---

**FISHING TIP SHEET**

**SPECIES**

- Largemouth Bass
- Catfish
- Crappie
- White Bass
- Sunfish

**SPECIES POOR FAIR GOOD EXCELLENT**

**Where to Fish:** The park features two fishing piers (one lighted) and ample shoreline access.

**Licenses and Restrictions:** A fishing license is not required to fish within the boundaries of a state park. When fishing from a pier or other man-made structure within a state park, there is a limit of two fishing poles per person. License requirements must be observed if you fish from a boat.

HOW TO TIE A FISHING KNOT

The palomar knot is very strong and easy to tie.

HOW TO MEASURE FISH

Pinch the tail together and take the longest measurement from nose to tail.

SAFETY

- Wear a hat, sunglasses and sunscreen to protect your head, eyes and skin.
- Use insect repellent – but keep off hands, as you will be handling bait and live fish.
- Look behind you before each cast to avoid hooking someone or getting caught in a tree (practice casting before you go fishing).
- Bring plenty of drinking water to prevent dehydration; soft drinks encourage dehydration.
- Wear a life jacket if you cannot swim or you are uncomfortable around the water. Supervise young children: it only takes a second for them to slip under the surface. Kids under 13 must wear life jackets if fishing from a boat.

TIPS FOR RELEASING FISH SAFELY

1. For safety for you and a quick release of fish, mash down the barb of the hook with pliers.
2. Quickly play and release fish as soon as possible (take photos quickly).
3. Remove hook with pliers or cut line if the hook has been swallowed.
4. Gently place fish back into water.
5. Revive fish by holding upright in water and facing it into the current, gently forcing water through gills.
6. If you don’t intend to eat the fish, NEVER place it on a stringer.

FISHING ETHICS

Before doing anything, ask yourself the following questions:

- Is it legal?
- Would it be good if everyone did it?
- Would it make you proud?

Ethical behavior is more than just following the fishing regulations. Ethical people go beyond what laws require and demonstrate good judgment and behavior for everyone – even if no one sees you do something ethical.

Ethical behavior includes picking up trash around the area you have been fishing, calmly and politely explaining to others if they are breaking fishing regulations, and respecting the rights of other anglers and those that use the water in other ways.
