROM THE HUNT

SAFE ZONE OF FIRE

Last year, Texas had the lowest number of firearm-related hunting incidents (17) since the mid-1960s. With over 1 million licensed hunters, hunting is safer than most recreational activities (nssf.org), in large part because of hunter education.

But even one tragic accident is too many. Thinking "Safety first!" and avoiding these common mistakes is the key!

1. Careless Handling: Make sure the muzzle of your firearm is pointed in a safe direction at all times, especially in and around vehicles. This #1 rule is critical while handling all firearms. Also, keep your finger outside the trigger guard until ready to fire, and unload when not hunting.
2. Swinging on Game Outside of a Safe Zone of Fire: The most common

accident while dove or quail hunting, taking shots outside of your "safe zone" is second only to careless handling. Be constantly aware of other people and your surroundings. Wear blaze orange to be seen. Know what is in front of and beyond the line of fire.

3. Hog Hunting Mishaps: Hog hunting has become wildly popular in Texas. Being familiar with modern sporting rifles and handguns and being extra cautious during hours of diminished light are two considerations when hunting these wily animals.

For more information, go to www.tpwd.texas.gov/huntered

SQUIRREL HUNTING: SMALL GAME, BIG OPPORTUNITY

Everything is bigger in Texas, particularly where hunting's cultural heritage is concerned. However, when it comes to game animals, there's one critter that stands head and shoulders below the rest—the squirrel—yet carries a hunting legacy outspanning that of the state's prized white-tailed deer.

Throughout the eastern half of the state, not long ago, squirrel hunting was more than a pastime—it was a social ritual where large family groups gathered in the fall at hunting camps. As land use practices changed and deer numbers improved, squirrel hunting has faded into the woods. The good news is the challenge and opportunity to pursue the wily bushytail is still there for the taking.

Two species of squirrels (gray or “cat squirrels” and red or “fox squirrels”) are considered game animals in the Lone Star State, and once you've pursued them you'll understand why. They are agile and skittish, which requires stealth and patience to hunt them effectively. Many squirrel aficionados prefer “still hunting,” slipping through the woods slowly and quietly scanning tree canopies for the twitch of a bushy tail or the shaking of a limb. Others prefer hunting behind tracking dogs, which are legal providing you have landowner permission on private property or are on permitted public lands. A .22 caliber scoped rifle or a shotgun with #4 or #6 shot are the preferred firearms

of choice by most squirrel hunters.

There are 51 counties in East Texas that have both a spring and fall hunting season. An additional 157 counties elsewhere in the state are open to squirrel hunting year-round. Only in the Panhandle and far West Texas there is no hunting season on squirrels.

In addition to private property, East Texas offers plenty of affordable access to public hunting lands. In addition to Texas Parks and Wildlife Department wildlife management areas (accessed with a \$48 Annual Public Hunting permit), national forests, including the Sam Houston, Sabine, Angelina and Davy Crockett are also prime squirrel haunts.

Information about squirrel hunting on public lands in Texas can be found on the TPWD website at www.tpwd.texas.gov/pubhunt.

TEXAS COASTAL PADDLING TRAILS OFFER GREAT ANGLING ALTERNATIVES

If you're reading this while standing on the pier waiting for the fish to bite, there are alternatives. You can get to where the fish are biting without hiring a fishing guide or investing in a motor boat. Some of the best fishing, and sightseeing adventures, on the Texas coast can be had from a paddlecraft. Best of all, you don't have to be a world class explorer. The Texas Parks and Wildlife Department has already blazed the trails for you, thanks to a 20-year effort to partner with landowners and communities to open up access to waterways for paddling.

Paddling through the shallow coastal trails, red drum are often seen tailing, which makes these locations popular with kayak anglers. Spotted seatrout, flounder, and black drum are also commonly sought after by anglers using the coastal trails. Try wade fishing at the Lighthouse Lakes, Galveston Island State Park, or Christmas Bay paddling trails. These areas provide a hard bay bottom to stand on and relatively shallow water.

Kayak anglers and other paddlers aren't the only ones benefitting from these trails. Communities with a local paddling trail learn to take pride in their waterways and recognize the importance of the natural resources they have in their backyard. Texas Paddling Trails also help to raise awareness

about the importance of conservation.

Be sure to check the tide and local weather conditions before heading out for a day of fishing on one of our coastal paddling trails. State and Federal regulations also require you to have a personal flotation device, a whistle or horn, and if you plan to be on the water at night, a white light source. For more information visit about the Texas Paddling Trails, visit www.tpwd.texas.gov/paddlingtrails.
