FERN CAVE
Here you will find natural springs that have created the ideal habitat for ferns growing along a scenic canyon overhang.

THE LAST DANCE
View a “hoodoo” geologic formation resembling a couple in a dance-like pose.

THE NATURAL BRIDGE
Walk under the Eagle Point Trail where nature has created a “natural bridge.” Stop at the wooden bench and use the small trail to walk underneath and through the Natural Bridge.

FOLSOM HISTORICAL SITE
Here you will find yourself going back 10,000 years to learn about the Folsom people and this unique archeological site. Be sure to visit the Interpretive Amphitheater Pavilion later, to check out the replica of the archeological feature found at the site.

THE PRAIRIE
View the official Texas State Bison Herd in the restored mixed-grass prairie.

HONEY FLAT PRAIRIE DOG TOWN
Observe the quirky and amusing behavior of the black-tailed prairie dog in its natural habitat.

HOLMES CREEK CANYON
Walk along the Canyon Rim Trail and enjoy spectacular views of the creek below.
Caprock Canyons State Park

Natural beauty surrounds you in the canyons beneath the Caprock Escarpment.

“Hay sierras debajo de los llanos” (there are mountains below the plains) was a common phrase used by early Mexican travelers who crossed through the area. Today you can hike, bike, or ride horseback on more than 25 miles of trails through the scenic canyons, observe native prairie wildlife, and witness nature’s greatest living symbol of the American West, the official Texas State Bison Herd.

TRAIL ETIQUETTE

Trash your trash. Keep the park natural. Pack out all of your trash and Leave No Trace.

Leave feeding to nature. Feeding wild animals will make them sick and more likely to harm people.

Take only memories and pictures. Please don’t disturb or remove any of the park’s plants, animals or artifacts.

Keep pets on leashes to keep them safe while protecting wildlife.

STAYING SAFE

KNOW YOUR LIMITS. Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.

DRINK PLENTY OF WATER. Your body quickly loses fluids when you’re on the trail. Bring a quart of water per hour of activity.

TELL OTHERS WHERE YOU’LL BE. If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

WEAR A HELMET. When biking, check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.

DO NOT APPROACH BISON. Bison are wild. Stay at least 50 yards away. Never surround, crowd, approach, or follow bison or any other park wildlife.

FOR EMERGENCIES, PLEASE CALL 9-1-1.
