Discover nature and Texas history at Fort Parker State Park.

Relax and enjoy the natural beauty of this recreational oasis built by the Civilian Conservation Corps on the Navasota River. Here the oak woodlands begin to blend into the western prairies, creating a rich natural diversity for wildlife watching. Hike the shady trails along the lake, or enjoy kayaking or canoeing on Fort Parker Lake.

STAYING SAFE

KNOW YOUR LIMITS. Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.

DRINK PLENTY OF WATER. Your body quickly loses fluids when you're on the trail. Bring a quart of water per hour of activity.

TELL OTHERS WHERE YOU'LL BE. If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

WEAR A HELMET. When biking, check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.

POTENTIALLY HARMFUL PLANTS AND ANIMALS MAY LIVE HERE. You'll see them more easily if you stay on trails. Do not approach wildlife!

YOU MAY NOT BE ABLE TO CONNECT. It's a good idea to take along a cell phone and GPS unit, but don't count on them.
