Lake Whitney
State Park

Visitors to Lake Whitney State Park can fish from anywhere within the boundary of the state park without a fishing license, with the exception of the designated swimming area, the boat ramp, and boat ramp courtesy dock.

This water carries bacteria that can spread serious illnesses and food particles that can attract undesirable animals, including ants.

- Only one camping unit per site is permitted to hook up to utilities.
- Pets must be kept on a leash no longer than six feet and must not be left unattended. This keeps them and others safe while protecting wildlife.
- Fines are permitted only in designated fire rings or posted grills.
- Ground food scars rocks and soil and may cause wildfires.
- Gathering firewood is prohibited. Dead wood is an important source of food and shelter to wildlife and it replenishes nutrients in the soil.
- DO LIFEGUARD is on duty. Swim at your own risk.
- Pets, fishing or glass containers are not allowed in the designated swimming area. Pets can create unhealthy conditions and may feel threatened by strangers in close proximity. Broken glass and fishing tackle can cause serious injury to bare feet.
- Loud music is prohibited. Respect your fellow park visitors. Excessive noise can ruin your neighbor's outdoor experience.
- Boating is permitted at wakeless speeds only between the boat ramp and designated swimming area. Excessive wake can disturb wildlife and pose a hazard to non-motorized boaters.
- Persons under 18 years old are not permitted to ride in the back of a pickup truck. This state law was enacted to provide for child safety.
- The posted speed limit is 30 MPH on Park Road 47 and 10 MPH in the camping and day-use loops. Help protect your family, park wildlife, resources and other visitors by adhering to the posted speed limit.
- Stop the spread of invasive species. CLEAN, DRAIN and DRY your boat.
