STAYING SAFE

KNOW YOUR LIMITS. Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.

DRINK PLENTY OF WATER. Your body quickly loses fluids when you’re on the trail. Bring a quart of water (32 oz.) per hour of activity.

TELL OTHERS WHERE YOU’LL BE. If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

WEAR A HELMET. When biking, check with park HQ to match the ride to your skill level. Wear a helmet to protect yourself in case of a crash.

YOU MAY NOT BE ABLE TO CONNECT. It’s a good idea to take along a cell phone and GPS unit, but don’t count on them.

PORTIONS OF THE TRAIL ARE STEEP AND RUGGED. Please use caution.

FOR EMERGENCIES, PLEASE CALL 9-1-1.

TRAIL ETIQUETTE

Trash your trash. Keep the park natural. Pack out all of your trash and Leave No Trace.

Leave feeding to nature. Feeding wild animals may make them sick and more likely to harm people.

Take only memories and pictures. Please don’t disturb or remove any of the park’s plants, animals or artifacts.

Primitive camping is allowed. Check with park HQ for information on areas where you may camp. Only containerized cooking is allowed, no charcoal.

Campfires are permitted only in designated rings in the water and electric camping area, but not in the primitive camping area due to potential for ground scarring and wildfires.

Keep pets on leashes to keep them safe while protecting wildlife.
