

TEXAS PARKS AND WILDLIFE

BIRDS

OF

GOVERNMENT CANYON

STATE NATURAL AREA AND VICINITY

A FIELD CHECKLIST

2022

Cover: Illustration of Lark Sparrow by Clemente Guzman III.

INTRODUCTION

Government Canyon State Natural Area preserves over 12,000 acres of land, most of which protects a portion of the Edwards Aquifer Recharge Zone. A large portion of Government Canyon lies within the limestone hills of the Edwards Plateau, where steep slopes wooded with mature Ashe juniper and live oak are host to the endemic and endangered Golden-cheeked Warbler. Large cedar elm, lacy oaks, live oaks, sycamore, and little walnut trees grow along the bottoms of canyons. This portion of the Natural Area, known as the Backcountry, attracts species such as the Canyon Wren and Woodhouse's Scrub-Jay. In the warmer months, Black-and-white Warblers, Common Ravens and Summer Tanagers can be found.

The southern portion of the Natural Area lies below the escarpment and is relatively level with a mix of Blackland Prairie and juniper/oak savanna habitat. Here, in what is known as the Frontcountry, you are more likely to spot some of your favorite "backyard" birds. The open habitat attracts species such as American Kestrels, Lark Sparrows, Meadowlarks, and Vermilion Flycatchers. Many of the birds in this area can be found in multi-species foraging flocks.

When trails are closed due to significant amounts of rainfall, the roadways, Visitor Center, and Discovery Trail are still great places to find birds, including some of nature's showiest species such as the Northern Cardinal, Scissor-tailed Flycatcher, Painted Bunting, and Yellow-breasted Chat. The Visitor Center's location near the interchange of the Frontcountry and Backcountry means that species from both habitat types can be observed.

This checklist was updated by Jessica Bergner utilizing eBird and the Cornell Lab of Ornithology. It was originally compiled by Kelsey Woodward with help from the *Birds of Bexar County Checklist* by San Antonio Audubon Society, and from observations and input by Steve Hawkins, Georgina Schwartz, Helen Rejzek, Dodge and Lonna Engleman, Bob Doe, Keith Bartels, and Mark Lockwood.

You can contribute to this checklist by reporting new and unusual sightings or changes in status. Please record both sighting and photograph, if possible, in eBird or other Citizen Science platforms. You may also report your sightings at the Natural Area headquarters or mail them to the Natural Resource Program, Government Canyon State Natural Area, 12861 Galm Road, San Antonio, TX 78254. Nomenclature and organization for this checklist follow version 8.0.7 of The American Birding Association Checklist.

Please help us protect the natural avian communities in our parks and natural areas by refraining from using playback recordings of bird songs. Frequent use of these recordings disrupts normal avian activity patterns, including essential territorial behavior, and may lead to nest failure. Thank you for your cooperation.

LEGEND

Seasons

- Sp = spring (March, April, May)
- S = summer (June, July, August)
- F = fall (September, October, November)
- W = winter (December, January, February)

Abundance

- c = Common (Present, easy to find)
- f = Fairly common (Present, should see or hear)
- u = Uncommon (Present, harder to find)
- r = Rare (May not occur every year)
- x = Extremely Rare (Only one or two records exist in the Natural Area)
- * = Indicates a potential breeding species in the Natural Area

CHECKLIST

CITATION

Bergner, Jessica. January 2022. *Birds of Government Canyon State Natural Area and Vicinity: a field checklist*. Natural Resource Program, Texas Parks and Wildlife.

In 1983, the Texas Legislature created the Special Nongame and Endangered Species Conservation Fund. This fund may be used for nongame wildlife and endangered species research and conservation, habitat acquisition and development and dissemination of information pertaining to nongame management. Money for this fund is obtained through private donations and sale of nongame wildlife art prints and stamps. This fund now gives Texans a unique opportunity to help support this state's valuable and sensitive nongame resources. Your individual contributions and purchases of nongame art prints and stamps will help determine the level of nongame conservation activities in Texas. For more information call toll-free (1-800-792-1112) or contact: **Nongame and Endangered Species Program, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744.**

TPWD receives funds from the USFWS. TPWD prohibits discrimination on the basis of race, color, religion, national origin, disability, age, and gender, pursuant to state and federal law. To request an accommodation or obtain information in an alternative format, please contact TPWD on a Text Telephone (TTY) at (512) 389-8915 or by Relay Texas at 7-1-1 or (800) 735-2989 or by email at accessibility@tpwd.texas.gov. If you believe you have been discriminated against by TPWD, please contact TPWD, 4200 Smith School Road, Austin, TX 78744, or the U.S. Fish and Wildlife Service, Office for Diversity and Workforce Management, 5275 Leesburg Pike, Falls Church, VA 22041.
