Texas State Parks is a division of the Texas Parks and Wildlife Department.
It’s an exciting time in Texas State Parks. The challenges of the last few years have led many people to explore the outdoors in new and adventurous ways. Many Texans discovered their state parks for the first time, while long-time users have discovered new parks to visit. The variety of Texas’ lands is unmatched; from the mountains of west Texas to the gulf shores, the Texas State Park system celebrates and preserves the natural and cultural treasures that make Texas such a special place. You might say that the 630,000-plus acres that make up the state park system is nearly as diverse as the people of Texas.

Since 1923 our mission has been to help connect our visitors with the outdoors. Every day we look for new and better ways to live that mission and make sure state parks are welcoming to every Texan, regardless of their background or experience with being outside. I hope you’ll visit soon and often, while bringing your friends and family along. I’m glad you’re here and we’re looking forward to celebrating the 100-year anniversary of state parks with you very soon.

What’s new in state parks?

- **New facilities to welcome visitors** at Ray Roberts Lake - Johnson Branch, Franklin Mountains, and Galveston Island State Parks
- **Repairs completed at** Stephen F. Austin’s group facilities, McKinney Falls’ visitor center, Goose Island’s fishing pier and bayfront campsites and Lake Livingston’s fishing pier and marina
- **Improvements and major repairs are planned** for Tyler, South Llano River, Cedar Hill and several other state parks
- **Balmorhea State Park reopened** their pool and day use area following repair and reconstruction. Over 600 acres of land was also added to the park.
- **Construction has begun** at Palo Pinto Mountains State Park.

**TIPS FOR TIME IN NATURE**

**Wild about safety**

**Watch the water**

Natural water bodies are different from swimming pools. Conditions can change rapidly. To ensure a wonderful swimming, boating or paddling experience:

- Learn to swim.
- Supervise kids closely.
- Wear a life jacket.
- Take a boater education course.

**Hack the heat**

Heat-related ailments are top safety concerns. Fortunately, they are almost always preventable! Protect yourself and your loved ones:

- Carry water (and drink it!)
- Wear a hat and other sun protection.
- Start all strenuous activity early, before peak heat.

**Protect nature**

Health and safety are also important to the many plants and animals that make up the habitats you may visit. Just as you take steps to avoid mosquito bites and cactus pokes, local wildlife takes steps to avoid being hurt or bothered by you!

- Maintain a safe, respectful distance.
- Stay on marked trails.
- Keep pets on leashes.
Walk this way
According to many visitor surveys, walking and hiking are the most popular activities in Texas State Parks! They often require the least amount of specialized gear and planning. To make sure you and your group have a safe and enjoyable experience:

- **Carry a map.** Phones can lose signal or battery power. Paper maps are free at park entrances.
- **Protect your feet.** From sandals to heavy hiking boots, choose the right shoe for the right walk.
- **Prepare** for the distance and degree of difficulty. Are you ready for both?
- **Use caution on uneven ground.** Watch out for rocks and roots!
- **Tell someone else** where you’re going and when you expect to be back.

What are State Natural Areas?
These sensitive ecosystems are some of the most valuable native habitats you can visit on public lands in Texas, and they need your help to stay healthy. Please expect more nature, fewer developed facilities and different hours of operation.

Accessing your state parks
State parks staff are working to improve access for all Texans. Ask your local park about:

- Wheelchair-friendly events
- Accessible facilities
- Deaf and hard of hearing services

Email accessibility@tpwd.texas.gov for information or to request accommodations.

texasstateparks.org/access
Thank you for keeping parks open and maintained! Your visits help fund critical upkeep, valuable programs for adults and children, and improvements. About 50% of the budget to operate state parks comes directly from visitor fees.

Dive into the cool waters of the world’s largest spring-fed swimming pool, which covers 1.3 acres and stays at 72-76 degrees year-round. Scuba divers love the clarity even at a 25-foot depth. In addition to swimming and camping, the park offers lodging at the San Solomon Springs Courts, a retro-style motel built by the CCC in the early 1940s with an adobe look. Canals along the Courts lead to a restored ciénega (wetland), which provides vital fish and bird habitat. Renovations are underway. Closures are possible. Check website for updates.
Big Bend Ranch State Park

1900 Sauceda RR, Marfa 79843 ☎️ (432) 358-4444

GPS
Latitude 29.470458 | Longitude -103.957922

Big Bend Ranch State Park lies deep in the high desert wilderness. The 300,000-plus-acre park features spectacular scenery. Drive to a primitive campsite in the interior or along the Rio Grande. Take a hike: Choose from over 140 miles of multiuse trails. You can also mountain bike, ride horses, camp in remote backcountry, or explore in your 4x4.

Enter the park from the east (Barton Warnock Visitor Center) or west (Fort Leaton State Historic Site). Visit the park’s interior via a 27-mile unpaved road through rugged terrain that ends at the former owner’s ranch headquarters and the Sauceda Ranger Station. Groups can stay at the casual bunkhouse, with separate sleeping areas for men and women.

