from Rodney Franklin, State Parks Director

Texas contains some of the most diverse public lands in the country. There is a wealth of cultural heritage. Wildlife abounds, landscapes flourish with beauty and our history is abundant. Your state parks are a part of the legacy that makes Texas proud. The people of Texas recently helped secure that legacy for future generations by voting yes to Proposition 5. Thank you!

These 630,000-plus acres showcase some of our state’s greatest treasures. Parks help people make memories with family and find respite in nature’s playground. They strengthen local economies and bind communities. Most of all, parks enable each of us to spend time outside to recharge, be healthy and relax in our own way.

I invite you to enjoy your state parks, exploring the best of Texas with friends and family. The parks are here for you. They belong to you. Please visit, have fun, and help protect them forever!

Thank you, Texas!

Texans voted to approve passage of Proposition 5 in the November 5, 2019 election. Now 100% of the sporting goods sales tax will go to fund the Texas Parks and Wildlife Department and Texas Historical Commission. This funding will help secure the future of local parks, state parks and historic sites for generations to come, all without increasing taxes. We would like to extend our deepest gratitude.

Your health and safety are important to us. If you have an emergency during your visit, please contact a park police officer, or ask for help from a park host or ranger in uniform.

**Wild about safety**

**Watch the water**

Natural water bodies are different from swimming pools. Conditions can change rapidly. To ensure a wonderful swimming, boating or paddling experience:

- **Learn to swim.**
- **Supervise kids closely.**
- **Wear a life jacket.**
- **Take a boater education course.**

**Hack the heat**

Heat-related ailments are top safety concerns. Fortunately, they are almost always preventable! Protect yourself and your loved ones:

- **Carry water** (and drink it!)
- **Wear a hat** and other sun protection.
- **Start all strenuous activity early**, before peak heat.

**Protect nature**

Health and safety are also important to the many plants and animals that make up the habitats you may visit. Just as you take steps to avoid mosquito bites and cactus pokes, local wildlife takes steps to avoid being hurt or bothered by you!

- **Maintain a safe, respectful distance.**
- **Stay on marked trails.**
- **Keep pets on leashes.**
Walk this way

According to many visitor surveys, walking and hiking are the most popular activities in Texas State Parks! They often require the least amount of specialized gear and planning. To make sure you and your group have a safe and enjoyable experience:

- **Carry a map.** Phones can lose signal or battery power. Paper maps are free at park entrances.

- **Protect your feet.** From sandals to heavy hiking boots, choose the right shoe for the right walk.

- **Prepare** for the distance and degree of difficulty. Are you ready for both?

- **Use caution on uneven ground.** Watch out for rocks and roots!

- **Tell someone else** where you’re going and when you expect to be back.

What are State Natural Areas?

These sensitive ecosystems are some of the most valuable native habitats you can visit on public lands in Texas, and they need your help to stay healthy. Please expect more nature, fewer developed facilities and different hours of operation.

Accessing your state parks

State parks staff are working to improve access for all Texans. Ask your local park about:

- Wheelchair-friendly events
- Accessible facilities
- Deaf and hard of hearing services

Email accessibility@tpwd.texas.gov for information or to request accommodations.

While you’re here, visit Fort Davis National Historic Site or attend a star party at the McDonald Observatory.
Fed by clear springs flowing from seeps and streams, the Devils River is one of the most pristine rivers in Texas. The state natural area is large, remote and has been named an International Dark Sky Sanctuary. Visit for day hiking, mountain biking, camping and paddling. All camping and facility stays are by reservation only. Make reservations at least one day in advance.

A permit is required for all paddling trips on the Devils River which access TPWD-managed lands. For more information, visit the park’s webpage.

Bring a picnic when you visit this 1848 adobe fortress and trading post, which sits on a bluff overlooking a valley that leads to the Rio Grande.
