

Texas Parks and Wildlife Department
Law Enforcement Division

Biennial Report for Small Unmanned Aircraft Systems Usage

January 1, 2021 – December 31, 2022

Texas Parks and Wildlife Department
Law Enforcement Division
2021-2022 Small Unmanned Aircraft Systems
Legislative Report

This document satisfies the reporting requirements as listed in the Texas Government Code Sec. 423.008, relating to the reporting of unmanned aircraft systems operations by Texas law enforcement agencies.

The Texas Parks and Wildlife Department (TPWD) Law Enforcement Division Game Wardens and State Parks Division Police Officers operate Unmanned Aircraft Systems (UAS). All operators are FAA-licensed remote pilots. The TPWD UAS Program uses unmanned aircraft to accomplish TPWD Department and Division missions and goals of the conservation of natural resources and protection of human life and property.

Per current Texas Government Code Sec. 423.008:

- (a) Not earlier than January 1 and not later than January 15 of each odd-numbered year, each state law enforcement agency and each county or municipal law enforcement agency located in a county or municipality, as applicable, with a population greater than 150,000, that used or operated an unmanned aircraft during the preceding 24 months shall issue a written report to the governor, the lieutenant governor, and each member of the legislature and shall:
 - (1) retain the report for public viewing; and
 - (2) post the report on the law enforcement agency's publicly accessible website, if one exists.
- (b) The report must include:
 - (1) the number of times an unmanned aircraft was used, organized by date, time, location, and the types of incidents and types of justification for the use;
 - (2) the number of criminal investigations aided using an unmanned aircraft and a description of how the unmanned aircraft aided each investigation;
 - (3) the number of times an unmanned aircraft was used for a law enforcement operation other than a criminal investigation, the dates and locations of those operations, and a description of how the unmanned aircraft aided each operation;
 - (4) the type of information collected on an individual, residence, property, or area that was not the subject of a law enforcement operation and the frequency of the collection of this information; and
 - (5) the total cost of acquiring, maintaining, repairing, and operating or otherwise using each unmanned aircraft for the preceding 24 months.

The TPWD Law Enforcement Division and State Parks Police total cost during the 01/01/2021 – 12/31/2022 time period for acquiring, maintaining, repairing, and operating or otherwise using each unmanned aircraft is \$272,425.58.

Totals of Donations and Purchases used towards the above required actions:

Donations from the Texas Parks and Wildlife Foundation: \$149,371.62

TPWD Law Enforcement Division Funds: \$81,884.22

TPWD State Parks Division Funds: \$41,169.74

A detailed table containing the required data from all UAS operations performed by TPWD Law Enforcement pilots from 01/01/2021 – 12/31/2022 follows.

Date/Time	Location	Purpose	Criminal	Short narrative	Info. collected	Yes Info
3/18/22 15:01	26.40, -99.06	Border Security	No	<p>Mission #1 At 3:39 pm, PW900 spotted 4 UDAs walking on the US side (26.399575, -99.059296) parallel to the river near Cenizo Pump. The information was relayed to ground units and 3 of the UDAs were seen crossing the back to the Mexico side as ground units converged. 1 UDA was not located.</p> <p>Mission #2 At 6:25 pm, PW900 spotted a raft coming from Mexico with multiple UDAs and made landfall (N26.40296, W99.05302). PW900 notified ground units the raft had unloaded multiple UDAs on the US side. PW900 tracked the UDAs walking upriver toward the island where they absconded from land units. Eventually PW900 lost the UDAs after a battery swap. PW900 observed two individuals paddling the raft back to Mexico.</p>	No	-

3/21/22 14:35	26.40, -99.06	Border Security	No	Mission #1 At 4:24 pm, Team 4 spotted a raft near N26.40485, W99.05126 coming from Mexico with multiple UDAs. Team 4 was able to track the raft as it made its way downriver along the US shoreline and eventually found it empty and tied off the US side at the entrance of an arroyo. The information was relayed to ground units tracking the UDAs. Mission #2 At 6:19 pm, Team 4 spotted a raft near N26.40130, W99.04485 returning to Mexico with two individuals from the US side. The information was relayed to ground units.	No	-
