STATE NATURAL AREA

Breathtaking, intriguing, and beautiful – words alone fail to provide an adequate description of the massive pink granite dome and rugged landscape that is Enchanted Rock. Our Native American ancestors have called this place home for thousands of years. Today, visitors come to make the fascinating trek to the rock's summit, where they are treated to panoramic views of the Texas Hill Country. Scenic trails along the rock's base are especially pretty in the spring, and high cliffs on the northwest side of the main dome attract rock climbers.
