Do all tests have to be completed the same day?

Yes, the applicant must successfully complete ALL components of the physical readiness test on the (1) assigned day of testing.

What if I cannot pass one of the tests?

The applicant will have the opportunity to re-take the individual test at the end of the testing day. If the applicant is still unable to pass the test they will be disqualified from the application process.

Do you make any exceptions for injuries or illness?

The applicant must pass the test in its entirety with no exceptions. If they are unable to pass the physical readiness course due to an injury or illness, they would need to re-take the test during the next application process when their health has improved.