Fort Leaton

This historic trading post is the western visitor center for Big Bend Ranch State Park. Today this 1848 adobe fortress and trading post is an active museum offering programs, tours, and colorful events.
Davis Mountains State Park
Texas Hwy. 118 N., Park Rd. 3, Fort Davis 79734  📞 (432) 426-3337

Find the coolest place in a hot state when you camp in mountains one mile high at this CCC-built park. The park is in the Davis Mountains, the most extensive mountain range fully contained in Texas. Motor into a full hookup site, backpack to a high overlook, make camp under the trees, check out the two beautiful wildlife viewing areas, or stop by Indian Lodge, located in the park. While you’re here, visit Fort Davis National Historic Site or attend a star party at the McDonald Observatory.

Devils River State Natural Area
21715 Dolan Creek Rd., Del Rio 78840  📞 (830) 395-2133

Fed by clear springs flowing from seeps and streams, the Devils River is one of the most pristine rivers in Texas. The state natural area is large, remote and has been named an International Dark Sky Sanctuary. Visit for day hiking, mountain biking, camping and paddling. All camping and facility stays are by reservation only. Make reservations at least one day in advance.

A permit is required for all paddling trips on the Devils River which access TPWD-managed lands. For more information, visit the park’s webpage.
At the westernmost tip of Texas, where mountains meet sky and cities hug the Rio Grande, lies the largest state park in an urban setting. Franklin Mountains State Park encompasses 26,627 acres in the city of El Paso. Hike rugged terrain in 40 square miles of Chihuahuan Desert wilderness, scrub vegetation and open space. Over 100 miles of multiuse trails are popular with hikers and mountain bikers. Camp and picnic, too. Ground fires must be in designated fire rings. You can build charcoal fires in grills at picnic sites.

Natural rock basins in granite outcroppings give Hueco Tanks its name. These basins capture rainwater, a precious resource in the Chihuahuan Desert. For millennia, people have come for water, as well as for the diverse plants and animals here. These people left important cultural symbols on the rocks. This site preserves over 2,000 historic pictographs.

We limit visitors to protect the site. We recommend reservations for day use, camping and tours. Pictograph, hiking and bouldering tours in the guided area are available by advance request Wednesday through Sunday.
Indian Lodge State Park
16453 Park Rd. 3, Fort Davis 79734  ☏ (432) 426-3254

Its original handcrafted interiors and furnishings date from its 1930s construction by the CCC. Guest rooms have cable TV, telephones and private baths. Picnicking and camping are also popular. The park has an 800-acre equestrian area and three equestrian campsites, as well. The park is at exit 86 off I-20 west of Odessa, just east of Monahans.
Seminole Canyon
State Park & Historic Site
Hwy. 90 W., Park Rd. 67, Comstock 78837 📞 (432) 292-4464
GPS Latitude 29.7001 | Longitude -101.313058

Ancient pictographs, rugged limestone terrain and spectacular canyons lure visitors to this park. People of antiquity once lived in natural rock shelters carved into canyon walls. They painted distinctive ancient symbols that tell us of their passing. The park's rock art is more than 4,000 years old. Learn more at the park’s museum.

Hike the rugged landscape or camp in a tent or RV. Take a guided rock art tour Wednesdays through Sundays at 10 a.m. and 3 p.m. (times vary in summer). Contact the park for more information.

Lockhart State Park

GPS Latitude 29.851282 | Longitude -97.693625

This charming park is just south of Austin in the beautiful blackland prairie region. It has something for everyone. The large, secluded hilltop recreation hall – built by the CCC in the 1930s – is a perfect setting for reunions, parties and weddings. A quaint nine-hole golf course has club and cart rentals for golfers. The park also has a campground, swimming pool (open in summers), hiking trails, and a creek for anglers.
Relax at this wooded 504-acre park. The park surrounds 72-acre Lake Meridian, with excellent fishing for largemouth bass, catfish, crappie and bream. Watercraft rentals available. Hiking trails take you into peaceful areas. There you'll see limestone outcroppings, nature and abundant wildlife. Birders: look for endangered golden-cheeked warblers.

Campsites range from 50-amp full hookup pull-through sites to drive-up primitive sites. Reserve one of 15 screened shelters or three cabins. Rent the dining hall for business meetings and small reunions. Reservations are highly recommended.

Isabella Eleanor Neff (mother of Texas Governor Pat M. Neff) donated the land that would form the nucleus of this park. Later donations and acquisitions have increased the park's size to 400 acres of diverse habitats attracting numerous species of plants, insects, birds and animals. Almost 3.5 miles of hiking trails covering three ecosystems cross the park. Reserve one of 20 full hookup campsites or our lodge that sleeps eight (eight more can camp outside).
The dwarf palmetto plants found here give the park its name. This 300-acre riverside refuge is a botanical wonderland, attracting over 200 bird species. A historic pump forces artesian water into a 1930s-era cistern and water tower for release into swampy woodlands along a nature trail. Oxbow Lake is regularly stocked and ready for fishing. The park also boasts a great network of trails and boardwalks. Reserve a campsite, group site, or the cabin overlooking the San Marcos River and Oxbow Lake.

This park has well-shaded campsites and exceptional bass fishing. The park’s lake was actually designed for trophy largemouth bass and has catch-and-release rules for this species. The park allows 50 motorized boats at a time on the 355-surface-acre lake. Rent kayaks to explore the water, or explore the Wolfpen Trail on foot or bike.
Set amid a mixed forest and prairie environment, the park’s multiple units provide access to the 30,000-surface-acre lake. You’ll find campsites (developed, primitive and equestrian), boat ramps, two marinas, group pavilions, mountain bike trails, great fishing and a lodge with hotel rooms.
