### Cleburne State Park

Discover the hidden oasis of Cedar Lake nestled below rugged limestone bluffs.

Built by Civilian Conservation Corps Company 3804, spring-fed Cedar Lake is the sparkling centerpiece of the park. Grab your tackle and explore the fishing trails. Then hike or bike the hardscrabble limestone hills through the cedar brakes.

### STAYING SAFE

**KNOW YOUR LIMITS.** Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.

**DRINK PLENTY OF WATER.** Your body quickly loses fluids when you’re on the trail. Bring a quart (32 oz.) of water per hour of activity.

**TELL OTHERS WHERE YOU’LL BE.** If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

**WEAR A HELMET.** When biking, check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.

**POTENTIALLY HARMFUL PLANTS AND ANIMALS MAY LIVE HERE.** You’ll see them more easily if you stay on trails. Do not approach wildlife.

### TRAIL ETIQUETTE

**Trash your trash.** Keep the park natural. Pack out all of your trash and Leave No Trace.

**Leave feeding to nature.** Feeding wild animals will make them sick and more likely to cause harm to people.

**Take only memories and pictures.** Please don’t disturb or remove any of the park’s plants, animals or artifacts.

**Keep pets on leashes** for their safety and to protect wildlife.
