

**Definitions**

**Trails\*** – A travel way defined by a natural surface path or series of rock cairns and/or other identifiable markings which can be navigated on foot, stock or MTB bicycle as designated. All trails are non-motorized use only.

\* Visitors should check with park staff prior to traveling any trails to determine conditions or appropriateness of use, especially equestrian or mountain bike users.

**Road Trace** – An unmaintained remnant of a previous road or vehicular travelway in the park. No vehicular access is permitted.

**Graded (2WD)** – Graded, unpaved road passable by standard street legal vehicles when driven responsibly. Main park road and selected campsite and road spurs. Regularly maintained. Full size spare tire recommended.

**2 WD High Clearance (2 Wheel Drive High Clearance)** – Unpaved road normally passable by standard street legal vehicles with high ground clearance. Clearance necessitated by typical road or route conditions (obstacles, steep dips, etc.). Not maintained continuously.

**4-Wheel Drive (4WD, also may include HC All Wheel Drive)** – Primitive roads similar to 2WDHC but requiring extra traction to accommodate steep grades, loose or soft substrates. Passage requires low-range gears occasionally. Jacks, shovels and multiple spare tires advised. Irregularly maintained.

**4-Wheel Drive - Unmaintained (4WD High Clearance)** – Primitive roads harsher than 4WD. Passage requires vehicles with extra traction, rigid suspension and high clearance. Four-wheel-drive required, E Load Range tires recommended. Jacks, shovels extraction gear and multiple spare tires advised. Some road building may be required.
