

TEXAS PARKS AND WILDLIFE

BIRDS

OF

MERIDIAN STATE PARK

A FIELD CHECKLIST

2018

INTRODUCTION

Located on Hwy 22 about three miles southwest of Meridian, visitors will find a hidden gem. Meridian State Park lies at the top of the Texas Hill Country in the Lampasas Cut Plains natural region of Texas. This 505 acre park is home to diverse plant and animal communities, similar to those found on the southeastern margin of the Edwards Plateau. Birders have identified over 175 bird species in the park. This is no surprise as the park contains soggy bottomlands, stream corridors, high ridges with Ashe juniper and oaks, and the 72-acre Meridian Lake.

Over 5 miles of trails give ample opportunity to view the variety of bird life. Along the Bosque Hiking Trail look for wood warblers, sparrows, woodpeckers and flycatchers. Birds of prey are often seen soaring overhead. The bird blind on the Little Forest Junior Trail offers exciting new possibilities for the avid birder and the amateur alike.

A trip to Shinnery Ridge Trail could reward you with a sighting of the endangered golden-cheeked warbler. Prime stands of Ashe juniper and oak woodland are the nesting necessities that attract this special visitor to the park. Look and listen for the golden-cheeked warbler in late March through June.

Aaron Lincoln of Meridian, Texas, compiled this checklist with data from the 2006 edition of *Birds of Meridian State Park* by Warren Pulich and additional input from Ebird.org and Inaturalist.org. Special thanks to Frank Bumgardner and Joseph Allen for their assistance and support.

The organization and nomenclature of the birds listed here follow the American Ornithologist's Union *Check-list of North American Birds*, 7th edition. We encourage park visitors to share any new or unusual bird sightings with park staff and help us in maintaining and revising this checklist.

Please help us protect the natural avian communities in our parks by refraining from using playback tapes of bird songs. Frequent use of these tapes disrupts essential territorial behavior and may lead to nest failure. Thank you for your cooperation.

Cover: Illustration of Golden-cheeked Warbler by Clemente Guzman III.

LEGEND

Abundance

- c – Common (present, easy to find)
- f – Fairly common (present, should see or hear)
- u – Uncommon (present, harder to find)
- r – Rare (present, hard to find or may not occur every year)
- x – Accidental (not usually present, lost, result of an event)

CITATION

Lincoln, Aaron. January 2018. Birds of Meridian State Park: a field checklist. Natural Resource Program, Texas Parks and Wildlife Department.

In 1983, the Texas Legislature created the Special Nongame and Endangered Species Conservation Fund. This fund may be used for nongame wildlife and endangered species research and conservation, habitat acquisition and development and dissemination of information pertaining to nongame management. Money for this fund is obtained through private donations and sale of nongame wildlife art prints and stamps. This fund now gives Texans a unique opportunity to help support this state's valuable and sensitive nongame resources. Your individual contributions and purchases of nongame art prints and stamps will help determine the level of nongame conservation activities in Texas. For more information call toll-free (1-800-792-1112) or contact: **Nongame and Endangered Species Program, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744.**

TPWD receives funds from the USFWS. TPWD prohibits discrimination on the basis of race, color, religion, national origin, disability, age, and gender, pursuant to state and federal law. To request an accommodation or obtain information in an alternative format, please contact TPWD on a Text Telephone (TTY) at (512) 389-8915 or by Relay Texas at 7-1-1 or (800) 735-2989 or by email at accessibility@tpwd.texas.gov. If you believe you have been discriminated against by TPWD, please contact TPWD, 4200 Smith School Road, Austin, TX 78744, or the U.S. Fish and Wildlife Service, Office for Diversity and Workforce Management, 5275 Leesburg Pike, Falls Church, VA 22041.
