Cedar Hill State Park

Take to the trails for adventure!

Tallgrass prairie meets rugged limestone at the White Rock Limestone Escarpment. Remnants of historic Texas Blackland Prairie provide important habitat for prairie wildlife and migratory birds.

STAYING SAFE

KNOW YOUR LIMITS. Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.

DRINK PLENTY OF WATER. Your body quickly loses fluids when you’re on the trail. Bring a quart (32 oz.) of water per hour of activity. Bringing your furry-friend? Don’t forget water for them, too!

TELL OTHERS WHERE YOU’LL BE. If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

WEAR A HELMET. When biking, always ride to your skill level. Wear a helmet to protect yourself in case of a crash.

POTENTIALLY HARMFUL PLANTS AND ANIMALS LIVE HERE. You’ll see them more easily if you stay on trails.

YOU MAY NOT BE ABLE TO CONNECT. It’s a good idea to take along a cell phone and GPS unit, but don’t count on them.

TRAIL ETIQUETTE

Trash your trash. Keep the park natural. Pack out all of your trash and Leave No Trace.

Leave feeding to nature. Feeding wild animals will make them sick and more likely to cause harm to people.

Don’t Pocket The Past. Help preserve Texas heritage. Leave artifacts where you find them and report their location to a ranger.

Keep pets on leashes to keep them safe, while protecting wildlife.

Be aware of trail closures after any rainfall. Call park headquarters for information regarding trail closures.

FOR EMERGENCIES, PLEASE CALL 9-1-1.
