Colorado Bend State Park Trails Map

1. **Spicewood Springs Creek**
   - **GPS Coordinates:** 31° 0' 51.91" N, 98° 27' 26.02" W
   - This inviting area of pools and waterfalls is a great place to cool off in the clear, spring-fed waters. Swim at your own risk, and help us protect this area by leaving no trace.

2. **Scenic Overlook**
   - **GPS Coordinates:** 31° 1' 36.27" N, 98° 27' 19.15" W
   - Situated in the uplands, this overlook provides views of the Colorado River canyon and Post Oak Falls. It's also the spot in the park with the most reliable cell phone reception.

3. **Dogleg Canyon View**
   - **GPS Coordinates:** 31° 2' 50.98" N, 98° 28' 8.58" W
   - Enjoy this hidden canyon that feeds the Colorado River. Cliff walls and interesting rock outcroppings make this a unique destination. Include this stop in a hike to Gorman Falls.

4. **Tinaja**
   - **GPS Coordinates:** 31° 3' 0.42" N, 98° 29' 51.15" W
   - This bedrock depression, carved by springs and seeps, is an important ecological feature as it supports unique plant communities and wildlife.

5. **Gorman Spring**
   - **GPS Coordinates:** 31° 3' 6.94" N, 98° 29' 9.01" W
   - Subterranean waters from miles of contributing drainage are forced to the surface, feeding Gorman Creek and providing the mineral compounds that have built Gorman Falls. Living within the creek is one of the purest strains of our state fish, the Guadalupe bass.

6. **Gorman Falls**
   - **GPS Coordinates:** 31° 3' 30.36" N, 98° 28' 55.89" W
   - Rising 65 feet above the river, Gorman Falls is a unique geologic formation that supports a sensitive ecosystem. The mineral-rich spring water deposits layers of calcite, slowly building formations called travertine. Protect this very fragile area by viewing it from a distance.

7. **River Overlook**
   - **GPS Coordinates:** 31° 3' 53.99" N, 98° 29' 8.24" W
   - You can see for miles at this overlook which sits more than 200 feet above the Colorado River. Look for Gorman Falls to the south.

NO PUBLIC ACCESS
Colorado Bend State Park

Discover the quiet wilderness of Colorado Bend State Park.

Rugged beauty and hidden gems await as you hike or bike miles of spectacular trails. From gorgeous views to pristine waters, and deep canyons to riverside trails, there are options for everyone!

STAYING SAFE

KNOW YOUR LIMITS. Watch out for uneven terrain, and don't venture into areas beyond your ability.

DRINK PLENTY OF WATER. Your body quickly loses fluids when you're on the trail. Bring a quart (32 oz.) of water per hour of activity.

TELL OTHERS WHERE YOU'LL BE. If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.

WEAR A HELMET. When mountain biking, check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.

HAZARDS EXIST ALONG THE TRAILS. Many trails are rugged. Watch out for cliffs, caves, dangerous plants and animals, and slippery stream crossings.

CHECK FOR TRAIL CLOSURES. Certain trails may be closed during prescribed burns or for other resource management work.

CAVE ACCESS IS RESTRICTED. Caves are closed except by guided tour or special permit. Caves contain "bad air" and other hazards that could cause injury or death.

TRAIL ETIQUETTE

Trash your trash. Keep the park natural. Pack out all of your trash and Leave No Trace, including dog waste bags!

Leave feeding to nature. Feeding wild animals will make them sick and more likely to cause harm to people.

Take only memories and pictures. Please don't disturb or remove any of the park's plants, animals or artifacts.

Keep pets on leashes for their safety, and to protect wildlife.

Don't Pocket The Past. Help preserve Texas heritage. Leave artifacts where you find them and report their location to a ranger.

Campfires are permitted only in designated rings and not in the primitive camping area due to potential for ground scarring and wildfires.

FOR EMERGENCIES, PLEASE CALL 9-1-1.
