TRAIL ETIQUETTE

The future of Huntsville State Park is in your hands. Here's how you can help protect this special place:

- **Stay on designated trails.** Protect yourself, wildlife and vegetation.
- **Leash your pets.** Leashes protect your pets, other people and wildlife.
- **Trash your trash.** Keep this park natural, pick up litter and put it in its place.
- **Geocachers.** Geocachers must respect resources and cache in, trash out.
- **Take only memories and pictures.** Federal and state law protects all plants, animals and artifacts.
- **Respect fellow trail users.** Be courteous to all trail users; bikers must yield to hikers.
- **Protect Texas history.** Historic Civilian Conservation Corps structures exist in the park. Please observe these protected structures with admiration and respect.
- **Preserve your trails.** Biking on wet trails can cause rutting and lead to erosion and destruction of trails.

STAYING SAFE

Know before you go, plan ahead and be prepared.

- **Weather conditions change rapidly.** Forecasts and trail conditions available at Park Headquarters.
- **Let others know your plans** (anticipated activity and timeframe). If you go alone, leave details visible from your vehicle.
- **Know your surroundings.** Don't forget your map and keep track of your route.
- **Know your limits.** Prepare for sun and heat. Take plenty of water, snacks and a first aid kit.
- **People average two miles per hour hiking.** We recommend you take at least one full quart of water per hour of activity.
- **Potentially harmful wildlife and plants exist in the park.** Stay on trails/mowed areas where you can see possible snakes, alligators and poison ivy.
- **Helmets are advised when bicycling in the park.**
- **Canines need care, too.** Bring water for them to drink, and pick up and pack out their waste.

POINTS OF INTEREST

(GPS coordinates given in Lat/Long Minute Decimal – NAD 83)

- 1 Headwater Boardwalks** (30° 37.593" N; 95° 32.201" W)
Hike above wetlands and marshes of Lake Raven's headwaters. An excellent place for viewing birds, dragonflies and other wildlife species.
- 2 Historic Dam and Spillway** (30° 36.345" N; 95° 32.013" W)
Originally constructed by the CCC to create Lake Raven, the 1,000-foot earthen dam failed in 1940 and was not rebuilt until funds from timber sales were raised in 1956.
- 3 CCC Culverts** (30° 38.025" N; 95° 31.163" W)
An excellent example of CCC craftsmanship built by Company 1823. This African-American company of World War I veterans also worked at Longhorn Cavern and Palmetto state parks.
- 4 CCC Lodge** (30° 36.517" N; 95° 32.068" W)
Built by the CCC in 1939, the lodge was a major feature of the park and designed to blend with its natural surroundings.
- 5 Tram Railroads** (30° 36.437" N; 95° 32.452" W)
A number of trails lie along historic tram railways which hauled timber from the area around the turn of the 19th century until World War I.
- 6 Bird Blind** (30° 37.258" N; 95° 31.736" W)
Located just off the Coloneh Trail, this blind gives you an opportunity to view a wide variety of birds, including the Great Blue Heron, Pileated Woodpecker, Great White Egret, Red-shouldered Hawk and many other species.
- 7 Nature Center and Outdoor Amphitheater** (30° 37.347" N; 95° 31.410" W)
Interpretive hub of the park. Exhibits include history and natural features of the park, and live exhibits. Check here for morning and evening programs.
Loblolly Interpretive Trail
Walk the 0.2-mile Loblolly self-guided trail to discover what lives along this trail.
- 8 Akokisa Trailhead** (30° 38.038" N; 95° 31.354" W)
This **hiking only** access trail takes you to the Sam Houston National Forest trail system. This National Recreation Trail, which meanders the breadth of the National Forest, is over 129 miles long.
- 9 Flatwater Ponds** (30° 36.554" N; 95° 31.130" W)
The Triple C Trail partially dams Little Chinquapin Creek to create a unique wetland area in the middle of the forest.

SUGGESTED HIKES

Distance and Approximate Hiking Time	Trail	Description	Trail Profile	Meanings behind the trail
1.5 miles 45 minutes	Prairie Branch Loop	Explore two completely different habitats as you walk this short loop. One half of the trail's length is along the shore of Lake Raven, and the other half is through the mixed pine and hardwood forest. Notice the difference in plant and animal life as you experience the different habitats.		<p>Triple C (8.5 miles) — This boundary trail honors Company 1823 of Civilian Conservation Corps (CCC). The African-American company helped construct the park beginning in 1937.</p> <p>Chinquapin (6.8 miles) — Named after the Big and Little Chinquapin creeks, not the oak tree. Today, no chinquapins exist in the park.</p> <p>Prairie Branch Loop (1.5 miles) — Four named creeks flow into Lake Raven, but only Prairie Branch Creek flows out through the man-made dam to the south.</p> <p>Coloneh (0.8 miles) — Named to honor one of Huntsville's most famous residents – General Sam Houston who was given the name "Coloneh" (raven) from Cherokee Chief Olooteka.</p> <p>Akokisa (0.3 miles) — Named for the indigenous tribe that lived on Galveston Bay and the lower Trinity and San Jacinto rivers. This access trail takes you to the Sam Houston National Forest trail system.</p> <p>Loblolly (0.2 miles) — Named for the prominent pine species found at the park.</p>
1.78 miles 1 hour	Dogwood Trail Loop	Named for the prominent understory tree here, the dogwood. Dogwoods welcome spring with beautiful white, petal-like bracts.		
6.8 miles 3 hours	Chinquapin Trail	If you want to see the whole park, this is the trail. This trail encircles the entire lake. You will travel over marshes teeming with wildlife where you are likely to see shorebirds and nutria. Listen carefully for the drumming of a pileated woodpecker high in the pines and watch for eagles as you cross the dam.		
8.5 miles 4 hours	Triple C Trail	If you'd like to experience a large diversity of habitats in a remote setting, then this is the hike for you. Check out the legacy of the Civilian Conservation Corps as you encounter its work.
