Dinosaur Valley State Park

Walk where the dinosaurs roamed.

Make tracks of your own in this park where dinosaurs left their footprints. As you wade across the cool, clear waters of the Paluxy River, look for the footprints of *Sauroposeidon proteles*, the official state dinosaur of Texas. Explore dinosaur track sites and over 20 miles of trails, which take you to the limestone ridges overlooking the Paluxy River Valley.

**STAYING SAFE**

**KNOW YOUR LIMITS.** Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.

**DRINK PLENTY OF WATER.** Your body quickly loses fluids when you’re on the trail. Bring a quart of water per hour of activity.

**TELL OTHERS WHERE YOU’LL BE.** If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

**WEAR A HELMET.** When biking, check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.

**POTENTIALLY HARMFUL PLANTS AND ANIMALS MAY LIVE HERE.** You’ll see them more easily if you stay on trails. Do not approach wildlife!

**FLASH FLOODING CAN OCCUR.** Be alert to local conditions as weather can change rapidly.

**TRAILS CAN BE STEEP AND ROCKY.** Watch out for steep cliffs and bluffs. You may find a walking stick helpful. Exercise caution when crossing the river, the rocks are very slippery. Consider wearing boots or waders.

**TRAIL ETIQUETTE**

**Trash your trash.** Pack out all of your trash and Leave No Trace.

**Leave feeding to nature.** Feeding wild animals will make them sick. Please do not feed them.

**Don't Pocket the Past.** Help preserve Texas heritage. Leave artifacts where you find them and report their location to a ranger.

**Campfires are not permitted** in the backpacking camping area due to potential for ground scarring and wildfires.
