

**You can help us protect our park and have a safe and fun visit at the same time.**

- By staying on the trails you not only protect yourself but you also reduce impacts on wildlife, vegetation and soil compaction.
- Leave it where it lies; removal of artifacts, relics, and wildlife is prohibited. By doing so we insure that the legacy of those who lived here before us remains unaltered for future generations.
- Let everyone enjoy the wildflowers; picking bluebonnets and other vegetation is prohibited. Every flower picked means fewer flowers the following year.
- Carry water with you to stay hydrated.
- Please keep pets on leashes and clean-up after your pet.
- Take advantage of the learning opportunities at Independence Hall and Barrington Living History Farm.
- Learn more about Texas history and heritage through available literature at the park headquarters.
- Become a volunteer and help others discover the Birthplace of Texas.
- Become an active supporter by joining our Friends Group, or by making a donation to the site.

**1. Independence Hall and the Washington Townsite**

- The story of independence and the beginning of the Texas nation.
- New trails and exhibits.
- Unique history programs.

**2. Visitor Services Complex**

- Visitor Center, with new interactive exhibits, park headquarters and the Washington Emporium Gift Shop.
- Conference Center, featuring a group meeting facility.
- Education Center, with classroom and meeting space.

**3. Star of the Republic Museum**

- Forty-six exhibits covering over 10,000 square feet on two floors.
- Twenty minute video, "Once A Nation" gives an overview of the period, 1836-1846.
- Showers-Brown Discovery Center offers interactive activities for children of all ages.

**4. Barrington Living History Farm**

- The home of Anson Jones, the last president of the Republic of Texas.
- A working farm of the 1850s with costumed staff and period livestock.
